Your Committee have also to report that they have had before them an application from Mr. F. Matcham, for approval by the Board of certain alterations to the Greenwich Theatre. It is proposed to enlarge the stage of the Theatre by the removal of the dressing-rooms to a site at the rear of the house, No. 73, Nelson-street, to provide a new stage entrance through the ground floor of that house, and to add to the Theatre a portion of the first floor of the same house, for the purpose of forming a Manager's room. Your Committee pointed out to the applicant certain particulars in which it appeared desirable to amend the Drawing originally submitted, and accordingly on the 5th ultimo he sent in two further Drawings, which were satisfactory in all respects except the construction of the manager's room. Your Committee intimated to Mr. Matcham the necessity for effectually separating that room from the rest of the house, and that view was adopted in a further Drawing submitted on the 19th ultimo. Your Committee now recommend—

That the consent of the Board be given to certain proposed alterations to the Greenwich Theatre, in accordance with the Drawings submitted by Mr. F. Matcham on the 5th February 1886, as modified by the further Drawing submitted on the 19th of the same month.

Your Committee have also to report that they have considered the question of the further steps it is desirable to take with respect to Portland Hall, formerly the Portland Bazaar, in Langham-place, Regent-street. The Board, on the 22nd January last (No. 8), instructed their Solicitor to take proceedings against the Owner for keeping the building open as a place of public entertainment without having obtained their Certificate, and on the 18th ultimo the defendant was convicted by the Magistrate at the Marlborough-street Police-court, and ordered to pay a penalty of £40 and £10 costs. The Solicitor to the Owner has since stated that the utmost diligence will be exercised in giving effect to any directions of the Board with reference to the structural defects of the building, but that his client has no power to close the Hall, which is not in his possession. The formal application of Mr. C. J. Phipps for the Board's Certificate, which was referred to your Committee on the 29th January last (No. 49), appears from the accompanying Drawings to include the existing Hall and a proposed addition thereto on the North side, abutting upon Riding House-street. Your Committee are of opinion, however, that the Certificate should be restricted to the existing building, and as this is now in daily use for the entertainment known as "India in London," it is extremely important, in the interest of the public safety, that its structural defects should be immediately remedied as a preliminary to the issue of the Board's Certificate. Having considered the Reports of your Superintending Architect upon the subject, your Committee have drawn up a series of Requisitions to effect the object, and they beg to recommend—

That the Owner of the Portland Hall, in Langham-place, Regent-street, be informed that the Board require the following alterations to be made for remedying the structural defects of the existing building before their Certificate can be granted in respect thereof under the Act of 1878, and that the Board make the requirements without prejudice to their right to proceed against him for further penalties for keeping open the building without such Certificate, in the event of the works not being carried out with the utmost diligence—

- 1.—That the wooden partitions enclosing the rooms on the South side of the entrance vestibule, leading out of Langham-place, be removed.
- 2.—That the Northernmost brick pier at the Eastern end of such vestibule be removed, and that so much of the wall over as is at present carried on such pier be supported on a wrought-iron girder, embedded in concrete or other fire-resisting materials to be approved by the Board.
- 3.—That the whole of the floor of the gallery, together with the staircase leading to the same, be removed; or, as an alternative, that the floor of the gallery be re-constructed of fire-resisting materials to be approved by the Board, and that such gallery be made of a width not exceeding 10 feet on the North and South sides and 18 feet at the Western end.
- 4.—That, in the event of the present gallery being retained, the two staircases leading to the gallery be removed and be re-placed by two new staircases; that such new staircases do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircases be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircases do have a roof formed of brick arches 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.
- 5.—That the handrail to the front of the gallery be properly stayed to the satisfaction of the Board.
- 6.—That the cast-iron columns supporting the gallery and the roof of the Hall be protected from the action of fire by a coating of concrete 1½ inches thick, or other fire-resisting materials to be approved by the Board.
- 7.—That an iron door be fixed in the door-way in the proscenium wall on the North side

of the proscenium opening, not less than one-fourth of an inch thick in the panel, in a wrought iron frame, hung so as to close of itself.

- 8.—That the proscenium wall be carried up to a height of 3 feet above the roof and the lantern light to which it adjoins.
- 9.—That an additional Hydrant be provided in the auditorium, in a position to be approved by the Board; that such Hydrant be connected with the Water Company's high-pressure main by 3-inch pipes, and be furnished with two 40-feet lengths of hose, with fittings of the Metropolitan Fire Brigade pattern.
- 10.—That the gas-meter at the rear of the stage be removed, and be re-fixed in a properly ventilated brick chamber, in a position to be approved by the Board.
- 11.—That the open yard on the North side of the Hall be paved with York stone paving $2\frac{1}{2}$ inches thick, on a bed of brick rubbish 6 inches thick, and that the door-ways at the Western end of such yard, leading into Riding House-street, be made to open outwards.
- 12.—That the doors be hung in two folds, and be made to open outwards towards the street.

Your Committee have considered the application of Mr. J. Wells, for approval by the Board of the retention of a temporary Theatre of Varieties in Bow-common-lane, Bromley-by-Bow, as shown upon the Plan accompanying the application, referred by the Board on the 22nd January last (No. 66). The structure, which has been erected, is about 60 feet long, 33 feet wide, and about 12 feet high to the plate, and will seat about 400 persons. It is enclosed at the sides to a height of about 9 feet with wood shutters, fastened together with wood ledges. The roof and the upper part of the sides of the building are constructed of canvas. The applicant has not complied with the request of your Committee to be furnished with proper Drawings of the building. It appears, however, that it is similar to one put up in Bromley in 1883, in respect of which proceedings were taken before the Magistrate at the Thames Police-court, who made an Order for its removal. Your Committee recommend—

That the application be not granted, and that the Solicitor be instructed to take such proceedings to obtain the removal of the building as he may consider advisable.

Your Committee have also had before them an application of Mr. J. Johnston, on behalf of Mr. W. Newholm, for a Certificate by the Board, under the Act of 1878, in respect of the construction of a Music-hall at the rear of the "Old Pied Bull" Public-house, No. 188, Holloway-road, Islington. The proposed Music-hall will be 93 feet long, 33 feet wide at the widest part, and 19 feet wide at the narrowest part, and will accommodate 423 persons. There will be a stage 10 feet deep at the Eastern end of the Hall, with two dressing-rooms at the rear; and at the Western end of the Hall there will be a gallery, about 30 feet wide and 19 feet deep, approached by an external staircase. The approach to the Hall will be by a passage-way leading out of Holloway-road, and extending under the upper floors of the Public-house. The original Drawing submitted by the applicant was unsatisfactory, and your Committee suggested to him, under twelve heads, the alterations which appeared desirable in the interest of the public safety. Those suggestions had reference to the improvement of certain walls, doors and staircases, the effectual separation of the Music-hall from the Public-house, the provision of hydrants, and the making of certain parts of the building fire-resisting. The suggestions have all been embodied in an amended Drawing submitted by the applicant, which may, in the opinion of your Committee, receive the approval of the Board. They therefore recommend—

That the application be granted, and that the Certificate be issued upon the completion of the building, in accordance with the Drawing submitted by the applicant, and dated 17th February, 1886.

Your Committee have also carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Baring Music-hall, No. 53, Baring-street, New North-road, Shoreditch, and the improvements which it is desirable to effect in the same, under the provisions of the

Act of 1878. The Hall in question is a small Music-hall on the first floor of a Public-house. It is about 42 feet long, by a width varying from 13 feet 6 inches to 16 feet 6 inches, and will accommodate about 160 persons. The entrance is in Baring-street, by a door-way 4 feet 8 inches wide, through the bar of the Public-house. The staircase to the Hall is only 3 feet wide, and has winders and an open well-hole. The staircase also serves as a means of access to the bed-rooms on the second floor of the Public-house, which extend over the Concert Hall. Your Committee, having considered the Report and Drawings prepared by your Superintending Architect, are of opinion that the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That a new staircase be constructed to the Hall, at the North-East angle of the premises, on the site of the open yard next Baring-street, with a lobby and a door-way at the foot of such staircase, opening directly into the street; that such staircase do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches 9 inches deep, in two rims turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the door-way in the East wall of the Hall leading to the present staircase be stopped up with brick work, 9 inches thick.

3.—That the floor of the Hall be rendered fire-resisting, in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

4.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor described in Requisition No. 3.

5.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the floor.

6.—That the fire-place at the Southern end of the room be protected by a wire guard fixed in front of such fire-place.

7.—That stout handrails be fixed on both sides of the staircase.

8.—That the door-ways to the staircase be made 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

And they therefore recommend—

That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's requisitions, and to report further to the Board on the subject.

Your Committee have considered the Letter from Messrs. Baker and Sons, relative to the ownership of certain land required for access to roads, proposed to be formed by them, out of Fortune-green-lane, Hampstead, and conditionally approved by the Board on the 22nd January last (No. 8), referred by the Board on the 19th ultimo (No. 51). The Board granted their approval of the formation of the roads, upon condition that the applicants should satisfy the Solicitor as to their ownership of the land required for access to Hillfield-road and Child's-hill. Your Solicitor now reports that he has examined the Owner's title-deeds, and ascertained that the land necessary for making

the roads is vested in Mr. F. Rugg Lloyd, and that the consent of the Board may properly be given to the application. Your Committee accordingly recommend—

That the formal consent of the Board be now issued.

Your Committee have considered the application of Messrs. C. Kynoch and Co., for approval by the Board of a Plan for the formation and name of a road to lead out of the North side of High-street, Clapham, referred by the Board on the 22nd January last (No. 61). Your Committee have had before them a Report by your Solicitor, from which it appears that the whole of the land required for the formation of the road is in the possession of Bowyer's Trustees. There is a barrier at one end of the proposed road, and a wall in Station-road which is not shown upon the Plan forwarded by the applicants. Your Committee, under these circumstances, recommend—

That the application be not granted.

Your Committee have considered the Letter from Mr. E. Marsland, District Surveyor, asking the Board to afford him legal assistance in relation to proceedings taken by him with reference to the erection of houses by the Artizans', Labourers' and General Dwellings Company, in Harrow-road, with insufficient spaces at the rear thereof, referred by the Board on the 15th January last (No. 56). Your Committee have also had before them a Report by your Superintending Architect on an amended application, dated the 26th ultimo, from the Company, for the erection of houses in the locality, with insufficient space at the rear. All the rooms in the buildings are lighted from the Harrow-road, but the yards at the rear have less than the statutory area. The amended Plan shows that it is the intention to use the ground-floor as shops, and to build over the yards at the rear to the height of one storey, for the purpose of forming shop parlour and sculleries, &c. It is proposed to light the additions from the Canal. Your Superintending Architect states that in his opinion the space at the rear has not been reduced in size, but that the only departure from the approved Plan consists in building over the space at the rear to the level of the ground floor ceiling, and in utilising the ground floor entirely, instead of partially, for shop purposes. Your Committee recommend—

That the application be granted, on condition that the applicants do satisfy the Solicitor of the Board as to their rights of easement over the Canal, and that the whole of the work be carried out to the satisfaction of the District Surveyor.

Your Committee have also considered the amended application of Mr. A. C. Bean, on behalf of Mr. G. W. Thornton, for approval by the Board of a Plan for the formation and names of new roads, and the widening of two roads, to lead out of Dawes-lane, Fulham, referred by the Board 12th ultimo (No. 57). All the roads are 40 feet wide and form a direct communication with existing roads, with the exception of the two thoroughfares in continuation of Tournay and Shorrold's Roads, which are continued up to the Eastern boundary of the applicant's Estate. These, however, will probably give a direct communication with existing roads whenever Lynn-road is formed. Your Committee recommend—

That the amended application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Gironde-road, S.W.," "Hartismere-road, S.W.," "Fabian-road, S.W.," "Mirabel-road, S.W.," "Tournay-road, S.W." (in continuation), and "Shorrold's-road, S.W." (in continuation), be approved for the same.

The Board, on Friday last (No. 66), referred to your Committee the application of Mr. W. H. Wood, for approval by the Board of a Plan for the construction of a studio of wood, and covered externally with Willesden paper, at the rear of No. 8, Claude-villas, Grove-vale, Camberwell. The studio measures 20 feet by 12 feet, and 9 feet in height to the eaves, and is constructed entirely of woodwork, upon a brick and concrete foundation, with an external covering, for the greater part, of Willesden paper. Your Committee, having heard explanations from the parties interested, recommend—

That the application be granted for a period of Two years, from the 5th instant, upon condition that the Owner do accept the License, prepared under the provisions of the

Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be to the satisfaction of the District Surveyor.

Your Committee have considered the application of Mr. H. Branch, for the consent of the Board to the erection of houses and shops on the South-East side of St. John's-hill, Wandsworth, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 5th ultimo (No. 61). The Board, in December last, declined to approve of the erection of buildings upon part of the land. It is now proposed to extend the frontage line Eastward as far as the premises of Messrs. Stevens. Your Committee have received explanations from the parties, who, at their request, submitted an amended Plan, signed by all the applicants in respect of the general line of frontage. Your Committee recommend—

That the application be granted, subject to the condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from the 5th instant; that, previously to the commencement of building operations, the spaces separating the proposed buildings from the public way be given up to form part of such public way, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, signed by the Chairman of the Committee, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the Notice from Mr. G. Cockayne, of his intention to form a road, as shown upon the Plan accompanying such Notice, to lead out of High-street, Putney, and to apply the name "Norroy-road, S.W.," to the same, referred by the Board on the 19th ultimo (No. 53). Your Committee are of opinion that a formal application should be submitted by Mr. Cockayne, and they have instructed your Superintending Architect to inform him accordingly. As regards the Notice which is the subject of the present reference, your Committee recommend—

That the Plan be not approved.

Your Committee have considered the application of Mr. E. Swansborough, on behalf of Mr. T. B. Roupell, for the consent of the Board to the erection of eight houses on the South-West side of Victoria-road, Charlton, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 44). The eight houses will be semi-detached villas, and the building line is to be set back 20 feet from the public way. There are some old houses on the same side of the road, which have been erected 32 feet from the public way. Your Committee concur with your Superintending Architect in thinking that the Plan may be approved, and they recommend—

That the application, be granted, subject to the condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from the 5th instant, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also had before them the application of Mr. A. Thorn, for approval by the Board of an amended Plan for the formation of an extension of Elm-park-mews, Callow-street, Fulham-road, approved by the Board on the 30th July, 1875 (No. 9), and for permission to re-name the said Mews "Henniker-mews," referred by the Board on Friday last (No. 54). The Mews has not yet been formed, and the applicant desires to make the Northern outlet about 100 feet nearer Fulham-road. There is already upon the Estate a mews called "Elm-park-gardens-mews;" and the alteration of name is desired in order to prevent confusion. Your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the mews, and that the proposed alteration in the name for the same be approved.

Your Committee have considered the application of Mr. J. W. Chapman, on behalf of Mr. H. T. Webster, for the consent of the Board to the erection of a wooden pent in front of No. 64, Uxbridge-road, Hammersmith, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 37). This is

a temporary structure, which covers part of the forecourt of the house to the extent of about 17 feet by 14 feet. It consists of a roof formed with wooden rafters, and supported upon four wooden posts, the rafters being let into and secured to the front wall of the house. Your Committee recommend—

That the application be not granted.

Your Committee have had before them the application of Mr. J. P. Heiestad, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 65 to 73 (odd numbers), Victoria-road, Hackney-wick, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 38). The houses in this part of Victoria-road have bay-windows and forecourts about 6 feet deep. It is proposed to cover the forecourts, and also a triangular piece of land at the corner of Prince Edward-road, with one-storey shops, projecting to the line of the pavement. Your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Mr. J. C. Walkley, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 194, Elthorne-road, Islington, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 40). The proposed shop will entirely cover the forecourt, and will extend to the line of the pavement. The Vestry of Islington object to the application, and your Committee recommend—

That it be not granted.

Your Committee have had before them the application of Mr. C. S. de Pothonier, for approval by the Board of a Plan for the construction of a wood, iron and tile tool or coach house at the rear of West-end Lodge, Streatham-common, referred by the Board on Friday last (No. 68). The shed referred to in the application has been erected in the grounds, at some distance from the house. It is built of wood upon a brick foundation, and is covered with corrugated iron, the dimensions being 13 feet by 11 feet, and the height 8 feet to the eaves. Your Committee recommend—

That the application be granted, on condition that the whole of the work be carried out to the satisfaction of the District Surveyor.

Your Committee have considered the application of the Rev. W. E. Haigh, for the permission of the Board to retain, as a permanent structure, a wood and iron Mission-room, erected at St. George's-hall, Richmond-road, Barnsbury, referred by the Board on Friday last (No. 67). The building was first sanctioned in 1870, for a period of two years, and the Board's approval has been extended from time to time. The applicant requests that, as the structure is used for religious and charitable purposes, it may be allowed to remain as a permanent building. Your Committee see no reason for departing from the usual course, and they recommend—

That the application be not granted.

All which your Committee beg to submit.

(Signed)

A. EWIN,
FRANCIS H. FOWLER,
JOHN RUNTZ,
W. R. SELWAY,
W^M. SHEPHERD.

The Report having been read and received,

It was moved by Mr. Ewin, seconded, and resolved—That so much of the Report as relates to the "Hope" Music-hall, No. 63, Banner-street, St. Luke's, be approved, and that, with a view to remedying the structural defects of the building, a revised Notice, containing the following Requisitions, be served upon the Owner thereof—

1.—That a new brick wall 9 inches thick, without openings, be built to form an entrance lobby to the Hall, and that such wall be carried down to the footings

of the basement; that such entrance lobby be 5 feet wide in the narrowest part, and that the floor and roof of such entrance lobby be constructed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

2.—That the Western door-way, between the Hall and the Public-house bar be stopped up with brickwork 9 inches thick.

3.—That the door-way between the Music-hall and the bar parlour of the Public-house be closed by a wrought-iron door not less than one-fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself.

4.—That the brick wall on the North side of the Hall be removed, and that the space between the site of such wall and the back wall of the Public-house be added to the Hall.

5.—That the fire-place be protected by an iron wire-guard fixed in front of such fire-place.

6.—That the windows in the West wall of the premises adjoining the Music-hall to the Eastward be protected by wrought-iron hoppers placed at an angle of 60° with the horizon, and extending in front of the whole area of such windows.

7.—That the skylight and vertical sashes of the lantern-light in the roof be protected by galvanised iron wire-guards fixed on the outside of such skylight and sashes.

8.—That the skylight over the lobbies and lavatories on the North side of the Hall be protected in a similar manner.

9.—That all door-ways used by the public be increased in width to 4 feet 6 inches, and that the doors be hung in two folds, and be made to open outwards towards the street.

I was *moved* by Mr. Ewin, seconded, and *resolved*—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the consent of the Board be given to certain proposed alterations to the Greenwich Theatre, in accordance with the Drawings submitted by Mr. F. Matcham on the 5th February, 1886, as modified by the further Drawing submitted on the 19th of the same month.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Owner of the Portland Hall, in Langham-place, Regent-street, be informed that the Board require the following alterations to be made for remedying the structural defects of the existing building before their Certificate can be granted in respect thereof under the Act of 1878, and that the Board make the requirements without prejudice to their right to proceed against him for further penalties for keeping open the building without such Certificate, in the event of the works not being carried out with the utmost diligence—

1.—That the wooden partitions enclosing the rooms on the South side of the entrance vestibule, leading out of Langham-place, be removed.

2.—That the Northernmost brick pier at the Eastern end of such vestibule be removed, and that so much of the wall over as is at present carried on such pier be supported on a wrought-iron girder, embedded in concrete or other fire-resisting materials to be approved by the Board.

3.—That the whole of the floor of the gallery, together with the staircase leading to the same, be removed; or, as an alternative, that the floor of the gallery be re-constructed of fire-resisting materials to be approved by the Board,

and that such gallery be made of a width not exceeding 10 feet on the North and South sides and 18 feet at the Western end.

4.—That, in the event of the present gallery being retained, the two staircases leading to the gallery be removed and be replaced by two new staircases; that such new staircases do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircases be formed of similar materials to the steps, and be 4 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircases do have a roof formed of brick arches 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

5.—That the handrail to the front of the gallery be properly stayed to the satisfaction of the Board.

6.—That the cast-iron columns supporting the gallery and the roof be protected from the action of fire by a coating of concrete 1½ inches thick, or other fire-resisting materials to be approved by the Board.

7.—That an iron door be fixed in the door-way in the proscenium wall on the North side of the proscenium opening, not less than one-fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself.

8.—That the proscenium wall be carried up to a height of 3 feet above the roof and the lantern light to which it adjoins.

9.—That an additional hydrant be provided in the auditorium, in a position to be approved by the Board; that such hydrant be connected with the Water Company’s high-pressure main by 3-inch pipes, and be furnished with two 40-foot lengths of hose, with fittings of the Metropolitan Fire Brigade pattern.

10.—That the gas-meter at the rear of the stage be removed and be re-fixed in a properly ventilated brick chamber, in a position to be approved by the Board.

11.—That the open yard on the North side of the Hall be paved with York stone paving 2½ inches thick, on a bed of brick rubbish 6 inches thick, and that the door-ways at the Western end of such yard, leading into Riding House-street, be made to open outwards.

12. That the doors be hung in two folds, and be made to open outwards towards the street.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. J. Wells, for approval by the Board of the retention of a temporary Theatre of Varieties, in Bow-common-lane, Bromley-by-Bow, be not granted, and that the Solicitor be instructed to take such proceedings to obtain the removal of the building as he may consider advisable.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. J. Johnston, on behalf of Mr. W. Newholm, for a Certificate by the Board under the Act of 1878, in respect of the construction of a Music-hall at the rear of the “Old Pied Bull” Public-house,” No. 188, Holloway-road, Islington, as shown on the amended Drawing submitted by the applicant, and dated 17th February, 1886, be granted, and that the Certificate be issued upon the completion of the building, in accordance with such Drawing, to the satisfaction of the Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Baring Music-hall, No. 53, Baring-street, New North-road, Shoreditch, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that in the opinion of the Board the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That a new staircase be constructed to the Hall at the North-East angle of the premises, on the site of the open yard next Baring-street, with a lobby and a door-way at the foot of such staircase, opening directly into the street; that such staircase do have solid “square” (as distinguished from “spandril” steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear; in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the door-way in the East wall of the Hall leading to the present staircase be stopped up with brick work, 9 inches thick.

3.—That the floor of the Hall be rendered fire-resisting, in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

4.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor described in Requisition No. 3.

5.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the floor.

6.—That the fire-place at the Southern end of the room be protected by wire guard fixed in front of such fireplace.

7.—That stout handrails be fixed on both sides of the staircase.

8.—That the door-ways to the staircase be made 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and that the Committee do report further to the Board on the subject.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Messrs. Baker and Sons, as to the ownership of certain land required for access to roads, proposed to be formed by them, out of Fortune-green-lane, Hampstead, and conditionally approved by the Board on the 22nd January last (No. 8), be approved, and that the formal consent of the Board be now issued.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. C. Kynoch and Co., for approval by the Board of a Plan for the formation and name of a road to lead out of the North side of High-street, Clapham, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the amended application of the Artizans', Labourers' and General Dwellings Company, for the erection of houses at the Canal Bank, Harrow-road, be granted, on condition that the applicants do satisfy the Solicitor as to their rights of easement over the Canal, and that the whole of the work be carried out to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the amended application of Mr. A. C. Bean, on behalf of Mr. G. W. Thornton, for approval by the Board of a Plan for the formation and names of new roads, and the widening of two roads to lead out of Dawes-lane, Fulham, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Gironde-road, S.W.," "Hartismere-road, S.W.," "Fabian-road, S.W.," "Mirabel-road, S.W.," "Tournay-road, S.W." (in continuation), and "Shorrold's-road, S.W." (in continuation), be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. H. Wood, for approval by the Board of a Plan for the construction of a studio of wood, covered externally with Willesden paper, at the rear of No. 8, Claude-villas, Grove-vale, Camberwell, be granted for a period of Two years, from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. Branch, for the consent of the Board to the erection of houses and shops on the South-East side of St. John's-hill, Wandsworth, to the line shown upon the amended Plan accompanying the application, and signed by the Chairman of the Committee, be granted, subject to the condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from this date, that previously to the commencement of building operations the spaces separating the proposed buildings from the public way be given up to form part of such public way, and that the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be, not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Plan accompanying the Notice from Mr. G. Cokayne, of his intention to form a road to lead out of High-street, Putney, as shown upon the Plan accompanying such Notice, be not approved.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. E. Swansborough, on behalf of Mr. T. B. Roupell, for the consent of the Board to the erection of eight houses on the South-West side of Victoria-road, Charlton, to the line shown upon the Plan accompanying the application, be granted, subject to the condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. Thorn, for approval by the Board of an amended Plan for the formation of an extension of Elm-park-mews, Callow-street, Fulham-road, sanctioned by the Board on the 30th July, 1875 (No. 9), and for permission to re-name the said Mews "Henniker-mews," be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the Mews, and that the proposed alteration in the name for the same be approved.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. W. Chapman, on behalf of Mr. H. T. Webster, for the consent of the Board to the erection

of a wooden pent in front of No. 64, Uxbridge-road, Hammersmith, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. P. Heiestad, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 65 to 73 (odd numbers), Victoria-road, Hackney-wick, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. C. Walkley, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 194, Elthorne-road, Islington, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. S. de Pothonier, for approval by the Board of a Plan for the construction of a wood, iron and tile Tool or Coach-house at the rear of West-end Lodge, Streatham-common, Wandsworth, be granted, on condition that the whole of the work be carried out to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of the Rev. W. E. Haigh, for the permission of the Board to retain, as a permanent structure, a wood and iron Mission-room erected at St. George's-hall, Richmond-road, Barnsbury, be not granted.

14. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 2nd March, 1886.

One of the provisions in the Board's Various Powers Bill now before Parliament relates, as the Board is aware, to the use by Gas, Water, and other Companies of Subways which may in future be made by the Board, it having been thought desirable to make provision for that purpose in a general Bill. Upon further consideration, however, it appears to your Committee that it may be better to postpone the attempt to obtain further powers with respect to Subways until some future occasion, when the Board may have a Bill before Parliament for the formation of a new street in connection with which a Subway would be made. They therefore recommend—

That the Clause in the Board's Various Powers Bill to require Gas, Water, and other Companies laying pipes under the streets to lay them in the Subways when such have been made by the Board, be not further proceeded with.

Your Committee have had under consideration the question of supporting the Board's Petitions against some of the Bills before Parliament this year, which contain provisions which, in the Board's opinion, are prejudicial to the public interest. They recommend—

That the Solicitor be authorised to employ two Counsel in support of the Board's Petition against the Horse Guards-avenue Bill.

That the Solicitor be authorised to employ two Counsel and one Engineering Witness in support of the Board's Petition against the Bexley-heath Railway Bill.

That the Solicitor be authorised to employ two Counsel and one Engineering Witness in support of the Board's Petition against the Greenwich and Millwall Subway Bill.

With respect to the Hyde-park-corner (new streets) Bill, which has been introduced on behalf of the Government, this is a Bill similar in effect to one which has been introduced but has failed to pass in two previous years, the main object of it being to authorise the Board to determine what authority shall in future maintain the new streets at Hyde-park-corner. The Vestry of St. Martin-in-the-Fields has presented a Petition asking to be heard by Counsel against the Bill, and it appears to your

Committee desirable that the Board should have the right to be heard. With this view they recommend—

That a Petition be presented against the Bill.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
FRANCIS H. FOWLER,
JOHN RUNTZ,
GEO. EDWARDS,
JOHN TOLHURST,
ROBT. JONES.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That so much of the Report as relates to the withdrawal of the Clause in the Board's Various Powers Bill to require Gas and other Companies laying pipes under the streets to lay them in the Subways when such have been made by the Board, be referred back to the Committee for further consideration.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Solicitor be authorised to employ two Counsel in support of the Board's Petition against the Horse Guards-avenue Bill.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Solicitor be authorised to employ two Counsel and one Engineering Witness in support of the Board's Petition against the Bexley-heath Railway Bill.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Solicitor be authorised to employ two Counsel and one Engineering Witness in support of the Board's Petition against the Greenwich and Millwall Subway Bill.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Petition be presented against the Hyde-park-corner (new streets) Bill in order that the Board may have the right to be heard before the Select Committee on the Bill.

15. The Board resumed the consideration of the Report of the Special Purposes and Sanitary Committee as to the cleansing and ventilation of Sewers, deferred by the Board on the 22nd January last (No. 6).

The Clerk stated that, pursuant to the Board's Resolution, copies of the Report had been sent to each Vestry and District Board, and he laid before the Board the following Letters which he had received with reference thereto—

Poplar District Board, dated 19th February, 1886.
St. James', Westminster, Vestry, dated 24th February, 1886.
St. Saviour's District Board, dated 26th February, 1886.
Limehouse District Board, dated 26th February, 1886.
Chelsea Vestry, dated 3rd March, 1886.
St. George, Hanover-square, Vestry, dated 4th March, 1886.
St. Giles' District Board, dated 4th March, 1886.

Letter from the Greenwich District Board, dated 5th March, 1886, stating that they concurred in the opinions expressed in the Report, and desired to point out that there was a Sewer in the District which the first recommendation condemned, and which this Board had already been informed was dangerous to health, and urging them to comply with the request in relation to the Sewer contained in the District Board's Letter of the 12th November last.

It was *moved* by Mr. Richardson, seconded by Mr. Mossop, and *resolved*—That the consideration of the Report be further adjourned for Six weeks; that those Vestries and District Boards who have not communicated with the Board on the subject be asked for an expression of their opinion on the suggestions made in the Report;

and that the Letters that may be received, together with those presented this day on the subject, be referred to the Committee, with a view to their reporting to the Board thereupon.

16. It was *moved*, seconded, and *resolved*—That the *motion* by Mr. Fardell, notice of which appears in the paper of business, be now considered.

It was then *moved* by Mr. Fardell, pursuant to notice, and seconded by Mr Jolly —That the Works and General Purposes Committee be instructed to report to the Board, at its next Meeting, what progress has been made in regard to the settlement of a scheme for the treatment of the Sewage of the Metropolis, and the arrangements (if any) which are contemplated to prevent the discharge of crude Sewage into the River Thames.

After discussion the *motion* was, by leave of the Board, withdrawn.

17. Read a Report by the Engineer, dated 5th March, 1886, on applications from the following Vestry and District Boards, for permission to stop up certain thoroughfares for the periods and purposes therein mentioned, viz.—

Dates of Applications.	Names of Streets to be stopped up.	Object.	Time applied for.	Time recommended.	Streets through which traffic will be diverted.	Remarks.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestry and District Boards, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

18. Read a Report by the Engineer dated 5th March, 1886, on a Letter from the Wandsworth District Board, submitting for approval a Plan of a proposed Sewer in an intended new road to lead out of High-street, Clapham; stating that the Building Act Committee, in their Report presented to the Board this day, had recommended that the

Plan of the proposed new road should not be approved, and suggesting, therefore, that it should be referred to the Solicitor to advise as to whether or not the Board should approve of the Plan of the Sewer, which was in itself unobjectionable.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Report be received, and that the question be referred to the Solicitor for report.

19. Read a Report by the Engineer, dated 5th March, 1886, on an application from the Vestry of Chelsea, for permission to close in sections Keppel-street, and King's-road, West of Riley-street, to the Parish boundary, for the purpose of paving the carriage-ways with wood; stating that Keppel-street was an unimportant street as regarded the general carriage traffic through it, and recommending that the sanction of the Board should be given to its being closed as proposed, viz., in six sections, and for six days each section; and further stating, with respect to the part of the King's-road proposed to be closed, that there were no convenient routes through which the traffic could be diverted, with the exception of the portion between Limerston-street and Langton-street, from which the traffic could be diverted through Lamont-road, as shown upon the Plan accompanying the Report, and recommending the Board to sanction the closing of that portion of the road for a period of three weeks, but to decline to sanction the closing of the remaining portion of the road from Langton-street, Westward to the Parish boundary, as the carriage-way was sufficiently wide to admit of the paving works being so executed as not to necessitate the stopping of the traffic.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Report be approved and acted upon.

20. The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens,
1st March, 1886.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

Holloway and Northern High Level Sewers Relief Lines.—Mr. W. Rigby, Contractor.—A length of about 11,900 feet of brick Sewers, varying in diameter from 7 feet to 5 feet 6 inches, has been constructed at an estimated cost, with other works in connection therewith, of £42,700, of which about £3,700 represent the progress made in the past month. The Clerks of Works employed are Messrs. T. Panter, G. Larkin, T. Wighton, J. Driffield, and J. Boyden, at a weekly cost of £15 15s.

Queen's-road, Dalston, &c., Sewer.—Messrs. Nowell and Robson, Contractors.—A length of about 6,100 feet of brick Sewer, varying in size from 5 feet by 4 feet to 4 feet by 2 feet 8 inches, egg-shape, is complete, the value of which, with other works in connection therewith, is estimated at £13,600, of which about £900 are due to the progress made in the past month. The Clerks of Works employed are Messrs. J. Carter, J. Lake, and J. Pope, at a weekly cost of £9 9s.

Clapham to Putney Relief Sewers.—Mr. John Waddell, Contractor.—The main line of Sewer from the "Bedford Arms" Public-house, Clapham, to Roehampton-lane, Putney, has been completed, with the exception of the aqueduct crossing the Wandle Valley, which is still in progress. The six branch Sewers are also complete. The approximate value of the work done is about £131,500. The Clerks of Works employed are Messrs. C. Bedloe and J. Judd, at a weekly cost of £6 6s.

Putney (new) Bridge.—Mr. John Waddell, Contractor.—The four piers and the two abutments have been constructed up to the formation level of the road-way. The five granite arches have been constructed, the spandrel ashlar and brickwork have been built up to the formation level of the bridge road-way, and about one-half of this roadway-pitching has been laid and grouted. The cornices and parapets are being fixed. The construction of the road-way approaches at the Fulham and Putney extremities of the Bridge, together with the parapet and retaining walls thereto, is well advanced. The total approximate value of permanent work executed is about £209,500 (which amount includes the value of materials delivered and accepted), of which about £1,000 are due to the progress made in the past month, and which progress has been seriously impeded by the continued frosts. The Clerks of Works employed are Messrs. A. Boag, and J. Gooding, at a weekly cost of £6 6s.

Hammersmith Bridge.—Messrs. Dixon, Appleby and Thorne, Contractors.—The temporary Bridge has been completed and opened for traffic since April last. The whole of the road

metalling, the planking of the carriage and foot-ways, and the cross-girders and suspension-rods of the old Bridge have been removed. The temporary chains for the erection of the permanent link-chains have been raised to their required positions. The masonry of the Northern and Southern pier towers has been demolished to below the springing of the tower arches. The coffer-dam for the underpinning of the Southern pier has been completed. The excavations for the Northern and Southern abutments of the new structure have also been completed, and the concrete is being filled into them. The anchor abutment castings, steel anchor forgings, and abutment saddles have been fixed. Some portions of the wrought-iron towers, the whole of the new cross-girders, and some of the steel pins and nuts for the new chains, and of the pier column castings, have been manufactured and delivered upon the works. The total approximate value of permanent work (which includes ironwork delivered) is about £35,000, of which about £500 are due to the progress made in the past month. The Clerks of Works employed are Messrs. T. M. Carey and H. Rice, at a weekly cost of £6 6s.

Battersea Bridge.—Messrs. John Mowlem and Co., the Contractors for the execution of the works comprised in the construction of the temporary Bridge and the removal of the old structure, have completed the temporary Bridge. The old Bridge is undergoing demolition, and the remainder of the piles for the floating booms is being driven. The total approximate value of work executed is about £7,000. The Clerk of Works employed is Mr. P. Sharpe, at a weekly cost of £3 3s.

Lambeth Bridge.—Messrs. John Mowlem and Co., Contractors.—The new road-way paving has been completed, and the carriage traffic admitted upon it; the remaining works comprised in the Contract are in course of execution. The Clerk of Works employed is Mr. H. Beecher, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received, and that it be printed and circulated among the Members of the Board, and be referred to the Works and General Purposes Committee, for consideration.

21. Read a Report by the Engineer, dated 5th March, 1886, on an application from the Fulham District Board, for permission to close in two sections, for three weeks each, the part of Hammersmith-road between Blythe-lane and Rowans-road, for the purpose of paving the carriage-way with wood; stating that there were no convenient routes through which the traffic could be temporarily diverted, and that the carriage-way was sufficiently wide to admit of the works being executed without stopping the traffic and recommending that this Board should decline to sanction the closing of the road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and acted upon.

22. Read a Report by the Engineer, dated 5th March, 1886, stating that 4 cast-iron pump buckets and guards, with gun metal gratings and spring rings, were required for use at the Deptford Pumping Station, and recommending that they should be supplied by Messrs. Stone and Co., of Deptford, at an estimated cost of £132.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the articles be supplied accordingly, the cost thereof being charged to the General Working Account of the Board.

23. The Solicitor reported that the Board's (Various Powers) Bill, 1886, was still awaiting appointment to a Select Committee of the House of Commons; that the Board's (Fire Brigade Expenses) Bill had been appointed for second reading in the House of Commons for Monday last, the 1st instant, but had been deferred until last night, and had been then adjourned until Tuesday next; and that the adjourned debate on the second reading of the Board's (Water Supply) Bill had been appointed for this evening.
24. The Solicitor reported that the second reading of the Sanitation of Houses Bill had been appointed for the 19th May.
25. The Solicitor reported that the Select Committee to which the Employers' Liability Act (1880) Amendment Bill (Mr. Arthur O'Connor) had not yet been appointed.
26. The Solicitor reported that the second reading of the Employers' Liability Act (1880) Amendment Bill (No. 2) (Mr. Burt) stood for Wednesday next, the 10th instant.

27. The Solicitor reported that the Copyhold Enfranchisement Bill had been appointed to be considered by a Committee of the whole House on Monday last, the 1st instant, and had been further adjourned until the 22nd instant.
28. The Solicitor presented a copy of the Rivers Purification Bill, which had been appointed for second reading in the House of Commons for the 16th instant.
29. The Solicitor reported that the Hyde-park-corner (new streets) Bill had been read a second time in the House of Commons on the 1st instant, and referred to a Select Committee, which had not yet been appointed, and that a Petition had been presented against the Bill by the Vestry of St. Martin-in-the-fields.
30. The Solicitor reported that the Commons and Inclosure Acts Amendment Bill had been appointed for second reading in the House of Commons for the 26th May, and that the South-Eastern Railway Bill had been withdrawn.
31. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board, be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

32. The Solicitor reported that the following Order had been made by the House of Commons last night—

River Lee—Select Committee on River Lee—Nomination of Mr. Abraham (Limerick County West), The Attorney-General, Mr. Sclater Booth, Mr. Rider Cook, Sir Guyer Hunter, Sir Henry Roscoe, Sir Lewis Pelly, and Mr. Pickersgill, with power to send for persons, papers and records.

Ordered—That three form a quorum.

The Solicitor also reported that the East London Water Company had presented a Petition praying to be heard before the Committee.

33. The Solicitor reported with respect to the Electric Lighting Bill and Provisional Orders that in reply to a question asked in the House of Commons on Tuesday last by Mr. Northcote, the President of the Board of Trade had replied to the effect that the whole question was under the consideration of the Government, and would if possible be dealt with during the present Session.
34. The Solicitor reported that the Chairman of the Board had replied to a question in the House of Commons by Mr. Baumann relative to the Board proceeding with the the laying out of the land for a Park at Dulwich.
35. The Solicitor reported that the Metropolitan Street Improvements Act, 1877, (Amendment) Bill had been appointed to be read a second time in the House of Commons, on Friday, the 26th instant, and that the following Petitions had been presented against the Bill—

Grand Junction Waterworks Company,
 South Metropolitan Gas Company,
 Brentford Gas Company,
 East London Waterworks Company,
 St. Giles' District Board of Works,
 Gas Light and Coke Company.
36. The Solicitor presented a copy of the Compensation for damages Bill, and stated that it provided for payment of compensation for damage done during the late riot; that the Arbitrator under the Bill was to be appointed by the Chairman of the Board, with the approval of one of the Secretaries of State; that the compensation was to be paid out of the Metropolitan Police Fund; and that the Bill had been read a second

time in the House of Commons last night, and appointed to be considered in Committee of the whole House on the 8th instant.

37. The Solicitor reported that the Smoke abatement (Metropolis) Bill had been introduced by Lord Stratheden and Campbell, and read a first time in the House of Lords last evening.
38. The Solicitor reported that the arrangement with respect to the Loan of £100,000 to the School Board had been completed, and the Cheque handed over in exchange for the proper security.
39. The Solicitor reported that the House of Commons had referred the East London Waterworks Bill to a Select Committee of nine Members, five to be nominated by the House and four by the Committee of Selection, that the Bill, and also the Bills of the Lambeth and Southwark and Vauxhall Companies had been read a second time; and he presented a copy of the Orders made by the House with respect to the said Bills.

It was *moved* by Mr. Selway, seconded by Mr. Fowler, and *resolved*—That the Home Secretary be reminded that the Board has not received an answer to the Letter addressed to his Department on 19th January last on the subject of the Water Companies' Bills, and that, in the absence of any expression of opinion from the Government, the Board does not feel justified in incurring the expense of representing the interests of the rate-payers and Water consumers before the Select Committee on the Bills, and that the Board does not, therefore, propose to instruct Counsel in support of its Petitions.

40. The Solicitor presented the following documents for sealing—

Contract with Messrs. Sadler and Company, Limited, for the supply of 1,000 tons of Sulphuric Acid at the Outfalls at Crossness and Barking.

Appointment of Mr. Vulliamy as Valuer in the matter of a claim by the Trustees of "Carter's Charity" in respect of part of freehold premises, No. 65, Crown-street, St. Giles, also an Agreement between the Trustees of the Charity and Mr. S. J. Blackwell, and the Board for the apportionment of rent in respect of the same premises (Charing-cross and Tottenham-court-road Improvement).

Lease to Mr. H. F. Hudden, of Plot No. 26, in Clerkenwell-road.

Contract with Mr. T. Blackmore for re-gravelling a path on Clapham-common

Agreement for sale to Mr. C. Wilson, of Plots Nos. 5 and 6 in Kentish-town-road (Kentish-town Improvement).

Notice, and duplicate, as to structural defects in the Neumeyer Hall in Hart-street, Bloomsbury, prepared in accordance with the Resolution of the Board of the 5th ultimo (No. 10).

Notice, and duplicate, to the person keeping open the Grand Theatre in High-street, Islington, prepared in accordance with the Resolution of the Board of the 19th ultimo (No. 3).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

41. The Solicitor reported that the costs of the Defendant in the Appeal case of the Board *v.* Nathan, as to buildings in Emmett-street, Poplar, had been taxed at £20 15s. 4d., and he suggested that the Board should now draw a Cheque for that amount, payable to Messrs. Speechley and Co., the Defendant's Solicitors.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £20 15s. 4d. be now drawn; and a Cheque was drawn on the General Working Account accordingly.

- 42.** The Solicitor reported that in dealing with certain property let for Artizans' Dwellings under the Metropolitan Street Improvements Act, 1877, (Amendment) Act, 1882, a communication had been received which might render it expedient for the Board to obtain an amendment of the Act, and he suggested that the matter should be referred to the Works and General Purposes Committee, for consideration, with power to send a reply to the communication alluded to.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the communication in question be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

- 43.** The Clerk laid before the Board copies of the Orders of the Board of the 26th ultimo (No. 10), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Alpha-road, &c., St. Paul, Deptford...	...	...	Greenwich.
England's-lane, &c. ...	...	...	Hampstead.
Cannon-hall-road, &c. ...	...	...	do.
Pilgrim-street, &c. ...	...	...	Lambeth.
Stockwell-park-walk, &c. ...	...	...	do.
Cross-lane ...	...	...	St. Giles-in-the-Fields.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

- 44.** The Clerk presented a Letter from Mr. H. D. Ellis, Secretary of the Commercial Gas Company, dated 26th February, 1886, transmitting a copy of the Company's Accounts for the half-year ended 31st December, 1885.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Accounts be referred to the Accountant for report.

- 45.** The Clerk presented a Letter from Mr. T. E. Jones, Clerk to the Fulham District Board, dated 25th February, 1886, suggesting that the service of the Precept of this Board should be withheld until after the 25th instant, so as to permit of service being made upon the newly incorporated Vestries of Fulham and Hammersmith.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee.

- 46.** The Clerk presented a Memorial of ratepayers, inhabitants, and others, resident in Deptford and Greenwich, embodying Resolutions passed at a public meeting, to the effect that the Memorialists were of opinion that the construction of a new street from Evelyn-street to Creek-road was a much-needed Improvement, and that the simultaneous extension and construction of the proposed Southwark and Deptford Tramways, from Evelyn-street to Greenwich, would be of great advantage to the residents of Greenwich and Deptford, and praying the Board to give their consent to the proposed Improvement, and the construction of the extension of the Tramways.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Memorial be referred to the Works and General Purposes Committee, for consideration and report.

- 47.** The Clerk presented a Letter from Mr. A. A. Baumann, M.P., dated 27th February, 1886, stating that an Executive Committee, of which Sir John Lubbock, M.P., was Chairman, had been appointed to consider the extent of the present distress in the Metropolis, and the remedies being applied, and to report how far the Metropolitan Members of Parliament could interfere, with a view to support additional remedies, or to take any joint action, and stating that he would be glad to receive from the Board any information or suggestions with a view to mitigate the present suffering, and, if possible, to obviate the recurrence of such distress, and directing attention to the question of commencing works of public utility in the Metropolis, as to which the Committee would be glad to have the Board's opinion.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

48. The Clerk presented a Letter from Mr. C. Boyle, Local Government Board, dated 2nd March, 1886, transmitting a copy of a Letter from Mr. G. P. Buckingham, complaining of delay in proceeding with the erection of buildings in the area of the Whitechapel and Limehouse Artizans' Dwellings Act Scheme, 1876.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

49. The Clerk presented a Letter from Mr. P. Kenny, dated 2nd March, 1886, transmitting a copy of a Resolution passed at a meeting of the General Labourers' Amalgamated Unions, expressing regret that certain gentlemen from various Metropolitan Parishes were endeavouring to obtain a grant from the Mansion House Relief Fund, to be supplemented by a grant from this Board, so as to reduce the local Rates, and enhance the value of property in their localities, and asking the Board to receive a Deputation on the subject.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Deputation be received by the Board on Friday next at Twelve o'clock at noon.

50. The Clerk presented a Letter from Mr. W. J. Purver, dated 3rd March, 1886, transmitting a Memorial, signed by the Chairman of the Lewisham, Deptford and Greenwich Mansion House Relief Committee, urging the Board, under the circumstances stated, to form a Lake on Blackheath, for which purpose the Relief Committee had granted the sum of £2,000 to be spent under the direction of the Board in aid of the improvement.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter and Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which they relate.

51. The Clerk presented a Letter from Mr. T. E. Jones, Clerk to the Fulham District Board, dated 3rd March, 1886, transmitting a copy of a communication from the Ecclesiastical Commissioners, offering to the District Board the triangular piece of land on the West side of Brook-green, for the purpose of being laid out and maintained as a recreation ground and dedicated to the free use of the public for ever, to which the Homage Jury of the Manor of Fulham had given their assent; and asking this Board to accept the gift of land upon the terms and conditions therein referred to, and to deal with the matter at the earliest moment in order to afford employment to some unemployed workmen, as it was believed that both the Mansion House Committee and Lord Brabazon's Committee would contribute funds for the payment of wages.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

52. The Clerk presented a Letter from Mr. J. Sinclair, dated 3rd March, 1886, transmitting a copy of a Resolution passed at a meeting of the unemployed of South London, urging the Board to begin the formation of the new thoroughfare between Southwark-bridge-road and Great Dover-street, in order to find employment for some of the unemployed workmen.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration.

53. The Clerk presented a Letter from Mr. W. F. Jebb, Clerk to the Metropolitan Asylums Board, dated 2nd March, 1886, stating that in consequence of the decision

on appeal, the totals of the Gross and Ratable Values of the Valuation Lists in respect of the undermentioned Unions had been altered as follows—

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee, and the Accountant.

54. The Clerk presented a Letter from Mr. W. F. Dewey, Clerk to the Vestry of Islington, dated 3rd March, 1886, stating that the Vestry had completed the Improvement in Hornsey-row, Upper-street, and had paid to the Vendors (including £19 19s. Surveyor's costs, and £16 agreed Solicitor's costs) £1,086 19s., which was less than the amount originally estimated for the purchase of the land alone, and they had also spent about £200 in paving the footpath and cubing the road in front of the property, and expressing a hope that the Board would see fit to contribute £550, being the maximum which they agreed to contribute thereto.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

55. The Clerk presented a Letter, as follows—

The Vestry of the Parish of Lambeth.

Vestry-hall, Kennington-green, S.E.,
3rd March, 1886.

SIR,—I beg respectfully to make application for payment of the contribution promised by your Board in August, 1884, towards the cost of the Improvement effected by the Vestry in forming a direct communication from Knight's-hill-road to High-street, Lower Norwood.

I am, &c.,
(Signed) J. H. ROBERTS,

J. E. Wakefield, Esq.,
Metropolitan Board of Works.

Accountant to the Vestry.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Superintending Architect and the Accountant do report to the Committee thereon.

56. The Clerk presented a Letter, as follows—

The Vestry of the Parish of St. George-the-Martyr, Southwark.

Vestry-hall, Borough-road, Southwark, S.E.,
March 3rd, 1886.

LOAN.

DEAR SIR,—The Vestry of this Parish desiring to pave the road-ways of the Southwark-bridge-road, St. George's-road, Lambeth-road and the Borough-road, in this Parish, at their

5 March, 1886.

Meeting duly convened for the consideration of the question, and held last evening, **RESOLVED** *unanimously* as follows—

That application be made to the Metropolitan Board of Works for their consent to the borrowing of the sum of £15,500 in order to pave the above road-ways.

The cost of the work as estimated by the Surveyor is £15,779.

Will you please lay this application before the Metropolitan Board of Works. It is proposed that the Loan should stand over 20 years, and be re-paid by 20 annual instalments.

J. E. Wakefield, Esq.

I am, &c.,
(Signed) A. MILLAR.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Letter be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor and the Accountant do report to the Committee thereon.

57. The Clerk presented a Letter, as follows—

Parish of Lambeth Board of Guardians.

Brook-street, Kennington-road,
3rd March, 1886.

SIR,—I am directed by the Guardians to forward to you the accompanying Order of the Local Government Board, authorising them to borrow the sum of £7,072, and to expend the same in making certain alterations and additions at Lambeth Workhouse, Renfrew-road.

The Guardians desire to borrow £7,000 of the above-named sum from the Metropolitan Board of Works, on the condition that the Loan shall be re-paid by fifteen annual instalments, and otherwise upon the same conditions as those entered into with respect to previous Loans.

The Guardians will be prepared to take up the money at the earliest moment at which it will be practicable for the Metropolitan Board of Works to advance it.

I am, &c.,
(Signed) W. B. WILMOT,
Clerk to the Guardians.

To the Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Letter be referred to the Finance Committee, for consideration and report, and that the Superintending Architect, the Solicitor and the Accountant do report to the Committee thereon.

58. Mr. Deputy Saunders handed in a Letter, as follows—

London, Sewers' Office, Guildhall,
22nd February, 1886,

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—The Commissioners of Sewers of the City of London have been memorialised by the inhabitants of King-street, Snow-hill, to take advantage of the land on one side of the said street, being vacant, to widen the said thoroughfare, and it appearing upon investigation to be a desirable Improvement to carry out, on account of its immediate proximity to the Metropolitan Meat and Poultry Markets, to which it forms an important access, the Commissioners have arranged for laying into the public way so much of such vacant ground as is shown by the Red tint upon the accompanying Plan, at a cost of £3,000.

As the inhabitants of the whole Metropolis are interested in the making of suitable approaches to these Markets, the Commissioners submit the matter to your Honourable Board, with the confident expectation that you will concur with them as to the advisability of effecting the Improvement, and will, according to custom, liberally aid them in defraying the cost thereof.

I have, &c.,
(Signed) HY. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was **moved** by Mr. Deputy Saunders, seconded, and **resolved**—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

59. The Clerk presented a Letter from Mr. H. G. Hills, Clerk to the Wandsworth District Board, dated 4th March, 1886, referring to this Board's Letter of the 3rd February last, relative to the proposed embankment of the towing path at Putney, and stating that it

was intended to carry out the suggestions in making the road-way 33 feet wide at the narrowest point opposite the launching ways to the boat house, and to extend the earth-works embankment at the rear up the Beverley-brook to the required distance.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

60. The Clerk presented a Letter from Mr. M. W. Milton, Secretary of the Metropolitan Drinking Fountain and Cattle Trough Association, dated 4th March, 1886, requesting permission to substitute a larger Fountain for the one now standing on Peckham-rye.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

61. The Clerk presented a Letter from Lord Charles Bruce, dated 4th March, 1886, enclosing a copy of a Petition to the Lord Mayor and Members of the Mansion House Committee for a grant of £2,000 towards the cost of forming a Lake on Blackheath, and stating that the request had been acceded to upon certain conditions; and that the amount (£2,000) should form part of the £5,000 referred to in his previous Letter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

62. The Clerk presented a Letter from Mr. A. Brook, Vice-Chairman of the Hackney District Committee of the Mansion House Relief Fund, dated 3rd March, 1886, asking that work might be found for the unemployed of the district upon the Open Spaces under the Board's control.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

63. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 3rd March, 1886, transmitting, to be dealt with by the Board, a Letter from Viscount Wolmer, M.P., and its enclosure, enquiring whether the re-erection of a Dissecting-room on the Burial-ground of St. George-the-Martyr, Bloomsbury, could be prevented.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be not granted.

83. POPLAR.—Read a Report by the Superintending Architect, dated 3rd March, 1886, on the application of Mr. C. Foulsham, District Surveyor, for the appointment by the Board of a Fee, for a special service performed by him in superintending the setting of a steam boiler at Sullivan's paper hanging manufactory, No. 1, Gale-street, Devon's-road.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the District Surveyor be authorised to demand and receive a Fee of Fifteen shillings in respect of the special service referred to.

84. POPLAR.—Read a communication from Mr. John Clarkson, District Surveyor under the Metropolitan Building Act, 1855, for the District of All Saints, Poplar, dated 26th February, 1886, notifying that certain alterations at the Public Baths and Wash-houses, in East India-dock-road, were about to be carried out under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was *moved* by Mr. Ewin, seconded, and *resolved*, and *ordered*, as follows—*Whereas* Mr. John Clarkson, District Surveyor for the District of All Saints, Poplar, did on the 26th day of February, 1886, give notice to this Board that he, the said John Clarkson, was engaged to act professionally in respect of certain alterations at the Public Baths and Wash-houses, in East India-

dock-road, and the said John Clarkson has been since the said date, and now is engaged to act professionally as aforesaid. Now, therefore, it is **ordered** by this Board—That Mr. Chester Foulsham, District Surveyor for the District of St. Leonard, Bromley, be appointed by this Board, and the said Chester Foulsham is hereby appointed to survey the said premises for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

85. FULHAM.—Read a Report by the Superintending Architect, dated 2nd March, 1886, on the application of Mr. A. Griffith, for the permission of the Board to retain for a further period, the temporary wood and iron building erected at the rear of No. 93, Coningham-road, Shepherd's-bush.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application be referred to the Building Act Committee, for consideration and report.

86. HACKNEY.—Read a communication from Mr. Joseph Douglass Mathews, District Surveyor under the Metropolitan Building Act, 1855, for the District of St. Mary, Stoke Newington, dated 2nd March, 1886, notifying that certain additions and alterations to a house known as Holly Lodge, Lordship-road, were about to be carried out under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was **moved** by Mr. Ewin, seconded, and **resolved**, and **ordered**, as follows—
~~Whereas~~ Mr. Joseph Douglass Matthews, District Surveyor for the District of St. Mary, Stoke Newington, did, on the 2nd day of March, 1886, give notice to this Board that he, the said Joseph Douglass Mathews was engaged to act professionally in respect of certain additions and alterations to a house known as Holly Lodge, Lordship-road, and the said Joseph Douglass Mathews has been since the said date, and now is, engaged to act professionally as aforesaid. Now, therefore, it is **ordered** by this Board—That Mr. Rowland Plumbe, District Surveyor for the District of South Islington, be appointed by this Board, and the said Rowland Plumbe is hereby appointed to survey the said premises, for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

87. ROTHERHITHE.—Read a Report by the Superintending Architect, dated 2nd March, 1886, on the application of Mr. E. Thomas, on behalf of Mr. Reeson, for approval by the Board of a Plan for the construction of an open shed at the rear of No. 17 Plough-road.

It was **moved** by Mr. Tolhurst, seconded, and **resolved**—That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

88. ST. SAVIOUR, SOUTHWARK.—Read a Report by the Superintending Architect, dated 2nd March, 1886, on the application of Mr. F. J. Kelle, on behalf of Mr. C. Bremerkamp, for approval by the Board of a Plan for the construction of an addition to a timber stage at the rear of No. 13, Stoney-street.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

89. WANDSWORTH.—Read a Report by the Superintending Architect, dated 2nd March, 1886, on the application of Mr. S. Clifford, on behalf of Messrs. Webster Brothers, for approval by the Board of a Plan for the construction of a wood and iron photographic studio at the rear of No. 25, The Pavement, Clapham-common.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application be not granted.

90. Read a Report by the Superintending Architect, dated 5th March, 1886, stating that Mr. E. H. Wilkinson, a Second-class Clerk in the Dangerous Structures

5 March, 1886.

Branch of the Department, was still unable to attend to his duties in consequence of illness.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That one month's leave of absence be granted to Mr. Wilkinson, and that the Superintending Architect do report again at the expiration of that period.

Adjourned until Friday next, the 12th instant,
at this Office, at Twelve o'clock at noon.

1. The Minutes of the Meeting of the Board, held on the 5th instant, were approved, and were signed by the Chairman, and by two other Members of the Board, present at such Meeting.
2. A Deputation from the General Labourers' Amalgamated Unions, introduced by Mr. Shepherd, and consisting of Mr. P. Kenny, Mr. R. Barber, Mr. D. Deverill, Mr. G. Norfield, Mr. W. Wadlow, Mr. R. Burt, and Mr. R. Partridge, attended the Board, pursuant to the Board's Resolution of February last.

It appearing that the Deputation had not prepared a Memorial, as required by the Bye-law,

It was ~~moved~~ by Mr. Shepherd, seconded, and ~~resolved~~—That the Bye-law requiring that Deputations to the Board shall be provided with a Memorial, be on the present occasion suspended, and that the Deputation be now heard.

Mr. Kenny then addressed the Board in support of the following Resolution, passed by the Union—

That this Meeting of representatives of *bonâ fide* workmen having been informed by Mr. Kenny, who is our representative on the "Mansion House Fund," originally raised for the unemployed *bonâ fide* workmen of London, regrets to find that certain gentlemen from various metropolitan parishes are endeavouring to get a grant from the "Mansion House Fund" to be supplemented by the Metropolitan Board, so as to reduce the Local Rates, and to enhance the value of the property in those localities. We therefore trust that the Board will accede to our request, and receive a Deputation upon this important subject.

The Chairman informed the Deputation that the powers and duties of the Board were defined and limited by Acts of Parliament, and that the Board could not interfere with respect to the matters to which the Deputation had referred.

3. Deputations from the Vestries of Islington and Clerkenwell, introduced by Mr. Reddish, Mr. Bradfield, and Mr. Robson, and consisting of the following gentlemen—

Islington Vestry.

Mr. Churchwarden Lambert, Mr. M. H. Sansom, Mr. T. H. Stonelake, M.L.S.B., Mr. J. Bentley, Mr. J. Thompson, and Mr. H. Abrahams, accompanied by Mr. W. F. Dewey, the Vestry Clerk, and Mr. J. P. Barber, the Surveyor of Highways to the Vestry.

Clerkenwell Vestry.

Mr. T. S. Jennings, Mr. J. Wildbore, Mr. R. D. Lyon, and Mr. A. Millward, accompanied by Mr. R. Paget, the Clerk to the Vestry, attended the Board, and presented Memorials, as follows—

To the Honourable the Metropolitan Board of Works.

The humble Memorial of the Vestry of the Parish of St. Mary, Islington, in the County of Middlesex, under their Common Seal.

SHEWETH,

That by the Tramways Act, 1870, your Honourable Board are constituted the "Local Authority" in regard to all Tramways to be constructed in the Metropolis, and that by the same Act your Memorialists are constituted the "Road Authority" for Tramways in the Parish of St. Mary, Islington.

That by the Standing Orders of the House of Commons, the consents of the Local Authority of the Metropolis and of the several Road Authorities through whose districts Tramways are proposed to be constructed, are required to be given to any Tramways Bill before the same can be proceeded with.

That a Bill is being promoted in the present Session of Parliament by the North London Tramways Company, by which it is proposed to authorise that Company to construct Tramways from Finsbury-park, through the Districts of Highbury, Barnsbury, and Thornhill (parts of your Memorialists' Parish), to Clerkenwell and King's-cross.

That the total length of the Tramways proposed to be constructed by the Bill is 4 miles 1 furlong 1'45 chains, of which 3 miles 4 furlongs 4'30 chains are in your Memorialists' Parish, and 2 furlongs 6'35 chains within the Parish of Clerkenwell.

That, in the opinion of your Memorialists, the proposed Tramways will be very beneficial to the public at large, and particularly to the residents in, and Ratepayers of, their own Parish, by affording facilities for cheap travelling and by connecting the Suburban system of the North London Tramways Company, which at present extends from Finsbury-park to Tottenham, directly with the centre of the Metropolis.

That a further advantage offered by the said Scheme is that it proposes to afford direct means of communication between Highbury and King's-cross, and by so doing to open up the Districts of Barnsbury and Thornhill, which are at the present time most inadequately supplied with travelling accommodation.

That two Memorials have been presented to your Memorialists in favour of the proposed Tramways, one of which purported to be signed by 1,187 residents in Barnsbury and Thornhill Districts, and the other by 617 owners and occupiers of property in that portion of Highbury through which the said Tramways are to be constructed.

That a Memorial against the said Scheme, purporting to be signed by 72 occupiers, lessees, and freeholders of property in St. Thomas-road, Ambler-road, and Avenell-road. And also a Memorial against any further Tramways being constructed in the roads of the Parish, purporting to be signed by 532 owners and occupiers of property, have been received by your Memorialists.

That your Memorialists having considered these Memorials, and had before them Deputations in support of the same, are of opinion that the majority of the Ratepayers of their Parish, and more particularly of those residing within the Districts directly affected, are in favour of the construction of the proposed Tramways.

That your Memorialists having very fully considered the Scheme proposed by the said Bill, have given their consent to the same upon certain conditions, which have been embodied in the form of an Agreement between the Company and the Vestry, which consent and conditions were communicated to your Honourable Board in a Letter, dated the 9th February last.

That the Vestry of the Parish of Clerkenwell, as the "Road Authority" for that Parish, have also given their consent to the Bill.

That your Memorialists have learned with considerable regret that your Honourable Board at their Meeting, on the 19th February, resolved not to give their consent to the Bill, thereby precluding the same from becoming Law, and delaying, if not entirely preventing, the construction of the said Tramways.

That, inasmuch as your Honourable Board's objections may be founded on the insufficient width of portions of the route through which the proposed Tramways are to be constructed, your Memorialists would point out that, although in Palmer-place (through which it is proposed to construct the said Tramways) the narrowest portion of the road-way is only 21 feet 1 inch from kerb to kerb, the length of this place is 317 feet only, and the traffic through it very inconsiderable; while in the main route of the North Metropolitan Tramways along the Upper-street there occurs a gut, 1,042 feet in length, the narrowest portion of which from kerb to kerb is only 21 feet 6 inches, and through which about 2,500 vehicles pass daily.

That your Memorialists have reason to believe that Tramways have been sanctioned by your Honourable Board along road-ways of a less width from kerb to kerb than either of those just referred to.

That your Memorialists feel greatly interested in the successful promotion of the said Tramway Scheme, and have accordingly resolved to approach your Honourable Board to emphasize their views as the "Road Authority" in the matter, and to endeavour to obtain a re-consideration of your Honourable Board's decision thereon.

Your Memorialists, therefore, pray, for the reasons herein set forth, that your Honourable Board will be pleased to re-consider your decision with regard to the North London Tramways Bill, and that you will see fit to give your consent to the same upon such conditions as, to your Honourable Board, may seem desirable.

And your Memorialists will ever pray, &c.

The Seal of the Vestry was affixed, by order, the 12th day of March, 1886.

(Signed) W^M. F. DEWEY,
Vestry Clerk.

In Parliament.—Session 1886-7.

The North London Tramways Extension Bill.

The Memorial of the Vestry of the Parish of Saint James and Saint John, Clerkenwell, in the County of Middlesex.

To the Metropolitan Board of Works.

RESPECTFULLY SHEWETH,

That your Memorialists are one of the Local Authorities through whose District the proposed extension of the existing system of the North London Tramways Company is intended to be laid.

That your Memorialists have carefully considered the deposited Plans, and passed a Resolution in favour of the Bill, being of opinion that a connection with Barnsbury, Edmonton and other places which will be opened up by the proposed line, will be highly beneficial to the inhabitants who will be served thereby.

That your Memorialists are most anxious that the Bill should not be thrown out this Session, and therefore pray that your Honourable Board will be pleased to give the consent

necessary to allow the promoters to appear before the Select Committee of the House of Commons, subject, however, to such Clauses as your Honourable Board may deem advisable being inserted in the Bill.

And your Memorialists will ever pray, &c.

Sealed with the Common Seal of the Vestry, this Eleventh day of
March, 1886.

By order,
(Signed) ROBERT PAGET,
Vestry Clerk.

L.S.

Mr. Churchwarden Lambert addressed the Board on behalf of the Deputations.

It was *moved* by Mr. Reddish, and seconded by Mr. Bradfield—That the Memorials be referred to the Works and General Purposes Committee, for consideration and report.

An amendment thereon was *moved* by Mr. Fowler, and seconded by Mr. Edwards—That the consideration of the Memorials be deferred until the other Deputations on the subject, notice of which appears on the paper of business, shall have been heard.

The amendment having been put to the vote, there were for it 23, against it 2, and it was declared by the Chairman to be carried; and having been put to the vote as an original motion, it was also carried; and it was *resolved* accordingly.

A Deputation from inhabitants of houses fronting the streets in the Parish of Islington, in which the North London Tramways Company propose to lay their lines, introduced by Mr. Bradfield, and consisting of the following gentlemen, viz.—Mr. J. H. Mote, Mr. G. Benton, Mr. W. May, Mr. J. Spiken, Mr. F. W. Godfree, Mr. J. W. Hickman, Mr. C. English, Mr. M. H. Butcher, Mr. W. Kirkham, Mr. G. K. Pugh, Mr. C. M. Brooks, Mr. T. H. Roberts, Mr. E. J. Stranger, and Mr. B. Rutgers, attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The humble Petition of the undersigned, being occupiers of houses having frontages upon the roads through which the proposed Tramway of the North London Tramways Company will run, and of the lessees and freeholders of the same.

SHEWETH,

1.—That the roads occupied and owned by your Petitioners are part of the District essentially comprising private dwelling-houses, the occupiers of which have, in most if not in all instances, taken the same on the ground of the quiet which prevails in such district, and the fact that the houses are private dwelling-houses, and that there is an absence of noisy businesses and noisy traffic. Also a safety with regard to children from the risk of vehicular traffic of a dangerous character.

2.—That if the proposed Tramway be made along the roads fronting the houses of your Petitioners they will cut up the road-ways and will introduce vehicular traffic of a noisy and dangerous character, likely to endanger much risk with regard to life and limb, especially to the children who abound in their neighbourhood.

3.—That if such Tramway be constructed, your Petitioners' comfort will be materially diminished, and large numbers of your Petitioners will be obliged to seek another neighbourhood, where there will be more quiet and less risk, and those of your Petitioners who are owners and lessees of property will be materially injured by the depreciation in value of the property along the line of such proposed Tramway in the District referred to.

4.—That the proposed Tramway might, by deviation to the Eastward or right hand of the District in which your Petitioners live, and in such property as aforesaid, be able to pass along a more public road-way where there is a line of businesstraffic, where the noise and risk would be accepted as common to a leading or well-frequented public thoroughfare, and be beneficial to the shopkeepers and occupiers of the same, and such deviation would probably not occasion delay to passengers in their route, or a very large increase of expenditure on the part of the Company promoting such proposed new Tramways.

Your Petitioners therefore humbly pray—

1.—That your Honourable Board will refuse to sanction or approve of the proposed Scheme of the said Company to allow the Tramway to be constructed through the

District and over the following roads, namely :—Avenell-road, Ambler-road, St. Thomas'-road, or Plimsoll-road, Highbury.

And your Petitioners will ever pray, &c.

(Signed) JOHN H. MOTE,

75, Isleden-road, Highbury Ward,

(For self and Co-trustees representing the freeholds in the roads named in prayer),

And 62 others.

The Deputation addressed the Board in support of the Memorial.

Mr. Bradfield handed in five Memorials from frontagers and other persons interested in property in Somerfield-road, Finsbury-park-road, Ambler-road, Avenell-road, St. Thomas's-road, Gillespie-road, and St. James's-road, in opposition to the proposed Tramways.

The Clerk presented the following Memorials and Letters—

Memorial from owners and occupiers of property abutting on Palmer-place, Holloway, again submitting the reasons for their objections to the North London Tramways Bill, and asking the Board not to reverse their decision.

Letter from Mr. A. Norman, dated 11th March, 1886, protesting against the renewed application to the Board for their consent to the scheme of the North London Tramways Company.

Letter from Messrs. Bolton and Mote, dated 10th March, 1886, calling attention to the fact that a Memorial signed by 74 tenants of houses fronting into Avenell-road, St. Thomas's-road and Ambler-road, had been presented to the Vestry of Islington against the proposal of the North London Tramways Company to lay lines in those streets.

Memorial from owners, &c., of property in Palmer's-place, Islington, in favour of the proposed Tramways.

It was ~~moved~~ by Mr. Fowler, and seconded by Mr. Harben—That the North London Tramways Bill having been carefully considered before the Board came to a decision upon it, the Board is not prepared to re-open the question.

The motion having been put to the vote, there were for it 30, against it 2, and it was declared by the Chairman to be carried; and it was ~~resolved~~ accordingly.

4. A Deputation from inhabitants, &c., of Moor-street, Soho, and its neighbourhood, introduced by Mr. Hewitt, and consisting of the following gentlemen, viz.—Mr. M. Harrison, Mr. H. Bishop, Mr. W. Webb, and Mr. J. F. Hidcock, attended the Board, and presented Memorials, as follows—

To the Metropolitan Board of Works.

Memorial of the Members of the Mission Church, meeting at the Mission Hall, Moor-street, W.C.,

SHEWETH,

As a company of working men and women, who, by the grace of God, have been gathered from the ranks of sin and evil, we have experienced great blessing and consolation by meeting together for meditation and Divine Worship, but we have learned with dismay and heartfelt grief that you have arranged to deprive us of our House of Prayer and Spiritual Home, by taking from us our Mission-hall, Moor-street (the place where we have met for communion and fellowship for so many years past, and where we have organised and carried on our work for the well-being of our friends and neighbours.)

As we have had no part in bringing about this result, which will be to us and the people of the District nothing short of a calamity (both spiritual and temporal), we beg to ask that the Board may take a generous view of our case, and, as the building is not actually required for the new street, that we may be allowed to retain our present premises, with an extended frontage adapted to the design of the new street. But if this should be found by your Honourable Board to be impossible, that your Honourable Board will be pleased to grant us

12 March, 1886.

the site of our old building, or an eligible site as near as possible to it, where we may erect a new building, at a nominal ground rent, and thus be able to carry on our work in the District of St. Giles.

Signed, on behalf of the Members of the Mission Church.

(Signed) WILLIAM HARRISON (Minister),
20, Merrick-square, Newington, S.E.,
And 2 others.

To the Metropolitan Board of Works.

The humble Petition of the Superintendents, Officers, Workers and Friends interested in carrying on the work at the Mission-hall, Moor-street, Five Dials, W.C.,

SHEWETH,

That your Memorialists, on behalf of the Poor residing in the W.C. District of the Metropolis, are personally interested in the various branches of instruction, rescue, benevolent and Christian work, voluntarily carried on and organised at the Mission-hall, Moor-street, W.C., and beg to assure your honourable Board that we have learned with deep regret that you are about to deprive the neighbourhood of such a useful institution, which for so many years has done such good work in the interests of the people. Here poor children have been instructed, the hungry fed, the naked clothed, the drunken reformed, the hopeless encouraged and inspired, the ignorant taught, and the habits of the depraved changed from vice to virtue. From this hall for many years the Messengers of Peace and Blessing have gone forth to the houses of the destitute and the sick, and on behalf of the department of useful work named in the subjoined document, in which we have taken interest and rendered personal service, we beg to subscribe our names, praying that your Honourable Board will grant the Petition contained in the Memorial of the Mission Church meeting in the above Hall, and that of the numerously-signed Memorial of the Ratepayers and Inhabitants of the District.

And your Petitioners will ever pray, &c.

(Signed) JOSEPH WEATHERLEY,
51, Gordon-square,
And 98 others.

The Deputation having addressed the Board in support of the Memorials,

It was ~~moved~~ by Mr. Hewitt, seconded by Mr. Selway, and ~~resolved~~—That the Memorials be referred to the Works and General Purposes Committee, for consideration and report.

5. Mr. Tolhurst handed in a Letter, as follows—

The Vestry of the Parish of Rotherhithe, Surrey.

Offices—Public Baths,
Deptford Lower-road, Rotherhithe, S.E.,
5th March, 1886.

DEAR SIR,—I am directed by this Vestry to forward you the enclosed copy Letter received from Mr. E. A. B. Crochett, with copy Plan accompanying same, and to state that the Vestry are of opinion that a great public Improvement can be effected by the acquisition by the Metropolitan Board of Works of a portion of the land, coloured pink on the said Plan, for the purpose of throwing the same into and widening Rotherhithe-street, and to enquire whether the Board will entertain the matter as a public Improvement.

I am, &c.,
(Signed) JAMES J. STOKES,
Clerk to the Vestry.
J. E. Wakefield, Esq.

It was ~~moved~~ by Mr. Tolhurst, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

6. Mr. James handed in a Letter from Mr. G. W. Murnane, Clerk to the Vestry of St. Martin's-in-the-Fields, dated 11th March, 1886, with reference to the suggestion made by the Vestry of St. George, Hanover-square, for a conference with a view to an equitable arrangement being made with regard to the cost of the future maintenance of the new streets at Hyde-park-corner, stating that the Vestry of St. Martin's

acquiesced in the request of the Vestry of St. George, Hanover-square, and hoped that the Board would arrange for a conference accordingly at as early a date as practicable.

It was ~~moved~~ by Mr. James, seconded, and ~~resolved~~—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

7. Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £27,163 2s. 4d., be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 6th July, 1883 (No. 8), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 25th instant, amounting to the sum of £9,247 5s. 11d., which Statement has been approved by your Committee; and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the several amounts on or after the 25th instant.

Your Committee have to report that they have considered the Estimates of the several amounts required to be raised for the expenditure of the Board for the year 1886, and they have directed that such Estimates be printed, and that copies be sent to the Members of the Board for their information previously to their being submitted to the Board; and as it is usual for the Board to fix a day for the consideration of the Estimates, your Committee recommend—

That Friday, the 19th instant, at One o'clock p.m., be fixed for that purpose.

Your Committee have considered the application of the Vestry of St. Pancras, for payment of the Board's promised contribution towards the Improvement at Mabledon-place, Euston-road, referred by the Board on the 30th October, 1885 (No. 7.) The Board on the 10th February, 1882 (No. 6), agreed to contribute one-half of the net cost, not exceeding £2,575, of effecting an Improvement by the widening of Mabledon-place, and also the road-way on the Eastern side of Burton-crescent. Difficulties having arisen as to carrying out the works at Burton-crescent, they have had to be abandoned. The works at Mabledon-place have now all been completed, and the surplus lands sold, and the Accounts show that the net sum of £3,130 12s. 1d. has been paid by the Vestry for the land acquired, in addition to £2,056 15s. 11d. for works. The Works and General Purposes Committee of the Board having had the detailed Accounts of the Vestry's expenditure, and Reports from the Board's Officers before them, decided to recommend the Board to reduce their contribution to a moiety of the above-mentioned sum of £3,130 12s. 1d., and on the 6th instant (No. 11), the Board approved of the same, and your Committee, having received a Certificate that the works are all completed, recommend—

That a Cheque be drawn for the sum of £1,565 in favour of the Vestry of St. Pancras, being the amount to which the contribution was limited by the Board on the 6th instant in respect of the Improvement effected at Mabledon-place, Euston-road.

Your Committee have considered the Letter from the Vestry of St. Marylebone, requesting permission to borrow, and also for the Loan, of a sum of £14,000, to defray the cost of wood paving works, referred by the Board on the 12th ultimo (No. 7). The Vestry propose to pave with wooden blocks, laid on Portland cement concrete foundations 6 inches in thickness, the carriage-ways of several streets in their Parish, estimated at 34,866 yards, at a cost (9s. per yard) of £15,689 14s. Your Engineer has examined the estimate, and reports the price to be fair and reasonable, and your Committee, seeing no objection to the Loan, recommend—

That, subject to this Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Marylebone, for permission to borrow and also for the loan of a sum of £14,000, to defray the cost of wood paving works, be granted, on condition that the Loan be taken up without delay, interest being

charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January within 6 years; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application of the Greenwich District Board for a Loan of a sum of £15,000, to defray the cost of paving works, referred by the Board on the 12th ultimo, (No. 10). The District Board propose to pave the Tramway margins in the Greenwich-road, (from Wellington-grove), London-street, Romney-road, and Trafalgar-road (to Marsh-lane), being a continuous length of about 2,666 yards of carriage-way, and to lay down about 16,000 superficial yards of granite cubes on lias lime concrete foundations, 6 inches in thickness, at an estimated cost of £11,600 and £230 for new granite kerbing, also 5,000 yards of 3 inches by 6 inches improved wood paving on Portland cement concrete foundations 6 inches in thickness, at a cost (13s. 6d. per yard), of about £3,375, making a total of £15,205. Your Engineer has examined the estimate for the proposed works and reports it to be fair and reasonable, and having regard thereto, and to the necessity for the works your Committee recommend—

That, subject to this Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Greenwich District Board for permission to borrow, and also for the loan of a sum of £15,000 to defray the cost of paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January, as to £12,000 required for granite paving within 20 years, and as to £3,000 for wood paving within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

On the 12th February last (No. 13) the Board agreed to lend the sum of £3,500 to the Vestry of Hampstead for defraying the cost of works at their Vestry-hall, re-payable in 30 years. The Treasury, having been requested to give their consent to the Loan, as required by the Board's Loans Act, have objected to the period for re-payment of £741, the amount for painting and decorative works, being extended beyond 4 years. Your Committee accordingly recommend—

That the Solicitor be instructed to provide that such amount be re-paid within that period.

Your Committee have considered the Letter from the Guardians of the Poor of the Wandsworth and Clapham Union for further Loans of £13,776 and £6,290, referred by the Board on the 22nd January last (No. 29). The advance is required to meet the cost of building boundary walls, the sinking of a well, the erection of a large bake-house, engine-house, store, sample, and search rooms, and other substantial works, at an estimated cost of £13,776, and for fittings for the dining-hall, Chapel, clothes-racks, shelving, cupboards, and gas-fittings, and for Engineer's works to the bake-house, and additional heating and hot water supply, at an estimated cost of £6,290. Your Superintending Architect has examined the Plans and details of the several works, and the buildings have also been inspected and reported upon, and your Committee, having regard thereto, recommend—

That, subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Wandsworth and Clapham Union, for a further Loan of a sum of £13,776 towards the cost of erecting their new Workhouse, and of £6,290 for fittings for the same, be granted to the extent of £19,900, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and the principal, as to £13,500, being re-paid by such equal half-yearly payments as, reckoning principal and interest together, will re-pay the sum borrowed in 30 years, and as to £6,400, the interest being paid quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal by equal annual instalments on each 31st January within 15 years; that the sum of £21 be charged for Surveyor's Fees; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Guardians of the Poor of St. Marylebone, stating that they had an unexpended balance of £2,478 17s. 10d. in hand, of a Loan of £15,000 granted to them in August, 1876, and enquiring whether the Board will receive back the money, and, if so, upon what terms and conditions, referred by the Board on the 5th ultimo (No. 52). The interest charged on the Loan in question, was at the rate of £3 15s. per centum per annum, and the re-payment of the amount was spread over 30 years, and to be made by equal half-yearly instalments of principal and interest combined. A special table had to be constructed, and recorded to cover the payment over the entire period of the Loan, and any alteration of the present arrangement would cause considerable inconvenience, and, under these circumstances, your Committee recommend—

That the Guardians of St. Marylebone be informed, in reply to their application, that their request cannot be complied with.

On the 12th October, 1883 (No. 4), the Board, on the recommendation of your Committee, directed that all applications for Loans from Guardians and other Public Bodies requiring the approval of the Local Government Board should be referred to the Officers to report as to the nature and cost of the works, with a view to fixing the amount of Loan, and the period of years over which the re-payment of such Loans should be spread. That course has been pursued up to the present time, but your Solicitor has now reported that with a view to give more protection to the Board, as well as to obviate delay and cost to the borrowers a Clause was inserted in the Board's Money Bill of 1885, to the following effect:—

“Where under the authority of this or any other Act the Board lend
“any money to any Corporation, body of Commissioners, public body, or
“persons, the exercise of whose powers of borrowing is subject to the consent
“of the Local Government Board, the sanction of that Board to the borrowing
“of such moneys shall in every such case be conclusive evidence that such
“Corporation, body of Commissioners, public body, or persons, had power to
“borrow such moneys.”

Your Solicitor has consulted the Board's Conveyancing Counsel on the subject, and reports it as his opinion that the Section may be taken to afford the necessary protection to the Board, and that it will no longer be needful or desirable for them to make independent enquiry as to the purposes for which the money is sought to be borrowed. Under these circumstances it becomes unnecessary for your Officers to report in future upon applications for the Loans above referred to, and your Committee accordingly recommend—

That the Order of the Board of the 12th October, 1883, (No. 4), directing that all applications for Loans to Guardians and other bodies, requiring the approval of the Local Government Board, should be referred to your Officers to report, be not further acted upon.

Your Committee recommend—

That the undermentioned Cheques having been drawn longer than three months be cancelled—

The Statement of the Officers' Salaries, submitted with the Report, was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £27,163 2s. 4d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Fees specified in the Three summaries of Accounts now presented to the Board, marked A to C inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was moved by Mr. Fardell, seconded, and resolved—That the Statement now submitted, showing the Salaries payable to the Officers of the Board on the 25th instant, amounting to the sum of £9,247 5s. 11d., be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay the several sums specified in such Statement, to the persons entitled to receive the same.

It was moved by Mr. Fardell, seconded, and resolved—That the Estimates of the amounts required to be raised in the Precepts for the year 1886, be considered by the Board on Friday next, the 19th instant, at One o'clock p.m.

It was moved by Mr. Fardell, seconded, and resolved—That a Cheque be now drawn for the sum of £1,565, in favour of the Vestry of St. Pancras, being the amount of the Board's promised contribution towards effecting the Improvement at Mabledon-place, Euston-road.

A Cheque was thereupon drawn on the General Capital Account.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to this Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Marylebone, for permission to borrow, and also for the loan of a sum of £14,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January within a period of six years ;

that it be referred to the Solicitor to take the necessary measures for completing the Loan ; and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to this Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Greenwich District Board for permission to borrow, and also for the loan of a sum of £15,000, to defray the cost of paving works, be granted on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January, as to £12,000, required for granite paving, within a period of Twenty years, and as to £3,000, for wood paving, within a period of Six years ; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That so much of the Report as relates to the Loan of £3,500 agreed to be advanced to the Vestry of Hampstead, for works at their Vestry Hall, be approved, and that inasmuch as the Treasury have declined to sanction a longer period than Four years for the re-payment of £741, a part of such Loan, the Solicitor be instructed to provide that such amount be re-paid within that period.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Wandsworth and Clapham Union, for a further Loan of a sum of £13,776, towards defraying the cost of erecting their new Workhouse, and £6,290 for fittings for the same, be granted to the extent of £19,900, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and the principal, as to £13,500, being re-paid by such equal half-yearly payments as, reckoning principal and interest together, will re-pay the sum borrowed within a period of Thirty years, and as to £6,400, the interest being paid quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal by equal annual instalments on each 31st January, within a period of Fifteen years ; that the sum of £21 be charged for Surveyor's Fees ; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Guardians of the Poor of the Parish of St. Marylebone be informed, in reply to their request, that the Board would accept the re-payment of £2,478 17s. 10d., being the unexpended balance of a Loan granted in the year 1876, that it cannot be complied with.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Order of the Board of the 12th October, 1883 (No. 4), directing that all applications for Loans to Guardians and other bodies requiring the sanction of the Local Government Board should be referred to the Superintending Architect for report, be not further acted upon.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the undermentioned Cheques, having been drawn longer than Three months, be now cancelled—

In continuation of Reports already made to the Board by your Committee on the subject of Tramway Schemes, they have now to state that they have considered the Southwark and Deptford Tramways Bill. In pursuance of the Resolution of the Board of the 19th ultimo, your Committee have received a Deputation from the Greenwich District Board in favour of the Bill, and they have also had before them the Memorial, referred on Friday last (No. 46), from ratepayers, inhabitants, and others, resident in Deptford and Greenwich, embodying Resolutions passed at a public meeting, to the effect that the Memorialists were of opinion that the construction of a new street from Evelyn-street to Creek-road was a much needed Improvement, and that the simultaneous extension and construction of the proposed Southwark and Deptford Tramways, from Evelyn-street to Greenwich would be of great advantage to the residents of Greenwich and Deptford. Your Committee, after a careful consideration of the proposed Scheme, and having given due attention to the representations made by the Memorialists, have come to the conclusion that it is one to which they cannot advise the Board to assent, and they accordingly recommend—

That the consent of the Board be not given to the introduction into Parliament of the Southwark and Deptford Tramways Bill.

The Board will remember that on the 27th November last (No. 6), your Committee presented a Report upon the references which had been made to them on the subject of the disposal of the Sewage of the Metropolis. They stated in that Report that they were satisfied that by chemical precipitation a good effluent water could be obtained, and that they were pursuing their enquiries as to the best method of dealing with the residue or sludge. Your Committee, although still unprepared to make a final Report, feel that the time has arrived when they may with advantage present a further and more detailed statement of the steps which have been taken up to the present time by the Board and your Committee, with the assistance of the Sub-Committee appointed some time since in relation to this question. To this end they beg to report as follows—

Immediately after the publication of the first Report of the Royal Commission on Sewage Discharge, the Board instructed their Engineer and Chemist to institute a series of experiments for the purpose of ascertaining the best method of complying with the recommendations of the Commission, and voted the sum of £1,000 for the purpose of those experiments, to assist in which Dr. Dupré, F.R.S., was retained.

As a preliminary measure the Chemist to the Board, Mr. Dibdin, and Dr. Dupré, commenced a series of experiments in their respective laboratories, and arrived at certain definite conclusions which served as a guide to the trials subsequently made at the Western Pumping Station, Pimlico. At this place apparatus was erected for the treatment of successive quantities of one thousand gallons of Sewage, which was subsequently arranged for the large quantities of one hundred thousand and two hundred and fifty thousand gallons.

These larger experiments were conducted for about three months, and demonstrated that chemical precipitation of the solid matters held in suspension can be effected by the addition of various re-agents, but that no practical advantage accrued from the addition to the Sewage of more precipitating matters than are really necessary for facilitating the natural tendency of the solids to deposit. The effect of adding large quantities of chemicals ensuring only a more perfect clarification without materially affecting the soluble constituents of the Sewage.

This primary point having been determined, attention was next given to the collection and disposal of the sludge. Although at first sight this appeared to be a tolerably simple matter, the enormous quantity of London Sewage rendered it imperative that more precise data should be obtained as to the quantity to be dealt with per day; its adaptability for transit, pressing, and ultimate disposal.

The evidence given before the Commission was of so conflicting a character, that it was felt that nothing short of a prolonged series of experiments on a tolerably large scale, extending over some months, and including day and night, would afford the information necessary before working plans could be drawn up for the erection of plant for treating the whole of the Sewage.

The Board, therefore, voted a sum of five thousand pounds in November, 1884, for the erection of works at the Crossness Outfall for the treatment of one million gallons of Sewage daily, and the pressing of the sludge obtained therefrom. These works were accordingly erected, and, while special attention was directed to the sludge, numerous experiments were made with regard to the chemicals employed for precipitation. The results of these have confirmed those first arrived at, viz., that the Sewage can be sufficiently clarified by the addition of 3·7 grains of lime and 1·0 grains of protosulphate of iron to each gallon of Sewage, and by subsidence in settling tanks during a period of from one to two hours. In addition to the removal of the solids, the grosser odours of the Sewage are destroyed, and the foul and offensive appearance removed.

The accompanying Reports of four very eminent Chemists (one of whom was a Member of the Royal Commission on the Metropolitan Sewage Discharge) are a sufficient guarantee as to the satisfactory condition of the effluent after the above treatment of the Sewage.

The two Reports are as follows—

27th October, 1885.

To the Sub-Committee on Sewage disposal of the Metropolitan Board of Works.

GENTLEMEN,—In response to the question, submitted to us for consideration through Mr. Dibdin, whether the treatment of Metropolitan Sewage with lime and sulphate of iron, in the proportion of 3·7 grains of the former to 1 grain of the latter to each gallon of Sewage, furnishes an effluent of such a character that we could recommend its discharge into the River at all states of the tide, we have, in the first place, to express our regrets that the shortness of time, within which it is desired to receive from us an expression of opinion, has not allowed of our making such a comprehensive examination of the matter as its importance would have rendered desirable.

We have, however, witnessed at Crossness the treatment of the Sewage in the manner indicated, and have made certain experiments with effluents obtained thereby, and we now submit the following statements on the subject—

- 1.—We are of opinion that the discharge into the River of such an effluent as is obtained by the treatment in question, and after such subsidence of the solid matters as is practically attainable, would be a very great gain over the discharge of untreated Sewage, and that the treatment does, apart from the precipitating action, exert a distinct purifying effect upon the liquid part of the Sewage. We consider, however, that the effluent produced by the proposed treatment retains a sufficiently unpleasant odour to prohibit its being discharged into the River during warm weather, in all states of the tide.
- 2.—As regards the mere production of a fairly clear effluent, our present impression is that little, if any, additional advantage would accrue, either from an increase in the proportions of the chemicals specified, or from a resort to other chemicals which would act merely as precipitants.
- 3.—We have reason to believe, however, from what we have seen in the way of experiment, that the addition of manganate of soda and sulphuric acid, or of other suitable oxidising agent to the fairly clear effluent obtained by the treatment with lime and sulphate of iron would so far deodorise and purify that effluent as to allow of its being afterwards discharged into the River, throughout the year, at all states of the tides.

- 4.—It is a question whether this supplementary treatment of the said effluent by an oxidising agent may not be dispensed with during the winter months.

We are, &c.,

To the Sub-Committee on Sewage disposal of the Metropolitan Board of Works.

GENTLEMEN,—In our Report of the 27th October we expressed the following opinions, viz.—

- 1.—That the discharge into the River of an effluent obtained by the treatment of Sewage with lime and sulphate of iron, in the proportions of 3·7 grains of the former and 1 grain of the latter to each gallon of the Sewage, and by such subsidence of the solid matter as is practically attainable would be a very great gain over the discharge of untreated Sewage, but that such an effluent retains a sufficiently unpleasant odour to prohibit its being discharged into the River during warm weather at all states of the tide.
- 2.—That so far as regards the mere production of a fairly clear effluent, little, if any, additional advantage would accrue either from an increase in the proportions of the chemicals specified, or from a resort to other chemicals which would act merely as precipitants.
- 3.—That we have reason to believe that the addition of manganate of soda and sulphuric acid, or of other suitable oxidising agent to the fairly clear effluent obtained in the manner described, would so far deodorise and purify that effluent as to allow of its being afterwards discharged into the River throughout the year at all states of the tide.
- 4.—That it was a question whether this supplementary treatment of the effluent might not be dispensed with during the winter months.

We have nothing additional to observe with regard to statements 1 and 2, but with reference to 4 we have to state that additional observations made by us since the submission of our Report have led us to the conclusion that the concurrence during a considerable part of the year, of the comparatively low temperature, both of the Sewage and of the River into which it is discharged, with the greater dilution of the Sewage, renders a supplementary treatment of the fairly clear effluent obtained by the addition of lime and sulphate of iron unnecessary during the periods of such concurrence.

With a view to enable us to speak more definitely on the subject dealt with in Statement 3, we have instituted a number of experiments, not only with samples of average Sewage but also with samples representing exceptionally offensive conditions; we have, moreover, carried out our experiments not merely at the ordinary temperature, but also, under exceptionally severe conditions, as regards maintenance of the Sewage and the effluents at elevated temperatures and in confined spaces.

The results of these experiments have led us to the conclusion that, in cases when the supplementary treatment by an oxidising agent of the effluent, obtained by the use of lime and sulphate of iron, is necessary, the addition of manganate of soda, in some proportion ranging between 0·5 grain and 1·5 grains of the crude commercial manganate to one gallon of the effluent, together with sulphuric acid, in a proportion corresponding to about one-third of that of the crude manganate used, suffices to deodorize and purify the effluent to such an extent as to render its discharge into the River unobjectionable at all states of the tide.

We therefore recommend—

- 1.—That the Sewage be treated, throughout the year, with lime and sulphate of iron in the proportion of 3·7 grains of lime to 1 grain of sulphate of iron (green vitriol), to each gallon of Sewage.
- 2.—That, whenever it should be found that the fairly clear effluent obtained by that treatment is to any appreciable extent offensive, manganate of soda be added to the effluent in such proportions as are found to be necessary to deprive it of its offensive smell, those proportions to range between 0·5 grain 1·5 grains (inclusive of the crude commercial manganate), with sulphuric acid, (commercial oil of vitriol) in quantity equal to about one-third of the crude manganate added.

We are, &c.,
 (Signed) F. A. ABEL.
 ALEX. W. WILLIAMSON.
 WILLIAM ODLING.
 A. DUPRÉ.

For the purpose of pressing the sludge obtained a 36-inch press was procured from Messrs. Johnson and Co., of Stratford. During the seven months that this has been at work it has pressed 1,780 tons of sludge, which yielded 523 tons of "cake." In addition to the sludge thus treated, 1,408 tons have been experimented upon by various means, for the purpose of ascertaining the possibility of getting the sludge into a solid condition without the expense of thus pressing it. The result showed that this may be done to a certain extent, but the time required to make it solid would, during the summer months, render this method objectionable.

One hundred tons of sewage cake have been burnt in a large Hoffman's furnace at the brick works of Messrs. Hughes and Co. at Pluckley, Kent, and about two hundred tons have been burnt in various ways at Crossness. The result shows that, while there is but little difficulty in effecting the desired object, the expense of carrying on the system without nuisance would be prohibitory. It therefore became obvious that some other method of disposing of the cake, if the sludge is pressed, or of getting rid of the wet sludge, must be adopted; and the alternatives evidently are, either raising up low-lying land with the cake, or of taking the sludge or cake out to sea, provided that it is not removed from the works by farmers and others for manurial purposes.

The contradictory evidence on these points could only be met, as before, by direct experiment. The Board, therefore, ordered that one of the compartments of the reservoir at Crossness should be arranged for the treatment of eight million gallons of Sewage daily (the one million gallon works being continued simultaneously), and that the sludge thus resulting from the treatment of nine million gallons of Sewage should be used for the purpose of settling many doubtful questions as to its treatment and ultimate disposal. These works are now completed, and will be in operation in a few days. In the meantime, as many conflicting estimates of the cost of carrying the sludge out to sea have been submitted to the Board, advertisements were inserted in the leading daily newspapers, inviting plans and estimates for a vessel suitable for that purpose, and, in order to induce the leading firms of shipbuilders to compete, the Board offered a premium of £500 for the best proposal in the event of the tender not being accepted. These plans have now been received, and are under the consideration of the Board.

As soon as the eight million gallons experiment is at work, advertisements will be issued offering the pressed or unpressed sludge to all persons who may desire it, free of cost. The object being to ascertain to what extent the sludge may be disposed of by this means.

The Royal Commission recommended that, in the event of the Sewage being treated by chemical precipitation at the present outfalls, the effluent should be filtered by passing it through land before being discharged into the River. The object of this was evidently to ensure the removal of all odour from the effluent, and the possibility of "secondary fermentation," as it is called. The great cost attending such a method, and the difficulty of finding suitable land for the purpose in the neighbourhood of the outfalls, induced the Board to ascertain whether the desired object could not be effected by direct treatment of the effluent by means of an oxidising agent, which, while effecting immediate deodorisation of the slight Sewage odour remaining after the chemical precipitation should at the same time prevent the re-development of offensive gases. This agent has been found in permanganic acid, a substance widely used on a small scale, but hitherto not considered available for Sewage treatment on a large scale. The operations of the Board, however, have not been confined merely to the application of chemicals, but also to their production on a large scale, with the result that while manganate of soda, the actual agent in the production of permanganic acid, at the commencement of the Board's operations could be obtained only in limited quantities at £40 per ton, it can now be purchased in practically unlimited quantities at £11 per ton.

The application of this material, in conjunction with sulphuric acid, has met with

such success, not only in London but elsewhere, that the necessity for land filtration no longer exists, and thus the great objection to the treatment of the Sewage, and the discharge of the effluent at the present outfalls is overcome.

The deodorisation of the Sewage as a temporary measure, pending the construction of permanent works for its treatment by precipitation, has been systematically carried on. At first this was accomplished by means of chloride of lime, that substance being the only one obtainable in sufficient quantities at the time. Manganate of soda and sulphuric acid were subsequently used. In order to obtain the former of these in sufficient quantities at a low price, the Board found it necessary to construct chemical works and manufacture it themselves with the result of reducing the cost as above stated. During the past summer these chemicals were the only ones used and were found to be thoroughly effective.

For the purpose of preventing any nuisance within the Metropolis arising from the discharge of offensive gases from Sewer ventilators, the Board authorised the application of manganate of soda and sulphuric acid to the Sewage as it flowed through the Main Sewers. Accordingly 13 stations were arranged at the following places, viz.—Bedford-park, Willesden, Pimlico, Westminster, Bayswater, Holloway, Lonsdale-square Islington, Hoxton, Old Ford, the Tower, Deptford, Vauxhall, and Battersea.

The first of these came into operation on the 28th July, and the remainder as rapidly as possible. These stations are now being considerably augmented, and thus, while the evolution of Sewer Gas will be prevented within the Metropolis from Sewers under the Board's authority, more complete control will also be obtained over the storm overflows.

Provision has been made for the supply of 3,000 tons of manganate of soda and 1,000 tons of sulphuric acid. Of this quantity 1,000 tons of manganate are now in stock, and the remainder is under contract for delivery by July, deliveries commencing at once. Should these quantities prove insufficient by reason of another exceptional season there will be no difficulty in providing as much more as may be required either by manufacturing or purchasing it.

The plan of deodorising the Sewage within the Metropolis is proposed, not only as a temporary measure, but also as a permanent scheme for preventing the Sewer Gas nuisance, and will therefore ensure during the summer months, the arrival of the Sewage at the Outfalls in a deodorised condition, and thus materially assist in the production of an effluent of a far better character than would otherwise be obtainable.

The Contract Drawings for the enlargement of the Barking Reservoir, and arranging it for precipitation and purification works are in a forward condition, and the Contracts may be let in the course of the ensuing summer, and the works completed and ready to come into full operation for the summer of 1888; in the meantime, the deodorising works already described will prevent any nuisance from arising at this Outfall.

Nine million gallons of Sewage per day will be precipitated at Crossness throughout the coming summer, and the remainder will be deodorised as on the North side until the process of precipitation has been extended to the whole of the sewage discharged at this outfall.

The sludge arising from the precipitated Sewage is being pressed into "cake," and given to agriculturists gratuitously to utilise upon their lands, and, if possible, to develop a demand for its use; and sludge that may not be disposed of will be sent in lighters out to sea, both in the liquid and in the cake condition, in order to ascertain the cost and effect of this mode of getting rid of it.

The Board have now under consideration the 23 designs sent in by ship builders in reply to the invitation issued by the Board, and will shortly be in a position to determine what course they will adopt with respect to them.

Your Committee submit the above facts for the information of the Board, and beg to recommend—

That Letters founded upon this Report be addressed to the Secretary of State, and the Erith Local Board of Health in reply to their communications on the subject.

Your Committee have had before them a Report by your Engineer and your Chemist, in which they ask authority for executing further works, and making certain necessary arrangements with regard to the precipitation and deodorising operations. It appears from that Report that the amount expended under the vote of £10,000 made by the Board has now reached £8,664, and that, probably, the whole of the vote will be required to meet the expenses under Capital Account. Of the £5,000 voted by the Board in December, 1884, for the one million gallon experiment, £4,500 has been expended. The 36-inch press used in connection therewith was hired from Messrs. Johnson and Co., for twelve months for the sum of £200, but with the proviso that in the event of the Board deciding to purchase it, the price should be £564, and that the amount paid for hire should be deducted from the purchase-money. As the apparatus is in good working order, and is in connection with the Eight million gallon plant, the Officers recommend that the remainder of the purchase-money, viz., £364 be paid. They also suggested that the authority for incurring the working expenses of the larger plant should be made to include the continuation of the work of the smaller, thus authorising the treatment of a total quantity of Nine million gallons of Sewage daily, at an expense of about £20 per day, exclusive of the cost of the ultimate disposal of the pressed cake. With reference to deodorisation, the Officers state that the Contractors for the supply of Manganate are about to commence delivery of this material, and as it is necessary that such delivery should be properly checked, and accounts kept of the quantities in stock at different receiving stations they ask authority to engage assistance at the Barking Outfall, similar to that sanctioned last summer, at an expense of £3 per week; and also to employ a suitable person as temporary Chemical Assistant at £4 4s. per week, as before, to supervise the application of the Chemicals to the Sewers within the Metropolis, as soon as this process comes into operation. The results obtained by this means last year, the Officers state, justify a very considerable increase in the number of points of application, and they therefore advise that the necessary wooden tanks, &c., required be erected at an expense of about £1,000.

Your Committee have given careful consideration to the Report, and are of opinion that the several suggestions which it contains should be adopted. They beg, therefore, to submit the following recommendations—

That the Engineer and Chemist be authorised to incur the working expenses necessary for the treatment by precipitation, &c., of nine millions of gallons of Sewage daily at Crossness; such expenditure not to exceed the sum of £7,000.

That the sum of £364 be paid in respect of the balance of the purchase-money of the 36-inch sludge press, which was hired from Messrs. Johnson and Co.

That an Assistant be employed, as during last summer, at the Barking Outfall, at an expense of £3 per week, to check the delivery of manganate of soda.

That a temporary Chemical Assistant at £4 4s. per week be employed, when necessary, to supervise the deodorising operations within the Metropolis.

That the necessary wooden tanks, &c., required for deodorising purposes be erected at various points on the lines of Main Sewers within the Metropolis, at a cost of about £1,000.

Your Committee have had under consideration the Memorial, referred by the Board on the 19th ultimo (No. 3), from the Greenwich District Board, urging the desirability of at once proceeding with the construction of a Lake on Blackheath, with a view to providing work for the unemployed, and asking that, if the Board are not prepared to do that, they will lend the Plans and Specification, in order that the work may be proceeded with, under the Board's supervision, by the South-Eastern Central Committee,

in connection with the Mansion House Relief Fund. In connection with the Memorial your Committee have also had before them the Letter from Lord Charles Bruce, enclosing copy of a Petition to the Lord Mayor and Members of the Mansion House Committee for a grant of £2,000 towards the cost of forming a Lake on Blackheath, and stating that the request was acceded to upon certain conditions, and that the amount of (£2,000) would form part of the £5,000 referred to in his previous Letter, referred by the Board on the 5th instant (No. 61), and also the Letter from Mr. W. J. Purver, transmitting a Memorial signed by the Chairman of the Lewisham, Deptford, and Greenwich Mansion House Relief Committee, urging the Board, under the circumstances stated, to form a Lake on Blackheath, for which purpose the Mansion House Relief Committee had granted them the sum of £2,000, to be spent und there direction of the Board, in aid of the Improvement, referred by the Board on the 5th instant (No. 50). Your Committee have given the matter careful consideration, and it appears to them that there is a wide difference in the powers of the Board with reference to enclosed Parks, such as Finsbury-park and Southwark-park, and an Open Space like Blackheath, where the soil in the Heath has never been conveyed to the Board, and where the authority of the Board is strictly limited to the terms of the Scheme as confirmed by Parliament. It will be found that by those terms the rights of the Lords of the Manors, of the Crown, and of other parties interested in the soil and other profitable interests, are reserved, and your Solicitor, who has reported fully to your Committee on the question, thinks that this effectually prevents the Board from carrying out a plan by which a considerable acreage would be covered with water, and entirely altered in character. It is true that the Board may plant, or otherwise beautify, outlying portions of the Heath, but he is of opinion that what is proposed is not within these words, and he points out, moreover, that although Section 3 of the Scheme gives authority to plant or otherwise beautify gravel pits 1, 2, 3 and 4 on the Plan, it does not allude to the gravel pit in question, which is marked on the Plan as belonging to the Crown. With reference to the question whether the Board could sanction the making of the Lake out of funds raised for the unemployed poor, your Solicitor fears the Board have no such authority, even if, as seems to be proposed, the expense were borne by the fund in question. The result is that it appears to him, and in this view your Committee concur, that the Memorial of the Board of Works for the Greenwich District is founded upon a misconception of the rights of the Board over the Heath. Under these circumstances, your Committee, while sympathising deeply with the object sought to be attained, viz., the relief of the unemployed, see no alternative but to recommend the Board to inform the Greenwich District Board and Lord Charles Bruce and Mr. Purver, that the Board have no legal powers to do what is asked.

Your Committee have considered the Letter, referred to them on the 15th January last (No. 27), from the Vestry of Bermondsey, transmitting Plans of an Improvement they proposed to effect in Mill-street, at an estimated cost of £2,575, exclusive of paving and other works, and asking the Board to contribute a moiety of the cost of the Improvement. The proposal of the Vestry is to widen Mill-street, opposite Mr. Seth Taylor's Flour Mill, at which point it is only about 12 feet wide, and the Board have already expressed the opinion that the proposed widening would be a valuable Local Improvement. Your Committee took an opportunity of viewing the locality some time ago when a previous Letter was under consideration, and having ascertained from your Superintending Architect that the estimate, which does not include any amount for paving or other works, is fair and reasonable, they recommend—

That the Board do contribute one-half of the net cost of the Improvement, such contribution not to exceed the sum of £1,287, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883, (No. 3), with respect to Loans

granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

All which your Committee beg to submit.

Mr. Tolhurst handed in a Memorial from wharfingers, merchants, and ratepayers of St. Olave's District, against the proposed extension of the Southwark and Deptford Tramway in Tooley-street.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the consent of the Board be not given to the introduction into Parliament of the Southwark and Deptford Tramways Bill.

It was *moved* by Mr. Lindsay, and seconded by Mr. Freeman—That so much of the Report as relates to the steps taken for the precipitation and deodorisation of the Metropolitan Sewage be taken as read.

The motion having been put to the vote, there were for it 12, against it 21; and it was declared by the Chairman to be lost.

The Report was then read by the Clerk.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the Report be received, that the consideration thereof be deferred until this day fortnight, and that meantime a copy thereof be sent to the Home Secretary.

It was *moved* by Mr. Richardson, seconded by Mr. Freeman, and *resolved*—That the Report be printed and circulated among the Members of the Board.

It was *moved*, seconded, and *resolved*—That the consideration of the Motions by Mr. Fowler and Mr. Selway, relative to the Report of the Committee, notice of which Motions appears in the paper of business, be deferred until this day fortnight.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the Engineer and Chemist be authorised to incur the working expenses necessary for the treatment by precipitation, &c., of nine millions of gallons of Sewage daily at Crossness; such expenditure not to exceed the sum of £7,000.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the sum of £364 be paid in respect of the balance of the purchase-money of the 36-inch sludge press, which was hired from Messrs. Johnson and Co.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That an Assistant be employed, as during last summer, at the Barking Outfall, at an expense of £3 per week, to check the delivery of Manganate of Soda.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That a temporary Chemical Assistant, at £4 4s. per week, be employed, when necessary, to supervise the deodorising operations within the Metropolis.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the necessary wooden tanks, &c., required for deodorising purposes be erected at various points on the lines of Main Sewers within the Metropolis, at a cost of about £1,000.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That so much of the Report as relates to the Memorial from the Greenwich District Board, urging the desirability of at once proceeding with the construction of a Lake on Blackheath, with a view to providing work for the unemployed; and to the communications from Lord Charles Bruce and the Lewisham, Deptford and Greenwich Mansion House Relief Local Committees on the same subject, be approved; and that the Memorialists be informed that the Board have no legal powers to do what they ask.

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That the Board do contribute one-half of the net cost (£2,575) of an Improvement in Mill-street, Bermondsey, proposed to be effected by the Vestry of Bermondsey, such contribution not to exceed the sum of £1,287, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

9. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 2nd March, 1886.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
12th January, 1885.	Vestry of St. Pancras, for re-numbering the houses in various streets in the Parish.
13th August, 1885.	Vestry of Islington, for re-numbering the houses in Scholefield-road.
6th February, 1886.	Mr. Edwin Lawrence, on behalf of the Gentlewomen's Self-help Institute, No. 15, Baker-street, complaining that Messrs. Wise and Son have appropriated the number 15 for a house hitherto known as 16A, Baker-street, Portman-square.
	Postmaster-General, stating that Coldharbour-lane is in two postal districts, and that complaints have been made of consequent delay in the delivery of Letters, and asking whether a new name might not be given to that part of the Lane which is situate in the S.W. district.
3rd February, 1886.	Mr. R. W. Monro, Hon. Sec. of the Central London Dwellings Improvement Company, requesting that Star-court and Chapel-yard, Newton-street, St. Giles, might be re-named "Thurstan-dwellings, W.C."

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of certain of the thoroughfares, and they recommend—

That the houses in Naval-row, High-street, Poplar, be re-numbered.

That the subsidiary names in Preston's-road, Poplar, be abolished, and the houses re-numbered.

That the subsidiary names in Wells-road, Sydenham, be abolished, and the houses re-numbered.

That York-street, Church-street, Bethnal-green, be re-named "Ebor-street, E.," and the houses re-numbered.

That William-street and Thomas-street, Lower-marsh, Lambeth, be incorporated under the name "Coral-street, S.E.," and the houses re-numbered.

That Durnford-place, Durnford-terrace, Marsden-terrace, and Princes-terrace, St. Pancras, be incorporated under the name "Marsden-street, N.W.," and the houses re-numbered.

That the houses in Leybourne-road, Chalk-farm, be re-numbered.

That the subsidiary names in Scholefield-road, Holloway, be abolished, and the houses re-numbered.

That the premises at the corner of Blandford-street and Baker-street, Portman-square, in the occupation of Messrs. Wise and Son, until lately numbered 16A, be in future numbered and described as 15A, Baker-street.

That no alteration be made in the name of that portion of Coldharbour-lane, Brixton, which is situate in the S.W. Postal District, and that the Postmaster-General be so informed.

That Mr. R. W. Monro, Hon. Sec. of the Central London Dwellings Improvement Company be informed, in reply to his Letter, that the Board do not object to the application of the name "Thurstan-dwellings, W.C.," to the industrial dwellings erected upon the site of Star-court and Chapel-yard, Newton-street, St. Giles's.

All which your Committee beg to submit.

Wise and Son, until lately numbered 16A, Baker-street, in the Parish of St. Marylebone, in the County of Middlesex, be in future numbered and described as 15A, Baker-street, and that notice of this Order be given to the Vestry of St. Marylebone, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

It was **moved** by Mr. Ewin, seconded by Mr. Phillips, and **resolved**—That no alteration be made in the name of that portion of Coldharbour-lane, Brixton, which is situate in the S.W. Postal District, and that the Postmaster-General be so informed.

It was **moved** by Mr. Ewin, seconded by Mr. Phillips, and **resolved**—That Mr. R. W. Monro, Hon. Sec. of the Central London Dwellings Improvement Company, be informed, in reply to his Letter, that the Board do not object to the application of the name "Thurstan-dwellings, W.C.," to the Industrial Dwellings erected upon the site of Star-court and Chapel-yard, Newton-street, St. Giles.

10. It was **moved** by Mr. Selway, seconded, and **resolved**—That the Report of the Parliamentary Committee, notice of which appears in the paper of business, be now considered.

Mr. Selway, the Chairman of the Parliamentary Committee, then brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 10th March, 1886.

Your Committee reported, on the 19th ultimo, the conditions of an arrangement proposed to be made with the Governors of Dulwich College, having reference to the land formerly belonging to the College, which was conveyed to the Board by an Act of Parliament passed last Session for the purposes of a public Park. The arrangement referred to was approved by the Board, among the conditions being that the Governors should undertake to make a road 40 feet wide from Dulwich College-road to Lordship-lane across the South-Eastern portion of the ground conveyed to the Board, such road to be in substitution for an existing public foot-path, and that the Board should re-convey to the Governors a small portion of the ground, about $1\frac{3}{4}$ acres in extent, which the proposed road would cut off from the remainder of the ground. It has now been reported to your Committee that the Governors decline to bind themselves to make the 40-feet road referred to in the above-mentioned Resolution, and, that being so, the proposed arrangement must be considered at an end. Your Committee may add that, as it is necessary to maintain a right-of-way across the ground, they have instructed your Solicitor to arrange for the formation of a new foot-path 20 feet wide (instead of a road) in substitution for the existing foot-path.

In the Report above referred to, presented on the 19th February last, your Committee alluded to certain leasehold and other subsidiary interests in portions of the ground conveyed to the Board, which interests it was proposed that the Board should acquire in order that the whole of the ground might be in the Board's possession, free and unencumbered. Your Committee now recommend—

That they be authorised to negotiate for the acquisition of those subsidiary interests, including the surrender of certain rights of access.

Your Committee, on Friday last, recommended that the Clause in the Board's Various Powers Bill to require Gas, Water, and other Companies laying pipes under the streets, to lay them in the Subways when such have been made by the Board, should not be further proceeded with. The question was, however, referred back for

further consideration. Your Committee, having again considered it, are still of opinion that it would be better for the Board not to endeavour to obtain the power required in the present Bill, and they recommend—

That the Clause be not further proceeded with.

On the 15th January, your Committee reported upon a Bill entitled the Charterhouse Bill, in which the Trustees of the Charterhouse asked for power to appropriate a further portion of their property for general building purposes. Your Committee stated in that Report that their attention had been directed to the question whether the Board could take any action in connection with the Bill with a view to seeing that the property to be let for building should be liable to the Local Rates, the Charterhouse itself being an extra-parochial place, and, as such, exempted from the General Rates. They stated that your Solicitor was of opinion that the Bill could not be opposed by the Board on that ground, and they therefore recommended that no petition should be presented against the Bill. The question was, however, referred back to your Committee for further consideration and report, and at the same time a Letter from the Holborn District Board was referred asking the Board to endeavour to secure that the land referred to in the Bill should be retained as an open space for public use. Since the date of the reference back, your Solicitor has been in communication with the Agents of the Promoters of the Bill with a view to seeing whether some arrangement could be come to by which the buildings to be erected on the land proposed to be sold might be brought under charge to the Local Rates, and he has reported that the Trustees of the Charterhouse are quite willing that an arrangement should be made at some future time for bringing under charge to the Local Rates the buildings to be erected on the land about to be disposed of. They state, however, that there are so many provisions in existing Acts of Parliament, and other arrangements, which would be affected by any alteration such as that proposed that it could not be provided for in the present Bill. Your Committee are of opinion that no Petition should be presented, or other action taken by the Board upon the Charterhouse Bill, and they recommend accordingly.

All which your Committee beg to submit.

FRANCIS H. FOWLER.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That so much of the Report as relates to the making of the 40-feet road outside the proposed Park at Dulwich, as stipulated in the arrangement agreed to by the Board on the 19th ultimo, and states that the Committee have instructed the Solicitor to arrange for the formation of a new footpath, 20 feet wide, in substitution for the existing footpath, be approved.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Committee be authorised to negotiate for the acquisition by the Board of certain subsidiary interests in the land conveyed to the Board for the purpose of the Park at Dulwich, and for the surrender to the Board of certain rights of access to such land.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Clause in the Board's Various Powers Bill to require Gas, Water, and other Companies laying pipes under the streets to lay them in the Subways, when such have been made by the Board, be not further proceeded with.

It was *moved* by Mr. Selway, seconded, and *resolved*—That no action be taken by the Board with reference to the Charterhouse Bill.

11. It was *moved* by Mr. Selway, seconded, and *resolved*—That the Reports by the Engineer be now considered.
12. Read a Report by the Engineer, dated 12th March, 1886, on the undermentioned Sewerage works proposed to be executed by the following Vestry and District Board—

LOCALITY OF WORK.	WORK APPLIED FOR.			REMARKS.
	Length in feet.	Size.	Material.	
KENSINGTON.				
Barkston-gardens, Earl's-court...	1,180	3' 0" × 2' 0"	half-brick	Recommended as applied for
WANDSWORTH.				
Carmalt-gardens, Upper Richmond-road ...	510	15-inch	pipe	Recommended as applied for.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the said Vestry and District Board be permitted to construct and execute the several works in the manner therein recommended.

13. Read a Report by the Engineer, dated 12th March, 1886, on a Letter from the Vestry of Chelsea, applying for permission to close a further portion of King's-road, from Langton-street Westward, to the East side of Lots-road, for the purpose of executing paving works therein.

It was *moved* by Mr. Mossop, seconded by Mr. Urquhart, and *resolved*—That the sanction of the Board be given, and the same is hereby given, to the closing, in sections, of the portion of the thoroughfare referred to, by the Vestry of Chelsea, for a period of six weeks, for the purpose of executing paving works therein.

14. Read a Report by the Engineer, dated 12th March, 1886, on Letters from Mr. R. Berwick, applying for compensation for alleged loss of business sustained by him from the erection of a temporary shed or hoarding for the purpose of the Board's works in Long-acre; stating that the temporary structure referred to was erected for the purpose of cleansing the Piccadilly branch of the Middle Level Sewer, that the works were carried on both by day and night so as to complete them as quickly as possible; that the hoarding had been removed on Tuesday last, and that whilst the works were in progress care had been taken to put Mr. Berwick and his immediate neighbours to as little inconvenience as possible; and that as the Board had invariably declined to admit their liability for claims of a similar description, recommending that the present one should be similarly dealt with.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the Board do deny any liability in respect of the claim.

15. Read a Report by the Engineer, dated 12th March, 1886, on a Letter from Mr. J. Hunt, applying for permission to connect the surface drainage of his premises Abbey, Flour Mills, West Ham, with the drain laid for the purpose of draining the Board's workmen's cottages at the Abbey Mills Pumping Station; stating that the drain from the Board's cottages ran into the Low Level Sewer at the filth hoist, and that the discharge had to be pumped up into the Outfall Sewer, that if the surface drainage from Mr. Hunt's premises were admitted into the Board's drain it would of course increase the quantity to be pumped, and also stating that the premises were beyond the Metropolitan area, and recommending that the application should not be granted.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the application be not granted.

16. Read a Report by the Engineer, dated 12th March, 1886, stating that the following quantities of stores were required for use at the undermentioned Reservoir and Pumping Station—

<i>Barking Reservoir.</i>				ESTIMATE.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the stores be obtained accordingly, the cost thereof being charged to the General Working Account of the Board.

17. Read a Report by the Engineer, dated 12th March, 1886, stating that repairs to three boilers and to the filth hoist at the Deptford Pumping Station had recently been executed, on emergency, by Messrs. J. and G. Rennie, at a cost of £43 8s. 8d., and that a new spring ring and new junk ring for the cylinder piston had been supplied and sundry minor repairs executed by Messrs. Stone and Co., at a cost of £48 4s. 6d., and asking the Board to sanction the same.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the sanction of the Board be given to the said works, and that the cost thereof be charged to the General Working Account of the Board.

18. Mr. Bradfield, in the absence of Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 9th March, 1886.

Your Committee have to report that they have had under consideration an application from Mr. J. Taylor, for sanction to the establishment anew of the business of a Slaughterer of Catle, at the rear of No. 490, Caledonian-road, Islington. Having regard to the character of the buildings, mostly residential houses, in the neighbourhood of the site, your Committee do not consider the position a suitable one for a Slaughterhouse, and they recommend—

That the application be not granted.

Your Committee have further to report that proceedings have been taken against Charles Morsley, of Greenwich-marshes, for slaughtering upon unlicensed premises, and he was fined 40s. and 2s. costs.

Your Committee have further to report that they have considered a Letter from Mr. Hartley Fewson, relative to his invention for the treatment of noxious gases, separately or combined, as in Sewer Gas, referred by the Board on the 29th January (No. 50). Mr. Fewson's plan appears to provide for drawing out offensive gases from Sewers by means of force pumps, which would deliver such gases into an apparatus where, by the agency of an electric current, they would be rendered inodorous. Mr. Fewson proposes that the Board should go to considerable expense in providing a gas engine, a double action pump, and other appliances, in order that his plan might be tested; but as your Committee see no indication whatever that it is of a practical character, they cannot advise the Board to incur the expense, and they recommend—

That Mr. Fewson be so informed.

Your Committee have further to report that Mr. E. Addenbrooke, Gas Examiner, is unable to perform his duties in consequence of illness, and his medical adviser certifies that he will be unfit for duty for some time. Under these circumstances your Committee recommend—

That Mr. Addenbrooke be granted leave of absence for one month, and that, if necessary, the Chemist do report to the Board at the end of that period.

Your Committee have further to report that they have had under consideration an application from Miss J. A. Chapman, for renewal of registration for the keeping of 3 Infants at No. 10, Graveney-road, Lower Tooting. The accommodation provided is satisfactory, but your Committee are of opinion, after a careful consideration of the circumstances, that Miss Chapman is not in a position to give proper care to so many as 3 Infants, and your Committee recommend—

That the application of Miss J. A. Chapman, for renewal of registration under the Infant Life Protection Act for the keeping of Infants at No. 10, Graveney-road, Lower Tooting, be granted, and that the Board do make a Bye-Law fixing 2 as the number of Infants allowed to be kept at such premises.

Your Committee have further to report that they have had under consideration an application from Messrs. Jas. Barringer and Sons, for the renewal of their Petroleum License. The conditions of storage continue satisfactory, and your Committee recommend—

That a License be granted to Messrs. James Barringer and Sons, for a period of 12 months, from the 12th instant, to keep 2,000 gallons of Petroleum at their premises in Wallis-road, Hackney-wick, in accordance with the terms of the draft License submitted.

Your Committee also submit a list of 85 applications for Licenses to keep Petroleum in small quantities, and recommend—

That in 69 cases Licenses be granted to keep a quantity not exceeding 10 gallons of Petroleum in each case at the places named, and in accordance with the conditions of License No. 91; that in two cases Licenses be granted to keep Petroleum at the places named, in a store situated and constructed in accordance with License No. 90, and that in 14 cases special Licenses be granted to keep Petroleum at the places named in the manner described in such Licenses.

All which your Committee beg to submit.

(Signed)

G. B. RICHARDSON,
J. E. BRADFIELD,
JOHN RUNTZ,
GEORGE PHILLIPS,
W. J. WETENHALL.

The list of applications for Licenses to store Petroleum, submitted by the Committee, was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the application of Mr. J. Taylor, for sanction to the establishment anew of the business of a Slaughterer of Cattle, at the rear of No. 490, Caledonian-road, Islington, be not granted.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That Mr. Hartley Fewson be informed, in reply to his Letter asking the Board to assist in conducting experiments for testing his invention for the treatment of noxious gases, separately or combined as in Sewers, that the Board are unable to comply with his application.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That one month's leave of absence be granted to Mr. E. Addenbrooke, Gas Examiner, and that, if necessary, the Chemist do report again to the Board at the end of that period.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the registration of Miss J. A. Chapman, under the Infant Life Protection Act, for the keeping of Infants at No. 10, Graveney-road, Lower Tooting, be renewed, and that the Board do make a Bye-Law fixing two as the number of Infants allowed to be kept at such premises.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That a License be granted to Messrs. James Barringer and Sons, for a period of twelve months from this date, to keep 2,000 gallons of Petroleum at their premises in Wallis-road, Hackney-wick, in accordance with the terms of the draft License now submitted.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That Licenses be granted to the Eighty-five persons mentioned in the list now submitted, to keep Petroleum in the places and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses ; and the Seal was affixed accordingly.

19. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 10th March, 1886.

In pursuance of the Resolution of the Board of the 19th ultimo, (No. 37), authorising your Committee to receive a Deputation from the Vestry of Hampstead on the subject of planting trees at the margin of Hampstead-heath, next the West Heath-road leading to Child's-hill, your Committee have now to report that they have received the Deputation referred to, and have heard the views of the Vestry. As the Board are aware, what is practically a new road has been formed on the West Heath, Hampstead, the old narrow way having been widened to 60 feet. The Lord of the Manor is about to plant the footpath on the South side of this road with a double row of trees, and the Vestry, with a view of securing uniformity, and thus forming an Avenue, desire that the Board should plant a double row of trees on the Heath side of the road, to correspond with those to be planted by the Lord of the Manor. Your Committee find that the work will only necessitate an outlay for trees of £14, and they therefore consider that they should be authorised to undertake the work referred to. The trees which are proposed to be planted are a row of Normandy Elms, and another row of Turkish Oaks and Beech alternately. Your Committee recommend—

That the expenditure of £14 for the purchase of trees be approved.

Your Committee have to report that 160 casts of flower pots are required for use in Finsbury-park, and they recommend—

That the estimated expenditure, viz., £12 10s., be sanctioned.

The Bye-laws for Highbury-fields having been advertised for one month, as required by the Act, application is about to be made to the Home Secretary to approve thereof. Your Committee therefore recommend—

That six Bye-law boards be obtained for placing on the Fields, and that the estimated expenditure, £31 10s., for the purpose, be sanctioned,

In pursuance of the reference by the Board on the 5th instant, your Committee have considered the Letter from the Metropolitan Drinking Fountain and Cattle Trough Association, requesting permission to remove the present Fountain on Peckham-rye, and to substitute a larger one. As the Association propose to carry out the work at their own cost, your Committee see no objection to the proposal, provided the work be done to the satisfaction of your Superintending Architect ; and they recommend—

That the necessary permission be given upon that condition.

Your Committee have had before them a Letter from the Metropolitan Public Gardens Association, referring to the works about to be carried out by the Board on Highbury-fields, and offering to place at their disposal 100 men for two months to carry out those works. The operations which the Board have decided to undertake in connection with Highbury-fields are not of such an extent as to require so much labour as that offered by the Association, and, moreover, they are to be done under Contracts, which have been already entered into. The Contractors will, of course, require to employ labour,

and thus to a certain extent the desire of the Association will be obtained. Your Committee beg to recommend—

That a communication be addressed to the Association, declining their offer, on the ground that the Board have already made arrangements for carrying out by Contract the works of improvement on Highbury-fields

Under the authority conferred on them by the Board on the 13th June, 1873 (No. 13), your Committee have authorised the purchase of canvas, castings, screws, &c., for use in Finsbury-park, manure for, and the repair of a pipe in the Chelsea Embankment-gardens, and ropes and wood, and a watering can and sponge, together with the repair of two mowing machines in Southwark-park. Your Committee have likewise authorised the repair and alteration of water pipes in Finsbury-park and of one of the entrance gates to Southwark-park, and the purchase of a stove pipe for the watch box at Peckham-rye and articles for the box on Highbury-fields; and also the erection of fencing on Plumstead-common, next the boundary of the Park Estate.

All which your Committee beg to submit.

(Signed) J. E. BRADFIELD,
JOHN RUNTZ,
WM. SHEPHERD,
GEORGE HILL,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Bradfield, seconded, and resolved—That the Committee be authorised to plant 28 trees, as described in the Report, at the margin of Hampstead-heath, next the West Heath-road, as requested by the Vestry of Hampstead.

It was moved by Mr. Bradfield, seconded, and resolved—That 160 casts of flower pots be obtained for use in Finsbury-park, at an estimated cost of £12 10s.

It was moved by Mr. Bradfield, seconded, and resolved—That six Bye-law boards be obtained for placing on Highbury-fields, at an estimated cost of £31 10s.

It was moved by Mr. Bradfield, seconded, and resolved—That permission be given to the Metropolitan Drinking Fountain and Cattle Trough Association to remove the present Fountain from Peckham-rye, and to substitute a larger one, conditionally upon the work being done at the sole expense of the Association and to the satisfaction of the Superintending Architect

It was moved by Mr. Bradfield, seconded, and resolved—That so much of the Report as relates to the offer of the Metropolitan Public Gardens Association to supply 100 men for carrying out works of improvement on Highbury-fields, be approved, and that the Association be informed that as the Board have entered into Contracts for carrying out all necessary works on the Fields they are unable to accept the offer.

It was moved by Mr. Bradfield, seconded, and resolved—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

20. Mr. Shepherd, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 10th March, 1886.

Your Committee have to report that their attention has been called to the delay which must take place before the lithographed contract Drawings, which were ordered by the Board on the 29th January last (No. 15), for the new Bridge at Battersea, can be issued as they are very elaborate and contain so much detail. Your Engineer has informed your Committee that they will be completed by about the 17th instant, and, under these circumstances, it will be necessary that the date fixed by the Board for receiving Tenders should be altered from the 26th March to the 16th April next, and your Committee beg to recommend accordingly.

Your Committee have also to report that they have considered whether it would not be advisable that a Clause should be inserted in the Specification for the works of the new Bridge at Battersea, to the effect that only iron and steel of British manufacture should be used in its construction, as they are superior in quality to those of foreign make. Your Committee have ascertained that it would not make any appreciable difference in the amount of the Tenders if this were done, and they have arrived at the conclusion that it would be advantageous to the Board to adopt that course, and they beg to recommend—

That a Clause be inserted in the Specification that only iron and steel of British manufacture shall be used in connection with the construction of the Bridge.

Your Committee have to report that they have considered as to whether the lighting of Waterloo Bridge could not be improved. Your Engineer, in his Report to them upon the subject, has recommended that for the purpose of improving the lighting of the Bridge and its approaches at either end the small lamp on each of the four corners of the Bridge foot-ways should be taken down and be re-placed by a lamp giving equal light to those on the parapets of the Bridge, also that the supply pipes, which vary in size and in parts are defective, should be properly re-instated, and where necessary, re-placed by pipes of one uniform size, and that a larger meter should be used, and a new meter-chamber constructed. Your Committee have ascertained that the estimated cost of the whole of the works would be about £110, and they are of opinion that it is desirable that this important line of communication across the River should be efficiently lighted, and they therefore recommend—

That the lighting of the Bridge and its approaches be improved in the manner suggested by the Engineer at a cost not exceeding £110, and that the expense be charged to the Working Account.

All which your Committee beg to submit.

WM. SHEPHERD,
W. R. SELWAY,
JOHN RUNTZ,
GEO. EDWARDS,
ROBT. JONES,
FRANCIS H. FOWLER.

The Report having been read and received,

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That, inasmuch as the lithographing of the Plans of new Battersea Bridge will occupy a longer time than was anticipated, the date for receiving Tenders for the works be the 16th April next, instead of the 26th instant, as directed by the Board.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That a Clause be inserted in the specification for the works of new Battersea Bridge, requiring that only iron and steel of British manufacture shall be used in connection with the construction of the Bridge.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the lighting of Waterloo Bridge, and its approaches, be improved in the manner suggested by the Engineer, at a cost not exceeding £110, and that the cost of the work be charged to the Bridges (Maintenance) Account.

21. It was *moved* by Mr. Edwards, seconded, and *resolved*—That the motion by Mr. Lindsay, notice of which appears in the paper of business, be now considered.

Mr. Lindsay then proceeded to call attention to the course adopted in the House of Commons in reference to the Board's Water Supply Bill, 1886, and moved—"That prints of all the remaining Bills promoted by the Board during the present Session be circulated among the Members of the Board."

The motion was seconded by Mr. Runtz.

After discussion the **motion** was put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

22. The Clerk presented a communication from Mr. C. H. Parkes, dated 8th March, 1886, stating that the Commercial Gas Company having proposed to raise further capital under their Act of 1875, the Board of Trade had appointed him to investigate the matter, and that he proposed, under the Section of the Act, to commence the enquiry on Thursday next, the 18th instant, at the Company's Office at Stepney.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said communication be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with respect thereto; that the Accountant do report to the Committee on Monday next whether, looking to the last published Accounts of the Company, it is necessary for the Board to offer any objection to the proposed increase of capital, and that the Solicitor do also report to the Committee on the legal points involved.

23. The Solicitor reported that the Board's (Various Powers) Bill, 1886, was still awaiting appointment to a Select Committee of the House of Commons, and that the Board's (Fire Brigade Expenses) Bill had been appointed for second reading in the House of Commons, on the 16th instant.
24. The Solicitor reported that the second reading of the Sanitation of Houses Bill had been appointed for the 19th May.
25. The Solicitor reported that the Select Committee to which the Employers' Liability Act (1880) Amendment Bill (Mr. Arthur O'Connor) had not yet been appointed.
26. The Solicitor reported that the Employers' Liability Act (1880) Amendment Bill (No. 2) (Mr. Burt) had been read a second time on the 11th instant, and referred to the Select Committee on Mr. A. O'Connor's Bill.
27. The Solicitor reported that the second reading of the Land Purchase Facilities Bill was appointed for 7th July next.
28. The Solicitor reported that the Copyhold Enfranchisement Bill had been appointed to be considered by a Committee of the whole House on the 22nd instant.
29. The Solicitor reported that the Rivers Purification Bill has been appointed for second reading in the House of Commons on the 16th instant.
30. The Solicitor reported with respect to the Hyde-park-corner (new streets) Bill, that the Select Committee would consist of five Members, three to be nominated by the House of Commons, and two by the Committee of Selection; that the House had made the usual orders with respect to the powers and quorum of the Committee, and that a Petition had been presented against the Bill by the Vestry of St. George, Hanover-square.
31. The Solicitor reported that the second reading of the Commons and Inclosure Acts Amendment Bill was appointed for 26th May next.
32. The Solicitor presented a copy of the Smoke Nuisance Abatement (Metropolis) Bill introduced into the House of Lords by Lord Stratheden and Campbell, and reported that the date for the second reading had not yet been fixed.
33. The Solicitor reported that the Bexley-heath Railway Bill had been referred to a Select Committee of the House of Lords, presided over by Lord Balfour of Burleigh; that the Committee had met for the first time yesterday, but that the Bill had not been reached, and that it was on the list for consideration this day.
34. The Solicitor reported that the Chairman of the Board had replied to a question in the House of Commons, by Mr. Fisher, with reference to the laying out of certain land adjacent to Fulham Palace, and also to a question by Mr. R. Cooke, as to the progress of the works for the new street from Great Dover-street, Borough.
35. The Solicitor reported that the adjourned debate on the second reading of the Board's

Water Supply Bill in the House of Commons had been resumed on the 5th instant, when the Bill was, after discussion, rejected by a majority of 54, the numbers being—

For the second reading	...	...	...	...	76
Against it	...	...	...	...	130
Majority					<u>54</u>

And he presented an extract from the *Times*, with a report of the debate on the Bill.

- 36.** The Solicitor reported that the second reading of the Board's (Theatres, &c.) Bill in the House of Commons stood for the 17th instant, and that Mr. Jennings had given notice that on the motion for the second reading he would move that the Bill be read a second time upon that day six months. The Solicitor further reported that a Petition had been presented by the Westminster District Board in favour of the Bill.
- 37.** The Solicitor presented a copy of the Waterworks (Rating) Bill, which had been introduced into the House of Commons, and read a first time on the 25th February last, and stated that it proposed to amend the law relating to Waterworks belonging to Local Authorities, and that the second reading was appointed for the 7th April.
- 38.** The Solicitor presented a copy of the Land Tenure and Transfer Bill, the Leaseholds (Facilities of Purchase of Fee-simple) Bill, and the Copyhold and Customary Tenure Bill, which had been introduced and read a first time in the House of Commons.
- 39.** The Solicitor reported that the consideration of the Compensation for Damages Bill, by a Committee of the whole House of Commons, had been adjourned until the 18th instant.
- 40.** The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

- 41.** The Solicitor presented a copy of the Electric Lighting Act (1882) Amendment Bill, which had been introduced into the House of Lords by Lord Rayleigh, and read a first time on the 2nd instant, and stated that it proposed to amend and extend the provisions of the Electric Lighting Act of 1882, and that the date for the second reading had not yet been fixed.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Solicitor do obtain copies of the Bill for such of the Members of the Board as may desire to have one.

- 42.** The Solicitor reported the due completion of the arrangements with respect to the undermentioned Loans—

	AMOUNT OF LOAN.				
Fulham District Board	...	...	...	...	£6,700
Plumstead do.	...	...	...	...	1,800
Guardians of the Strand Union	...	...	...	...	1,100

- 43.** The Solicitor reported that the Treasury had approved of the periods for the repayment of the several portions of the Loan of £5,000 to the Fulham District Board, and he suggested that this Board should now pass Orders, authorising the District Board to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered* as follows—

Whereas, the Board of Works for the Fulham District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys

or rates authorised to be raised by the said District Board, under the first mentioned Act, within the said District, of a sum of One thousand eight hundred and sixty pounds, for the purpose of defraying the expense incurred, or to be incurred, by the said District Board in executing certain York stone foot-way paving and granite kerbing and channelling works in St. Ann's-road, Hammersmith, and around St. Andrew's Church and St. Peter's Church, and in the Mall and Starch-green-road, Fulham, and in making up and re-paving the road and foot-ways of certain streets widened and improved by the District Board, and in constructing a public convenience in the Broadway, Hammersmith. **And whereas** this Board have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand eight hundred and sixty pounds should be borrowed by the said District Board for the purposes aforesaid. Therefore it is **ordered** that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of One thousand eight hundred and sixty pounds, for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by equal annual instalments within a period of Ten years.

Whereas, the Board of Works for the Fulham District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some, or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board, under the first mentioned Act, within the said District, of a sum of One thousand three hundred and ten pounds, as to Eight hundred pounds, part thereof for the purpose of enabling the said District Board to contribute towards the expense of constructing the Gliddon-road Bridge over the Metropolitan District Railway; and as to Five hundred and ten pounds, residue thereof, for the purpose of enabling the District Board to defray the expense of executing certain Flood-works at Crabtree Dock, Fulham Dock, Hammersmith Dock, the Mall and Chiswick Mall, which works, under the Metropolis Management Thames River (Prevention of Floods) Amendment Act, 1879, the District Board are liable to execute. **And whereas** this Board have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand three hundred and ten pounds should be borrowed by the said District Board for the purposes aforesaid. Therefore it is **ordered** that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of One thousand three hundred and ten pounds for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Thirty years.

Whereas, the Board of Works for the Fulham District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board, under the first mentioned Act, within the said District, of a sum of One thousand eight hundred and thirty pounds, for the purpose of defraying part of the expense incurred, or to be incurred, by the said District Board, in executing certain Street Improvements by widening and improving parts of Dawes-road, Great Church-lane, Stamford-brook-road, Beadon-road, Parson's-green-lane, Fulham-road, and North-end-road, all within the said District. **And whereas** this Board have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand eight hundred and thirty pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is **ordered** that the sanction in writing of

the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of One thousand eight hundred and thirty pounds, for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Fifty-five years.

The Solicitor laid before the Board two copies of each of the foregoing Orders.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £5,000 be now drawn in favour of the Fulham District Board; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

44. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £16,000 to the Vestry of St. George, Hanover-square, and he suggested that the Board should now pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and also for a Cheque for £20 for the Stamp-duty.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas, the Vestry of the Parish of St. George, Hanover-square, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry under the first-mentioned Act, within the said Parish, of a sum of Sixteen thousand pounds, for the purpose of defraying the expense incurred or to be incurred by the said Vestry in purchasing additional land as a site for Offices for the purpose of transacting the ordinary business of the said Parish, under the above-mentioned Acts, and in erecting such Offices. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Sixteen thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Sixteen thousand pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid, as to Two thousand two hundred and fifty pounds, required for the purchase of land, by equal annual instalments, within a period of Fifty years; and as to Thirteen thousand seven hundred and fifty pounds, by annual instalments of as nearly equal an amount as may be within a period of Thirty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £16,000 be now drawn in favour of the Vestry of St. George, Hanover-square, and also a Cheque for £20 for the Stamp-duty on the Mortgage-deed; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

45. The Solicitor reported that the following Order had been made by the House of Commons on the 26th ultimo—

Select Committee appointed to enquire into and report upon the condition of the River Lee, and to make such recommendations as may appear necessary (Mr. Attorney-General).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the subject be referred to the Works and General Purposes Committee for consideration, with authority to confer with the Parliamentary Committee thereon, and to carry out any Resolution at which they may arrive.

46. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the Loan of £7,700 to the Managers of the Central London School District, and he suggested that the Board should draw a Cheque for the amount, to enable him to complete the matter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £7,700 be now drawn in favour of the Managers of the Central London School District; and a Cheque was drawn on the General Capital Account accordingly.

47. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £30,000 to the Vestry of Islington, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and also a Cheque for £37 10s. for the Stamp-duty.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of St. Mary, Islington, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, and of the Metropolitan Board of Works (Various Powers) Act, 1885, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of Thirty thousand pounds, for the purpose of enabling the said Vestry to contribute towards the expense incurred by the Metropolitan Board of Works in the purchase of Highbury-fields. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Thirty thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, and the Metropolitan Board of Works (Various Powers) Act, 1885, of a sum of Thirty thousand pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by equal annual instalments of as nearly equal an amount as may be, within a period of Fifty-five years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £30,000 be now drawn in favour of the Vestry of Islington, and also a Cheque for £37 10s. for the Stamp-duty on the Mortgage-deed; and Cheques were drawn on the General Capital and General Working Accounts accordingly,

48. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the Loan of £3,500 to the Vestry of Hampstead, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of St. John, Hampstead, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them have applied to the Metropolitan

Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first mentioned Act, within the said Parish, of a sum of Three thousand five hundred pounds, for the purpose of defraying the expense incurred or to be incurred by the said Vestry in executing certain additions and alterations to the Offices of the Vestry, and of decorating and painting the whole of the said Offices. ~~And whereas~~ the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Three thousand five hundred pounds should be borrowed by the said Vestry, for the purposes aforesaid. Therefore it is ~~ordered~~ that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Three thousand five hundred pounds, for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be as to Two thousand seven hundred and fifty nine pounds, within a period of Thirty years, and as to Seven hundred and forty one pounds within a period of Four years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That a Cheque for the sum of £3,500 be now drawn in favour of the Vestry of Hampstead; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

49. The Solicitor presented the following documents for sealing—

Contract with Mr. Bruce Knight, for the removal of ashes and refuse from Abbey Mills Pumping Station, for a period of three years from the 25th March, 1886.

Conveyance by Mr. C. W. Horton, of No. 330, Upper-street, Islington, and a Memorial for the registration of the same (Upper-street, Islington, Improvement.)

Contract with Messrs. J. Freeman, G. Burt, J. M. Burt, and W. R. Freeman (John Mowlem and Co.), for repairs to the carriage-road in Finsbury-park.

Conveyance by Mr. J. Spiller, of No. 16, Denmark-street, and No. 37, Crown-street, Soho, and a Memorial for the registration of the same (Charing-cross to Tottenham-court-road Improvement).

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

50. Read a Report, as follows—

Accountant's Department,
Spring-gardens, 12th March, 1886.

The 59th Clause of the Commercial Gas Act of 1875, prescribes that a copy of the Accounts of the Company should be forwarded to this Board before the Auditor certifies the same, so that the Board may, in case they so desire, appear before the Auditor with respect to any matter relating to the Accounts.

I have examined the Statements of Account for the half-year to the 31st December last, which were laid before the Board on the 5th instant. There are no items, so far as I have discovered, on which the Board would desire to appear before the Auditor.

Would the Board authorise me to intimate the same to the Auditor and the Company, as in previous half-years?

(Signed) ARTHUR GUNN,
Accountant.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Report be approved, and that the Company be communicated with accordingly.

51. The Clerk laid before the Board copies of the Orders of the Board of the 26th ultimo (No. 10), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Prospect-place, Highgate-road	...	...	...	...	St. Pancras.
Highgate-hill	...	...	...	...	Islington.
St. John's-villas	...	...	...	...	do.
Tavistock-terrace	...	...	...	...	do.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

52. The Clerk presented a Letter from Mr. J. E. Smith, Clerk to the Westminster District Board, dated 5th February, 1886, stating that the District Board had resolved to Petition in favour of the Metropolitan Board of Works, (Theatres, &c.) Bill, and suggesting the substitution in Clause 4 (page 2, line 1), of the word “any” for the words “the like.”

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parliamentary for consideration.

53. The Clerk presented a Letter from Mr. W. Bristow, dated 5th March, 1886, transmitting copy Resolutions, passed at a public meeting, urging upon the Board the desirability of immediate steps being taken to establish free communication between Greenwich and Millwall, and asking that a Deputation might attend the Board on the subject.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Deputation be received by the Board on Friday next, at Twelve o'clock at noon.

54. The Clerk presented a Letter from Mr. R. A. Gilson, Chairman of the Committee of the Association for opposing an extension of time being obtained by the South-Eastern Railway Company, for the work authorised by the Company's Act of 1882, dated 6th March, 1886, stating that a report was current that the Company intended to abandon the formation of the Railway to Bricklayers' Arms; that the Committee felt that the Company, in case of such abandonment, should be held responsible for the damage inflicted on owners, leaseholders, occupiers and others, and asking for the Board's opinion whether the Company could legally be held responsible, and whether the Board would assist those injured in enforcing payment of compensation.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parliamentary Committee.

55. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 5th March, 1886, asking whether the Board had arrived at a decision with reference to the suggested improvement, under the Artizans' and Labourers' Dwellings Improvement Acts, of an unhealthy area near Angel-gardens, Cable-street, Shadwell.

1. The Minutes of the Meeting of the Board, held on the 12th instant, were approved, and were signed by the Chairman, and by two other Members of the Board, present at such Meeting.
2. Read a Letter, as follows—

Saint Leonard, Shoreditch.

Vestry Offices, Town-hall, Old-street, E.C.,
17th March, 1886.

SIR,—I have to inform you that, upon receipt of your Letter, announcing the vacancy in your Board occasioned by the death of Mr. Thomas Turner, representative of this Parish, the

Vestry proceeded to the election of his successor, and have now elected Edwin Lawrence, Esquire of 10, Kensington-palace-gardens, W., to be the Member for this Parish in the place of Mr. Thos. Turner, deceased as aforesaid.

I am, &c.,
(Signed) E. WALKER,
Vestry Clerk.

J. E. Wakefield, Esq.,
Spring-gardens.

3. A Deputation from a public meeting of inhabitants, held at the Lecture-hall, Royal-hill, Greenwich, introduced by Mr. Richardson, and consisting of the following gentlemen, viz.—Mr. N. J. Fenner, Mr. W. G. Watts, Mr. B. Mitchell, Mr. J. Smith, Mr. G. Allworth, Mr. E. Peirce, Mr. J. Mead, Mr. H. Williams, Mr. J. Peppercorn, Mr. C. Fowler, Mr. R. S. Jackson, Mr. E. Sydney, and Mr. A. Budds, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

Memorial on behalf of the inhabitants of the Parish of Greenwich, in the County of Kent,

SHEWETH,

That there is great and urgent need of free communication between Greenwich and Millwall, owing to a large working population living in both Parishes, and who are compelled to cross to and fro daily for the purpose of following their ordinary avocations, and also upon the ground that it is absolutely necessary to have some sort of communication for vehicular traffic between Greenwich and Millwall, and so save the very great distance that horses and carts have now to travel all round London to get to the opposite side of the water.

That the Parish of Greenwich and adjacent Parishes have contributed very largely to other Metropolitan Improvements, and comparatively little money has been laid out by the Metropolitan Board of Works in this District.

That your Memorialists do not desire to express any opinion as to what the means of communication should be, leaving it to the Metropolitan Board of Works to decide the matter.

(Signed) N. J. FENNER.

The Deputation having addressed the Board in support of the Memorial,

It was *moved* by Mr. Richardson, seconded by Mr. Andrews, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

4. A Letter was presented from Mr. E. Yates, dated 13th March, 1886, stating that he was about to make arrangements for pulling down and re-building a part of Gaywood-street, St. George's-road, Southwark, and for widening the thoroughfare, by giving up the portion of land, coloured Blue on the Plan accompanying his Letter, and asking the Board to waive the requirement in the 29th Section of the Metropolitan Building Act as to the area required for the yards of the proposed new buildings until Michaelmas, 1888, at which time he would have possession of the part coloured Yellow on the Plan, which would give the area required by the Act.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that Mr. Yates be invited to attend the Committee when the subject shall be considered.

It was *moved*, seconded, and *resolved*—That Mr. Pocock be invited to attend the Committee.

5. Mr. Ewin handed in a Letter, as follows—

The Vestry Hall,
Church-row, Bethnal-green, E.,
March, 1886.

DEAR SIR,—By direction of the Vestry of this Parish, I send herewith a copy of a Plan, and a key Plan, showing a suggested Improvement at the Western end of Green-street, by

setting back the wall and rails of St. John's Churchyard and the fence of the Vicarage garden.

Negotiations have taken place with the Vicar, the result of which is, that he (with the approval of the Bishop) is now prepared to give the requisite consent to the Improvement being carried out, subject to the following conditions—

That the carriage-way from Cambridge-road to the South-East corner of Victoria-park-square, be paved with wood.

That there shall be a new dwarf wall, with iron railings, to enclose the Churchyard, and a cleft oak fence to enclose the Vicarage garden.

The estimated cost of the work, with the necessary alterations to the foot-way and carriage-way of Cambridge-road, is £1,650.

I am directed to ask that your Board will be so good as to consent to the suggested Improvement being carried out at the joint expense of the Board and the Vestry.

J. E. Wakefield, Esq.,
Clerk, Metropolitan Board of Works,
Spring-gardens, S.W.

Faithfully yours,
(Signed) ROBERT VOSS.

The Plan referred to was laid before the Board.

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

6. Mr. Richardson handed in a Letter, as follows—

Board of Works for the Greenwich District.

141, Greenwich-road, Greenwich, S.E.,
18th March, 1886.

SIR,—I am instructed to acknowledge the receipt of your Letter of the 17th instant, in which you state that the Metropolitan Board of Works has come to the conclusion that it has no legal powers to form a lake on Blackheath. My Board, understanding that the objection on legal grounds is taken because the soil of the proposed site is vested in the Crown, I am desirous to request that the Metropolitan Board of Works may be pleased to take steps to obtain the consent of the Crown to the proposed lake, so that the opportunity of profitably employing the funds granted by the Mansion House Council may not be lost. I am also to point out that there are two gravel pits marked on the Plan referred to in the Blackheath Scheme “vested in the Crown,” one of which the Metropolitan Board of Works has already covered with water, in which are two small islands planted with trees.

I am, &c.,
(Signed) J. SPENCER,
Clerk of the Board.

The Clerk of the
Metropolitan Board of Works,
Spring-gardens, S.W.

It was ~~moved~~ by Mr. Richardson, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

7. The Clerk laid before the Board the following Statement—

STATEMENT OF THE ALLOWANCE OF THE AUDITOR.

I, Alfred Richard Pennefather, having been appointed by the Lords Commissioners of Her Majesty's Treasury to Audit the Accounts of the Metropolitan Board of Works for the year ended the 31st December, 1885, certify that I have examined the Books, Vouchers, and other Documents relating thereto, and that I have this day held, at the Offices of the Board, a public Audit, as required by Section 195 of the Act, 18 and 19, Vict., cap. 120.

I have ascertained that the expenditure during the year 1885 has not exceeded the amounts granted by the several Sections of the Acts 47 and 48 Vict., cap. 50, and 48 and 49, Vict., cap.

19 March, 1886.

50, having reference to the year ended 31st December, 1885, and that the limits imposed as regards the total expenditure under certain Acts have not been exceeded.

The total sum authorised by Acts above alluded to, to be raised on the security of the Metropolitan Consolidated Stock for expenditure to be incurred up to the 31st December, 1885, was ... £3,607,000 - -

The Treasury, in pursuance of the powers conferred on them by Sec. 7 of the Act 47 and 48 Vict., cap. 50, sanctioned an additional sum of £130,000 being expended for the purposes of the Metropolitan Streets Improvement Act, 1877 ... 130,000 - -

Giving an available borrowing power of ... 3,737,000 - -

The sum chargeable against this amount (excluding £1,034,482, which was advanced under the provisions of Section 13 of the Act 47 and 48 Vict., cap. 50, out of the Consolidated Loans Fund) is ... 1,642,964 10 6

The lapsed borrowing power is therefore ... £2,094,035 9 6

The sums raised under the Act 47 and 48 Vict., cap. 50, exceeded the expenditure during the year 1885 by £422,510 3s. 9d., viz.—

Streatham-common	...	...	...	...	...	£478 13 8
Bridges (under Act of 1877)	...	...	...	...	...	8,599 - 11
Main Drainage (exclusive of a sum of £3,977 18s. 7d. transferred under Treasury sanction from other accounts)	...	...	...	...	...	19,966 9 7
Artizans' Dwellings	...	...	...	...	...	35,325 2 4
Minor Improvements (under Act 47 and 48 Vict., cap. 50)	...	...	...	...	...	57,798 2 1
Various Powers Act, 1884	...	...	...	...	...	43,615 17 3
District Railway Ventilators	...	...	...	...	...	6,726 17 11
Loans to Vestries	...	...	...	...	...	14,520 - -
Loans to Guardians	...	...	...	...	...	50,000 - -
Loans to other bodies	...	...	...	...	...	50,000 - -
Loans to Metropolitan Asylum District Managers	...	...	...	...	...	135,480 - -
						£422,510 3 9

These excess cash balances will have to be surrendered, and should be adjusted when next the Board require to raise a Loan on the security of the Metropolitan Consolidated Stock. I have ascertained that the sums raised on the security of the Metropolitan Consolidated Stock in excess of the requirements of the Board for the year 1884, have been surrendered and written off in diminution of the sums authorised to be raised for 1885.

Expenditure amounting to £1,741 4s. 4d. was incurred during the year 1885 in opposing the Bills of the Southwark and Vauxhall and the Kent Water Companies, as these Bills did not, in my opinion, attack the "rights, privileges, or duties" of the Metropolitan Board of Works, and as Section 144 of the Act 18 and 19 Vict., cap. 120, gives the Board no power to expend the Consolidated Rate on such oppositions, I am unable to allow the expenditure.

The amount realised as the proceeds of a rate of one halfpenny in the pound upon the gross value of the property assessed to the Metropolitan Consolidated Rate was £73,177 14s. 8d., and other receipts brought the amount available for the expenses of the Fire Brigade to £111,375 3s. 11d., the expenditure, exclusive of a sum of £900, which will be repaid out of capital in the year 1886, having amounted to £116,977 19s. 2d., the limit imposed by the 22nd Section of the Act 32 and 33 Vict. cap. 102, has been exceeded to the extent of £5,602 15s. 3d. I am consequently unable to allow the Fire Brigade Working Account.

The amount required to meet the Dividend on the Metropolitan Consolidated Stock is paid to the Bank of England. In former Reports I had to draw attention to the fact that the Dividends due on the Stock have not all been claimed by the persons entitled thereto, and as there was no provision in the Act 32 and 33 Vict., cap. 102, relating to the eventual disposition of unclaimed Dividends, the balance remained at the Bank of England. Provision has now been made, under the Act 48 and 49 Vict., cap. 50, for dealing with these Dividends, and also unclaimed Stock.

A Certificate from the Manager of the London and Westminster Bank that Treasury Bills amounting to £300,000 were held by that Bank on the 31st December, 1885, has been laid before me, as well as a Certificate from the Chief Accountant of the Bank of England that the sum of £3,120 8s. 5d., Metropolitan Consolidated $3\frac{1}{2}$ per cent. Stock, was standing in the names of Sir James McGarel Hogg and Robert Freeman, Esq., on account of the Firemen's Savings Fund.

Given under my hand this 15th day of March, 1886.

(Signed)

A. R. PENNEFATHER,
Auditor.

Your Committee have considered the Letter, referred to them by the Board on the 19th ultimo (No. 34), from Mr. E. R. Hordley, transmitting an extract from a newspaper giving an account of Sewage experiments conducted by him before the Mayor and Corporation of Stoke. From a Report which your Committee have received from your Engineer and your Chemist upon Mr. Hordley's process, it does not appear that it is one which would be suitable for the treatment of the London Sewage; and they therefore recommend—

That Mr. Hordley be thanked for his communication, and be informed to the foregoing effect.

Your Committee have further to report that they have considered the Letter, referred to them by the Board on the 23rd December last (No. 31), from Messrs. Sharp and Co., Limited, on the subject of their method (under the "Austin Porous" system) of dealing with Sewage. This method consists of a wooden float from which is suspended a bi-conical wire case containing an Asbestos bag filled with a precipitant. The whole apparatus is intended to rise and fall with the Sewage and is to be kept in a vertical straight line by a wire rope stretching from the floor to the roof of the settling tank. Your Engineer and your Chemist have reported to your Committee upon the matter, and have pointed out that the arrangement is well adapted for the gradual solution of a soluble salt in an ordinary flow of water, or in a tank the water from which is to be used for sanitary purposes, but that it is not a suitable apparatus for facilitating the addition of precipitating chemicals to sewage as its action would be too local and slow for the purpose in view. Your Committee concur in that view, and beg to recommend—

That Messrs. Sharp and Co. be thanked for submitting their method for dealing with Sewage, and that they be informed that the Board are of opinion that the method would not be suitable for the Metropolis.

Your Committee have considered the Letter, referred to them on the 19th ultimo (No. 37), from the Vestry of Hampstead, referring to their previous Letter in relation to a suggested extension of the cricket-ground on Hampstead-heath, transmitting a communication from Lord Brabazon, offering to defray the whole cost of the labour which would be involved in making such extension. Your Committee have also had before them a further Letter from the Vestry, forwarding a copy of a Resolution passed by them, calling attention to the condition of that portion of the West-heath which is used as a playground, and to the offer of the Metropolitan Public Gardens Association to expend money in payment of wages for labour which might be utilised for the purpose of putting the ground in order, and suggesting that immediate action should be taken to secure the grant; and also forwarding a copy of the Letter from the Association submitting the proposal. On a full consideration of the circumstances, your Committee have arrived at the conclusion that the proposition is not one which the Board can entertain, and they recommend—

That the Vestry of Hampstead be so informed, and that a communication on the subject be addressed to the Metropolitan Public Gardens Association, whose Chairman, Lord Brabazon, has also written to your Committee.

Your Committee have further to report that they have considered the Memorial, referred to them on the 26th ultimo (No. 3), from the Bermondsey and Rotherhithe Workmen's Political Vigilance Association, urging the expediency of Artizans and Labourers' Dwellings being erected on the vacant sites in the Metropolis, and the commencement of the Improvements in Bermondsey and Rotherhithe. The Memorialists are probably unaware that the Board have no power to build on the sites referred to, and can only facilitate the object desired by acquiring and clearing the various sites with a view to their being submitted to public tender. No time is being lost in carrying out that work, and your Committee recommend—

That the Memorialists be informed that no time will be lost in clearing the sites, and carrying out the Improvements referred to.

Your Committee have further to report that they have considered the Letter, referred by the Board on the 6th November last (No. 20), from the Hackney District Board, in reply to this Board's Letter, stating, with reference to a proposed new road across South-mill-field, that although they had hoped that this Board would have dealt with the work as a Metropolitan Improvement, the District Board, taking into consideration the urgent necessity for such an outlet, will be prepared to carry out the work, provided this Board will contribute a moiety of the cost thereof. The estimate given by the District Board is £1,359 11s. 8d., which, in the opinion of your Engineer and your Superintending Architect, is a reasonable one, but it is pointed out by them that it is necessary, for the purpose of preventing encroachments of vehicles upon the Field, that a post and rail fence, similar to that on other portions of the Field, should be erected on both sides of the road for its entire length, which would increase the cost by about £160, making a total of £1,519 11s. 8d. The Board, by the Resolution passed on the 9th October last (No. 9), have already expressed the opinion that the suggested work is one which should be done as a Local Improvement, and as it appears to your Committee to be of a very desirable character, and the District Board are willing to carry it out, they think that this Board may very properly bear a portion of the cost. They therefore recommend—

That the Board do contribute one-half of the cost, estimated at £1,519 11s. 8d., of a new road proposed by the Hackney District Board across South-mill-field, and fencing for the same, such contribution not to exceed the sum of £759, and that it be paid to the District Board on completion of the work to the satisfaction of the Board's Officers, and on condition that the District Board undertake to maintain, repair and light the road.

Your Committee recommend—

That the reference to them of the Letter from the Vestry of Camberwell, forwarding a copy of a Resolution, asking the Board not to give up to the Governors of Dulwich College

any of the land which they have given to the Board, be discharged, the matter having been dealt with by the Parliamentary Committee in their Report to the Board on Friday last.

All which your Committee beg to submit.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. E. R. Hordley be thanked for his Letter with reference to his Sewage experiments, and that he be informed that his process is not, in the opinion of the Board, a suitable one for the treatment of the London Sewage.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Messrs. Sharp and Co., Limited, be thanked for their Letter submitting their method (under the "Austin Porous" system) of dealing with Sewage, and that they be informed that the Board are of opinion that the method would not be suitable for the Metropolis.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Vestry of Hampstead be informed, in reply to their Letters suggesting an extension of the cricket-ground on Hampstead-heath, and as to putting certain ground on the West Heath in order, and transmitting a communication from the Metropolitan Public Gardens Association, offering to defray the whole cost of the labour which would be involved in making such extension, that the proposition is one which the Board cannot entertain; and that a communication be addressed to the Association in reply to their Letter to the Board on the subject.

It was *moved* by Mr. Fowler, and seconded—That the Bermondsey and Rotherhithe Workmen's Political Vigilance Association be informed in reply to their Memorial urging the expediency of Artizans and Labourers' Dwellings being erected on the vacant sites in the Metropolis, and also the commencement of the Local Improvements in Bermondsey and Rotherhithe, that no time will be lost in clearing the sites and carrying out the Improvements referred to.

An amendment thereon was *moved* by Mr. Shepherd, and seconded by Mr. Deputy Saunders—That the subject be referred back to the Committee, for further consideration and report.

The amendment having been put to the vote, there were for it 13, against it 22, and it was declared by the Chairman to be lost; the original motion was then put to the vote, and carried; and it was *resolved* accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That this Board do contribute one-half of the cost, estimated at £1,519 11s. 8d., of a new road proposed by the Hackney District Board to be made across South-mill-field, and of the fencing for the same, such contribution not to exceed the sum of £759, and that it be paid to the District Board, on completion of the work to the satisfaction of the proper Officers of this Board, and on condition that the District Board do undertake to maintain, repair, and light the said road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the reference to the Committee of the Letter from the Vestry of Camberwell, forwarding a copy of a Resolution, asking the Board not to give up to the Governors of Dulwich College any of the land which they have given to the Board, be discharged.

9. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 16th March, 1886.

Your Committee have had before them a Report and Medical Certificate to the effect that Mr. H. R. Brakspear, a temporary Assistant in your Superintending Architect's Department engaged upon Fire Brigade buildings, is seriously ill, and will not be able to attend to his duties for several weeks. Mr. Brakspear, although a temporary Assistant, has been five years in your Superintending Architect's Department, and your Committee think that it will be in accordance with the wish of the Board that he should have leave of absence during his illness. They accordingly recommend—

That four weeks' leave of absence be granted to Mr. Brakspear.

Edward Edwards, a Fourth-class Fireman, has been reported to your Committee for having been drunk while in charge of a Fire-escape. For an offence of this gravity dismissal seems the only adequate punishment, and your Committee therefore recommend—

That he be dismissed.

Your Committee have to report that Fourth-class Fireman Sydney Davenport has withdrawn from the service, and that his name has accordingly been removed from the list of Firemen.

Your Committee recommend—

That James E. Bennison, Robert H. Robins, and James H. Harradine, be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

On the 5th instant (No. 12), the Board authorised your Committee to obtain a suitable Barge to be moored in the River as a place of storage of coal and coke for the use of the floating Engines. They have now to report that, acting under that authority, they have arranged for an iron Barge or Raft to be supplied by Messrs. F. Braby and Co., of Deptford, for the sum of £285 10s.

They have also, in pursuance of another Resolution of the Board of the same date, arranged with Messrs. Merryweather and Sons to supply a new Steam Fire-engine in place of the old Engine, No. 66, for the sum of £275, Messrs. Merryweather to receive the old Engine in addition to that amount.

All which your Committee beg to submit.

(Signed)

GEO. HILL,
GEO. EDWARDS,
ROBT. JONES,
W. R. SELWAY,
W. J. WETENHALL.

The Report having been read and received,

It was moved by Mr. Hill, seconded, and resolved—That four weeks' leave of absence, on account of illness, be granted to Mr. H. R. Brakspear, a temporary Assistant in the Superintending Architect's Department.

It was moved by Mr. Hill, seconded, and resolved—That Fourth-class Fireman Edward Edwards be dismissed for misconduct.

It was moved by Mr. Hill, seconded, and resolved—That James E. Bennison, Robert H. Robins and James H. Harradine be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

10. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 16th March, 1886.

Your Committee beg to submit, herewith two Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrates to be done at the following premises, the same being Dangerous Structures, viz.—

No. 128, Wandsworth-road, Lambeth.

No. 2, Western-passage, St. George-in-the-East.

Your Committee have had before them an Account from Mr. Thomas Blashill, District Surveyor, for £6 6s., being his charges for attending at the Worship-street Police-court and the High Court of Justice, on behalf of the Board in the year 1884. The legal proceedings related to certain houses in Hepscott-road, White-post-lane, Hackney, and your Committee reported the result on the 23rd January, 1885. The charges appear to be reasonable, and your Committee recommend—

That a Cheque for £6 6s. be drawn in favour of Mr. T. Blashill.

Your Committee have considered the Letter from Mr. C. Fowler, District Surveyor for Shoreditch, relative to the erection of Artizans' Dwellings in a narrow way known as Chatham-gardens, Nile-street, referred by the Board on the 26th June last (No. 69). In connection with the subject, your Committee have also considered the Letter from Messrs. Baylis and Pearce, asking the Board to make an early appointment for a conference with the Trustees of the Joint Gift Estates of Cripplegate and St. Luke, upon the present condition of the buildings for Artizans' Dwellings now in course of completion in Chatham-gardens, in the hope that by an actual inspection the Board will be satisfied that it is a case in which they should give their sanction to the buildings, and refrain from the further prosecution of the Special Case, referred by the Board, on the 26th ultimo (No. 32). The Board, on the recommendation of your Committee, on the 24th July last, instructed their Solicitor to take proceedings against the builder of the dwellings, which will be approached by a paved way, 24 feet in width, having only one opening, and without direct communication between two streets. The buildings are erected partly upon an old site formerly covered by cottages, with gardens attached thereto. Your Committee reported, on the 13th November last, that the Magistrate had dismissed the Summons, being of opinion that the present arrangement was preferable to the old state of things; and the Board instructed their Solicitor to appeal against the decision. The Magistrate did not rule that the way was a street, and your Solicitor is now of opinion that it might be difficult to obtain a reversal of the decision. Your Committee, having received explanations from the Trustees, and having inspected a model of the buildings, think it unnecessary to proceed with the appeal; and they recommend—

That no further action be taken with reference to the appeal against the decision of the Magistrate, and that the parties be so informed.

Your Committee have had under consideration the Letter from the Vestry of Camberwell, referred by the Board on the 5th ultimo (No. 5), stating that complaint had been made to the Vestry that Mr. W. W. Tanner had erected a structure at No. 81, Meeting-house-lane, without a License from the Board; that a Notice had been served, under Section 13 of the Metropolis Management and Building Acts (Amendment) Act, 1882, on Mr. Tanner, that he would be liable to a penalty, not exceeding £5, and to a further penalty of Forty shillings for every day during which such structure continued without the License having been obtained; that the structure had not been removed; and asking whether the Board would take proceedings to

compel the offender to comply with the Statute. Your Committee are informed that the builder has removed a certain portion of the structure complained of, but has left two iron columns and the front fascia board, which remain isolated, about 12 feet distant from the house. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have considered the Letter from the Wandsworth District Board, stating that posts had been erected in Harroway-road and Holman-road, and hoardings in Buckton-street, as shown on the Plan transmitted with the Letter, referred by the Board on the 12th ultimo (No. 8). The roads were approved by the Board in 1868, and have been formed of the full width, with several houses fronting on them. Some barriers have been placed across the roads, and your Solicitor is of opinion that proceedings should be taken to have them removed. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have also had under consideration the Letter from Mr. A. Williams, District Surveyor, as to the alleged irregular erection of a workshop building in Allen-street, at the rear of No. 7, Bath-place, High-street, Kensington, referred by the Board on the 19th ultimo (No. 47). A two-storey workshop has been erected to the line of porticoes in Allen-street, being 4 feet in advance of the general line of frontage. Your Committee concur with your Solicitor in thinking that the Vestry should take the necessary proceedings, and they recommend—

That the attention of the Vestry of Kensington be called to the subject, in order that they may, if they consider it necessary, take proceedings under Section 75 of the Act 25 and 26 Vic. cap. 102.

Your Committee have considered the Letter from Mr. W. Simmons, requesting that the amount of the Office fees paid by him in respect to two Licenses granted for the use of concrete in the construction of the walls of No. 63, Lincoln's-inn-fields, and of Offices at the rear thereof, might be returned to him, referred by the Board on the 19th ultimo (No. 55). Your Committee have had before them a Report by your Solicitor, who states that he sees no reason why the Board should refund the Office fees. Your Committee agreeing in that opinion recommend—

That Mr. Simmons be informed, in reply to his Letter, that the Board are unable to comply with his request.

Your Committee have also considered the Letter from the Wandsworth District Board, relative to the formation of Amies-street, Latchmere-road, Battersea, of a less width than that approved by the Board on the 9th January, 1880 (No. 7), referred by the Board on the 26th ultimo (No. 58). An old shed at the end of the gardens of the houses in Latchmere-road projects at one angle about 5 feet into the way, which has not been paved, and at the end next Amies-street a barrier has been erected. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have considered the application of Messrs. G. H. and A. Bywaters, for approval by the Board of a Plan for the construction of openings in the party-wall between Nos. 42 and 43, Park-lane, Piccadilly, referred by the Board on the 26th ultimo (No. 64). Your Committee agree in the opinion expressed by your Solicitor, that the Board have no power under the Building Act to grant the application, and they recommend—

That it be not granted.

Your Committee have considered the Letter from Mr. B. Fletcher, M.P., District Surveyor for Newington, relative to the re-erection, without the consent of the Board, of No. 15, Newington-butts, with the upper floors projecting beyond the original line

of the building, referred by the Board on the 26th ultimo (No. 42). The Board's approval was granted in October, 1885, on condition that the land outside the re-erected shop front were given up to the public way. Your Solicitor is of opinion that the Board have no power to compel the owner of the land to give up the ground, as he does not seem to have committed any offence under the 75th Section of the Act relating to frontage lines. Your Committee recommend—

That no action be taken in the matter, and that Mr. Fletcher be so informed.

Your Committee have further considered the Letter from the Lewisham District Board, relative to the erection of the forecourt wall of All Saints' Orphanage, Granville-park, within the prescribed distance from the centre of the road as provided by the Amendment Act, 1878, referred by the Board on the 26th ultimo (No. 56). Your Committee have had before them a Report by your Solicitor, who is of opinion that proceedings should be taken to have the wall brought into conformity with the Plan agreed upon by the parties. Your Committee, agreeing in that view, recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

The Board, on Friday last (No. 74), referred to your Committee the Letter from Mr. T. Blashill, District Surveyor, relative to the erection of a structure in front of a shop in West end-lane, Hampstead, without the consent of the Board. The structure complained of by the District Surveyor consists of a tarpaulin shelter, measuring about 15 feet by 11 feet; supported upon 4 deal posts and rafters. The posts are let into the ground, and the framework is put together with coach screws. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have proceeded upon the Resolution of the Board of Friday last (No. 93), referring to them for consideration the Letter from Mr. E. Hoole, on behalf of Miss Gillies, relative to the erection of a building in Church-walk, Hampstead, exceeding the height prescribed by the 85th Section of the Metropolis Management Amendment Act, 1862. A three-storey stable has been erected in Church-walk, Hampstead, upon the site of some old stabling. Church-walk is an old mews closed with gates, and has only one entrance. Your Solicitor is of opinion that it is not advisable to take proceedings in the case, as the buildings have been erected on old foundations, and the way in question does not seem an important one. Your Committee, concurring in that view, recommend—

That no action be taken by the Board in the matter, and that Mr. Hoole be so informed.

Your Committee have considered the application of Mr. C. Bentley, on behalf of Mr. E. Robinson, for approval by the Board of a Plan for the formation and names of roads, and the widening of an existing road, on an Estate situated to the South-East of Highbury-place, referred by the Board on Friday last (No. 89). Your Committee are of opinion that as the application may affect the open space of Highbury-fields, which is under the control of the Board, the matter should be referred to the Parks, &c., Committee, for consideration, in order that the locality may be viewed jointly by the two Committees; and they recommend accordingly.

The Board, on Friday last (No. 90), referred to your Committee the joint application of Mr. A. Salter, Mr. H. W. Salter, and Mr. T. Nash, for approval by the Board of a Plan for the formation of streets to lead out of High-street, Plumstead. The proposed new roads out of High-street will form a junction with another new road extending around the Estate, and forming a communication with Garibaldi-road to the East. The communication required by the Amendment Act appears to be afforded, and the gradients are satisfactory. Your Committee, having heard the parties interested, recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the roads, and that the names "Reidhaven-road," and "Gavin-street," be approved for the same.

Your Committee have considered the application of Mr. C. Dickinson, for approval by the Board of an amended Plan for the formation and name of a street between High-street and East India-road, Poplar, referred by the Board on Friday last (No. 91). There exist at present two narrow courts between the backs of the houses in High-street and East India-road. The applicant proposes to form a road 40 feet wide in place of those narrow passages, but the approaches are intended to be left as at present, considerably less than 17 feet, the outlet into East India-road being only 4 feet wide. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. H. H. Collins, on behalf of Mr. Willett, for approval by the Board of a Plan for the construction of a wooden porch on a portion of the forecourt of Eaton House, Eaton-avenue, at the corner of Strathray-gardens, Hampstead, referred by the Board on Friday last (No. 99). The porch is of woodwork, on a brick plinth, roofed with lead. The house is detached, and is situated at a distance of 20 feet from the road. Your Committee recommend—

That the application be granted, upon condition that the whole of the work be to the satisfaction of the District Surveyor.

Your Committee have considered the application of Messrs. J. and J. S. Edmeston, on behalf of the London and South-Western Bank, for the consent of the Board to the erection of an additional height to an addition approved by the Board on the 31st October, 1884 (No. 3), on a portion of the forecourts of Nos. 90 and 92, Bow-road, Bromley, as shown upon the amended Plan accompanying the application, referred by the Board on Friday last (No. 77). The Board, in October, 1884, sanctioned an extension of the houses over the forecourts, it being then intended to erect the additions to a height of 27 feet. The intention was not carried out, and the applicants now desire to proceed, and to erect the addition to a height of 45 feet. The Poplar District Board approve, and your Committee recommend—

That the application, be granted, upon condition that the additional portion be commenced within Six months, and be completed within Eighteen months from the 19th instant, and that the erection be made in entire conformity with the letter of application and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Messrs. Edmondson and Son, for the consent of the Board to the erection of one-storey shops on the forecourt of Pond House, in High-road, Clapton, and to the erection of buildings upon the land adjoining in the High-road, and also for the erection of four shops on the Eastern side of Clarence-road, Clapton, to the lines shown upon the amended Plan accompanying the application, referred by the Board on the 5th ultimo (No. 55). The applicants have submitted an amended Plan showing the shops set back, and the ground in front given up to the public way. The Hackney District Board approved of the original proposal, and your Committee think the present Plan more satisfactory. Your Committee recommend—

That the application be granted, upon condition that the erection of the shops therein referred to, be commenced within Six months, and be completed within Eighteen months from the 19th instant, and that, previously to the commencement of building operations, the ground shown by Blue colour on the amended Plan, be given up and added to the public way, and that in other respects the erections be made in entire conformity with the letter of application, and with the amended Plan submitted by the applicant and signed by the Chairman of the Committee, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. S. Clayton, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-hall upon vacant land on the East side of Hatcham-road, Old Kent-road, Greenwich, referred by the Board on the 5th instant (No. 73). The proposed Mission-hall will

have a frontage of about 30 feet, and a depth of 85 feet. It is to be 17 feet in height to the ridge, and the construction will be with a framework of wood and iron, upon a brick and concrete foundation. Your Committee think the proposal objectionable, and recommend—

That the application be not granted.

Your Committee have also considered the application of the Hon. and Rev. E. Carr-Glyn, for approval by the Board of the erection of a permanent Church in Palace-gardens-terrace, Kensington, and the abandonment of the formation of the continuation of Palace-gardens-terrace, as shown upon the amended Plan accompanying the application, referred by the Board on the 5th instant (No. 77). In June, 1877, the Board sanctioned the continuation of Palace-gardens-terrace, and in November, 1878, they granted a slight deviation from the approved Plan, part of the land then being occupied by a temporary iron Church. It is now intended to erect a permanent Church on the site of the temporary building, and the parties interested in the formation of this part of the road have assented to its abandonment. Your Committee recommend—

That the application be granted, upon condition that the erection of the Church therein referred to, be commenced within Six months, and be completed within Eighteen months from the 19th instant, and that in other respects the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board, and that the proposed abandonment of a continuation of Palace-gardens-terrace, be sanctioned.

Your Committee have considered the application of Mr. H. W. Perrers, on behalf of Mr. C. Watkins, for approval by the Board of an amended Plan for the formation and name of a road to lead out of the South side of Lower Richmond-road, Putney, referred by the Board on the 5th instant (No. 79). The amended Plan shows the widening of Lower Richmond-road and Gardner's-lane 20 feet from the centre of the old road, along the frontage of the Estate. Your Committee think the Plan satisfactory, and they recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the road, and that the name "Weiss-road, S.W.," be approved for the same.

Your Committee have also considered the application of Mr. A. Griffith, for the permission of the Board to retain for a further period, the temporary wood and iron building erected at the rear of No. 93, Coningham-road, Shepherd's-bush, referred by the Board on the 5th instant (No. 85). The building was originally approved in 1871, and the last License granted by the Board expired in October, 1885. The applicant's Lease will terminate at Midsummer next, and he asks for an extension of time until that date. Your Committee recommend—

That the application be granted for a period of three months from the 19th instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have had under consideration the Letter from Mr. G. Edwards, on behalf of Major J. Childs, stating that he had commenced, and would continue to lay out a road, to lead out of the North side of Malva-road, South-street, Wandsworth, and asking if the Board intended to institute proceedings with respect thereto, referred by the Board on the 26th June last (No. 77). The Board, on the 8th May, 1885, declined to sanction the formation of the road which is the subject of the Letter. From a recent survey it appears that the road is in course of formation, and that the footpaths are being made up, but that no building operations have yet been commenced. Your Committee recommend—

That the Wandsworth District Board and the District Surveyor be requested to inform this Board whenever any building operations are commenced.

The Board on Friday last (No. 69) referred to your Committee the application of Mr. J. A. Webster, on behalf of Mr. A. C. Hoile, for the consent of the Board to the

erection of three shops at the corner of Shardeloes-road and Brockley-road, Greenwich, to the lines shown upon the Plan accompanying the application. The applicant proposes to build shops to the line of others recently erected in Brockley-road to the South-East, the corner house being also erected to a line coming within 20 feet of the centre of Shardeloes-road. Brockley-road at this point appears to be of less width than 40 feet, and the entrance to Shardeloes-road is 31 feet 6 inches wide. The Greenwich District Board do not object to the proposal, and your Committee recommend—

That the application be granted, upon condition that the erection of the shops therein referred to be commenced within Six months, and be completed within Eighteen months from the 19th instant, and that previously to the commencement of building operations the ground coloured Blue separating the proposed shops from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. R. Wright, for the consent of the Board to the erection of an addition to a workshop at No. 137, Shacklewell-lane, Hackney, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 73). The addition has a frontage of 12 feet 8 inches and projects 8 feet from the external face of the main wall. Your Committee consider the erection objectionable, as not being in accordance with the Building Act, and they recommend—

That the application be not granted.

The Board on Friday last (No. 82), referred to your Committee the Letter from the Rev. W. Littlewood, requesting further information as to the offer of the Board to return the deposit money in respect of the temporary Church in St. Thomas's-road, Finsbury-park. Fifty pounds were deposited with the Board on the erection of the temporary Church. Your Superintending Architect acting under the Resolution of the Board of the 19th February last (No. 3), addressed a communication to the depositor, informing him that the Board were prepared to return the deposit, upon his accepting the form of License now in use as the License expires in November next, your Committee recommend—

That the existing License be allowed to expire, and that meanwhile no further action be taken in the matter, and that the Rev. W. Littlewood be informed accordingly.

Your Committee have considered the application of Mr. W. Ogle, for the permission of the Board to retain, for a further period, the temporary wood and iron studio erected in Berkeley-grove, Berkeley-road, Regent's-park, referred by the Board on Friday last (No. 84). This is one of the temporary buildings as to which your Superintending Architect reported to the Board that no application had been made for a renewal of the License, the building still being in use. Your Solicitor was instructed to proceed to obtain its removal, and the applicant now desires a renewal of the License for Six months longer. The District Surveyor states that the building is in good condition. Your Committee recommend—

That the application be granted for a period of Six months, from the 19th instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have proceeded upon the Resolution of the Board of Friday last (No. 86), referring to them for consideration and report your Superintending Architect's Report with reference to the return of the deposit money in respect of a temporary iron room erected in Eardley-road, Streatham. The License for the building expired in November, 1883, and no application has been made since that date for a renewal. The original depositor is dead, and your Superintending Architect has ascertained that the Rev. G. Streatfield, of Immanuel Vicarage, Streatham-common, is the present Owner, and that the building is to all appearance in use and in a stable condition. Your Committee recommend—

That no further action be taken in the matter.

Your Committee have considered the application of the Rev. E. C. Brace, for the permission of the Board to retain, for a further period, the temporary wood and iron Church erected in Merton-road, Wandsworth, referred by the Board on Friday last (No. 85). The building was first approved in July, 1877, for a period of two years, and an extension has been granted from time to time. The District Surveyor states that the building is in a sound condition. Your Committee recommend—

That the application be granted for a period of Two years from the 19th instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have considered the Letter from Mr. T. Blashill, District Surveyor for Hampstead, relative to the erection of stables with dwelling rooms over the same, at Kingsgate-mews, Quex-road, Kilburn, without the open space at the rear thereof required by the Statute, referred by the Board on Friday last (No. 94). Mr. Blashill states that the Owner informed him that when the Plan for the mews was approved in 1878, the Plan for the building now in course of erection was also sanctioned. The Board's approval, however, only related to the width of the street, and not to the arrangement of the building. Your Committee recommend—

That Mr. Blashill be informed in reply to his Letter that in the opinion of the Board it is his duty to take proceedings against the builder of the stables in question.

Your Committee have considered the application of Messrs. Gough and Peach, on behalf of the Rev. J. H. Cardwell, for approval by the Board of a Plan for the construction of an addition to a temporary wood and iron Church in Margravine-road, Fulham, referred by the Board on Friday last (No. 98). The Board, in December last, sanctioned the temporary Church for a period of two years. It is now proposed to add a Vestry to the Eastern end, of the full width of the Church, and 10 feet in length. The construction appears to be satisfactory. Your Committee recommend—

That the application be granted, and that permission be given for the addition to remain until the 11th December, 1887, the date to which the Church has been sanctioned, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the addition, and that the whole of the work be executed to the satisfaction of the District Surveyor.

The Board, on Friday last (No. 67), referred to your Committee the application of Mr. H. P. Gillard, on behalf of Mr. F. G. Armfield, for the consent of the Board to the erection of a warehouse upon the site of No. 2, Rudford-road, Deptford, to the line shown upon the Plan accompanying the application. The applicant proposes to pull down the house, No. 2, with the premises adjoining to the Eastward, and to re-erect thereon a warehouse with the front wall extended to the line of forecourts. The houses in the road have forecourts about 6 feet deep. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

All which your Committee beg to submit.

W^M. SHEPHERD,
JOHN RUNTZ,
W. R. SELWAY.

The Report of the Building Act Committee of the 16th day of March, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure, No. 128, Wandsworth-road, Lambeth, had failed to comply with the Order made by Robert John Biron, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Lambeth Police-court, on the 22nd day of December last, for the removal of the dangerous portions of such

Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolved, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's be instructed, and they are hereby authorised, to take down so much of the brickwork of the Structure, No. 128, Wandsworth-road, Lambeth, as is fractured, bulged or out of the upright.

The Report of the Building Act Committee of the 16th day of March, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure, No. 2, Western-passage, St. George-in-the-East, had failed to comply with the Order made by Franklin Lushington, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Thames Police-court, on the 19th day of February last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolved, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised, to take down the side wall of the Structure No. 2, Western-passage, St. George-in-the-East, to the extent that the same is bulged, ruinous, out of the perpendicular, and otherwise defective.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That a Cheque for £6 6s. be now drawn in favour of Mr. T. Blashill, District Surveyor, being the amount of his charges for attending and giving evidence at the Police-court and in the High Court of Justice in the case of *Perry v. the Board*, relative to certain structures in Hepscott-road, White-post-lane, Hackney.

A Cheque was thereupon drawn on the General Working Account.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter Mr. C. Fowler, District Surveyor, as to the erection of Artizans' Dwellings in Chatham-gardens, Nile-street, and the Letter from Messrs. Baylis and Pearce, asking the Board to make an appointment for a conference with the Trustees of the Joint Gift Estates of Cripplegate and St. Luke, upon the present condition of the buildings, be approved; and that no further action be taken with reference to the appeal against the decision of the Magistrate, and that the parties be so informed.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Vestry of Camberwell, stating that complaint had been made to them that Mr. W. W. Tanner had erected a structure at No. 81, Meeting-house-lane, without a License from the Board, and asking whether the Board would take proceedings to compel the offender to comply with the Statute be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Wandsworth District Board, as to the erection of posts in Harroway-road and Holman-road, and of two hoardings in Buckton-street be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from Mr. A. Williams, as to the alleged irregular erection of a workshop in Allen-street, at the rear of No. 7, Bath-place, High-street, Kensington, be approved, and that the attention of the Vestry be called to the subject in order that they may, if they consider it necessary, take proceedings under the 75th Section of the Act 25 and 26 Vict., cap. 102.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That Mr. W. Simmons be informed, in reply to his Letter, requesting that the amount of the Office fees paid by him in respect of two Licenses granted for the use of concrete in the construction of the walls of No. 63, Lincoln's-inn-fields, and of Offices at the rear thereof, might be returned to him, that the Board are unable to comply with his request.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Wandsworth District Board, as to the formation of Amies-street, Latchmere-road, Battersea, of a less width than that approved by this Board on the 9th January, 1880 (No. 7), be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. G. H. and A. Bywaters, for approval by the Board of a Plan for the construction of openings in the party-wall between Nos. 42 and 43, Park-lane, Piccadilly, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken by the Board with reference to the Letter from Mr. B. Fletcher, M.P., District Surveyor, relative to the re-erection, without the consent of the Board, of No. 15, Newington-butts, and that Mr. Fletcher be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Lewisham District Board, as to the erection of the fore-court wall of All Saints' Orphanage, Granville-park, within the prescribed distance from the centre of the road as provided by the Amendment Act, 1878, be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to the erection of a structure in front of a shop in West-end-lane, Hampstead, without the consent of the Board, be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken by the Board with reference to the Letter from Mr. E. Hoole, on behalf of Miss Gillies, as to the erection of a building in Church-walk, Hampstead, exceeding the height prescribed by the 85th Section of the Metropolis Management Amendment Act, 1862, and that Mr. Hoole be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. Bentley, on behalf of Mr. E. Robinson, for approval by the Board of a Plan for the formation and names of roads, and the widening of an existing road, on an Estate situated to the South-East of Highbury-place, be referred to the Parks, Commons, and Open Spaces Committee for consideration.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the joint application of Mr. A. Salter, Mr. H. W. Salter, and Mr. T. Nash, for approval by the Board of a Plan for the formation of streets to lead out of High-street, Plumstead, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Reidhaven-road," and "Gavin-street," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. Dickinson, for approval by the Board of an amended Plan for the formation and name of a street between High-street and East India-road, Poplar, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. H. Collins, on behalf of Mr. Willett, for approval by the Board of a Plan for the construction of a wooden porch on a portion of the forecourt of Eaton House, Eaton-avenue, at the

corner of Strathray-gardens, Hampstead, be granted, upon condition that the whole of the work be to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. J. and J. S. Edmeston, on behalf of the London and South-Western Bank, for the consent of the Board to the erection of an additional height to an addition approved by the Board on the 31st October, 1884 (No. 3), on a portion of the forecourts of Nos. 90 and 92, Bow-road, Bromley, as shown upon the amended Plan accompanying the application, be granted, upon condition that the additional portion of the building be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Edmondson and Son, for the consent of the Board to the erection of one-storey shops on the forecourt of Pond House, in High-road, Clapton, and to the erection of buildings upon the land adjoining in the High-road, and also for the erection of four shops on the Eastern side of Clarence-road, Clapton, to the lines shown upon the amended Plan accompanying the application, be granted, upon condition that the erection of the buildings and shops therein referred to, be commenced within Six months, and be completed within Eighteen months from this date, that, previously to the commencement of building operations, the ground shown by Blue colour on the amended Plan, be given up and added to the public way, and that in other respects the erections be made in entire conformity with the letter of application, and with the amended Plan submitted by the applicants and signed by the Chairman of the Committee, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. S. Clayton, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-hall on vacant land on the East side of Hatcham-road, Old Kent-road, Greenwich, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of the Hon. and Rev. E. Carr-Glyn, for approval by the Board of the erection of a permanent Church in Palace-gardens-terrace, Kensington, and the abandonment of the formation of the continuation of Palace-gardens-terrace, as shown upon the amended Plan accompanying the application, be granted, upon condition that the erection of the Church therein referred to, be commenced within Six months, and be completed within Eighteen months from this date, and that in other respects the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board, and that the proposed abandonment of a continuation of Palace-gardens-terrace, be sanctioned.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. W. Perrers, on behalf of Mr. C. Watkins, for approval by the Board of an amended Plan for the formation and name of a road to lead out of the South side of Lower Richmond-road, Putney, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said road, and that the name "Weiss-road, S.W.," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. Griffith, for the permission of the Board to retain for a further period the temporary wood and iron building erected at the rear of No. 93, Coningham-road, Shepherd's-bush, be granted for a period of Three months from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. G. Edwards, on behalf of Major J. Childs, stating that he had commenced, and would continue, to lay out a road, to lead out of the North side of Malva-road, South-street, Wandsworth, and asking if the Board intended to institute proceedings with respect thereto, be approved, and that the Wandsworth District Board and the District Surveyor be requested to inform this Board whenever any building operations are commenced.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. A. Webster, on behalf of Mr. A. C. Hoile, for the consent of the Board to the erection of three shops at the corner of Shardeloes-road and Brockley-road, Greenwich, to the lines shown upon the Plan accompanying the application, be granted, upon condition that the erection of the shops therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that, previously to the commencement of building operations, the ground coloured Blue separating the proposed shops from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. R. Wright, for the consent of the Board to the erection of an addition to a workshop at No. 137, Shacklewell-lane, Hackney, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Rev. W. Littlewood, requesting further information as to the offer of the Board to return the deposit money in respect of the temporary Church in St. Thomas's-road, Finsbury-park, be approved; that the existing License be allowed to expire, and that meanwhile no further action be taken in the matter; and that Mr. Littlewood be informed accordingly.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. Ogle, for the permission of the Board to retain, for a further period, the temporary wood and iron studio erected in Berkeley-grove, Berkeley-road, Regent's-park, be granted for a period of Six months, from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no further action be taken with reference to the return of the deposit money in respect of a temporary iron room erected in Eardley-road, Streatham.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of the Rev. E. C. Brace, for the permission of the Board to retain, for a further period, the temporary wood and iron Church erected in Merton-road, Wandsworth, be granted for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to the erection of stables, with dwelling rooms over the same, in Kingsgate-mews, Quex-road, Kilburn, without the open space at the rear thereof required by the Statute, be approved, and that Mr. Blashill be informed that in the opinion of the Board it is his duty to take proceedings against the builder of the stables.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Gough and Peach, on behalf of the Rev. J. H. Cardwell, for approval by the Board of a Plan for the construction of an addition to a temporary wood and iron Church in Margravine-road, Fulham, be granted, and that permission be given for the addition

to remain until the 11th December, 1887, the date to which the Church has been sanctioned, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the addition, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. P. Gillard, on behalf of Mr. F. G. Armfield, for the consent of the Board to the erection of a warehouse upon the site of No. 2, Rudford-road, Deptford, to the line shown upon the Plan accompanying the application, be not granted.

11. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 16th March, 1886.

Your Committee have again had under consideration the Horse Guards-avenue Bill against which the Board has presented a Petition. The Petition was mainly directed against the proposal in the Bill that the Board should have power to contribute towards the cost of the formation of a new thoroughfare, and also against the interference with part of the Embankment-gardens, which the carrying out of the work would involve. The undertaking itself, apart from these objections, the Board has no wish to oppose. Your Committee have now been informed that the Promoters are willing to strike out from the Bill the words providing that the Board may contribute towards the cost of the work, and they are also willing to convey to the Board another piece of ground in exchange for any portion of the Embankment-gardens which may be taken for the purpose of the undertaking. Your Committee recommend—

That, on the Promoters giving an undertaking to the above effect, the Board's Petition against the Bill be withdrawn.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
FRANCIS H. FOWLER,
GEO. EDWARDS,
JOHN RUNTZ.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That the consideration of the Report be deferred until the next Meeting of the Board.

12. Read a Report by the Engineer, dated 19th March, 1886, on the undermentioned Sewerage works proposed to be executed by the following District Board and Vestry—

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the works be executed accordingly; the cost thereof being charged to the General Working Account of the Board.

16. Read a Report by the Engineer, dated 19th March, 1886, submitting a Medical Certificate, stating that Mr. W. Groves, Surveyor, was unable to attend to his duties in consequence of illness.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a fortnight's leave of absence be granted to Mr. Groves, and that the Engineer do report again at the expiration of that period.

17. The Solicitor reported that the Board's (Various Powers) Bill, 1886, was still awaiting appointment to a Select Committee of the House of Commons, and that the second reading of the Board's (Fire Brigade Expenses) Bill had been adjourned until the 6th April.

18. The Solicitor read a Report, as follows—

19th March, 1886.

METROPOLITAN BOARD OF WORKS (THEATRES, &C.) BILL.

I have to report that this Bill came on for discussion in the House of Commons last Wednesday, and Mr. Rider Cook, the Member for West Ham (North), moved the second reading

in a speech of about thirty-five minutes, when a quarter to six having arrived, the Speaker, in accordance with Standing Orders, directed the debate to be adjourned before Mr. Rider Cook had been able to conclude his remarks. I annex a print of Mr. Rider Cook's speech, as reported in the *Times*.

The debate now stands adjourned to next Thursday, the 25th instant.

(Signed) R. WARD,
Solicitor.

19. The Solicitor reported with respect to the two Bills for amending the Employers' Liability Act, 1880, that the Select Committee consisted of sixteen Members, and that the House had made the usual orders with respect to the powers and quorum of the Committee.
20. The Solicitor reported that the Copyhold Enfranchisement Bill had been appointed to be considered by a Committee of the whole House on the 22nd instant.
21. The Solicitor reported that the Rivers Purification Bill had been rejected on second reading in the House of Commons, and that it would therefore not be further proceeded with this Session.
22. The Solicitor reported that the Select Committee on the Hyde-park-corner (new streets) Bill had not yet been nominated by the House of Commons, and that the Chairman had, since the last meeting of the Board affixed the Seal to the Board's Petition with respect to the Bill.
23. The Solicitor reported that the second reading of the Electric Lighting Act (1882) Amendment Bill, in the House of Lords had been fixed for the 26th instant.
24. The Solicitor reported that the second reading of the Smoke Nuisance Abatement (Metropolis) Bill in the House of Lords had not yet been fixed.
25. The Solicitor reported that the Bexley-heath Railway Bill had been considered by a Select Committee in the House of Lords, presided over by Lord Balfour of Burley, and that the Committee had met on the 12th and 15th instant, and that after hearing Counsel and witnesses, the Committee had intimated that they were not prepared to proceed with the Bill so far as it proposed to authorise the new Railway.
26. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.
It was moved by Mr. Fowler, seconded, and resolved—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.
27. The Solicitor reported that Lord Ashford had given notice of a Bill for amending the Electric Lighting Act, 1882; and that Mr. McLaren had given notice of a Bill for amending the law of compensation for land acquired by compulsory purchase.
28. The Solicitor reported that the arrangements as to the undermentioned Loans had been completed, and that the Cheques had been duly handed over in exchange for the proper securities—

					AMOUNT OF LOAN.

29. The Solicitor presented the following documents for sealing—

Contract with Messrs. H. Cattermole and Sons, for draining, regulating, &c., Highbury-fields.

Contract with Messrs. J. Cheal and Sons, for supplying and planting 250 trees on Highbury-fields.

Contract with Messrs. J. Williams, Son and Wallington, for the construction of a Weir and connecting Sewer in Bayswater-road (Ranelagh and King's Scholars' Pond Sewers Storm Relief Sewers).

Agreement, in triplicate, between Mr. W. F. Watson, The River Thame Steamboat Company, Limited, and the Board, for the apportionment of rent in respect of land on the West side of Battersea-bridge-road (New Battersea Bridge).

Notice, in duplicate, as to the structural defects in the Loyal United Friends' Hall in Banner-street, St. Luke's, prepared in accordance with the Resolution of the Board, of the 19th ultimo (No. 3).

Conveyance by Mrs. C. S. Williams, of No. 39, Green-bank, and a Memorial for the registration of the same (Tench-street Artizans' Dwellings Act Scheme.)

Deed of enfranchisement to the Board by Sir T. E. Colebrooke, Bart., in respect of copyhold property known as Nos. 1 to 10, Inkhorn-court and Nos. 14 to 16, Castle-alley, Whitechapel, and a Memorial for the registration of the same (Goulston-street Artizans' Dwellings Act Scheme).

Appointment of Mr. Vulliamy, as Valuer in the matter of a claim by Mr. H. Robinson and others (*re* Hope, deceased), in respect of No. 6, Bermondsey-new-road (Bermondsey Improvement).

Conveyance to Mr. A. Gabriel, of commercial land in Middlesex-street, Whitechapel, and known as Lots Nos. 1 to 16 (Goulston-street Artizans' Dwellings Act Scheme).

Agreement between the Trustees of the Islington Parish Schools and the Board, for the sale and purchase of No. 79, Cross-street, and Nos. 289 and 290, Upper-street, Islington, and appointment of Mr. Vulliamy as Valuer in the matter of the claim in respect of the same (Upper-street, Islington, Improvement).

Agreement, in triplicate, between Mrs. E. A. Hampshire, and her Mortgagees, and the Trustees of Mr. J. Gillett, and the Board, for apportionment of the rent in respect of Nos. 7, 9, 11, 13, 15, 17, 19, 21 and 23, Church-gardens (Tench-street Artizans' Dwelling Act Scheme.)

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

30. The Solicitor reported that the Deed of Conveyance by the Board to Mr. Wilson, of Plots Nos. 5 and 6, in Kentish-town-road, had not been received, and he suggested that the Board should authorise the Chairman to affix the Seal to the said Deed of Conveyance when received.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board be requested, and he is hereby authorised, to affix the Common Seal of the Board to the said Deed of Conveyance when received.

31. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £1,700 to the St. Luke's Vestry, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas, the Vestry of the Parish of St. Luke, Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction, in writing, to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act within the said Parish, of a sum of One thousand seven hundred pounds, required

by the Vestry, for the purpose of defraying the expense incurred, or to be incurred, by the said Vestry, in executing certain pipe Sewerage works under the footways of both sides of Old-street, between Goswell-street-road and Whitecross-street, and under the footway on the South side of Old-street, between Rayley-street and Martha's-buildings, all in the said Parish. And whereas, the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand seven hundred pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is **ordered** that the sanction, in writing, of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing, by the said Vestry, under the Metropolis Management Act, 1855, of a sum of One thousand seven hundred pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Thirty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That a Cheque for the sum of £1,700 be now drawn in favour of the Vestry of St. Luke; and a Cheque was drawn on the General Capital Account accordingly.

32. The Solicitor read a Report, as follows—

19th March, 1886.

LONDON STREET TRAMWAYS EXTENSIONS BILL.

With reference to the London Street Tramways, the Examiner has appointed Monday next for taking the proofs on Standing Orders, and it is not likely that any further adjournment will be accorded. If, therefore, the consent of the Board is not handed in by the Board's Agents on Monday morning (the proper undertaking having been given by the Promoters) the Bill may practically be lost; and for this reason I have to ask the Board to allow me to read this Report as a matter of urgency, inasmuch as I am not certain of the true interpretation of the Resolution passed by the Board on the 12th February, 1886, which was as set out in the annexed Board Minute.

My doubt upon this point is best explained in a communication, which Messrs. Ashurst Morris, and Co. addressed to the Clerk of yesterday's date, which is supplemental to the letter "1" on the Agenda to-day, and which I will read.

6, Old Jewry, London, E.C.,

18th March, 1886.

J. E. Wakefield, Esq.

LONDON STREET TRAMWAYS (EXTENSIONS) BILL.

DEAR SIR,—Referring to our letter to you of yesterday's date, the promoters will agree to give the 9 feet 6 inches space between the rail and the kerb throughout the length of Tramways Nos. 5b, 5c, 5d, and 5e (Junction-road doublings), and also throughout the length of Tramway No. 3 (Chalk-farm-road line), except upon the Chalk-farm-road Bridge.

We beg, therefore to make the following proposal, which we shall be glad if you will submit as an addendum to our letter of yesterday's date. We propose that the following clauses shall be inserted in the Bill in relation to the above Tramways, in lieu of those which have been submitted to us, viz.—

"Tramway No. 3 shall not be constructed until the roadway along which it will be laid
 "shall have been widened by the Company so that a less space than 9 feet 6 inches
 "shall not intervene between the outside of the footpath and the nearest rail of
 "the Tramway on either side of the said road, throughout its entire length, except
 "upon the Chalk-farm-road Bridge, which the promoters shall not be required
 "to widen."

"Tramways Nos. 5b, 5c, 5d and 5e, shall not be constructed until the roadways along
 "which they will be laid shall have been widened by the Company, so that
 "throughout the entire length of the said roadways a less space than 9 feet and
 "6 inches shall not intervene between the outside of the footpath and the nearest
 "rail of the Tramway on either side of the road."

19 March, 1886.

The matter in difference is, therefore, narrowed down to the simple question of whether it was intended by the Board that the promoters should be compelled to widen the Chalk-farm-road Bridge as a condition of the Board's assent.

We submit most confidently that there was no such intention, and we urge that your Board should not require the Bridge to be widened for the following reasons—

- 1.—The Vestry unanimously assenting to the line have not required the Bridge to be widened.
- 2.—The Committee of the House of Commons before whom the Bill came last year, were satisfied that a Tramway could safely be laid across the Bridge in its present condition.
- 3.—That your Board in 1884, and again in 1885, consented to the Tramway being so laid.
- 4.—The peculiar construction of the Bridge is such that no inconvenience can arise by a Tramway being laid along it.

We trust your Board will be able to accept the Clauses which have been proposed above, as if the Board insists upon the Clauses which have been submitted, the promoters will have no alternative but to withdraw these lines from the Bill.

We are, dear Sir,

Yours truly,

ASHURST, MORRIS, CRISP & Co.

With reference to the widening of the roads, I apprehend the undertaking to widen them so as to leave 9 feet 6 inches on each side of the outer Tramway rail, meets the requirement of the Board's Resolution, and is in fact in accordance with the statutory limit, but the question remains whether the Tramway is to be constructed before the Canal Bridge in the Chalk Farm-road is widened. If this is insisted upon it is practically withholding the Board's consent to the Tramway, as the Company has no statutory powers to deal with the Bridge.

As I have said, I think, as to the Tramway No. 3, Chalk-farm-road line, and the Tramways in the Junction-road, a communication in the terms of Messrs. Ashurst and Co.'s Letter, is a compliance with the Board's requirements, and the practical question therefore is whether I am to consider that the Board in referring to the widening of the roadway, to the satisfaction of the Board and the Vestry of St. Pancras, required such widening to apply to the Canal Bridge as well as to the remainder of the road.

(Signed)

R. WARD,

Solicitor.

The Clerk laid before the Board the following Letters—

Letter from Messrs. Ashurst, Morris, Crisp and Co., on behalf of the Promoters of the Bill, dated 17th March, 1886, asking that the conditions of the Board's consent relating to the widening of Chalk Farm-road and Junction-road, before the Tramways in those roads were laid, might be limited so as to apply only to the portions of the roads, the widening of which was shown on the Company's deposited Plans.

Further Letter from Messrs. Ashurst and Co., dated 18th March, 1886, suggesting, with reference to their previous Letter, that certain Clauses (included in their Letter) should be inserted in the Bill, in lieu of those submitted to them on behalf of the Board, and urging, for certain reasons, that the Board should not require the Bridge in the Chalk Farm-road to be widened.

Letter from Mr. T. E. Gibb, M.P., Clerk to the Vestry of St. Pancras, dated 18th March, 1886, referring to the subject of the widening of the Bridge in Chalk Farm-road, and stating that the Vestry did not consider that any alteration would be necessary to the Bridge.

It was moved by Mr. Selway, and seconded by Mr. Edwards—That the subject be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

An amendment thereon was moved by Mr. Wetenhall, and seconded by Mr. Bradfield—That the following Clauses be inserted in the London Street Tramways (Extensions) Bill, in lieu of those submitted to the Promoters on behalf of the Board.

Tramway No. 3 shall not be constructed until the road-way along which it will be laid shall have been widened by the Company so that a less space than 9 feet 6 inches shall not intervene between the outside of the footpath and the nearest rail of the Tramway on either side of the said road, throughout its entire length, except upon the Chalk-farm-road Bridge, which the promoters shall not be required to widen.

Tramways Nos. 5b, 5c, 5d and 5e, shall not be constructed until the roadways along which they will be laid shall have been widened by the Company, so that throughout the entire length of the said road-ways a less space than 9 feet and 6 inches shall not intervene between the outside of the footpath and the nearest rail of the Tramway on either side of the road.

The amendment having been put to the vote, it was declared by the Chairman to be carried, and having been put as an original motion it was also carried; and it was resolved accordingly.

33. The Solicitor suggested that the Letter from the Wandsworth District Board, which was presented by the Engineer on the 5th instant (No. 18), submitting for approval a Plan of a proposed Sewer in an intended new road to lead out of High-street, Clapham, and which was referred to him (the Solicitor) to advise whether or not this Board should approve of the Plan of the Sewer, should be referred to the Works and General Purposes Committee.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

34. The Solicitor read a Report, as follows—

19th March, 1885.

NEW PUTNEY BRIDGE.—*Re* W. S. HAMMOND.

No. 10, The Terrace, Putney.

Possession of this property is urgently required by the Engineer, and I have arranged with the Vendor to complete and give possession to-morrow morning. Will the Board please direct that Cheques be drawn for the purchase-money £475, in favour of Mr. W. S. Hammond, and for the Surveyors fee £13 13s., in favour of Mr. R. Ritchie, to enable me to complete the matter.

I present the usual request.

(Signed) R. WARD,
Solicitor.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that Cheques be drawn for the sums of £475 and £13 13s., as recommended therein; and Cheques were drawn on the Bridges (Act of 1881) Account accordingly.

35. The Clerk laid before the Board copies of the Orders of the Board of the 12th instant (No. 9), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Naval-row	...	...	...	...	...	Poplar.
Preston's-road, &c.	...	...	...	...	...	do.
Wells-road, &c.	...	...	...	...	...	Lewisham.

Scholefield-road, &c.	...	...	...	...	...	Islington.
No. 16A, Baker-street	...	...	...	...	...	Marylebone.

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the

Board be affixed to the said copies of Orders and Plans respectively ; and the Seal was affixed accordingly.

36. Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 9th March, 1886.

Your Committee have to report that they have had under consideration the question of issuing the Precepts for the sums which will be required by the Board from Parishes, Districts, &c., for the year 1886. The principal Officers have prepared Estimates of the amounts which will probably be required in their several Departments, which your Committee have duly examined. Your Committee have had before them, in connection with this subject, the Estimates approved by the Parks, &c., Committee of the probable expenses during the year 1886 in connection with the Parks, Commons, and Open Spaces under the management of the Board, and also the Estimates, approved by the Special Purposes and Sanitary Committee and the Contagious Diseases (Animals) Act Executive Committee, of expenses in connection with the testing of Gas and Gas-meters, and the Petroleum, Slaughterhouses, Explosives, and Contagious Diseases (Animals) Acts. They have also had before them the Estimate, approved by the Fire Brigade Committee, for the expenses of the Brigade for the present year. Your Committee have not thought it necessary to investigate the details of those Estimates, as they have undergone full consideration by the Committees who have charge of the matters to which they refer. Your Accountant has also prepared a Statement of the Estimates for the year 1886 as compared with the Estimates for the year 1885, and the expenditure for the years 1885 and 1884 ; also a Statement of the sums required for the Principal and Interest of, and the Sinking Fund for, re-payment of the Loans granted before the passing of the Metropolitan Board of Works (Loans) Act, 1869, and an Estimate, for the year 1886, of the Consolidated Loans Fund, together with the detailed Estimates from the several Departments ; copies of which Statement and Estimates have been circulated amongst the Members of the Board. Your Committee have also had submitted to them a Statement showing the annual value of the property in the City of London, and other parts of the Metropolis, as defined by the Metropolis Management Act, 1855, based upon the Valuation (Metropolis) Act, 1869 ; the County Rate Bases for the respective Counties of Middlesex, Surrey, and Kent ; the City Police Rate, and also the Ratable Annual value of the property assessable to the General District Rate of the Hornsey Local Board, under the provisions of the Acts 34 and 35 Vic., cap. 129, and 35 and 36 Vic., cap. 163, and of the South Hornsey Local Board, under the provisions of the Act 37 and 38 Vic., cap. 97, and of the Ratable Annual value of property within the Beckenham Sewerage Area, assessable to the Rate for the relief of the Poor, as provided by the Act 36 and 37 Vic., cap. 218. Your Committee now submit the Estimates of the sums required to be raised, and the Statement showing the gross and Ratable Annual value of Property in the Metropolis, and they recommend that the same be approved ; that your Accountant be instructed to apportion the same amongst the several Parishes and parts liable thereto, according to the Valuation List, prepared under the Valuation of Property Act, and according to the County Rates and other Rentals which will come into force on the 6th April next, and that Precepts in accordance therewith be prepared, and be made payable in moieties on or before the 1st July and 1st December, 1886, and that the Estimates for the Consolidated Loans Fund, the Dwelling House Improvement Fund, and Bridge expenses be submitted to the Treasury, for sanction in respect of the charges for debt. It is proposed, as was done last year, to deduct from the total amount to be raised the sum which it is estimated will be received in respect of the Government contribution from those Parishes which have not included the Government property in their Valuation lists, as this contribution will be afterwards obtained from the Parishes by which it is rightly payable.

Your Committee also beg to submit, with the Estimates, a list of the contributions

to be made by Insurance Companies towards the expense of maintaining the Fire Brigade for the year 1886.

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
JOHN TOLHURST,
P. W. FUNNELL,
CHA^s. HARRIS.

BRIDGE EXPENSES.

The expense of maintaining the bridges of the Metropolis which are over the River Thames west of Southwark (excluding Westminster), also the roads upon them, and Deptford-creek Bridge, with the road upon it, devolves upon the Board, under 40 and 41 Vic., c. xcix. The counties of Middlesex and Surrey contribute £1,200 per annum each, under Section 27, in discharge of any liability to maintain or reconstruct the bridges, and the South-Eastern Railway Company pays £675 per annum under Section 23, in respect of annual compensation formerly paid, under an Act of 1837, by the London and Greenwich Railway Company to the Deptford-creek Bridge Company.

The amount chargeable on the rates is to be raised as a General, not a Sewers' Rate, under Section 29 of Act 40 and 41 Vic., c. cxix., and under Section 34 of Act 47 and 48 Vic., c. cccxxviii.

DWELLING HOUSE IMPROVEMENT FUND.

Under the Artizans and Labourers' Dwellings Improvement Act of 1875 (38 and 39 Vic., cap. 36) it is obligatory upon the Board to establish this Fund, to which all receipts under the Act are to be carried, and all expenses charged. The money required to establish the Fund, and any deficiency arising from time to time are to be supplied either by money borrowed or "local rate," and the "local rate" is not the Board's Consolidated Rate, but a distinct portion of it, to which the City of London is not liable.

The deficiency chargeable on "local rate" in 1886, is in respect of the Interest and Sinking Fund of money borrowed. The total sum borrowed is £1,399,000, of which the amount outstanding is £1,245,200.

GENERAL ACCOUNT.**DEFICIENCY IN RESPECT OF THE YEAR 1884.**

Net Asset on the General working account of the Board, on 31st December, 1884 ...	£37,853	11	-
Add, Deficiency in respect of the year 1883, raised in 1885	11,707	16	10
	£49,561	7	10
Charges admitted after that date, as appertaining to 1884	29,158	2	2
Net balance, after defraying expenses of the year 1884	£20,403	5	8
DEFICIENCY, being the sum by which the balance falls short of £60,000, which is the working balance of the General account	£39,596	14	4

The difference arises under several heads, viz—Expenses connected with Deodorising and experiments with sewage, at Outfalls, £42,315; erection of Hydrants, £3,078; District Railway ventilators, £1,427; Thames Crossings, £6,165; Parks and Open Spaces, £1,709; Theatres and Music-halls, £299; and General purposes, £237. Total, £55,230. Against which, may be taken, Excess of estimate beyond expenditure, for Sewerage and drainage works and Pumping-stations, £10,448; Thames-embankments, £1,735; New roads by Finsbury Park, £309; Dangerous structures, £110; Gas-meter testing, £326; and under Contagious diseases (animals) Act, £1,846. Total, £14,774. The difference between the balance of these sums and the amount shown above arises out of a small increase or decrease of outlay for other services.

NOTE.—The deficiency in respect of the year 1883, charged in the Estimate for
1885 was £11,707 16 10

		<u>£9,182</u>	<u>0</u>	<u>0</u>

Resolved, on the motion of Mr. Fardell, seconded by Mr. Harben—That the Estimate

of the sums required to be raised from the several Parishes, Districts, &c., for the year 1886, amounting to £882,327 18s. 6d., be approved and adopted.

Resolved, on the motion of Mr. Fardell, seconded by Mr. Harben—That the Estimates for the Consolidated Loans Fund, the Dwelling House Improvement Fund, and Bridge expenses be submitted to the Lords Commissioners of Her Majesty's Treasury, for their sanction in respect of the charges for debt.

Resolved, on the motion of Mr. Fardell, seconded by Mr. Harben—That the several sums agreed to this day, for the expenses of the Board for the year 1886, be apportioned on the City of London, and the several Parishes and Parts liable thereto, on the Rentals of the County and other Rates, in force on the 6th of April next; and that, in making such apportionment, no part of the expenses connected with the Gas Acts relating to testing Meters, the Explosives Act, and the Artizans and Labourers' Dwellings Improvement Act, 1875, be charged upon the City of London; that such apportionment be submitted to the Board; that, previously thereto, a copy thereof be transmitted to each Member of the Board; that Precepts, in accordance therewith, be prepared; and that the Precepts be made payable in the manner following—viz., one moiety on or before the 1st July, 1886, and the remainder on or before the 1st December, 1886.

- 37.** The Clerk presented a Letter from Mr. J. E. Smith, Clerk to the Westminster District Board, dated 12th March, 1886, suggesting the desirability of an Improvement being effected at Park-place, Knightsbridge, and of a better approach to Hyde-park being formed at that spot, as shown on the Plan accompanying the Letter, stating that the Leases of several properties shown on the Plan would shortly expire, and an opportunity would then occur of acquiring the Freehold; and expressing a hope that either the Board or Her Majesty's Office of Works might be able to take up the Improvement.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

- 38.** The Clerk presented a Letter from Mr. J. Searle, Clerk to the New River Company, dated 12th March, 1886, stating that a constant supply of Water had been introduced in Shelton-street, Drury-lane, and asking for the instructions of the Board as to the number and position of the Fire Hydrants to be fixed.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer and Captain Shaw do report to the Committee thereon.

- 39.** The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 12th March, 1886, stating, in reply to the Board's Letter, that the Home Secretary was in communication with the Treasury, and was giving careful consideration to the proposals of the Board with respect to their application for powers to oppose private Bills in Parliament.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee.

- 40.** The Clerk presented a Letter from Mr. E. Crowne, Clerk to the Tottenham Local Board of Health, dated 15th March 1886, asking to be furnished with a dozen or twenty copies of the Report of the Works and General Purposes Committee on the subject of the disposal of the Sewage of the Metropolis, which he would be pleased to pay for.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration with authority to act upon any Resolution at which they may arrive with regard thereto.

- 41.** The Clerk presented a Letter from Mr. W. F. Jebb, Clerk to the Metropolitan Asylums' Board, dated 16th March, 1886, conveying the best thanks of the Managers

19 *March*, 1886.

to this Board for their courtesy in having permitted the Managers to hold their Ordinary Meetings in the Board-room at Spring-gardens during the past three years.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

42. The Clerk presented a Letter, as follows—

Parish of St. Pancras.

Guardians' Offices—Vestry Hall, Pancras-road,
London, 12th March, 1886.

SIR,—Reverting to my letter of the 23rd December last, I am now directed by the Guardians of the Poor of this Parish to make application to your Board for a Loan of £2,000, for expenditure in respect of the erection, fitting up, and furnishing of additional Workhouse buildings.

I enclose herewith a copy of the Order of the Local Government Board authorising the proposed Loan, and a copy of the Resolutions by the Guardians at their Meeting held on the 21st January last in this behalf.

I am instructed to state that the Guardians would be glad to obtain the amount, if possible, before Lady-day next, and at the usual rate of interest of $3\frac{1}{2}$ per cent.

I have, &c.,
(Signed) ALFRED A. MILLWARD,
Clerk.

J. E. Wakefield, Esq.,
Clerk to the Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

43. The Clerk presented a Letter from Mr. J. E. Smith, Clerk to the Westminster District Board, dated 16th March, 1866, adverting to the Letter from the District Board of the 19th January last, and requesting this Board to make such provision in their Various Powers Bill of next Session as would authorise the formation by the Board of approaches to the Charing-cross Foot-bridge on the level from the Strand.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

44. The Clerk presented a Letter, as follows—

The Vestry of the Parish of Chelsea,
Vestry-hall, King's-road, S.W.

DEAR SIR,—I am directed by the Vestry to make application to your Board for sanction to borrow the sum of £7,000 for the purpose of carrying out certain wood-paving works this Parish; and, in the event of your Board granting such permission, I am further to ask them to advance the Vestry a Loan to the amount and for the purpose named, the Loan to be repaid by equal annual instalments covering seven years.

I am, &c.,
(Signed) J. EISELL SALWAY,
Vestry Clerk.

The Clerk, Metropolitan Board of Works,
Spring-gardens.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor, and the Accountant do report to the Committee thereon.

45. The Clerk presented a Letter from Mr. T. Bridger, Clerk to the Vestry of Hampstead, dated 16th March, 1886, forwarding copies of Resolutions of the Vestry, requesting, in connection with the Hampstead Improvements, to be informed of any proposed Plans for the disposal or appropriation of any portion of the ground purchased, so soon as they were arranged, and before they were adopted, in order that the Vestry might

make any suggestions thereon which they might deem desirable, and suggesting the advisability of giving more publicity in the case of all future sales of old materials.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

46. The Clerk presented a Letter from Mr. T. E. Jones, Clerk to the Fulham District Board, dated 17th March, 1886, urging upon this Board the necessity for carrying the new and improved line of frontage of the King-street, Hammersmith, Improvement, up to and abutting upon the District Board's Offices, as it would, in the opinion of the District Board, shortly be necessary to widen Brook-green-road by an Improvement on the East side; and asking that the Vestry of Hammersmith might have the option of the purchase of the whole of the surplus land that would remain between the Broadway House and the Hammersmith-road, so as to provide a site for the extension of the present Offices.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

47. The Clerk presented a Letter from Mr. G. D. O. Bridgeman, dated 13th March, 1886, transmitting two papers by the late Mr. R. Dover, on the subject of the treatment of the Sewage of the Metropolis.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. Bridgeman be thanked for his Letter.

48. The Clerk presented a Letter, as follows—

School Board for London,
Victoria Embankment, W.C.,
18th March, 1886.

LOAN £100,000.

SIR,—I am directed by the School Board for London to apply to the Metropolitan Board of Works and to ask that, having regard to Section 58 of the Elementary Education Act, 1870, that they will advance to the School Board for London a further sum of £100,000; the re-payment to spread over a period of 50 years.

I beg leave to forward an extract from the Minutes of the Board at which the Resolution to borrow the money was passed.

The consents for the Loan shall follow in the course of to-morrow.

The Board propose to take up the money on Friday, April 16th, next.

J. E. Wakefield, Esq.,	I am, &c.,
Clerk, Metropolitan Board of Works,	(Signed) G. H. CROAD.
Spring-gardens, S.W.	Clerk of the Board.

SCHOOL BOARD FOR LONDON.

(Extract from Minutes.)

At a meeting of the School Board for London holden in the Board Room of the Offices of the Board on the Victoria Embankment, on Thursday, the 18th day of March, 1886, RESOLVED, on the motion of George White, Esq., B.A., LL.B.—

"1.—That the Board borrow a further sum of £100,000 from the Metropolitan Board of Works; and that the Finance Committee be authorised to arrange for the date, when the money shall be received."

Certified to be a true extract.

(Signed) E. H. BRAMLEY,
Minuting Clerk.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

49. The Clerk presented a Letter from Messrs. Dubois, Reid and Williams, dated 18th March, 1886, acknowledging the receipt of the Board's Letter of the 17th instant, with reference to their application for a Certificate in respect of the Occidental Theatre, in the Strand; submitting for consideration the circumstances of the case, and requesting

an interview with the Committee of the Board for the purpose of ascertaining what alterations or amendments were required by the Board, and stating that if their request were refused they would apply for a Writ of Mandamus to compel the Board to grant a Certificate.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and to confer with the parties, and that the Solicitor do advise the Committee on the subject.

50. The Clerk presented a Letter from the Greenwich Vestry, dated 19th March, 1886, expressing their hope that the Board would oppose the application to Parliament by the London, Chatham and Dover Railway Company, for an extension of time, until the year 1889, for completing their Railway in the Parish of Greenwich, so that the time might be limited to the end of the year 1887.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parliamentary Committee, for consideration and report.

51. Mr. Selway handed in a Letter from the Vestry of Newington, dated 19th March, 1886, stating that buildings were in course of erection in York-mews, York-street, Walworth, and asking the Board to take steps for preventing the mews being built upon, and opened for carriage traffic with a less width than 40 feet.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

Thrupp and Maberley, for approval by the Board of a Plan for the construction of a chimney-shaft at the rear of No. 426, Oxford-street.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

79. ST. SAVIOUR, SOUTHWARK.—Read a Report by the Deputy Superintending Architect, dated 17th March, 1886, on the application of Mr. E. F. Pollard, on behalf of Messrs. Barclay, Perkins, and Co., for approval by the Board of a Plan for the construction of a chimney-shaft at the Anchor Brewery in Park-street.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

80. WHITECHAPEL.—Read a Report by the Deputy Superintending Architect, dated 17th March, 1886, submitting for the Seal of the Board, a License, in duplicate, with Plan attached, in respect of a temporary shed erected at the rear of No. 116, Leman-street.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said License and Plan, in duplicate; and the Seal was affixed accordingly.

Adjourned until Friday next, the 26th instant,
at this Office, at Twelve o'clock at noon.

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £191,173 12s. 5d., be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Your Committee have considered the application of the Fulham District Board, for payment of this Board's promised contribution towards an Improvement effected at North-end-road, referred by the Board on the 26th ultimo (No. 16). The Board, on the 7th August last, agreed to contribute one-half of the net cost, not exceeding £50, of widening North-end-road, on the usual Certificates of their Officers. Your Accountant has certified that the sum of £100 has been paid to the owners for the land surrendered, and your Superintending Architect has reported that the works have been satisfactorily completed. Your Committee therefore recommend—

That a Cheque be drawn for the sum of £50 in favour of the District Board.

Your Committee have considered the Letter from the Fulham District Board, requesting payment of this Board's promised contribution towards the cost of the construction of the Gliddon-road Bridge, referred by the Board on the 15th May last (No. 42) and 26th ultimo (No. 16). The Board, on the 15th February, 1884 (No. 6), agreed, provided the District Board paid £1,600, to contribute the sum of £800, on condition that a Bridge of the value of £4,000 was constructed to the satisfaction of your Engineer. Your Accountant has reported that the District Board have paid the £1,600, and your Engineer states that the Bridge is now completed satisfactorily, except that the Northern approach has a gradient of 1 in 17, for a length of 44 yards, instead of 1 in 25, for a length of 57 yards, as shown upon the Plan approved by the Board. It is alleged that to alter the levels of the carriage-way on the North side of the Bridge would require such alterations of the level of the roads running East and West and North as would practically close one of the entrances to (the new) St. Paul's

school, and it is asked that under those circumstances the alteration may be approved. As the Works and General Purposes Committee originally approved of the Plan your Committee think it desirable that they should decide whether the Bridge should be approved and the contribution paid, and they accordingly recommend—

That the matter be referred to that Committee for the purpose.

Your Committee have considered the application of the Vestry of Lambeth, for payment of the Board's promised contribution towards the cost of an Improvement at Knight's-hill-road, referred by the Board on the 5th instant (No. 15). The Board, on the 8th August, 1884 (No. 7), agreed to contribute one-half of the net cost, not exceeding £450, on the usual Certificates of their Officers. Your Superintending Architect has reported that direct communication between Knight's-hill-road and High-street Lower Norwood, has been made, and the necessary paving and other works completed, and your Accountant has certified that the net sum of £857 18s. 6d. has been expended by the Vestry. Your Committee therefore recommend—

That a Cheque be drawn for the sum of £128, in favour of the Vestry.

Pursuant to the Resolution of the Board of the 5th instant (No. 86), your Committee have considered the application of the Vestry of St. George, Hanover-square, for an advance of a sum of £10,000 to defray the cost of wood-paving. The Vestry propose to have laid down in certain carriage-ways 24,879 yards of wood blocks, 6 inches by 9 inches by 3 inches, on Portland cement concrete foundations, 6 inches in thickness, at an estimated cost (8s. and 8s. 2d. per yard) of £10,004 15s. 2d., which your Engineer reports to be reasonable. The Hon. A. Egerton, one of the representatives of the Vestry, has attended your Committee in support of the application, and having regard to the necessity for the work, your Committee recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. George, Hanover-square, for an advance of a sum of £10,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Wandsworth District Board, requesting a Loan of a sum of £2,000 to defray the cost of wood-paving, referred by the Board on the 5th instant (No. 9). The District Board propose to have laid down in parts of the carriage-ways of Clapham-park-road and High-street, Clapham, about 4,000 yards of wood blocks, on Portland cement foundations, 6 inches in thickness, at an estimated cost (10s. per yard) of £2,000, which your Engineer considers to be reasonable. Your Committee see no objection to the Board making the advance, and they accordingly recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Wandsworth District Board, for a Loan of a sum of £2,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up on the 1st July, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application from the Vestry of St. George-the-Martyr, Southwark, for a Loan of a sum of £15,500 to defray the cost of paving works, referred by the Board on the 5th instant (No. 56). The Vestry propose to have laid down in parts of the Southwark Bridge, St. George's, Lambeth and Borough Roads,

about 19,293 yards of 3 inches by 6 inches Guernsey granite cubes, and 2,288 yards of 3 inches by 6 inches wood blocks, all on concrete foundations 6 inches in thickness, at a total estimated cost for the granite (15s. per yard) of £14,468, and for the wood (11s. 4d. per yard) of £1,296, making a total of £15,764. Your Engineer reports that he considers the price for the granite paving to be a full one, and that the Loan should be limited to £1,300 for the wood, and £13,700 for the granite, and in this your Committee concur. Mr. Pocock, the representative of the Vestry, has attended your Committee in support of the application. The Vestry propose to take up the Loan in moieties on 24th June and 29th September next, but as it is not customary to allocate money for more than three months in advance, your Committee recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. George-the-Martyr, Southwark, for the Loan of a sum of £15,500, to defray the cost of paving works, be granted, to the extent of £8,000, on condition that the Loan be taken up on the 24th June next, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, as to £6,700 for granite paving in 20 years, and as to £1,300 for wood-paving in 6 years; that it be referred to the Solicitor to complete the Loan; that the amount be advanced out of the General Capital Account; and that the Vestry be informed that, if they desire to take up the remaining £7,000 of the Loan on the 29th September next, they must make application early in July for the purpose.

On the 12th instant the Board, on the recommendation of your Committee, agreed to advance to the Guardians of the Wandsworth and Clapham Union the sum of £13,500, re-payable in 30 years, and 6,400 in 15 years. Your Solicitor reports that the consent of the Local Government Board has been obtained to the Loan, and to the mode for re-payment, and that it becomes necessary to slightly modify this Board's Resolution by directing that £13,700 instead of £13,500 be re-paid in 30 years, and £6,200 instead of £6,400 be re-paid in 15 years, and your Committee recommend—

That the Resolution be modified accordingly.

Your Committee have ascertained that the Board's Cash Balance will (subject to transfers) shortly require to be strengthened, and it therefore becomes necessary, and as a safeguard for the Board, that they should be in possession of Treasury authority to borrow temporarily. Your Committee accordingly recommend—

That application be made to the Treasury to sanction (under the Act 47 and 48 Vic., c. 50, s. 22) the raising of such temporary Loans as may be necessary during the year 1886, not exceeding in the aggregate the sum of £500,000; and that it be referred to the Chairman of the Board, and the past and the present Chairman of the Finance Committee to negotiate such Loans.

Your Committee have had before them the Tables, prepared by your Accountant, to accompany the Board's Money Bill of 1886, which Tables your Committee beg to submit for the information of the Board, and to recommend—

That the Tables be referred to the Parliamentary Committee, with instructions to the Accountant to bring them up to the latest date, as may be required by the Treasury.

The Board, on the 15th January last (No. 4), appointed Mr. Joseph Smith to assess on Lincoln's-inn and the Inner Temple the amount required to be paid under the Precepts to those places in respect of the Consolidated Rate for the year 1885. Your Committee have received a Letter from Mr. Smith, stating that he has prepared and made the requisite Rates, and requesting the Board to grant him the usual remuneration in respect thereof. Your Committee consider that, as the labour involved in the preparation of the Rates is the same as in previous years, a similar allowance should be made in the present instance, and they therefore recommend—

That Mr. Joseph Smith be paid for collecting the Metropolitan Consolidated Rate, made on Lincoln's-inn for the year 1885, by poundage at the rate of £5 per cent. on the amount

collected, and that the sum of £5 be paid to the said Joseph Smith, in consideration of additional duties performed by him in connection with the preparation and making of the said Rate.

That Mr. Joseph Smith be paid for collecting the Metropolitan Consolidated Rate, made on the Inner Temple for the year 1885, by poundage, at the rate of £5 per cent. on the amount collected, and that the sum of £5 be paid to the said Joseph Smith, in consideration of additional duties performed by him in connection with the preparation and making of the said Rate.

On the 18th December last (No. 6), the Board made an Order placing the property leased by them under the management of your Committee, who have been making enquiries as to the sufficiency of the fire insurances on the property placed under their charge. Your Committee have received from your Superintending Architect a Report on the subject, relative to the time which will be required to value the buildings, if done by the Board's staff, and suggesting the temporary employment of an Assistant for that purpose, and as such questions are usually considered by the Works and General Purposes Committee, your Committee recommend—

That the subject be referred to that Committee for consideration and report.

Your Committee have caused to be prepared an apportionment of the Establishment Charges of the Board for the half-year ended the 31st December last, a copy of which has been sent to each Member of the Board. Your Committee submit a copy thereof, and recommend—

That the same be approved, and that such Charges be apportioned accordingly.

Your Committee recommend—

That the following Cheques, which have been drawn longer than three months, be cancelled—

Streets (Act of 1877) Account.

The Tables submitted with the Report were laid before the Board.

The Report having been read and received,

It was moved by Mr. Fardell, seconded, and resolved—That the sum specified in the Statement submitted by the Committee, amounting in the whole to £191,173 12s. 9d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was moved by Mr. Fardell, seconded, and resolved—That the Fees specified in the Four summaries of Accounts now presented to the Board, marked A to D inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a Cheque be now drawn for £50 in favour of the Fulham District Board, being the amount of this Board's promised contribution towards the cost of the Improvement effected at North-end-road.

A Cheque was thereupon drawn on the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the question as to the alteration made in the gradient of the Northern approach of the Gliddon-road Bridge, Fulham, from the Plan approved by the Board, be referred to the Works and General Purposes Committee, for consideration, and to report whether, under the existing circumstances, the promised contribution of £800 should now be paid.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a Cheque be now drawn for the sum of £428, in favour of the Vestry of Lambeth, being the amount of the Board's promised contribution towards the cost of the Improvement at Knight's-hill-road.

A Cheque was thereupon drawn on the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. George, Hanover-square, for an advance of a sum of £10,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January within a period of Six years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Wandsworth District Board, for a Loan of a sum of £2,000 to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up on the 1st July next, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Six years; that it be referred to the Solicitor

to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. George-the-Martyr, Southwark, for a Loan of a sum of £15,500 to defray the cost of paving works, be granted, to the extent of £8,000, on condition that the Loan be taken up on the 24th June next, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, as to £6,700 for granite paving within a period of Twenty years, and as to £1,300 for wood-paving within a period of Six years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; that the amount be advanced out of the General Capital Account; and that the Vestry be informed that, if they desire to take up the balance, viz., £7,000, to which the Loan will be limited, on the 29th September next, they must make application early in July for the purpose.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Resolution of the Board of the 12th instant, agreeing to make an advance to the Guardians of the Wandsworth and Clapham Union, be so far modified as to direct that the sum of £13,700, instead of £13,500, be re-paid within a period of Thirty years, and that £6,200, instead of £6,400, be re-paid within a period of Fifteen years.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That application be made to the Treasury to sanction the raising of such temporary Loans as may be necessary during the year 1886, not exceeding in the aggregate the sum of £500,000, and that it be referred to the Chairman of the Board, and the past and the present Chairman of the Finance Committee to negotiate such Loans.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Tables to accompany the Board's Money Bill of 1886, prepared by the Accountant, and now submitted, be referred to the Parliamentary Committee, with instructions to the Accountant to bring up the Tables to the latest date, as may be required by the Treasury.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That Mr. Joseph Smith be paid for collecting the Metropolitan Consolidated Rate, made on Lincoln's-inn for the year 1885, by poundage, at the rate of £5 per cent. on the amount collected, and that the sum of £5 be paid to the said Joseph Smith, in consideration of additional duties performed by him in connection with the preparation and making of the said Rate.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That Mr. Joseph Smith be paid for collecting the Metropolitan Consolidated Rate, made on the Inner Temple for the year 1885, by poundage, at the rate of £5 per cent. on the amount collected, and that the sum of £5 be paid to the said Joseph Smith, in consideration of additional duties performed by him in connection with the preparation and making of the said Rate; and that a Cheque for the sum of £10 be now drawn in favour of Mr. Smith.

A Cheque was thereupon drawn on the General Working Account accordingly.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the subject of the inspection and valuing of the properties leased by the Board, in connection with the sufficiency of the Insurances effected thereon, be referred to the Works and General Purposes Committee, for consideration and report.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That so much of the Report as relates to the apportionment of the Establishment Charges for the half-year

ended 31st December last, be approved, and that such Charges be apportioned as follows—

6. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 22nd March, 1886.

Your Committee, on the 8th instant, made a Report on the subject of the treatment of the Sewage of the Metropolis, with a view to preventing its being a source of nuisance or a cause of complaint in future. They now think it desirable to make a further Report, setting out the various modes of dealing with the question which have been submitted for their consideration, and the course which, after long and careful examination, they have decided to recommend the Board to adopt.

The two Reports of the Royal Commission on Sewage Discharge were laid before the Board on the 8th of February and the 12th of December, 1884, respectively, and

were referred to your Committee for consideration and report. The principal conclusions and recommendations of the Commissioners to which it was necessary to direct attention were the following—

2.—That, in the opinion of the Commissioners, it is neither necessary nor justifiable to discharge the Sewage of the Metropolis in its crude state, into any part of the Thames.

3.—That some process of deposition, or precipitation, should be used to separate the solid from the liquid portions of the Sewage.

4.—That such process may be conveniently and speedily applied at the two present main outfalls.

10.—These conclusions were qualified by the opinion that the liquid so separated would not be sufficiently free from noxious matters to allow of its being discharged at the present outfalls as a *permanent* measure. It would require further purification, and this, according to the present state of knowledge, can only be done effectually by its application to land.

5.—That the solid matter deposited as sludge can be applied to the raising of low lying lands, or burnt, or dug into land, or carried away to sea.

6.—The entire process of precipitation and dealing with the sludge can be, and must be, effected without substantial nuisance to the neighbourhoods where they are carried on.

The Board's Engineer, Sir Joseph Bazalgette, had, it will be remembered, during the sittings of the Royal Commissioners laid before them a Plan by which the Sewage from the Barking and Crossness reservoirs might be conveyed through a culvert to Thames Haven, 34 miles below London Bridge, and there discharged in its crude state into the Thames at ebb tide. The attention of your Committee was necessarily directed to this proposal as indicating one of the possible solutions of the problem under examination. It was, however, by no means clear to your Committee, especially when they came to consider the Estimates of cost, that the carrying of the Sewage to Thames Haven would be either the most effective or the most economical way of dealing with it. Moreover, the proposal was open to the objection that, although places near the Metropolis, such as Erith, would be relieved of the presence of the Sewage, other places nearer the mouth of the River would consider themselves injured by its conveyance to their neighbourhood. This was sufficiently indicated by a communication which the Southend Local Board, immediately on hearing of the project, addressed to the Board, protesting strongly on behalf of the inhabitants of Southend against any attempt to carry out the proposal.

In connection with this suggestion for carrying the Sewage lower down the Thames, it may be mentioned that the Board received from the Home Department communications which had been addressed to the Secretary of State by Col. A. S. Jones and Mr. Bailey Denton, bringing before him a scheme for conveying the Sewage to Canvey Island and dealing with it there. The authors of the scheme seem to have propounded it on the assumption that the Board would decide to carry the Sewage to Thames Haven, a course which your Committee were not prepared to recommend. It was a further element of the scheme, that the Board should deliver the whole of the London Sewage over to Messrs. Jones and Denton, and should make them an annual payment of £110,000.

The view taken by your Committee and also by the Board itself, upon this part of the scheme was that it would not be consistent with the Board's duty to hand over the Sewage to be dealt with by other persons in consideration of a very large annual payment, and that the Board could not rid itself of its responsibility in that manner. The Home Department and the promoters of the scheme were informed to that effect.

Your Committee may here mention that they have had before them numerous suggestions from other persons whose attention seems to have been given to the Sewage

difficulty, but that none of them has seemed to your Committee to contain the promise of a satisfactory solution of it.

It appeared to your Committee that the Board ought, in the first instance, to apply itself to the determination of the question whether by chemical and mechanical treatment of the Sewage, the liquid might not be separated from the solid matter and further be freed of its noxious and offensive character to such an extent as to enable the effluent water to be discharged into the River without giving rise to any nuisance. The precipitation of the solid matter, and the consequent clarification of the Sewage waters, could, it was found after careful experiment, be satisfactorily effected by mixing with the Sewage proper proportions of lime and protosulphate of iron, and then allowing it to subside in settling tanks. This, however, would not be sufficient to insure complete immunity from smell arising from secondary fermentation, and a fresh development of offensive gases in hot weather. Such immunity, however, it was deemed absolutely necessary to attain.

The Royal Commissioners seem to have been of opinion that the only effectual way of attaining it was, after precipitation of the solid matter, to further purify the liquid by a process of filtration through earth, and they advised that such a process of filtration should be adopted if it were decided to discharge the Sewage effluent into the Thames, in the neighbourhood of the present outfalls.

The acquisition of sufficient land, however, in the neighbourhood of Barking and Crossness to enable the vast quantity of London Sewage to be effectually filtered through the soil, was found, upon examination, to be attended with such great difficulty, to say nothing of cost, that the Board conceived it to be its duty to endeavour, under competent advice, to find some other method sufficiently effective to obviate the necessity of earth filtration. What was required seemed to be an oxidising agent which would not only effect the immediate destruction of any offensive odour still remaining after chemical precipitation, but which would at the same time prevent the further development of offensive gases. It was found that permanganic acid was effectual in accomplishing both these objects.

Your Committee were extremely anxious that there should be no mistake in the conclusion arrived at upon this important point, as upon it would mainly depend the determination of the course which the Board should be advised to take. The opinion of four of the most eminent Chemists in England (one of them a member of the Royal Commission before referred to) was accordingly obtained by the Board. They all, after careful observation of the experiments made, gave it as their opinion that, if the effluent produced as above mentioned by precipitation with lime and protosulphate of iron were subsequently treated with manganate of soda and sulphuric acid, it would be deodorized and purified to such an extent as to render its discharge into the River unobjectionable at all states of the tide.

With this authoritative opinion before them, your Committee felt that the filtration difficulty might be regarded as overcome, and that the Board might safely conclude that the adoption of the process of precipitation, with the further resort to permanganic acid in hot weather would effectually render the discharge of the Sewage into the River innocuous and inoffensive all through the year.

This valuable conclusion arrived at, the next question your Committee had to consider was how the solid matter or sludge resulting from precipitation should be disposed of. This question, which forms the subject of the 5th recommendation in the Report of the Royal Commissioners, has received long and careful attention on the part of your Committee. It was thought that, whatever might be ultimately resolved upon as the best method of disposing of the sludge, it would be necessary in the first instance to press it into cakes. Suitable machinery for this purpose was accordingly set up at Crossness, and was found to work with such success that the Board soon found it expedient to supplement the first press by a very much larger one. Both of these are now in operation

in connection with the daily treatment of 9 million gallons of Sewage, and there seems reason to hope that the sludge, or the cake into which it is pressed, may be found useful for agricultural purposes, and that a demand for it may thus be created. Should that hope, however, not be realised, it will be for the Board to try the alternative suggested by the Commissioners, of carrying the sludge away to sea. It may be mentioned that the Board, acting upon one of the suggestions made by the Royal Commissioners, tried for some time the process of burning the pressed cake, but this process was found to be open to objection owing to the fumes resulting from the combustion. In anticipation of an ultimate resort to conveyance of the sludge to sea, estimates for a suitable vessel were some time ago invited by public advertisement, and a number of persons having complied with the invitation, the plans and estimates sent in are now being examined by the Board's Engineer and the President of the Institute of Civil Engineers, preparatory to a report to the Committee.

In considering this question it is necessary to bear in mind the enormous quantities of material that have to be dealt with. It is estimated that about 150 million gallons of Sewage is daily carried down to the outfalls. Supposing this quantity to be treated according to the methods mentioned in this Report, there would be a residue of 3,000 tons of sludge, which, when pressed would leave 850 tons to be disposed of daily.

It remains for your Committee to refer to the cost of the operations recommended in this Report, and in doing so it may be well to compare the cost with that of the only other proposal which it seemed open to the Board to adopt—that is to say, the proposal to convey the Sewage into the River at Thames Haven or Hole Haven. From information given by the Board's Engineer, it appears that the capital cost of conveying the Sewage to Thames Haven, and of the works that would have to be constructed there, would be $3\frac{3}{4}$ millions sterling, whereas the capital expenditure required for dealing with the Sewage at the present outfalls at Barking and Crossness, would be only about $\frac{3}{4}$ million. Comparing now the *annual* cost of the two proposals, it appears that the annual cost of treating the Sewage at the present outfalls, including interest on capital, depreciation of plant, wear and tear, and all other expenses is estimated at £118,000 a year, whilst the estimated annual expenditure involved in the conveyance of the Sewage to Hole Haven, and its treatment there by precipitation, is estimated at £215,000, or nearly £100,000 a year more.

Your Committee conclude this Report by expressing their hope that the result of their long deliberations upon this important question will meet with the Board's approval, and that the course which they have recommended for adoption will, when fully carried out, be found to effect the object which the Board has so long had in view, namely, the disposal of the Sewage of the Metropolis in such a manner that no nuisance shall hereafter arise from it.

The Report having been read and received,

It was moved by Mr. Fowler, and seconded by Mr. Selway—That the Report of the Committee be adopted, and that it be referred back to them to obtain the necessary Plans and Estimates, and to lay them before the Board.

The motion having been put to the vote, it was declared by the Chairman to be carried; and it was resolved accordingly.

Mr. Fowler and Mr. Selway, by leave of the Board, withdrew the motions which they had given notice of their intention to move on the 12th instant upon the bringing up of the Report from the Works and General Purposes Committee, on the steps taken for the precipitation and deodorization works in connection with the Metropolitan Sewage, the consideration of which Report was deferred by the Board on the 12th instant (No. 8) until this day.

7. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Your Committee have further to report that they have proceeded on the Resolution of the Board of the 8th January last (No. 8), referring it to them to consider the subject of the salaries and classification of the subordinate Officers of the Board, with a view of ascertaining whether any, and what alterations should be made in the position and salary of any of the Officers. Your Committee have carefully considered the question, and have had before them Reports from the heads of the several Departments, with the

exception of your Superintending Architect, the consideration of the cases in that Department having been deferred for the present. Your Committee now beg to submit the following recommendations—

Clerk's Department.

That Mr. H. F. Moore, who is now receiving £200 a year, the maximum salary of the Second Class, be promoted to the First Class, at the commencing salary of £200 a year.

That Mr. H. W. Bridges, who is now receiving £200 a year, the maximum salary of the Second Class, be promoted to the First Class, at the commencing salary of £200 a year.

That, in consideration of the extra time (often late in the evening) devoted by Mr. Nairn to the discharge of his duties as Superintendent of Common-keepers, and of the incidental expenses to which he is subjected, the allowance of £18 a year now received by him over and above his salary of £300 a year as a First-class Clerk be increased to £40 a year.

That the wages of E. W. White, Assistant Hall-porter, be increased from 20s. to 22s. a week.

Accountant's Department.

That Mr. E. Booth, who is now receiving £150 a year, the maximum salary of the Third Class, be promoted to the Second Class, at the commencing salary of £150 a year.

That Mr. F. W. G. Hulme, who is now in the Fourth Class, and receiving £95 a year, be promoted to the Third Class, at the commencing salary of £100 a year.

That Mr. A. L. Farrow, who is now in the Fourth Class, and receiving £95 a year, be promoted to the Third Class, at the commencing salary of £100 a year.

Engineer's Department.

That the salary of Mr. Gunion be increased from £800 to £1,000 a year, by two annual instalments of £100 each.

That the salary of Mr. C. Elwin be increased from £300 to £340, by two annual instalments of £20 each.

That Mr. W. F. Crane, who is now receiving £100 a year, the maximum salary of the Fourth Class, be promoted to the Third Class, and that his salary be increased to £120 a year.

That W. Park and F. Cowdrey, Chainmen, who now receive 21s. a week, do have their pay increased to 24s. a week.

Solicitor's Department.

That the salary of Mr. E. C. Davies be increased from £400 to £425 a year.

That the salary of Mr. T. Burton be increased from £350 to £375 a year.

That a gratuity of £20 be granted to Mr. W. A. Hawes, in consideration of his late hours of work.

That Mr. G. R. Rand, who is now in the Third Class, and receiving £130 a year, be promoted to the Second Class, at the commencing salary of £150 a year.

That Mr. W. S. Toynbee, who is now in the Fourth Class, and receiving £90 a year, be promoted to the Third Class, at the minimum salary of that Class, viz., £100 a year.

That the pay of Mr. E. R. Brown, a temporary Copying Clerk, be increased from £2 to £2 5s. a week.

That the pay of C. Park, Messenger, be increased from £1 7s. to £1 9s. a week.

That the pay of W. E. Manning, Messenger, be increased from £1 to £1 3s. a week.

Chemical and Gas Department.

That the salary of Mr. R. Grimwood be increased from £250 to £275 a year.

Your Committee have from time to time had before them the case of a workman named Joseph Canworthy, who was appointed by the Board on the 2nd March, 1866, upon the staff of the Crossness Pumping Station, and who, in consequence of illness resulting from injuries sustained in the performance of his duties, has, since October, 1883, been in receipt of an allowance in lieu of wages. Canworthy met with the injuries referred to in October, 1879, when he fell from the scaffolding in the pump well, breaking two of his ribs and sustaining other injury. He was then rendered incapable of working for a period of two months, and during that time the Board

allowed his full pay, 26s. per week, to be continued. It should be stated that Canworthy had at a much earlier period, namely, in 1864, when he was in the employment of the Contractor for the erection of the Pumping Station, also met with an accident and received an injury to his skull. From the medical Certificates which have been laid before your Committee it appears that Canworthy's present illness is due to the injuries which have befallen him on the two occasions above referred to, and that he will probably be never again able to follow his employment, which is that of fitter's labourer. An allowance of half-pay, and subsequently of 7s. per week, has been made to Canworthy for a lengthened period, and it appears to your Committee that the time has arrived when some definite course should be taken. They therefore recommend—

That the allowance of 7s. per week be continued to Canworthy for a further period of three months, and that his engagement with the Board be then terminated.

All which your Committee beg to submit.

8. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 16th March, 1886.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
12th January, 1885.	Vestry of St. Pancras, for re-numbering the houses in various streets in the Parish.
1st January, 1886.	Mr. Leonard Hill, on behalf of Mrs. Adams, relative to inconvenience arising from the existence of two roads within a mile of each other, named Bartholomew-road, and St. Bartholomew-road, and asking that one of the roads may be re-named.

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the subsidiary names in Bridge-street, Greenwich, be abolished, and the houses re-numbered.

That the houses in King-street, Deptford, be re-numbered.

That the houses in Regent-street, Deptford, be re-numbered.

That the houses and premises in York-road, Commercial-road East, be re-numbered.

That the houses and premises in Baker's-mews, Baker-street, St. Marylebone, be re-numbered.

That the houses and premises in Montagu-mews South, Upper George-street, St. Marylebone, be re-numbered.

That for the present no alteration be made in the names of the undermentioned streets in the Parish of St. George, Hanover-square, the Vestry having stated that many of the streets on the Westminster Estate will probably be greatly altered in the course of a few years, viz.—

Blenheim-street, New Bond-street.
 Chapel-street, South Audley-street.
 Charles-street, Berkeley-square.
 Charles-street, Grosvenor-square.
 Dean-street, South Audley-street.
 Duke-street, Grosvenor-square.
 George-street, Grosvenor-square.
 George-street, Hanover-square.
 George-yard, Grosvenor-square.
 Grafton-street, New Bond-street.

King-street, Park-street.
 Market-street, Curzon-street.
 Princes-street, Hanover-square.
 Queen-street, Curzon-street.
 Queen-street, Grosvenor-square.
 South-street, South Audley-street.
 Union-street, Hill-street.
 Union-street, New Bond-street.
 Union-yard, New Bond-street.

That no alteration be made in the numbering of the houses in Robert-street, Grosvenor square.

That Leverton-cottages and Assembly-row, Falkland-road, St. Pancras, be incorporated under the name "Falkland-place, N.W.," and the houses re-numbered.

That the houses in Lewis-street, Hartland-road, St. Pancras, be re-numbered.

That the houses in Patshull-road, Kentish-town, be re-numbered.

That Rilla-place, Sussex-passage, and Powlett-place, Harmood-street, St. Pancras, be incorporated under the name "Powlett-place, N.W.," and the houses re-numbered.

That Mr. Leonard Hill be informed, in reply to his Letter, on behalf of Mrs. Adams, relative to inconvenience arising from two roads within a mile of each other, being named Bartholomew-road and St. Bartholomew-road, and asking that one of the roads may be re-named, that the Board are unable to comply with his request.

All which your Committee beg to submit.

9. Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 23rd March, 1886.

Your Committee have to report that proceedings have been taken against Mrs. H.

B. Davis, No. 18, Pembroke-street, Islington, for keeping Infants unlawfully, and that she was fined 40s. and 5s. costs, or, in default, one month's imprisonment.

Your Committee have further to report that they have had under consideration an application from Messrs. Cow, Hill and Co., for the renewal of their Petroleum License. The conditions of storage continue satisfactory, and your Committee recommend—

That a License be granted to Messrs. Cow, Hill, and Co., for a period of twelve months from the 26th instant, for the keeping of 3,000 gallons of Petroleum at their premises at Streatham-common, in accordance with the terms of the draft License submitted.

Your Committee also submit a list of 79 applications for Licenses to keep Petroleum in small quantities, and recommend—

That in 69 cases Licenses be granted to keep a quantity not exceeding 10 gallons of Petroleum in each case at the places named, and in accordance with the conditions of License No. 91; that in two cases Licenses be granted to keep Petroleum at the places named in a store situated and constructed in accordance with License No. 90, and that in 8 cases special Licenses be granted to keep Petroleum at the places named in the manner described in such Licenses.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
J. E. BRADFIELD,
JOHN RUNTZ,
F. M. WENBORN,
W. J. WETENHALL.

The list of applications for Licenses to store Petroleum, submitted by the Committee, was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Pocock, seconded, and *resolved*—That a License be granted to Messrs. Cow, Hill, and Co., for a period of Twelve months from this date, for the keeping of 3,000 gallons of Petroleum at their premises at Streatham-common, in accordance with the terms of the draft License now submitted.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the seventy-nine persons mentioned in the list now submitted, to keep Petroleum in the places and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

10. Mr. Pocock, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE.

Spring-gardens, 23rd March, 1886.

Your Committee have to report that they have examined the claims of 13 owners in respect of 41 animals slaughtered in consequence of having been affected with Pleuro-pneumonia, and that they have awarded sums amounting to £560 5s., as compensation for such animals. The sum of £241 9s. 5d. has been received for the carcasses, hides, &c., of the animals, leaving the net cost to the Board £318 15s. 7d.

Your Committee have further to report that they have examined claims in respect of 15 swine slaughtered in consequence of having been affected with Swine (Typhoid) Fever, and that they have awarded sums amounting to £13 10s., as compensation for such animals.

Statements of the amounts awarded have been forwarded to the Finance Committee for payment.

Your Committee have also to report that proceedings have been taken against the following persons—

David Davies, of No. 10, Sumner-street, Deptford, who was fined 10s. and 2s. costs for selling milk without being registered.

Jane Huggett, of No. 106, King-street, Woolwich, who was ordered to pay 2s., cost of summons, for a similar offence.

John Hathway, of No. 30, Gas-street, Oxford, who was fined £20 and 2s. costs for sending a farcied horse by rail from Oxford to Maiden-lane Railway Station.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
J. E. BRADFIELD,
JOHN RUNTZ,
F. M. WENBORN,
W. J. WETENHALL.

The Report having been read,

It was moved by Mr. Pocock, seconded, and resolved—That the Report be received.

11. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 24th March, 1886.

Your Committee have to report that it is necessary to sow grass seed on various places under the Board's control in order that the turf which has become worn may be renovated. 139 bushels of seed are required for the purpose, at an estimated cost of £104 5s. and your Committee recommend—

That the seed be obtained accordingly, and be distributed amongst the various places in the proportions named—

Finsbury-park	...	...	...	...	...	...	10 bushel
Southwark-park	...	...	...	...	...	...	12 "
Hackney-downs	...	...	...	...	...	...	60 "
London-fields	...	...	...	...	...	...	20 "
Well-street-common	...	...	...	...	...	...	20 "
Blackheath	...	...	...	...	...	...	4 "
Clapham-common	...	...	...	...	...	...	6 "
Peckham-rye and Goose-green	...	...	...	...	...	...	6 "
Streatham-green	...	...	...	...	...	...	1 "
Total	...	...	...	...	...	...	<u>139</u> "

The Board on the 26th February last (No. 9) having decided as to the permanent labour which might be employed for ordinary routine work at the various Parks, Gardens, and Open Spaces under the control of the Board, your Committee have now to report that, in order to prepare for re-sowing and to carry out other special works, it is necessary that some temporary additional labour should be sanctioned, viz., 6 men for one month on the Hackney Commons, 1 man for two weeks at Southwark-park, and 2 men for two weeks on Blackheath. This will involve an estimated expenditure of £36, and your Committee recommend—

That the Board do sanction the expenditure of that amount.

Your Committee have further to report that it is necessary that horses and carts should be employed in connection with the Board's Gardens and Open Spaces,

viz., a horse and cart for 3 days in the Victoria Embankment Gardens, 2 horses and carts for 9 weeks on Hackney-downs, and 2 horses and carts for 2 weeks on Blackheath. This will involve a probable outlay of £67 10s., and your Committee beg to recommend—

That the expenditure of that sum be sanctioned.

The Board are re-erecting closets in Southwark-park, and it is desirable that a mound should be formed to screen the same from observation. There will be no difficulty in obtaining the necessary quantity of soil for the purpose, but in order that no damage may be done whilst it is being carted over the tar paved paths, it is desirable that a sufficient number of planks should be obtained. Your Committee beg to recommend—

That an expenditure of £30 be sanctioned for the purpose.

Your Committee have further to report with regard to Southwark-park, that 2,000 feet of 4½ inch by 1 inch deal edging, 200 feet of 2 inch by 2 inch stakes, and 400 feet of 9 inch by 1 inch, and 100 feet of 9 inch by ½ inch deal, together with ½ cwt. of nails, are required, and they beg to recommend—

That the articles be obtained at an estimated cost of £12 12s.

Under the authority conferred on them by the Board on the 13th June, 1873 (No. 13), your Committee have authorised the purchase of tobacco powder for use in Finsbury-park, and flower pots and white lead for use in Southwark-park, brooms for use on Clapham-common and Peckham-rye, tools for Blackheath, and shrubs for placing around the watch-box on Plumstead-common. They have also authorised the painting of three small watch-boxes on Hampstead-heath, and the formation of a brick chamber for the water supply valve in Finsbury-park.

All which your Committee beg to submit.

(Signed) J. E. BRADFELD,
GEO. EDWARDS,
WM. SHEPHERD,
JOHN RUNTZ.

The Report having been read and received,

It was moved by Mr. Bradfield, seconded, and resolved—That the undermentioned quantities of grass seed be obtained for use on the following places at an estimated cost of £104 5s., viz.—

Finsbury-park	...	...	...	...	...	10 bushels.
Southwark-park	...	...	...	...	...	12 „
Hackney-downs	...	...	...	...	...	60 „
London-fields	...	...	...	...	...	20 „
Well-street-common	...	...	...	...	...	20 „
Blackheath	...	...	...	...	...	4 „
Clapham-common	...	...	...	...	...	6 „
Peckham-rye and Goose-green	...	...	...	...	...	6 „
Streatham-green	...	...	...	...	...	1 „
Total	...	...	...	...	...	<u>139</u>

It was moved by Mr. Bradfield, seconded, and resolved—That the Board do sanction the employment of extra labour at the undermentioned places for the purposes named in the Report, at a total estimated cost of £36, viz.—

6 men for one month on Hackney Commons.

1 man for two weeks at Southwark-park.

2 men for two weeks on Blackheath.

It was moved by Mr. Bradfield, seconded, and resolved—That the Board do sanction an expenditure of £67 10s. for horse hire at the following places. viz:—

Victoria Embankment Gardens, 1 horse and cart for 3 days.

Hackney-downs, 2 horses and carts for 9 weeks

Blackheath, 2 horses and carts for 2 weeks.

It was moved by Mr. Bradfield, seconded, and resolved—That an expenditure of £30 be sanctioned for the purchase of planks to protect the tar-paved paths in Southwark-park during the formation of a mound to screen the closets in course of re-erection there.

It was moved by Mr. Bradfield, seconded, and resolved—That 2,000 feet of 4½ inch by 1 inch deal edging, 200 feet of 2 inch by 2 inch stakes, and 400 feet of 9 inch by 1 inch, and 100 feet of 9 inch by ½ inch deal, together with ½ cwt. of nails, be obtained for use in Southwark-park at an estimated cost of £12 12s.

It was moved by Mr. Bradfield, seconded, and resolved—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

12. Mr. Shepherd, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 24th March, 1886.

Your Committee beg to report that their attention has been called to the advisability of closing the temporary Bridge at Hammersmith, on the occasion of the boat race on the 3rd April next. Your Engineer has informed your Committee that the Bridge is capable of sustaining any possible accumulated weight from people crowding upon it; but as it is uncertain whether its parapets would safely resist the abnormal pressure of an excited crowd, he advises that the Bridge should be closed during the race. Your Committee have therefore given instructions for the Bridge to be closed from one hour before, until one hour after the race.

Your Committee have further to report that they have had before them a Letter from Mr. J. S. Gabriel, relative to the dangerous condition of a portion of the brickwork of the arch at No. 21, Howley-place, and suggesting that it should be shored up. The arch referred to supports the area of one of the houses on the West side of the Surrey approach to Waterloo Bridge, and your Engineer states that the arches in the approach are a great source of danger to the tenants and occupiers, and also to the Board's Officers, whenever they have to enter and inspect the condition of the Board's property. Under these circumstances your Committee beg to recommend—

That the Superintending Architect be instructed to take such steps as he may consider necessary under the Dangerous Structures Act, for dealing with the matter.

Your Committee have had before them a further communication from Mr. Gabriel, complaining of the leakage of water in the arches of the Southern approach to Waterloo Bridge. On the receipt of the Letter, your Committee instructed your Engineer to ascertain the cause of the complaint, and this necessitated the opening of the roadway. On inspection a leak was discovered in the main belonging to the Southwark and Vauxhall Water Company, and a leak was also found in the same arch due to a defective ferrule from the main of the Lambeth Waterworks Company. The approximate cost of making the opening in the latter case was £6. 10s., and in the former £9. 5s. Your Committee recommend—

That the Accountant be instructed to transmit to the Southwark and Vauxhall Water Company, and the Lambeth Waterworks Company, Accounts amounting respectively to £9 5s. and £6 10s., for expenses incurred by the Board in making openings to ascertain the cause of leakage through the arches in the Southern approach to Waterloo Bridge.

All which your Committee beg to submit.

GEO. EDWARDS,
FRANCIS H. FOWLER,
W. R. SELWAY,
JOHN RUNTZ.

The Report having been read and received,

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the course taken by the Committee in giving instructions for the temporary Bridge at Hammersmith to be closed from one hour before until one hour after the Boat-race on 3rd April next, be approved.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. J. S. Gabriel, as to the dangerous condition of a portion of the brickwork of the arch, No. 21, Howley-place, in the Southern approach to Waterloo Bridge, be approved; and that the Superintending Architect do take such steps as he may consider necessary, under the Dangerous Structures Act, for dealing with the matter.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the Accountant do send to the Southwark and Vauxhall Water Company and the Lambeth Waterworks Company Accounts amounting respectively to £9 5s. and £6 10s. for expenses incurred by the Board in making openings to ascertain the cause of leakage in the arches of the Southern approach to Waterloo Bridge.

13. It was *moved* by Mr. Selway, seconded, and *resolved*—That the consideration of the Report of the Parliamentary Committee relative to the Board's Petition against the Horse Guards-avenue Bill, be further adjourned until the next Meeting of the Board.
14. Read a Report by the Engineer, dated 26th March, 1886, on an application from the Westminster District Board, for permission to stop up the undermentioned thoroughfare for the period and purpose therein mentioned, viz.—

Agreement (Quadripartite) between the Feoffees and Trustees of Addey's Charity, Mrs. G. H. Pilgrim and Mr. M. Neagle, and the Board, for apportionment of rent in respect of No. 112, Church-street, Deptford, taken for the purposes of the Southern Low Level and Bermondsey Branch Main Drainage Sewers.

Agreement for the purchase by the Board from the Ecclesiastical Commissioners of the reversion in land and premises in the King's-road and Pratt-street, St. Pancras, taken as a site for a Fire Brigade Station.

Conveyance by Mr. T. W. Ratcliff of Nos. 8, 9, 10 and 13, Blue-anchor-alley, and Nos. 1, 2 and 3, Hamlet-court, Ratcliff, and a Memorial for the registration of the same (Brook-street, Limehouse, Scheme).

Notice, in duplicate, as to defects in the "Hope" Music-hall, in Banner-street, St. Luke's, prepared in accordance with the Resolution of the Board of the 5th instant (No. 13).

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

27. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the Loan of £15,000 to the Greenwich District Board, and he suggested that this Board should pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for the same, and a Cheque for £18 15s. for the Stamp-duty on the Mortgage-deed.

It was thereupon moved by Mr. Fowler, seconded, and resolved, and ordered, as follows—

~~Whereas~~, the Board of Works for the Greenwich District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board, under the first-mentioned Act, within the said District, of a sum of Fifteen thousand pounds, for the purpose of defraying the expense incurred or to be incurred by the said District Board in executing certain granite paving, wood paving and kerbing works in the unpaved portions of the Greenwich-road, London-street, Romney-road, and Trafalgar-road to the North-East side of Marsh-lane, all within the said District. ~~And whereas~~, the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Fifteen thousand pounds should be borrowed by the said District Board for the purposes aforesaid—Therefore it is ordered that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Fifteen thousand pounds, for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid, as to Twelve thousand pounds required for granite paving and kerbing works, by equal annual instalments within a period of Twenty years, and as to Three thousand pounds, required for wood paving works, by equal annual instalments within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was moved by Mr. Fowler, seconded, and resolved—That a Cheque for the sum of £15,000 be now drawn in favour of the Greenwich District Board, and also a Cheque

for £18 15s. for Stamp-duty ; and Cheques were drawn on the General Capital Account and the General Working Account accordingly.

28. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £14,000 to the Vestry of St. Marylebone, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and a Cheque for £17 10s. for the Stamp-duty on the Mortgage-deed.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of Saint Marylebone, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of Fourteen thousand pounds, for the purpose of defraying the expense incurred, or to be incurred by the said Vestry in executing certain wood paving works in Baker-street, Duke-street (Manchester-square), and High-street (Manchester-square), in part of Maida-vale (from Abercorn-place to the Parish boundary) in part of Marylebone-lane (from Henrietta-street to Wigmore-street), in part of Regent-street (from Castle-street to Mortimer-street), and in Thayer-street and York-place, all within the said Parish. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Fourteen thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Fourteen thousand pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order ; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £14,000 be now drawn in favour of the Vestry of St. Marylebone, and also a Cheque for £17 10s. for Stamp-duty ; and Cheques were drawn on the General Capital Account and the General Working Account accordingly.

29. It was *moved* by Mr. Fowler, pursuant to notice, seconded by Mr. Selway, and *resolved*—That Mr. Lawrence be appointed on the Parks, Commons, and Open Spaces Committee.

30. The Clerk laid before the Board copies of the Orders of the Board of the 12th instant (No. 9), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

York-street	...	...	...	Shoreditch and Bethnal-green.
Durnford-place, &c.	...	...	...	St. Pancras.
Leybourne-road...	...	...	...	Do.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively ; and the Seal was affixed accordingly.

31. The Clerk presented a Letter from the Royal Institute of British Architects, dated 18th March, 1886, submitting suggestions with regard to the Bye-laws made by the Board under the Metropolis Management and Building Acts Amendment Act, 1878,

with respect to the description and quality of the substance of walls, and the Fees to be paid to District Surveyors.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Building Act Committee, for consideration and report.

32. The Clerk presented a Letter from Mr. C. G. Robertson, Editor of the *Court and Society Review*, with reference to the question of licensing and supervision of Theatres and Music-halls, stating that in the opinion of those whose interests were at stake, the present divided authority and competing jurisdictions were mischievous, and that some action ought to be taken in the matter; and asking to be favoured with a communication on the general question, to be published in the next issue of the *Review*.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Building Act Committee, for consideration, with authority to send a reply thereto.

33. The Clerk presented a Letter from Mr. A. A. Baumann, M.P., on behalf of a Committee of Metropolitan Members of Parliament, dated 23rd March, 1886, as to correspondence on the subject of the distress in London, and the extent and nature of any works of real and acknowledged public utility that might be undertaken by the Board, and asking to be informed as to what statutory powers the Board at present possess for carrying out the works mentioned in his Letter, what are the obstacles to the execution of those powers, how soon the Board contemplate the removal of those obstacles, and what assistance, if any, could the Metropolitan Members give the Board with a view to facilitating the commencement of some, at all events, of the works.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

34. The Clerk presented a Letter from Mr. F. Parish, Clerk to the Erith Local Board, dated 23rd March, 1886, adverting to their former Letters addressed to this Board on the subject of the Metropolitan Sewage, and urging that no decisive step might be taken in the matter until the Local Board had had an opportunity of learning the proposals of this Board, and of making any observations which they might feel it incumbent upon them to address to this Board.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

35. The Clerk presented a Letter from Mr. R. Bodger, dated March, 1886, submitting the result of his experiments on Sewage sludge at the Crossness Pumping Station, stating that in the event of the Board trying his system he would be willing to superintend the same at a small salary, and suggesting that a single line of rail from the Pumping Station to Abbey-wood Railway Station should be constructed so that manure might be sent into Mid-Kent.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Works and General Purposes Committee.

36. The Clerk presented a Letter from Mr. W. F. Dewey, Clerk to the Vestry of Islington, dated 23rd March, 1886, transmitting a Memorial from the Vestry in favour of an additional Fire Brigade Station being erected in the Upper Holloway District.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Memorial be referred to the Fire Brigade Committee, for consideration and report.

37. The Clerk presented a Letter from Mr. H. G. Hills, Clerk to the Wandsworth District Board, dated 23rd March, 1886, stating that Mr. W. J. Beale, of Totteridge-road, Battersea, proposed to erect a block of dwellings abutting upon Lombard-road,

Battersea, leaving an entrance about 10 feet wide into the block of stable buildings, &c., already erected; that dwellings over the stables were occupied, and could only be approached by two staircases, as shown upon the Plan accompanying the Letter, and asking this Board to take such further steps in the matter as they might deem expedient.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect and the Solicitor do report to the Committee thereon.

38. The Clerk presented a Letter, as follows—

Vestry of Saint Pancras.

1. The Minutes of the Meeting of the Board, held on the 26th March last, were approved, and were signed by the Chairman, and by two other Members of the Board, present at such Meeting.
2. This being the day for receiving Tenders for laying down a new wood carriage-way and York stone foot-ways, and a length of about 500 feet of pipe Sewer, in connection with the South Lambeth Improvement,

The Clerk laid before the Board the several Tenders which he had received pursuant to the Advertisement.

It was ~~moved~~, seconded, and ~~resolved~~—That the said Tenders be now opened.

The said Tenders were then opened, as follows—

Mr. W. Stubbs, Phoenix-wharf, Commercial-road, Lambeth	...	£2,692	0	0
Messrs. Hindle and Morrish (Limited), No. 42, Bankside	...	2,693	17	6
Mr. R. Mayo, Peckford-place works, Brixton-road	...	2,700	0	0
Mr. T. Turner, Stanley Bridge Wharf, Chelsea	...	2,740	0	0
Mr. T. M. Wiswell, No. 30, St. Swithin's-lane	...	2,889	0	0
Messrs. John Mowlem and Co., Grosvenor Wharf, Westminster		2,929	0	0

It was moved by Mr. Hill, seconded by Mr. Edwards, and resolved—That the Tender of Mr. W. Stubbs, for the execution of the works of laying down a new wood carriage-way, with York stone foot-ways, and a length of about 500 feet of pipe Sewer, in connection with the South Lambeth Improvement, for a sum of £2,692, be accepted, subject to the usual enquiries.

The representative of Mr. Stubbs was then called in, and informed of the foregoing Resolution, and, in reply to a question by the Chairman, he stated that Mr. Stubbs was prepared to execute the works in accordance with the Board's Specification, and for the amount of the Tender.

3. Mr. Cameron handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.,
1st April, 1886.

DEAR SIR,—I am instructed by this Board to inform you that they have had under consideration a Letter from the Vestry Clerk of Battersea, stating that such Vestry have presented a Memorial to the Metropolitan Board of Works on the subject of the maintenance of Wandsworth-common; and I am to state that this Board approve of the proposal that the Metropolitan Board of Works should undertake the control and management of the Common in question.

Yours, &c.,
(Signed) HEN. GEO. HILLS,
Clerk.

J. E. Wakefield, Esq.,
Spring-gardens, S.W.

It was moved by Mr. Cameron, seconded, and resolved—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

4. Mr. Brown handed in a Letter, as follows—

The Vestry of the Parish of Hammersmith.

Clerk's Department, Vestry-hall, Broadway,
Hammersmith, W.,
2nd day of April, 1886.

SIR,—Referring to the Letter dated 17th March last from the late Fulham District Board, enclosing copy of a Report of the Works Committee of that Board relative to a Plan that had been submitted to them for a proposal to erect a Public Hall upon the site of the two old houses adjoining these premises, this Vestry, seeing that the site in question is included within the limits of deviation upon the Plan of the Improvement to be carried out by widening Hammersmith-road, begs to urge upon the Metropolitan Board the necessity of carrying the new and improved line of frontage up to and abutting upon these premises, now called the Vestry-hall, Broadway, Hammersmith.

The Vestry desire to point out that in their opinion it will in a short time become necessary to widen Brook-green-road, on the East side, taking down part of these premises.

I am further to ask the Metropolitan Board to give to this Vestry the option of the purchase of the whole of the surplus land between these premises and the Hammersmith-road, when the Improvement is completed, so as to provide for the extension of the Vestry's Offices.

I am, &c.,
(Signed) W. P. COCKBURN,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens.

It was *moved* by Mr. Brown, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration in connection with the reference already made to them on the subject to which it relates.

5. Mr. Brown handed in a Letter, as follows—

The Vestry of the Parish of Hammersmith.

Clerk's Department, Vestry-hall,

Broadway, Hammersmith, W.,

1st day of April, 1886.

SIR,—Referring to the Letter, dated the 3rd ultimo, from the late Fulham District Board, enclosing a copy of a communication which had been addressed to the Board by the Ecclesiastical Commissioners, offering to the Board the triangular piece of land on the West side of Brook-green, for the purpose of being laid out and maintained as a recreation ground, and dedicated to the free use of the public for ever, upon certain conditions, and a Letter from the Homage Jury of the Manor of Fulham concurring in the grant. I am now directed by this Vestry to urge upon the Metropolitan Board the importance of receiving this open space, which will make a welcome addition to the space at present dedicated to the public at Brook-green, and I am to ask the Metropolitan Board to accept the gift of land upon the terms and conditions contained in the communication referred to.

I am also to urge upon the Board the desirability of dealing with the matter at the earliest possible moment, in order to afford employment to some of the workmen at present unemployed, and I may add that it is believed that the Mansion House Committee and Lord Brabazon's Committee would contribute funds for the payment of wages.

I am, &c.,
(Signed) W. P. COCKBURN

Vestry Clerk.

To the Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Brown, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

Your Committee have had under their consideration the question of the insurance of the Board's property, and, having fully discussed the matter, they have arrived at certain conclusions, which they beg to recommend for adoption by the Board, namely—

That all Fire Insurance premiums be made payable at the same period of the year.

That the payments be made direct to the Insurance Offices by the Board's Accountant.

That all buildings in respect of which the Board receive rent, upon ground acquired for public Improvements, and which are not to be pulled down within 12 months, be for the future kept insured, and that any expiring Policy be kept up by the Board.

That the Board's Offices in Spring-gardens, and their contents, do continue to be insured at their present amount, viz., £40,100.

That the Board do leave it to the Finance Committee to select the Offices in which any property should be insured.

Your Committee have further to report that they have considered the Memorials, referred to them by the Board on the 12th instant (No. 4), from the Minister and Members of the Mission-hall in Moor-street, and other persons interested therein, asking the Board to allow the Hall to be retained in its present position, with an extended frontage adapted to the design of the new street, or to grant the site, or an

eligible one near to it, for the erection of a new building, at a nominal ground rent. Your Committee, having given due consideration to the Memorials, and conferred with your Officers, who have laid before them a Plan showing the present situation of the Mission-hall, and its relation to the Board's surplus land adjoining, are unable to advise the Board to permit the Hall to remain. With regard to the application for another site, it may be stated that the Memorialists will have ample opportunity for tendering for any portion of the land in Shaftesbury-avenue. Your Committee recommend—

That a reply be addressed to them to the above effect.

Your Committee have considered the Letter, referred to them on the 19th ultimo (No. 6), from the Greenwich District Board, acknowledging the receipt of this Board's Letter of the 7th ultimo, stating that they had no legal powers to form a Lake on Blackheath, and asking that this Board would take steps to obtain the consent of the Crown to the proposed Lake. Your Committee need not recapitulate the facts of the case, which has been so recently before the Board in connection with the question of providing work for the unemployed. With regard to the present Letter, your Committee have again consulted your Solicitor, who has presented a Report to them, in which, while adhering to the opinion which he has already expressed as to the inability of this Board to expend money in the formation of a Lake, he states that if the whole sum necessary is to be advanced by charitable persons, and the Board are satisfied that the money will be forthcoming, and the consent of the Crown and others interested is given in a strictly formal manner, and if, in addition, the Board consider the work desirable, he does not know that they need put a veto upon it; but even then, having regard to the fact that the Board have no interest in the soil he is of opinion that the utmost they could be advised to do would be to intimate that so long as the work is carried on in accordance with Plans previously approved by the Board, the Board would not by application to the Court or otherwise interpose any obstacle to the work being done. Your Committee recommend—

That the substance of the Solicitor's Report be communicated to the District Board in reply to their Letter.

Your Committee have considered the Letter, referred by the Board on the 5th ultimo (No. 3), from the Home Office, transmitting, to be dealt with by the Board, a Letter from Viscount Wolmer, M.P., and its enclosure, enquiring whether the re-erection of a dissecting-room on the Burial-ground of St. George-the-Martyr, Bloomsbury, could be prevented. It appears to your Committee that it is a matter to which the attention of the Building Act Committee should be given, and they accordingly recommend—

That it be referred to that Committee, for consideration and report.

Your Committee have considered the communication, referred to them on the 19th ultimo (No. 45), from the Vestry of Hampstead, requesting, in connection with the Hampstead Improvements, to be informed of any proposed Plans for the disposal or appropriation of any portion of the ground purchased, so soon as they are arranged, and before they are adopted, in order that the Vestry may make any suggestions thereon which they may deem desirable, and suggesting the advisability of giving more publicity in the case of all future sales of old materials. Having given careful consideration to the matter, and enquired into the facts, your Committee beg to recommend—

That the Vestry be informed that the Board will comply with their request to be informed of the arrangement of the Plans before adoption, and that with reference to their observations as to the recent sale of old materials, the Board are informed that the usual course was taken for giving publicity to the sale.

Your Committee have further to report that in compliance with the Resolution of the Board of the 5th ultimo (No. 11), they have again considered the several Memorials and communications, requesting the Board to take early measures to permit the Northern Outfall Sewer embankment to be used as a footpath and promenade. Your Committee, in their Report on the above date, fully stated the facts, which it is

unnecessary now to repeat. The matter having been again referred to your Committee, they have consulted your Solicitor, who advises that the Board have no power to expend money with the object of appropriating the embankment to the purposes of an open space or [recreation ground, nor to expend nor contribute money towards the cost of carrying ventilators through lamp standards or shafts (a work which would be necessary in view of the number and position of the present ventilators) unless the same were necessary for Main Drainages purposes. Your Committee feel bound to concur in the opinion of your Solicitor, and they recommend—

That replies be sent to the several Memorialists to the effect of the Solicitor's Report.

Your Committee have considered your Superintending Architect's Report, referred to them on the 26th ultimo, as to inspecting and valuing the properties leased by the Board in connection with the sufficiency of the Insurances effected thereon. In the Report in question your Superintending Architect recommends the employment of a competent temporary Assistant to act, under proper supervision, at the salary of £3 3s. per week, but your Committee, after giving due consideration to the matter, have to report that in their opinion it is unnecessary that any Assistant should be engaged for the purpose.

All which your Committee beg to submit.

7. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 30th March, 1886.

Your Committee have considered the Memorial from the Vestry of Islington, referred by the Board on the 26th instant (No. 36), asking that a Fire Station may be provided in Upper Holloway. The Board had before it some months ago an application by the inhabitants of the district referred to, asking that further provision might be made for the protection of the neighbourhood in case of fire, and the Board informed them that, as the expenditure on the Fire Brigade was already considerably in excess of the income allotted for the purpose by Parliament, their request could not be complied with. Your Committee can now only recommend—

That the Vestry of Islington be informed to the same effect.

The Chief Officer has reported that he has found it necessary to employ two additional Pilots or Watermen for the Floats in the "C" District, in order to comply fully with the regulations in force on the River Thames. The addition of these two men will raise the total number of Pilots or Watermen now employed in connection with the Fire Brigade from 14 to 16. Your Committee recommend—

That the sanction of the Board be given to the employment of the two additional men.

Third-class Fireman William Dyter, and Fourth-class Firemen Henry Lynagh and James Burrows have been reported to your Committee for misconduct of various kinds which renders it undesirable that they should be retained in the Brigade. Your Committee therefore recommend—

That they be dismissed.

Your Committee have further to report that First-class Fireman William J. Costin and Third-class Fireman Joseph Carter have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Your Committee have also to submit the following recommendations—

That the following promotions be made, viz.—Second-class Fireman John Herbison to the First Class ; Third-class Fireman Frederick J. F. Allshorn to the Second Class ; and Fourth-class Firemen William J. Ridgway and Albert Crick to the Third Class.

That Charles Bye, Charles J. Hurst, and Thomas C. Bailes be enrolled in the Fourth Class of Firemen to fill vacancies.

All which your Committee beg to submit.

(Signed) GEO. HILL,
GEO. EDWARDS,
W. R. SELWAY,
W. J. WETENHALL.

The Report having been read and received,

It was *moved* by Mr. Hill, seconded, and *resolved*—That the Vestry of Islington be informed that, as the expenditure on the Fire Brigade is considerably in excess of the income allotted for the purpose by Parliament, it is impossible for the Board at the present time to add to the number of Fire-engine Stations in any part of the Metropolis.

It was *moved* by Mr. Hill, seconded, and *resolved*—That the sanction of the Board be given to the employment of two additional Pilots on board the Floating Engines.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Third-class Fireman William Dyter, and Fourth-class Firemen Henry Lynagh, and James Burrows be dismissed for misconduct.

It was *moved* by Mr. Hill, seconded, and *resolved*—That the following promotions be made, viz.—Second-class Fireman John Herbison to the First Class ; Third-class Fireman Frederick J. F. Allshorn to the Second Class ; and Fourth-class Firemen William J. Ridgway and Albert Crick, to the Third Class.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Charles Bye, Charles J. Hurst, and Thomas C. Bailes be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

8. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 30th March, 1886.

Your Committee have to report that the works required by the Board to be done to the “Alma” Music-hall, in Alma-street, New North-road, Shoreditch, as specified in their Minutes of the 8th May last (No. 16), have been completed, and your Committee recommend—

That the Justices of Middlesex be informed accordingly.

Your Committee have further to report that they have considered the application of Mr. S. C. Aubrey, on behalf of Mr. S. Edwards, for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act, 1878, in respect of the proposed construction of a new Concert-room on the West side of the “Hare” Public-house, No. 505, Cambridge-road, Cambridge-heath, fronting on Hare-place, as shown upon the drawings accompanying the application, referred by the Board on the 12th ultimo (No. 62). The room is to be about 33 feet long and 17 feet wide, and will accommodate 140 persons. Your Committee suggested to the applicant that the window in the East wall of the room, looking into the parlour of the Public-house, should be bricked up, and that the sliding doors next Hare-place should be re-placed by

a door hung in a frame. An amended drawing has been submitted embodying those alterations, and your Committee are of opinion that, with one further improvement, the proposed building may receive the sanction of the Board. They therefore recommend—

That the application of Mr. C. S. Aubrey, on behalf of Mr. S. Edwards, for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act, 1878, in respect of the proposed construction of a new Concert-room on the West side of the “Hare” Public-house, No. 505, Cambridge-road, Cambridge-heath, fronting on Hare-place, be granted, on condition that the door next the street be made to open outwards, and that the Certificate of the Board be issued upon the completion of the building in accordance with the amended drawing submitted by the applicant on the 3rd March, 1886, to the satisfaction of the Board and subject to the above condition.

Your Committee have also considered the Letter from the Vestry of Camberwell, relative to the erection of a movable or temporary Theatre on land near the “White Horse” Public-house at Peckham-rye, without the consent of the Board, and asking them to take action in the matter, with a view to enforcing the penalties provided by the Act, referred by the Board on the 12th ultimo (No. 65). In accordance with the instructions of the Board, the parties interested were invited to attend your Committee, and, as the result of the interview, the proprietors undertook to remove the structure without compelling the Board to resort to legal proceedings, if a little time were granted them in order to terminate their existing holding, and to make the necessary arrangements for removal. Acting under the authority conferred upon them by the Resolution of the Board, your Committee complied with the request, and they have received a Report from your Superintending Architect, stating that the temporary Theatre has been taken down and entirely removed from the site. Your Committee recommend—

That the Vestry of Camberwell be informed accordingly.

The Board on the 5th instant (No. 13), in accordance with the recommendation of your Committee, declined to sanction the retention of a temporary Theatre of Varieties, which had been erected without their consent in Bow-common-lane, Bromley-by-Bow, and at the same time instructed the Solicitor to take such proceedings as he might consider advisable to obtain the removal of the building. Your Committee have to report, for the information of the Board, that they have this day received from that Officer a Report to the effect that the temporary Theatre has been removed.

Your Committee beg to submit herewith two Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates’ Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrates to be done at the following premises, the same being Dangerous Structures, viz.—

No. 13, Duke-street, Old Artillery-ground.

No. 6, Horatio-street, Bethnal-green.

Your Committee have to report that they have had under consideration the Letter from Messrs. Pattison, Wigg and Co., asking to be informed whether the Board intend to take any action with regard to the erection of walls on the forecourt of No. 117, Anerley-road, Penge, beyond the general line of buildings in that road, referred by the Board on the 6th November last (No. 46). On the 27th November, the Board instructed their Solicitor to take proceedings against the builder in respect of the height of the walls. The Magistrate made an Order for the reduction of the height, and that Order has so far been complied with that the walls are now about 6 feet 2 inches high, instead of 12 feet. Your Committee think that no further action is necessary, and they recommend—

That Messrs. Pattison and Co. be informed accordingly.

Your Committee have considered the Letter from Mr. T. Blashill, District Surveyor for Hampstead West, relative to the erection of a two-storey workshop on land abutting upon a narrow foot-way at the rear of No. 178, High-road, Kilburn, referred by the Board on the 26th February last (No. 55). The District Surveyor reports that he has received notice from Mr. Hackworth of his intention to build the workshop upon a piece of land measuring about 29 feet by 12 feet, and fronting upon a private foot-way 5 feet in width. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons if necessary.

Your Committee have also considered the Letter from the Vestry of Camberwell, relative to the extension of a new shop, at the corner of Elsie-road, East Dulwich, to 3 feet 6 inches, instead of 2 feet 8 inches, as sanctioned by the Board, and requesting that the Board will take such action as may be necessary, referred by the Board on the 5th instant (No. 7). The building complained of is situated, not in Elsie-road, but at the corner of Derwent-grove and Grove-vale. The Board sanctioned an extension to 2 feet 10 inches beyond the main front wall, but the projection, as carried out, is 3 feet 6 inches beyond the wall, being an excess of 8 inches. The difference is not of great importance, and your Committee recommend—

That no action be taken in the matter, and that the Vestry of Camberwell be informed accordingly.

Your Committee have had before them the application of Messrs. E. Carleton Holmes and Son, on behalf of Messrs. Meux and Co., requesting the Board to modify, in the terms of the altered acceptance accompanying the Letter, the condition imposed by their Resolution of the 5th February last (No. 10), with reference to the surrender to the public of ground in connection with the re-erection of "The Thatched House" Public-house, in Essex-road, Islington, referred by the Board on the 5th instant (No. 68). The applicants state that by a Deed, dated 1st April, 1857, they are restricted from digging within 18 inches from the New River Company's main, which crosses their forecourt. It is therefore necessary to modify the form of acceptance, and to provide for the land given up being kept level with the present footways. Your Solicitor has prepared an amended form of License, and your Committee recommend—

That the application be granted, on condition that the applicants do accept the modified form of acceptance prepared by the Solicitor of the Board.

Your Committee have considered the application of Mr. C. Bentley, on behalf of Mr. A. Heaver, for approval by the Board of a Plan for the formation and names of roads to lead out of St. John's-road, Battersea-rise, Wandsworth, referred by the Board on the 26th June last (No. 71). The Wandsworth District Board called attention to the fact that the Plan submitted did not correctly represent the road forming the Southern boundary of the Estate, and your Committee postponed their decision until the facts of the case had been clearly elucidated. The applicant has now forwarded an amended Plan, and your Committee concur with your Deputy Superintending Architect in thinking it satisfactory. Your Committee recommend—

That the application be granted, upon condition that the roads be formed as shown on the amended Plan submitted by the applicant, and signed by the Chairman of the Committee, and also upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Aliwal-road, S.W.," "Comyn-road, S.W.," "Eckstein-road, S.W.," and "Severus-road, S.W.," be approved for the same.

Your Committee have further considered the Letter from the Hackney District Board, relative to the erection of sign posts on the foot-paths of Glyn-road, Homerton, contrary to the Resolution of this Board of the 7th January, 1881 (No. 59), referred by the Board on the 12th instant (No. 87). The District Board complain of the erection of several signboards upon the footpaths, but your Committee are advised by your Solicitor that the Board have no jurisdiction in the matter, and that the District

Board have full power to deal with the obstructions. Your Committee accordingly recommend—

That no action be taken in the matter, and that the Hackney District Board be informed that they have power to deal with the case under the 119th Section of the Act 18 and 19 Vict., c. 120.

Your Committee have considered the Letter from the Plumstead District Board relative to the alleged irregular erection of a fence across the Southern entrance to Manthorpe-road, referred by the Board on the 2nd October last (No. 63). The Board, on the 16th October last, instructed their Solicitor to take proceedings to have the fence removed, and he accordingly served a Penal Notice upon the Rev. J. A. M^cAllister. Your Superintending Architect now reports that he has surveyed the locality, and finds that the fence has been removed, and that there are two entrances to the road, 40 feet wide. Your Committee recommend—

That the Plumstead District Board be so informed.

Your Committee have considered the application of Messrs. T. Laws and Son, on behalf of Dr. Parrott, for the consent of the Board to the frontage line adopted in the erection of an enclosed porch in front of No. 82, Camberwell-road, Newington, as shown upon the Plan accompanying the application referred by the Board on the 19th instant, (No. 58). Your Committee agree in the opinion expressed by the Vestry of Newington that no action should be taken with reference to the portico, which is constructed with iron columns in front, and is enclosed at the sides and top with woodwork and glass, and was erected in May, 1884. Your Committee recommend—

That no action be taken in the matter, and that Messrs. Laws and Son, the Vestry of Newington, and the District Surveyor be informed accordingly.

Your Committee have also considered the Letter from Mr. E. Yates, stating that he was about to make arrangements for pulling down and re-building a part of Gaywood-street, St. George's-road, Southwark, and for widening the thoroughfare, by giving up the portion of land coloured Blue on the Plan accompanying his Letter, and asking the Board to waive the requirement in the 29th Section of the Metropolitan Building Act, as to the area required for the yards of the proposed new buildings until Michaelmas, 1888, at which time he would have possession of the part coloured Yellow on the Plan, which would give the area required by the Act, referred by the Board on the 19th instant (No. 4). The applicant proposes to pull down a portion of the street, and to widen it by giving up to the public way the part coloured Blue on the Plan submitted. He states that he finds there will be a difficulty in obtaining, for some time to come, the necessary area at the rear for four of the new houses, the possession of the part coloured Yellow on his Plan not falling in until Michaelmas 1888. Your Committee under all the circumstances of the case, are of opinion that the application should be sanctioned conditionally, and they recommend—

That the application be granted, subject to the applicant satisfying the Solicitor that he has an Agreement for a Lease of the property coloured Yellow on the Plan.

Your Committee have considered the application of Mr. R. H. Girdler, on behalf of Mr. J. Smith, for the consent of the Board to the erection of a projecting bay-window, in front of No. 26, Upland-road, East Dulwich, to the line shown upon the Plan accompanying the application, referred by the Board on the 5th instant (No. 66). The structure in question is really a shop front, projecting 2 feet 6 inches from the external face of the wall, and built entirely of wood and glass. It is supported above the ground level upon wooden brackets. The Vestry of Camberwell do not object to the proposal, and your Committee recommend—

That the application be granted, upon condition that the bay-window be made in conformity with the Building Act, and to the satisfaction of the District Surveyor, and that it be not at any time, in any manner, extended or raised without the consent of this Board.

Your Committee have considered the application of Mr. M. Davis, for the consent of the Board to the reservation of Nos. 1 and 2, North-street, Pentonville, to the advanced

line shown upon the amended Plan accompanying the application, referred by the Board on the 19th instant (No. 55). The Board, on the 29th January last, declined to approve of the extension of the two houses as then proposed. The present Plan shows the line in North-street advanced 7 feet beyond the existing line, and a strip of land, varying from 5 inches to 2 feet in width, with a triangular piece at the corner, given up to the public way. The line of frontage in Collier-street remains unaltered. Your Committee recommend—

That the application be not granted.

Your Committee have considered the Letter from Mr. W. H. Grist, Secretary of the Rectory-road Congregational Church, Stoke Newington, relative to the offer of the Board to return the deposit-money in respect of the temporary Church erected in Rectory-road, Stoke Newington, referred by the Board on the 19th instant (No. 65). This is one of the temporary buildings in respect of which the deposit of £50 still remains in the hands of the Board. Mr. Grist states in reply to the Board's communication that he now occupies the position formerly held by the original depositor and that the latter will sign any memorandum which the Board may require. Your Committee recommend—

That Mr. Grist be informed, in reply to his Letter, that the deposit will be returned to him upon his satisfying the Solicitor of the Board that he is entitled to receive the same.

Your Committee have considered the application of the Rev. B. Brigg, for the permission of the Board to retain, for a further period, the temporary wood and iron building erected in Verney-road, Rotherhithe, referred by the Board on the 19th instant, (No. 68). The building was first approved in November, 1883, for a period of two years, and the District Surveyor states that he now finds it to be in a sound condition. Your Committee recommend—

That the application be granted, from the 2nd April till the 31st December, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have considered the application of Mr. A. Payne, on behalf of Mr. W. M. Baker, for the consent of the Board to the erection of an open stone portico, and a four-storey bay-window, in front of No. 11, Harley-street, Cavendish-square, St. Marylebone, to the line shown upon the Plan accompanying the application, referred by the Board on the 19th instant (No. 60). In connection with the rebuilding of the premises it is proposed to erect an open stone portico projecting 2 feet, and to carry up a bay-window projecting 9 inches on the basement, 1 foot on the ground floor, and 1 foot 6 inches on the 1st and 2nd floors. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. L. R. Ford, on behalf of Messrs. Hall and Co., for approval by the Board of an amended Plan for the construction of a wood and iron shed on vacant land adjoining No. 29, Layard-road, Bermondsey, referred by the Board on the 19th instant (No. 63). The Board, in October last, declined to sanction the retention of a shed on the site, and further applications in respect thereof were refused on the 20th November and 22nd January last. The present application is for the addition of a wood and iron shed to the existing building, and your Committee, thinking it objectionable, recommend—

That it be not granted.

Your Committee have had before them the application of Mr. J. F. Goody, on behalf of the Agricultural and Horticultural Association, for approval by the Board of an amended Plan for the construction of an iron shed at their Wharf at Deptford-creek, Deptford, referred by the Board on the 19th instant (No. 74). In December last, the Board declined to sanction a shed in the locality because of the quantity of timber used in its construction. The proposed shed will be entirely of iron, but it will communicate

by doorways and windows with the adjoining old buildings, and the contents of the whole block will exceed 216,000 cubic feet. It appears to your Committee desirable that the buildings should be separated by party walls and iron doors, and they recommend—

That the application be not granted.

Your Committee have considered the application of Messrs. Woodthorpe and Hammond, on behalf of the Estate Trustees of St. Giles Without, Cripplegate, and St. Luke, Middlesex, for approval by the Board of a Plan for the construction of a chimney-shaft at the Baths and Laundry of the Artizans' Dwellings in Chatham-gardens, Nile-street, referred by the Board on the 29th January last (No. 64). The shaft is detached, and is 51 feet in height above the ground level, being 6 feet square at the base and 3 feet square at the top. It is required in connection with the Baths and Laundry for the Artizans' Dwellings in Chatham-gardens, with reference to which your Committee reported on the 19th instant. Your Superintending Architect reports the construction to be satisfactory, and your Committee recommend—

That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

Your Committee have considered the application of Mr. W. Cook, for the consent of the Board to the erection of shops in front of, and upon land adjoining, the premises known as "Cairboock Lodge," Stanstead-road, Forest-hill, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 51). It is proposed to convert Cairnboock Lodge into two shops, and to extend it to within 5 feet of the public way. The houses to the Eastward are let as private dwellings, and have long forecourts in front. The Owner of the adjoining premises is opposed to the Plan, and your Committee, agreeing with your Superintending Architect in considering the application objectionable, recommend—

That it be not granted.

Your Committee have also considered the application of Mr. A. H. Kersey, for the consent of the Board to the erection of houses on the Woolmore Estate, Brockley-road, Lewisham, to the lines shown upon the modified Plan accompanying the application, referred by the Board on Friday last (No. 52). The Board on the 13th August, 1880, approved of the laying out of the Estate, as shown on the Plan then deposited. The applicant desires to erect houses to the Red lines shown on the Plan now submitted. There will be forecourts to the houses, of the depth suitable to the class of building in course of erection on the Estate. The flanks of the houses at the corners of the main streets are to be extended to the pathway. Your Committee consider the Plan satisfactory, and they recommend—

That the application be granted, upon condition that the erection of the houses therein referred to be commenced within Six months, and be completed within Eighteen months from the 2nd April, 1886, and also upon condition that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have had under consideration the Letter from the St. Olave District Board, asking this Board to determine the line of frontage on the North-West side of Thomas-street, Horselydown, referred by the Board on Friday last (No. 53). The Board, on the 5th February last, declined to sanction the erection of new warehouses on this side of Thomas-street, to the line shown on the Plan then submitted. The builder now proposes, in addition to carrying out the Plan first submitted, to round the corner of Messrs. Lee's premises next Shad Thames, upon the re-building of the whole line from No. 35, Thomas-street to Shad Thames. The St. Olave District Board suggest that the frontage line to be adopted should be

determined by this Board, but your Committee see no reason for interfering in the matter, and they recommend—

That the St. Olave District Board be informed, in reply to their Letter, that the line of frontage in Thomas-street is determined by the buildings already existing in that street, and that the Board are unable to take any action in the matter.

Your Committee have considered the application of Mr. T. Marke, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 165, Hampstead-road, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 54). The one-storey shop will project 23 feet beyond the main wall of the house. No extension similar to that now proposed has been sanctioned in the immediate vicinity. Your Committee consider the Plan objectionable, and they recommend—

That the application be not granted.

Your Committee have also considered the application of Messrs. T. C. Clarke and Son, on behalf of Mr. W. Wilson, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 167 to Nos. 175 (odd numbers only), Hampstead-road, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 55). This application is similar to that above referred to, it being proposed to erect shops projecting about 22 feet beyond the main wall. Your Committee recommend—

That the application be not granted.

The Board, on Friday last (No. 59), referred to your Committee the application of Mr. W. Harbrow, on behalf of Messrs. Passmore and Engelhardt, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-hall on the East side of Cornwall-road, Brixton. It is proposed to erect the structure upon vacant land, and to place it 5 feet from the public way. It measures 25 feet by 15 feet, with a height of 15 feet, and is constructed with a framework of wood and iron upon a brick foundation, covered externally with corrugated iron. Your Committee recommend—

That the application be granted for a period of two years from the 2nd April 1886, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have considered the application of Mr. J. Lidiard, on behalf of the South London Harriers Club, for approval by the Board of an amended Plan for the construction of a wood and iron building in Oldridge-road, Clapham, referred by the Board on Friday last (No. 61). The building was approved by the Board in May, 1885, for a period of Two years. In January last the applicant informed the Board that objection was taken by the District Surveyor to the construction of the building, which was not erected in accordance with the approved Drawings. A Summons has been obtained by the District Surveyor against the Owners in respect of the irregular structure, which has been adjourned until the 5th April to allow of an amended Plan being submitted to the Board. The Drawing now presented shows that it is intended to insert additional rafters, collars, and iron ties between those now existing, but no reference is made to covering the roof with corrugated iron in accordance with the approved Drawings. The building is at present merely covered with a roofing of felt. Your Committee recommend—

That the application be not granted.

The Board, on Friday last (No. 62), referred to your Committee the application of Messrs. Walker and Runtz, for approval by the Board of a Plan for the formation and name of a road to lead out of the West side of Marsh-lane, Greenwich. It is proposed to lay out the Estate by forming a new road 50 feet in width commencing at a point in Marsh-lane, opposite Glenister-road, extending round the Estate, returning again

into Marsh-lane. The Greenwich District Board offer no objection. Your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the road, and that the name "Mayston-crescent, S.E." be approved for the same.

Your Committee have proceeded upon the reference by the Board on Friday last (No. 63), referring for consideration and report the joint Notice from Mr. J. Dyke and Mr. J. Miller, of their intention to form a paved street to lead out of the East side of Stoke Newington-road, as shown upon the Plan accompanying such Notice. The 20-feet way is to extend for a short length Eastward of Stoke Newington-road, when it will turn Northward, and form a communication with Wellington-street. The street will have Industrial dwellings erected fronting upon it, built up to the pavement line, and it will be enclosed at each end with gates. The Hackney District Board consider the proposal objectionable. Your Committee recommend—

That the Plan accompanying the Notice be not approved.

All which your Committee beg to submit.

The Report having been read and received,

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That the Justices of Middlesex be informed that the works required by the Board to be done to the Alma Music Hall, in Alma-street, New North-road, Shoreditch, have been completed.

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That the application of Mr. C. S. Aubrey, on behalf of Mr. S. Edwards, for a Certificate by the Board under the Metropolis Management and Building Acts Amendment Act, 1878, in respect of the proposed construction of a new Concert-room on the West side of the "Hare" Public-house, No. 505, Cambridge-road, Cambridge-heath, fronting on Hare-place, be granted, on condition that the door next the street be made to open outwards; and that the Certificate of the Board be issued upon the completion of the building in accordance with the amended Drawing submitted by the applicant on the 3rd March, 1886, to the satisfaction of the Board, and subject to the above condition.

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That the Vestry of Camberwell be informed that the movable or temporary Theatre, formerly erected on land near the "White Horse" Public-house at Peckham-rye, without the consent of the Board, has been taken down and entirely removed from the site.

The Report of the Building Act Committee of the 30th day of March, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure, No. 13, Duke-street, Old Artillery Ground had failed to comply with the Order made by J. L. Hannay, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Worship-street Police-court, on the 24th day of February last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby ~~resolved~~ and **ordered**, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the whole of the front and back walls of the Structure No. 13, Duke-street, Old Artillery Ground, and the remainder of the angle stack of chimneys of the same.

The Report of the Building Act Committee of the 30th day of March, 1886, appointed by this Board, having been read and considered, and it being made to appear to the

Board that the Owner of the Structure, No. 6, Horatio-street, Bethnal-green, had failed to comply with the Order made by J. L. Hannay, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Wcrship-street Police-court, on the 24th day of February last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolved, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the front of the house, No. 6, Horatio-street, Bethnal-green, where the same is bulged, decayed, and out of the upright, and the back chimney-stack of the same where decayed, and also the water-closet walls where the same are loose.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from Messrs. Pattison, Wigg and Co., with respect to the erection of walls on the forecourt of No. 117, Anerley-road, Penge, beyond the general line of buildings in that road be approved, and that Messrs. Pattison and Co. be informed accordingly.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to the erection of a two-storey workshop on land abutting upon a narrow foot-way at the rear of No. 178, High-road, Kilburn, be approved, that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no action be taken with reference to the Letter from the Vestry of Camberwell, as to the extension of a new shop at the corner of Elsie-road, East Dulwich, beyond the extent sanctioned by the Board, and that the Vestry be informed accordingly.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Messrs. E. Carleton Holmes and Son, on behalf of Messrs. Meux and Co., requesting the Board to modify, in the terms of the altered acceptance accompanying their Letter, the condition imposed by the Board's Resolution of the 5th February last (No. 10), with reference to the surrender to the public of ground in connection with the re-erection of "The Thatched House" Public-house, in Essex-road, Islington, be granted, on condition that the applicants do accept the modified form of acceptance prepared by the Solicitor.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. C. Bentley, on behalf of Mr. A. Heaver, for approval by the Board of a Plan for the formation and names of roads to lead out of St. John's-road, Battersea-rise, be granted, upon condition that the roads be formed as shown on the amended Plan submitted by the applicant, and signed by the Chairman of the Committee, and also upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Aliwal-road, S.W.," "Comyn-road, S.W.," "Eckstein-road, S.W.," and "Severus-road, S.W.," be approved for the same.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no action be taken on the Letter from the Hackney District Board, as to the erection of signposts on the foot-paths of Glyn-road, Homerton, contrary to the Resolution of this Board of the 7th January, 1881 (No. 59), and that the District Board be informed that they have power to deal with the case under the 119th Section of the Act 18 and 19 Vict., c. 120.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the fence across the Southern entrance to Manthorpe-road, referred to in the Letter from the Plumstead District Board, be approved, and that the District Board be informed accordingly.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no action be taken

with reference to the application of Messrs. T. Laws and Son, on behalf of Dr. Parrott, for the consent of the Board to an enclosed porch in front of No. 82, Camberwell-road, as shown upon the Plan accompanying the application, and that Messrs. Laws and Son, the Vestry of Newington, and the District Surveyor be informed accordingly.

It was *moved* by Mr. Ewin, seconded by Mr. Selway, and *resolved*—That so much of the Report as relates to the Letter from Mr. E. Yates, stating that he was about to make arrangements for pulling down and re-building a part of Gaywood-street, St. George's-road, Southwark, and for widening the thoroughfare, by giving up the portion of land coloured Blue on the Plan accompanying his Letter, and asking the Board to waive the requirement in the 29th Section of the Metropolitan Building Act as to the area required for the yards of the proposed new buildings until Michaelmas, 1888, at which time he would have possession of the part coloured Yellow on the Plan, which would give the area required by the Act, be approved, and that the application be granted, subject to the applicant satisfying the Solicitor that he has an Agreement for a Lease of the property coloured Yellow on the Plan, and also upon his giving a legal undertaking to the satisfaction of the Solicitor that he will, within the time named, add the ground to the houses referred to.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. R. H. Girdler, on behalf of Mr. J. Smith, for the consent of the Board to the erection of a projecting bay-window in front of No. 26, Upland-road, East Dulwich, as shown upon the Plan accompanying the application, be granted, upon condition that the bay-window be made in conformity with the Building Act, and to the satisfaction of the District Surveyor, and that it be not at any time, in any manner, extended or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. M. Davis, for the consent of the Board to the re-erection of Nos. 1 and 2, North-street, Pentonville, to the advanced line shown upon the amended Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That Mr. W. H. Grist, Secretary of the Rectory-road Congregational Church, Stoke Newington, be informed, in reply to his Letter relative to the return of the deposit-money in respect of the temporary Church erected in that road, that the deposit will be returned to him upon his satisfying the Solicitor that he is entitled to receive the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of the Rev. B. Brigg, for the permission of the Board to retain, for a further period, the temporary wood and iron building erected in Verney-road, Rotherhithe, be granted, from the 2nd April till the 31st December, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. Payne, on behalf of Mr. W. M. Baker, for the consent of the Board to the erection of an open stone portico, and a four-storey bay-window, in front of No. 11, Harley-street, Cavendish-square, St. Marylebone, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. L. R. Ford, on behalf of Messrs. Hall and Co., for approval by the Board of an amended Plan for the construction of a wood and iron shed on vacant land adjoining No. 29, Layard-road, Bermondsey, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. F. Goodey, on behalf of the Agricultural and Horticultural Association, for approval by the Board of an amended Plan for the construction of an iron shed at their Wharf at Deptford-creek, Deptford, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Messrs. Woodthorpe and Hammond, on behalf of the Estate Trustees of St. Giles Without, Cripplegate, and St. Luke, Middlesex, for approval by the Board of a Plan for the construction of a chimney-shaft at the Baths and Laundry of the Artizans' Dwellings in Chatham-gardens, Nile-street, be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. W. Cook, for the consent of the Board to the erection of shops in front of, and upon land adjoining, the premises known as "Cairnboock Lodge," Stanstead-road, Forest-hill, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. A. H. Kersey, for the consent of the Board to the erection of houses on the Woolmore Estate, Brockley-road, Lewisham, to the lines shown upon the modified Plan accompanying the application, be granted, upon condition that the erection of the houses therein referred to be commenced within six months, and be completed within eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was moved by Mr. Ewin, seconded, and resolved—That the St. Olave District Board be informed, in reply to their Letter, asking this Board to determine the line of frontage on the North-West side of Thomas-street, Horselydown, that the line of frontage in Thomas-street is determined by the buildings already existing in that street, and that the Board are unable to take any action in the matter.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. T. Marke, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 165, Hampstead-road, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Messrs. T. C. Clarke and Son, on behalf of Mr. W. Wilson, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 167 to Nos. 175 (odd numbers only), Hampstead-road, to the line shown upon the Plan accompanying the application, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. W. Harbrow, on behalf of Messrs. Passmore and Engelhardt, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-hall on the East side of Cornwall-road, Brixton-hill, be granted for a period of Two years from this date, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. J. Lidiard, on behalf of the South London Harriers Club, for approval by the Board of an amended Plan for the construction of a wood and iron building in Oldridge-road, Clapham, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Messrs. Walker and Runtz, for approval by the Board of a Plan for the formation and name of a road to lead out of the West side of Marsh-lane, Greenwich, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the road, and that the name "Mayston-crescent, S.E.," be approved for the same.

It was moved by Mr. Ewin, seconded, and resolved—That the Plan accompanying the joint notice from Mr. J. Dyke and Mr. J. Miller, of their intention to form a paved street to lead out of the East side of Stoke Newington-road, Stoke Newington, be not approved.

9. It was moved by Mr. Selway, seconded, and resolved—That the consideration of the Report of the Parliamentary Committee relative to the Board's Petition against the Horse Guards-avenue Bill, be further adjourned until the next meeting of the Board.

10. Read a Report by the Engineer, dated 2nd April, 1886, on applications from the following Vestries and District Boards, for permission to stop up certain thoroughfares for the periods and purposes therein mentioned, viz.—

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestries and District Boards, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

11. The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens,
1st April, 1886.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

Holloway and Northern High Level Sewers Relief Lines.—Mr. W. Rigby, Contractor.—A length of about 13,000 feet of brick Sewers, varying in diameter from 7 feet to 5 feet 6 inches, has been constructed at an estimated cost, with other works in connection therewith, of £46,600, of which about £3,900 represent the progress made in the past month. The Clerks of Works employed are Messrs. T. Panter, G. Larkin, T. Wighton, J. Driffield, J. Boyden, and J. Pope, at a weekly cost of £18 18s.

Queen's-road, Dalston, &c., Sewer.—Messrs. Nowell and Robson, Contractors.—A length of about 6,400 feet of brick Sewer, varying in size from 5 feet by 4 feet to 4 feet by 2 feet 8 inches, egg shape, is complete, the estimated value of which, with other works in connection therewith, is £15,000, of which about £1,400 are due to the progress made in the past month. The Clerks of Works employed are Messrs. J. Carter and J. Lake, at a weekly cost of £6 6s.

Clapham to Putney Relief Sewers.—Mr. John Waddell, Contractor.—The main line of Sewer from the "Bedford Arms" Public-house, Clapham, to Roehampton-lane, Putney, has been completed, with the exception of the aqueduct crossing the Wandle-valley, which is still in

progress. The six branch Sewers are also complete. The approximate value of the works done is about £133,200. The Clerks of Works employed are Messrs. C. Bedloe, and J. Judd, at a weekly cost of £6 6s.

Putney (new) Bridge.—Mr. John Waddell, Contractor.—The four piers and two abutments have been constructed up to the formation level of the road-way. The five granite arches have been constructed, the spandrel ashlar and brickwork have been built up to the formation level of the Bridge road-way, and about one-half of the pitching for this road-way has been laid and grouted. The cornices and parapets are being fixed. The construction of the road-way approaches at the Fulham and Putney extremities of the Bridge, together with the parapet and retaining walls thereto, is well advanced. The total approximate value of permanent work executed is about £214,000 (which amount includes the value of materials delivered and accepted), of which about £1,500 are due to the progress made in the past month. The Clerks of Works employed are Messrs. A. Boag and J. Gooding, at a weekly cost of £6 6s.

Hammersmith Bridge.—Messrs. Dixon, Appleby and Thorne, Contractors.—The temporary Bridge has been completed and opened for traffic since April last. The whole of the road metalling, the planking of the carriage and foot-ways, the cross girders and the suspension rods, and the pier towers of the old Bridge have been removed. The temporary chains for the erection of the permanent link chains have been raised to their required positions; the cofferdam for the underpinning of the Southern pier has been completed; the excavations for the Northern and Southern abutments of the new structure have also been completed, and the concrete is being filled into them. The anchor abutment castings, steel anchor forgings, and abutment saddles have been fixed, and some portions of the wrought-iron towers, the whole of the new cross girders, and some of the steel pins and nuts (for the new chains) and pier column castings have been manufactured and delivered upon the works. The total approximate value of permanent work executed (including ironwork delivered) is about £36,500, of which about £1,500 are due to the progress made in the past month. The Clerks of Works employed are Messrs. T. M. Carey and H. Rice, at a weekly cost of £6 6s.

Battersea Bridge.—Messrs. John Mowlem and Co. have completed the works comprised in their Contract (undertaken by them for the sum of £7,153) for the construction of a temporary foot-bridge and the removal of the old Bridge.

Lambeth Bridge.—Messrs. John Mowlem and Co., Contractors.—The re-paving of the carriage-way is complete, and the painting of the ironwork of the Bridge is in progress. The Clerk of Works employed is Mr. H. Beecher, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received, and that it be printed and circulated among the Members of the Board, and be referred to the Works and General Purposes Committee, for consideration.

12. Read a Report by the Engineer, dated 2nd April, 1886, on a Letter from Mr. H. Eaton, applying for permission to lay a three-inch pipe under the Victoria Embankment road-way, from the Subway to the foot of Savoy-street, as shown upon the Plan accompanying the application; stating that the pipe was necessary for the purpose of extending existing wires in the Subway to the Strand, by way of Savoy-street; and recommending that the application be granted, subject to the brickwork of the Subway, and the trench in the road-way of the Embankment, being made good under the direction, and to the satisfaction of the proper Officer of the Board and at the sole cost of the Post Office authorities.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the application be granted on the conditions recommended in the Report.

13. Read a Report by the Engineer, dated 2nd April, 1886, stating that the following quantities of Coal were required for use at the Western Pumping Station—

						ESTIMATE.
80 Tons of Welsh Coal	...	...	...	...	...	£72 6 8
80 ,, Tanfield Moor Coal	...	...	...	...	...	56 6 8
Total	...	...	...	...	...	£128 13 4

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that the Coal be obtained accordingly; the cost thereof being charged to the General Working Account of the Board.

14. Read a Report by the Engineer, dated 2nd April, 1886, recommending the execution of the following works under the General Contract, viz.—

<i>Crossness Pumping Station.</i>				ESTIMATE.		
Clearing out the deposit and repairing the banks of the settling pond	£100	0	0

<i>Duffield Sluice, Bermondsey.</i>						
Repairs to the sluice house	25	0	0			
Total	£295	0	0			

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that the works be executed accordingly; the cost thereof being charged to the General Working Account of the Board.

15. Read a Report by the Engineer, dated 2nd April, 1886, stating that the 13-inch centrifugal pump, at Crossness Pumping Station, required immediate repair, and that a new fan and cast-iron basin and directrix should be supplied and fixed in connection therewith, and recommending that the works be executed by Messrs. Easton and Anderson, according to their estimate of £42 10s.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that the works be executed accordingly; the cost thereof being charged to the General Working Account of the Board.

16. Read a Report by the Engineer, dated 2nd April, 1886, stating that Mr. W. Groves, Surveyor in his Department, was still absent in consequence of illness, and submitting a Medical Certificate as to his state of health.

It was moved by Mr. Fowler, seconded, and resolved—That a fortnight's further leave of absence be granted to Mr. Groves.

17. The Solicitor reported that the Board's (Various Powers) Bill, 1886, was still awaiting appointment to a Select Committee of the House of Commons; that the second reading of the Board's (Fire Brigade Expenses) Bill had been appointed for the 6th instant; and that the adjourned debate on the second reading of the Board's (Theatres, &c.) Bill had been appointed for the 13th instant.

18. The Solicitor reported that the second reading of the Theatres, &c. (Metropolis) Bill, introduced by Mr. Dixon-Hartland, had been appointed for this evening.

19. The Solicitor reported that the Copyhold Enfranchisement Bill had been considered by a Committee of the whole House on the 1st instant, and was appointed for further consideration this day.

20. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was moved by Mr. Fowler, seconded, and resolved—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

21. The Solicitor read a Report dated 2nd April, 1886, of the decision of the House of Lords on the Appeal relative to a building erected in De Vere-gardens, Kensington, with respect to which the Vestry had taken proceedings.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be referred to

the Building Act Committee, with authority to obtain permission to print the Judgment, if necessary, for the information of the Members of the Board.

22. The Solicitor reported that the undermentioned Members had been nominated to serve on the Committee appointed to consider the Hyde-park-corner (new streets) Bill—

Mr. Cobb,
Lord Algernon Percy,
Mr. Leveson Gower,
Mr. Leatham, and
Mr. Tottenham,

and that the Committee would meet on the 6th instant to choose their Chairman and to consider their course of proceeding.

23. The Solicitor reported that the Electric Lighting Act (1882) Amendment (No. 1) Bill (Lord Rayleigh), and the Electric Lighting Act (1882) (No. 2) Bill (Lord Ashford) had been read a second time in the House of Lords last night and referred to a Committee, and that the Members to serve on the Committee had not yet been named. The Solicitor also presented a copy of the Electric Lighting Act (1882) Amendment (No. 3) Bill, which had been introduced by Lord Houghton, and reported that it had been read a first time in the House of Lords on Friday last, and a second time last night, and referred to the same Committee as the two Bills above referred to.

It was moved by Mr. Richardson, seconded, and resolved—That a copy of the Bills be sent to each Member of the Board.

24. The Solicitor reported that the Select Committee of the House of Commons on the pollution of the River Lee had met for the first time on the 30th ultimo, when Sir Charles Russell, the Attorney-General, had been appointed Chairman of the Committee, and evidence had been given as to the cause of the condition of the River last summer; that Mr. Corble, the Clerk to the Lee Conservancy Board, had given evidence, and that the Committee had adjourned until to-day, when evidence would be given by the Sanitary Engineer of the Lee Conservancy Board, and he presented a printed copy of Mr. Corble's evidence.

25. The Solicitor reported that Sir R. Cross had given notice to ask the Secretary to the Treasury whether in order to prevent further risk of accident, the Government were prepared to take charge of the Duke of York's Column, and of the moneys belonging thereto.

26. Read a Report, as follows—

2nd April, 1886.

EAST LONDON WATER BILL.
LAMBETH WATERWORKS BILL.
SOUTHWARD AND VAUXHALL WATER BILL.

The following Members have been nominated to serve on the Select Committee of the House of Commons appointed to consider these Bills—

Nominated by the House—

Mr. Westlake,
„ O. V. Morgan,
„ Morgan Howard,
„ Murdoch,
„ Thorold Rogers.

Nominated by the Committee of Selection—

Mr. Deasy,
Sir Andrew Fairbairn,
Lord Claude John Hamilton,
Mr. Stafford Howard.

The Committee met for the first time yesterday to choose their Chairman and to consider their course of proceeding, when Lord Claud Hamilton was appointed Chairman, and the Committee will meet on Tuesday next, the 6th instant, to proceed with the consideration of the Lambeth Water Bill.

My instructions are not to instruct Counsel to appear upon the Board's Petitions, and although, as to two of the Bills, a Clause will be required as to the Board's Sewers, I think it will be better for the Board not to appear before this Committee on either of the three Bills. I do not anticipate any difficulty in obtaining the insertion of proper Sewer Clauses in the House of Lords, but if the Board appeared upon their Petitions before the Select Committee there would be some risk of the Board incurring expenses.

(Signed) R. WARD,
Solicitor.

It was moved by Mr. Fowler, and seconded—That the Report be approved and acted upon.

The motion having been put to the vote, there were for it 21, against it 4, and it was declared by the Chairman to be carried; and it was resolved accordingly.

27. The Solicitor presented a copy of the Commons and Inclosure Acts Amendment Bill, which had been introduced and read a first time in the House of Commons, and reported that the second reading had been appointed for the 26th May next.

28. The Solicitor reported that the arrangements as to the undermentioned Loans had been completed, and that the Cheques for the amounts had been duly handed over in exchange for the proper securities—

	AMOUNT OF LOAN.				
Hampstead Vestry	...	...	...	...	£3,500
St. James, Westminster, Vestry	...	...	...	...	3,000

29. The Solicitor presented a Petition prepared in accordance with the direction of the Parliamentary Committee, praying that the Standing Orders might not be dispensed with in respect to the North London Tramways Bill.

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said Petition; and the Seal was affixed accordingly.

30. The Solicitor reported that the Treasury had approved of the period proposed for the re-payment of the Loan of £6,000 to the Vestry of Chelsea, but that owing to the unavoidable delay in carrying out the arrangement for the Loan it was necessary that the day for re-payment of the annual instalments should be changed from 1st October to 1st April.

It was moved by Mr. Fowler, seconded, and resolved—That the alteration of date be approved.

The Solicitor suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, to enable him to complete the matter.

It was thereupon moved by Mr. Fowler, seconded, and resolved, and ordered, as follows—

Whereas the Vestry of the Parish of Chelsea, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same or some or one of them have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first mentioned Act within the said Parish, of a sum of Six thousand pounds, for the purpose of defraying part of the expense incurred, or to be incurred by them in erecting, on a freehold site belonging to the Vestry, Offices within their Parish, for the purposes of the first mentioned Act, and for transacting the ordinary business of the said Vestry. And whereas the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Six thousand pounds should be borrowed by the said Vestry for the purposes aforesaid. Therefore it is ordered that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Six thousand pounds for the purposes aforesaid, such Loan to bear interest at the rate of three pounds ten shillings per centum

per annum, and the principal to be repaid by equal annual instalments within a period of Thirty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was moved by Mr. Fowler, seconded, and resolved—That a Cheque for the sum of £6,000 be now drawn in favour of the Vestry of Chelsea; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

31. The Solicitor presented the following documents for sealing---

Conveyance by the Trustees of the Islington Dispensary of leasehold interest in No. 303, Upper-street, Islington, and a Memorial for the registration of the same (Upper-street, Islington, Improvement).

Agreement for sale by the Board to the Greenwich District Board of land on the South side of Deptford Bridge, abutting South upon the River Ravensbourne (Deptford Bridge approach).

Appointment of Mr. Vulliamy as Valuer in the matter of claim by W. Harding and J. Rogers, in respect of copyhold premises, No. 317, Upper-street, Islington (Upper-street, Islington, Improvement).

Conveyance to the Board by the Rev. J. M. Nisbet, of Nos. 33 and 35, Crown-street, and Nos. 7 to 12, Denmark-place, St. Giles, and a Memorial for the registration of the same (Charing-cross to Tottenham-court-road Improvement).

Conveyance by the Trustees of the Parish Church of St. John, Hampstead, of land situate in Perrins-court, Church-place, Hampstead, and a Memorial for the registration of the same (Hampstead Improvements).

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

32. The Clerk laid before the Board copies of the Orders of the Board of the 26th ultimo (No. 8), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Bridge-street, &c.	...	...	...	...	Greenwich.
King-street, St. Paul, Deptford	...	...	...	...	do.
Regent-street, St. Paul, Deptford	...	...	...	...	do.
York-road, Ratcliff	...	...	...	...	Limehouse.
Baker's-mews	...	...	...	...	St. Marylebone.
Montagu-mews, South	...	...	...	...	do.

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

33. The Clerk presented a notification of the Gas Referees as to the testing of Gas for the Summer, 1886.

It was moved by Mr. Fowler, seconded, and resolved—That the said notification be referred to the Special Purposes and Sanitary Committee.

34. The Clerk presented a Letter from Mr. E. H. Parkes, Secretary of the Bolingbroke Tradesmen and Ratepayers' Club (Battersea), dated 26th March, 1886, forwarding a copy of a Resolution, stating that the Club were of opinion, considering the large number of Open Spaces taken by the Board under their control since the passing of the Wandsworth-common Act of 1871, thereby considerably increasing the Consolidated Rate, to which the Parishes of Battersea and Wandsworth were large contributors, that the time had arrived when every effort should be made to secure that the Metropolitan Rate should also bear the cost of maintaining Wandsworth-common.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

35. The Clerk presented a Letter from Mr. W. H. Denham, dated 27th March, 1886, asking for a copy of the Report of the Works and General Purposes Committee, relative to Sewage, and for permission to inspect the Sewage works at Barking, and submitting particulars of a Scheme by which a saving could be effected in the cost of the treatment of the Sewage at the Barking and Crossness Outfalls.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee.

36. The Clerk presented a Letter from Mr. A. Hemsley, Clerk to the Acton Local Board, dated 26th March, 1886, stating that the Local Board were desirous that the Stamford-brook Sewer should be covered over between the points A and B shown on the Plan accompanying the Letter, and also stating that they were willing to contribute one-half of the expense, if this Board would provide the other half, the estimate of the total cost being £500.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

37. The Clerk presented a copy Report of the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the several Metropolitan Water Companies during the month of February last.

38. The Clerk presented a Letter from Mr. T. Gunyon, Superintending Draughtsman in the Engineer's Department, dated 27th March, 1886, thanking the Board for having increased his salary.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be received.

39. The Clerk presented a Letter from Mr. T. Chappell, dated 30th March, 1886, asking for an interview with the Board to explain his system of dealing with Sewage sludge in pressed cakes.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee.

40. The Clerk presented a Letter from H. G. Hills, Clerk to the Wandsworth District Board, dated 29th March, 1886, stating that the District Board had amended the Clauses which they required the Promoters of the South Metropolitan Tramways Scheme to insert in the Provisional Order, and that the Promoters having given an undertaking to insert such amended Clauses the formal consent of the Board to the scheme had been handed to them, and transmitting six copies of the amended Clauses.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Parliamentary Committee, for consideration and report, and that the Solicitor do report to the Committee thereon.

41. The Clerk presented a Letter from Mr. C. J. Byworth, Clerk to the Vestry of Battersea, dated 30th March, 1886, transmitting a Memorial from the Vestry, praying the Board to undertake the control and management of Wandsworth-common.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the reference already made to them on the subject to which it relates.

42. The Clerk presented a Letter from Mr. E. Christian, dated 31st March, 1886, stating that Mr. Woodd and himself were desirous that the fountain provided by them at Haverstock-hill should be transferred to the middle portion of the East Heath, Hampstead, asking for the Board's consideration of his request, and stating Mr. Woodd and himself would, if necessary, pay the cost of removal and reinstatement.

2 April, 1886.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

43. The Clerk presented a Letter from Mr. H. C. Jones, Clerk to the St. Giles District Board, dated 29th March, 1886, stating that the District Board had completed the Improvement in Cross-lane, Newton-street, and asking for payment of the promised contribution towards the cost thereof.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Superintending Architect and the Accountant do report to the Committee thereon.

44. The Clerk presented a Letter, as follows—

Vestry of the Parish of St. John, Hampstead.

Vestry-hall, Hampstead, N.W.,
31st March, 1886.

DEAR SIR,—I am desired by the Vestry of this Parish to apply to the Metropolitan Board of Works for permission to borrow a Loan of £1,000, being the amount of the purchase-money for an additional piece of freehold land immediately adjoining the Vestry Hall structure.

The Vestry have found it necessary to secure this piece of land, it being in the market for sale, and to prevent the close proximity of buildings which would interfere with light and air to the Vestry Offices.

In the event of permission being given, the Vestry will be glad to learn that the Metropolitan Board of Works will be willing to advance the Loan required, to be re-payable over as long a period as can be granted,—the Vestry are prepared to take up the Loan at once.

Yours, &c.,
(Signed) THOS. BRIDGER,
Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk to the Metropolitan Board of Works,
Spring-gardens.

It was moved by Mr. Fowler, seconded, and resolved—That the Letter be referred to the Finance Committee, for consideration and report, and that the Superintending Architect, the Solicitor, and the Accountant do report to the Committee thereon.

45. The Clerk presented a Letter from Mr. G. H. Leane, dated 31st March, 1886, asking permission to erect a Kimmeridge Carbon Filter at the Crossness Pumping Station, and to use and experiment with a portion of the sludge which passes through the Board's presses; also asking permission to erect a temporary drying shed for the purpose of drying, grinding, and mixing the sludge with carbon and preparing it as a marketable manure, and that he might use the Board's landing stage.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

46. The Clerk presented a Letter from Mr. W. Gardner, dated 15th March, 1886, suggesting the formation of a canal from Stanford-le-Hope or Mucking to Rainham, thence to Barking, to take the Sewage of the Metropolis and prevent its return on the flood tide.

It was moved by Mr. Fowler, seconded, and resolved—That Mr. Gardner be thanked for his communication.

47. Mr. Deputy Saunders handed in a Letter, as follows—

London, Sewers' Office, Guildhall,
1st April, 1886.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—The Commissioners of Sewers of the City of London, availing themselves of the opportunity afforded by the re-building of the premises, No. 30, Fore-street, and No. 1, Aldermanbury-postern, have negotiated for setting back the said premises for the improvement of the public way, as shown by the Red tint upon the accompanying Plan.

This has been arranged at a cost of £890, and as every additional foot of ground in this busy centre of London is of importance to the general public the Commissioners trust that your Honourable Board will, in accordance with your custom in such cases, contribute towards the said expense.

I have, &c.,
(Signed) H^Y. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was moved by Mr. Deputy Saunders, seconded, and resolved—That the said Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

48. The Clerk presented a Letter from Messrs. J. Edwards and A. Rogers, dated 29th March, 1886, asking for an interview with the Board for the purpose of submitting an iron fire-proof door which they had constructed.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration.

49. The Clerk presented a Letter from the Rev. S. A. Barnett, dated 30th March, 1886, relative to the structural condition of Queen's-place, Whitechapel, and to the danger to the inhabitants in case of fire.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

50. A Report by the Accountant, dated 2nd April, 1886, was laid before the Board, relative to the necessity for appointing an additional Junior Clerk in the Accountant's Department.

It was moved by Mr. Fowler, seconded, and resolved—That the said Report be referred to the Works and General Purposes Committee, for consideration and report.

51. The Chemist laid before the Board his Return of the Testings made at the Gas testing Stations during the week ended on the 30th ultimo, as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £26,287 6s. 5d. be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures; and they recommend—

That the necessary Order be made with respect to the same.

Your Committee have considered the application from the Hackney District Board, for a Loan of a sum of £10,000, referred by the Board on the 23rd December, 1885, (No. 29), and 26th February last (No. 34). The Loan is required to defray a moiety of the cost of constructing Temple-mills Bridge, and for paving and other works, estimated to cost £10,337. The Board approved of the Plans for the Bridge, and agreed to pay one-half of the certified cost, and a Cheque for the amount, £2,128, was drawn on the 12th February last, leaving the District Board to provide for the remaining moiety, £2,129. The proposed paving works comprise the laying down of 8,328 superficial yards of new granite pitching and channelling, on cement concrete foundations, at a cost of £5,690 8s. 1d., towards which the North London Tramways Company contribute £1,750. It is also proposed to re-set 1,462 yards run of granite kerb, and lay 3,504 superficial yards of 6-inch wood blocks, both on cement concrete foundations, at a cost of £100 10s. 3d. and £1,664 8s. respectively, making a total net cost for paving of £5,705 6s. 4d. Certain works of improvement, for facilitating the traffic by widening the streets have been carried out by the District Board at Church-street, Clapton-road, Urswick-road, and Brooksby's-walk, at a cost for the land (exclusive of works) of £1,890, and for works at sundry open spaces, at a cost of £613, exclusive of this Board's contribution. Your Engineer and your Superintending Architect have reported that the cost of the several works is fair and reasonable, and your Committee seeing no objection to the advance, recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Hackney District Board, for the Loan of a sum of £10,000, towards defraying the cost of the construction of Temple-mills Bridge, and the execution of paving, improvement and other works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 31st January, as to £8,400 for Temple-mills Bridge, granite paving, and improvement works in 15 years, and as to £1,600, for wood paving, in 6 years; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application of the Vestry of Chelsea, for a Loan of a sum of £7,000, for wood paving, referred by the Board on the 19th ultimo (No. 44). The Vestry propose to have laid in King's-road (between Liverston-street and Lots-road) and Pont-street, a total estimated quantity of 14,417 superficial yards of 6-inch wood block paving, on Portland cement concrete foundations 6 inches in thickness, at a cost (10s. per yard) of £7,208 10s., which your Engineer reports to be fair and reasonable. Mr. Mossop, the representative of the Vestry, has explained to your Committee the

desirability of the work being carried out forthwith, and your Committee concurring in that view, recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Chelsea, for an advance of a sum of £7,000, to defray the cost of wood paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 1st January, the 1st April, the 1st July, and the 1st October in each year, and the principal being re-paid by equal annual instalments on each 1st April within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the Consolidated Loans Fund.

Your Committee have considered the Letter from the School Board for London, requesting a further advance of a sum of £100,000, referred by the Board on the 19th ultimo (No. 48). The Loan is required for the purchase of sites and for the erection or enlargement of school-houses, for which the requisite consent of the Educational Department has been obtained. This Board have arranged to provide the funds for the advance, and your Committee therefore recommend—

That, subject to all proper consents and evidence being furnished, to the satisfaction of the Solicitor, the application of the School Board for London, for a further Loan of a sum of £100,000, for the purposes of the Elementary Education Act, 1870, be complied with, on condition that the Loan be taken up by the 16th instant, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st January, the 1st April, the 1st July, and the 1st October, in each year, and the principal being re-paid by equal annual instalments on each 1st April, within 50 years; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the Consolidated Loans Fund.

By Section 38 of the Board's Money Act, 1885 (48 and 49 Vic. c. 50), it is enacted that where any Dividend accrued due on any sum of Stock is not claimed for 10 years or more, the Dividend so unclaimed, and all Dividends subsequently accrued due in respect of the same sum of Stock, and unclaimed shall be paid to the Board. Your Committee consider that it will be convenient if the unclaimed Dividends be now paid to the credit of the Board's Account at the London and Westminster Bank, the Bank of England furnishing the Board with a detailed list of the Dividends so paid. As regards the Dividends accruing in future on Stock transferred to the "Metropolitan Board of Works Unclaimed Stock Account," the Bank of England should be requested to prepare a Power of Attorney for execution by the Board, to enable the London and Westminster Bank to receive the Dividends, and your Committee accordingly recommend—

That a communication to the foregoing effect be sent to the Bank of England.

Under the Metropolitan Street Improvements Act, 1883, certain Improvements were authorised to be effected at Hampstead, and the Vestry of that Parish are required from time to time to contribute towards the expenses incurred in relation to such Improvements, a sum equal to one-half of such expenses. Your Accountant has submitted to your Committee a statement of the Hampstead Improvement Cash Account up to the 3rd April, in continuation of the former statement, which shows an overdrawn balance of £47,348 16s. 2d. Your Committee therefore recommend—

That a communication be addressed to the Vestry of Hampstead requesting that the sum of £20,000 may be paid to the Board on account of the Hampstead Improvements as soon as possible.

Your Committee have ascertained that the totals of the net Ratable Value of property in the Metropolis will be known on the 7th instant, and that your Accountant proposes to have the requisite apportionments made and the Precepts ready for sealing by the Board on the 21st instant, in order that they may be issued before the Easter Recess. To enable him, however, to do this, it will be requisite that additional skilled assistance should be engaged to assist in the work, so that it may be done by the time stated. Having regard to the importance which it will be to the Vestries and District Boards

in facilitating the making of their Rates to have the Precepts served promptly, your Committee recommend—

That the Accountant be authorised to engage such extra skilled assistance as he may require for the purpose stated, at a cost not exceeding £10 10s.

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
JOHN TOLHURST,
GEORGE JAMES.

The Report having been read and received,

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £26,287 6s. 5d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Fees specified in the Three summaries of Accounts now presented to the Board, marked A to C inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous

Structures in the Metropolis, not being within the City of London, such services being the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished, to the satisfaction of the Solicitor, the application of the Hackney District Board for a Loan of a sum of £10,000 towards defraying the cost of the construction of Temple-mills Bridge, and the execution of paving, improvement and other works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and 31st October, in each year, and the principal being re-paid by equal annual instalments on each 31st January, as to £8,400 for Temple-mills Bridge, granite paving, and improvement works, within a period of Fifteen years, and as to £1,600, for wood paving, within a period of Six years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished, to the satisfaction of the Solicitor, the application of the Vestry of Chelsea, for an advance of a sum of £7,000, to defray the cost of wood paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st January, the 1st April, the 1st July, and the 1st October in each year, and the principal being re-paid by equal annual instalments on each 1st April within a period of Six years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the Consolidated Loans Fund.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all proper consents and evidence being furnished, to the satisfaction of the Solicitor, the application of the School Board for London, for a further Loan of a sum of £100,000, for the purposes of the Elementary Education Act, 1870, be complied with, on condition that the Loan be taken up by the 16th instant, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 1st January, the 1st April, the 1st July, and the 1st October, in each year, and the principal being re-paid by equal annual instalments on each 1st April, within a period of Fifty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the Consolidated Loans Fund.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a communication be addressed to the Bank of England intimating that it will be convenient to the Board if unclaimed Dividends, under Sec. 38 of the Act 48 and 49 Vict. c. 50, be paid to the credit of the Board's Account at the London and Westminster Bank, the Bank of England furnishing the Board with a detailed list of the Dividends so paid, and that the Bank be requested to prepare a Power of Attorney, for execution by the Board, to enable the London and Westminster Bank to receive the Dividends accruing in future on Stock transferred to the "Metropolitan Board of Works Unclaimed Stock Account."

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a communication be addressed to the Vestry of Hampstead requesting that the sum of £20,000 may be paid to the Board on account of the Hampstead Improvements as soon as possible.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, with a view of expediting the apportionment of the expenses of the Board to be raised in 1886, and the preparation of the necessary Precepts, so that they may be issued before the Easter recess, the Accountant be authorised to engage such extra skilled assistance as he may require, at a cost not exceeding £10 10s.

3. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Your Committee have further to report that they have considered the Letter from the Vestry of Rotherhithe, referred by the Board on the 12th ultimo (No. 5), enclosing a copy of a Plan of certain property in Rotherhithe-street, by the acquisition of a portion of which land by this Board the Vestry consider that a great public Improvement could be effected, and they enquire whether the Board will entertain the matter as a public Improvement. Your Committee have taken an opportunity of viewing the land referred to, and they recommend—

That the Vestry be informed that, in the event of their proposing it as a Local Improvement, and applying for a contribution to the cost, the Board will duly consider such an application.

Your Committee have had under consideration the Letter from the Fulham District Board, referred to them on the 5th ultimo (No. 51), transmitting a copy of a communication from the Ecclesiastical Commissioners, offering to the District Board the triangular piece of land on the West side of Brook-green, for the purpose of being laid out and maintained as a recreation ground, and dedicated to the free use of the public for ever, to which the Homage Jury of the Manor of Fulham had given their assent; and asking this Board to accept the gift of land upon the terms and conditions referred to in the Letter. Your Committee have also had before them the Letter from the Vestry of Hammersmith, referred on the 2nd instant (No. 5), urging the Board to accept the proposal upon the terms and conditions contained in the communication from the Ecclesiastical Commissioners. The conditions referred to, are that there shall be proper stipulations as to enclosing, maintaining, and regulating, and for preserving the land for the use of the public for ever. Your Committee having carefully considered the matter, are of opinion that the offer is one which should be accepted by the Board, and they recommend—

That the Ecclesiastical Commissioners and the Vestry of Hammersmith be informed that the Board are willing to accept the offer, and to include a provision in their Various Powers Bill of the Session of 1887, for enabling them to do so.

Your Committee, under the reference by the Board of the 31st July last (No. 8), are investigating the question of Thames Crossings, and amongst the suggestions which have been brought under their notice is one for the construction of an opening Bridge between Old Gravel-lane and Union-road, Rotherhithe. To enable your Committee to obtain full information relative to that proposal some further expenditure is necessary beyond the amount of £500, which was authorised by the Board on the above date, they recommend—

That they be authorised to expend a sum not exceeding £250 for the purpose stated.

Your Committee have further to report that they have considered the Letter from the Fulham District Board, referred on the 19th ultimo (No. 46), urging upon this Board the necessity for carrying the new and improved line of frontage of the King-street, Hammersmith Improvement, up to and abutting upon the District Board's Offices, as it will, in the opinion of the District Board, shortly be necessary to widen Brook-green-road by making an Improvement on the East side; and asking that the Vestry of Hammersmith may have the option of the purchase of the whole of the surplus land that will remain between the Broadway House and the Hammersmith-road, so as to provide a site for the extension of the present Offices. Your Committee have also had before them the Letter from the Vestry of Hammersmith to a similar effect, referred by the Board on the 2nd instant (No. 4). It has been decided by your Committee, in carrying out the Hammersmith Improvement, not to acquire the property to which the Letters refer, and having again considered the matter they see no reason to depart from that view, and they recommend—

That the Vestry of Hammersmith be informed that it is not the intention of the Board to widen Brook-green-road, or to take the property to which the Vestry refer.

Your Committee have considered the Letter from the Vestry of Bethnal-green, referred by the Board on the 19th ultimo (No. 5), applying for a contribution towards the cost, £1,650, of a suggested Improvement at the Western end of Green-street, by setting back the wall and rails of St. John's Churchyard, and the fence of the Vicarage garden. Your Superintending Architect reports that Green-street, at the corner of Cambridge-road, is 52 feet 3 inches wide, that the width will be increased to 61 feet 3 inches, and that about 3,590 superficial feet of land will be added to the public way. He further states that the value of the ground surrendered is more than equivalent to the estimated cost of the Improvement, which will be an extension of that now being carried out by the Board by the widening of Green-street. The land, it will be observed, is given up without cost, and the expense towards which the Board are asked to contribute is in respect of works only. The Board have, on previous occasions

contributed under similar circumstances, and your Committee, believing that the Improvement will be a beneficial one, recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £825, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

In compliance with the reference by the Board of the 5th March last (No. 54), your Committee have considered the Letter from the Vestry of Islington, stating that they had completed the Improvement in Hornsey-row, Upper-street, and had paid to the Vendors (including Surveyor and Solicitor's costs) £1,086 19s., which was less than the amount originally estimated for the purchase of the land alone, and had also expended about £200 in paving the footpath and cubing the road in front of the property, and expressing a hope that the Board would see fit to contribute £550, being the maximum which they agreed to contribute thereto. Your Committee have conferred with your Officers, and find that the actual cost of the land has amounted to £1,051, and under these circumstances it appears to them that the proper course will be, as in similar cases, to reduce the contribution to one moiety of that sum. They recommend in accordance with that view, and that the Vestry be informed that the Board are unable to comply with their request.

All which your Committee beg to submit.

The marked Catalogues and Accounts of sales of building materials of houses in Southwark-bridge-road, Queen-street, Mint-street, &c.; Verulam-place, Queen's Head-court, &c., Gray's-inn-road; Kentish-town-road and Great College-street; King-street, Greek-street, Little Earl-street, &c., Soho; and Jamaica-road, &c., Rotherhithe, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Vestry of Rotherhithe be informed, in reply to their enquiry whether the Board would entertain, as a public Improvement, the purchase of certain land for the purpose of widening Rotherhithe-street, that in the event of the Vestry proposing the work as a Local Improvement, and applying for a contribution, the Board will duly consider such an application.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Ecclesiastical Commissioners and the Vestry of Hammersmith be informed with reference to the proposal that the piece of land at the West end of Brook-green should be given, on certain terms and conditions, to this Board, that the Board are willing to accept the land referred to, and to include a provision for that purpose in their Various Powers Bill of the Session of 1887.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Committee be authorised to expend a sum, not exceeding £250, to enable them to obtain information relative to a suggested opening Bridge across the Thames between Old Gravel-lane and Union-road, Rotherhithe.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Vestry of Hammersmith be informed, in reply to their Letter asking that they might have the option of

purchasing the whole of the surplus land between their premises and the Hammersmith-road when the Board's Improvement is completed, that it is not the intention of the Board to widen Brook-green-road or to take the property to which the Vestry refer.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That this Board do contribute one-half of the net cost (£1,650) of an Improvement proposed to be effected by the Vestry of Bethnal-green at the Western end of Green-street, by setting back the wall and rails of St. John's Churchyard and the fence of the Vicarage-garden, such contribution not to exceed the sum of £825, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the maximum amount, namely £550, which the Board conditionally agreed to contribute towards the cost of the Improvement by the Vestry of Islington in Hornsey-row, Upper-street, be reduced to £525 10s., in consideration of an abatement in the purchase-money, and that the Vestry be informed that the Board are unable to comply with their request for a contribution of £550, the amount originally named.

4. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 30th March, 1886.

Your Committee have to report that they have considered the Letter from the St. Giles District Board, referring to the name given to the new street from Piccadilly to Bloomsbury, and asking if it is the intention of the Board to issue an Order for the re-naming and re-numbering of the houses on the North-West side, hitherto known as Dudley-street, referred by the Board on the 26th instant (No. 4). Your Committee are advised by your Superintending Architect that it is impracticable to take any action in the matter at the present time, inasmuch as there are vacant spaces on the North-West side of the street as to which no decision has yet been arrived at by the Board. Your Committee therefore recommend—

That the St. Giles District Board be informed, in reply to their Letter, that the Board are not prepared to take any action in the matter at the present time.

Your Committee have also to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
12th January, 1885.	Vestry of St. Pancras, for re-numbering the houses in various streets in the Parish.
15th September, 1885.	Vestry of Kensington, that the houses in St. Mark's-road, North Kensington, may be re-numbered.
24th July, 1885.	Wandsworth District Board, that the houses in Orbel-street, Battersea, may be re-numbered.
15th October, 1885.	Wandsworth District Board, that the houses in Culvert-road, Battersea, may be re-numbered.
11th December, 1885.	Wandsworth District Board, that the houses in Edna-street and Henning-street, Battersea, may be re-numbered.
27th February, 1886.	Mr. E. Miller, that one of the thoroughfares in Peckham bearing the name Edward-street may be re-named.
No date.	Owners of houses in Ware-street, Louisa-street, Nancy-street, and Watson's-place, Kingsland-road, asking that the names of the several streets may be changed.

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the houses in Cornbury-road, Rotherhithe-new-road, be re-numbered.

That the houses in Brunswick-street, Homerton, be re-numbered.

That the houses in Retreat-place, Homerton, be re-numbered.

That Lomond-street, St. Pancras, be incorporated with Wrotham-road, and the houses re-numbered.

That Little Brook-street, St. Pancras, be incorporated with Longford-street, and the houses re-numbered.

That certain houses at the Western end of Mansfield-road, St. Pancras, be re-numbered.

That the subsidiary names in St. Mark's-road, North Kensington, be abolished, and the houses re-numbered.

That the houses in Orbel-street, Battersea, be re-numbered where necessary.

That the houses in Culvert-road, Battersea, be re-numbered where necessary.

That the houses in Edna-street, Battersea, be re-numbered where necessary.

That the houses in Henning-street, Battersea, be re-numbered where necessary.

That Edward-street, St. George's-road, Peckham, be re-named "Eastdene-street S.E."

That no alteration be made in the names of Ware-street, Louisa-street, Nancy-street, and Watson's-place, Kingsland-road, and that the Petitioners on the subject be so informed.

All which your Committee beg to submit.

5. Mr. Ingoldby, in the absence of Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 6th April, 1886.

Your Committee have to report that they have had under consideration an application from Mrs. Rebecca Skuse, for renewal of registration under the Infant Life Protection Act. The conditions under which the Infants in charge of the applicant are kept continue satisfactory, and your Committee recommend—

That the application of Mrs. Rebecca Skuse, for renewal of registration under the Infant Life Protection Act for the keeping of Infants at No. 140, Kensal-road, Paddington, be **granted**, and that the Board do make a Bye-law fixing two as the number of Infants allowed to be **kept**.

Your Committee have further to report that they have had under consideration an application from Mrs. Caroline Jacob, for registration for the keeping of Infants at No. 79, Cornwallis-road, Upper Holloway. The necessary Certificate of character has been submitted by the applicant, and the accommodation provided is sufficient for the number of Infants proposed to be kept. Your Committee accordingly recommend—

That the application of Mrs. Caroline Jacob, for registration under the Infant Life Protection Act, for the keeping of Infants at No. 79, Cornwallis-road, Upper Holloway, be **granted**, and that the Board do make a Bye-law fixing two as the number of Infants allowed to be kept.

Your Committee have further to report that they have had under consideration three applications for renewal of Petroleum Licenses. The arrangements for storage continue satisfactory, and your Committee recommend—

That Licenses be granted to the following persons for a period of 12 months from the 9th instant for the keeping of Petroleum at the places, and in the quantities named in accordance with the terms of the draft Licenses submitted—

Mr. Joseph Green, at Rodney-street, Woolwich, 250 gallons.

Messrs. Carless, Capel and Leonard, at White Post-lane, Hackney-wick, 52,000 gallons.

Messrs. S. Bowley and Son, No. 1, Wellington-road, Battersea, 23,500 gallons.

Your Committee also submit a list of 58 applications for Licenses to keep Petroleum in small quantities, and recommend—

That in 52 cases Licenses be granted to keep a quantity not exceeding 10 gallons of Petroleum in each case at the places named, and in accordance with the conditions of License No. 91; that in 4 cases Licenses be granted to keep Petroleum at the places named in a store situated and constructed in accordance with License No. 90; and that in 2 cases special Licenses be granted to keep Petroleum at the places named in the manner described in such Licenses.

Your Committee have also to report that proceedings have been taken against Messrs. W. Jones and Company for the unlicensed keeping of Petroleum at premises in Marshall-street, Golden-square, and that they were fined 40s. and 2s. costs.

All which your Committee beg to submit.

(Signed)

ALFRED POCOCK,
J. E. BRADFIELD,
F. M. WENBORN,
FRED^K. INGOLDBY,
GEORGE PHILLIPS.

The list of applications for Licenses to store Petroleum, submitted by the Committee, was laid before the Board.

The Report having been read and received,

It was moved by Mr. Ingoldby, seconded, and resolved—That the registration of Mrs. Rebecca Skuse, under the Infant Life Protection Act, for the keeping of Infants at No. 140, Kensal-road, Paddington, be renewed, and that the Board do hereby make a Bye-law fixing two as the number of Infants to be kept at such premises.

It was moved by Mr. Ingoldby, seconded, and resolved—That Mrs. Caroline Jacob be registered, under the Infant Life Protection Act, for the keeping of Infants at No. 79, Cornwallis-road, Upper Holloway, and that the Board do hereby make a Bye-law fixing two as the number of Infants to be kept at such premises.

It was moved by Mr. Ingoldby, seconded, and resolved—That Licenses be granted to the following persons for a period of twelve months from this date, for the keeping of Petroleum at the places, and in the quantities named in accordance with the terms of the draft Licenses submitted—

Mr. Joseph Green, at Rodney-street, Woolwich, 250 gallons.

Messrs. Carless, Capel and Leonard, at White Post-lane, Hackney-wick, 52,000 gallons.

Messrs. S. Bowley and Son, No. 1, Wellington-road, Battersea, 23,500 gallons.

It was moved by Mr. Ingoldby, seconded, and resolved—That Licenses be granted to the Fifty-eight persons mentioned in the list now submitted, to keep Petroleum in the places and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was moved by Mr. Ingoldby, seconded, and resolved—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

6. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 7th April, 1886.

Your Committee have to report that the Agreement with Mr. Henry Farmer, of No. 280, Seven Sisters'-road, for the renting of the grazing in Finsbury-park, expired on the 25th ultimo. Your Committee have ascertained that Mr. Farmer is willing to rent the grazing for another year, and, having regard to all the circumstances of the case, they consider that the Board may let it to him for that period on the same terms, viz., £10, on his signing an Agreement similar to that in force last year, and they recommend accordingly.

The Board having, by their Resolution of the 26th February last, decided as to the number of labourers, &c., who may be employed in connection with the Parks, Gardens,

and Open Spaces, your Committee have now to report that some temporary additional labour for various purposes, and also some horse hire, is required; and they beg to recommend—

That the Board do sanction the following—

Western Commons, 4 labourers for 4 weeks, to prepare for and sow grass seed.

Hampstead-heath, 2 labourers for 2 weeks, to lop trees.

Blackheath, 2 labourers for 2 weeks, to spread soil on surface of Heath.

Clapham-common, 1 horse and cart for 4 days, to remove sand from Long Pond.

In pursuance of the Resolution of the Board of the 19th March last (No. 10), your Committee have considered whether the proposed scheme of Mr. Bentley, for the laying out of new roads on an estate belonging to Mr. E. Robinson, near Highbury-fields will in any way affect those Open Spaces. Your Committee have had before them a Report on the subject from your Superintending Architect, which they think clearly explains the subject, and they recommend—

That the Report, which they submit herewith, be referred to the Building Act Committee in connection with the above-mentioned subject, a reference of which has already been made to them.

Your Committee have had their attention called to the dangerous condition of the trees on Judges'-walk, Hampstead-heath. The trees form a very prominent object on the Heath, and the lopping of them will no doubt call forth considerable remark from the frequenters of the Heath. Your Committee however are of opinion that for the public safety it is desirable that steps should be taken with regard to them as speedily as possible, and they therefore recommend—

That the trees be lopped in such a manner as to render them safe.

Your Committee have had under consideration the application made to the Board, on the 2nd instant, by Mr. E. Christian and Mr. Woodd, for permission to erect a drinking fountain on Hampstead-heath, on a site near the Priors, which is shown by a Red cross on a Plan which your Committee submit herewith. The fountain which it is proposed to place on the Heath, was erected about 25 years ago, by Mr. Christian, and Mr. Woodd's father on Haverstock-hill, and has since been maintained there by the Vestry of Hampstead. Owing to the erection of a large drinking trough and fountain in the thoroughfare named, the smaller fountain is no longer needed and Mr. Christian and Mr. Woodd are desirous of transferring it to Hampstead-heath, where no doubt it would be a great convenience to the public. Your Committee consider that there is no objection to the proposal, and they therefore recommend—

That the request be granted conditionally upon the work of re-erection, &c., being carried out at the cost of the applicants, and that they do obtain an undertaking from the Vestry of Hampstead to supply water and to maintain the fountain in repair for the future.

Your Committee have to report that repairs, re-tarring, and re-painting, &c., are required to the boat-house, bathing-shed and screen, and flag-staff, and also to 3 seats on Hampstead-heath. As all those works are necessary, your Committee recommend—

That they be executed at an estimated cost of £18.

Under the authority conferred on them by the Board on the 13th June, 1873 (No. 13), your Committee have authorised the purchase of grass seed for use in the Embankment Gardens, and on the group of Commons known as the Western Commons; clout nails to be obtained for Finsbury-park, and lawn mowers therein and at the Victoria Embankment Gardens to be repaired. They have also authorised the purchase of a pair of water boots for the man who cleans the fountain in Leicester-square-garden, and that articles be obtained in connection with the cricket-ground, &c., on Streatham-common; that repairs be done to the fencing on Clapham-common, and to a wall between Hampstead-heath and the Upper-terrace, Judges'-walk; and also a short length of fencing erected at Shepherd's-bush-common; and that a stand-post be removed

at Tooting-common and a few seeds purchased for use at the Western Pumping Station.

All which your Committee beg to submit.

(Signed) J. E. BRADFIELD,
GEO. EDWARDS,
WM. SHEPHERD,
GEORGE HILL.

The Report by the Superintending Architect, and the Plan, submitted by the Committee, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the grazing in Finsbury-park be let to Mr. Henry Farmer, of No. 280, Seven Sisters'-road, for another year, from the 25th March, 1886, for the sum of £10, on his signing an Agreement similar in terms to that in force last year, and that the Solicitor do prepare the Agreement.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the following extra labour and horse-hire be sanctioned in connection with the undermentioned places—

Western Commons—4 labourers for 4 weeks, to prepare for and sow grass seed.

Hampstead-heath—2 labourers for 2 weeks, to lop trees.

Blackheath—2 labourers for 2 weeks, to spread soil on the surface of the Heath.

Clapham-common—1 horse and cart for 4 days to remove sand from the Long Pond.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the Superintending Architect's Report, now submitted, on the application of Mr. C. Bentley, on behalf of Mr. E. Robinson, for consent to the formation of new roads near Highbury-fields, be referred to the Building Act Committee, for consideration in connection with the reference already made to them on the subject.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the trees on Judges'-walk, Hampstead-heath, be lopped.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the application of Mr. E. Christian and Mr. Woodd, for permission to erect a Drinking Fountain on Hampstead-heath, on the site marked by a Red cross on the Plan now submitted, be granted, on condition that the work be done at the cost of Messrs. Christian and Woodd, and that they do obtain the undertaking of the Vestry of Hampstead to supply water to such Fountain, and to maintain the Fountain in repair for the future.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the boat-house, bathing shed and screen, flagstaff, and three seats on Hampstead-heath, be repaired and re-painted, at a total estimated cost of £18.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

7. Mr. Shepherd, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 7th April, 1886.

Your Committee have to report that they have had before them applications from several firms who have applied for copies of the Plan and Specifications of the works of the new Bridge at Battersea, asking that the time might be extended for the Board to receive Tenders, as they find it impossible to have the quantities completed, and the Tenders prepared by the 16th instant, the date which the Board have fixed for opening

them. Your Committee have consulted your Engineer upon the matter, and they consider that the Board might comply with the request, and extend the time for opening the Tenders until their first meeting after the Easter Recess, viz., the 7th May next, which will allow those persons who are desirous of sending in Tenders sufficient time to prepare them. Your Committee, therefore, beg to recommend—

That the time fixed by the Board for receiving Tenders for the construction of the new Bridge at Battersea, be extended from the 16th April until the 7th May next, and that Advertisements to that effect be inserted in the newspapers.

All which your Committee beg to submit.

(Signed) WM. SHEPHERD,
FRANCIS H. FOWLER,
W. R. SELWAY,
GEO. EDWARDS.

The Report having been read and received,

It was moved by Mr. Shepherd, seconded, and resolved—That the time fixed by the Board for receiving Tenders for the construction of the new Bridge at Battersea be extended from the 16th April until the 7th May next, and that an Advertisement to that effect be issued.

8. It was moved by Mr. Selway, seconded, and resolved—That the consideration of the Report of the Parliamentary Committee, relative to the Board's Petition against the Horse Guard's-avenue Bill, be further adjourned *sine die*.

9. Read a Report by the Engineer, dated 8th April, 1886, on an the undermentioned Sewerage works proposed to be executed by the following Vestries and District Boards—

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfare in question by the Vestry of Chelsea, for the purpose of executing work therein, for the period recommended by the Engineer, such sanction to date from the commencement of the work.

11. Read a Report by the Engineer, dated 8th April, 1886, stating that, for the purpose of executing the works in connection with the Holloway and Northern High Level Sewers Relief Lines, it was necessary for the Board, and their Contractor, to temporarily enter upon and occupy the premises shown upon the Plan, and described in the Schedule accompanying his Report, and recommending the Board to pass an Order for that purpose.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved and acted upon; and it was thereupon ordered, as follows—

Whereas, for the purpose of constructing and executing a certain Sewer and works, ordered and about to be carried out by this Board, in exercise of the powers vested in them by the Metropolis Local Management Act, 1855, it is necessary that the undermentioned Officers and Contractor of the Board, with their assistants, servants, and workmen, should enter upon and otherwise lawfully interfere with the land and premises shown upon the Plan and described in the Schedule now presented to the Board; it is resolved and ordered—That, for the purpose of constructing and executing the said Sewer and works, Sir Joseph William Bazalgette, C.B., Engineer of this Board; Thomas Lovick, an Assistant Engineer of this Board; William Rigby, Contractor of this Board, and their assistants, servants, and workmen, and each and every of them be empowered and required to enter upon and do all necessary and lawful acts in and upon the said land and premises, for the execution of the said works, or any of them, on notice to be given to the occupier of the said land and premises, Three days at least before such entry.

12. Read a Report by the Engineer, dated 8th April, 1886, on Letter from Mr. J. H. Linscott, applying for payment of £8 2s. 6d., as compensation for alleged damage done to his oven and goods in the execution of the Board's works in Shaftesbury-avenue; stating the facts, and recommending that Mr. Linscott should be informed in accordance therewith, and that the Board on their part declined to admit any liability for the claim.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be approved, and that Mr. Linscott be informed accordingly.

13. Read a Report by the Engineer, dated 8th April, 1886, on a Letter from Mr. J. D. Allcroft, on behalf of the Governors of Christ's Hospital, applying for permission to connect the surface drainage of their road at West Ham, with the Sewer draining the workmen's cottages at the Abbey Mills Pumping Station; stating that on the 12th ultimo, the Board had under consideration a similar application from the Governors' tenant, Mr. Knight, who, it appeared, maintained the road referred to, and that he (the Engineer) then reported that the drain from the Board's cottages ran into the Low Level Sewer at the filth hoist, that the discharge had to be pumped up into the Outfall Sewer, and that if the surface drainage from Mr. Hunt's premises were admitted into the drain belonging to the Board, it would increase the quantity to be pumped up, and

further, that the locality was beyond the Metropolitan area, and that the Board had thereupon declined to grant the application, and recommending that the present one should also be refused.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the application be not granted.

14. Read a Report by the Engineer, dated 9th April, 1886, stating that Mr. J. McDougall, was absent from his duties in consequence of illness, and recommending that leave of absence be granted to him for a fortnight, and submitting a medical certificate.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a fortnight's leave of absence be granted to Mr. McDougall, and that the Engineer do report further at the expiration of that period, if necessary.

15. Read a Report by the Engineer, dated 9th April, 1886, stating that the following quantities of Coal and Rope were required for use at the Crossness Pumping Station—

	ESTIMATE.
70 Tons of New Pelton Gas Coal	£55 14 2
700 feet run of Manilla Rope (6 inches circumference) ...	27 10 0
Total	<u>£83 4 2</u>

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the Coal and Rope be obtained, the cost thereof being charged to the General Working Account of the Board.

16. The Solicitor reported that the Board's (Various Powers) Bill was still awaiting appointment to a Select Committee of the House of Commons, and that it was not likely to be appointed until after the Easter recess.

17. The Solicitor reported that the second reading of the Board's (Fire Brigade Expenses) Bill had been adjourned until the 13th instant; and that the adjourned debate on the second reading of the Board's (Theatres, &c.) Bill had been appointed for the 13th instant.

18. The Solicitor reported that the second reading of the Theatres, &c. (Metropolis) Bill, introduced by Mr. Dixon-Hartland, had been adjourned until the 13th instant.

19. The Solicitor reported that the Select Committee of the House of Commons appointed to consider the Employers Liability Act (1880) Amendment Bill (Mr. Arthur O'Connor), and the Employers Liability Act (1880) Amendment Bill (No. 2) (Mr. Burt), had met on Friday and Tuesday last, and would meet again this day.

20. The Solicitor reported that the Metropolitan Fire Brigade Expenses Bill (introduced by Mr. Kimber and Mr. Vanderbyl), which provided for the amendment of the law relating to the expenses of the Brigade, had been read a first time on the 7th instant; that the second reading had been appointed for the 14th instant, and that the following notice had been placed on the paper with respect to it—

“Sir James McGarel-Hogg.—On second reading of Metropolitan Fire
 “Brigade Expenses Bill, to move—That it be read a second time upon this day
 “six months (Thursday, 8th April).”

The Solicitor also laid before the Board a copy of the Bill.

It was *moved* by Mr. Hill, seconded by Mr. Fowler, and *resolved*—That a copy of the Bill be sent to each Member of the Board.

ISLINGTON.**—Read a communication from Mr. Frederic Hammond, District Surveyor under the Metropolitan Building Act, 1855, for the District of North-West Islington, dated 8th April, 1886, notifying that Nos. 2 and 3, Market-terrace, Upper Holloway-road, were about to be altered under his professional superintendence, and requesting the Board to appoint some other Surveyor as the District Surveyor to superintend such works. Whereupon it was *moved* by Mr. Ewin, seconded, and *resolved*, and *ordered*, as follows—~~Whereas~~ *That* Mr. Frederic Hammond, District Surveyor for the District of North-West Islington, did, on the 8th day of April, 1886, give notice to this Board that he, the said Frederic Hammond, was engaged to act professionally in respect of the alteration of Nos. 2 and 3, Market-terrace, Upper Holloway-road, and the said Frederic Hammond has been since the said date, and now is, engaged to act professionally as aforesaid. Now, therefore, it is *ordered* by this Board—That Mr. George M'Donell, District Surveyor for the District of South-West Islington, be appointed by this Board, and the said George M'Donell is hereby appointed to survey the said premises, for the purposes of the Metropolitan Building Act, 1855, and to act as District Surveyor in respect thereof.

- 75. CITY OF LONDON.**—Read a Report by the Superintending Architect, dated 7th April, 1886, on the application of Mr. W. Whiddington, on behalf of Messrs. Freeman and Winthrop, for approval by the Board of an amended Plan for the construction of an external boiler flue at the rear of No. 41, Cheapside.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

- 76. ST. MARYLEBONE.**—Read a Report by the Superintending Architect, dated 7th April, 1886, on the application of Mr. F. T. Pilkington, on behalf of the Artizans, Labourers', and General Dwellings Company, Limited, for approval by the Board of an amended Plan for the erection of a block of Artizans' Dwellings on the South side of Broadley-street, Lisson-grove, exceeding the height prescribed by the 85th Section of the Metropolis Management Amendment Act, 1862.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the application be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee when the subject shall be considered.

- 77. WANDSWORTH.**—Read a Report by the Superintending Architect, dated 7th April, 1886, on the application of Mr. W. W. Brutton, on behalf of Messrs. Dangerfield, for approval by the Board of a Plan for the construction of a chimney-shaft at the works in West-street, Battersea-park-road, Battersea.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with

the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

78. It was moved, seconded, and resolved—That the Board do now adjourn, and do meet again at this place, at the rising of the Special Board appointed to be held this day.

Adjourned accordingly.

1. The Minutes of the Meetings of the Board, held on the 9th instant, were approved, and were signed by the Chairman, and by two other Members of the Board, present at such Meetings respectively.
2. Mr. Harben handed in a Letter, as follows—

Vestry of the Parish of St. John, Hampstead.

Vestry-hall, Hampstead, N.W.,

15th April, 1886.

DEAR SIR,—Adverting to your Letter of the 18th of July, 1883 (No. 2,774, B. 13.7), intimating that the Metropolitan Board of Works had considered the application of the Vestry made in my Letter of the 17th of May, 1883, for a contribution towards the cost of a new road which the Vestry proposed to form through the grounds of the Blind School, near the Swiss-cottage

16 April, 1886.

in Finchley-road and Belsize-park, and that the Board were willing to contribute one-half of the net cost of acquiring the land, estimated at £2,000. I am desired to state that, owing to certain difficulties in which the authorities of the Blind School became involved, the Vestry were unable to carry out the Scheme.

The opening up of the neighbourhood affected by the contemplated Improvement, which will afford a direct means of communication between the Eastern and Western portions of the Parish, has become a pressing necessity, and although, under the existing circumstances of the case, additional expense will be involved in effecting the Improvement, the Vestry deem it essential, for the interests of the Parish, that the Scheme now determined upon, after careful and prolonged consideration, should be carried out with as little delay as possible.

The accompanying Plan will show the nature of the intended Improvement.

I am desired to request the sanction of the Metropolitan Board of Works to the carrying out of the proposed Scheme, and also that they will contribute one-half the cost of acquiring the necessary land, estimated at £4,682.

It is important, having regard to the various interests involved, and to the undesirability of any further change of circumstances taking place which might be prejudicial to the Parish, in a financial point of view, that the Improvement should be effected as soon as possible, the Vestry therefore respectfully solicit the early consideration of the Metropolitan Board.

Yours, &c.,
(Signed) THOS. BRIDGER,

Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works,
Spring-gardens, S.W.

It was moved by Mr. Harben, seconded, and resolved—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

3. Mr. Brown handed in a Letter, as follows—

The Vestry of the Parish of Hammersmith.

Clerk's Department, Vestry-hall,
Broadway, Hammersmith, W.,
16th day of April, 1886.

RAVENS COURT-PARK ESTATE.

SIR,—On the other side I beg to hand you copy of a Resolution passed by this Vestry at their Meeting held on Wednesday last, and I am to ask you to be kind enough to say when the Metropolitan Board will receive the Deputation.

I am, &c.,
(Signed) W. P. COCKBURN,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens.

Copy Resolution.

RESOLVED—"That, inasmuch as the tenant for life has expressed willingness to sell
"the Estate known as 'Ravenscourt,' including the Mansion thereon, this Vestry
"is of opinion that such property should be acquired for the purpose of a public
"Park at a cost of not exceeding £50,000, and that, to avoid further delay, a
"Deputation be appointed to wait upon the Metropolitan Board of Works with
"the view of obtaining a contribution towards the purchase of the Estate in
"question."

It was moved by Mr. Brown, seconded, and resolved—That the said Deputation be received at the Meeting of the Board on 7th May next, at Twelve o'clock at noon.

Your Committee have had before them a Letter from Messrs. Simpson, Palmer and Winder, on behalf of Messrs. Brag and Ingram, applying for permission to erect fencing across the site of the main Falcon-brook Sewer, passing under their building land known as the Nightingale-park Estate, Wandsworth-common. The Board's Sewer, it appears, passes under the land at the rear of certain existing houses, and the sites of intended houses, on the East side of Estcourt-road, as shown upon the Plan accompanying the application, and it is proposed to extend the fences across the site of the Sewer, as also shown upon the Plan. Your Committee, after conference with your Engineer, recommend—

That permission be granted for the garden fences being so extended, upon condition that a small gate be fixed in each fence to give the Board's men access for the purpose of cleansing or examining the Sewer from time to time, and that the keys of the gates be lodged with the Board, and that the Board's rights in the Sewer be maintained, under an Agreement to be prepared by the Solicitor.

Your Committee have further to report that they have considered the communications, referred to them on the 2nd instant (Nos. 3, 34 and 41), from the Wandsworth District Board of Works, the Bolingbroke Tradesmen's and Ratepayer's Club, Battersea, and the Vestry of Battersea, asking that this Board will undertake the control and management of Wandsworth-common. The subject of dealing with the Common was before the Board in the year 1871, when the Bill was before Parliament for vesting the Common in a Board of Conservators. The view then taken by this Board was that the Common should be dealt with in the same way as others in the Metropolis, and the Board, upon the recommendation of your Committee, presented a Petition against the Bill, which, however, was ultimately passed. Having carefully considered the matter, upon the present communications your Committee think that the best course will be to inform the Wandsworth District Board, that in the event of their prosecuting a Bill in Parliament, in satisfactory form, to enable this Board to take over the Common, the Board will not oppose it. Your Committee recommend in accordance with this view.

Your Committee have considered the Letter from the Churchwardens of the Parishes of St. Olave and St. John's, Southwark, referred by the Board on the 5th ultimo (No. 10), asking the Board to contribute a moiety of the cost, estimated at £1,017, of converting the old Burial-ground in St. John's Parish into a place of resort for the inhabitants of the Parishes. The area of the ground is half an acre, and your Committee learn from your Superintending Architect that the estimate, which includes the erection of a new iron railing and the formation of flower beds and asphalte pavement, is, in his opinion, not excessive. They have satisfied themselves, by a view of the ground, that the proposal is a beneficial one, and they therefore recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £508, and to be paid to the Churchwardens, on the ground being dedicated to the use of the public for ever, and on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have also to report that they have considered the Letter from the Hackney District Board referred on the 26th February last (No. 6), asking for a contribution towards the cost, estimated at £300, of an Improvement by widening High-street, Homerton. Your Superintending Architect reports that the street at the point referred to is only about 25 feet wide; that the width will be increased to 40 feet, and that about 4,575 feet of land will be added to the public way. He also considers the estimated cost fair and reasonable. Your Committee, after a view of the locality, are of opinion that the proposed Improvement is a desirable one, and they recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £150, and to be paid to the District Board on a Certificate by the Superintending

Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have also considered the Letter from the Hackney District Board referred on the 14th December, 1883 (No. 3), asking this Board to contribute towards the cost, estimated at £150, of an Improvement by adding a strip of land to the highway of Sidney-road, Homerton. By the proposal the width of the road would be increased at the point in question from 16 to 24 feet, and about 226 superficial feet of land, be added to the public way. Your Superintending Architect reports that the cost is fair and reasonable, and your Committee, having taken an opportunity of viewing the locality, recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £75, and to be paid to the District Board on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

All which your Committee beg to submit.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the application of Messrs. Simpson, Palmer and Winder, on behalf of Messrs. Brag and Ingram, for permission to erect fencing across the site of the Main Falcon-brook Sewer passing under their building land known as the Nightingale-park Estate, be granted on condition that a small gate be fixed in each fence, to give the Board's men access for the purpose of cleansing or examining the Sewer from time to time, and that the keys of the gates be lodged with the Board, and that the Board's rights in the Sewer be maintained under an Agreement, to be prepared by the Solicitor; and that it be referred to the Solicitor to prepare an Agreement accordingly.

It was *moved* by Mr. Fowler, and seconded—That a Letter be sent to the Wandsworth District Board informing them, with reference to the suggestion that Wandsworth-common should be under the control of this Board, that in the event of the District Board prosecuting a Bill in Parliament, in satisfactory form, to enable this Board to take over the Common, the Board will not oppose such Bill.

An amendment thereon was *moved* by Mr. Selway, and seconded by Mr. Meaden—That the subject be referred back to the Committee, for further consideration and report.

After discussion, the amendment was put to the vote, there were for it 3, against it 33; and it was declared by the Chairman to be lost.

The original motion was then put to the vote, and declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Board do contribute one-half of the net cost (£1,017) of the laying out by the Churchwardens of the Parishes of St. Olave and St. John, Southwark, of the old Burial-ground in the Parish of St. John, Southwark, such contribution not to exceed the sum of £508, and to be paid to the Churchwardens on the ground being dedicated to the use of the public for ever, and on

a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Board do contribute one-half of the net cost (£300) of an Improvement in High-street, Homerton, proposed to be effected by the Hackney District Board, such contribution not to exceed the sum of £150, and to be paid to the District Board on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Board do contribute one-half of the net cost (£150) of an Improvement at the entrance of Sidney-road, Homerton, effected by the Hackney District Board, such contribution not to exceed the sum of £75, and to be paid to the District Board on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

5. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 13th April, 1886.

Your Committee have to call the attention of the Board to the necessity for a better Fire Brigade Station in Bethnal-green. The present Station is No. 283, Bethnal-green-road, and consists of an old Engine-house which belonged to the Parish authorities before the Fire Brigade was established by the Board. The premises are extremely inconvenient, and utterly inadequate for Fire Brigade purposes, most of the men having to live in lodgings outside. Your Committee have for many years been endeavouring to obtain a suitable site, or premises for a new Station, but without success. An opportunity now offers for obtaining a site in Green-street, where the Board has acquired a considerable extent of ground under the powers of the Metropolitan Street Improvements Act, 1883, for the purpose of widening the street. As the widening will probably be effected in the course of the present year, it is not too early, if the Board agrees with the Committee in thinking the locality suitable for a new Station, to allot a site for the purpose. The Chief Officer of the Brigade and your Superintending Architect have submitted a Plan showing the site which they consider most suitable, and your Committee recommend—

That a new Station be erected upon the site referred to, and that it be referred to the Works and General Purposes Committee to ascertain and report to the Board the amount with which the Fire Brigade Capital Account should be charged as the cost of the ground.

On 16th October, 1885, Francis H. Pallot, a Fourth-class Fireman was discharged from the Brigade in consequence of permanent infirmity in the form of epilepsy resulting from a fall which he met with while working at a fire at the Plumbago Crucible works, in Church-road, Battersea. The Board at the same time granted to Pallot an allowance of 15s. per week for six months, your Committee wishing to re-consider the case at the end of that period for the purpose of ascertaining whether Pallot was likely to be fit for some other kind of work. Your Committee find that Pallot is still suffering as much as when he was discharged, and they have had before them a Certificate showing that he is still an out-patient at the National Hospital for the Paralytic and Epileptic in

Queen-square, Bloomsbury, and is unable to work. As it appears probable that the poor man will suffer all his life long from the effects of the accident he met with while in the discharge of his duty, your Committee are of opinion that proper provision should be made for him by the Board, and they recommend—

That an allowance of 15s. a week be granted to him, such allowance to continue during the pleasure of the Board.

Your Committee have received a Report from the Chief Officer, and a Certificate from one of the Medical Officers, to the effect that Robert Johnson, a Second-class Fireman is suffering from chronic rheumatism and neuralgic pains in the head, stated to be the result of his head having been injured by falling bricks at a fire in Duke-street, Bloomsbury, in June, 1880. Johnson was born in December, 1852, and joined the Brigade in January, 1879; he is, therefore, 33 years of age, and has completed 7 years' service. If Johnson's infirmity had been due to natural causes, not necessarily connected with the discharge of his duty, he would have been entitled, on leaving, after 7 years' service, to a gratuity of £46 15s. 3d. In view, however, of the Medical Officer's opinion, that what Johnson is now suffering from is the result of injuries received at a fire some years ago, it appears to your Committee that it may be the duty of the Board to make some further provision than a mere grant of the gratuity to which he would in ordinary circumstances be entitled. They have, however, not at present sufficient information as to the probability of Johnson's future recovery to enable them to deal finally with the case, and they confine themselves at present to recommending—

That he be discharged, and that an allowance of 15s. a week be made to him for six months, at the end of which time his case will be re-considered.

Fourth-class Fireman Richard Howlett has been reported to your Committee for serious misconduct while on duty, and your Committee recommend—

That he be dismissed.

Your Committee have to report that Fourth-class Fireman Samuel E. Froggatt has withdrawn from the service, and that his name has accordingly been removed from the list of Firemen.

Your Committee have further to recommend—

That James W. Clowsley and William J. Mellows be appointed, during the pleasure of the Board, in the Fourth-class of Firemen.

Your Committee have further to report, for the information of the Board, that they have given instructions for a new hose-hoist, and some other small works to be erected at the Shoreditch Station at a cost of about £65. They have also given directions for the levelling and paving of the ground of the Churchyard of Holy Trinity Church Paddington, in which a Fire-escape has been allowed to stand for many years. The cost of the work will be about £60.

All which your Committee beg to submit.

(Signed)

GEORGE HILL,
W. J. WETENHALL,
GEO. EDWARDS,
CHARLES MOSSOP,
W. R. SELWAY.

The Report having been read and received,

It was moved by Mr. Hill, seconded, and resolved—That a Station be erected upon ground belonging to the Board in Green-street, Bethnal-green, in substitution for the present inadequate Station in Bethnal-green-road, and that it be referred to the Works and General Purposes Committee, to ascertain and report to the Board the amount with which the Fire Brigade Capital Account should be charged as the cost of the ground.

It was moved by Mr. Hill, seconded, and resolved—That an allowance of 15s. a week

be granted to F. H. Pallot, who, on 16th October last, was discharged from the Fire Brigade in consequence of serious injuries received at a fire, and that such allowance do continue during the pleasure of the Board.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Second-class Fireman Robert Johnson, who is suffering from illness such as permanently to incapacitate him for service in the Brigade, be discharged, and that an allowance of 15s. a week be made to him for six months.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Fourth-class Fireman Richard Howlett be dismissed for misconduct.

It was *moved* by Mr. Hill, seconded, and *resolved*—That James W. Clowsley, and William J. Mellows be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

6. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 13th April, 1886.

Your Committee have considered the application of Messrs. Crickmay and Son, on behalf of Messrs. J. and W. Nicholson and Co., for the consent of the Board to the re-erection of the "Horns" Tavern and Assembly-rooms, in Kennington-road, to the line shown upon the Plan accompanying the application, referred by the Board on the 2nd instant (No. 59). Your Committee have also had before them an amended Plan submitted by the applicants, which has received the approval of the Vestry of Lambeth. The external angle of the proposed extension shown on the amended Plan has been set back about 4 feet, to meet the views of the Vestry, and the applicants propose to surrender to the public a considerable strip of land. Your Committee are of opinion that the sanction of the Board may be given, and they recommend—

That the application be granted, upon condition that the erection of the buildings therein referred to, be commenced within Six months, and be completed within Eighteen months from the 16th April, 1886, and that, previously to the commencement of building operations, the ground separating the proposed buildings from the public way, and coloured Blue upon the amended Plan, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have also to report that they have proceeded upon the Resolution of the Board of the 11th December last (No. 6), authorising them to confer with the Owners of the "Horns" Assembly-rooms, in Kennington-road, respecting the alterations necessary to remedy the structural defects of the building. The Board's draft Notice specifying the works required for the purpose, having been transmitted to the Owners some correspondence subsequently took place with Messrs. Nash, Field and Withers, who stated that their clients, Messrs. J. and W. Nicholson and Co., the Owners of the property, had, after careful consideration, decided to re-build the whole of the premises, including the Assembly-rooms, and the adjoining Tavern. Instructions were accordingly given to their Architects, Messrs. Crickmay and Son, to prepare the necessary Drawings for the purpose, which have been submitted to, and carefully examined by your Committee. The large Assembly room on the level of the first floor at the rear of the Tavern, and fronting upon Kennington-road, will be 75 feet 6 inches long and 39 feet wide, having at the Northern end a stage 12 feet 6 inches deep, separated from the auditorium by a brick wall 14 inches thick, and also having a gallery, 12 feet deep, at the opposite end. In connection with the large Hall on the same level will be two supper rooms, a waiting room and a lavatory; and under the large Hall will be a minor Hall, on the ground floor, and a public room for use in connection with the Tavern. Other smaller rooms are included in the design, and your Committee having examined the arrangement of those, and the

construction of the entrances, passages, staircases, door-ways, and floors of the building are of opinion that the Drawings are in accordance with the Board's regulations for places of public entertainment. Your Committee therefore recommend—

That the application of Messrs. Crickmay and Son, on behalf of Messrs. J. and W. Nicholson and Co., for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act, 1878, with respect to the proposed re-building of the "Horns" Tavern and Assembly-rooms, in Kennington-road, at the corner of Kennington-park-road, be granted; that the Drawings submitted by Messrs. Crickmay and Son, on the 6th March, 1886, be approved; and that the Certificate be issued upon the completion of the building, in accordance with such Drawings, to the satisfaction of the Board.

Your Committee have to report that they have proceeded upon the Resolution of the Board of the 5th February last (No. 10), authorising them to confer through their Sub-Committee with the Owner of the "Griffin" Music-hall, No. 99, Shoreditch High-street, upon the five Requisitions contained in the Board's draft Notice with respect to the structural defects of the building. The Architect to the Owners (the City of London Brewery Company, Limited) attended your Committee, and stated in objection to the first Requisition that the formation of an entrance passage, 4 feet 6 inches wide, leading to the Music-hall through the bar of the Public-house would leave insufficient space in front of the counter for the convenience of the trade. It was therefore proposed to separate the two portions of the premises by building a wall at the Western end of the Hall, and to make the public enter and leave the Hall by means of door-ways opening into Jane Shore-court. As that Court is a *cul-de-sac*, only about three feet wide at its entrance from High-street, and has houses abutting upon it, it appeared undesirable to make it the only means of exit from the Hall. Your Committee therefore suggested a combination, in a modified form, of the two means of exit which had been proposed, namely, through the bar and through the Court, as the best solution of the question. That arrangement is shown upon a Plan which has been prepared by the Architect to the Owners, and which appears to be satisfactory. Some alterations will be necessary in the first and second Requisitions, in order to enable the arrangement to be carried out, but the remaining Requisitions may be retained in their original form. Your Committee are therefore of opinion that a revised Notice containing the following Requisitions should be served upon the Owners—

1.—That an entrance passage, not less than 3 feet 6 inches wide, be formed to the Hall through the bar of the "Griffin" Public house; that such passage be separated from the Public-house by a brick wall 4½ inches thick, with piers 9 inches thick in cement, and that such wall be carried down to the level of the footings of the basement storey of the Public-house; that not more than one opening, not exceeding 3 feet 6 inches wide, be formed in such wall, and be closed by a wrought-iron door, one-fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself without a spring; that the floor of such passage be formed of brick arches 9 inches thick, or of concrete 6 inches thick on rolled iron joists; and that such passage do have a ceiling of concrete 6 inches thick on rolled iron joists.

2.—That a brick wall, 9 inches thick, be built at the Western end of the Hall, to separate the Hall from the Public-house adjoining; that such wall be carried down to the level of the footings of the basement storey of the Public-house, and be carried up to a height of three feet above the flat roof of the Music-hall; and that not more than one opening, not exceeding 3 feet 6 inches wide, be formed in such wall, on the ground floor level, for access to the Music-hall.

3.—That the staircase leading from the Hall to the rooms on the first floor of the Public-house be removed, and the flooring of the Hall made good.

4.—That the door-way in the North wall of the Music-hall leading into Jane Shore-court, be increased in width to 4 feet 6 inches, and that an additional step be formed to such door-way as enlarged.

5.—That the doors to the Hall be hung in two folds, and be made to open outwards.

And they recommend—

That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owners of the Hall.

Your Committee have also considered the Letter from Messrs. Dubois, Reid and Williams, with reference to the Board's refusal of the application of Mr. W. Emden, on behalf of Messrs. Webb and Wilmot, for a Certificate under the Act of 1878, with respect to the construction of a proposed new Theatre on the site of the Occidental Tavern in Savoy-buildings (formerly Fountain-court), Strand. Messrs. Dubois in their communication stated that they were desirous of ascertaining what alterations or amendments in the Drawings previously submitted were requisite to meet the views of the Board, and they requested an interview with your Committee for the purpose. The Letter was referred to your Committee on the 19th ultimo (No. 49), with authority to confer with the parties interested. Mr. Reid, Solicitor, and Mr. Emden, Architect, accordingly attended the Theatres and Music-halls Sub-Committee on the 23rd ultimo, and after hearing several points in which the former Drawings were considered objectionable, Mr. Emden immediately submitted an amended set, distinguished by the letter "C," which, he believed, would meet the views of the Board. The Sub-Committee were only able to make a cursory examination of the Drawings while the parties were in attendance, and therefore stated that they could not pronounce any definite opinion with respect to their merits until they had had an opportunity of examining them in detail. The result of such an examination showed that the Drawings varied in some important particulars from the previous set, marked "B." The floor of the corridor at the rear of the private boxes, on the dress circle level, was lowered about 8 feet to the level of the Strand, and the floor of the pit was also lowered to a corresponding extent. The space under the pit floor was abolished, and the old vaults next the Strand, although proposed to be retained, were not made use of in connection with the Theatre. Both the pit bar and the gallery bar were considerably reduced in size. The dressing rooms were arranged as before in five floors, three above and two below the stage, and had fire-resisting floors and ceilings. The Sub-Committee, however, pointed out to the parties, who were again in attendance at their next meeting, certain particulars in which the Drawings still appeared to require amendment. Those had relation to the position of the door between the pit bar and the space at the rear, the making of the doors of the private boxes to open inwards, so as not to obstruct the gangways, the removal of the doors placed at the ends of each row of the stalls, and the formation of a gangway in the gallery. Mr. Emden thereupon undertook to send in without delay a further set of Drawings, amended in accordance with the views of the Sub-Committee. That was accordingly done on the 7th instant, and the last set of Drawings is in the opinion of your Committee satisfactory. They therefore recommend—

That the set of amended Drawings, marked Ca 1, Ca 2, Ca 3, Ca 4 and Ca 5, submitted by Mr. W. Emden, for the construction of a proposed new Theatre on the site of the "Occidental" Tavern, in Savoy-buildings (formerly Fountain-court), Strand, with an entrance on the site of No. 106, Strand, be approved, and that the Certificate of the Board, under the Act of 1878, be issued upon the completion of the building in accordance with such approved Drawings to the satisfaction of the Board; and that Messrs. Dubois, Reid, and Williams be informed, in reply to their Letter of the 18th March, 1886, of the decision of the Board in the matter.

Your Committee have also to report their proceedings under the Resolution of the Board of the 5th February last (No. 10), authorising them to confer with the Owner of the Kensington Hall, in Kensington-park-road, Notting-hill, upon the seven Requisitions contained in the Board's draft Notice with respect to the structural defects of the building.

The Owner has not accepted the invitation to personally attend your Committee, but he has forwarded written observations upon the several Requisitions. He objects to carrying down the wall mentioned in the First Requisition, to the level of the footings of the basement storey, but your Committee consider it desirable to adhere to that requirement. With regard to the flooring over the passage-way leading to the Hall, the Owner stated that it was already fire-proof, but as its construction proved upon examination to be unsatisfactory, your Committee believe it will be the best course to have the Third Requisition re-drawn in more explicit terms. The Owner also objects to the Fourth Requisition, providing for the removal or proper ventilation of the dressing-rooms under the stage, but it appears to your Committee essential to retain the provision. To the other requirements of the Board no exception has been taken and your Committee are of opinion that a revised Notice containing the following Requisitions should be served upon the Owner—

1.—That a brick wall, 9 inches thick, be built under the wall on the West side of the passage-entrance leading to the Hall, and be carried down to the level of the footings of the basement storey of the house No. 188, Kensington-park-road.

2.—That the door-way leading into the shop on the ground floor of No. 188, Kensington-park-road, be stopped up with brickwork 9 inches thick.

3.—That the counter ceiling to the entrance passage to the Hall out of Kensington-park-road, be removed; that a new ceiling, be formed in lieu thereof, extending from the street to the entrance door-way to the Hall; and that such new ceiling be constructed of concrete, not less than 6 inches thick, on rolled iron joists, to the satisfaction of the Board.

4.—That the dressing-rooms under the stage be removed, or be properly lighted and ventilated to the satisfaction of the Board.

5.—That the skylights in the roof be protected by galvanized-iron wire guards, fixed upon the outside of such skylights.

6.—That handrails be fixed on both sides of the staircase to the gallery.

7.—That all doors used by the public be made to open outwards.

And they therefore recommend—

That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that upon the receipt of such consent, the Notice be sealed and be served by the Solicitor upon the Owner of the Hall.

Your Committee have also considered the Letter from Messrs. H. Gover and Son, appealing against the decision of the Board with respect to the structural defects of the Lecture-hall, at Royal-hill, Greenwich, referred by the Board on the 5th February last (No. 46). The appeal appears to have been given merely as a precautionary measure, as it had relation to three of the sixteen Requisitions made by the Board, and those few remaining matters the appellants apprehended could be settled in a satisfactory manner. Your Committee accordingly communicated with Messrs. Gover on the subject, pointing out what works appeared essential for the safety of the public, and they have received from your Superintending Architect a Report stating the result of a recent survey of the premises. The seats in the angles of the Hall have not been removed, as mentioned in the Seventh Requisition, but the required gangway has been formed. The iron door which was required to be placed at the South-East angle of the dancing academy, on the first floor of the proprietary school, has not been fixed, but in lieu thereof an iron door has been placed to the door-way to the lobby of the academy, at the head of the principal staircase. As that door, when closed, effectually separates the

Lecture-hall from the proprietary school, your Committee consider it sufficient to meet the exigences of the case. All the other alterations required to be made under the Board's Notice have been completed. Your Committee, under those circumstances, recommend—

That the works executed by the Owners of the Lecture-hall, at Royal-hill, Greenwich, be accepted as a compliance with the Board's sealed Notice with respect to the structural defects of the building; that the Justices of Kent (Blackheath Division) be informed of the completion of the works; and that Messrs. H. Gover and Son be informed that it is unnecessary to proceed with the appeal of which they have given notice.

Your Committee have had under consideration the application of Mr. J. R. Johnston, on behalf of Mr. W. Newholm, for approval by the Board of a proposed variation from the Drawing approved by the Board for a proposed new Music-hall at the rear of the "Old Pied Bull" Public-house, No. 188, Holloway-road, referred by the Board on the 2nd instant (No. 77). The Board, on the 5th ultimo (No. 13), approved of the amended Drawing submitted by the applicant for the construction of the Music-hall, and agreed to grant their Certificate upon the satisfactory completion of the building. Among other things it was proposed to close the openings in the South wall of the bar looking on to a passage leading to the Hall. The applicant now wishes to retain one door-way between the bar and the passage to the Hall, and to close the same with an iron door. It is also proposed to form a small window opening in the wall, between the bar parlour and the passage, and to erect two water-closets and an urinal on a portion of the yard on the North side of the Public-house. Your Committee recommend—

That the application be granted.

Your Committee have to report that they have proceeded upon the Resolution of the Board of the 11th December last (No. 6), authorising them to confer with the Owner of the Rosemary Branch Music-hall, in Shepperton-road, Islington, upon the question of the structural defects of the building. The Board's draft Notice, containing Twelve Requisitions for remedying such defects, was transmitted to the Owner on the 23rd December last. He did not in reply submit, as requested, my observations upon the Notice, but asked that the consideration of the subject might be delayed, in order to allow his Architect time to prepare Plans for a new Hall downstairs. The request was acceded to, but his Architect, Mr. E. Clark, has informed your Committee that his client was unable to carry out the Board's Requisitions, and that the Mortgagee had taken possession of the property, and determined to relinquish the Music License. Your Committee have ascertained, however, that the Hall is still kept open nightly for musical performances, and that the arrangements for the accommodation of the public are far from satisfactory. It therefore appears desirable to proceed regularly, under the Act of 1878, for obtaining the remedy of the structural defects of the building, and your Committee are of opinion that a sealed Notice, containing the following Requisitions, being the same as those contained in the draft Notice, should be served upon the Owner—

1.—That a new entrance passage be formed to the Hall; that such new entrance-passage be not less than 4 feet 6 inches wide, and be enclosed on all sides with brickwork or other fire-resisting materials to be approved by the District Surveyor, and that no openings of any kind be formed in the side walls of such entrance passage.

2.—That the present staircase to the Hall be removed, and a new staircase constructed in its place; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls, not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide,

and 6 inches thick, in one stone, supported and enclosed on all sides by brick walls, not less than 9 inches thick ; that such landings be square upon plan, and do have brick arches, 9 inches deep in two rims, turned under them, in the middle of such landings ; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the District Surveyor.

3.—That the floor of the staircase hall be constructed of fire-resisting materials to be approved by the District Surveyor.

4.—That the openings between the staircase hall and the bar, and also between the bar-parlour and the store-room at the rear, be stopped up with brick-work 9 inches thick.

5.—That the whole of the floor of the Hall, and the floors of the two dressing-rooms, be constructed of fire-resisting materials to be approved by the District Surveyor.

6.—That the partitions enclosing the dressing-rooms be formed of fire-resisting materials to be approved by the Board.

7.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the ground.

8.—That a gangway 3 feet wide be formed around every side of the Pit, and that the seats at the sides of the Pit be removed.

9.—That the passage-way leading to the Pit be increased in width to 4 feet 6 inches.

10.—That the floors of the rooms on the second floor of the Public-house be constructed of fire-resisting materials to be approved by the District Surveyor.

11.—That stout handrails be fixed upon both sides of the staircase.

12.—That all door-ways used by the public be made not less than 4 feet 6 inches wide (where now of less width), and that all doors be hung in two folds, and be made to open outwards towards the street.

In accordance with those views, your Committee recommend—

That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor ; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same ; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

Your Committee beg to submit, herewith, a Report which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under a Magistrate's Order at the premises therein mentioned, the same being a Dangerous Structure, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrate to be done at the following premises, the same being a Dangerous Structure, viz.—

No. 2, Middle-row, Kensal-road, Chelsea.

Your Committee have received a Report from your Superintending Architect, from which it appears that the premises, No. 44, Great College-street, St. Pancras, were certified to be in a dangerous condition on the 5th of February last. A Summons was taken out on the 26th of the same month, and an Order was made on the 9th March by the Magistrate at the Clerkenwell Police-court, which had not been complied with. The matter being urgent, your Superintending Architect instructed the Contractors to

take down certain portions of the building, and your Committee report the facts for the information of the Board, and recommend—

That the course taken be approved.

Your Committee have also considered the Letter from Mrs. K. J. Dance, claiming damages in consequence of the proceedings taken relative to Nos. 23 and 24, Charing-cross, being Dangerous Structures. The premises formed one house, which the District Surveyor, on the 2nd February, 1884, certified to be in a dangerous state, so far as the party-wall between those premises, and No. 25, was concerned. The usual notice was served on the Hygienic Sanitary Engineering Company, who had sub-let the upper part of the house to Mrs. Dance, and her husband. Nothing having been done by the Owner, a Summons was issued, and on the 22nd February, 1884, a Magistrate's Order was obtained, directing the Owner to execute the works within 14 days. Between that date and the 19th March, 1884, several Letters were received by your Superintending Architect from Mrs. Dance, complaining that the Owners were not complying with the Magistrate's Order relative to the party-wall, but that they were seeking to pull down the whole of the house. On the 20th March, the District Surveyor gave a supplemental Certificate as to the necessity for taking down the defective parts of the front wall and chimney-stack, and the removal of the inmates. An Order was subsequently made for the removal of the inmates, which was carried out by an Officer of the Court, and the premises were closed. A further Notice was also served upon the Owners to have the work specified in the Supplemental Certificate executed. That was done, and the Board's expenses were paid by the Owners; and the District Surveyor on the 20th May reported that the danger was removed. Your Committee agree in the opinion expressed by the Solicitor that the Board have incurred no responsibility, and they recommend—

That Mrs. Dance be informed, in reply to her Letter, that the Board are unable to admit any liability in the matter.

Your Committee have considered your Superintending Architect's Report as to the neglected condition of the premises, No. 43, Winchester-street, Pimlico. Proceedings were taken against Miss Scott in respect of the premises, and an Order was obtained for payment of £51 2s. 4d. Miss Scott has addressed several communications to your Solicitor objecting to the proceedings taken against her by the Board, and stating that the persons responsible are Cubitt's Trustees, who are apparently the ground landlords. Your Solicitor is of opinion that the payment of the expenses should not be enforced until the amount of the expenses incurred in dealing with the premises as Neglected Structures shall have been ascertained. Your Committee have considered a Report from your Solicitor, from which it appears that he obtained an Order from a Magistrate to repair the property within 28 days and that £2 6s. costs were allowed and £2 2s. for the expenses of Mr. W. Batley, who testified that the state of the structure was prejudicial to the property in the neighbourhood. Your Committee recommend—

That the sum of £2 2s. be paid to Mr. W. Batley, being his charges for evidence given at the hearing of the Summons.

Your Committee have considered the Letter from Mr. C. W. Lemon, asking whether the Board would be satisfied with the signature of the Lessee to the document accepting the condition annexed to the consent of the Board relative to the surrender to the public of the surplus ground in front of nine proposed shops in Greyhound-lane, Streatham, referred by the Board on the 26th ultimo (No. 74). The Freeholders state that they are prevented from giving any undertaking without first obtaining the consent of the Court of Chancery. The applicant, however, represents that he has a Lease of the property for 95 years, and is willing to undertake that during that time the Board's requirements shall be observed. Your Committee agree in the opinion expressed by your Solicitor that the signature of the applicant may be accepted in lieu of that of the freeholder, as an application to the Court would involve great expense to the Estate,

and the term for which the applicant holds the property is a very long one. Your Committee accordingly recommend—

That the proposed signature be accepted by the Board.

Your Committee have considered the Letter from Mr. T. H. Green, relative to the erection of shops on the West side of Church-place, Hampstead, alleged to be in advance of the general line of buildings, referred by the Board on the 26th ultimo (No. 47). Shops are being erected by Mr. King at the rear of the houses on the West side of Church-place. It would seem that no question can arise under the 75th Section of the Act 25 and 26 Vict., c. 102, as to the frontage line, but that the issue is as to building in a street not of the statutory width. Church-place is at present 39 feet wide, but the Board propose to widen it to 50 feet in connection with the Hampstead Improvement. Your Committee concur with your Solicitor in thinking it unnecessary to take proceedings, and they recommend—

That no action be taken in the matter, and that Mr. Green be informed accordingly.

Your Committee have proceeded upon the Resolution of the Board of the 2nd instant (No. 6), referring to them, the Letter from the Home Office, transmitting a Letter from Viscount Wolmer, M.P., and its enclosure, enquiring whether the re-erection of a dissecting-room on the Burial-ground of St. George-the-Martyr, Bloomsbury, could be prevented. The dissecting-room and lecture-hall adjoining, are the property of Dr. Cooke, who states that he has a leasehold interest in the premises, under the Rector of the Parish, at a rental of £70 per annum. The Lecture-hall was erected before the passing of the Disused Burial-grounds Act, and your Solicitor is of opinion that any proceedings under that Act would be unsuccessful. The dissecting room, which was destroyed by fire two months since, was erected in 1877, under a License granted by the Board, and it is proposed to re-erect a precisely similar building upon the old foundations. The Burial-ground was closed by Order in Council some 30 years since. Your Committee submit herewith a Report by your Solicitor, explaining fully the legal bearings of the question, and they recommend—

That a Letter be addressed to the Home Office, stating that the Board, having fully considered the subject, deem it unnecessary to take any action in the matter.

Your Committee have considered the Letter from the Plumstead District Board, relative to the time which has elapsed since a Plan was approved for continuing Palmerston-road, Plumstead, to a junction with Plum-lane, and requesting that the necessary steps might be taken for the completion of the thoroughfare, referred by the Board on 12th December, 1884 (No. 34). The Board, on the 23rd January, 1885 (No. 6), instructed their Solicitor to serve a Penal Notice upon the builder, and your Committee on the 29th September, directed him to proceed for continuing penalties. The builder has now complied with the Notice by making the road open at both ends from the ground upwards. On the adjourned hearing of the Summons on the 9th instant, the Magistrate fined the defendant the nominal penalty of 10s. and £1 3s. costs. Your Committee recommend—

That the reference be discharged.

Your Committee have considered the application of Major-General A. S. Moberley, for approval by the Board of an amended Plan showing the construction of an external staircase recently erected at the workshops for the Blind of Kent, at the rear of No. 1, Thornton-row, South-street, Greenwich, referred by the Board on the 26th ultimo (No. 46). The wall is carried up to the eaves of the roof, and will extend at the base 1 foot 9 inches beyond the staircase. Your Committee, having heard the parties interested, recommend—

That no action be taken by the Board in the matter, and that Major-General Moberley and the District Surveyor be so informed.

Your Committee have considered the application of Mr. G. Pooley, on behalf of the

National Liberal Land Company, Limited, for approval by the Board of a further amended Plan for the formation and names of roads, and the widening of existing roads, on the Highbury Estate, Highbury-crescent, referred by the Board on the 12th ultimo (No. 88). In carrying out the scheme it is proposed to widen Nelson-place to 40 feet, as well as the old road-way next Highbury-crescent, and the new road will extend above the Railway tunnel. Your Committee have had before them a Report by your Solicitor, stating that, from the position of the Company, it may fairly be assumed that the Contracts and undertaking which have been submitted to him by the Company's Solicitor relative to the purchase of ground for approaches to some of the proposed and existing roads would be fairly carried out, and duly completed. Your Committee think that the application may be granted, provided the Solicitor can satisfy himself as to the rights of ownership, and they recommend—

That the application be granted, on condition that the applicant do satisfy the Solicitor of the Board as to the Company's ownership of all the land required for the formation of the proposed roads, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Arvon-road, N.," "Horsell-road, N.," "Rossall-road, N.," "Witherington-road, N.," and "Melgund-road, N.," be approved for the same.

The Board, on Friday last (No. 76), referred to your Committee the application of Mr. F. T. Pilkington, for approval by the Board of the height of Artizans' Dwellings to be erected in Broadley-street, St. Marylebone, as shown upon the amended Drawing accompanying the application. The Board on the 19th of February last declined to grant their consent to the erection of the buildings to a height of 60 feet 10 inches above the footpath, the road being only 40 feet wide. The applicant now proposes to keep down the parapet of the buildings to 49 feet 4 inches above the pavement level. Your Committee consider that it is a case in which the Board may use their discretionary powers, and they recommend—

That the application be granted.

Your Committee have had before them the application of Mr. P. W. Williamson, for the permission of the Board to retain, for a further period, the temporary wood and iron Church, erected in Bolingbroke-road, Hammersmith, referred by the Board on the 26th ultimo (No. 57). The District Surveyor reports that the works required to be done to ensure the stability of the building have been executed in a very satisfactory manner. The applicant was informed on the 6th ultimo that the Board would be prepared to return the deposit, in the event of his accepting the form of License approved by them. Your Committee recommend—

That the application be granted for a period of Two years, from the 16th instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have had under consideration the Letter from the Rev. S. A. Barnett, relative to the structural condition of Queen's-place, Whitechapel, and to the danger to the inhabitants in case of fire, referred by the Board on the 2nd instant (No. 49). The Court referred to is approached by a covered entrance 3 feet wide, and is entirely closed at the rear. The front houses are constructed of wood, and, as several families live in the Court, Mr. Barnett apprehends great loss of life in the event of a fire. The houses in the Court were condemned by the Medical Officer six years ago, but were not considered by the Local Government Board to be bad enough to justify the application of Torrens' Act. Mr. Barnett has been informed by the Local Government Board that the case appears to be within the purview of the Building Act, but your Committee concur with your Superintending Architect in the opinion that that an erroneous view. Your Committee recommend—

That the substance of the Superintending Architect's Report be communicated to Mr. Barnett in reply to his Letter.

Your Committee have had before them the Letters from Mr. H. Jarvis, District Surveyor, and Messrs. Oliver and Leeson, stating that a Disagreement having arisen

between them relative to the construction of staircases at Alleyn Boys' School, Dulwich, they, in accordance with the 30th Section of the Building Act, submitted the matter for the consideration of the Board, referred by the Board on the 2nd instant (No. 52). The point of difference is that the staircases of the building are being constructed of wood, and not of fireproof materials. Your Committee consider that the matter should be adjudicated upon by the Board, and they recommend—

That the Board do proceed to consider the subject of Disagreement at their Meeting on Friday, the 7th May next, at One o'clock p.m.

Your Committee have considered the application of Mr. W. Lea, for the consent of the Board to the erection of a one-storey addition to the "Victoria" Public-house in Choumert-road, Peckham, to the line shown on the Plan accompanying the application, referred by the Board on the 2nd instant (No. 54). The addition will project 6 feet 8 inches beyond the houses in Bellenden-road, and the adjoining Owner objects to the proposal. Your Committee deem the Plan unsatisfactory, and recommend—

That the application be not granted.

Your Committee have had before them the application of Mr. W. M. Nelson, on behalf of Mr. T. H. Maudslay, for the consent of the Board to the erection of a shed addition to premises on the East side of Knight's-hill, Lower Norwood, to the line shown upon the Plan accompanying the application, referred by the Board on the 2nd instant (No. 57). The shed is in course of erection in concrete, and will form an addition to existing sheds in connection with premises in the occupation of Mr. Maudslay. The shed is set back 10 feet 6 inches from the public way, and your Committee, seeing no objection to the Plan, recommend—

That the application be granted, upon condition that the erection of the shed therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. A. G. Lavender, on behalf of Mrs. H. Major, for the consent of the Board to the erection of four houses on the North side of Wildfell-road, and of a house, with a one-storey shop, at the corner of Wildfell-road and High-road, Lewisham, to the lines shown upon the Plan accompanying the application, referred by the Board on the 2nd instant (No. 60). It appears from the Plan submitted that a space would be left between the pathway in High-road, and the proposed new line, which would not be built upon. The Plan is in some respects imperfect; your Committee do not think that it should be approved in its present form, and they recommend—

That the application be not granted.

Your Committee have considered the application of Mr. A. O. Collard, on behalf of Mr. S. O. Jobbins, for the consent of the Board to the erection of one-storey shops in front of Nos. 143 to 155 (odd numbers only), High-road, Lee, formerly Nos. 2 to 8, Newton-villas, to the line shown upon the further amended Plan accompanying the application, referred by the Board on the 2nd instant (No. 61). It is proposed to erect one-storey shops in a line with the porticoes, which project 4 feet beyond the main wall of the houses, and to give up to the public way the ground between the pathway and the proposed additions. The Plumstead District Board consider the proposal objectionable, and your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Messrs. J. and J. Goodman, for the consent of the Board to the erection of one-storey shops adjoining Nelson-row, on the South side of High-street, Clapham, to the line shown upon the Plan accompanying the application, referred by the Board on the 2nd instant (No. 64). The Plan now submitted differs from that which the Board on the 9th October last, declined to approve, inasmuch as it is proposed to widen the pavement by reducing the projection an

average of about 1 foot 6 inches. Nelson-row remaining at its present width. The Wandsworth District Board offer no objection. Your Committee recommend—

That the application, be granted, upon condition that the erection of the shops, therein referred to, be commenced within Six months, and be completed within Eighteen months from the 16th April, 1886, and that, previously to the commencement of building operations, the ground coloured Blue on the amended Plan, separating the proposed shops from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Messrs. Brown, Son and Blomfield, on behalf of the Trustees of the Lewisham Congregational Church, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-room, in Station-road, Ladywell, Lewisham, referred by the Board on the 2nd instant (No. 71). It is intended to construct the building entirely with wooden framework, no iron or other materials being used, except the external iron roof and brickwork sleeper walls. Your Committee, considering the mode of building objectionable, recommend—

That the application be not granted.

Your Committee have considered the joint application of Mr. L. Mason and Mr. P. B. Cow, for the permission of the Board to retain, for a further period, the temporary Mission-hall erected in Eardley-road, Streatham, and for approval of the Plan for the construction of an addition to the said Mission-hall; and also requesting the return of the deposit of £50, referred by the Board on the 2nd instant (No. 72). The Mission-hall was first approved by the Board in October, 1881, for a period of two years, and a deposit of £50 was paid. Your Committee reported on the 19th ultimo, that the License for the building expired in November, 1883, and that no application had been made since that date for a renewal, and the Board resolved that, as the original depositor was dead, no further action should be taken in the matter. The present application is for a one-storey addition, to be used as a Vestry, which will measure 9 feet by 8 feet, and will be of similar construction to the main erection. The Rev. G. S. Streatfield is the present Owner, and your Committee recommend—

That the application be granted, for a period of Two years, from the 16th April, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building and the proposed addition; and that the applicants be informed, in reply to their Letter, that on their acceptance of the License the deposit-money will be returned to them, upon their satisfying the Solicitor of the Board that they are entitled to receive the same.

Your Committee have considered the Letter from Mr. J. G. Turner, Deputy District Surveyor, relative to the erection of buildings by Messrs. Jackson and Griffiths, on the North side of Holloway-road, Islington, in advance of the line sanctioned by the Board on the 17th April, 1885, referred by the Board on the 2nd instant (No. 79). The Board in April, 1885, approved of the erection of the buildings to a line set back so as to increase the width of Holloway-road, opposite the Southern corner of the buildings, to 62 feet 6 inches. Mr. Turner states that the width of the public way, at this point, is only 61 feet, and that Messrs. Jackson and Griffith have included 1 foot 6 inches more land than was intended. The Vestry of Islington have decided not to take any proceedings, and your Committee recommend—

That no action be taken in the matter, and that Mr. Turner be so informed.

Your Committee have also considered the Letter from Mr. A. Peebles, District Surveyor, relative to the position of houses in course of erection at the North-East corner of Eton-avenue, Belsize-park-gardens, Hampstead, referred by the Board on the 26th ultimo (No. 64). The house on the North side of Eton-avenue has a one-storey addition on the East side, which is brought out to the inside of the pathway in Belsize-park-gardens. The flank of the house on the South side of the

Avenue is set back 10 feet at the North-East angle, and 4 feet at the South-East angle, from the pathway in Primrose-hill-road. Having regard to a recent decision of the House of Lords, your Committee think it doubtful whether any proceedings could be successfully undertaken, and they recommend—

That no action be taken in the matter, and that Mr. Peebles be so informed.

Your Committee have considered the application of Mr. C. P. Deane, on behalf of Mr. J. T. Boss, for approval by the Board of a Plan for the formation and name of a road to lead out of Birdhurst-road, York-road, Wandsworth, referred by the Board on the 26th ultimo (No. 65). Your Superintending Architect having surveyed the locality, reports that an old road-way, about 20 feet in width exists, upon the site of the proposed extension of Podmore-road. The road is paral-^{lel} with the Railway for some distance, but does not appear to have been opened for public use. Your Committee recommend—

That the application be not granted.

Your Committee have had under consideration the Letter from Mr. F. Wallen, District Surveyor, relative to the erection of a factory on the North side of Miller-street, Arlington-road, Camden-town, in alleged advance of the general line of buildings, without the consent of the Board, referred by the Board on Friday last (No. 59). Two applications for approval of a building upon the site were recently refused by the Board. The Plan submitted shows that the front of the building, next Miller-street, is set back 10 feet 6 inches from the inside edge of the pavement. Your Committee recommend—

That the attention of the Vestry of St. Pancras be called to the subject, in order that they may take such steps in the matter as they may deem advisable.

The Board, on Friday last (No. 61), referred to your Committee the application of Mr. J. Taylor, on behalf of the East and West India Dock Company, for the consent of the Board to the construction of an iron Bridge across Lambeth-street, White-chapel, as shown upon the Plan accompanying the application; the proposed Bridge will have a span of 23 feet, and will be constructed of iron, except the floor which is to be of wood. It will be erected at a level of about 35 feet above the street, and the sides are to be enclosed with corrugated iron to a height of 5 feet. Your Committee consider the Plan to be satisfactory, and they recommend—

That the construction be approved, upon condition that the work be done to the satisfaction of the District Surveyor, and that the applicant be informed that the consent of the Whitechapel District Board to the erection of the Bridge must also be obtained.

Your Committee have considered the application of Mr. J. Breeze, on behalf of the Manufacturers and Mill-owner's Mutual Aid Association, for the permission of the Board to retain, for a further period, the temporary wood and iron building erected in Palmer-street, Westminster, referred by the Board on Friday last (No. 65.) The Board, in April, 1885, granted their approval of the erection of the building, for a period of one year, which the applicant wishes to be extended for another twelve months. The District Surveyor states that the building is in good condition, and that its stability is satisfactory. Your Committee recommend—

That the application be granted, for a period of One year, from the 16th April, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

All which your Committee beg to submit.

(Signed)

A. EWIN,
W^M. SHEPHERD,
FRANCIS H. FOWLER,
DONALD MUNRO,
JOHN RUNTZ,
W. R. SELWAY.

The Reports by the Superintending Architect and the Solicitor, submitted by the Committee, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Crickmay and Son, on behalf of Messrs. J. and W. Nicholson and Co., for the consent of the Board to the re-erection of the “Horns” Tavern and Assembly-rooms, Kennington-road, at the corner of Kennington-park-road, to the line shown upon the amended Plan, signed by the Chairman of the Building Act Committee, be granted, upon condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that, previously to the commencement of building operations, the ground separating the proposed buildings from the public way, and coloured Blue upon the amended Plan, be given up and added to such public way, and that, in other respects, the erections be made in entire conformity with the letter of application, and as shown on such Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Crickmay and Son, on behalf of Messrs. J. and W. Nicholson and Co., for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act 1878, with respect to the proposed re-building of the “Horns” Tavern and Assembly-rooms, Kennington-road, at the corner of Kennington-park-road, be granted; that the Drawings submitted by Messrs. Crickmay and Son, on the 6th March, 1886, be approved; and that the Certificate be issued upon the completion of the building, in accordance with such Drawings, to the satisfaction of the Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the “Griffin” Music-hall, [No. 99, Shoreditch High-street, be approved, and that, with a view to remedying the structural defects of the building, a revised Notice, containing the following Requisitions, be served upon the Owners thereof—

1.—That an entrance passage, not less than 3 feet 6 inches wide, be formed to the Hall through the bar of the “Griffin” Public-house; that such passage be separated from the Public-house by a brick wall $4\frac{1}{2}$ inches thick, with piers 9 inches thick in cement, and that such wall be carried down to the level of the footings of the basement storey of the Public-house; that not more than one opening, not exceeding 3 feet 6 inches wide, be formed in such wall, and be closed by a wrought-iron door, one-fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself without a spring; that the floor of such passage be formed of brick arches 9 inches thick, or of concrete 6 inches thick on rolled iron joists; and that such passage do have a ceiling of concrete 6 inches thick on rolled iron joists.

2.—That a brick wall, 9 inches thick, be built at the Western end of the Hall, to separate the Hall from the Public-house adjoining; that such wall be carried down to the level of the footings of the basement storey of the Public-house, and be carried up to a height of 3 feet above the flat roof of the Music-hall; and that not more than one opening, not exceeding 3 feet 6 inches wide, be formed in such wall, on the ground floor level, for access to the Music-hall.

3.—That the staircase leading from the Hall to the rooms on the first floor of the Public-house be removed, and the flooring of the Hall made good.

4.—That the door-way in the North wall of the Music-hall leading into Jane Shore-court, be increased in width to 4 feet 6 inches, and that an additional step be formed to such door-way as enlarged.

5.—That the doors to the Hall be hung in two folds, and be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owners of the Hall.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the set of amended Drawings, marked CA 1, CA 2, CA 3, CA 4 and CA 5, submitted by Mr. W. Emden, for the construction of a proposed new Theatre on the site of the "Occidental" Tavern, in Savoy-buildings (formerly Fountain-court), Strand, with an entrance on the site of No. 106, Strand, be approved, and that the Certificate of the Board, under the Act of 1878, be issued upon the completion of the building in accordance with such approved Drawings to the satisfaction of the Board; and that Messrs. Dubois, Reid and Williams be informed, in reply to their Letter of the 18th March, 1886, of the decision of the Board in the matter.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Kensington Hall, in Kensington-park-road, Notting-hill, be approved, and that with a view to remedying the structural defects of the building, a revised Notice, containing the following Requisitions, should be served upon the Owner thereof.

1.—That brick wall, 9 inches thick, be built under the wall on the West side of the passage-entrance leading to the Hall, and be carried down to the level of the footings of the basement storey of the house, No. 188, Kensington-park-road.

2.—That the door-way leading into the shop on the ground floor of No. 188, Kensington-park-road, be stopped up with brickwork 9 inches thick.

3.—That the counter ceiling to the entrance passage to the Hall out of Kensington-park-road be removed; that a new ceiling be formed in lieu thereof, extending from the street to the entrance door-way to the Hall; and that such new ceiling be constructed of concrete, not less than 6 inches thick, on rolled iron joists, to the satisfaction of the Board.

4.—That the dressing-rooms under the stage be removed, or be properly lighted and ventilated, to the satisfaction of the Board.

5.—That the skylights in the roof be protected by galvanized iron wire-guards, fixed upon the outside of such skylights.

6.—That handrails be fixed on both sides of the staircase to the gallery.

7.—That all doors used by the public be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the works executed by the Owners of the Lecture-hall, at Royal-hill, Greenwich, be accepted as a compliance with the Board's sealed Notice, with respect to the structural defects of the building; that the Justices of Kent (Blackheath Division) be informed of the completion of the works; and that Messrs. H. Gover and Son be informed that it is unnecessary to proceed with the appeal of which they have given notice.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. R. Johnston, on behalf of Mr. W. Newholm, for approval by the Board of a proposed

variation from the Drawing approved by the Board for a proposed new Music-hall at the rear of the "Old Pied Bull" Public-house, No. 188, Holloway-road, be granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Rosemary Branch Music-hall, in Shepperton-road, Islington, be approved, and that, with a view to remedying the structural defects of the building, a sealed Notice, containing the following Requisitions, being the same as those contained in the draft Notice, be served upon the Owner thereof—

1. That a new entrance-passage be formed to the Hall; that such new entrance-passage be not less than 4 feet 6 inches wide, and be enclosed on all sides with brickwork or other fire-resisting materials to be approved by the District Surveyor, and that no openings of any kind be formed in the side walls of such entrance-passage.

2.—That the present staircase to the Hall be removed, and a new staircase constructed in its place; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls, not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls, not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the District Surveyor.

3.—That the floor of the staircase-hall be constructed of fire-resisting materials to be approved by the District Surveyor.

4.—That the openings between the staircase-hall and the bar, and also between the bar-parlour and the store-room at the rear, be stopped up with brick-work 9 inches thick.

5.—That the whole of the floor of the Hall, and the floors of the two dressing-rooms, be constructed of fire-resisting materials to be approved by the District Surveyor.

6.—That the partitions enclosing the dressing-rooms be formed of fire-resisting materials to be approved by the Board.

7.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the ground.

8.—That a gangway 3 feet wide be formed around every side of the Pit, and that the seats at the sides of the Pit be removed.

9.—That the passage-way leading to the Pit be increased in width to 4 feet 6 inches.

10.—That the floors of the rooms on the second floor of the Public-house be constructed of fire-resisting materials to be approved by the District Surveyor.

11.—That stout handrails be fixed upon both sides of the staircase.

12.—That all door-ways used by the public be made not less than 4 feet 6 inches wide (where now of less width), and that all doors be hung in two folds, and be made to open outwards towards the street.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be com-

pleted, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed and be served by the Solicitor upon the Owner of the Hall.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure, No. 2, Middle-row, Kensal-road, Chelsea, had failed to comply with the Order made by Henry Curtis Bennett, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Hammersmith Police-court, on the 8th day of March last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the front and return walls of the Structure, No. 2, Middle-row, Kensal-road, Chelsea, to the ground level.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the course taken by the Superintending Architect with reference to the Dangerous Structure, No. 44, Great College-street, St. Pancras, be approved.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from Mrs. K. J. Dance, claiming damages in consequence of proceedings taken under the Dangerous Structures Act, relative to Nos. 23 and 24, Charing-cross, be approved; and that Mrs. Dance be informed that the Board are unable to admit any liability in the matter.

Batley, being his charges for evidence given at the hearing of the Summons.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from Mr. C. W. Lemon, asking whether the Board would be satisfied with the signature of the Lessee to the document accepting the condition annexed to the consent of the Board, relative to the surrender to the public of the surplus ground in front of nine proposed shops in Greyhound-lane, Streatham, be approved, and that the signature be accepted.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no action be taken with reference to the Letter from Mr. T. H. Green, as to the erection of shops on the West side of Church-place Hampstead, alleged to be in advance of the general line of buildings, and that Mr. Green be informed accordingly.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Home Office, transmitting a Letter from Viscount Wolmer, M.P., and its enclosure, enquiring whether the re-erection of a dissecting-room on the Burial-ground of St. George-the-Martyr, Bloomsbury, could be prevented, be approved, and that a Letter be sent to the Home Office in reply, stating that the Board having fully considered the subject, deem it unnecessary to take any action in the matter.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the reference to the Committee, relative to the extension of Palmerston-road, Plumstead, be discharged.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no action be taken by the Board with reference to the application of Major-General A. S. Moberley, for approval by the Board of an amended Plan showing the construction of an external staircase recently erected at the workshops for the Blind of Kent, at the rear of No. 1, Thornton-row, South-street, Greenwich, and that Major-General Moberley, and the District Surveyor be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. G. Pooley, on behalf of the National Liberal Land Company, Limited, for approval by the Board of a further amended Plan for the formation and names of roads, and the widening of existing roads, on the Highbury Estate, Highbury-crescent, be granted, on condition that the applicant do satisfy the Solicitor as to the Company's ownership of all the land required for the formation of the proposed roads, and also on condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the said roads, and that the names "Arvon-road, N.," "Horsell-road, N.," "Rossall-road, N.," "Witherington-road, N.," and "Melgund-road, N.," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. F. T. Pilkington, for approval by the Board of the height of Artizans' Dwellings to be erected in Broadley-street, St. Marylebone, as shown upon the amended Drawing accompanying the application, be granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. P. W. Williamson, for the permission of the Board to retain, for a further period, the temporary wood and iron Church, erected in Bolingbroke-road, Hammersmith, be granted, for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Rev. S. A. Barnett, as to the structural condition of Queen's-place, Whitechapel, and the danger to the inhabitants in case of fire, be approved, and that the substance of the Superintending Architect's Report be communicated to Mr. Barnett.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Board do at their meeting on the 7th May next, at One o'clock p.m., consider the subject of Disagreement between Mr. H. Jarvis, District Surveyor, and Messrs. Oliver and Leeson, relative to the construction of staircases at Alleyn Boys' School, Dulwich, and that the parties concerned be requested to attend.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. Lea, for the consent of the Board to the erection of a one-storey addition to the "Victoria" Public-house, in Choumert-road, Peckham, to the line shown on the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. M. Nelson, on behalf of Mr. T. H. Maudslay, for the consent of the Board to the erection of a shed addition to premises on the East side of Knight's-hill, Lower Norwood, to the line shown upon the Plan accompanying the application, be granted, upon condition that the erection of the shed therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. G. Lavender, on behalf of Mrs. H. Major, for the consent of the Board to the erection of four houses on the North side of Wildfell-road, and of a house, with a one-storey shop, at the corner of Wildfell-road and High-road, Lewisham, to the lines shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. O. Collard, on behalf of Mr. S. O. Jobbins, for the consent of the Board to the erection of one-storey shops in front of Nos. 143 to 155 (odd numbers only), High-road, Lee, formerly Nos. 2 to 8, Newton-villas, to the line shown upon the further amended Plan accompanying the application, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Messrs. J. and J. Goodman, for the consent of the Board to the erection of one-storey shops adjoining Nelson-row, on the South side of High-street, Clapham, to the line shown upon the amended Plan accompanying the application, be granted, upon condition that the erection of the shops, therein referred to, be commenced within Six months, and be completed within Eighteen months from this date; and that, previously to the commencement of building operations, the ground coloured Blue on the amended Plan, separating the proposed shops from the public way, be given up and added to such public way; and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Messrs. Brown, Son and Blomfield, on behalf of the Trustees of the Lewisham Congregational Church, for approval by the Board of a Plan for the construction of a temporary wood and iron Mission-room, in Station-road, Ladywell, Lewisham, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That the joint application of Mr. L. Mason and Mr. P. B. Cow, for the permission of the Board to retain, for a further period, the temporary Mission-hall erected in Eardley-road, Streatham, and for approval of the Plan for the construction of an addition to the said Hall be granted, for a period of Two years, from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building and the proposed addition; and that the applicants be informed, in reply to that part of their application which relates to the return of the deposit-money, that, on their acceptance of the License, the money will be returned to them upon their satisfying the Solicitor that they are entitled to receive the same.

It was moved by Mr. Ewin, seconded, and resolved—That no action be taken with reference to the Letter from Mr. J. G. Turner, Deputy District Surveyor, relative to the erection of buildings by Messrs. Jackson and Griffiths, on the North side of Holloway-road, Islington, in advance of the line sanctioned by the Board on the 17th April, 1885, and that Mr. Turner be so informed.

It was moved by Mr. Ewin, seconded, and resolved—That no action be taken with reference to the Letter from Mr. A. Peebles, District Surveyor, as to the position of houses in course of erection at the North-East corner of Eton-avenue, Belsize-park-gardens, Hampstead, and that Mr. Peebles be so informed.

It was moved by Mr. Ewin, seconded, and resolved—That the application of Mr. C. P. Deane, on behalf of Mr. J. T. Boss, for approval by the Board of a Plan for the formation and name of a road to lead out of Birdhurst-road, York-road, Wandsworth, be not granted.

It was moved by Mr. Ewin, seconded, and resolved—That so much of the Report as relates to the Letter from Mr. F. Wallen, District Surveyor, as to the erection of a factory on the North side of Miller-street, Arlington-road, Camden-town, in alleged advance of the general line of buildings, without the consent of the Board, be approved, and that the attention of the Vestry of St. Pancras be called to the subject, in order that they may take such steps in the matter as they may deem advisable.

It was moved by Mr. Ewin, seconded, and resolved—That so much of the Report as relates to the application of Mr. J. Taylor, on behalf of the East and West India Dock Company, for the consent of the Board to the construction of an iron Bridge across Lambeth-street, Whitechapel, as shown upon the Plan accompanying the application, be approved; and that the construction be sanctioned, upon condition that the work be done to the satisfaction of the District Surveyor, and that the applicant be informed that the consent of the Whitechapel District Board to the erection of the Bridge must also be obtained.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. Breeze, on behalf of the Manufacturers and Mill-owners' Mutual Aid Association, for the permission of the Board to retain, for a further period, the temporary wood and iron building erected in Palmer-street, Westminster, be granted, for a period of One year from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

7. Read a Report, as*follows—

16th April, 1886.

I have to report with reference to the Resolution of the Board of the 5th ultimo (No. 15), which further adjourned the consideration of the Report of the Special Purposes and Sanitary Committee for six weeks, and which directed that Vestries and District Boards should be asked to express their opinions upon the suggestions made in the Report, that up to the present time communications expressing views have been received from the following 19 Vestries and District Boards—

St. James', Westminster,	Kensington,
St. Saviour's,	Lambeth,
Limehouse	Plumstead,
Chelsea,	Poplar,
St George, Hanover-square,	Paddington,
Greenwich,	St. Pancras,
Fulham,	Lewisham,
Holborn,	Westminster,
Marylebone,	Newington,
	St. Giles.

The views of 19 out of 38 Vestries and District Boards on the subject are now in the possession of the Board, and these stand referred for report to the Special Purposes and Sanitary Committee, by the Resolution of the Board already referred to. As many of the Letters have only been received within the past few days, the Committee have had no opportunity of considering them, and as the Board will probably desire that the Committee's Report should deal with all the replies that may be received, perhaps the Board will adjourn the consideration of the subject until the Committee are in a position to submit their Report.

(Signed) J. E. WAKEFIELD,

Clerk of the Board.

It was *moved* by Mr. Fowler, seconded by Mr. Wetenhall, and *resolved*—That the Report be approved, and that the consideration of the subject be adjourned accordingly

8. Read a Report by the Engineer, dated 16th April, 1886, on the undermentioned Sewerage works proposed to be executed by the following Vestries—

LOCALITY OF WORK.	WORK APPLIED FOR.			REMARKS.

...				

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the said Vestries be permitted to construct and execute the several works in the manner therein recommended.

9. Read a Report by the Engineer, dated 16th April, 1886, on applications from the following Vestries, for permission to stop up certain thoroughfares for the periods and purposes therein mentioned, viz.—

Dates of Applications	Names of Streets to be stopped up.	Object.	Time applied for.	Time recommended.	Streets through which traffic will be diverted.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestries, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

10. Read a Report by the Engineer, dated 13th April, 1886, on a Letter from the Vestry of St. George-in-the-East, applying for permission to break up the brick Sewer in Charles-street, Old Gravel-lane, and to substitute a 9-inch pipe for the same as shown upon the Plan accompanying the application; stating that the work was requisite for the purpose of forming a Subway from the Workhouse building, on the North side, to the building on the South side of the street, as shown on the Plan, and recommending that the Board's sanction should be given to the application, upon condition that the pipe be 12 inches (instead of 9 inches) in diameter, and that the Sewer in Old Gravel-lane, by Charles-street, be connected with the Low Level Sewer, and all existing drains properly connected, to the satisfaction of the proper Officers of the Board, and as they might require.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the application be granted, on the conditions recommended.

11. Read a Report by the Engineer, dated 15th April, 1886, on Letters from the Directors of the Alexandra Hotel Company, applying for permission to connect a well upon their premises at Hyde-park-corner, with the new Ranelagh and King's Scholars' Pond Sewers Storm Relief Line; stating that the Directors alleged that the well collected a land spring which ran under the Hotel, and that it was in no way connected with the drainage of that building, and they therefore asked permission to connect the well (by means of a pipe) with the Relief line, instead of as at present, pumping its contents almost daily into the house drains connected with the common Sewer, further stating that he (the Engineer) was not prepared to recommend the Board to grant the application, as the pipe drain might ultimately be used for discharging the house drainage into the Relief line (which was only designed for taking storm waters), and thus directly into the River at the outlet West of Chelsea Bridge.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the application be not granted.

12. Read a Report by the Engineer, dated 16th April, 1886, on a Letter from Mr. W. Jacomb, Engineer to the London and South-Western Railway Company, submitting for approval an amended design for the elevation of the Bridge to carry the proposed widened line over Lambeth-road; stating that the design did not appear to him (the Engineer) to be satisfactory, and that he had prepared a modification of it marked "B," which he submitted, and recommending that the Company should be required to execute the work in accordance therewith, and to his satisfaction.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Report be approved and acted upon.

13. Read a Report by the Engineer, dated 16th April, 1886, stating that 500 gallons of Olive oil were required for use at the Crossness Pumping Station at a cost of £75.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Report be approved, and that the Oil be obtained accordingly, the cost thereof being charged to the General Working Account of the Board.

14. Read a Report by the Engineer, dated 16th April, 1886, recommending the execution of the following works under the General Contract—

				ESTIMATE.		
<i>Crossness Pumping Station.</i>				£	s.	d.
Repairs to the 4-inch gas main	...	...	...	50	0	0
<i>Falcon Pumping Station, Battersea.</i>						
Repairs to the Engine-house and the four dwelling-houses ad- joining it	...	...	...	30	0	0
<i>Mill-lane, Deptford.</i>						
Re-constructing side-entrance to the main Sewer to suit the widening of the road-way	...	...	...	30	0	0
Total	...	...	...	£110	0	0

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Report be approved, and that the works be executed accordingly, the cost thereof being charged to the General Working Account of the Board.

15. Read a Report by the Engineer, dated 16th April, 1886, stating that, on the 12th instant, a man, whilst leaning against the Eastern parapet of the temporary Bridge at Hammersmith, watching the works of the adjacent permanent structure, had been crushed by a passing van, and that he had been taken to a Hospital, and had since died.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Report be referred to the Works and General Purposes Committee for consideration.

16. Read a Report by the Engineer, dated 15th April, 1886, on a Letter from Messrs. White, Berry and Taylor, on behalf of His Grace the Duke of Westminster, applying for permission to temporarily close Providence-court, leading from North Audley-street to George-street, Grosvenor-square, to facilitate the removal of old buildings; stating that the applicants alleged that it would be dangerous to keep the Court open during the removal of the buildings, and that the Surveyor to the Vestry of St. George, Hanover-square, had recommended the closing of it; referring to the Section of the Act under which the Board granted permission to close streets; and stating that he (the Engineer) was not aware that the Board had power to sanction the closing of streets, by any other persons or public bodies than those referred to in the Section; and recommending that the application should be referred to the Works and General Purposes Committee, for consideration, with authority to deal with it, and that the Solicitor should report to the Committee, at their next meeting, as to the Board's powers in the matter.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Report be approved; that it be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto; and that the Solicitor do report to the Committee on the question at their next meeting.

17. Read a Report by the Engineer, dated 16th April, 1886, on a Letter from Mr. T. Blaikie, United Telephone Company, applying for permission to run a wire in a covered tube, or otherwise, along the temporary Bridge at Hammersmith, for the convenience of

the Company's subscribers; stating that, on the 24th ultimo (No. 4), the Bridges Committee had under consideration an application from the Company for permission to erect two wooden poles on the West side of the temporary Bridge, and to run their wire across the Bridge, when, having regard to the circumstance that the existing structure was only a temporary one, which would shortly have to be removed, it was decided not to accede to the Company's request; further stating that the same objection applied in the present case, that the permanent Bridge was being re-built upon the suspension principle, and would consequently be subjected to considerable vibration, and that as it was competent for the Company to lay their wire under the bed of the River in an iron tube, recommending that the application should not be granted.

It was *moved* by Mr. Fowler, and seconded—That the Report be approved, and that the application be not granted.

An amendment thereon was *moved* by Mr. Urquhart, and seconded by Mr. Richardson—That the application be referred to the Bridges Committee, for consideration and report.

The amendment having been put to the vote, it was declared by the Chairman to be carried, and having been put as an original motion, it was also carried; and it was *resolved* accordingly.

18. The Solicitor reported that the Board's (Various Powers) Bill was still awaiting appointment to a Select Committee of the House of Commons, and that it would probably be appointed soon after the Easter recess.
19. The Solicitor reported that the second reading of the Board's (Fire Brigade Expenses) Bill had been further adjourned until the 14th May; and that the adjourned debate on the second reading of the Board's (Theatres, &c.) Bill had been deferred until the 21st May.
20. The Solicitor reported that the second reading of the Theatres, &c. (Metropolis) Bill, introduced by Mr. Dixon-Hartland, had been further adjourned until the 19th May.
21. The Solicitor reported that the Select Committee of the House of Commons appointed to consider the Employers' Liability Act (1880) Amendment Bill (Mr. Arthur O'Connor), and the Employers' Liability Act (1880) Amendment Bill (No. 2) (Mr. Burt), had met on Friday and Tuesday last, and would meet again this day.
22. The Solicitor reported that the second reading of the Metropolitan Fire Brigade Expenses Bill (introduced by Mr. Kimber and Mr. Vanderbyl) has been appointed for the 4th May next.
23. Read a Report, as follows—

April 16th, 1886.

HYDE-PARK-CORNER (NEW STREETS) BILL.

I have to report to the Board that the Select Committee of the House of Commons, consisting of Members appointed by the House and by the Committee of Selection, had this Bill under consideration on Tuesday and Wednesday, the 13th and 14th instant. The Bill proposed to leave it to the Board to determine as Arbitrators whether the new streets formed out of the Green-park at Hyde-park-corner should be wholly or partially under the management of the Board, the Vestry of St. Martin-in-the-Fields, the Vestry of St. George, Hanover-square, or some or one of them, and as to the mode in which the cost of maintenance of the streets should be defrayed.

Petitions in opposition were presented by the Vestry of St. Martin-in-the-Fields, and the Vestry of St. George, Hanover-square, and the Board presented a Petition against alteration.

The Vestries appeared by Counsel, and the Committee at the opening of the proceedings announced that it would be not be satisfactory for them to proceed unless the Board was represented, and accordingly I instructed Counsel to appear on behalf of the Board. The practical question discussed before the Committee was whether the roads should be maintained at the expense of the Crown, the Board, or of the two Vestries, and in what proportions. The Chairman of the Parliamentary Committee gave evidence on behalf of the Board,

and urged that the Board having contributed £20,000 towards the improvement ought not to be asked to pay anything for the maintenance of the roads. He pointed out that in all cases where the Board opened new Metropolitan thoroughfares the maintenance, paving and lighting of the new thoroughfare was invariably imposed by the Act of Parliament upon the Vestries and District Boards, and it was not suggested by any of the opponents to the Bill that any exception could be pointed out to this rule except in the case of the Bridges where, the Board being owners of the structure, it was obviously desirable that they should repair the roads; and the case of the Victoria Embankment which, although originally vested in some 4 or 5 local bodies, was by Act of Parliament devested from such bodies and vested in the Board. It was pointed out by one of the members of the Committee that there was similarity between these new streets and the Victoria Embankment, inasmuch as in neither case could any ratable value be obtained as no buildings could be erected. It was also pointed out that the roads in question were remote from the parts of St. Martin's Parish which contributed to the rates.

I may mention that the Surveyor to St. George, Hanover-square, estimated the cost of maintenance of the roads at about £1,200 per annum.

In conclusion, I may state that after clearing the room for some time, the Committee announced in effect that the roads should be maintained by the Vestry of St. George, Hanover-square, and that they should become by virtue of the Act a portion of the Parish of St. George, Hanover-square, and that the Metropolitan Board should from time to time contribute to the Vestry a sum equal to one moiety of the cost of maintenance. In the result therefore, the whole cost will be divided equally between St. George, Hanover-square and the Board and the Vestry of St. Martin's will contribute nothing. The Board may perhaps wish to refer this Report to the Parliamentary Committee for information.

(Signed) R. WARD,
Solicitor.

It was moved by Mr. Selway, and seconded by Mr. Phillips—That the Report be referred to the Parliamentary Committee, for consideration.

After discussion the motion was put to the vote, when there were for it 33, against it 2, and it was declared by the Chairman to be carried; and it was resolved accordingly.

24. The Solicitor reported with respect to the Electric Lighting Act (1882) Amendment (No. 1) Bill (Lord Rayleigh), the Electric Lighting Act (1882) (No. 2) Bill (Lord Ashford), and the Electric Lighting Act (1882) Amendment (No. 3) Bill (Lord Houghton), that the undermentioned Peers had been appointed on the Select Committee—

Earl Cowper,
Earl Camperdown,
Lord Ashford,
Lord Balfour of Burley,
Lord Rayleigh,

Lord Wigan,
Lord Methuen,
Lord Houghton,
Lord Lingen,
Lord Bramwell.
Lord Wolverton,

and that the Committee had met yesterday, and appointed Earl Camperdown their Chairman.

25. The Solicitor reported that the Smoke Nuisance Abatement (Metropolis) Bill was still awaiting second reading in the House of Lords.
26. The Solicitor reported that the second reading in the House of Commons of the Compulsory Purchase of Land Compensation Bill, had been adjourned until the 12th May next.
27. The Solicitor reported that the Select Committee on the River Lee had resumed their sittings on Friday and Tuesday last, and that the following further witnesses had been examined—

Dr. Henry John Buck, Medical Practitioner, Hackney;
Dr. Frederick William East, Medical Practitioner, Clapton;
Mr. Thomas Vere Nicoll, Surgeon, North Hackney;
Sir J. W. Bazalgette, C.B.; and
Lieut.-Col. A. S. Jones, C.E., Consulting Engineer for Sewage disposal to the Borough of Wrexham;

and he presented a printed copy of the evidence taken on the two days, and reported that the Committee would meet again this day.

28. The Solicitor reported that it might become necessary, before the next meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

29. The Solicitor reported that Mr. Ritchie, M.P., had asked a question in the House of Commons as to the construction, by the Board, of a Thames Subway at Shadwell, to which the Chairman had replied and explained the steps which the Board were taking.

30. The Solicitor reported that notice had been given in the House of Commons of the following question by Sir Guyer Hunter—

Sir Guyer Hunter—To ask the Chairman of the Metropolitan Board of whether his attention has been called to the serious accidents which are frequently occurring through the defective and dangerous condition of the Tramway metals in the London streets.

And, whether the time has not arrived when some responsible officer should be charged with the duty of frequently inspecting the numerous Tramway routes in the Metropolis.

31. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £100,000 to the School Board for London, and he suggested that this Board should draw a Cheque for the amount, and also a Cheque for £125 for Stamp-duty, in order to enable him to complete the matter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £100,000 be now drawn in favour of the School Board for London, and also a Cheque for £125 for Stamp-duty on the Mortgage Deed; and Cheques were drawn on the Consolidated Loans Fund and the General Working Account accordingly.

32. The Solicitor reported that the Treasury had approved of the period proposed for the re-payment of the Loan of £10,000 to the Vestry of St. George, Hanover-square, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and a Cheque for £12 10s. for Stamp-duty, to enable him to complete the matter.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of Saint George, Hanover-square, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry on the security of all the moneys or rates authorised to be raised by the said Vestry under the first mentioned Act within the said Parish of a sum of Ten thousand pounds for the purpose of defraying the expense incurred or to be incurred by the said Vestry in executing certain wood paving works in Buckingham-palace-road (from Grosvenor Hotel to Ebury Bridge), Pimlico-road, Wilton-road, Conduit-street, Half-moon-street, Queen-street, (May-fair) and in part of Curzon-street (from Half-moon-street to Queen-street) all within the said Parish. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application and it is made to appear to them fit and proper that the said sum of Ten thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry under the Metropolis Management Act, 1855, of a sum of Ten thousand pounds for the purpose aforesaid, such Loan to bear interest

at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as *may* be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £10,000 be now drawn in favour of the Vestry of St. George, Hanover-square, and also a Cheque for £12 10s. for Stamp-duty; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

33. The Solicitor presented the following documents for sealing—

Contract with Mr. W. Stubbs, for the formation of carriage and footways, alterations of roads, and other works in connection therewith (South Lambeth Improvement).

Memorial for the registration of the Conveyance by the Board to the East-end Dwellings Company of a site for Artizans' Dwellings, situated in George-street and Thrawle-street, Spitalfields (Flower and Dean-street scheme).

License, in duplicate, to Mr. J. T. Leader, to build over a portion of the Putney to Clapham Relief Sewer in St. John's-road, Putney, prepared pursuant to the Resolution of the Works and General Purposes Committee of the 29th March last (No. 27).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

34. Read a Report, as follows—

16th April, 1886.

EAST LONDON WATER BILL.

This Bill has passed the Select Committee presided over by Lord Claud Hamilton, and the powers sought by the Company have been granted subject however to the important condition that a proviso should be added to the effect that although the Debenture Stock is to be issued at $4\frac{1}{2}$ per cent. yet it shall be assumed to carry interest equal to the average percentage of dividend and interest on the whole capital of the Company, and that the difference between the $4\frac{1}{2}$ per cent. and such average rate of interest shall form a sinking fund to be applied at a future time to the purchase of the undertaking or to extinguishing the share capital of the Company.

(Signed) R. WARD,
Solicitor.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received.

35. Read a Report, as follows—

16th April, 1886.

LONDON, CHATHAM AND DOVER RAILWAY.

This is a Bill for extending for two years the period for the Company to execute their Railway, for which a good deal of property has been acquired by the Company, and is as I understand in an unsatisfactory condition. Mr. Bristow, the Vestry Clerk of Greenwich, suggests that the Board should petition the Lords, and the last day for that purpose is next Monday. I believe the Vestry of Greenwich will not petition, and I see no ground upon which the Board could successfully resist the application of the Company for further time, and I may add that as to the condition of the buildings belonging to the Company, the Company is not in my opinion exempt from the general law. I do not, therefore, advise the Board to petition, and I will ask the Board to approve this course.

(Signed) R. WARD,
Solicitor.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved and acted upon.

36. The Solicitor reported that the Fire Prevention (Metropolis) Bill, which had been introduced by Mr. Howard Spensley, Colonel Duncan, Mr. Spicer, and Mr. Isaacs, and read a first time in the House of Commons on Wednesday last, was appointed for second reading on the 6th May next, and that he had not yet received a copy of the Bill.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a copy of the Bill be sent to each Member of the Board.

37. The Clerk laid before the Board copies of the Orders of the Board of the 9th instant (No. 4), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Cornbury-street, St. Paul, Deptford	...	...	...	Greenwich.
St. Mark's-road, &c.	...	...	...	Kensington.
Orbel-street, &c., Battersea	...	...	...	} Wandsworth.
Culvert-road, &c., Do.	...	...	...	
Edna-street, &c., Do.	...	...	...	
Henning-street, Do.	...	...	...	
Edward-street	...	...	...	Camberwell.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

38. The Clerk presented a Report, dated 16th April, 1886, stating that Mr. H. F. Moore, one of the Assistants in his Department, was still absent in consequence of illness; submitting a Medical Certificate as to his present condition of health, and stating that Mr. Moore was now on a fair way to recovery, and that he hoped that soon after Easter he would be able to resume his duties.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Report be received.

39. The Clerk presented a Letter from Mr. H. McLachlan, District Surveyor for the Western Division of the City of London, dated 10th April, 1886, calling attention to the erection of warehouses at Nos. 51 and 52, Aldersgate-street, and the adjoining site, with excess of cubical contents, and without party-wall divisions, and in other respects contrary to the Building Act, 1855, and asking, in the event of the Board wishing him to take proceedings, that they would grant him legal assistance in doing so.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto, and that the Superintending Architect and the Solicitor do report to the Committee thereon.

40. The Clerk presented a Letter from Mr. H. Thompson, C.E., dated 12th April, 1886, again asking for compensation in respect of Plans which he submitted to the Commissioners of Sewers in the year 1849, and which he alleged had been utilised by the Board in carrying out the Main Drainage and Embankment Schemes.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. Thompson be informed that the Board adhere to the terms of the communication already made to him on the subject.

41. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 12th April, 1886, transmitting a Letter from the Metropolitan Public Gardens Association, calling attention to an alleged breach of the Disused Burial-grounds Act, 1884, by the erection of an Infant School on a portion of the disused Burial-ground of Christ-church, in Blackfriars-road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect and the Solicitor do report to the Committee thereon.

42. The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 12th April, 1886, referring to previous correspondence on the subject of the widening of

Gray's-inn-road ; calling attention to the congestion of traffic in the narrow portion of the thoroughfare, between the Town-hall and Elm-street, the widening of which should be postponed, as little as possible ; and expressing the opinion of the Home Secretary that, as the work could not be executed until Artizans' Dwellings had been erected on the sites marked Green on the Plan accompanying the Letter, it would be desirable to dispose of the property in question at as early a date as possible, with a view to the erection of Artizans' Dwellings thereon, and the consequent possibility of the widening of Gray's-inn-road being completed before the power of the Board to execute the work expired in August, 1887.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee.

43. The Clerk presented a Letter from Mr. H. H. Church, dated 13th April, 1886, stating that he had received instructions from the authorities of Queen's College, Oxford, to take steps for letting on building lease, or otherwise, to dispose of a piece of ground skirting Bostall-heath, on the North side, and asking whether the Board would be disposed to negotiate for the purchase of the ground, for the purpose of adding it to the Heath.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

44. The Clerk presented a Notice from the New River Company, dated 13th April, 1886, that they would, on and after the 14th day of August and 14th day of December next, give a constant supply of Water in certain districts or areas in the Parish of St. Pancras, described in such Notice.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Notice be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

45. The Clerk presented a Letter from Mr. S. C. Legg, Hon. Secretary of the Association of Public Sanitary Inspectors, dated 12th April, 1886, asking the Board to grant the Association permission to view the Sewage works at Crossness on some Saturday in June or July next.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

46. The Clerk presented a Letter from Mr. H. Wollheim, dated 12th April, 1886, asking whether the Board had received from the Government Laboratory, Somerset House, the Report on the analysis of the samples of his Sewage experiments, and if so, that he might be supplied with a copy of the same.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

47. The Clerk presented a Letter, as follows—

It was moved by Mr. Fowler, seconded, and resolved—That the Letter be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor, and the Accountant, do report to the Committee thereon.

48. The Clerk presented a Letter, as follows—

Vestry of the Parish of St. John, Hampstead.

Vestry-hall, Hampstead, N.W.,
13th April, 1886.

DEAR SIR,—I am desired by the Vestry of this Parish to apply to the Metropolitan Board of Works for permission to borrow a Loan of £1,400, being the estimated cost of carrying out certain Sewerage works in various parts of the Parish.

I am also instructed to state that, in the event of such permission being granted, the Vestry will be glad to learn that the Metropolitan Board of Works will be willing to advance the Loan upon the security of the Rates made for the purposes of the Metropolis Local Management Act, and to be re-payable over as long a period as can be granted.

I am, &c.,
(Signed) THOS. BRIDGER,
Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works.

It was moved by Mr. Fowler, seconded, and resolved—That the Letter be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor, and the Accountant do report to the Committee thereon.

49. The Clerk presented a Letter from Mr. H. G. Bowen, Deputy Chief Accountant, Bank of England, dated 13th April, 1886, stating in reply to the Board's Letter, that the Bank had paid to the credit of the Board, with the London and Westminster Bank, the sums of £287 12s. 1d., and £66 4s. being unclaimed dividends on Metropolitan Consolidated Stock, and transmitting a Power of Attorney for enabling the London and Westminster Bank to draw the dividends on "The Unclaimed Stock Account," to which Account had been transferred a sum of £819 5s. 3d., Three and a half per Cent. Stock.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Finance Committee, for their information, and that the Common Seal of the Board be affixed to the Power of Attorney transmitted with the Letter; and the Seal was affixed accordingly.

50. The Clerk presented a Letter from Messrs. Sharp and Co., Limited, dated 14th April, 1886, asking for an opportunity to confer with the Board as to the adoption of a system of ventilation for the Sewers at Bow, and stating that they would be prepared to lay full particulars before the Board.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Special Purposes and Sanitary Committee.

51. The Clerk presented a Letter from Messrs. Johnson, Clapham, and Morris, dated 14th April, 1886, asking permission to make a public trial of their Patent Wire Lathing on one of the Board's vacant plots of land, and asking the Board to appoint a suitable person to conduct the trial.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

52. The Clerk presented a Letter from Mr. T. Marchant, Clerk to the Vestry of St. Paul, Deptford, dated 14th April, 1886, asking the Board to receive a Deputation from the Vestry in favour of the construction of a Subway under the River Thames, between Deptford and Millwall.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Deputation be received by the Board on the 7th May next, at Twelve o'clock at noon.

53. The Clerk presented a Letter, as follows—

Wandsworth and Clapham Union.

Guardian's Offices, St. John's-hill,

New Wandsworth, S.W.,

15th April, 1886.

LOAN £3,500.

Sir,—Adverting to my Letter, dated 15th January, I beg to inform you that the Guardians have now decided to borrow the sum of £3,500 (referred to therein) for the erection of a Dispensary and Relief Station, for the Parish of Battersea.

I am directed to ask if your Board will be willing to advance this sum, and if so, upon what terms.

Yours, &c.,

J. E. Wakefield, Esq.,

(Signed) E. H. TAYLOR,

Metropolitan Board of Works,

Clerk.

Spring-gardens, S.W.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

54. The Clerk presented a Letter from Mr. J. H. Linscott, dated 15th April, 1886, stating, in reply to the Board's Letter declining to admit any liability for his claims for compensation for alleged damage done to his oven and goods in the execution of the Board's works in Shaftesbury-avenue, that he would take legal proceedings in the matter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

55. The Clerk presented a Letter from Mr. G. Rosaire, dated 15th April, 1886, stating that he understood that Mr. Wells' Band would not perform in Finsbury-park on Easter Monday, and asking that the Board's permission might be given to him for the ensuing season, or for Easter Monday and Tuesday next, or that should Mr. Wells decide to carry on his Band, he (Mr. Rosaire) might be permitted to place a Band in the Park on some other evening in the week.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

57. CAMBERWELL.—Read a Report by the Superintending Architect, dated 13th April, 1886, on the application of Mr. W. T. Allen, on behalf of the Rev. H. Wells, for the consent of the Board to the erection of St. Bartholomew's Church, in Barkworth-road, Rotherhithe-new-road, to the line shown upon the Plan accompanying the application.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, subject to the condition that the erection of the Church therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

58. HACKNEY.—Read a Report by the Superintending Architect, dated 14th April, 1886, on the application of Mr. E. Sinnott, on behalf of Mr. Siggins, for the consent of the Board to the erection of cottages on the North-East side of Harrington-hill, Mount-plesant-hill, to the line shown upon the Plan accompanying the application.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the application be referred to the Building Act Committee, for consideration and report.

59. HACKNEY.—Read a Report by the Superintending Architect, dated 13th April, 1886, on the application of Mr. R. Armstrong, on behalf of Mr. R. Benyon, for the consent of the Board to the erection of a porch to a Mission-hall on the West side of Hertford-road, De Beauvoir-square, to the line shown upon the Plan accompanying the application.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, subject to the condition that the erection of the porch therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, enclosed, altered, or raised without the consent of this Board.

- 60. ISLINGTON.**—Read a Report by the Superintending Architect, dated 13th April, 1886, on the application of Mr. J. E. Sears, on behalf of Mr. H. J. Kimbell, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 381, Hornsey-road, to the line shown upon the amended Plan accompanying the application.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be referred to the Building Act Committee, for consideration and report.

- 61. LEWISHAM.**—Read a Report by the Superintending Architect, dated 13th April, 1886, on the application of Mr. E. Watkins, on behalf of Mr. C. 2. Captain Wenborn handed in a Letter, as follows—

Saint Leonard, Shoreditch.

Vestry Offices,
Town-hall, Old-street, E.C.,
21st April, 1886.

SIR,—I am directed by this Vestry to submit to the Metropolitan Board a proposed Improvement in the important thoroughfare of the Hackney-road, which can now be effected as the premises are in course of re-building.

The Vestry has obtained the Report of Mr. Samuel Walker, who considers that the surrender of about 180 feet super., including damage to the remainder and severance, ought to be obtained for £260. The owner has conditionally agreed to accept this sum, the Vestry paying his Surveyor £10 10s.

21 April, 1886.

The Vestry has agreed to make this conditional offer subject to the Board contributing one-half, or say not exceeding £150, and I am to ask to this the Board's favourable consideration.

I am, &c.,
(Signed) E. WALKER,
Vestry Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens.

It was ~~moved~~ by Captain Wenborn, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £99,172 3s. 7d., be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 6th July, 1883 (No. 8), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 25th instant, amounting to the sum of £2,945 16s. 8d., which Statement has been approved by your Committee; and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the several amounts on or after the 22nd instant.

Your Committee have considered the Letter from the Vestry of Bermondsey, requesting payment of the Board's contribution towards the cost of the Weston-street Improvement, referred by the Board on the 26th ultimo (No. 3). The Board on the 22nd May, 1885 (No. 8), agreed to contribute one-half of the net cost, not exceeding £270, of the widening of Weston-street, on the usual Certificate of their Officers. Your Superintending Architect and your Accountant having respectively reported that the works have been satisfactorily completed at a cost of £550, your Committee recommend—

That a Cheque be drawn for the sum of £270 in favour of the Vestry.

Your Committee have considered the application of the Vestry of St. Pancras, for permission to borrow, and also for the advance of, a sum of £5,800, referred by the Board on the 26th ultimo (No. 38). The Loan is required towards defraying the cost of certain Local Improvements at Princes-terrace, Mabledon-place, Angler's-lane Woodsome-road, and Kentish-town-road, effected by the Vestry at a total cost of £12,988 19s. 7d., and after crediting the re-couplements and contributions of £5,826 8s. 9d. net. The completion and cost of the several works having been reported upon by your Superintending Architect and your Accountant, and your Committee seeing no objection to the advance, they recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Pancras, for an advance of a sum of £5,800, towards defraying the cost of certain Improvement works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April within 20 years; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application of the Guardians of the Poor of the Parish of Hampstead, for a Loan of a sum of £1,500, referred by the Board on the 8th January last (No. 42). The Guardians have purchased a piece of land for £600, and they propose to erect certain buildings and make alterations at their Workhouse, at a cost of £900. They have obtained the requisite authority to raise the money, and your Committee therefore recommend—

That, subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of Hampstead, for a Loan of a sum of £1,500, to purchase land, and for the erection of buildings and alterations at the Workhouse, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 30 years; that the sum of £5 5s. be charged for Surveyor's Fees; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Guardians of the Poor of the Parish of St. George-in-the-East, for a Loan of a sum of £13,858, referred by the Board

on the 22nd January last (No. 39). The Guardians are making alterations and additions to the Workhouse and Infirmary, at an estimated cost of £11,000, and having a new cooking and heating apparatus and water supply, provided at a probable cost of £2,858, for which they have received the necessary sanction of the Local Government Board. Your Committee accordingly recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of St. George-in-the-East, for a Loan of a sum of £13,858, to defray the cost of alterations and additions to the Workhouse and Infirmary, and of a new cooking and heating apparatus and water supply, be granted, to the extent of £13,800, on condition that the Loan be taken up, without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April as to £11,000 within 30 years, and as to £2,800 within 10 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Pursuant to the Resolution of the Board of the 26th February last (No. 53), your Committee have considered the application of the Guardians of the Poor of the Hamlet of Mile-end Old-town, for an advance of a sum of £5,000. The Loan is to defray the cost of providing new Casual Wards, which are being erected at the Workhouse, under an Order of the Local Government Board. Your Committee accordingly recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Hamlet of Mile-end Old-town, for a Loan of a sum of £5,000, to provide new Casual Wards at the Workhouse, be complied with, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 20 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

Your Committee have considered the Letter from the Guardians of the Poor of the Parish of Lambeth, requesting an advance of a sum of £7,000, to defray the cost of making alterations and additions to the Workhouse in Renfrew-road, Kennington, referred by the Board on the 5th ultimo (No. 57). The works are being executed under an Order of the Local Government Board, and your Committee, seeing no objection to the advance, recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of Lambeth, for a Loan of a sum of £7,000, towards the cost of making alterations and additions to the Workhouse in Renfrew-road, Kennington, be complied with, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 15 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Commissioners of the Poplar Baths and Wash-houses for an advance of a sum of £6,300 to defray the cost of effecting certain alterations and improvements at the Baths, referred by the Board on the 9th instant (No. 47). As the Commissioners appear to have obtained the requisite authority for raising the money, your Committee recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Commissioners for Public Baths and Wash-houses in the Parish of All Saints, Poplar, for a Loan of a sum of £6,300, towards the cost of alterations and improvements at their Baths, be complied with, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within

20 years ; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

In accordance with the Resolution of the Board of the 18th December last (No. 45), your Committee have considered the Letter from the Managers of the Metropolitan Asylum District, requesting a further Loan of a sum of £41,612 for the several purposes enumerated in their Letter, comprising drainage and other works at Leavesden Asylum, the execution of works and erection of buildings and alterations at North Wharf, Blackwall, Caterham Asylum, Western Hospital, and West Wharf (Fulham), the construction of a swimming-bath and boathouse off Grays, in connection with the training-ship "Exmouth," the electric lighting of the "Exmouth," and works in connection with the ship "Castalia." Your Engineer and your Superintending Architect have reported fully to your Committee as to the nature and cost of the works, some of which have been already executed, and your Solicitor considering it undesirable that the Board should advance the £2,700 required for the swimming-bath and boathouse, that item has been withdrawn, and £1,664 for the electric lighting has also been omitted. Your Superintending Architect also reports that certain works, the cost of which is included in the sum of £41,612, are not intended to be executed, at all events for the present, and excluding those and making certain other minor reductions the total amount is reduced to £27,324, which is all your Committee are disposed at present to recommend the Board to advance on account of the proposed works, and they therefore recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Managers of the Metropolitan Asylum District, for a Loan of a sum of £41,612, to defray the cost of certain works of drainage, the erection of and alterations and additions to buildings, electric lighting, and the construction of a floating pier, and other works, be granted to the extent of £27,324, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal by equal annual instalments on each 30th April, as to £17,973 within 30 years, as to £6,408 within 15 years, and as to £2,943 within 10 years, respectively ; that the sum of £52 10s. be charged for Surveyor's Fees ; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Managers of the Metropolitan Asylum District, asking the Board to accept the immediate re-payment of sums of £4,628 9s. and £4,713 10s., the unexpended balances of Loans in hand, referred by the Board on the 19th February last (No. 35). The sum of £4,628 9s. is part of a Loan of £7,550, granted in January, 1871, at £3 17s. 6d. per centum per annum, and repayable by annual instalments in 59 years. The £4,713 10s. is part of a Loan of £18,200, granted in August, 1880, at £3 15s. per centum per annum, and re-payable by annual instalments in 50 years. Having regard to the loss which the Board would sustain if they accepted the unconditional return of the amounts offered, and to the fact that the Managers are not in a position to re-borrow the amount for a similar period, your Committee are of opinion that it is not [desirable at present to accept re-payment of the money. They therefore recommend—

That the Managers be informed that the Board are not prepared at present to comply with their request.

Your Committee have to report that their attention has been called to the question of the sufficiency of the Board's borrowing powers under the Streets Improvement Act, 1877. It appears that the present limit beyond which the Board may not expend money under that Act is £4,193,507. The expenditure up to the end of 1885 has been £3,898,358, and the power granted for 1886 (£17,000) additional expenditure sanctioned by the Treasury for 1886 (£156,000), and the estimated expenditure in 1887 (£40,000), amount together to £4,111,358, leaving a balance of only £82,149. The Board's Chief Officers have been consulted upon the subject of the sufficiency of that margin to meet the probable future expenditure, and it is thought desirable that further power should be obtained to meet the cost of the acquisition of properties not originally intended to be

taken (although within the limits of deviation), and to prevent delay in the completion of the work by the exhaustion of the expending power prior to the streets being finished. It is not suggested that the power absolutely in the hands of the Board should be increased, but only that the Treasury should have authority to sanction some increase of the Board's borrowing power, if necessary. Your Committee accordingly recommend—

That the expending power of the Board for the year 1887, under the Streets Improvement Act, 1877, be increased in the Money Bill of the present Session to the entire sum remaining to be provided of the total estimated cost of the Improvements; and that a provision be inserted in the Bill, enabling the Treasury to give their sanction to further expenditure beyond the present total limit of £4,193,507, up to a total of £4,300,000.

In pursuance of the Order of the Board of the 17th April, 1885 (No. 6), your Committee beg to submit a Return showing the amount of Loans granted by this Board to the School Board for London and other public bodies up to the 31st March, 1886.

Your Committee also beg to submit, for the information of the Board, a Return of Gas Meters received to be tested, with the Fees charged for the same, for the quarter ended the 27th March last.

All which your Committee beg to submit.

The Statement of Officers' Salaries, submitted with the Report, was laid before the Board.

The Report having been read and received,

It was moved by Mr. Fardell, seconded, and resolved—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £99,172 3s. 7d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was moved by Mr. Fardell, seconded, and resolved—That the Fees specified in the Three summaries of Accounts now presented to the Board, marked A to C inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being

the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Statement now submitted, showing the Salaries payable to the Officers of the Board on the 25th instant, amounting to the sum of £2,945 16s. 8d., be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay, on or after the 22nd instant, the several sums specified in such Statement, to the persons entitled to receive the same.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a Cheque be now drawn for the sum of £270 in favour of the Vestry of Bermondsey, being the amount of the Board's promised contribution towards the Improvement effected at Weston-street.

A Cheque was thereupon drawn on the General Capital Account accordingly.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board

hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Pancras, for an advance of a sum of £5,800, towards defraying the cost of executing certain Improvement works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Twenty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of Hampstead for a Loan of a sum of £1,500, to purchase land and erect buildings and make alterations at the Workhouse, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Thirty years; that the sum of £5 5s. be charged for Surveyor's Fees; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of St. George-in-the-East, for a Loan of a sum of £13,858, to defray the cost of alterations and additions to the Workhouse and Infirmary, and of a new cooking and heating apparatus and water supply, be granted, to the extent of £13,800, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, as to £11,000 within a period of Thirty years, and as to £2,800 within a period of Ten years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Hamlet of Mile-end Old-town, for a Loan of a sum of £5,000, to provide new Casual Wards at their Workhouse, be complied with, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Twenty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Parish of Lambeth, for a Loan of a sum of £7,000 towards defraying the cost of making alterations and additions to the Workhouse in Renfrew-road, Kennington, be complied with, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Fifteen years; that it be

referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Commissioners for Public Baths and Wash-houses in the Parish of All Saints, Poplar, for a Loan of a sum of £6,300 towards defraying the cost of alterations and improvements at their Baths, be complied with, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Twenty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Managers of the Metropolitan Asylum District, for a Loan of a sum of £41,612 for certain works of drainage, the erection of and alterations and additions to buildings, electric lighting, and the construction of a floating pier and other works, be granted to the extent of £27,324, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, as to £17,973 within a period of Thirty years, as to £6,408 within a period of Fifteen years, and as to £2,943 within a period of Ten years, respectively; that the sum of £52 10s. be charged for Surveyor's Fees; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Managers of the Metropolitan Asylum District be informed, in reply to their Letter asking the Board to accept immediate re-payment of £4,628 9s. and £4,713 10s., the unexpended balances of Loans of £7,550 and £18,200, that the Board are not prepared at present to comply with their request.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the expending power of the Board for the year 1887, under the Streets Improvement Act, 1877, be increased in the Money Bill of the present Session to the entire sum remaining to be provided of the total estimated cost of the Improvements, and that a provision be inserted in the Bill, enabling the Treasury to give their sanction to further expenditure beyond the present total limit of £4,193,507, up to a total of £4,300,000.

4. Mr. Selway, in the absence of Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Your Committee have also to report that they have authorised the Sub-Committee on the examination of Accounts, in the event of further Cheques being required before the Easter recess, to examine the list of proposed payments, and to submit the same to the Board on Wednesday next, in order that Cheques may be drawn for the several amounts required.

Your Committee have further to report that they have considered the case of Mr. G. Skipper, one of the Special Clerks of Works, which was referred to them on the 27th November last (No. 12). Mr. Skipper has for five months past been unable to work, having been laid up with dropsy and heart disease, and there seems no probability of his recovery. He has been more than 25 years continuously in the service of the Board, and your Solicitor is of opinion that the Board have power to grant him a superannuation allowance. Your Committee therefore recommend—

That the further services of Mr. G. Skipper, Special Clerk of Works, who has been in the service of the Board continuously during 25 years, be dispensed with by reason of his permanent infirmity, and that a retiring allowance of £68 5s. a year be granted to him.

21 April, 1886.

ee have considered a recommendation made by your Solicitor in his officers in his Department on 22nd March last, that Mr. F. A. D. Chilvers, stant now receiving £115 a year, should be placed in the Third Class salary of £120 a year. Your Committee are of opinion that your sal should be adopted, and they recommend—

F. A. D. Chilvers, be placed on the permanent staff, in the Third Class, and that his salary be £120 a year as from Christmas last.

Your Committee have also considered a recommendation made by your Engineer on 22nd March last, that Mr. A. McDougall, a temporary Assistant in his Department, should be appointed on the permanent staff in the Fourth Class of Officers at a commencing salary of £80 a year. Mr. McDougall is now receiving 25s. a week, and your Engineer states that he is rendering useful service. Your Committee recommend—

That the Engineer's suggestion be adopted.

Your Committee have considered a request made by your Engineer in his Report on 22nd March last, that a junior Clerk might be added to his Department. They have also considered the request made to the Board by your Accountant on the 15th instant, and referred to your Committee, for an additional junior Clerk in his Department. Your Committee find, from a Resolution of the Board on 13th November, 1885, that two young men, named W. S. Williams and J. M. Brown, who had passed satisfactorily at the last competitive examination, were to be appointed to junior Clerkships as vacancies occurred. Your Committee accordingly recommend—

That Mr. W. S. Williams be appointed a Fourth-class Assistant in the Engineer's Department, at a commencing salary of £80 a year.

That Mr. J. M. Brown be appointed a Fourth-class Assistant in the Accountant's Department, at a commencing salary of £80 a year.

Your Committee have considered a recommendation made by your Engineer on 22nd March last, that in future the hours of attendance of the temporary Assistants in his Department should be from 9 a.m. to 5 p.m. with an allowance of half an hour in the middle of the day for obtaining refreshments, instead of from 9 a.m. to 6 p.m. with one hour in the middle of the day, as ordered by the Board on 19th November, 1880. Your Engineer is of opinion that, under the arrangement suggested by him the work of the temporary Assistants would be more satisfactorily superintended, and your Committee relying upon your Engineer's opinion in this matter recommend—

That the alteration of the hours of attendance be agreed to.

In compliance with the reference by the Board of the 26th ultimo (No. 5), your Committee have considered the question as to the alteration made in the gradient of the Northern approach of the Gliddon-road Bridge at Fulham, from the Plan approved by the Board. The Board, on the 15th February, 1884 (No. 6), agreed, provided the District Board paid £1,600, to contribute the sum of £800, on condition that a Bridge of the value of £4,000 was constructed to the satisfaction of your Engineer. Your Accountant has reported that the District Board have paid the £1,600, and your Engineer has stated that the Bridge is completed satisfactorily, except that the Northern approach has a gradient of 1 in 17, for a length of 44 yards, instead of 1 in 25, for a length of 57 yards, as shown upon the Plan approved by the Board. Your Committee have received a further Report from your Engineer in which he states that, although the approach is steeper than that shown upon the Plans approved by the Board, the gradient is shorter in length, and that if it were altered to a gradient of 1 in 25 as shown on the approved Plans, it would be necessary to alter the levels of the side streets, and would interfere to some extent with the access to St. Paul's School, and some of the houses in the side streets. Under all the circumstances your Committee are of opinion that the Board's promised contribution should be paid, and they recommend accordingly.

Your Committee have had before them a Letter from Messrs. P. and E. Abbott, offering to continue their tenancy of the Board's lands at Beckton, 15 acres, and at the Barking Outfall, 20 acres, upon the same terms as in the past year ending 25th

March, 1886. The terms of the tenancy of the 15 acres of grazing land at Beckton were a rental of £30 for the year, but subject to one month's notice. Those for the 20 acres of grass land at the Barking Outfall were £60 free of taxes, and including the cutting and clearing away of the reeds from the reed-beds belonging to the Board. Your Committee, after conference with your Engineer, recommend—

That the offer of Messrs. Abbott be accepted for a period of Three years, and that it be referred to the Solicitor to prepare the necessary Agreements.

Your Committee have had under consideration the Letter from the New River Company, referred by the Board on the 19th ultimo (No. 38), stating that a constant supply of Water had been introduced in Shelton-street, Drury-lane, and asking for the instructions of the Board as to the number and position of Fire Hydrants to be fixed. Your Committee, after conference with your Engineer and the Chief Officer of the Fire Brigade, recommend—

That Three Hydrants be placed in the street as shown by Red circles on the accompanying Plan; the Hydrants to be sluice-valve Hydrants with $2\frac{1}{4}$ inches delivery in the clear, fitted with Mr. W. L. Baker's self acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by $9\frac{1}{2}$ inches wide, attached to the box by $\frac{1}{4}$ -inch chain; the cost of the Hydrants and service box complete, but exclusive of attachments and cost of fixing, not to exceed £2 12s. 6d. each.

Your Committee, in pursuance of the reference by the Board of Friday last, have had before them the Report by your Engineer, stating that, on the 12th instant, a man, whilst leaning against the Eastern parapet of the temporary Bridge at Hammersmith, watching the works of the adjacent permanent structure, had been crushed by a passing van, and that he had been taken to a Hospital, and had since died. Your Committee have also had before them a Letter from Dr. Diplock, the Coroner who held the inquest, forwarding a copy of the verdict of the Jury to the effect that the death was accidentally caused, and also stating their opinion that part of Hammersmith Bridge is dangerous, and should be properly protected. Your Committee think it desirable that the subject should be considered by the Bridges Committee, and they therefore recommend—

That it be referred to that Committee, with authority to act upon any Resolution at which they may arrive.

All which your Committee beg to submit.

The Plan submitted with the Report was laid before the Board.

The Report having been read and received,

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That the Report to be made this day by the Sub-Committee appointed by the Works and General Purposes Committee, to examine certain Accounts, be received by the Board, and that Cheques be drawn for the several amounts required.

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That the further services of Mr. G. Skipper, Special Clerk of Works, be dispensed with by reason of his permanent infirmity, and that a Retiring Allowance of £68 5s. a year be granted to him.

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That Mr. F. A. D. Chilvers, a temporary Assistant in the Solicitor's Department, be appointed, during the pleasure of the Board, in the Third Class of Officers, at a salary of £120 a year, from Christmas last.

It was *moved* by Mr. Selway, and seconded—That Mr. A. McDougall, a temporary Assistant in the Engineer's Department, now receiving 25s. a week, be placed on the permanent staff in the Fourth Class, at a commencing salary of £80 a year, as from Christmas last.

An *amendment* thereon was *moved* by Mr. Lawrence, and seconded by Mr. J. Jones—That the subject be referred back to the Committee, for further consideration and report.

The *amendment* having been put to the vote, there were for it 7, against it 23; and it was declared by the Chairman to be lost.

The *original motion* was then put to the vote, when there were for it 27, against it 6.

Baker's self-acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by 9½ inches wide, attached to the box by ¼-inch chain; the cost of the Hydrants and service box complete, but exclusive of attachments and cost of fixing, not to exceed £2 12s. 6d. each.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report by the Engineer relative to a fatal accident which occurred on the temporary Bridge at Hammersmith, and the Letter received from the Coroner on the subject, be referred to to the Bridges Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

5. Mr. Fardell brought up a Report, as follows—

REPORT OF THE SUB-COMMITTEE APPOINTED BY THE WORKS AND GENERAL PURPOSES COMMITTEE TO EXAMINE ACCOUNTS IN CONNECTION WITH IMPROVEMENTS.

Spring-gardens, 21st April, 1886.

In pursuance of the Resolution of the Works and General Purposes Committee of the 19th instant, instructing the Sub-Committee, in the event of further Cheques being required before the Easter Recess, to examine and submit to the Board the list of proposed payments in connection with the Board's Improvements, for which Cheques are required to be drawn before the Board adjourn for the Recess, the Sub-Committee beg to report that they have this day considered a list of payments, and having examined the Vouchers and Certificates of the various principal Officers for the same, and found the Accounts correct, they beg to present a Statement of the amounts, and to recommend—

That the sums specified therein, amounting in the whole to £2,652 7s. 7d., be paid, and that Cheques be drawn accordingly.

All which your Committee beg to submit.

(Signed) J. MCGAREL-HOGG,

6. Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 20th April, 1886.

Your Committee have to report that proceedings have been taken against Mr. James Judd, for unlawfully establishing anew, at a Railway arch near South Bermondsey Station, the business of a Manure Manufacturer. The defendant was fined £10 and 2s. costs, with the alternative of one month's imprisonment.

Your Committee submit an application from Mr. H. J. Cadwell for a License for a small Firework Factory, Division "B," at South-fields, Wandsworth, the site of which differs slightly from the site of a Factory for which he now holds a License. The proposed construction and situation of the Factory are in accordance with the provisions of the Order in Council, No. 4, relating to small Firework Factories, and your Committee accordingly recommend—

That the License be granted.

Your Committee have further to report that they have had under consideration an application from Mrs. M. A. Downs, for renewal of registration, under the Infant Life Protection Act, for the keeping of Infants at No. 21, Redan-street, Hammersmith. The conditions under which the Infants in the care of the applicant are kept continue satisfactory, and your Committee recommend—

That the application be granted, and that the Board do make a Bye-law fixing three as the number of Infants allowed to be kept.

Your Committee have further to report that proceedings have been taken against the following persons for the unlawful keeping of Infants at the premises named—

Mrs. Ellen Meredith, No. 39, St. George's-square, Regent's-park-road, St. Pancras.
Mrs. Eliza Mostyn, No. 68, Portnall-road, Harrow-road, Paddington.

A fine of £5 and costs, with the alternative of one month's imprisonment, was imposed in each case.

Your Committee submit a list of 94 applications for Licenses to keep Petroleum in small quantities, and they recommend—

That in 80 cases Licenses be granted to keep a quantity not exceeding 10 gallons of Petroleum in each case at the places named, and in accordance with the conditions of License No. 91; that in 4 cases Licenses be granted to keep Petroleum at the places named in a store situated and constructed in accordance with License No. 90, and that in 10 cases special Licenses be granted to keep Petroleum at the places named and in the manner described in such Licenses.

Your Committee have also to report that proceedings have been taken against Mr. Thomas Blackwell, of No. 189, Copenhagen-street, Islington, for an unlicensed storage of Petroleum, and he was fined £10 and 2s. costs, with the alternative of fourteen day's imprisonment.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
J. E. BRADFIELD,
F. M. WENBORN.

The list of applications for Licenses to store Petroleum, submitted by the Committee, was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the application of Mr. H. J. Cadwell, for a License for a small Firework Factory, Division "B," at South-fields, Wandsworth, be granted.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the registration of Mrs. M. A. Downs, under the Infant Life Protection Act, for the keeping of Infants at No. 21, Redan-street, Masbro'-road, Hammersmith, be renewed, and that the Board do hereby make a Bye-law fixing three as the number of Infants to be kept at such premises.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the Ninety-four persons mentioned in the list now submitted, to keep Petroleum in the places and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

7. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 20th April, 1886.

Your Committee have had under consideration, in connection with the Board's Various Powers Bill, the terms of a proposed arrangement with the Governors of Dulwich College, with reference to the proposed Dulwich-park. On the 12th March last your Committee reported that an arrangement which it was originally proposed to make with the Governors of the College, under which the Board was to surrender to the Governors about $1\frac{3}{4}$ acres of ground on condition that the Governors made a road 40 feet wide, was at an end, in consequence of the Governors having declined to make the road. Your Committee added that, as it was necessary to maintain a right-of-way across the ground, your Solicitor had been instructed to arrange for the formation of a new foot-path, 20 feet wide, in substitution for the existing footpath. The Board will probably agree that it is very desirable that the whole of the proposed Park should be included in one fence, and the arrangement originally proposed having fallen to the ground, a further proposal has been made by the Governors for a small exchange of land between

them and the Board which would secure the attainment of that object. The area to be given up by the Board to the Governors is 2 roods 35 perches, and the area to be surrendered by the Governors is 1 rood 19 perches, the difference being, as will be perceived, very small. Your Committee think it desirable on all grounds that this arrangement should be adopted. It is further proposed that the fence surrounding the Park should be an oak fence with four entrances for roads 30 feet wide, and that any difference between the Board and the Governors respecting the character of the proposed fence should be settled by Sir Henry A. Hunt. It is further proposed that there should be two short private roads, 15 feet wide, to afford back entrances to premises abutting on the Park which are now possessed of such accommodation. Your Committee recommend—

That the terms of the arrangement referred to in this Report be approved.

Your Committee have considered your Solicitor's Report, referred on Friday last, on the subject of the proceedings before the Select Committee of the House of Commons on the Hyde-park-corner (new streets) Bill. By the Bill as introduced by the Government it was proposed that it should be left to the Board to decide by what authority the roads should be maintained, and how the cost of maintenance should be defrayed. The Select Committee of the House of Commons, however, decided that the roads should be maintained by the Vestry of St. George, Hanover-square, and that the Board should pay to the Vestry one-half of the expense incurred. Your Committee consider that there are no good grounds for charging the Metropolis at large with any portion of the cost of maintaining these new roads, especially when it is remembered that towards the cost of their formation the Board paid out of the Metropolitan funds £20,000, equal to four-fifths of the cost of the whole Improvement. Your Committee are unable to advise the Board to acquiesce in this decision. The question appears to them to be of sufficient importance to be argued before a second tribunal, that is to say, before a Select Committee of the House of Lords. They accordingly recommend—

That a Petition against the Bill be presented to the House of Lords.

With respect to the Bexley-heath Railway Bill, it was reported to the Board on 19th March last, that a Select Committee of the House of Lords had decided against the Bill far as it would authorise the formation of a new Railway. Your Committee now find that another proposal in the Bill, which is for the formation of a new road, is to be proceeded with. Your Committee do not suggest any objection to the formation of the road, but they are of opinion that a Clause should be inserted, providing that the width and formation of the proposed road, and the construction of the Sewer, so far as it is within the limits of the Metropolis, should be subject to the provisions of the Metropolis Management Acts. They recommend—

That a Petition be presented to the House of Commons with a view to the insertion of a Clause to that effect

The attention of your Committee has been directed to three Electric Lighting Bills, introduced into the House of Lords by different Members of that House, and which have all been referred to a Select Committee. The Board's jurisdiction under the Electric Lighting Act, 1882, being very limited, and extending only to the thoroughfares in respect of which the Board is the lighting authority, your Committee are not able to recommend the Board to incur any expenditure in appearing before the Select Committee. They think, however, that it may be desirable for the Board to watch the proceedings, and, perhaps, for some Member of the Board to give evidence as to the Board's views. To enable the Board to appear at all, it will be necessary for Petitions to be presented, and your Committee accordingly recommend—

That Petitions be presented against the three Bills.

Your Committee have to report with respect to the Lee River Purification Bill, against which the Board has petitioned, that they have for some time past been in communication with the Hackney District Board, the body promoting the Bill, and, through the District Board, with the Local Board of Tottenham, with the Sewage of

which place the provisions of the Bill are concerned. Your Committee may mention that the communications between them and the two bodies above-mentioned arose out of a Letter from the Hackney District Board requesting a conference, which Letter was presented to the Board on the 26th February, and referred to your Committee with authority to receive the Deputation from the District Board. The negotiations have not yet resulted in an agreement which would enable the Board to allow the Bill to proceed without opposition, and it is therefore necessary for the Board to be prepared fully to support its Petition before the Select Committee to which the Bill may be referred. Your Committee accordingly recommend—

That the Board do authorise the employment of three Counsel and two Engineering Witnesses in support of its Petition.

All which your Committee beg to submit.

(Signed)

W. R. SELWAY,
GEO. EDWARDS,
JOHN TOLHURST.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That the terms of the arrangement proposed to be made with the Governors of Dulwich College, with respect to the Park to be formed at Dulwich as described in the Report, be approved.

It was *moved* by Mr. Selway, and seconded—That a Petition be presented to the House of Lords against the Hyde-park-corner (new streets) Bill.

The motion having been put to the vote, there were for it 24, against it 2, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Petition be presented to the House of Commons against the Bexley-heath Railway Bill, with a view to the insertion of a Clause providing that the width and formation of the proposed road, and the construction of the Sewer, so far as it is within the limits of the Metropolis, shall be subject to the operation of the Metropolis Management Acts.

It was *moved* by Mr. Selway, and seconded—That Petitions be presented against the three Electric Lighting Bills now before the House of Lords, in order that the Board may have the right to offer evidence before the Select Committee to which the Bills have been referred.

After discussion, the *motion* was put to the vote, when there were for it 20, against it 2, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Selway, and seconded—That the Board do authorise the employment of three Counsel and two Engineering Witnesses in support of the Board's Petition against the Lee River Purification Bill.

After discussion, the *motion* was put to the vote, and declared by the Chairman to be carried; and it was *resolved* accordingly.

3. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 13th April, 1886.

Your Committee have to report that they have proceeded upon the Resolution of the Board of the 8th January last (No. 6), referring back, for further consideration and report, the Letter from Messrs. Vallance and Co., forwarding a numerous signed Memorial, requesting that George-yard, Lombard-street, might be re-named "Lombard-avenue," and stating that there were eight George-yards in the City of London Directory. George-yard, Lombard-street, is one of the oldest and best known thoroughfares in the City, and on the 16th December last your Committee were informed by the Commissioners of Sewers that a majority of the inhabitants were opposed to any change.

Two of the other streets named George-yard, within the limits of the City, have recently been re-named. Your Committee having re-considered the subject, recommend—

That no alteration be made in the name of George-yard, Lombard-street, and that Messrs. Vallance and Co. be informed accordingly.

Your Committee have also to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
22nd April, 1882.	Vestry of Bethnal-green, for re-numbering the houses in various streets in the Parish.
13th August, 1885.	Vestry of Islington, for re-numbering the houses in Manorville-road.
2nd October, 1885.	Wandsworth District Board, for re-numbering the houses on the Northern side of Battersea-park-road.
9th July, 1885.	Hackney District Board, for re-numbering the houses in Maury-road.
6th October, 1885.	Postmaster-General, forwarding applications for re-numbering the houses in Dresden-road, Hornsey-lane.
31st March, 1886.	Inhabitants of Dieppe-street, Fulham, that the Order of the Board of the 12th February, 1886, abolishing the name "Beaumont-place" may be rescinded, or that Dieppe-street may be re-named "Beaumont-street."
27th March, 1886.	Lewisham District Board, that the portion of Brockley-lane extending from High-street, Lewisham, to Brockley-green, may be re-named "Ladywell-road, S.E."

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the houses in Busby-street, Bethnal-green, be re-numbered, and that the name "New King-street" be abolished.

That the houses in Medhurst-road, Bethnal-green, be re-numbered.

That Manorville-road and Ashbrook-road, Upper Holloway, be incorporated under the name "Ashbrook-road, N.," the subsidiary names abolished, and the houses re-numbered.

That the subsidiary names in Battersea-park-road be abolished, and the houses re-numbered where necessary.

That the subsidiary names in Maury-road, Hackney, be abolished, and the houses re-numbered.

That the subsidiary names in Dresden-road, Hornsey-lane, be abolished, and the houses re-numbered.

That the inhabitants of Dieppe-street, Fulham, who have petitioned the Board that the Order of the 12th February, 1886, abolishing the name "Beaumont-place," may be rescinded, or that Dieppe-street may be re-named "Beaumont-street," be informed that the Board are unable to comply with their request.

That the portion of Brockley-lane extending, from High-street, Lewisham to Brockley-green, be re-named "Ladywell-road, S.E."

All which your Committee beg to submit.

(Signed) A. EWIN,
JOHN RUNTZ,
WM. SHEPHERD,
W. R. SELWAY.

The Report having been read and received,

It was moved by Mr. Ewin, seconded by Mr. Furniss, and resolved—That no alteration be made in the name of George-yard, Lombard-street, and that Messrs. Vallance and Co. be informed accordingly.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of New King-street and Busby-street, in the Parish of St. Matthew, Bethnal-green, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,683, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 35, being assigned to the houses on the Northern side, and the even numbers, commencing with 2 and ending with 48, to those on the Southern side; that such numbers do commence at the Western end; that the name New King-street, and the existing numbers, be abolished; that the whole line of thoroughfare be called “Busby-street, E.,” and that notice of this Order be given to the Vestry of Bethnal-green, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

Resolve, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, the several irregularly numbered houses and premises in the line of thoroughfare known by the name of Medhurst-road, in the Parish of St. Matthew, Bethnal-green, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,684, in lieu of the existing irregular numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 11, being assigned to the houses on the Southern side; and the even numbers, commencing with 2 and ending with 12, to those on the Northern side; that such numbers do commence at the Western end; that the existing irregular numbers be abolished; that the whole line of thoroughfare be called “Medhurst-road, E.,” and that notice of this Order be given to the Vestry of Bethnal-green, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Ashbrook-road and Manorville-road, in the Parish of St. Mary, Islington, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,685, in lieu of the existing numbers, as shown on the said Plan, the odd numbers, commencing with 1 and ending with 43, being assigned to the houses on the South-Western side, and the even numbers, commencing with 2 and ending with 62, to those on the North-Eastern side; that such numbers do commence at the end nearest Fairbridge-road; that the names Manorville-road, Wills-terrace, Providence-place, and Austin-terrace, and any other name or names now in use in Ashbrook-road and Manorville-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called “Ashbrook-road, N.,” and that notice of this Order be given to the Vestry of Islington, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, certain houses and premises on the Southern side, and the several houses and premises on the Northern side of the line of thoroughfare known by the name of Battersea-park-road, in the Parish of St. Mary, Battersea, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,686, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 567 and ending with 573, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 356, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Dorcas-terrace, St. Saviour's-residences, Brigade-terrace, Napier-terrace, and any other name or names now in use in Battersea-park-road, and the existing irregular numbers, be abolished; that the whole line of thoroughfare be called "Battersea-park-road, S.W.," and that notice of this Order be given to the Board of Works for the Wandsworth District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Maury-road, in the Parish of Hackney, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,687, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 83, being assigned to the houses on the Western side, and the even numbers, commencing with 2 and ending with 78, to those on the Eastern side; that such numbers do commence at the Southern end; that the names Alma-villas, Mayfield-villas, Stuart-terrace, and any other name or names now in use in Maury-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Maury-road, N.," and that notice of this Order be given to the Board of Works for the Hackney District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the **motion** of Mr. Ewin, seconded by Mr. Furniss—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Dresden-road, in the Parish of St. Mary, Islington, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,688, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 87, being assigned to the houses on the Southern side, and the even numbers, commencing with 2 and ending with 92, to those on the Northern side; that such numbers do commence at the Eastern end; that the names Cavendish-villas, Moore-terrace, East-terrace, Dresden-terrace, Landmore-terrace, and any other name or names now in use in Dresden-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Dresden-road, N.," and that notice of this Order be

given to the Vestry of Islington, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

It was *moved* by Mr. Ewin, seconded by Mr. Furniss, and *resolved*—That the inhabitants of Dieppe-street, Fulham, who have petitioned the Board that the Order of the 12th February, 1886, abolishing the name Beaumont-place, may be rescinded, or that Dieppe-street may be re-named Beaumont-street, be informed that the Board are unable to comply with their request.

The Report of the Building Act Committee of the 13th day of April, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby *resolved* and *ordered*, on the motion of Mr. Ewin, seconded by Mr. Furniss—That the portion of Brockley-lane, extending from High-street, Lewisham, to Brockley-green, in the Parish of Lewisham, in the County of Kent, be re-named "Ladywell-road, S.E.," and that notice of this Order be given to the Board of Works for the Lewisham District, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

9. The Clerk presented a Letter, as follows—

Treasury Chambers,
20th April, 1886.

SIR,—The Lords Commissioners of Her Majesty's Treasury have had before them your Letter of the 20th ultimo, transmitting the estimate of the sums which the Metropolitan Board of Works propose to raise by rate during the year 1886-7.

My Lords have also before them the valuation of the surplus lands in the hands of the Board on the 31st December last. This valuation shows, after deducting for sales £159,249, and for depreciation £27,285, and allowing for additions and improved value £140,311, that lands and ground-rents, to a net value of £2,170,858, are in the hands of your Board, as against £2,217,381 last year, or a net decrease of £42,523.

My Lords accept generally this valuation. Their observations upon it will be contained in a separate Letter shortly to be addressed to you.

Their Lordships have also received from your Auditor a statement certifying to the payment of the instalments of principal and interest due on account of Loans made to subordinate authorities.

My Lords have carefully considered the estimate contained in your Letter, and, having regard to the foregoing considerations, they are pleased to approve it so far as it affects—

- (a) The dividend and sinking fund receivable in respect of the charge for Bridge expenses, viz., £111,141.
- (b) The dividend and sinking fund receivable in respect of the charge for the Dwelling House Improvement Fund, viz., £72,040 9s. 4d.
- (c) The sum which it is proposed to set aside for the redemption of debt; and the sum to be charged in consequence on the rate to make up the amount required for redemption, viz., £353,000.

The Chairman,
Metropolitan Board of Works.

I am, &c.,
(Signed) R. E. WELBY.

10. The Board proceeded to consider as to issuing the Precepts for the Metropolitan Consolidated Rate, for the year 1886.

The Accountant laid before the Board the Apportionment on the several Parishes, Districts, and Parts, of the sums required to be raised by the Board for the Metropolitan Consolidated Rate, for the year ending 31st December, 1886, prepared pursuant to the Resolution of the Board of the 19th ultimo (No. 36).

It was *moved* by Mr. Fardell, pursuant to notice, seconded, and *resolved*—That the several columns in the Apportionment, now submitted to the Board, headed—

"Ratable Annual Value of Property in the Metropolis, £30,537,188";

“Amount of rate Rate at 1d. in the pound, £127,238 5s. 8d.”;

“Principal and Interest of, and Sinking Fund for, Securities granted before passing of Act 32 and 33 Vict., c. 102, and the Dividends on, and the sums required for the redemption of, Metropolitan Consolidated Stock—

“Main Drainage, £149,105 3s. 2d.;

“Fire Brigade, £22,468 7s. 2d.;

“Bridge Expenses, £110,427 2s. 6d.;

“General Improvements, and under various Acts, £263,063 2s. 10d.;

Total £545,063 15s. 8d.;

“For all other purposes of the Board—

“Fire Brigade.—Working Expenses for the year, £77,096 4s. 10d.;

“Bridge Expenses, £5,421 19s.;

“General Charges.—Sewerage and other works; Establishment charges, &c., £249,308 14s. 2d.;

Total, £331,826 18s.;

Amounts required from each Parish, District, or Part for the year 1886, £876,890 13s. 8d.”;

be, and the same are, respectively approved and adopted.

It was ~~moved~~ by Mr. Fardell, seconded, and ~~resolved~~—That this Board do, pursuant to the Metropolitan Board of Works (Loans) Act, 1869, and the Acts therein referred to, assess a Metropolitan Consolidated Rate, and they do hereby ascertain that the amounts contained in the Apportionment presented this day are the sums which ought, in their judgment, to be included in the said Metropolitan Consolidated Rate, to be assessed and raised upon the City of London, and the several parts of the Metropolis, as defined by the Metropolis Management Act, 1855, for defraying the expenses of the said Board in the execution of the said Act, and the Acts for amending, extending, and varying the same; and also the sums which ought respectively to be paid by the Hornsey Local Board, under the Hornsey Local Board Act, 1871, and the Act amending the same; by the South Hornsey Local Board, under the Metropolitan Board of Works Act, 1874; and by the Beckenham Local Board of Health, under the Beckenham Sewerage Act, 1873, and also the sums required for Bridge Expenses under the Metropolis Toll Bridges Act, 1877, for the year ending 31st December, 1886, under and pursuant to the said Acts; and it is ~~ordered~~—That such sums be assessed, and they are hereby assessed, as shown in the following Schedule in the column headed—“Amounts required from each Parish, District, or Part, for the year 1886;” and it is further ~~ordered~~—That Precepts, under the Common Seal of the Board, do issue for obtaining payment of such sums—

21 April, 1886.

11. The Clerk presented a Report, as follows—

Spring-gardens, 21st April, 1886.

I present copies of the following Annual Reports of Vestries and District Boards for the year ending 25th March, 1885, sent to the Board's office pursuant to the 198th Section of the Metropolis Local Management Act, 1855, which Reports had not been received at the date of my last Report, viz.—

Bethnal-green Vestry.
Clerkenwell Vestry.
Fulham District Board.
Hackney District Board.
Islington Vestry.
Lambeth Vestry.
Lewisham District Board.
Limehouse District Board.
Mile-end Old-town Vestry.
Paddington Vestry.
Plumstead District Board.

Rotherhithe Vestry.
St. George, Hanover-square, Vestry.
St. George-the-Martyr Vestry.
St. Luke, Middlesex, Vestry.
St. Martin-in-the-Fields Vestry.
St. Marylebone Vestry.
St. Olave District Board.
St. Pancras Vestry.
Shoreditch Vestry.
Strand District Board.

The only Vestry which has not sent in its Report for the year ending the 25th March, 1885, is the Vestry of Newington. I have made three special applications for the Report, but at present all that I have been able to obtain is a promise that it shall be published at the earliest possible date.

(Signed) J. E. WAKEFIELD,
Clerk of the Board.

It was moved, seconded, and resolved—That the Report be received.

12. Read a Report by the Engineer, dated 21st April, 1886, on the undermentioned Sewerage works proposed to be executed by the following Vestry and District Board—

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report and Return be received, and that they be printed, and be circulated among the Members of the Board.

15. Read a Report by the Engineer, dated 21st April, 1886, stating that Mr. J. McDougall, a Surveyor in his Department, was still absent from his duties, in consequence of illness, and recommending that he be granted leave of absence for a month, and submitting a Medical Certificate as to his state of health.

It was *moved* by Mr. Selway, seconded, and *resolved*—That one month's further leave of absence be granted to Mr. McDougall, and that the Engineer do report further at the end of that period, if necessary.

16. The Solicitor reported that the Select Committee on the River Lee had met again on the 16th instant, and that the undermentioned further witnesses had been examined—

Mr. George Eades Eachus, C.E., Engineer to the Edmonton Local Board of Health,

Mr. W. A. H. De Pape, C.E., Surveyor to the Tottenham Local Board of Health,

and he presented a printed copy of the evidence taken, and reported that the Committee would meet again on the 14th May next.

17. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

18. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to appoint Arbitrators or issue Jury Warrants on behalf of the Board.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Chairman or Deputy-Chairman of the Board, or the late Deputy-Chairman of the Board, be authorised to do the following acts, that is to say, to give directions for the appointment of Arbitrators, and to affix the Seal of the Board to any Jury Warrants, appointments of Arbitrators, offers of Compensation, Deeds, Agreements and Documents which it may be necessary, as matters of emergency, to seal before the next Meeting of the Board, and to make application to the Board of Trade, and to appoint an Umpire in all cases of emergency, and, in all cases where that course may be proper, to authorise the Clerk to sign the above mentioned documents, or any of them.

19. The Solicitor reported that the arrangements for the undermentioned Loans had been completed, and that the Cheques had been duly handed over in exchange for the proper securities.

20. The Solicitor read a Report, as follows—

21st April, 1886.

MOORE v. THE LAMBETH WATERWORKS COMPANY.

I annex Report from the "Times" of the trial of this important case before the Court of Appeal, consisting of Lord Esher and Lords Justices Lindley and Lopes, on the 17th instant, I would remind the Board that it involved the question whether the Lambeth Water Company was responsible for an accident, which occurred in consequence of one of the fire-plugs at Streatham-green projecting about $\frac{3}{8}$ of an inch above the foot pavement which was made of asphalte. The case was tried before Mr. Justice Day, when a verdict was given for the Plaintiff with £600 damages. It was not suggested that the fire-plug was out of order, but it appeared that the asphalte paving had by some cause worn away. This was an appeal from Mr. Justice Day's ruling that the Water Company was responsible, and the Court of Appeal has now reversed this decision, holding the Water Company not liable. Whether the Local Authority responsible for the repair of the roads and footways incurred liability was not under discussion.

The Board probably would wish to refer this Report to the Works and General Purposes Committee, who have under consideration certain points as to Hydrants and Fire-plugs in the Metropolis.

(Signed) R. WARD,
Solicitor.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report be referred to the Works and General Purposes Committee, for information.

21. The Solicitor presented, for sealing, a Contract with Mr. H. Farmer, for letting the sheep grazing in Finsbury-park for one year, from 25th March, 1886, prepared pursuant to the Resolution of the Board of the 9th instant, (No. 6).

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Agreement; and the Seal was affixed accordingly.

22. The Clerk laid before the Board copies of the Orders of the Board of the 9th instant (No. 4), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Brunswick-street, Homerton	...	...	...	...	} Hackney.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

23. The Clerk reported, with reference to the sanction granted by the Board on the 26th May, 1882, to Mr. Josiah Culpeck to establish anew the business of a Fellmonger, at premises on the Western side of Hyson-road, Galley-wall-road, Bermondsey, that the alterations which the Board required to be made to the premises had been satisfactorily completed; that Mr. Culpeck had given the undertaking required by the Board as to the proper conduct of the business, and that the Board's formal consent, under Seal, might be issued.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the usual form of Order, and that it be issued to Mr. Culpeck.

The Clerk then laid before the Board the form of Order accordingly, and the Seal of the Board was affixed thereto.

24. The Clerk presented a Letter from Mr. H. G. Calcraft, Board of Trade, dated 15th April, 1886, stating that the Promoters of the South Metropolitan Tramway Scheme were not in a position to proceed further with their application for a Provisional Order, and that the Order would consequently not be granted.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be received.

25. The Clerk presented a Letter from Mr. S. B. Provis, Local Government Board, dated 15th April, 1886, again asking for an approximate estimate of the Board's outstanding debts at the end of the year 1884, in respect of Street Improvements and Embankments.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Finance Committee, for consideration, with authority to send a reply thereto.

26. The Clerk presented a Letter from Mr. G. W. Marsden, Clerk to the Vestry of Camberwell, dated 15th April, 1886, transmitting a Memorial asking that a Fire Engine Station, Fire-escape, and Fire-alarm posts might be established at Nunhead, and expressing the hope of the Vestry that the Board would comply with the application of the Memorialists.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter and Memorial be referred to the Fire Brigade Committee, for consideration and report.

27. The Clerk presented a Letter, as follows—

St. Paul's, Deptford.

Vestry Clerk's Offices,

20, Tanner's-hill, Broadway, Deptford, S.E.

16th April, 1886.

DEAR SIR,—I have to inform you that at a Meeting of my Vestry last evening, duly convened by notice to consider the advisability of making application to your Board to alter the numbers of representatives at the Board of Works for the Greenwich District, elected by the several Parishes in the said District, the following Resolution was unanimously carried—

“That this Vestry do apply to the Metropolitan Board of Works to alter the number
“of representatives at the Board of Works for the Greenwich District, elected by
“the Vestry of this Parish, in accordance with the results of the Census of 1881.”

I am further directed by my Vestry to submit to your Board the opinion of my Vestry that, having regard to the results shown by the Census of 1881, the number of representatives elected by this Parish ought to be increased from 42 to 57.

I am, &c.,

(Signed) THOS. W. MARCHANT,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

28. The Clerk presented Letters, as follows—

The Clerk to the
Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Letters be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor, and the Accountant do report to the Committee thereon.

29. The Clerk presented a Letter from Mr. R. Paget, Clerk to the Vestry of Clerkenwell, dated 16th April, 1886, expressing the opinion of the Vestry that the Coal and Wine Duties would form a suitable fund to be appropriated to the preservation of Open Spaces, and hoping that the Duties might be continued.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

30. The Clerk presented a Letter from Mr. C. Heath, Secretary of the Leather-lane Improvement Committee, dated 19th April, 1886, asking the Board to receive a Deputation of the Committee, and of householders, on the subject of the widening of the narrow entrance to the Lane from Holborn.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Deputation be received by the Board on the 7th May next at Twelve o'clock at noon.

31. The Clerk presented a Letter from Mr. F. Parish, Clerk to the Erith Local Board, dated 19th April, 1886, urging with regard to the Metropolitan Sewage Discharge that

the works proposed by the Board, which the Local Board were of opinion would be only a temporary remedy for the purification of the Thames, should be completed by the end of 1887.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration.

32. The Clerk presented a Letter, as follows—

Vestry of the Parish of St. John, Hampstead.

Vestry-hall, Hampstead, N.W.,
17th April, 1886.

DEAR SIR,—Referring to my Letter to you of the 15th instant on the subject of constructing a new road through the grounds of the Blind School near the Swiss-cottage and Belsize-park, and asking the Metropolitan Board of Works to contribute one-half of the cost of acquiring the necessary land for the purpose, estimated at £4,682, I omitted to state that, in addition to the cost of the land, the Vestry (subject to the approval of the Plan and the contribution by the Metropolitan Board) will have to bear the expense of making the road and the necessary Sewer estimated at £2,115.

Yours, &c.,
(Signed) THOS. BRIDGER,
Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the reference already made to them on the subject to which it relates.

33. The Clerk presented a Letter from Mr. W. F. Dewey, Clerk to the Vestry of Islington, dated 19th April, 1886, stating that the Vestry had passed a Resolution that the conversion of the footpath between the two Northern portions of Highbury-fields into a carriage-road would be detrimental to the public and that they had accordingly directed that the footpath should be tar-paved and column lamps erected down the centre thereof.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

34. The Clerk presented a Letter from Mr. G. Bray, Contractor for Wheels for the Fire Brigade, dated 21st April, 1886, asking for a payment of £200 on account of his bills for repairs and new Wheels for the two quarters ended the 31st March last.

It was *moved* by Mr. Hill, seconded by Mr. Robson, and *resolved*—That the application be acceded to, and that a Cheque for £200 be now drawn in favour of Mr. Bray; and a Cheque was drawn on the Fire Brigade Working Account accordingly.

35. Mr. Shepherd handed in a Letter from Mr. J. Harrison, Clerk to the Vestry of Bermondsey, dated 20th April, 1886, with a copy of a Report of the General Purposes Committee, adopted by the Vestry, on the subject of the cleansing and ventilation of Sewers, and the Report made by the Committee of this Board.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the said Letter and Report be referred to the Special Purposes and Sanitary Committee.

36. The Clerk presented a Letter, as follows—

Board of Works for the Greenwich District.

141, Greenwich-road,
Greenwich, S.E.,
21st April, 1886.

SIR,—This Board is purchasing of the Metropolitan Board of Works a piece of land at Deptford Bridge for £3,000. This Board has sold two portions of the land for £2,050, and will lay out the remainder as a road. I am instructed to ask the Metropolitan Board of Works to

advance the difference between these two amounts, £950, re-payable in instalments extending over as long a period as the regulations of the Metropolitan Board will allow.

I am, &c.,
(Signed) J. SPENCER,
Clerk of the Board.

The Clerk,
Metropolitan Board of Works,

- 56. HACKNEY.**—Read a Report by the Superintending Architect, dated 19th April, 1886, on the application of Mr. A. Payne, District Surveyor, for the appointment by the Board of Fees for special services performed by him in certifying that the chimney-breasts in the party-walls between the following premises might be cut away—

Nos. 58 and 58A, Lauriston-road; Nos. 202 and 204, Well-street; Nos. 204 and 206, Well-street; Nos. 198 and 200 Well-street (two chimney-breasts); and Nos. 39 and 40, Valentine-street (two chimney-breasts).

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the District Surveyor be authorised to demand and receive a Fee of Ten shillings in respect of each of the first three cases, and a Fee of Twenty shillings in each of the other two cases referred to.

- 57. HACKNEY.**—Read a Report by the Superintending Architect, dated 19th April, 1886, on a Letter from Messrs. Warburton and De Paula, requesting to be informed of the Board's reasons for not approving the Plan submitted by Messrs. Dyke and Miller for the formation of a 20 feet paved foot-way to lead out of Stoke Newington-road.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, with authority to act upon any Resolution at which they may arrive with regard thereto.

- 58. HACKNEY.**—Read a Report by the Superintending Architect, dated 20th April, 1886, on the application of Mr. J. C. Humphreys, on behalf of the Rev. L. Egan, D.D., for approval by the Board of a Plan for the construction of a temporary wood and iron Church on vacant land adjoining No. 258, Cambridge-road, South Hackney.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be referred to the Building Act Committee, for consideration and report.

Adjourned until Friday, the 7th May next, at this Office, at Twelve o'clock at noon.

1. The Minutes of the Meetings of the Board, held on the 16th and 21st April last, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meetings respectively.
2. A Deputation from the Vestry of St. Paul, Deptford, introduced by Mr. Andrews, and consisting of the following gentlemen, viz.—Mr. A. J. Dickinson, Mr. R. Wallbutton, Mr. E. J. Brennan, Mr. J. D. Smith, Mr. E. G. G. Bax, Mr. H. Keylock, Mr. J. W. Schwern, Mr. H. Hawkes, Mr. P. Channell, Mr. E. Knight, Mr. G. Porter, Mr. W. S. Morley, Mr. J. Orsman, Mr. H. Lowe, Mr. J. Webster, and Mr. W. T. Hunt,

Jun., accompanied by Mr. T. W. Marchant, the Vestry Clerk, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The humble Memorial of the Vestry of the Parish of St. Paul, Deptford, in the Counties of Kent and Surrey,

SHEWETH,—

That, considering the large population, and the vast amount of trade and manufacturing industry in the riverside districts below London Bridge, and especially having regard to the outlay of public moneys to free the Toll Bridges in the upper portion of the River, your Memorialists submit that it is reasonable that means of free intercommunication across the Thames should be provided, at the public expense, at one or more points below London Bridge.

That, taking into account the trade and population of their own Parish, and the Districts immediately adjacent, your Memorialists consider that no more suitable line of communication across the River Thames could be chosen than one between Deptford and Millwall.

That such a communication would, on the South side of the Thames, be at a convenient point of convergence for the roads leading from the adjacent districts, and would open on the North side upon a populous district and main lines of thoroughfare.

That, while your Memorialists would desire to abstain from unduly pressing their own view of the nature of the communication to be provided, they respectfully submit the desirability of a Subway for passengers and vehicles as affording convenient means of access by day and night without liability to interruption by fog or frost, and without that interference with the general traffic of the Thames, which would be the necessary result of the use of Ferry boats of the exceptional size calculated to carry vehicles as well as foot passengers.

(Signed) ARTHUR J. DICKINSON,
Churchwarden,
St Paul's, Deptford,
On behalf of the Vestry.

The Deputation having been heard in support of the Memorial,

It was moved by Mr. Andrews, seconded, and resolved—That the Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

3. A Deputation from the Leather-lane Improvement Committee, introduced by Mr. Phillips, and consisting of the following gentlemen, viz.—Colonel Duncan, M.P., Mr. M. M. Hanly, Mr. C. Heath, Mr. A. Gillett, Mr. P. Kavanagh, Mr. S. Jacobs, Mr. T. Whitehead, Mr. S. Roberts, Mr. A. W. Vokins, Mr. G. A. Pinner, Mr. G. Baldaci, Mr. W. Edney, Mr. A. Rombach, and Mr. T. Licence, attended the Board, and presented a Memorial, as follows—

To the Chairman and Members of the Metropolitan Board of Works.

GENTLEMEN,—We the undersigned inhabitants of Leather-lane, and its vicinity, beg, on public grounds, respectfully to invite your attention to the condition of the narrow entrance of Leather-lane from Holborn, caused by a few houses on the East side being built out into the space which should form the road-way.

Also to the great danger to the public, who have to pass up and down on one side (there being no path on the other), the width of the existing path being only 26 inches at one portion, pedestrians are frequently forced into the road-way; whereas, if these houses were thrown back, to continue the line of other buildings, a double path and a wider road-way could be obtained.

In a sanitary respect it would be a boon to the neighbourhood.

We herewith beg to hand you a copy of the Memorial originally presented to our Local Board, which is signed by nearly all the inhabitants of Leather-lane.

Signed this 7th day of May, 1886, on behalf of the Ratepayers and Committee,

(Signed) M. M. HANLY, Chairman,
(„) CHARLES HEATH, Secretary,

The copy Memorial referred to was laid before the Board.

The Deputation having been heard in support of the Memorial,

It was *moved* by Mr. Phillips, seconded, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

4. This being the day appointed for receiving Tenders for the construction of a Bridge across the Thames at Battersea,

The Clerk laid before the Board sixteen Tenders which he had received pursuant to the Advertisement.

It was *moved*, seconded, and *resolved*—That the said Tenders be now opened.

The Tenders were then opened, as follows—

1. Mr. Fowler brought up a Report, as follows—

REPORT OF THE COMMITTEE OF THE WHOLE BOARD.

Spring-gardens, 7th May, 1886.

Your Committee have to report that they have considered the several Tenders for the construction of a Bridge across the Thames at Battersea, referred to them this day, and beg to recommend—

That the Tender of Mr. G. B. Godfrey, for the execution of the works for a sum of £130,000 be accepted, subject to the result of enquiries being satisfactory, and to the names of the Ironfounders to be employed being approved by the Engineer of the Board.

All which your Committee beg to submit.

(Signed) J. MCGAREL-HOGG,
FRANCIS H. FOWLER,
HENRY HARBEN,
W^M. SHEPHERD.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded by Mr. Phillips, and *resolved*—That the Tender of Mr. G. B. Godfrey, for the construction of a Bridge across the Thames at Battersea, for a sum of £130,000 be accepted, subject to the result of the usual enquiries being satisfactory, and to the names of the Ironfounders to be employed being approved by the Engineer of the Board.

Mr. Godfrey was then called in and informed by the Chairman of the foregoing Resolution, and, in reply to a question, he stated that he was prepared to execute the works in accordance with the Board's Specification, and on the conditions named in the Resolution, and for the amount of his Tender.

2. The Board proceeded to consider the matter of Disagreement between Messrs. Oliver and Leeson, Architects, and Mr. H. Jarvis, District Surveyor, relative to the construction of two staircases at the Alleyn Boys' School, in Townley-road, Dulwich.

Mr. John Robinson, the representative of Messrs. Oliver and Leeson, and Mr. H. Jarvis, the District Surveyor, attended the Board.

Read a Report, as follows—

Superintending Architect's Department,
Spring-gardens,
6th May, 1886.

Metropolitan Building Act, 1855, Sec. 30.

In the matter of a Disagreement between Mr. Henry Jarvis, District Surveyor for St. Giles, Camberwell, and Messrs. Oliver and Leeson, Architects, of Newcastle-on-Tyne, with regard to the construction of two staircases at the Alleyn Boys' School, in Townley-road, Lordship-lane, Dulwich. (35,631.)

REPORT.

These staircases are respectively 3 feet 9 inches wide, and extend from the basement to the second floor of the School building. The steps are of solid oak, 11½ inches by 9 inches, of spandril section, and have a bearing at one end of 9 inches upon brick walls 18 inches thick.

The landings of the staircases are of solid oak, 6 inches thick, and are pinned into the walls in the same manner as the steps, and are set in cement.

The floors of the corridors leading from the staircases are of concrete on iron girders.

The District Surveyor objects to the staircases as not being in conformity with Section 22 of the Metropolitan Building Act, 1855, which requires the landings and flights of stairs in every public building to be of stone or other fire-proof material, carried by supports of a fire-proof material.

(Signed) GEORGE VULLIAMY,
Superintending Architect.

Mr. Robinson and Mr. Jarvis addressed the Board, and the Board having considered the statements made by them, and all the facts of the case,

It was *moved* by Mr. Selway, seconded by Mr. Deputy Saunders, and *resolved*—That the said staircases be approved.

It was thereupon *resolved* and *ordered*, as follows—

Metropolitan Building Act, 1855, Section 30.

Whereas a Disagreement arose between Mr. Henry Jarvis, District Surveyor for the District of St. Giles, Camberwell, and Messrs. Oliver and Leeson, Architects, of Newcastle-on-Tyne, with respect to the construction of a portion of a Public Building—that is to say, two staircases at the Alleyn Boys' School, in Townley-road, Lordship-lane, Dulwich, within the District aforesaid, and it was alleged by the District Surveyor that the construction of the said staircases was not such as could be approved by him. **And Whereas** the Architects have insisted to the contrary, and the Metropolitan Board of Works have been applied to, pursuant to the 30th Section of the Metropolitan Building Act, 1855, to determine the matter in difference. **And whereas** the parties

7 May, 1886.

have appeared before, and have been heard by this Board on the said matter. Now, this Board, having duly considered the allegations of the said parties respectively, and all that has been stated and proved before them in relation to the said matter of Disagreement, do, in exercise of the powers vested in them by the said Metropolitan Building Act, 1855, hereby ~~order~~ and direct that the said two staircases be constructed in the manner proposed by Messrs. Oliver and Leeson, and described in the foregoing Report by the Superintending Architect.

3. Mr. Deputy Saunders handed in a Letter, as follows—

London, Sewers' Office, Guildhall,
22nd April, 1886.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—Circumstances have recently come to the knowledge of the Commissioners of Sewers which, in their opinion, render the present an opportune time to extend the Improvement which for some years past they have been gradually effecting in Gracechurch-street, by setting back the premises No. 62 therein, as shown by the red tint upon the accompanying Plan.

For this purpose they have given notice to acquire the said premises, and they will hereafter submit to your Honourable Board an estimate of the expense which will be incurred in setting back the said property, in the confident expectation that you will liberally assist them in effecting this Improvement in one of the most important thoroughfares for traffic in London.

I have, &c.,
(Signed) H^Y. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was ~~moved~~ by Mr. Deputy Saunders, seconded, and ~~resolved~~—That the Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

4. Mr. Wetenhall handed in a Letter, as follows—

Vestry of Saint Pancras,
General Business Department,
Vestry-hall, Pancras-road,
6th May, 1886.

ASCHAM-STREET AND DUNOLLIE-ROAD.

SIR,—I am directed by the Vestry to refer to the Order of your Board of the 12th February last for the incorporation of Ascham-street with Dunollie-road, and to inform you that in consequence of the Vestry having received a Memorial from the inhabitants of Ascham-street against the proposed incorporation of that thoroughfare, they have re-considered the matter, and have arrived at the conclusion that it would be more expedient for Dunollie-road to be incorporated with Ascham-street, than that the original suggestion should be carried out.

I am therefore to request your Board to revoke their Order of the 12th February last relating to the subject of this Letter, and to issue one in lieu thereof for the incorporation of Dunollie-road with Ascham-street, as the Vestry are of opinion that the streets should be known by one name.

I am, &c.,
(Signed) THOS. ECCLESTON GIBB,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

The Clerk laid before the Board a Memorial from Owners of property and householders in Dunollie-road, requesting that when the recommendation of the Vestry of St. Pancras, for the reversal of the Order of the Board of the 12th February last, incorporating Ascham-street, &c., with Dunollie-road, shall be under consideration, due regard might be had to the Act regulating such Orders, and that, as the time for carrying out the Order had elapsed, the Order might not be renewed.

It was ~~moved~~ by Mr. Wetenhall, seconded, and ~~resolved~~—That the said Letter and Memorial be referred to the Building Act Committee, for consideration and report.

5. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 3rd May, 1886.

Your Committee have considered the Notice from the New River Company, referred by the Board on the 16th ultimo (No. 44), to the effect that the Company would, on and after the 14th August and the 14th December next, give a constant supply of Water in certain districts or areas in the Parish of Saint Pancras, as described in the Notice. Upon the several previous similar Notices received from the New River Company, and other Water Companies, the Board have decided not to dissent from the proposals, and your Committee recommend a similar course with regard to the present Notice.

Your Committee submit, for the information of the Board, a list of claims settled by them during the three months ended 31st March last.

All which your Committee beg to submit.

(Signed)

The Report having been read and received,

It was moved by Mr. Fowler, seconded, and resolved—That the Board do not dissent from the proposal of the New River Company to give a constant supply of Water in certain districts or areas in the Parish of St. Pancras, described in the Notice received from the Company.

6. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 4th May, 1886.

Your Committee have considered the Letter from the Vestry of Camberwell, forwarding a Memorial by inhabitants of Nunhead, on the subject of the arrangements for protection from fire in that neighbourhood, the Letter having been referred by the Board on 21st April last (No. 26). The Memorialists ask that further provision for protection from fire may be made in the neighbourhood of Nunhead, and the Vestry express the hope that the Board will comply with the request of the Memorialists, and place a Fire-escape and Fire-alarm posts in that part of the Parish. Your Committee regret to be under the necessity of making the same recommendation in this case as they have had recently to make with respect to all other applications for an extension of the arrangements for extinguishing fires—namely, that, in the present state of the Fire Brigade finances, it is impossible for the Board to increase the number of Fire-engine or Fire-escape Stations in any part of the Metropolis. They recommend—

That the Vestry of Camberwell be so informed.

Your Committee have to report that Fourth-class Fireman Thomas E. O. Boyle has withdrawn from the service, and that his name has accordingly been removed from the list of Firemen.

Third-class Fireman Jerome Moon, and Fourth-class Firemen William Gatehouse, George H. Cooke, and John Baldwin have been reported to your Committee for various acts of misconduct, which renders it undesirable that they should be retained in the Brigade. Your Committee therefore recommend—

That they be dismissed.

Your Committee have further to recommend—

That the following promotions be made, viz.—Third-class Fireman George L. Frankham to the Second Class ; Fourth-class Firemen Samuel H. Smallden and David H. Moore to the Third Class.

That Howard Beckwith, Walter E. Edwards, and Gilmore Howard be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

Your Committee have further to report, for the Board's information, that, acting under the authority of the Board of 19th February last (No. 2), they have accepted, subject to the usual conditions, the Tender of Messrs. Lonergan Brothers, of Plumstead, for the erection of the new Fire Brigade Station in Sun-street, Woolwich, for the sum of £4,750.

All which your Committee beg to submit.

(Signed)

GEO. HILL,
W. R. SELWAY,
GEO. PHILLIPS,
AND. MIDDLEMASS,
W. J. WETENHALL.

The Report having been read and received,

7. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 4th May, 1886.

Your Committee beg to submit herewith three Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrates to be done at the following premises, the same being Dangerous Structures, viz.—

- No. 83, Rotherhithe-street, Rotherhithe.
- „ 14, Linwood-place, Newington.
- „ 174, Gray's-inn-road, St. Andrew, Holborn.

Your Committee have considered the Letter from the Vestry of Newington, stating that buildings were in course of erection in York-mews, York-street, Walworth, and asking the Board to take steps for preventing the mews being built upon and opened for carriage traffic, with a less width than 40 feet, referred by the Board on the 19th March last (No. 51). Your Superintending Architect has prepared Plans from actual admeasurement, from which it appears that the new road approved by the Board is being formed of the full width of 40 feet, and that the flank wall of the building nearest

York-mews is being erected at a distance of 20 feet 6 inches from the centre of the mews. The buildings are as yet incomplete, but as the mews is now being made of the necessary width, your Committee recommend—

That the Vestry of Newington be informed, in reply to their Letter, that no action will be taken by the Board in the matter.

Your Committee have also considered the Letter from the Home Secretary, transmitting a Letter from the Metropolitan Public Gardens Association, calling attention to an alleged breach of the Disused Burial-grounds Act, 1884, by the erection of an Infant school on a portion of the disused Burial-ground of Christchurch, in Blackfriars-road, referred by the Board on the 16th ultimo (No. 41). Lord Brabazon, as Chairman of the Association, informed the Secretary of State, on the 9th February last, that they had offered to lay out the disused Burial-ground as a public recreation-ground, but had been refused the necessary permission by the Vestry. In February, 1885, the Vestry obtained the sanction of the Board to the erection of the Infant School in question, as a temporary building, and permission for its use was granted from the 20th of that month, for a period of two years. The building is of wood and iron, and is placed upon a thick bed of concrete, and when the application was made to the Board, the land was shown upon the Plan as being separated from the Churchyard by a wall. Your Committee recommend—

That the Home Secretary be informed that the building in question is of a temporary nature, and that the License which was granted by the Board for its retention will expire in February, 1887.

Your Committee have had under consideration the Letter from the Vestry of Paddington, relative to the erection of a wooden structure in front of No. 172, Queen's-road, Bayswater, and requesting the Board to take steps to cause the removal of such structure, referred by the Board on the 9th ultimo (No. 63). The structure, which is 6 feet in height, and projects 4 feet, is placed upon the edge of the raised pavement in front of No. 172, Queen's-road. The pavement is not used by the public, but goods are exposed for sale upon it. The Board in 1881 sanctioned the erection of shop additions, but it was then agreed that the space in front of Nos. 166 to 172 should be given up to the public. Your Committee, having conferred with your Solicitor and your Superintending Architect, recommend—

That the Vestry be informed that the matter is within their own jurisdiction.

Your Committee have considered the Letter from the Vestry of Camberwell, stating that complaint had been made to them that Mr. W. W. Tanner had erected a structure at No. 81, Meeting-house-lane, without a License from the Board, and asking whether the Board would take proceedings to compel him to comply with the Statute, referred by the Board on the 5th February, last (No. 5). The Board, on the 19th March last, instructed their Solicitor to take proceedings, and a Penal Notice was accordingly served upon the builder. Your Superintending Architect has now reported that the structure has been removed, with the exception of the two iron pillars in front. Your Committee recommend—

That no further action be taken in the matter, and that the substance of the Solicitor's Report be communicated to the Vestry.

Your Committee have also considered the joint application of Messrs. Christopher and White and Mr. M. L. Saunders, on behalf of Sir H. P. T. Barron, Bart., and Mr. Ruck, for approval by the Board of a Plan for the formation and names of roads to lead out of Woolwich Lower-road, Greenwich, and for the widening of that road, referred by the Board on the 9th ultimo (No. 68). The Board, on the 11th December last, declined to sanction the formation of roads upon the Estate. The present amended Plan shows that additional outlets have been formed, and that the roads will be of the width of 40 feet. Your Committee recommend—

That the application be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names

" Halstow-road, S.E.," " Chevening-road, S.E.," and " Kemsing-road, S.E.," be approved for the same.

Your Committee have considered the application of Mr. H. A. Hunt, on behalf of Earl Cadogan, for approval by the Board of a Plan for the formation and names of streets to lead out of Sloane-square, Chelsea, referred by the Board on the 16th ultimo (No. 71). The applicant proposes, in connection with the Estate, to lay out Lower Sloane-street of a uniform width of 50 feet, to form a square or gardens, to alter the position of Lower George-street, making it 50 feet in width for part of its length, and to stop the present outlet of Lower George-street at its Southern end, and also an adjacent alley. It is intended to form a new street, 40 feet in width, from Queen's-road East to the Sloane-square Station of the Metropolitan District Railway, and a mews 30 feet in width. The Vestries of St. George, Hanover-square, and Chelsea offer no objection to the proposal. Your Committee recommend—

That the application be granted, on condition that no barriers [be] at any time erected or other obstructions caused to the free use by the public of the roads.

Your Committee have further considered the subject of the preparation of new Bye-laws to regulate the use of concrete in buildings. Your Committee, on the 22nd January last, submitted to the Board Bye-laws relating to concrete walls, together with Clauses as to the duties and remuneration of the District Surveyors, and on the same day the Board formally approved them, subject to confirmation by the Secretary of State. The 16th Section of the Act of 1878 provides that copies of the Bye-laws made by the Board shall be forwarded to the Royal Institute of British Architects and the Institution of Surveyors, and that the Bye-laws shall be advertised in the manner therein described. Your Committee have received from the two bodies above mentioned certain suggested modifications, but they are of opinion that the Bye-laws as approved by the Board are adequate for the purpose, and require no alteration. The two months' time prescribed by the 16th Section of the Act having elapsed, and the requirements of the Act having been complied with, your Committee recommend—

That the Bye-laws which were approved by the Board on the 22nd January last be forwarded to the Secretary of State for confirmation.

Your Committee have considered the application of Messrs Williams and Gritten, on behalf of Sir G. E. Hodgkinson, for the consent of the Board to the erection of the Girls' Home, at the corner of Chenies-street and Huntley-street, Tottenham-court-road, with projecting bay-windows, and a porch and angle turret, to the lines shown upon the Plan accompanying the application, referred by the Board on the 19th February last (No. 49). In the erection of the building, two bay-windows and a porch will be constructed to front Chenies-street, and two bay-windows to front Huntley-street, and there will be a turret at the angle of the two streets. There will be areas in front of the building, similar to the existing areas in those streets. Your Committee have had before them an amended Plan, submitted by the applicant in accordance with suggestions made by them, and they recommend—

That the application be granted, upon condition that the erection of the building therein referred to be commenced within Six months, and be completed within Eighteen months from the 7th May, 1886, and that the erection be made in entire conformity with the letter of application, and as shown on the amended Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have further to report that they have considered the application of Mr. C. Bentley, on behalf of Mr. E. Robinson, for approval by the Board of a Plan for the formation and names of roads, and the widening of an existing road, on an Estate situated to the South-East of Highbury-place, Islington, referred by the Board on the 12th March last (No. 89.) It is proposed to lay out the Estate by forming new roads of the width of 40 and 45 feet respectively, having communication with Highbury-place and Highbury-grove, and to open up and widen Highbury-mews, for the greater part of its length. The subject has also been considered by the Parks, &c., Committee, and the locality has been viewed. The Vestry of Islington consider the Plan in its

present form to be objectionable, and your Committee concurring in that view—recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. J. E. Sears, on behalf of Mr. H. J. Kimbell, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 381, Hornsey-road, Islington, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 16th ultimo (No. 60). Various applications have been made from time to time for permission to extend the premises, and on the 27th November, 1885, the Board sanctioned a Plan then submitted for an addition at the rear, fronting Marlborough-road. The applicant now desires to bring forward a one-storey shop on the forecourt next Hornsey-road, and to give up to the public way a strip of land, so as to widen that road from 40 to 45 feet. Your Committee consider the proposal objectionable, and recommend—

That the application be not granted.

Your Committee have considered the application of Mr. E. Watkins, on behalf of Mr. C. Wilson, for the consent of the Board to the erection of shop fronts to Nos. 120, 122, 124, 126 and 128, Beckenham-road, Penge, to the line shown upon the Plan accompanying the application, referred by the Board on the 16th ultimo (No. 61). It is proposed to extend the shop fronts to these houses, which have large forecourts, 18 inches beyond the external face of the wall. The Lewisham District Board have no objection to the proposal, and your Committee recommend—

That the application be granted, upon condition that the erection of the shops therein referred to be commenced within Six months and be completed within Eighteen months from the 7th May, 1886, and that, previously to the commencement of building operations, the ground separating the proposed shops from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. A. O. Collard, on behalf of^f the Managers of the Darby-street Schools, for approval by the Board of a Plan for the construction of a temporary wood and iron building in Cooper's-row, Upper East Smithfield, referred by the Board on the 16th ultimo (No. 66). It is desired to use the proposed structure during the re-building of the present schools. It will be 60 feet by 27 feet, and 9 feet high to the eaves. The construction proposed is for the most part similar to that usually adopted in the erection of this class of building. Your Committee recommend—

That the application be granted for a period of One year, from the 7th May, 1886, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have considered the application of Mr. J. C. Humphreys, on behalf of Mr. R. A. Valpy, for approval by the Board of a Plan for the construction of a temporary iron building at Christ Church Schools, in Falcon-grove, Battersea, referred by the Board on the 16th ultimo (No. 70). It is intended to use the structure as a gymnasium, in connection with the schools, and to erect it in the playground fronting upon Lubeck-street. It will measure 48 feet by 28 feet, and will be 21 feet high. It is constructed almost entirely of iron framework, but one side is enclosed with a brick wall, and the only woodwork used in its construction is in the roof. Your Committee recommend—

That the application be granted for a period of Two years, from the 7th May, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have considered the application of Mr. T. J. Bailey, on behalf of the School Board for London, for approval by this Board of a Plan for the construction

of two blocks of water closets and urinals, and two open play-sheds at the Schools in Hindle-street, Shacklewell, referred by the Board on the 16th ultimo (No. 72). The blocks are divided by brick walls, and are again sub-divided by wooden partitions with glass roofs. The open sheds measure about 55 feet by 20 feet, and are 6½ feet high to the eaves. The construction is similar to that of many other buildings approved by the Board for the various Board Schools in the Metropolis. Your Committee recommend—

That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have considered the application of Messrs. Carter, Paterson and Co., for approval by the Board of a Plan for the construction of warehouse buildings at the rear of premises in Goswell-road, Clerkenwell, with cubical contents in excess of the limit prescribed by the Metropolitan Building Act, 1855, referred by the Board on the 16th ultimo (No. 74). The buildings practically form one large warehouse, the cubical contents of the whole being about 826,146 feet, or 610,146 feet in excess of the limit prescribed by the Building Act for buildings of this description. The applicants propose to construct the premises, with the exception of the roof, the stalls for stables, and the doors, of fire-resisting materials, the walls being of brickwork, and the floors of iron and concrete, supported upon iron columns. The approaches to the various floors are by slopes formed inside the building. The mode of planning the building appears to be necessary for the purpose of carrying on the business, and your Committee consider the proposed construction satisfactory. The Board, however, have no discretionary power, and your Committee have only to recommend—

That no action be taken in the matter.

Your Committee have considered the application of Mr. E. Burgess, on behalf of Messrs. J. S. Fry and Sons, for approval by the Board of a Plan for a proposed alteration in the position of Cross-street, Lever-street, referred by the Board on the 21st ultimo (No. 50). An arrangement has been entered into between the Vestry of St. Luke and the applicant for the diversion of Cross-street from its present position to the end of Little Nelson-street. By this arrangement the applicant's premises will be brought together and will form one block, and an objectionable *cul de sac* at the end of Little Nelson-street will also be removed. Your Committee are of opinion that the Board have no power to deal with the matter, and they recommend—

That Mr. Burgess be so informed.

The Board, on the 21st April last (No. 52), referred to your Committee a Letter from the Wandsworth District Board, asking this Board to re-consider their decision, sanctioning the formation of Weiss-road, Lower Richmond-road, Putney. The Board, upon the recommendation of your Committee, on the 19th March last, approved of the formation of the road. The District Board now ask that the matter should be re-considered, as it is not intended to set back the building at the North-West corner of the land 20 feet from the centre of Lower Richmond-road. The Plan first submitted to the Board appeared to show Lower Richmond-road set back up to Biggs-row, and included the removal of the house referred to. Your Committee see no reason to re-open the matter, which received careful consideration at the time, and they recommend—

That the Wandsworth District Board be informed, that the Board are unable to take any action in the matter.

Your Committee have considered a Letter from Mr. T. Blashill, District Surveyor, relative to the erection of stables, with dwelling rooms over the same, in Kingsgate-mews, Quex-road, Kilburn, without the open space at the rear thereof required by the Metropolis Management Amendment Act and the Metropolitan Building Act, referred by the Board on the 21st ultimo, (No. 54). The Board, on the 19th March last, informed the District Surveyor, in reply to his Letter, that they considered it to be his duty to take proceedings against the builder of the stables, which had been erected

without open spaces at the rear. The District Surveyor states in reply that the builder has produced a Plan showing that a portion of the site of the stables was occupied by buildings prior to 1883, and that he cannot, in his opinion, successfully take proceedings under the Act of 1882, to compel the provision of an area at the back. Your Committee recommend—

That Mr. Blashill be informed that, in the opinion of the Board, it is his duty to take the necessary legal proceedings.

Your Committee have considered the application of Mr. J. C. Humphreys, on behalf of the Rev. L. Egan, D.D., for approval by the Board of a Plan for the construction of a temporary wood and iron Church on vacant land adjoining No. 258, Cambridge-road, South Hackney, referred by the Board on the 21st ultimo (No. 58). The building measures 40 feet by 20 feet, and is of the total height of 17 feet. In front there is a small porch, and at the rear an addition measuring 20 feet by 10 feet. The construction is similar to that usually adopted in the erection of this class of building, and appears to be satisfactory. Your Committee recommend—

That the application be granted for a period of Two years, from the 7th May, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

All which your Committee beg to submit.

The Report of the Building Act Committee of the 4th day of May, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure No. 174, Gray's-inn-road, St. Andrew, Holborn, had failed to comply with the Order made by John Hosack, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Clerkenwell Police-court, on the 6th day of April last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down all such portions of the front, back and flank walls of the Structure, No. 174, Gray's-inn-road, St. Andrew, Holborn, as are loose, cracked, bulged, defective, or out of the upright.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That no further action be taken with reference to the Letter from the Vestry of Newington, stating that buildings were in course of erection in York-mews, York-street, Walworth, and asking the Board to take steps in the matter, and that the Vestry be informed that the mews is now being formed of the necessary width.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Home Secretary, transmitting a Letter from the Metropolitan Public Gardens Association, calling attention to an alleged breach of the Disused Burial-grounds Act, 1884, by the erection of an Infant School on a portion of the Disused Burial-ground of Christ-church, in Blackfriars-road, be approved, and that the Home Secretary be informed that the building is of a temporary nature, and that the License which was granted by the Board for its retention will expire in February, 1887.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Vestry of Paddington, as to the erection of a wooden structure in front of No. 172, Queen's-road, Bayswater, and requesting the Board to take steps to cause the removal of such structure, be approved, and that the Vestry be informed that the matter is within their jurisdiction.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the Letter from the Vestry of Camberwell, stating that complaint had been made to them that Mr. W. Tanner had erected a structure at No. 81, Meeting-house-lane, without a License, be approved; that no further action be taken in the matter, and that the substance of the Solicitor's Report on the subject be communicated to the Vestry.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the joint application of Messrs. Christopher and White and Mr. M. L. Saunders, on behalf of Sir H. P. T. Barron, Bart., and Mr. Ruck, for approval by the Board of a Plan for the formation and names of roads to lead out of Woolwich Lower-road, Greenwich, and for the widening of that road, be granted on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Halstow-road, S.E.," "Chevening-road, S.E." and "Kemsing-road, S.E.," be approved for the same.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. H. A. Hunt, on behalf of Earl Cadogan, for approval by the Board of a Plan for the formation and names of streets to lead out of Sloane-square, Chelsea, be granted, on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the roads.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the Bye-laws relating to

concrete buildings which were submitted to and approved by the Board on the 22nd January last, be now forwarded to the Secretary of State for confirmation.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Williams and Gritten, on behalf of Sir G. E. Hodgkinson, for the consent of the Board to the erection of the Girls' Home, at the corner of Chenies-street and Huntley-street, Tottenham-court-road, with projecting bay-windows, and a porch and angle turret, to the line shown upon the Plan accompanying the application, be granted, upon condition that the erection of the building therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erection be made in entire conformity with the letter of application, and as shown on the amended Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. Bentley, on behalf of Mr. E. Robinson, for approval by the Board of a Plan for the formation and names of roads, and the widening of an existing road, on an Estate situated to the South-East of Highbury-place, Islington, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. E. Sears, on behalf of Mr. H. J. Kimbell, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 381, Hornsey-road, Islington, to the line shown upon the amended Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. E. Watkins, on behalf of Mr. C. Wilson, for the consent of the Board to the erection of shop fronts to Nos. 120, 122, 124, 126 and 128, Beckenham-road, Penge, to the line shown upon the Plan accompanying the application, be granted, upon condition that the erection of the shops therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that, previously to the commencement of building operations, the ground separating the proposed shops from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. O. Collard, on behalf of the Managers of the Darby-street Schools, for approval by the Board of a Plan for the construction of a temporary wood and iron building in Cooper's-row, Upper East Smithfield, be granted for a period of One year from this date, upon condition that the Owners do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. C. Humphreys, on behalf of Mr. R. A. Valpy, for approval by the Board of a Plan for the construction of a temporary iron building at Christchurch Schools, in Falcon-grove, Battersea, be granted for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. T. J. Bailey, on behalf of the School Board for London, for approval by this Board of a Plan for the construction of two blocks of water-closets and urinals, and two open play-sheds at the Schools in Hindle-street, Shacklewell, be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken by the Board with reference to the application of Messrs. Carter, Paterson, and Co., for

approval by the Board of a Plan for the construction of warehouse buildings at the rear of premises in Goswell-road, Clerkenwell, with cubical contents in excess of the limit prescribed by the Metropolitan Building Act, 1855.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That Mr. E. Burgess be informed, in reply to his application on behalf of Messrs. J. S. Fry and Sons, for approval by the Board of a Plan for a proposed alteration in the position of Cross-street, Lever-street St. Luke, that the Board have no power to deal with the matter.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Wandsworth District Board, asking this Board to reconsider their decision, sanctioning the formation of Weiss-road, Lower Richmond-road, Putney, be approved, and that the District Board be informed that this Board are unable to take any action in the matter.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to the erection of stables, with dwelling-rooms over the same, in Kingsgate-mews, Quex-road, Kilburn, without the open space at the rear thereof required by the Metropolis Management Amendment Act, be approved, and that Mr. Blashill be informed, that, in the opinion of the Board, it is his duty to take the necessary legal proceedings.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. C. Humphreys, on behalf of the Rev. L. Egan, D.D., for approval by the Board of a Plan for the construction of a temporary wood and iron Church on vacant land adjoining No. 258, Cambridge-road, South Hackney, be granted for a period of Two years from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

8. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 5th May, 1886.

Your Committee have to report that they have considered the applications made to them by the Park Superintendents for additional labour and horse-hire in connection with the Board's Parks, Gardens, and Open Spaces, and they beg to recommend—

That the following labour and horse-hire be sanctioned—

Finsbury-park—2 labourers for 5 months, to assist in general work of Park.

Hackney-downs—15 labourers for two weeks, to complete levelling and sowing, &c.

Hampstead-heath—2 labourers for 4 weeks, to cut down dead furze.

Southwark-park—3 labourers for 4 weeks, to tar-paint the paths.

Clapham-common—3 labourers for 2 weeks to prepare for sowing.

Blackheath—2 labourers for 2 weeks, to prepare for sowing.

Peckham-rye—3 labourers for 2 weeks, to prepare for sowing.

Victoria Embankment-gardens, &c.—Horse and van for 30 days, for bringing bedding-out plants from Finsbury-park.

Hampstead-heath—1 horse for 6 days.

Wormwood-scrubs—4 horses and a roller for 6 days, for rolling the surface.

Southern Open Spaces—Horse and water-cart for two weeks, to water newly planted trees.

Your Committee have to report that the following articles are required for use in Finsbury-park, 15 cwt. of whiting, 40 bundles of stakes, $\frac{1}{2}$ cwt. of cart grease, 2 dozen scythe blades, 2 dozen sneaths, 6 dozen wedges, 2 dozen rings, 12 dozen birch brooms, 3 dozen wooden rakes, 1 dozen mops, and 6 bill-hooks. Your Committee recommend—

That the articles be obtained at an estimated cost of £15.

The attention of your Committee has been called to the condition of the paths in Southwark-park. Your Committee consider that immediate steps should be taken for painting the paths with tar and grit, and as your Committee have a quantity of grit in stock they propose to carry out the work forthwith, in the event of the Board approving of the necessary expenditure for tar. Your Committee recommend—

That 30 barrels of tar be obtained for the above-named purpose, at an estimated cost of £15.

Your Committee have had before them a Letter from the Vestry of Islington, referred to them on the 21st ultimo (No. 33), respecting the public footpath which now divides the two Northernmost parts of Highbury-fields. The Vestry have, by a Resolution expressed their opinion—"That it would be detrimental to the due enjoyment of "Highbury-fields by the parishioners and the public if a carriage road were to be formed "between Highbury-place and Christ Church," and in this view your Committee coincide. They, therefore, recommend the Board to adopt a like view, and to inform the Vestry accordingly.

The attention of your Committee has been called to the state of the boundary fence of Highbury-fields, and they are of opinion that so far as the existing iron fence is concerned it should be repaired and painted, the estimated cost of the work is £167; and they recommend accordingly.

The two Northern portions of Highbury-fields are at present enclosed by a close and unsightly wooden fence, and your Committee are of opinion that it should be removed and that an open fence of a similar description to that on the Easternmost portion of the lower part of the Fields, should be erected around the margin of these portions of the Fields. Your Committee therefore recommend—

That the work be executed at an estimated cost of £612.

There is at the Northernmost point of Highbury-fields a narrow strip of land lying between a brick wall and the public footpath, leading from Christ Church to Highbury-place, which is too narrow for public recreation. Your Committee consider that the best mode of dealing with the ground would be to enclose it with unclimbable hurdles, and plant shrubs within the enclosure so formed. Your Committee therefore recommend—

That an expenditure of £30 be sanctioned for the purchase of the necessary hurdles.

There are at present no seats on Highbury-fields, and as the Fields are now much frequented by the public, your Committee recommend, that 48 seats, with backs, of a description similar to those in use on the Board's other Open Spaces, be obtained and placed on the Fields, the ground around each seat being laid with tar-paving. The estimated cost of the seats with the tar-paving work is £192, and your Committee recommend—

That the expenditure of that sum be sanctioned.

Your Committee have to report that James Smith, one of the persons licensed by the Board to let animals on hire on Clapham-common, neglected to wear his badge on Easter Monday, and also to keep his animals within the stand when they were not

being used. Your Committee consider that the Regulations of the Board should be strictly enforced, particularly at holiday times, and they, therefore, recommend—

That the License of James Smith be revoked.

Your Committee have further to report that Abraham Lee, junr., of No. 6, Marlborough-cottages, Stafford-street, Peckham-rye, who is licensed to let animals on hire on Peckham-rye was in the stand on Monday last without his badge, and stated in reply to the Board's Superintendent that he did not possess a License. Your Committee consider that an example should be made of Lee, and they therefore recommend—

That his License be revoked.

Your Committee have to report that it is very desirable that tar-paving should be laid around the seats on Eel-brook-common and Parson's-green, and they recommend—

That the work be executed at an estimated cost of £60.

Your Committee have also to report that a similar course is requisite with regard to the seats on Brook-green. Your Committee recommend—

That the work be executed at an estimated cost of £22.

Your Committee regret to have to report that owing to the severe winter, a large portion of the furze on Hampstead-heath is dead and must be cleared away in order to allow the undergrowth to come up. Your Committee in a previous recommendation have advised the Board to sanction the necessary labour for the purpose, and they think it right, having regard to the public interest taken in Hampstead-heath, to report the reason that so much furze is about to be cut down.

Under the authority conferred on them by the Board on the 13th June, 1873 (No. 13), your Committee have to report that they have authorised the following allowance and purchases to be made—

Victoria Embankment Gardens.—Half-pay to be continued for five more weeks, if necessary, to Thomas Chapman, labourer, who met with an accident; and alterations to be made to the gratings and stones around the trees on the Embankment road-way; and some stakes, rakes, trowels, and nails purchased for use in the Gardens.

Chelsea Embankment Gardens.—Five bundles of stakes to be purchased, and two lawn mowers repaired.

Hampstead-heath.—Four pairs of gloves for use when cutting furze, some scythe blades and stones to be purchased, and a water-trough removed to the margin of the road, opposite the lower donkey stand.

Southwark-park.—Eight hundred weight of wire for repairing fencing, and two new spring plant barrows to be purchased.

Blackheath.—Six bushels of grass seed and two gallons of neat's foot oil to be purchased.

Peckham-rye.—Six bushels of grass seed to be purchased, and repairs to the watch-box.

Tooting-common.—Six bushels of grass seed, and 100 stakes to be purchased.

Plumstead-common.—The erection of a boundary fence at the rear of Blendon terrace, and the repair of the watch-box and some hurdles sanctioned.

Brook-green.—Repair of the watch-box sanctioned.

Goose-green.—Repair of the fencing sanctioned.

Your Committee have also to report that they have accepted the Tender of Messrs. Gardiner and Co., for the clothing, and the Tender of Messrs. Stillwell and Son for the

helmets and hats required for men engaged in connection with the Board's Parks, Gardens, and Open Spaces for the ensuing three years.

All which your Committee beg to submit.

(Signed) J. E. BRADFELD,
JOHN RUNTZ,
WM. SHEPHERD,
GEO. HILL,
DONALD MUNRO.

The Report having been read and received.

It was moved by Mr. Bradfield, seconded, and resolved—That the under-mentioned extra labour and horse-hire be sanctioned—

Finsbury-park—2 Labourers for 5 months, to assist in the general work of the Park.

Hackney-downs—15 Labourers for 2 weeks, to complete the levelling and sowing, &c.

Hampstead-heath—2 Labourers for 4 weeks, to cut down dead furze.

Southwark-park—3 Labourers for 4 weeks, to tar-paint the paths.

Clapham-common—3 Labourers for 2 weeks, to prepare for sowing.

Blackheath—2 Labourers for 2 weeks, to prepare for sowing.

Peckham-rye—3 Labourers for 2 weeks, to prepare for sowing.

Victoria Embankment-gardens, &c.—Horse and van for 30 days, for bringing bedding-out plants from Finsbury-park.

Hampstead-heath—1 horse for 6 days.

Wormwood-scrubs—4 horses and a roller for 6 days, for rolling the surface.

Southern Open Spaces—Horse and water-cart for 2 weeks, to water the newly planted trees.

It was moved by Mr. Bradfield, seconded, and resolved—That 15 cwt. of whiting, 40 bundles of stakes, $\frac{1}{2}$ cwt. of cart-grease, 2 dozen scythe blades, 2 dozen sneaths, 6 dozen wedges, 2 dozen rings, 12 dozen birch brooms, 3 dozen wooden rakes, 1 dozen mops, and 6 bill-hooks be obtained for use in Finsbury-park, at an estimated cost of £15.

It was moved by Mr. Bradfield, seconded, and resolved—That 30 barrels of tar be obtained for painting the paths in Southwark-park, at an estimated cost of £15.

It was moved by Mr. Bradfield, seconded, and resolved—That the Vestry of Islington be informed, in reply to their Letter respecting the footpath between the two Northern portions of Highbury-fields, that the Board concur with their expressed opinion "that it would be detrimental to the due enjoyment of Highbury-fields by the parishioners and the public if a carriage road were to be formed between Highbury-place and Christ Church."

It was moved by Mr. Bradfield, seconded, and resolved—That the existing fencing at the boundary of Highbury-fields be repaired and painted, at an estimated cost of £167.

It was moved by Mr. Bradfield, seconded, and resolved—That 3,286 feet run of iron fencing be erected to define the boundary of the two Northern portions of Highbury-fields, at an estimated cost of £612.

It was moved by Mr. Bradfield, seconded, and resolved—That the narrow portion of Highbury-fields near Christ Church be enclosed and planted, and that an expenditure of £30 for the necessary hurdles be sanctioned.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That 48 seats, with backs, be obtained and placed on Highbury-fields, and the ground around the same tar paved, at a total estimated cost of £192.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the License of James Smith to let animals on hire on Clapham-common be revoked for misconduct.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the License of Abraham Lee, Jun., to let animals on hire on Peckham-rye be revoked for misconduct.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That tar paving be laid around the seats on Eel-brook-common and Parson's-green, at an estimated cost of £60.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That tar paving be laid around the seats on Brook-green, at an estimated cost of £22.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

9. Mr. Shepherd, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 5th May, 1886.

Your Committee beg to report that they have been informed by your Engineer, that the works of the Putney (new) Bridge are now practically completed, and they recommend—

That they be authorised to make arrangements for the opening of the Bridge to the public.

Your Committee have further to report that they have considered the Letter from the United Telephone Company, referred by the Board on the 16th ultimo (No. 17), renewing their application for permission to run a wire along the temporary Bridge over the Thames at Hammersmith. Having again given careful attention to the subject, and conferred with your Engineer, your Committee are unable to advise the Board to depart from their previous decision, declining to grant the desired permission, and they beg to recommend accordingly.

Your Committee recommend—

That the necessary authority be given to the Engineer for the execution of Flood-works at the expense of the owner, Mr. Child, at the premises numbered 450, on the Plan of the Greenwich District.

Your Committee submit a Plan of a portion of the locality known as Waterside in the Wandsworth District, showing the line and level of Flood-works, immediately necessary for protecting the neighbourhood, from overflow of the River Thames. Your Committee beg to recommend—

That the Plan be approved.

All which your Committee beg to submit.

(Signed) W^M. SHEPHERD,
W. R. SELWAY,
JOHN RUNTZ,
FRANCIS H. FOWLER,
DONALD MUNRO.

The Plan and Estimates of Flood-works in the Wandsworth District, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That it be referred to the

Committee to make arrangements for the opening to the public of the new Bridge at Putney.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the United Telephone Company be informed, in reply to their renewed application for permission to run a wire along the temporary Bridge at Hammersmith, that the Board are unable to grant the permission.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the Engineer be authorised to give directions for the execution of the Flood-works ordered at the premises No. 450 on the Plan of the Greenwich District, at the expense of Mr. C. Child, the owner of the said premises.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That so much of the Report as relates to the Plan and Estimates of the Flood-works for the protection of a portion of Waterside, in the Wandsworth District, be referred to the Building Act Committee, for consideration, in connection with the application of Mr. T. S. Archer, on behalf of Dr. T. Watney, for approval of a Plan for the formation and name of a street at "Water-side," leading out of Jew's-row, York-road, and abutting upon the Thames, referred to that Committee on 29th January last (No. 67).

10. The Clerk laid before the Board the following list of Members who will retire in pursuance of the provision in the 48th Section of the Metropolis Local Management Act, 1855, on Wednesday, the 9th June next—

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestries and District Board,

for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

13. The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens,
1st May, 1886.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

Holloway and Northern High Level Sewers Relief Lines.—Mr. W. Rigby, Contractor.—A length of about 13,900 feet of brick Sewers, varying in diameter from 7 feet to 5 feet 6 inches, has been constructed, at an estimated cost, with other works in connection therewith, of £50,000, of which about £3,400 represent the progress made in the past month. The Clerks of Works employed are Messrs. T. Panter, G. Larkin, T. Wighton, J. Driffield, J. Boyden, J. Pope and J. Fixter, at a weekly cost of £22 1s.

Queen's-road, Dalston, &c., Sewer.—Messrs. Nowell and Robson, Contractors.—A length of about 6,570 feet of brick Sewer, varying in size from 5 feet by 4 feet to 4 feet by 2 feet 8 inches, egg-shape, is complete, the estimated value of which, with other works in connection therewith, is £15,600 of which about £600 are due to the progress made in the past month. The Clerks of Works employed are Messrs. J. Carter and J. Lake, at a weekly cost of £6 6s.

Clapham to Putney Relief Sewers.—Mr. John Waddell, Contractor.—The main line of Sewer from the "Bedford Arms" Public-house, Clapham, to Roehampton-lane, Putney, has been completed, with the exception of the aqueduct crossing the Wandle-valley, which is still in progress. The six branch Sewers are also complete. The approximate value of the work done is about £134,000. The Clerks of Works employed are Messrs. C. Bedloe and J. Judd, at a weekly cost of £6 6s.

Putney (new) Bridge.—Mr. John Waddell, Contractor.—This Bridge is practically completed, and the whole of the Chelsea Water Company's mains are laid and tested, with the exception of a short length in High-street, Putney. The total approximate value of permanent work executed is about £216,500, of which about £2,500 are due to the progress made in the past month. The Clerk of Works employed is Mr. J. Gooding, at a weekly cost of £3 3s.

Hammersmith Bridge.—Messrs. Dixon, Appleby and Thorne, Contractors.—The temporary Bridge has now been completed and opened for traffic for more than a twelvemonth. The whole of the superstructure of the old Bridge has been removed. The temporary chains for the erection of the permanent link chains have been raised to their required positions. The coffer-dam for the underpinning of the Southern pier has been completed, and the necessary work for securing the foundations of the Bridge is well advanced. The excavations for the Northern and Southern abutments have been completed, and the concreting for the Southern abutment is practically completed, whilst that for the Northern abutment is well advanced. The abutment anchor castings, steel anchor forgings, abutment saddles, and the cast-iron base plates for the pier towers have been fixed. The whole of the ironwork for the pier towers, the pier saddles, the wrought-iron cross girders and cantilevers, also the steel pins and nuts for the new chains, have been delivered. The total approximate value of permanent work executed (including ironwork delivered) is about £38,000, of which about £1,500 are due to the progress made in the past month. The Clerks of Works employed are Messrs. T. M. Carey and H. Rice, at a weekly cost of £6 6s. The progress made with the works under this Contract has not been satisfactory.

Albert Bridge.—Messrs. John Mowlem and Company, the Contractors for the works of strengthening this Bridge, have driven the whole of the piling for supporting piers Nos. 7, 8, 9 and 10, comprising about 84 piles. The Clerk of Works employed upon this work, and upon the general works in connection with the Board's Bridges, is Mr. F. Bastable, at a weekly cost of £3 3s.

Lambeth Bridge.—Messrs. John Mowlem and Company, Contractors.—The re-paving of the carriage-way is complete. The whole of the saddles upon the iron cables have been removed and re-packed with marine glue. The painting of the cables and other ironwork, and the tarring of the interiors of the box-girders and the under-surfaces of the Bridge floor-plates, are in an advanced stage of completion. The Clerk of Works employed is Mr. H. Beecher, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was moved by Mr. Fowler, seconded, and resolved—That the Report be received,

and that it be printed and circulated among the Members of the Board, and be referred to the Works and General Purposes Committee, for consideration.

14. Read a Report by the Engineer, dated 7th May, 1886, stating that Mr. A. Beag, who had been in the service of the Board as a Special Clerk of Works for various and lengthened periods during the past 24 years, had died on the 2nd instant.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received.

15. Read a Report by the Engineer, dated 7th May, 1886, stating that Mr. W. F. Crane, a Draughtsman in his Department, was absent in consequence of illness; submitting a Medical Certificate, and recommending that he should be allowed one month's leave of absence, and that, in the event of his continued absence, his case should be reported upon at the expiration of that period.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved and acted upon, and that one month's leave of absence be granted to Mr. Crane.

16. Read a Report by the Engineer, dated 7th May, 1886, recommending the execution of the following works under the General Contracts—

				ESTIMATE.
<i>Crossness Pumping Station.</i>				
Rebuilding Nos. 1 and 2 Benches of the Gas Retorts	...	...	£110	0 0
<i>Southern Outfall Sewer.</i>				
Repairs to the Sewage flap in the Sewer at Plumstead	...	...	50	0 0
<i>Western Pumping Station.</i>				
Cleaning and painting ironwork, &c., of Penstocks, filth hoists, pump-chambers, &c.	...	...	50	0 0
Total	...	...	£210	0 0

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the works be executed accordingly, the cost thereof being charged to the General Working Account of the Board.

17. Read a Report by the Engineer, dated 6th May, 1886, stating that the 18-inch main steam pipe at the Crossness Pumping Station had burst at a point situated at the South-West corner of the coal vaults; that a piece of the pipe, 3 feet in length by 18 inches in width, had been blown out, and nine boilers were placed in considerable danger; that by great efforts on the part of the Superintendent and his men the fires had been drawn, and further danger prevented; that none of the men had been injured by the explosion, and that very little damage had been done to the building, and suggesting that the Board should authorise him to consult Sir F. Bramwell as to any means that could be suggested for protection against the recurrence of a similar accident; and also as to the desirability of adopting a better form of service condenser for the purpose of economising and making the best use of the water required for the largely increased amount of pumping power which had been in operation at the Station for the past few years.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received, and that it be referred to the Works and General Purposes Committee, for consideration and report.

18. Read a Report by the Engineer, dated 6th May, 1886, stating that two of the four Locomotives which were purchased by the Board in the year 1878, for the purpose of driving the centrifugal pumps at the Crossness Pumping Station, were very much out of repair and could not longer be worked with safety, and recommending that they should be removed, and that the remaining two, which had been kept in reserve, should be substituted; and stating that the total cost of effecting the change would probably be about £500.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved and acted upon; the cost of the work being charged to the General Working Account of the Board.

19. The Solicitor reported that the Board's (Various Powers) Bill was appointed for consideration by a Select Committee of the House of Commons on the 11th instant; that the second reading of the Board's (Fire Brigade Expenses) Bill had been appointed for the 14th instant; and that the adjourned debate on the second reading of the Board's (Theatres, &c.) Bill had been appointed for the 21st instant.
20. The Solicitor reported that the second reading of the Theatres, &c. (Metropolis) Bill, introduced by Mr. Dixon-Hartland, had been appointed for the 19th instant.
21. The Solicitor reported that the second reading of the Metropolitan Fire Brigade Expenses Bill (introduced by Mr. Kimber and Mr. Vanderbilt) had been adjourned until the 14th instant.
22. The Solicitor presented a copy of the Fires Prevention Metropolis Bill (introduced by Mr. Spensley, M.P.), and stated that it proposed to authorise an inquiry in cases of loss or damage by fire, when the loss or damage exceeded the sum of £500, and the origin of the fire was unknown; and also in other cases, when the Chief Officer of the Fire Brigade should report that the circumstances were proper for inquiry; that he had sent a copy of the Bill to each Member of the Board, and that the second reading had been adjourned until Thursday next, the 13th instant.
23. The Solicitor reported that the Hyde-park-corner (new streets) Bill had been read a first time in the House of Lords on the 6th instant, and that no date had yet been fixed for the second reading.
24. The Solicitor reported that the Select Committee of the House of Lords appointed to consider the Electric Lighting Act (1882) Amendment Bill, No. 1 (Lord Rayleigh); the Electric Lighting Act (1882) Amendment Bill, No. 2 (Lord Ashford); and the Electric Lighting Act (1882) Amendment Bill, No. 3 (Lord Houghton), would meet on Monday next, the 10th instant; that he had presented the Board's Petition against the Bills, and that the undermentioned Petitions, amongst others, had also been presented, viz.—

City Commissioners of Sewers.

Boards of Works for the Strand and Poplar Districts.

25. The Solicitor reported that the second reading in the House of Commons of the Compulsory Purchase of Land Compensation Bill had been appointed for the 12th instant.
26. The Solicitor reported that the Select Committee on the River Lee would resume their sittings on Friday, the 14th instant.
27. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

28. The Solicitor reported that Sir Guyer Hunter, M.P., had asked the Chairman of the Board a question relative to the dangerous condition of the Tramway metals in the streets of the Metropolis, and whether the time had not arrived when some responsible officer should be charged with the duty of frequently inspecting the numerous Tramway routes in the Metropolis, and that the Chairman had replied to the effect that his attention had been called to accidents attributed to defects in the condition of Tramway metals, but that he was not aware that generally speaking they were either defective or dangerous; that the streets of the Metropolis were under the

control of the Vestries and District Boards, who had their properly qualified and responsible Surveyors, and that he did not see the necessity for appointing a special officer to discharge the duty of inspecting Tramway routes.

29. The Solicitor reported that the Lee River Purification Bill had been appointed to be considered by a Select Committee of the House of Commons on Tuesday next, the 11th instant.

30. The Solicitor presented the following documents for sealing—

Lease to the Building Securities Company, Limited, of Plot No. 3, part of Plots Nos. 4 and 5, and Plots Nos. 6, 7 and 8, in Northumberland-avenue, and the Conveyance to the Company of the remainder of Plots Nos. 4 and 5.

Deed Poll for vesting in the Board a Leasehold interest in workshops at the rear of No. 21, Litchfield-street, Soho, claimed by Mr. P. R. de F. D'Humy, and a Memorial for the registration of the same (Charing-cross to Tottenham-court-road Improvement).

Conveyance, and a duplicate thereof, to the Governors of the Peabody Donation Fund, of the lands acquired by the Board, in the Parish of St. John the Evangelist, Westminster, under the Great Peter-street Artizans' Dwellings Act Scheme, and a Memorial for the registration of the same.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

31. The Solicitor reported that the Chairman had, since the last Meeting of the Board affixed the Seal to Petitions against the following Bills—

Bexley-heath Railway,
Electric Lighting Act (1882) Amendment (Nos 1, 2 and 3) Bills.

32. The Solicitor reported that the arrangements with respect to the undermentioned Loans had been completed, and that the Cheques had been duly handed over in exchange for the proper securities—

						AMOUNT OF LOAN.
Chelsea Vestry	...	...	...	...	...	£6,000
Marylebone Vestry	...	...	...	...	...	14,000

33. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £7,000 to the Vestry of Chelsea, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas, the Vestry of the Parish of Chelsea, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some, or one of them, have applied to the Metropolitan Board of Works for their sanction, in writing, to the borrowing by the said Vestry on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of Seven thousand pounds, for the purpose of defraying the expense incurred or to be incurred by the said Vestry, in executing certain wood-paving works in the King's-road (between Limerston-street and Lots road), and in Pont-street, within the said Parish. *And Whereas*, the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Seven thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction, in writing, of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Seven thousand pounds, for the

purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £7,000 be now drawn in favour of the Vestry of Chelsea; and a Cheque was drawn on the Consolidated Loans Fund accordingly.

- 34.** The Clerk laid before the Board copies of the Orders of the Board of the 21st ultimo (No. 3), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz:—

New King-street, &c. ...	...	...	...	...	Bethnal-green.
Medhurst-road ...	...	...	...	...	do.
Ashbrook-road, &c. ...	...	...	...	...	Islington.
Dresden-road, &c. ...	...	...	...	...	do.

Maury-road, &c. ...	...	...	...	...	Hackney.
Brockley-lane (part) ...	...	...	...	...	Lewisham.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

- 35.** The Clerk presented a copy Report of the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the several Metropolitan Water Companies during the month of March last.

- 36.** The Clerk presented a Letter from Mr. E. Bayley, on behalf of the Churchwardens of St. Olave and St. John, Southwark, dated 21st April, 1886, thanking the Board for their promise of a contribution towards the cost of the conversion of the old Burial-ground in St. John's Parish into a place of resort for the inhabitants of the Parishes.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

- 37.** The Clerk presented a Letter from Mr. C. L. Bathurst, Metropolitan Police Office, dated 24th April, 1886, transmitting copy of a Police Report respecting the case of a man who attempted to commit suicide on the Victoria Embankment on the 18th instant.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

- 38.** The Clerk presented a Letter from Mr. R. May, dated 21st April, 1886, transmitting copy of a Resolution passed at a meeting of unemployed working men, as to providing temporary employment.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

- 39.** The Clerk presented a Letter from Mr. T. H. Ellis, Hon. Secretary of the Aldersgate Club, dated 29th April, 1886, expressing the opinion of the Club that the land known as Parliament-fields and East Park, Hampstead, should be secured by the Board, with the assistance of the Corporation, for the recreation of the public.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee.

- 40.** The Clerk presented a Letter from Mr. W. P. Cockburn, Clerk to the Vestry of Hammersmith, dated 29th April, 1886, thanking the Board for their decision with regard to the adding to Brook-green the piece of land on the West side of that Open Space.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

41. The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 29th April, 1886, returning a copy of the Bye-laws made by the Board for the regulation of Highbury-fields, approved by the Home Secretary.

It was *moved* by Mr. Bradfield, seconded by Mr. Shepherd, and *resolved*—That the Bye-laws made by the Board on the 29th January, 1886, for the regulation of Highbury-fields, be now confirmed, as required by the 202nd Section of the Metropolis Local Management Act, 1855.

It was *moved* by Mr. Bradfield, seconded by Mr. Shepherd, and *resolved*—That the said Bye-laws be referred to the Parks, Commons, and Open Spaces Committee, with authority to give effect to the same, in like manner as they are now empowered to act with regard to the Bye-laws relating to other Open Spaces under the control of the Board.

It was *moved* by Mr. Bradfield, seconded by Mr. Shepherd, and *resolved*—That a printed copy of the Bye-laws be delivered at the Office of the Board to any person applying for the same, upon payment of 2d. for each copy.

It was *moved* by Mr. Bradfield, seconded by Mr. Shepherd, and *resolved*—That the Seal of the Board be affixed to two printed copies of the Bye-laws, for production in case of any prosecution thereunder.

The Clerk laid before the Board two copies of the said Bye-laws ; and the Seal was affixed accordingly.

42. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 26th April, 1886, calling attention to the sites of Coldbath Fields and Clerkenwell Prisons, the use of which had been discontinued, and enquiring whether there was any probability of the Board negotiating with the Prison Commissioners for the purchase of the two sites, or either of them, with a view to appropriating them to the erection of dwellings for the Working Classes.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

43. The Clerk presented a Letter from Mr. J. Searle, Clerk to the New River Company, dated 21st April, 1886, stating that the Company were about to lay pipes for a constant supply of Water on a new building Estate called the Agincourt-park Estate, Hampstead, as shown on the Plan accompanying the Letter, and asking the Board, as the Fire Hydrants could be more economically fixed during the progress of pipe laying, to indicate the number and position of the requisite Hydrants.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer and Captain Shaw do report to the Committee thereon.

44. The Clerk presented a Letter from Mr. J. Searle, Clerk to the New River Company, dated 27th April, 1886, stating that the Company were about to introduce the system of constant Water supply in certain parts of the Parish of St. Pancras, as described in the Notice presented to the Board, and asking them, as it would be desirable for the sake of economy to fix the necessary Fire Hydrants at the same time, to inform the Company, at an early date, the number and positions of the Hydrants they desired should be fixed.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer and Captain Shaw do report to the Committee thereon.

45. The Clerk presented a Letter from Mr. G. W. Murnane, Clerk to the Vestry of St. Martin-in-the-Fields, dated 20th April, 1886, transmitting a copy of a Memorial presented by the Royal Institute of British Architects to the First Commissioner of Her Majesty's Works, &c., on the subject of the site for the new Admiralty and War Offices, and a copy of a Resolution of the Vestry stating that they approved of and supported the same.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter and Memorial be referred to the Works and General Purposes Committee.

46. The Clerk presented a Letter from Mr. H. G. Calcraft, Board of Trade, dated 21st April, 1886, stating that the Promoters of the London, Highgate, and Finchley Tramways Provisional Order had intimated that they did not propose to proceed further with their application, and that consequently the Order would not be granted.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

47. The Clerk presented a Letter from Mr. W. F. Dewey, Clerk to the Vestry of Islington, dated 21st April, 1886, stating that the Vestry deemed it advisable that the Board should obtain legislative powers for more direct control by the local authorities over the laying of Gas, Water, and other mains in the streets of the Metropolis, and for legalising the use by such authorities of Steam Road Rollers.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee for consideration and report.

48. The Clerk presented a Letter, as follows—

The Vestry of the Parish of Chelsea.

Vestry-hall, King's-road, S.W.,

21st April, 1886.

DEAR SIR,—I am directed by the Vestry to make application to the Metropolitan Board of Works for a Loan of £10,000, being the balance of the amount sanctioned by them to be borrowed for the purpose of the Vestry-hall extension, in accordance with your Letter of the 28th October last.

I am, &c.,

(Signed) J. EISDELL SALWAY,

Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor, and the Accountant, do report to the Committee thereon.

49. The Clerk presented a Letter, as follows—

Parish of St. James, Westminster.

Vestry-hall, Piccadilly, W.,

28th April, 1886.

SIR,—The Vestry of this Parish have recently entered into Contracts for the paving of certain streets in this Parish with wood or asphalt according to list annexed. The total cost of this work is estimated at £4,477 9s. 9d., and I am directed to request the authority of the Board to the borrowing of the sum of £4,000 in respect thereof, re-payment of the same to be spread over a period of four years, and to ask the Board to be so good as to advance the said sum to the Vestry.

I enclose, for the information of the Board, a copy of the Specification of the works proposed to be carried out.

I am, &c.,

(Signed) HARRY WILKINS,

The Clerk,

Metropolitan Board of Works,
Spring-gardens.

Vestry Clerk.

27th April, 1886.

Board of Works for the Greenwich District.

141, Greenwich-road, Greenwich, S.E.,
30th April, 1886.

LOAN OF £15,000.

SIR,—Referring to my Letter of the 12th February last, in which I applied on behalf of this Board for a Loan of £15,000, to be applied as to £12,000 in paving with granite cubes, and as to £3,000 in paving with wooden blocks, I am instructed to apply to the Metropolitan Board of Works to lend £13,000, instead of £12,000, for granite paving, and £2,000, instead of £3,000, for wood paving, the £12,000 to be re-paid in 20 years, and the £2,000 in six. I shall be obliged if you will lay this application before your Board. I enclose the Surveyor's estimate of the cost of the works.

I am, &c.,

(Signed) J. SPENCER,

The Clerk,

Metropolitan Board of Works,
Spring-gardens, S.W.

Clerk of the Board.

7 May, 1886.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Engineer, the Solicitor, and the Accountant do report to the Committee thereon.

51. The Clerk presented Letters, as follows—

Letters from Mr. A. Bovill, District Surveyor for St. Pancras North, dated 29th April, 1886, and Mr. C. Foulsham, District Surveyor for Bromley, dated 1st May, 1886, applying for the appointment of District Surveyor for the vacant District of Chelsea.

Letter from Mr. W. A. Large, District Surveyor for the Belgrave and Pimlico Division of St. George, Hanover-square, dated 26th April, 1886, suggesting a slight alteration of boundary of his District and the vacant District of Chelsea, so as to equalise somewhat the two Districts.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letters be referred to the Building Act Committee, for consideration in connection with the reference already made to them on the subject to which they relate.

52. The Clerk presented a Letter from Mr. H. G. Hills, Clerk to the Wandsworth District Board, dated 29th April, 1886, stating that it had been reported to them that the party-wall of a house in Leathwaite-road, Battersea, had been blown down on the 8th March last, and that a house in Santos-road, West-hill, Wandsworth, had fallen on the 28th January last, and calling attention to the matters with the view of enquiry being made as to the nature of the materials used in the construction of the buildings referred to.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

53. The Clerk presented a Letter from Mr. G. Whale, Clerk to the Plumstead District Board, dated 28th April, 1886, transmitting a draft of a Clause which the District Board desired to have inserted in this Board's next Various Powers Bill, to enable Vestries and District Boards to repair roads, &c., without prejudice to the subsequent recovery of the cost of paving such roads or new streets.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

54. The Clerk presented a Letter from Mr. J. G. Buckle, dated 3rd May, 1886, applying, on behalf of Mr. J. N. Maskelyne, for approval by the Board of proposed alterations to the Egyptian Hall, in Piccadilly, as shown on the Plans, and described in the specification accompanying the Letter, and stating that it was the intention of

Mr. Maskelyne, when the proposed new stairs were built, to apply for a Dramatic License.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

55. The Clerk presented a Letter from Mr. J. G. Hickson, dated 4th May, 1886, transmitting a Memorial from inhabitants of Chalcot-gardens, Hampstead, against the Order of the Board for the incorporation of Chalcot-gardens with England's-lane.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter and Memorial be referred to the Building Act Committee, for consideration and report.

56. The Clerk presented a Letter from Mr. W. P. Cockburn, Clerk to the Vestry of Hammersmith, dated 4th May, 1886, transmitting a Resolution of the Vestry, asking this Board for a contribution of at least one-half of the purchase-money of the Ravenscourt-park Estate, situated between the High-road from Hammersmith to Turnham-green, comprising about 32 acres, as shown on the Plan accompanying the Letter.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

57. The Clerk presented a Letter from Mr. E. H. Parkes, Secretary of the Bolingbroke Tradesmen and Ratepayers' Club, dated 1st May, 1886, transmitting a copy of a Resolution of the Club, stating the urgent need of a Fire-escape Station being established at the triangular plot opposite the "Falcon" at Clapham Junction, or at some other spot suitable to the requirements of No. 4 Ward of the Parish of Battersea.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Fire Brigade Committee, for consideration, with authority to send a reply thereto.

58. The Clerk presented a Letter from Mr. T. M. Jenkins, Clerk to the Strand District Board, dated 5th May, 1886, requesting that a Clause might be inserted in one of the Bills to be promoted by this Board in Parliament, with a view to the amendment of the law with regard to the laying of Gas and Water pipes and other mains in the streets of the Metropolis, including all new streets, and the use of Steam Rollers on carriage-ways.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee.

59. The Clerk presented a Letter from Mr. S. H. Louttit, Secretary of the Lambeth Waterworks Company, dated 6th May, 1886, stating that many streets in the Constant Supply divisions, entirely supplied by the Company, were unprovided with Fire Hydrants, and consequently inadequately protected from fire as regarded those appliances; forwarding a Return of the number of Hydrants in each of the divisions, and copies of the Company's Hydrant Plans for the information of the Board, and requesting that the Plans might be returned to the Company.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

60. It was **moved** by Mr. Shepherd, pursuant to notice, seconded by Mr. Fowler, and **resolved**—That it be referred to the Works and General Purposes Committee to consider the desirability of obtaining an order of the Justices for the closing of Pipe's-alley, in the Star-corner Improvement, and that the Committee be authorised to act upon any Resolution at which they may arrive with regard to the subject.

61. The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 6th May, 1886, asking the Board to insert in their Money Bill for the present Session a Clause enabling them to lend to the Receiver for the Metropolitan Police District the sum of £200,000, in the event of the Metropolitan Police Stations Bill becoming law during the Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Parliamentary Committee, for consideration and report.

62. The Clerk presented a Letter from Messrs. J. Taylor and Co., dated 6th May, 1886, asking for an extension of time for sending in their Tender for the Steam Ferry Boats.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Messrs. Taylor and Co. be informed that the Board cannot accede to their request.

63. The Clerk presented a Letter from Mr. E. C. Robins, dated 5th May, 1886, with 12 copies of his pamphlet on the extension of the site of the new Government Offices at Whitehall, the widening of Charing-cross, and the opening of the Mall to Trafalgar-square, and suggesting that Drummond's Bank should be removed and be re-erected on land at the rear of its present site.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, and that Mr. Robins be thanked for the copies of his pamphlet.

64. The Clerk presented a Letter from Mr. G. W. Lakeman, Secretary of the Thames Steamboat Company, dated 6th May, 1886, representing the desirability of placing a temporary Steamboat Pier near to Hammersmith Bridge; enclosing a tracing showing a position on the tow-path on the Surrey side where a pier might be placed, and asking the Board to assist the Company by making arrangements for the erection of a jetty at the site shown on the tracing, which might take the place of the old Pier.

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That the said Letter be referred to the Bridges Committee, for consideration and report.

65. The Clerk presented a Letter from Mr. J. C. Radford, on behalf of the Vicar and Churchwardens of Putney, dated 6th May, 1886, renewing the request for the restoration to the Church of the piece of waste land forming part of the approach to old Putney Bridge, and shown on the Plan forwarded, in exchange for the land, also shown on the said Plan, which the Board proposed to add to the Churchyard on the South side.

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That the said Letter be referred to the Bridges Committee, for consideration and report.

66. The Chemist laid before the Board his Returns of the Testings made at the Gas testing Stations during the weeks ended on the 20th and 27th April, and the 4th instant, as follows—

1. Previously to the doors being opened to the public, Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 11th May, 1886.

Your Committee have to report that they have had under consideration the subject of the funds in hand to meet the requirements of the Board on Capital Accounts, and they have arrived at the conclusion that steps should now be taken for raising an additional Loan, by a further issue of Metropolitan Consolidated Stock, and they accordingly recommend—

That it be referred to the Works and General Purposes Committee to determine what sums will be necessary for meeting the requirements of the Board, and generally as to the best

course to be pursued for raising such sums as may be required, and that the Chairman of the Board, and the present and the late Chairman of the Finance Committee, be appointed as a Committee to carry out such instructions as the Works and General Purposes Committee may give under this reference.

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
CHARLES MOSSOP,
WILLIAM B. GARRETT,
HENRY HARBEN.

The Report having been read and received,

It was *moved* by Mr. Fardell, seconded by Mr. Harben, and *resolved*—That it be referred to the Works and General Purposes Committee to determine what sums will be necessary for meeting the requirements of the Board, and generally as to the best course to be pursued for raising such sums as may be required, and that the Chairman of the Board, and the present and the late Chairman of the Finance Committee, be appointed as a Committee to carry out such instructions as the Works and General Purposes Committee may give under this reference.

2. At this stage of the proceedings the public were admitted.
3. The Minutes of the Meeting of the Board, held on the 7th instant, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meeting.
4. The Chairman stated that their Royal Highnesses the Prince and Princess of Wales had kindly consented to open the new Bridge which the Board have constructed over the Thames at Putney, and had fixed Saturday, the 29th instant, for the ceremony.
5. A Deputation from the Holborn District Board, introduced by Mr. Phillips, and consisting of the following gentlemen, viz.—Mr. Maclean, Mr. E. Matthey, Mr. T. Pellett, Mr. G. E. Cross, Mr. W. Easy, Mr. J. Hayes, and Mr. W. Frankland, accompanied by Mr. S. W. Hopwood, the Clerk, and Mr. L. H. Isaacs, M.P., the Surveyor to the District Board, attended.

The undermentioned gentlemen also attended as a Deputation from the Vestry of Clerkenwell—Mr. S. Waters and Mr. E. Sans, accompanied by Mr. R. Paget, the Clerk to the Vestry.

The Deputation from the Holborn District Board handed in a Memorial, which was read, as follows—

In Parliament.—Session, 1886.

NORTH METROPOLITAN TRAMWAYS (No. 1).

To the Metropolitan Board of Works.

The Memorial of the Board of Works for the Holborn District, under their Common Seal,

SHEWETH—

1.—That a Bill is now pending in the House of Commons for the purpose of empowering the North Metropolitan Tramways Company to construct (among other Tramways) an extension of the existing Clerkenwell-road Lines along the Theobald's-road to Bloomsbury, and a further extension along the Gray's-inn-road to Holborn.

2.—That both the above extensions lie within the District of your Memorialists, and the former of these lines has already received the assent of your Honourable Board as far as Devonshire-street, but your Memorialists have learnt with deep regret that your Honourable Board, in giving their assent to the Bill, have required an undertaking from the Promoters to abandon the Gray's-inn-road extension.

3.—Your Memorialists, as the road authority primarily affected by the Scheme, are confident that the proposed extension is one which, while greatly benefiting the inhabitants

of the District, is absolutely essential to the proper development of the system of Metropolitan Tramways, the principle of which first received the assent of your Honourable Board in the year 1869.

4.—Your Memorialists would also point out that the Gray's-inn-road, between the Town-hall and Holborn, is admirably suited for the construction and working of Tramways with the least possible interference with the general traffic, and that your Honourable Board has already sanctioned the construction by the London Street Tramways Company of a line along the upper portion of Gray's-inn-road to King's-cross.

5.—Your Memorialists are informed that the Promoters, in view of the Scheme proposed by the London Street Tramways Company, entered into an agreement to grant the said Company the right of carrying passengers over the said lines as far as Holborn, and your Memorialists would, therefore, respectfully submit that your Honourable Board would, by relieving the Promoters of so much of their undertaking as relates to the Gray's-inn-road, be conferring a double benefit on the Inhabitants of the District.

Your Memorialists therefore pray that your Honourable Board will be pleased to relieve the North Metropolitan Tramways Company of so much of their undertaking aforesaid as relates to the Gray's-inn-road extension.

(Signed) B. GARROD,
Chairman.

(Signed) S. W. HOPWOOD,
Clerk.

L.S.

The Deputation having been heard in support of the Memorial,

It was moved by Mr. Phillips, and seconded—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

The motion having been put to the vote, there were for it 17, against it 8, and it was declared by the Chairman to be carried; and it was resolved accordingly.

Mr. Robson, on behalf of the Deputation from the Vestry of Clerkenwell, handed in their Memorial, as follows—

In Parliament—Session 1886.

NORTH METROPOLITAN TRAMWAYS (No. 1).

To the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Saint James and Saint John, Clerkenwell in the County of Middlesex, under their Common Seal,

SHEWETH,—

1.—That a Bill has been introduced in the House of Commons to authorise the construction by the North Metropolitan Tramways Company of certain extensions of their existing lines in the Clerkenwell-road.

2.—That the Clerkenwell-road line, which was opened for traffic in September last, passing Eastward through your Memorialists District, gives direct communication between the District and the whole of the North and East of the Metropolis, passing Westward the line terminates at present opposite to the Holborn Town Hall, and although it has proved of great value to the District, it is felt that the value is greatly lessened by the fact that the line stops at a point where there is obviously no natural terminus, and which leaves passengers at a considerable distance from a main traffic thoroughfare.

3.—That of the extensions proposed by the said Bill, one along the Theobald's-road has received the assent of your Honourable Board up to Devonshire-street; that the other, which turns off along the Gray's-inn-road to Holborn, has been required by your Honourable Board to be abandoned by the Promoters.

4.—That your Petitioners are satisfied that this proposed extension along the Gray's-inn-road is of hardly less importance to the inhabitants of the Parish of Clerkenwell and the neighbouring District, than the direct extension Westwards; and that your Petitioners therefore earnestly hope that your Honourable Board will relieve the Company from their undertaking to strike out the Gray's-inn-road line from the Bill, and thereby enable the

14 May, 1886.

Tramway Company to afford your Petitioners and the public the additional advantage of the extension in question.

And your Memorialists will ever pray.

Sealed with the Common Seal of the Vestry, this Fourteenth day of May, One thousand eight hundred and eighty-six.

By Order,
(Signed) ROBERT PAGET,
Vestry Clerk.

L.S.

It was ~~moved~~ by Mr. Robson, seconded, and ~~resolved~~—That the Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the foregoing reference.

6. This being the day for receiving Designs and Tenders for the construction of two steam Ferry Boats, for the purpose of conveying foot passengers, cattle, and vehicles across the river Thames, between North and South Woolwich,

The Clerk laid before the Board thirteen Tenders which he had received, pursuant to the Advertisement.

It was ~~moved~~, seconded, and ~~resolved~~—That the said Tenders be now opened.

The Tenders were then opened, as follows—

Messrs. R. and H. Green, Blackwall-yard, with two Plans and two Specifications. For two boats, if the engines were constructed by Messrs. J. Penn and Sons, £16,800; if the engines were by Messrs. J. Stewart and Son, £16,500; or if the engines were by Messrs. Young and Sons, £16,000.

Mr. W. H. Marks, No. 6, Highbury-quadrant, Highbury-new-park, with one Plan and printed particulars. No price stated.

Sir W. G. Armstrong, Mitchell and Co., Limited, Walker Shipyard, Newcastle-upon-Tyne, with three Plans and two Specifications. £8,500 for each boat.

Barrow Shipbuilding Co., Limited, Barrow-in-Furness, Lancashire, with four Plans and two Specifications. £15,300 for one boat.

Messrs. Fleming and Ferguson, Phoenix Works, Paisley, with one Plan and one Specification. £10,500 for each boat.

The Thames Ironworks and Shipbuilding Co., Limited, Orchard-yard, Blackwall, with four Plans and one Specification. £12,900 for each boat.

Messrs. Samuda, Brothers, Limited, Poplar, with two Plans and three Specifications. £35,313 for two boats, if with the engines by Messrs. Young and Son; £39,823, if with engines by Messrs. J. and G. Rennie.

Messrs. Oswald, Mordaunt and Co., Southampton, with three Plans and one Specification. £13,750 for each boat.

Messrs. E. Finch and Co., Limited, Bridge Works, Chepstow, with six Plans and two Specifications. £11,250 for each boat.

Victoria Graving Dock Co., Limited, Victoria Docks, London, with four Plans and one Specification. £22,000 for two boats, or £12,000 for one.

Messrs. R. Craggs and Sons, Cleveland Slipways, Middlesborough-on-Tees, with two Plans and two Specifications. £5,980 for one boat.

Messrs. Wood, Skinner and Co., Bill Quay, Newcastle-on-Tyne, with one Plan and one Specification. £6,950 for each boat.

Messrs. W. Simons and Co., London Works, Renfrew, with three Plans and one Specification. Two Paddle Steamers for £11,500; two Screw Steamers for £14,500 or £11,300.

It was *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That the said Designs and Specifications be referred to the Works and General Purposes Committee, for consideration and report, and also to the Engineer and Sir F. Bramwell, to report to the Committee thereon.

7. Mr. Meaden handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.,
13th May, 1886.

DEAR SIR,—I am instructed by this Board to inform you that they have had under consideration the subject of the inadequate provision made for saving life in case of fire in the Southernmost part of the Parish of Battersea, which includes the thickly-populated district lying South of the Railway, at and near Clapham Junction. There has been a very large increase in the number of houses in the locality in question during the last few years, and the nearest Fire-escape Station is the one in Battersea-park-road. This Board would be obliged if the Metropolitan Board of Works will be good enough to take this matter into their consideration with the view of providing a Fire-escape in the locality in question as soon as practicable.

It is suggested that the triangular piece of ground at the junction of Lavender-hill and Falcon-road would be a suitable position in which to place such Fire-escape.

Yours, &c.,
(Signed) HEN. GEO. HILLS,
Clerk.

J. E. Wakefield, Esq.,
Spring-gardens, S.W.

It was *moved* by Mr. Meaden, seconded, and *resolved*—That the Letter be referred to the Fire Brigade Committee, for consideration and report.

8. Mr. Meaden handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.
13th May, 1886.

HYDE-PARK-CORNER (NEW STREETS) BILL.

DEAR SIR,—I am instructed by this Board to inform you that they have had under consideration the provisions of this Bill, as amended by the Select Committee of the House of Commons.

This Board are of opinion that it is unjust that the poorer Parishes in the Metropolis, which are already burdened with heavy rates, should be called upon to contribute towards the cost of maintaining streets situate in the wealthy Parish of St. George, Hanover-square, the rates of which are much lower.

The Board have resolved to present a Petition to the House of Lords, praying that the Bill may be amended so as to provide for the whole cost of maintaining these new streets being defrayed by the Vestry of St. George, Hanover-square, and they trust that the Metropolitan Board of Works will do all in their power to secure an amendment of the Bill to that effect.

I am, &c.,
(Signed) HEN. GEO. HILLS,
Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Meaden, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, and the Parliamentary Committee.

9. Mr. Andrews handed in a Memorial, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Board of Works for the Greenwich District.

SHEWETH AS FOLLOWS—

In the month of September last, your Memorialists addressed to your Honourable Board a Memorial praying your Honourable Board, for the reasons stated in the Memorial, to construct a new street in direct continuation of the Lower-road, Deptford into the Creek-road.

Your Memorialists have prepared a Plan, showing the neighbourhood through which the proposed new street would pass, and have indicated upon it a suggestion of the direction which such a street might take.

The need for such an Improvement is even more apparent now than it was last year, as the traffic from the City along the Lower-road, Deptford, is continually increasing.

Your Memorialists therefore pray that your Honourable Board will take this subject into your favourable consideration, and will construct a new street of adequate width in direct communication from the Lower-road, Deptford, to the Creek-road.

Sealed at and in pursuance of a Resolution of the Board of Works for the Greenwich District, passed at a Meeting of the said Board held on the 12th of May, 1886.

(Signed) J. SPENCER,
Clerk of the Board.

L. S.

The Plan referred was laid before the Board.

It was *moved* by Mr. Andrews, seconded, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

10. Read a Letter from the Vestry of Hammersmith, dated 13th May, 1886, stating that the Vestry had been informed by the Plumstead District Board that they had asked this Board to insert in one of their Bills before Parliament a Clause to enable Vestries and District Boards to repair roads, without prejudice to the subsequent recovery of expenses of paving such roads as new streets, and stating that the Vestry concurred in the view of the District Board and asking this Board to insert such a Clause as that proposed.

It was *moved*, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the reference already made to them on the subject to which it relates.

11. The Clerk in reply to a question by Mr. Shepherd, stated that he had received a Letter from Mr. Godfrey relative to his Tender for the construction of the new Bridge at Battersea.

It was *moved* by Mr. Shepherd, seconded by Mr. Harben, and *resolved*—That the said Letter be now read.

The Clerk then read the Letter from Mr. G. B. Godfrey, dated 13th May, 1886, to the effect that, since the Meeting of the Board on Friday last, he had examined more fully the details of his Tender for the construction of the new Bridge at Battersea, and that owing to certain facts, which he had stated to the Board's Engineer, the amount of his Tender should be increased to £138,000, and that he would not feel justified in signing a Contract for the work unless the additional £8,000 were added to the price.

It was *moved* by Mr. Shepherd, seconded by Mr. Selway, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee for consideration and report.

12. Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £25,498 11s. 9d. be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 6th July, 1883 (No. 8), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 25th instant, amounting to the sum of £2,962 16s. 8d. which Statement has been approved by your Committee; and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the several amounts on or after the 25th instant.

Your Committee have considered the application of the St. Giles' District Board, for payment of this Board's contribution towards the Improvement effected at Cross-lane, referred by the Board on the 2nd ultimo (No. 43). On the 3rd October, 1884 (No. 4), the Board agreed to contribute on the usual Certificates of their Officers one-half of the net cost, not exceeding £250, of setting back certain buildings in Cross-lane to widen that thoroughfare from 23 feet to 36 feet. Your Accountant having reported that the sum of £500 has been paid for the land acquired, and added to the public way, and your Superintending Architect having certified that the works have been satisfactorily completed, your Committee recommend—

That a Cheque be drawn £250 in favour of the St. Giles' District Board.

Your Committee have considered the Letter from the Vestry of Hampstead, requesting permission to borrow, and for the advance of a sum of £1,400, to defray the cost of sewerage works, referred by the Board on the 16th ultimo (No. 48). The Vestry propose to have constructed a length of 1,338 feet of 3 feet by 2 feet whole brick Sewer, with the requisite gullies, in Fortune Green-lane, at an estimated cost of £1,391 3s. 10d. The work has recently been let by tender, below the estimate, and the actual cost will not exceed £1,300, which sum your Engineer considers to be reasonable for the work, and that the Loan should be limited to that amount. In that opinion your Committee concur, and as the Plan for the Sewer was approved by the Board on the 7th instant (No. 12), your Committee recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Hampstead, for a Loan of a sum of £1,400 to defray the cost of sewerage works, be granted to the extent of £1,300, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, in 30 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

In accordance with the Resolution of the Board of the 7th instant (No. 48), your Committee have considered the application of the Vestry of Chelsea, for the further Loan of a sum of £10,000 for works at their Vestry-hall. On the 23rd October last (No. 15), the Board sanctioned the borrowing by the Vestry of the sum of £16,000 towards defraying the cost of making additions to and enlarging their Vestry-hall and Offices, and agreed to advance £6,000, leaving the Vestry to apply for the balance £10,000, when they required the money. That amount they now apply for, and your Committee accordingly recommend—

That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction

of the Solicitor, the application of the Vestry of Chelsea, for the further Loan of a sum of £10,000, towards defraying the cost of the erection of additional buildings at their Vestry-hall, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April within 30 years; that it be referred to the Solicitor to complete the Loan; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application of the Guardians of the Poor of St. Pancras, for a Loan of a sum of £2,000, towards defraying the cost of erecting, fitting up, and furnishing additional Workhouse buildings, referred by the Board on the 19th March last (No. 42). The Local Government Board having given the requisite authority for the borrowing of the money, your Committee recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of St. Pancras, for a Loan of £2,000 towards the cost of the erection, fitting up, and furnishing of additional Workhouse buildings, be complied with, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 15 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of their General Capital Account.

It will be in the recollection of the Board that, on the 23rd October last (No. 15), Loans were agreed to be advanced to the Vestries of Hampstead, St. George, Hanover-square, and Chelsea towards defraying the cost of the re-erection or enlargement of their Vestry Halls and Offices, and that in consequence of doubts entertained by your Solicitor, as to the powers of the Board because certain of the rooms and offices were not to be exclusively used for Vestry purposes, he consulted Counsel upon the subject, and subsequently, by direction of your Committee, he obtained the opinion of the late Attorney-General and Mr. Meadows White, Q.C., with the result that the Loans were directed by the Board to be advanced, but subject to a reduction of the amount, as affected the Vestry of St. George, Hanover-square. Your Solicitor states, that acting in accordance with his usual custom when questions arise in connection with Loans upon which he considers it necessary to consult Counsel, he charged proportionately to the three Vestries concerned, the Fees paid on the Cases submitted for the opinion of Counsel. Exception has been taken to the charge, and your Committee having considered the matter are of opinion that there are exceptional circumstances which justify them in considering that the opinions were taken for the guidance of the Board to assist in determining whether the purposes for which the Loans were required to be advanced were legally within the powers of the Board to sanction or to advance money for, and as a precedent in future cases. Your Committee therefore recommend—

That the amount paid by the Board for Counsels' Fees in respect of the Loans to the Vestries of Hampstead, St. George, Hanover-square, and Chelsea, be not claimed from those Vestries, and that any amounts paid by either of them in respect of such Fees be refunded.

Your Committee have had before them the Returns, prepared in pursuance of the Board's Loans Acts, 1869 and 1875 (32 and 33 Vic., cap. 102, Section 49, and 38 and 39 Vic., cap. 65, Section 13), with reference to Metropolitan Consolidated Stock, and other matters, and your Committee recommend—

That the Returns be approved, and that they be transmitted to the Treasury, for presentation to Parliament, in accordance with the Board's Loans Acts, 1869 and 1875.

All which your Committee beg to submit.

(Signed)

T. G. FARDELL,
CHA · MOSSOP,
DONALD MUNRO.

The Statement of Officers' Salaries and the Returns, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £25,498 11s. 9d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Fees specified in the Three summaries of Accounts now presented to the Board, marked A to C inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Statement now submitted, showing the Salaries payable to the Officers of the Board on the 25th instant, amounting to the sum of £2,962 16s. 8d., be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay the several sums specified in such Statement, to the persons entitled to receive the same.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That a Cheque be now drawn for the sum of £250 in favour of the St. Giles District Board, being the amount of this Board's promised contribution towards the Improvement effected at Cross-lane.

A Cheque was thereupon drawn on the General Capital Account accordingly.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Hampstead, for the Loan of a sum of £1,400 to defray the

cost of sewerage works, be granted to the extent of £1,300, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Thirty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to the Board hereafter giving their written consent, under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Chelsea, for the further Loan of a sum of £10,000, towards defraying the cost of the erection of additional buildings at the Vestry-hall, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Thirty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of St. Pancras, for a Loan of a sum of £2,000 towards the cost of the erection, fitting up, and furnishing of additional Workhouse buildings, be complied with, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Fifteen years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced by the Board out of the General Capital Account.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the expenditure incurred by the Board for Counsels' Fees in connection with the Loans to the Vestries of Hampstead, St. George, Hanover-square, and Chelsea be not charged to those Vestries, and that any amount which may have been paid by either of them in respect of such Fees be refunded.

It was *moved* by Mr. Fardell, seconded, and *resolved*—That the Return, now submitted, prepared in pursuance of the Metropolitan Board of Works Loans Act, 1869 (32 & 33 Vict. c. 102, s. 49), showing up to 31st December, 1885,

1. The amount of Consolidated Stock;
2. The application of the Money raised by such Stock;
3. The sums carried to the Consolidated Loans Fund;
4. The application of the Consolidated Loans Fund; and
5. An Estimate of the Expenditure of the Board for all purposes, for the year ending 31st December, 1886,

------	----	---

Your Committee beg to recommend—

That a Cheque for the sum of £22 10s. 10d. be drawn in favour of Mrs. Reid, in respect of repairs executed under Dangerous Structure Orders to the premises Nos. 1, 2, and 3, Birch-place, Islington, in the Essex-road Artizans' Dwellings Improvement Scheme.

Your Committee have also to recommend—

That a Cheque for the sum of £33 3s. 2d. be drawn in favour of Messrs. John C. Button and Co., Solicitors to the leaseholders of No. 12, Great Newport-street, being a moiety of an expenditure under the Orders of a Magistrate, in respect of Dangerous Structure proceedings in connection with Nos. 12 and 13, Great Newport-street.

Your Committee have further to report that they have had before them an application, on behalf of the Westminster Improvement Commissioners, for a License to build over the site of the King's Scholars' Pond Sewer, where the same is now vacant between Carlisle-place and Vauxhall-bridge-road, and the London and County Bank and the Convent buildings. Having conferred with your Engineer and your Solicitor, your Committee are of opinion that the Board may be advised to grant a License subject to certain special conditions, and your Solicitor has prepared a form of License accordingly. Your Committee recommend—

That the Seal of the Board be affixed thereto.

Your Committee have to report that they are of opinion that the time has arrived when the deodorization of the Sewage of the Metropolis for the present year should be commenced. Your Committee recommend accordingly, and that they be authorised to incur the necessary working expenses. They also recommend—

That Tenders be invited for a further supply of 3,000 tons of Manganate of Soda, and 1,000 tons of Sulphuric Acid ; it being stated in the Advertisement that the Board will accept a limited number of offers of Manganate of Soda, not exceeding 50 tons, at the price of the lowest Tender.

The attention of your Committee has been directed to the desirability, with a view of testing the question whether Sewage Cake can be beneficially used for manurial purposes, of the Board incurring a reasonable expenditure towards the cost of conveying the material to farmers and others who may apply for it, and, having conferred with your Solicitor as to the Board's powers in the matter, your Committee recommend—

That they be authorised to make arrangements for a distribution of Sewage Cake to farmers and others, by way of experiment, at a cost not exceeding £200.

Your Committee have had before them the Memorial, referred by the Board on Friday last (No 3), from the Leather-lane Improvement Committee as to the condition of the entrance to Leather-lane from Holborn, and suggesting that certain houses on the East side should be set back. Your Committee having carefully considered the matter, are not prepared to advise the Board to undertake the suggested Improve-

ment, but they think that it should be suggested to the Memorialists that they should communicate with the Holborn District Board of Works on the subject. Your Committee recommend in accordance with that view.

All which your Committee beg to submit.

The marked Catalogues and Accounts of sales of building materials of premises in High-street, Hampstead, Brook-street, &c., Limehouse, the Terrace and Church-row, Putney, and Cottage-place, South Lambeth, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for £22 10s. 10d. be now drawn in favour of Mrs. Reid, in respect of repairs executed under Dangerous Structure Orders to the premises Nos. 1, 2 and 3, Birch-place, Islington, in the Essex-road Artizans' Dwellings Improvement Scheme.

A Cheque was thereupon drawn on the General Working Account.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for £33 3s. 2d. be now drawn in favour of Messrs. John C. Button and Co., Solicitors to the Leaseholders of No. 12, Great Newport-street, being a moiety of an expenditure incurred under the Orders of a Magistrate, in respect of Dangerous Structure proceedings taken with respect to Nos. 12 and 13, Great Newport-street.

A Cheque was thereupon drawn on the Streets (Act of 1877) Account.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Seal of the Board be affixed to a License to the Westminster Improvement Commissioners to build over the King's Scholars' Pond Sewer near Carlisle-place, Vauxhall-bridge-road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the deodorisation of the Sewage of the Metropolis for the present year be commenced forthwith, that the Committee be authorised to incur the necessary working expenses for that purpose, and that Tenders be invited, as recommended by the Committee, for a further supply of 3,000 tons of Manganate of Soda, and 1,000 tons of Sulphuric Acid.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Committee be authorised to make arrangements for a distribution of Sewage Cake to Farmers and others, by way of experiment, at a cost not exceeding £200.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Leather-lane Improvement Committee be informed, in reply to their Memorial in favour of the widening of the entrance to Leather-lane from Holborn, that the Board are not prepared to undertake the proposed Improvement, but would suggest to the Memorialists that they should communicate with the Holborn District Board of Works on the subject.

14. Mr Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 4th May, 1886.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications

for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
22nd April, 1882.	Vestry of Bethnal-green, for re-numbering the houses in various streets in the Parish.
12th January, 1885.	Vestry of St. Pancras, for re-numbering the houses in— Northumberland-terrace, in continuation of Regent's-park-road. Prebend-place, Camden-town. Mortimer-market, Tottenham-court-road.
No date.	Inhabitants of Carrol-road, St. Pancras, that the Order of the Board of the 12th February last, directing that Carrol-road be incorporated with Chetwynd-road, and the houses renumbered, may be rescinded.
12th June, 1885.	Wandsworth District Board, for re-numbering the houses in Lavender-hill.
2nd October, 1885.	Mr. J. W. Barry, that a short length of street leading out of the Western side of Belsize-lane, may be named "Belsize-place, N.W."
21st October, 1885.	Lewisham District Board, for re-numbering the houses in Tudor-road, Penge.
30th November, 1885.	Mr. E. J. Blount, that Broomhouse-lane, Fulham, may be re-named Hurlingham-road. And the Fulham District Board, stating their opinion that Broomhouse-lane should be re-named Broomhouse-road, and the houses re-numbered; and Hurlingham-lane re-named Hurlingham-road, and re-numbered.
4th March, 1886.	Vestry of Camberwell, that certain houses on the Eastern side of Camberwell-grove may be re-numbered.
17th April, 1886.	Vestry of Lambeth, that certain newly erected houses on the Eastern side of Priory-grove, may have numbers assigned to them.

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That Bacon-street and Thomas-street, Bethnal-green, be incorporated under the name "Bacon-street, E.," and the houses re-numbered.

That Granby-street, Granby-terrace, and Oakley-street, Bethnal-green, be incorporated under the name "Granby-street, E.," and the houses re-numbered.

That the houses in Ellerdale-street, Lewisham, be re-numbered.

That the houses in Broadway, Deptford, be re-numbered, where necessary.

That Church-street and Walldridge-street, East Greenwich, be incorporated under the name "Christchurch-street, S.E.," the subsidiary names abolished, and the houses re-numbered.

That the houses in Northumberland-terrace be re-numbered, in continuation of those in Regent's-park-road, and the name "Northumberland-terrace" abolished.

That the houses in Prebend-place, Camden-town, be re-numbered.

That the houses in Mortimer-market, Tottenham-court-road, be re-numbered, and the name "Little Pancras-street" abolished.

That no alteration be made in the Order of the Board of the 12th February last, directing that Carrol-road, St. Pancras, be incorporated with Chetwynd-road, and the houses re-numbered, and that the Petitioners on the subject be so informed.

That the subsidiary names in Lavender-hill, Battersea, be abolished, and the houses re-numbered.

That the name "Belsize-place, N.W.," be assigned to a short street on the Western side of Belsize-lane, Hampstead.

That the subsidiary names in Tudor-road, Penge, be abolished, and the houses re-numbered.

That Broom-lane and Broomhouse-lane, Fulham, be re-named "Broomhouse-road, S.W.," and the houses re-numbered.

That Hurlingham-lane, Fulham, be re-named "Hurlingham-road, S.W.," the subsidiary names abolished, and the houses re-numbered.

That certain houses on the Eastern side of Camberwell-grove, South of Lettsom-street, be re-numbered with odd numbers.

That certain houses on the Eastern side, and at the Southern end, of Priory-grove, Lambeth, be re-numbered with odd numbers.

All which your Committee beg to submit.

15. Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 11th May, 1886.

Your Committee have to report that proceedings have been taken against Mr. Dyzirzynski, for breaches of the Bye-laws, for regulating the business of a Tripe-boiler at No. 274, Southampton-street, Camberwell, and that he was fined £1 and 4s., costs.

Your Committee have further to report that they have had under consideration an application under the Infant Life Protection Act, from Mrs. M. A. Bennett, for registration for the keeping of four Infants, at No. 2, Palmer's-place, Holloway-road, Islington. Mrs. Bennett has already been granted registration for the keeping of

three Infants, for which number the arrangements are satisfactory, but, after a careful consideration of the circumstances of the case, your Committee are of opinion that the number should not be increased. They accordingly recommend—

That the application of Mrs. M. A. Bennett, for renewal of registration under the Infant Life Protection Act, for the keeping of Infants, at No. 2, Palmer's-place, Holloway-road, Islington, be granted, and that the Board do make a Bye-law fixing three as the number of Infants allowed to be kept.

Your Committee have further to report that they have had under consideration several new applications for registration, under the same Act. The necessary Certificates of character have been submitted by the applicants, and, after carefully considering the circumstances in each case, your Committee recommend—

That the applications of the following persons for registration under the Infant Life Protection Act for the keeping of Infants at the premises named, be granted, and that the Board do make a Bye-law in each case fixing the number of Infants allowed to be kept as follows—

Mrs. Harriet Taylor, No. 17, Oliphant-street, Queen's-park Estate, Chelsea, 2 Infants

Miss Rebecca Rilat, No. 137, Upper Kennington-lane, Lambeth, 2 Infants.

Mrs. M. K. Smith, No. 2, Corsham-villas, Beversbrook-road, Upper Holloway, 3 Infants.

Mrs. Ellen Trapp, No. 1, Admiral-place, Edinburgh-road, Ladbroke-grove-road, Kensington, 3 Infants.

In one case which your Committee have had before them, the arrangements for the accommodation of the Infants do not appear to your Committee such as to justify them in recommending the granting of registration, the room in which the Infants are proposed to be kept, being low and situated underground. Your Committee therefore recommend—

That the application of Mrs. L. E. Bacon, for registration under the Infant Life Protection Act, for the keeping of 2 Infants at No. 20, Gillingham-street, Pimlico, be not granted.

Your Committee have further to report that they have had under consideration applications for renewal of Petroleum Licenses, and as, in each case, the arrangements for storage continue satisfactory, your Committee recommend—

That Licenses be granted to the following persons to keep Petroleum for a period of twelve months from the 14th instant, at the places and in the quantities named, in accordance with the terms of the draft Licenses submitted—

Messrs. Wilkie and Soames, Thames Soap works, East Greenwich, 8,000 gallons.

Mr. E. Manwaring, No. 6, Edward street, Peckham, 200 gallons.

South London Oil and Colour Co., Black-horse-road, Deptford, 400 gallons.

Mr. J. W. Chisholm, Crown Dye works, Lower Kennington-lane, 200 gallons.

Your Committee also submit a list of 82 applications for Licenses to keep Petroleum in small quantities, and they recommend—

That in 60 cases Licenses be granted to keep a quantity not exceeding 10 gallons of Petroleum in each case at the places named, and in accordance with the conditions of License No. 91; that in 5 cases Licenses be granted to keep Petroleum at the places named, in a store situated and constructed in accordance with License No. 90, and that in 17 cases special Licenses be granted to keep Petroleum at the places named, in the manner described in such Licenses.

Your Committee have further to report that proceedings have been taken against Mr. B. J. Maycock, of No. 49, Enfield-road, North, Hackney, for infringements of the conditions of his Petroleum License, and that he was fined £5 and 2s., costs.

All which your Committee beg to submit.

(Signed)

ALFRED POCOCK,
J. E. BRADFIELD,
JOHN RUNTZ,
FREDK. INGOLDBY,
W. J. WETENHALL.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the following persons to keep Petroleum for a period of Twelve months from this date, at the places and in the quantities named, in accordance with the terms of the draft Licenses now submitted—

Messrs. Wilkie and Soames, Thames Soap Works, East Greenwich, 8,000 gallons.

Mr. E. Manwaring, No. 6, Edward-street, Peckham, 200 gallons.

South London Oil and Colour Co., Black-horse-road, Deptford, 400 gallons.

Mr. J. W. Chisholm, Crown Dye Works, Lower Kennington-lane, 200 gallons.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the Eighty-two persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

16. Mr. Pocock, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE.

Spring-gardens, 11th May, 1886.

Your Committee have to report that proceedings have been taken against the following persons—

Henry Burgess, who was fined £10 and 4s. costs, or 14 days' imprisonment, for neglecting to give notice of an outbreak of Glanders, and for causing the diseased animal to be led along a highway.

Joseph Thornton, who was fined £20 and 4s. costs, or 3 months' imprisonment, for causing a glandered horse to be led along a highway.

Your Committee have further to report that they have examined the Accounts of the Cattle Inspectors for the quarter ended 31st March, amounting to £310 17s., and have passed the same for payment.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
J. E. BRADFIELD,
JOHN RUNTZ,
FRED^K. INGOLDBY.
W. J. WETENHALL.

28. The Solicitor reported that the second reading of the Fires Prevention Metropolis Bill (introduced by Mr. Spensley), had been adjourned until Wednesday next the 19th instant.
29. The Solicitor reported that the Hyde-park-corner (new streets) Bill was awaiting second reading in the House of Lords; and that the Board's Petition against the Bill had been sealed by the Chairman since Friday last, and subsequently presented, and he laid before the Board a printed copy of the Petition.

30. The Solicitor reported that the Select Committee of the House of Lords appointed to consider the Electric Lighting Act (1882) Amendment (No. 1) Bill (Lord Rayleigh); the Electric Lighting Act (1882) Amendment (No. 2) Bill (Lord Ashford); and the Electric Lighting Act (1882) Amendment (No. 3) Bill (Lord Houghton), had met on Monday and Wednesday last; that several witnesses had been examined, and that the Committee would meet again on the 17th instant.
31. The Solicitor reported that the Promoters of the Lee River Purification Bill having agreed with the Petitioners against the Bill as to amendments, the Bill had been withdrawn from the Select Committee to which it had been referred, and that it would in due course go before the Chairman of Ways and Means as an unopposed Bill, and that some verbal amendments were being introduced by the agents.
32. The Solicitor reported that the Select Committee on the River Lee would resume their sittings this day.
33. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions on their behalf, against Bills to be promoted in Parliament during the present Session.

It was moved by Mr. Fowler, seconded, and resolved—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

34. The Solicitor reported that notices had been given in the House of Commons to ask the Chairman of the Board the undermentioned questions—

“ Mr. Henry Green—Whether it is a fact that, during the past fifteen years, there have been frequent overflows of sewage matter into many of the houses on the Isle of Dogs :

“ And, whether, notwithstanding the oft-repeated complaints made by the sufferers through the local Poplar Board of Works, as well as to the Metropolitan Board of Works, nothing has yet been done to effectually abate this dangerous nuisance.”

“ Sir H. Roscoe—Whether it is a fact that the Metropolitan Low Level Sewer running down the Victoria Embankment possesses no ventilating shaft from the point at which the drainage of the Palace of Westminster passes into the Low Level Sewer to a second point nearly 800 yards distant at York Gates :

“ Whether all competent authorities have laid down that every main Sewer should have one ventilating shaft at least for every 100 yards of its length :

“ And whether, in this case, he will take steps to have the said Sewer properly ventilated, and thus to remove much of the danger to the air of the House of Commons by reason of the passage of sewer gas from the Low Level Sewer of the Metropolitan system into the main drain of the Palace.”

35. The Solicitor reported that Mr. H. H. Fowler, M.P., had given notice to introduce a Bill for the transfer to this Board, and the maintenance of certain Public Parks and works in the Metropolis.

43. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the several portions of the Loan of £10,000 to the Hackney District Board, and he suggested that this Board should pass Orders authorising the District Board to borrow the amount, and also draw a Cheque for the same, and a Cheque for £12 10s. for Stamp-duty.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved* and *ordered*, as follows—

Whereas the Board of Works for the Hackney District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board on the security of all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act within the said District, of a sum of Eight thousand four hundred pounds, for the purpose of defraying the expense, or part of the expense incurred, or to be incurred by the said District Board in the re-construction of Temple Mills Bridge, in executing certain granite paving, channelling and kerbing works, in parts of Albion-road, Stoke Newington, West-street (Hackney) Broadway (London-fields), Seven

Sisters-road, Stoke Newington, and Green-lanes, Stoke Newington, and in executing certain Street Improvements in Church-street, Stoke Newington, Clapton-road, Urswick-road, and Brooksby's-walk, and in planting and laying out as open spaces in the District, West Hackney Churchyard, Shacklewel-green and Well-street Graveyard, Stonebridge-common, The Triangle (Mare-street), The Triangle (Kenton-road), and Shacklewel Triangle. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Eight thousand four hundred pounds should be borrowed by the said District Board for the purposes aforesaid. Therefore, it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board under the Metropolis Management Act, 1855, of a sum of Eight thousand four hundred pounds for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by equal annual instalments within a period of Fifteen years.

Whereas the Board of Works for the Hackney District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act within the said District, of a sum of One thousand six hundred pounds, for the purpose of defraying the expense incurred or to be incurred by the said District Board in executing certain wood paving works in Church-street, Stoke Newington, from the West side of Lancett-street, and in Clarence-road, Lower Clapton, from Dalston-lane, to the South side of Goulston-road. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand six hundred pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board under the Metropolis Management Act, 1855, of a sum of One thousand six hundred pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Orders.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £10,000 be now drawn in favour of the Hackney District Board, and a Cheque for £12 10s. for the Stamp-duty on the Mortgage-deeds; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

44. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £5,800 to the Vestry of St. Pancras, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of St. Pancras, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of Five thousand eight hundred pounds, for the purpose of defraying the expense incurred or to be incurred by the said Vestry

in executing Street Improvements in the Parish, by widening or otherwise improving parts of Princess-terrace, Mabledon-place, Angler's-lane, Woodsome-road and Kentish-town-road. And whereas the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Five thousand eight hundred pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Five thousand eight hundred pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be, within a period of Twenty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order ; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £5,800 be now drawn in favour of the Vestry of St. Pancras ; and a Cheque was drawn on the General Capital Account accordingly.

45. The Solicitor presented an application and voucher for £15 1s. 5d., the purchase-money for the redemption of the Land Tax on property in South-street, purchased by the Board from Messrs. Bell and Co., for the purposes of the Clapham to Putney Relief Sewer, and stated that the amount should be paid not later than to-morrow, and he suggested that the Board should therefore draw a Cheque for the same.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £15 1s. 5d. be now drawn ; and a Cheque was drawn on the Main Drainage and Main Sewers Account in favour of the Receiver of Inland Revenue.

46. The Solicitor reported that on the 12th instant, fires, attended with loss of life, had occurred at a Public-house in New Inn-yard, Shoreditch, and at premises in Well-street, Hackney, and that he had taken steps for ascertaining the facts from the Officers of the Fire Brigade, and for attending the inquests.

47. The Solicitor presented the following documents for sealing—

Four Leases to Messrs. Sage and Oxley of Plots Nos. 10, 11, 12 and 13, in Gray's-inn-road (Gray's-inn-road Improvement).

License to Mr. D. Devenish, the Lessee of the " Admiral Keppel " Public-house in High-street, Shoreditch, to make alterations to the premises (High-street, Shoreditch, Improvement).

Conveyance by Mr. A. Westmorland, and others, of the premises No. 174, Gray's-inn-road, and a Memorial for the registration of the same (Gray's-inn-road Improvement).

Power of Attorney for payment out of Court, to the Board, of a sum of £1,168 13s. 11d. deposited in connection with an action against the Board by Mr. Bygrave, in respect of Nos. 82 and 84, Red-cross-street (Southwark-bridge-road to Great Dover-street Improvement).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively ; and the Seal was affixed accordingly.

48. The Solicitor reported that he had not yet received the Deed of Conveyance to the Board of Works for the Greenwich District of the piece of ground on the South side of Deptford Bridge, agreed to be conveyed by this Board to the District Board, and he suggested that, as the sale and purchase were to be completed on the 20th instant, the

Board would probably authorise the Chairman to affix the Seal to the Deed when received.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman be requested and authorised to affix the Common Seal of the Board to the said Deed of Conveyance.

49. The Clerk laid before the Board two copies of their Order of Friday last (No. 2), on the matter of Disagreement between Messrs. Oliver and Leeson, Architects, and Mr. H. Jarvis, District Surveyor, relative to the construction of two staircases at the Alleyn Boys' School, in Townley-road, Dulwich.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

50. The Clerk presented a Letter from Mr. J. M. Anderson, Honorary Secretary, and Mr. W. H. White, Secretary of the Royal Institute of British Architects, dated 4th May, 1886, stating that the Council of the Institute had granted Certificates of competency to perform the duties of District Surveyor to Messrs. A. Crow, F. E. Eales, J. Goodchild, F. W. Hamilton, A. Hayes, C. G. Saunders, and S. F. Monier-Williams.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

51. The Clerk presented a Letter from Mr. H. Wilkins, Clerk to the Vestry of St. James, Westminster, dated 7th May, 1886, stating that having considered a Letter from the Vestry of Clerkenwell on the subject of the Coal and Wine Dues, the Vestry of St. James were of opinion that it was expedient to renew those Dues, and to appropriate the same for the purpose of Metropolitan Improvements.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

52. The Clerk presented a Letter from Mr. F. Wallen, dated 6th May, 1886, relative to the neglected state of the garden in the Crescent in Euston-street, St. Pancras, and suggesting that it should be dealt with under the provisions of the Gardens in Towns Protection Act, 1863 (26 Vic., c. 13).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Solicitor do report to the Committee thereon.

53. The Clerk presented a Letter from Mr. W. H. Elwell, on behalf of the Great Northern Railway Company, dated 7th May, 1886, stating that the Company were desirous of acquiring the piece of land shown on the Plan accompanying the Letter, and coloured Green and Yellow, containing $37\frac{1}{4}$ perches, abutting on Endymion-road, Finsbury-park, and belonging to the Board, for the purpose of widening the Railway, and enquiring whether the Board would be willing to sell the same, and stating that if they would not sell the whole the Company would be glad to purchase the piece coloured Green, containing 11 perches.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

54. The Clerk presented a Letter from Mr. J. J. Stokes, Clerk to the Vestry of the Rotherhithe, dated 7th May, 1886, transmitting a copy of a Resolution, expressing the satisfaction of the Vestry with the steps the Board were taking with the view to provide a Bridge across the Thames at Rotherhithe, and stating that the Vestry would support a scheme of that nature.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

55. The Clerk presented a Letter, as follows—

Metropolitan Board of Works,
Spring-gardens, May 10th, 1886.

To the Chairman and Members of the Metropolitan Board of Works.

GENTLEMEN,—I beg to inform you that I find myself compelled, by failing health, to tender my resignation of the position of Superintending Architect to the Board, which I have held for more than 25 years.

It is with great reluctance and deep feelings of regret that I have resolved to withdraw from this high and honourable position, and from the performance of professional duties in which I have taken a very lively interest for nearly half a century (having entered my profession in July, 1836).

In closing my long connection with the Board, I trust I may be allowed to express my grateful sense of the kindness and consideration which has always been extended to me by all the Members of the Board, the Chairman and Officers, the recollection of which will ever be a great comfort and consolation to me in my declining years.

In tendering my resignation, I desire at the same time to say that I shall be prepared to continue the conduct of the business of the Department until the Board shall have made such arrangements as they may think necessary in consequence of my retirement, and shall also be willing and ready to place my services at the disposal of the Board on all occasions when the Board may think fit to honour me with their confidence.

I have, &c.,
(Signed) GEORGE VULLIAMY.

It was *moved* by Mr. Fowler, seconded by Mr. Freeman, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration and report.

56. The Clerk presented a Letter from Mr. D. Faulkner, Honorary Secretary of the Holloway Temperance Brass Band, dated 8th May, 1886, asking permission for the Band to play in Finsbury-park on Saturday evenings, or on any other evenings that might be convenient, and that permission might be given to sell programmes of the music.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee to send a reply thereto.

57. The Clerk presented a Letter from Mr. H. Wollheim, dated 10th May, 1886, requesting, on the grounds stated in his Letter, that the Board would authorise experiments at Crossness with a view to showing the superiority and non-putrescible character of the sludge produced by the Walter process of Sewage precipitation, and if thought desirable, that competitive test experiments with the Chemist's, or any other process might be undertaken.

It was *moved* by Mr. Fowler, seconded by Mr. J. Jones, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

58. The Clerk presented a Letter from Mr. R. Fairbairn, Hon. Secretary of a Committee of the South Metropolitan Ratepayers' League, dated 12th May, 1886, stating, with regard to the construction of a proposed Bridge across the Grand Surrey Canal at Canterbury-road, Old Kent-road, that the necessary promises had been given by the parties interested, to contribute one-half of the cost of the Bridge; asking the Board to allow a reference of the subject to come before the Committee of the House of Commons upon the Board's Various Powers Bill of this Session; and stating that the Divisional Member of the House of Commons was prepared to move the suspension of Standing Orders for the purpose.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

59. The Clerk presented a Letter from Mr. J. Orchard, Secretary of the Young Men's Christian Association, Finsbury-park, dated 12th May, 1886, asking permission to hold religious services in the Park, either at the Band-stand or some other suitable spot, on Sundays and occasionally during the week.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons and Open Spaces Committee, for consideration, with authority to send a reply thereto.

50. The Clerk presented a Letter from Mr. C. F. Hayward, District Surveyor for the District of St. Giles and St. George, Bloomsbury, dated 12th May, 1886, applying to be transferred to the vacant District of Chelsea.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration, in connection with the reference, already made to them on the subject to which it relates.

61. The Clerk presented a Letter from Mr. G. A. Mead, Hon. Secretary of the Clerkenwell Branch of the Social Democratic Federation, dated 13th May, 1886, asking the Board to receive a Deputation on the 21st instant with reference to the immediate application of the Housing of the Working Classes Act, 1885, by the erection of suitable Working Class Dwellings on the sites of the House of Detention, Clerkenwell, and Coldbath Fields Prison.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to receive the proposed Deputation if necessary.

3. Mr. White stated that the Deputation on the subject of the proposed Improvement at Park-place, Knightsbridge, notice of which appeared in the paper of business, had not yet arrived.

4. Mr. Shepherd handed in a Letter, as follows—

Vestry of Bermondsey, Surrey.

Town-hall, Spa-road, S.E.,
19th May, 1886.

SIR,—I am desired by the Vestry to call your serious attention to the unfortunate condition of a portion of the population of this Parish, and especially that portion which lies in or about the Southwark-park-road, owing to the periodical trouble caused by the floods pouring into their premises from your Sewers.

Some of the Sewers of this Parish during the rains of last week were charged up to the hilt with water, the consequence of which was that in numerous streets they discharged into the dwellings of the inhabitants. This, as a sanitary matter, is looked upon by the Vestry as a consideration of the first importance, and I am to urge upon you the necessity of immediately endeavouring to take such steps as shall prevent the Ratepayers who help to pay for the Sewers from receiving a flood of Sewage and water in return.

Yours, &c.,
(Signed) J. HARRISON,
Clerk and Solicitor.

To the Clerk,
Metropolitan Board of Works,
Spring gardens, S.W.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

5. Read a Letter, as follows—

Paddington.

Vestry-hall, Harrow-road,
20th May, 1886.

GAS LIGHT AND COKE COMPANY AND ST. MARY ABBOTTS, KENSINGTON.

DEAR SIR,—In view of the decision in the Court of Queen's Bench on this case (May, 1885), I am instructed by the Vestry of this Parish to request that the Metropolitan Board of Works will be good enough to introduce a Clause into one of their Parliamentary Bills, making it compulsory for Gas and Water Companies to lay their mains at a depth of not less than twenty-six inches below the surface of the streets.

I am, &c.,

(Signed) FRANK DETHRIDGE,

Vestry Clerk.

J. E. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved*, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

6. Mr. Harben handed in a Letter, as follows—

Vestry of the Parish of St. John, Hampstead.

Vestry-hall, Hampstead, N.W.,
19th May, 1886.

DEAR SIR,—Referring to your Letter of the 10th ultimo, forwarding, for the information of the Vestry, a further statement of account, relative to the Street Improvements at Hampstead, now being carried out by the Metropolitan Board of Works, and applying for a further payment of £20,000, I am desired by the Vestry to apply to the Metropolitan Board for permission to borrow, and also to advance, the sum of £20,000 to be applied towards such Improvements.

I am, &c.,

(Signed) THOS. BRIDGER,

Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works.

It was *moved* by Mr. Harben, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

7. Mr. Harben, in the absence of Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

REPORT OF THE FINANCE COMMITTEE.

Spring-gardens, 11th May, 1886.

Pursuant to the Resolution of the Board of the 8th January last (No. 9), your Committee have caused to be prepared a Draft Report of the proceedings of the Board for the year ended 31st December, 1885, as required by the 200th Section of the Metropolis Local Management Act, and the 16th Section of the Metropolitan Board of Works (Loans) Act, 1871. A copy of the Report has been sent to each Member of the Board, and your Committee beg to submit the Draft Report, and to recommend—

That the same be approved, and that copies thereof, together with the Account in Abstract and Summary Statement for the same period, be sent to Her Majesty's Principal Secretary of State for the Home Department; to the Commissioners of Her Majesty's Works and Public Buildings; to the Local Government Board; to the Lord Mayor of the City of London; to the Lords Commissioners of Her Majesty's Treasury; and to each of the Vestries and District Boards within the Metropolis, conformably to the 200th Section of the Metropolis Local Management Act, and the 16th Section of the Metropolitan Board of Works (Loans) Act, 1871; that a copy be also supplied to each Member of the Court of Common Council, and of the several Vestries and District Boards in the Metropolis; that a copy be sent to the Municipal

Authorities of the principal Cities and Towns in England and abroad; and that a sufficient number of copies of the Report be printed for that purpose.

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
CHAS. MOSSOP,
HENRY HARBEN,
GEORGE JAMES,
W. URQUHART.

The Draft Report referred to was laid before the Board.

It was *moved* by Mr. Harben, and seconded—That the Draft Report now submitted be approved and dealt with, as recommended by the Committee.

Mr. Runtz thereupon called attention to the paragraph on page 53 of the Report, with reference to the Board's proposal for an increased contribution from Insurance Companies towards the expenses of the Fire Brigade, and *moved*, as an *amendment*—That the Draft Report be referred back to the Committee, for re-consideration.

The *amendment* was seconded by Col. Hughes, M.P.

After discussion the *amendment* was, by leave of the Board, withdrawn.

A further *amendment* was *moved* by Mr. Richardson, and seconded—That the Draft Report be altered by striking out the words, "by any impartial person," from the paragraph in question.

The *amendment* having been put to the vote it was declared by the Chairman to be carried, and having been put as an *original motion* it was also carried; and it was *resolved* accordingly.

The Report was then altered accordingly.

It was thereupon *resolved*—That the Draft Report of the proceedings of the Board for the year ended 31st December, 1885, be approved, and that copies thereof, together with the Account in Abstract and Summary Statement for the same period be sent to Her Majesty's Principal Secretary of State for the Home Department; to the Commissioners of Her Majesty's Works and Public Buildings; to the Local Government Board; to the Lord Mayor of the City of London; to the Lords Commissioners of Her Majesty's Treasury; and to each of the Vestries and District Boards within the Metropolis, conformably to the 200th Section of the Metropolis Local Management Act, and the 16th Section of the Metropolitan Board of Works (Loans) Act, 1871; that a copy be also supplied to each Member of the Court of Common Council, and of the several Vestries and District Boards in the Metropolis; that a copy be sent to the Municipal authorities of the principal Cities and Towns in England and abroad; and that a sufficient number of copies of the Report be printed for that purpose.

Paddison, Son and Co., or bearer, for £36 0s. 4d. for taxed costs of Jury proceedings, less tenant's rent, *re* D'Humy (Charing-cross), and for which your Solicitor obtained cash, has been tendered to Messrs. Paddison, who declined to accept it, and that the money was, on the 12th instant, returned to your Cashier, and paid back to the Board's Account at the London and Westminster Bank on the same day.

Your Committee have proceeded on the Resolution of the Board of the 26th February last (No. 3), referring it to them to confer with Her Majesty's Government, with a view to ascertain whether, in the event of the Board deciding to carry out one or more permanent communications across the Thames, or any other works requiring Parliamentary sanction, they might rely upon the assistance of the Government to obtain exceptional powers from Parliament to enable the works to be commenced without unnecessary delay, and also as to the best means of providing the requisite funds. The late President of the Local Government Board had consented to receive a Deputation on the subject, but the change of Government prevented his doing so. His successor Mr. Stansfeld has expressed his willingness to receive the Board, but on further consideration of the subject it does not appear to your Committee necessary to trouble him, and they recommend—

That the reference be discharged.

Your Committee have considered the Letter, referred to them on Friday last (No. 11), from Mr. G. B. Godfrey, stating that since the last meeting of the Board he had examined more fully the details of his original Tender for the construction of Battersea new Bridge, and that he found it would require the sum of £138,000 to carry out the work satisfactorily, instead of £130,000, and that unless the amount stated in his original Tender were increased to that sum, he would not feel justified in signing a Contract. Your Committee are not prepared to advise the Board to entertain Mr. Godfrey's suggestion for an increase in the amount of his Tender, and they recommend that he be so informed. They further recommend—

That the next lowest Tender, namely that of Messrs. Williams, Son and Wallington, amounting to £143,000, be accepted, subject to the same conditions as were attached to the acceptance of Mr. Godfrey's Tender.

Your Committee have further to report that they have considered the Letter, referred to them on the 8th January last (No. 31), from the Vestry of St. Pancras, transmitting

a copy of a Report from their Parliamentary, &c., Committee, approved by them, urging the Board to re-consider the question of the removal of the gates by St. Pancras Church, and in Gower-street, Torrington-place, and Sidmouth-street, and expressing the opinion that each of them is of Metropolitan importance, and should be removed without further delay and at the cost of the ratepayers of the Metropolis generally. The Board, on the 24th July last, on the recommendation of your Committee, directed that a communication should be sent to the Vestry, stating that, whilst the Board were unable to deal with the whole question of the removal of Gates and Bars in the Metropolis, they would, if the Vestry applied to them to deal with one or two definite cases in the Parish of St. Pancras which seemed to be most injurious to the public interest, and towards the cost of which the Vestry would be willing to contribute, consider the desirability of taking legislative action to remove such Gates or Bars. Your Committee, on a further consideration of the matter, see no reason for varying that decision, and they recommend—

That the Vestry be informed that the Board are unable to depart from the decision arrived at on the 24th July last in relation to the question.

Your Committee have considered the Letter, referred on the 26th June, 1885 (No. 31), from the Society of Medical Officers of Health, stating that they were of opinion that legislation was urgently needed to control the brick-making industry in the Metropolis, by such means as might be found necessary to prevent nuisance arising from its operations, and expressing a hope that the Board would see fit to move for legislation on the subject. After careful consideration of the matter and conference with your Officers, your Committee are not prepared to advise the Board to take any action in the direction indicated, and they recommend that the Society of Medical Officers of Health be informed to that effect.

Your Committee have also considered the Letter, referred by the Board on the 21st ultimo (No. 2), from the Vestry of Shoreditch, asking the Board to contribute one-half, or a sum not exceeding £150, towards the cost, viz., £260, of an Improvement at Nos. 19, 21 and 23, Hackney-road. The cost of the land only will be £260, and about 180 superficial feet of land will be added to the public way. Your Committee have viewed the locality and are of opinion that the Improvement is a desirable one, and your Superintending Architect reports that the cost is fair and reasonable. Your Committee therefore recommend—

That the Board do contribute one-half of the net cost of the Improvement, such contribution not to exceed the sum of £130, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have further to report that they have had before them the Letter referred on the 9th ultimo (No. 43) from the Vestry of Shoreditch, requesting approval by the Board of an Improvement they proposed to effect in Nile-street, as shown on the Plan accompanying their Letter, at an estimated cost, including works, of £1,000, and asking the Board to contribute one moiety of the cost. Your Committee have considered the Letter, in accordance with the reference made to them, and have now to report to that they have not arrived at any Resolution thereon.

Your Committee have also considered the Letter, referred to them on the 14th instant (No. 55), from Mr. G. Vulliamy, tendering his resignation of the office of Superintending Architect in consequence of ill-health. Mr. Vulliamy has held his high and responsible office for upwards of 25 years, and your Committee feel sure that every Member of the Board will regret the reasons of his retirement. Your Committee reserve for future consideration and report the questions of the grant of a Retiring

allowance to Mr. Vulliamy, and the appointment of a successor, and they now recommend—

That his resignation be accepted as from the 29th September next.

All which your Committee beg to submit.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the reference made to the Committee by the Board on the 26th February last (No. 3), to confer with the Government, with a view to ascertain whether, in the event of the Board deciding to carry out one or more permanent communications across the Thames, or any other works requiring Parliamentary sanction, they might rely upon the assistance of the Government to obtain exceptional powers from Parliament to enable the works to be commenced without unnecessary delay, and also as to the best means of providing the requisite funds, be discharged.

The Engineer read the following Report—

Engineer's Department,
Spring-gardens,
20th May, 1886.

BATTERSEA (NEW) BRIDGE.

“Engineer to see Messrs. Williams, Son and Wallington, as to conditions, and report
“to the Board on Friday.”

I have had an interview with Messrs. Williams, Son and Wallington, since the last meeting of the Works, &c., Committee, and they state that they are prepared to sign the Contract for the construction of the proposed new Bridge at Battersea, and to carry out the work for the sum mentioned in their Tender, namely—£143,000, and that they will undertake to put the ironwork in the hands of a firm which shall be satisfactory to your Engineer. They say that as a great deal of the work to the foundations must be advanced before the ironwork is commenced, it would be an advantage to them to have time to make their arrangements with the iron founders complete, and will not delay operations.

Under these circumstances I recommend that Messrs. Williams, Son and Wallington's Tender be accepted.

(Signed) J. W. BAZALGETTE,
Engineer.

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That Mr. Godfrey be informed that the Board are not prepared to entertain his suggestion for an increase in the amount of his Tender for the construction of Battersea new Bridge; and that the next lowest Tender for the said works, namely, that of Messrs. Williams, Son and Wallington, amounting to £143,000, be accepted, subject to the result of the usual enquiries being satisfactory, and to the names of the Ironfounders to be employed being approved by the Engineer of the Board.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Vestry of St. Pancras be informed, in reply to their Letter, urging the Board to re-consider the question of the removal of the gates by St. Pancras Church, and in Gower-street, Torrington-place and Sidmouth-street, that the Board are unable to depart from their decision arrived at on the 24th July last in relation to the question.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Society of Medical Officers of Health be informed, in reply to their Letter, urging that legislation is needed to control the brick-making industry in the Metropolis, that the Board, having given careful consideration to the question, are not prepared to take any action in the direction indicated.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Board do contribute one-half of the net cost (£260) of an Improvement proposed to be effected by the Vestry of Shoreditch at Nos. 19, 21 and 23, Hackney-road; such contribution not to exceed the sum of £130, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was *moved* by Captain Wenborn, pursuant to notice, and seconded by Mr. Lawrence—That the application of the Vestry of Shoreditch for a contribution towards the cost of the proposed Improvement at Nile-street, be referred back to the Committee, for further consideration and report.

After discussion the *motion* was put to the vote, and declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the resignation by Mr. G. Vulliamy of the office of Superintending Architect be accepted as from the 29th September next.

9. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 18th May, 1886.

Your Committee have considered the Resolution of the Bolingbroke Tradesmen and Ratepayers' Club, referred by the Board on the 7th instant (No. 57), asking that a Fire-escape may be placed opposite the "Falcon" Public-house, at Clapham Junction, or at some other spot suitable to the requirements of that locality. Your Committee have also considered the Letter from the Wandsworth District Board, referred on the 14th instant, making a similar request. It appears to your Committee that the Board can give no other answer to these requests than has been given to the inhabitants and Local Authorities of other Districts, that is to say, that the expenditure on the Fire Brigade being considerably in excess of the income allotted for the purpose by Parliament, it is impossible for the Board, at the present time, to add to the number of Fire-escape Stations in any part of the Metropolis. Your Committee accordingly recommend—

That the applicants be so informed.

Your Committee have received a Report from the Chief Officer, and a Certificate by one of the Medical Officers, to the effect that Engineer Charles Langhelt is suffering from chronic rheumatism, and that his infirmity is such as to permanently incapacitate him for further service in the Brigade. Langhelt was born in September, 1835, and joined the Brigade in December, 1855. He has thus completed 30 years' service, and, as the Chief Officer states that he has served with zeal and fidelity, your Committee recommend—

That Langhelt be discharged with a Pension of £2 1s. 10d. a week, the amount to which he is entitled under the Board's Regulations.

Your Committee have also received a Report from the Chief Officer, and a Certificate by one of the Medical Officers, to the effect that Third-class Fireman J. D. Freeman is suffering from defective vision, and that he is on that account unfit for service as a Fireman. Freeman was born in November, 1858, and joined the Brigade in February, 1882. As he has only completed Four years' service, he is not entitled to any gratuity on retirement, but the Board will, as in previous cases, probably wish to give Freeman a small sum. Your Committee recommend—

That he be discharged, and that a gratuity of £5 be granted to him.

Your Committee regret to have to report the death of Fourth-class Fireman W. J. Bridges, in consequence of injuries caused by a fall from a horse. Bridges, it appears, having assisted in taking a Fire-escape to its night Station, was riding back to the Head-quarters on one of the horses which had taken out the street-waggon to its night Station at the "Elephant and Castle," when the accident happened. The Chief Officer states distinctly that it was no part of Bridges' duty to be riding the horse, and that, therefore, he cannot be said to have met with his death in the execution of his duty, and it is very necessary that this should be understood throughout the Brigade. The Chief Officer states, however, that he always did his work satisfactorily, and that he gave every promise of becoming a useful member of the force. Your Committee regret his untimely death, and they recommend—

That a gratuity of £10 be granted to his widow.

Your Committee have further to report that First-class Fireman John H. Dickens and Fourth-class Firemen W. J. Thorp and W. Martin have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Fourth-class Fireman Henry Hill has been reported to your Committee for refusing to do any more duty, and your Committee recommend—

That he be dismissed.

The Chief Officer has reported to your Committee that Fourth-class Fireman F. S. Rees was absent from his duty with the Golden-square Fire-escape on the morning of the 28th ultimo, when a fire occurred in Beak-street, Regent-street, at which three men lost their lives. An inquest has been held on the bodies of the unfortunate men, and the Coroner's jury has returned a verdict of manslaughter against Rees. In these circumstances your Committee recommend—

That Rees be dismissed.

Your Committee have to submit the following recommendations—

That the following promotions be made, viz.—Second-class Fireman Stephen T. Richards, to the First Class; Third-class Fireman H. C. D. Thoburn to the Second Class; and Fourth-class Firemen William Trice and Frederick W. Sampson to the Third Class.

That Francis H. Keys, Walter Withams, Henry E. Reed, and Joseph H. Penn be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

Your Committee have further to report, for the Board's information, that the Contract for the maintenance and repair of the Fire-escapes, and for the supply of new Escapes and Watch-boxes having expired on the 30th ultimo, notice of the Board's intention to enter into a new Contract was given by Advertisement in the newspapers, and two complete Tenders were received. Your Committee, having considered those Tenders, have resolved to accept that of Messrs. E. H. Bayley and Co., the present Contractors, who have done the work satisfactorily for many years. The new Contract will be for Three years from 1st June next, Messrs. Bayley and Co. having agreed, at the request of your Committee, to carry on the work under the old Contract for a month beyond the date of its expiration. The prices to be paid to Messrs. Bayley and Co., under the new Contract, are as follows—

Each new Escape (taking an old Escape in exchange) for the sum of	...	...	...	...	...	...	£65	0	0
Each new Escape (nothing being taken in exchange) for the sum of							75	0	0
Each new large Watch-box	...	...	...	...	...	...	23	0	0
Each new small Watch-box of the old pattern					...	...	8	10	0
Each new small Watch-box of an improved pattern				...	...	...	18	0	0
Maintenance and repair of every Escape and Watch-box belonging to the Fire Brigade, at per annum each	...	...	...	...	...	...	8	0	0

Your Committee have also accepted the Tender of Messrs. E. H. Bayley and Co. for the supply and repair of the Wheels and other parts of the carriages of Fire-engines, Vans, &c., for three years from 1st June next, Mr. G. Bray, the present

Contractor, having agreed, at the request of your Committee, to carry on until the end of May the work under his Contract which expired on 30th April.

All which your Committee beg to submit.

(Signed) GEORGE HILL,
W. R. SELWAY,
GEORGE PHILLIPS,
GEO. EDWARDS,
AND^W. MIDDLEMASS,
ROBT. JONES.

The Report having been read and received,

It was *moved* by Mr. Hill, seconded, and *resolved*—That the Wandsworth District Board and the Bolingbroke Tradesmen and Ratepayers' Club be informed that, as the expenditure on the Fire Brigade is considerably in excess of the income allotted for the purpose by Parliament, it is impossible for the Board, at the present time, to add to the number of Fire-escape Stations in any part of the Metropolis.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Engineer Charles Langhelt, who is certified to be incapacitated by physical infirmity for further service in the Brigade, be discharged with a Pension of £2 1s. 10d. a week, the amount to which he is entitled under the Board's Regulations.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Third-class Fireman J. D. Freeman, who is certified to be unfit for further service as a Fireman, be discharged, and that a gratuity of £5 be granted to him.

It was *moved* by Mr. Hill, seconded, and *resolved*—That a gratuity of £10 be granted to the widow of Fourth-class Fireman W. J. Bridges.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Fourth-class Firemen Henry Hill and F. S. Rees be dismissed for misconduct.

It was *moved* by Mr. Hill, seconded, and *resolved*—That the following promotions be made, viz.—Second-class Fireman Stephen T. Richards, to the First Class; Third-class Fireman H. C. D. Thoburn to the Second Class; and Fourth-class Firemen William Trice and Frederick W. Sampson to the Third Class.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Francis H. Keys, Walter Withams, Henry E. Reed, and Joseph H. Penn be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

10. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 18th May, 1886.

Your Committee have to report that the Board on the 19th February last (No. 3) directed that a Notice under the 45th Section of their Various Powers Act, 1882, should be prepared, and be served upon the person keeping open the Grand Theatre, in High-street, Islington, as a place of public entertainment. The Notice had reference to the fastenings of the exit doors, the placing of inscriptions in the corridors to show the way out, and the provision in certain parts of the Theatre of oil lamps, to be kept burning during the whole time of the performance. The Notice was served on the 9th March last, and your Committee have to report, for the information of the Board, that the Notice has been complied with.

Your Committee have also to report that they have, in pursuance of the reference by the Board of the 12th March last (No. 95), considered the application of Mr. J. Wall, on behalf of Mr. R. Wallbutton, for approval by the Board of certain alterations and additions proposed to be made to the public Hall at the Deptford Conservative Club, at the rear of No. 411, New-cross-road, Deptford, as shown on the Drawings accompanying

the application. The Board, on the 30th October last (No. 12), granted a conditional Certificate in respect of the Hall at that Club, which Hall it is now proposed to lengthen at its Northern end, to the extent of 30 feet, as well as to form a new platform, with refreshment-rooms under such platform, and to build a small retiring-room on the East side of the Hall, and a new entrance vestibule and two retiring-rooms on the West side of the Hall. Your Committee suggested to the applicant various points, relating chiefly to the thickness of certain walls, the construction of the floor of the platform, and the strengthening of the roof, in which it appeared desirable to amend the Drawings for the better security of the public. The applicant has adopted those suggestions, and submitted an amended Drawing embodying the proposed alterations. The District Surveyor is desirous that the wall separating the public Hall from the premises in New-cross-road should be treated as a party wall, and your Committee are of opinion that the suggestion should also be adopted. They therefore recommend—

That the application be granted, upon condition that such alterations and additions be made in accordance with the amended Drawing submitted by the applicant, and presented to the Theatres and Music-halls Sub-Committee on the 11th May, 1886, and also upon condition that the wall at the Southern end of the Hall, separating such Hall from the premises in New-cross-road be treated as a party-wall, and that any opening made in such wall be closed by an iron door; and that the District Surveyor be informed of the decision of the Board.

Your Committee have further to report that they have considered the application of Mr. J. G. Buckle, on behalf of Mr. J. N. Maskelyne, for approval by the Board of certain proposed alterations to the Egyptian Hall, in Piccadilly, as shown on the Plans, and described in the specification accompanying the application, referred by the Board on the 7th instant (No. 54). The proposed alterations include the re-arrangement of the staircases, the provision of lavatory accommodation in the basement, with a staircase leading into the entrance Hall, the enlargement of the Lounge on the South side of the Hall, the construction of new dressing-rooms and a property room, and the raising of a portion of the roof over the stage. The manner in which it is proposed to alter the staircases is open to serious objection, as it appears that if the alterations were effected the audience from five different parts of the premises would meet together in a space which, at one point, is only about 5 feet wide. The applicant, states that it is intended to apply for a dramatic License for the premises, but it is probable that extensive structural alterations would be required to render their use for that purpose compatible with the safety of the public. Apart from that question, however, your Committee consider the Drawings submitted unsatisfactory, and they therefore recommend—

That the application be not granted.

Your Committee have recently had under consideration the question of the further steps it is desirable to take with respect to the Foresters' Music-hall, in Cambridge-road, Bethnal-green. The Board's sealed Notice with respect to the alterations necessary for remedying the structural defects of the building was served on the 20th February, 1885, but in consequence of an appeal by the Owner, the subject was referred to the arbitration of Sir Henry A. Hunt, whose Award was published on the 17th November, 1885. Very little progress has hitherto been made with the works required under the Award to be done, and the Hall is open nightly for musical performances. The period of six months allowed for the completion of the alterations has now expired, and your Committee therefore recommend—

That the Solicitor be instructed to address a Letter to the Owner, calling his attention to the delay, and informing him that unless the works are proceeded with and completed with the utmost diligence, the Board will take proceedings against him for the recovery of the penalties prescribed by the Act.

Your Committee have also to report the steps which have been taken for remedying the structural defects of the Hungerford Music-hall, in Villiers-street, Strand. The Board's sealed Notice was served on the 19th February, 1885, and the Hall was closed in July last in order that the works might be commenced. Shortly afterwards,

however, the Owners resolved to effect alterations of a more extensive nature than those required by the Board. The Drawings submitted for that purpose were carefully examined by, and subsequently amended, at the suggestion of your Committee, who intimated to the Owners that the modifications proposed, which included the remodelling of the interior of the Hall, the construction of a gallery, the formation of a new exit for the public, leading into Sermon-lane, and other alterations, all of which appeared to be improvements on the original design, would probably be accepted by the Board. Your Committee have now to report that the alterations to the building have been completed, and they recommend—

That the works executed by the Owners of the Hungerford Music-hall, in Villiers-street, Strand, be accepted as a compliance with the Board's sealed Notice for remedying the structural defects of the building; that the Owners be informed accordingly, and that the Justices of Middlesex be apprised of the completion of the works.

The Board, on the 8th March last, served a sealed Notice upon the Owner of Neumeyer Hall, in Hart-street, Bloomsbury, requiring certain alterations to be made for remedying the structural defects of the building. The usual period of two months was allowed for the commencement of the works, and of six months for their completion. Your Committee have recently had before them a Letter from Messrs. Indermaur and Brown, requesting that the time for commencing the alterations might be extended to the 1st June, 1886, as their client is under contract to let the Hall on various occasions during the month of May, and the works might be done in June, during which month he would be willing not to let the Hall. Your Committee are of opinion that under the circumstances the request may receive the favourable consideration of the Board, as there will be no difficulty, if the works be carried on with diligence, in completing them within the time specified for the purpose. Messrs. Indermaur and Brown write on behalf of the tenant of the Hall, but it appears desirable that the Owner, who is responsible for the execution of the works, should receive an official intimation from the Board of the course to be adopted. Your Committee therefore recommend—

That the request of Messrs Indermaur and Brown be complied with, and that the Owner of the Hall be informed of the application made by Messrs. Indermaur and Brown, and that the Board have consented thereto.

Your Committee have also, in accordance with the Resolution of the Board of the 7th instant (No. 94), considered the application of Mr. H. F. Swynfin, on behalf of the St. James's Temperance Mission and Lecture Hall Company, Limited, for approval by the Board of certain variations from the Drawings sanctioned by the Board, for the erection of the St. James's Temperance Mission-hall, in Royal-road, Kennington. The Board, on the 5th February last (No. 10), conditionally approved of certain Drawings for the erection of the building, and agreed to grant a Certificate under the Act, on the completion of the works in accordance with such Drawings. It is now proposed to alter the arrangement of the stairs to the rooms in the basement under the Hall. Those stairs are 4 feet 6 inches wide, and are of stone, carried upon brick walls. Your Committee recommend—

That the application be granted.

Your Committee have considered the application of Mr. J. Mason, on behalf of Mr. C. Cordingley, for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act, 1878, with respect to the construction of a proposed new public Hall, to be called the Lyric Hall, to be erected on the site of Nos. 8 and 10, Broadway, Hammersmith, as shown on the Drawings accompanying the application, referred by the Board on the 9th ultimo (No. 71). The proposed Hall, as shown on the Drawings, is about 61 feet long by 21 feet wide, and is estimated to accommodate 300 persons, namely, 160 in the body of the Hall, and 140 in the gallery. There is a stage at one end of the Hall, about 10 feet deep, and two rooms under it. A portion of the frontage of the building is occupied by two small shops, separated from the other portion of the premises by brick walls and fire-resisting floors. The entrance to the Hall

is by two lobbies to the right and left of those shops. On the level of the first floor is a Committee-room, approached by a staircase leading out of the top landing of the gallery staircase. Your Committee have carefully examined the Drawings and found them to be in several respects unsatisfactory. Separate exits should, in the opinion of your Committee be provided for the body of the Hall, the gallery, and the Committee-room, and the site of the shops should be added to the entrance vestibule. The gallery should be reduced in size, and the headway under it increased. The floor of the stage should be constructed of fire-resisting materials. The external walls are in certain places of insufficient thickness. Having regard to those and other objectionable features of the design, your Committee recommend—

That the application be not granted.

Your Committee have to report that they have carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Castle (late Godfrey's) Music-hall, in Castle-street, Camberwell-road, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878. This is a small Hall, at the rear of the "Castle" Public-house, No. 188, Camberwell-road, at the corner of Castle-street. The Hall is 37 feet long, by about 22 feet 6 inches wide, and contains sitting accommodation for about 150 persons. The principal entrance to the Hall is in Castle-street, by a door-way 6 feet wide, opening into a lobby, on the North side of which are two door-ways leading to the Hall. There is also an entrance to the stalls through the bar of the Public-house. There is a stage at the Northern end of the Hall, about 6 feet deep, with a trap-door in the floor, from which there is a step ladder leading to the basement of the Public-house. At the Southern end of the Hall is a gallery over the entrance lobby, but that gallery is not used. The basement floor of the Public-house extends under a portion of the Hall. Having considered the Report and accompanying Drawings, prepared by your Superintending Architect, your Committee are of opinion that the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the floor of so much of the Music-hall, and of the floor under the stage, as extends over the basement storey of the "Castle" Public-house, be constructed of fire-resisting materials to be approved by the Board, and that no opening be formed in the floor of the Hall communicating with such basement storey.

2.—That the door-way on the East side of the Hall, communicating with the Public-house, be stopped up with brickwork the full thickness of the wall in which such door-way is situated; or, as an alternative, that such door-way be fitted with a wrought-iron door not less than one fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself without a spring.

3.—That the front of the gallery over the entrance lobby be removed, and the opening in the floor of such gallery stopped up.

4.—That all doors used by the public be made to open outwards.

Your Committee recommend—

That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and to report further to the Board on the subject.

Your Committee have also to report that they have carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Co-operative Hall in Powis-street, Woolwich, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878. The Hall, which belongs to the Royal Arsenal Co-operative Society (Limited), is situated on the first floor of No. 96, Powis-street, the ground floor of which is in the occupation

of Messrs. H. Pryce and Son, printers, and is used by them in their business. The Hall is about 60 feet long, and 25 feet wide, and will probably seat about 350 persons. It is licensed for music and dancing, and also for the performance of stage plays. There is a raised stage at the Southern end of the Hall, about 18 feet deep, which is furnished with footlights and scenery. The approach to the Hall is by a flight of steps at the North-West angle, with a door-way at the foot leading out of Powis-street. The steps are of wood, and the door-way is 4 feet wide, having doors opening inwards. The Hall is lighted by windows next Powis-street, and by sky-lights in the roof. Having had under consideration the result of the survey of the premises made by your Superintending Architect, your Committee are of opinion that the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the whole of the floor of the Hall, together with the two cloak-rooms, one on the East and the other on the West side of the Hall, and the floor of the stage, and of the lobby and water-closet at the rear thereof, be rendered fire-resisting, in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

2.—That the present staircase to the Hall be removed, and be re-placed by a new staircase; that such new staircase do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

3.—That an additional staircase be constructed on the East side of the Hall leading directly into Powis-street; that such staircase do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire resisting materials to be approved by the Board.

4.—That the windows next Powis-street be protected by wrought-iron guard bars $\frac{3}{4}$ -inch diameter to a height of six feet from the floor.

5.—That the two fire-places be protected by iron wire guards fixed in front of such fire-places.

6.—That the partition enclosing the dressing-room on the West side of the stage be removed, or that such dressing-room be enclosed with a partition formed of fire-resisting materials, and be lighted and ventilated to the satisfaction of the Board.

7.—That the skylights in the roof be protected by iron wire guards fixed on the outside of such skylights.

8.—That a hydrant be provided in the Hall, in a position to be approved by the Board, and that such hydrant be connected with the Water Company's high pressure main by a 3-inch pipe, and be furnished with one 40-feet length of hose, with fittings of the Metropolitan Fire Brigade pattern.

9.—That the entrance doors next Powis-street be made to open outwards.

Your Committee accordingly recommend—

That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and to report further to the Board on the subject.

Your Committee have further to report that they have carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Crown Music-hall, No. 44, Clerkenwell-green, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878. The Hall is situated on the level of the first floor of the "Crown" Public-house, on the North side of Clerkenwell-green. It is about 30 feet long, by about 23 feet wide, and has a superficial area of 675 feet. At the rear of the Public-house on the same floor as the Hall is a Club-room, 22 feet long by 14 feet wide. This room is approached by the same staircase as that which serves for access to the Hall. The entrance to the Hall is in Clerkenwell-close, by a door-way 5 feet wide, opening into a passage-way on the West side of the Public-house bar. At the end of the passage is a vestibule about 13 feet long and 10 feet wide, out of which the wooden staircase communicating with the Hall and the Club-room leads. The premises have been surveyed by your Superintending Architect, and your Committee, after considering his Report, are of opinion that the following alterations of a structural character, are necessary to remedy existing defects in the building—

1.—That a brick wall 9 inches thick, without openings, be built on the South side of the entrance passage out of Clerkenwell-close, to separate such passage from the bar of the "Crown" Public-house, and that such wall be carried down to the level of the footings of the walls of the basement storey of such Public-house.

2.—That the floor of such entrance passage, together with the floor of the lobby on the North side thereof, and the floor of the staircase-hall and lavatory adjoining, be formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

3.—That the present staircase to the Hall be removed, and be re-placed by a new staircase; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6 inch risers, 4 feet wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

4.—That the floor of the Music-hall, and of the lobby to the same, and the

floor of the club-room and lavatory, be formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

5.—That the floors of the rooms on the second floor of the Public-house be formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

6.—That all doors used by the public be made to open outwards.

In order to give effect to these views, your Committee beg to recommend—

That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observation thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and to report further to the Board on the subject.

Your Committee have also considered the application of Mr. P. R. Conron, for the permission of the Board to retain, for a further period, the temporary skating rink erected in Finchley-new-road, Hampstead, at the corner of Goldhurst-terrace; referred by the Board on the 26th March last (No. 58). The building was first approved in May, 1876, and the License has been renewed from time to time, the last occasion being in September, 1884, for a period of one year. The District Surveyor states that the structural condition of the building, which is not licensed by the Justices, is satisfactory as regards stability and general state of repair. Your Committee recommend—

That the application be granted for a period of one year, from the 21st May, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee beg to submit herewith two Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrates to be done at the following premises, the same being Dangerous Structures, viz.—

No. 97, Columbia-road, Bethnal-green.

No. 15, Short's-gardens, St. Giles-in-the-Fields.

Your Committee have had before them the Letter from Mr. T. Williams, District Surveyor, relative to the erection by Mr. J. Hutchings, of a wood and iron pent roof in front of No. 97, Drummond-road, Bermondsey, in alleged advance of the general line of frontage in that road, and contrary to the provisions of the Building Act, 1855, referred by the Board on the 7th instant (No. 67). The structure extends over the entire forecourt of the shop, and consists of a corrugated iron roof covering, open on three sides, and supported in front upon three wooden posts. Your Committee agree in the opinion expressed by your Solicitor that the attention of the Vestry of Bermondsey should be called to the erection, in order that, if they consider it desirable, they may have the general line of frontage decided, and take proceedings against the builder. Your Committee recommend accordingly.

Your Committee have also considered the Letter from the Wandsworth District Board, stating that posts had been erected in Harroway-road and Holman-road, and two hoardings in Buckton-street, as shown on the Plan enclosed in the Letter, referred by the Board on the 12th February last (No. 8). The Board, on the 19th March last (No. 10), instructed their Solicitor to take proceedings against the builder, and in due course a Penal Notice was served upon him. He now represents that the buildings were erected to prevent a crowd of roughs assembling to the annoyance of the occupiers of the surrounding houses; that the road has never been dedicated to the public, and that he leaves the matter in the hands of the Board. Under these circumstances, your Committee recommend—

That no action be taken in the matter at present, and that the substance of the Solicitor's Report be communicated to the District Board.

Your Committee have considered the Letter from the Wandsworth District Board, stating that it had been reported to them that Mr. J. Watts, of Merton-road, Wandsworth, was proceeding with the erection of houses abutting upon the public footpath which connects Southfields-roads with West-hill-road, Wandsworth, without widening the footpath to 20 feet, or setting back the buildings 10 feet from the centre, referred by the Board on the 13th February, 1885 (No. 10), and the further Letter from the District Board, stating that Mr. Elsdon, of Abbeyville-road, Clapham, was proceeding with the erection of buildings in West-hill-road, abutting upon the footpath leading to Southfields-road, notwithstanding the refusal by this Board of their consent to the erection of the buildings, referred by the Board on the 25th September, 1885 (No. 98). The Board instructed their Solicitor to serve a Penal Notice, and also, if necessary, to take out a Summons; the case was heard at the Wandsworth Police-court on the 4th instant, when the Magistrate dismissed the Summons, on the ground that the space between the wall and the fence was not the "space left in front" of the house, as mentioned in the Act, and also on the ground that the fence complained of was erected prior to the passing of the Act of 1878. The Magistrate refused to grant a Case, and allowed the Defendant £2 2s. costs. Your Committee recommend—

That no further action be taken in the matter, and that the District Board be informed of the facts of the case, and that a Cheque for £2 2s. be drawn, for the costs allowed by the Magistrate.

Your Committee have also considered the Letter from Mr. T. Blashill, District Surveyor, relative to proceedings taken by him with reference to the construction of a flue at a house in Ravenshaw-street, Hampstead, and asking the opinion of the Board as to the advisability of an appeal against the Magistrate's decision, referred by the Board on the 21st ultimo (No. 55). The District Surveyor took proceedings under Sec. 20 of the Building Act, but on the hearing the Summons was dismissed with £2 2s. for costs. Mr. Blashill asks whether the Board will support him in appealing against the decision by taking the case to a Superior Court. Your Committee agree in the opinion expressed by your Solicitor that it is not a sufficiently important case in which to incur the cost of an appeal, especially as the Magistrate seems to have practically decided the case on a question of fact. Your Committee recommend—

That Mr. Blashill be informed that the Board deem it inexpedient to appeal against the decision of the Magistrate.

Your Committee have considered the Letter from Mr. V. J. Grose, District Surveyor, relative to the erection of a wooden building on the forecourt of No. 99, Euston-road, in alleged advance of the general line of buildings in that road, referred by the Board on the 7th instant (No. 81). A small wooden structure about seven feet square, roofed with felt, has been placed inside the area railings of the forecourt of No. 99, Euston-road, and is used as a Coffee-stall. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have considered the Letter from Mr. A. Moseley, District Surveyor, relative to the erection of dwelling-houses, by Messrs. Gibbs and Flew, in a new road leading out of North-end-road, Fulham, the Plan for the formation of such road not having been approved by the Board, referred on the 7th instant (No. 86). The Board, on the 6th March, 1885, granted their sanction to the formation of the road, but directed that the formal approval should be withheld until the road authorised by the Cromwell-road Bridge Act, 1884, which formed part of the scheme, had been completed to the satisfaction of the Board. It now appears that the road referred to in the Act has not been formed, or even commenced; and that Messrs. Gibbs and Flew have begun building operations in a part of the new road leading out of North-end-road, which does not appear to have two entrances nor direct communication between two streets. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

Your Committee have had under consideration the Letter from Mr. T. W. Willis, District Surveyor, asking the Board to afford him legal assistance in obtaining the removal of a wooden porch at "Wildcroft," Putney-heath, Putney, erected contrary to the Resolution of the Board of the 5th March last (No. 72), referred by the Board on Friday last (No. 71). Your Committee are informed that there is no general line of frontage in the thoroughfare, and that it is therefore impracticable for the Board to take any proceedings against the builder. Your Committee recommend—

That no action be taken in the matter, and that Mr. Willis be so informed.

In accordance with the reference made to them on Friday last (No. 80), your Committee have considered the Letter from the Vestry of Camberwell, requesting the Board to take proceedings for enforcing compliance with the condition as to the surrender to the public of the ground between the shop at No. 835, Old Kent-road, and the public way, in accordance with their Resolution of the 19th March last (No. 54). The Board sanctioned the application upon condition that the applicant surrendered to the public the ground separating the proposed shop from the public way, and the Vestry now state that he refuses to comply with the condition. Your Committee recommend—

That the Solicitor be instructed to serve a Penal Notice upon the builder and to apply for a Summons, if necessary.

Your Committee have also considered the application of Mr. F. Hards, on behalf of Mr. J. Holding, for approval by the Board of a Plan for the erection of buildings at the Stowage, Deptford, in the position and to the line shown thereon, referred by the Board on the 9th ultimo (No. 67). The Greenwich District Board have arranged to purchase the piece of land shown by Blue colour on the Plan, and the road-way will thus be increased in width to extent of about 7 feet. The land which was formerly covered with buildings is now vacant, and the applicant asks for the sanction of the Board to the new building line. Your Committee recommend—

That the application be granted, upon condition that the erection of the buildings referred to be commenced within Six months, and be completed within Eighteen months from the 21st May, 1886, and that, previously to the commencement of building operations, the ground, shown by Blue colour on the amended Plan, separating the proposed buildings from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan, signed by the Chairman of the Committee, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. E. B. I'Anson, on behalf of the Trustees of the Bowyer Estate, for approval by the Board of an amended Plan for the formation and name of a road to lead out of High-street, Clapham, referred by the Board on the 21st ultimo (No. 53). On the 5th March last, the Board declined to sanction the formation of the road, as the application did not proceed from the Owner, and a barrier existed at the outlet into Station-road. The present application proceeds from the Trustees of the Estate, and your Committee are of opinion that it may be sanctioned on certain conditions. They accordingly recommend—

That the application be granted, upon condition that the road be formed as shown on the amended Plan signed by the Chairman of the Committee, and that the applicant do satisfy the Solicitor as to his ownership of all the land required for the formation of Station-road 40 feet in width throughout, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the new road and Station-road, and that the name "Vernon-road, S.W.," be approved for the new road.

Your Committee have considered the application of Mr. W. O. Milne, on behalf of Lord Walsingham, for the consent of the Board to the erection of buildings next the Bath Hotel, and abutting upon Piccadilly and Arlington-street, with the several projections shown upon the Plans accompanying the application, referred by the Board on Friday last (No. 67). It is proposed to erect an extensive range of buildings upon the site of existing houses between the Green-park and Arlington-street, with frontages to Piccadilly, Arlington-street and the Park. There will be projecting bays

and porches, some of them several storeys in height. The posts and chains enclosing the spaces next the Piccadilly frontage will be removed, but the use of the land will be retained for pavement lights. The adjoining Owner objects to the Plan, and your Committee, having heard the parties interested, recommend—

That the application be not granted.

Your Committee have considered the Report by your Superintending Architect, relative to the decease of Mr. S. Wood, District Surveyor for the District of Chelsea, referred by the Board on the 21st ultimo (No. 39). In connection with the subject, your Committee have also considered Letters from Mr. A. Bovill, District Surveyor for St. Pancras, North, and Mr. C. Foulsham, District Surveyor for Bromley, applying to be appointed to the vacant District; and the Letter from Mr. W. A. Large, District Surveyor for the Belgrave and Pimlico Division of St. George, Hanover-square, suggesting a slight alteration of boundary of his District and the vacant District of Chelsea, so as to equalise somewhat the two Districts, referred by the Board on the 7th instant (No. 51); and the Letter from Mr. C. T. Hayward, District Surveyor for the District of St. Giles and St. George, Bloomsbury, applying for the appointment; referred by the Board on the 14th instant (No. 60). The late Mr. S. Wood acted as District Surveyor for 30 years, having been appointed to the District of Putney and Roehampton in 1856, and transferred to Chelsea in 1862. The gross Fees received from the District of Chelsea in 1884 amounted to £742, and your Committee have arrived at the conclusion that the District should be divided into two portions, the boundary being a line drawn along the centre of King's-road and Sloane-square. Your Committee see no reason for departing from the usual course for filling the vacancies, and they recommend—

That the District of Chelsea be divided into two portions, to be designated North Chelsea and South Chelsea respectively; that the former District do consist of that portion of the Parish to the Northward of a line drawn along the centre of King's-road and Sloane-square, and the latter of that portion of the Parish to the Southward of such line; that the usual course be taken for filling the vacancies in the office of District Surveyors for such Districts; that Advertisements be issued inviting Candidates for the appointments, and that the Board do proceed to the election on Friday, the 4th June next.

Your Committee have proceeded upon the Resolution of the Board of the 5th February last (No. 30), referring to your Committee, for consideration and report, your Solicitor's Report stating that, in accordance with the instruction given to him by your Committee, he had attended at the inquest relative to the falling of houses in course of demolition in Holloway-road, and that the Jury had, in a rider to their verdict, recommended that the Board should procure powers so that the District Surveyors should have control over the pulling down of old houses, as well as the erection of new ones. Your Committee have also had before them the Letter from the Coroner's Clerk, with a copy of the verdict of the Jury, referred by the Board on the 12th February last (No. 34), and also the Letter from the Secretary of State, transmitting a Letter from the Coroner, with the verdict of the Jury, and requesting the Board's observations thereon; referred by the Board on the 12th February last (No. 41). The Board have at present no jurisdiction over the demolition of buildings in the Metropolis, and your Committee being desirous of ascertaining the views of the Vestries and District Boards, and also of the District Surveyors, they addressed to each of them a Letter asking for information as to the defects of the existing law, and the necessity for further legislation. Replies have been received from 30 Vestries and District Boards, and from 52 of the District Surveyors. A majority of the Vestries and District Boards express the opinion that the erection of hoardings, and other works in connection with the demolition of buildings should be regulated by the Local Authority for the District, and that notice should be given to the Surveyor to the Vestry. The District Surveyor's Association have forwarded Resolutions signed by 49 District Surveyors to the effect that legislation should be directed only to the safety of the public, and that

Bye-laws to regulate the mode of demolition would be practically inoperative. The Association are of opinion that seven days' notice of demolition of buildings in close proximity to a public thoroughfare should be given to the Board by the Owner or his Agent, and that the Board should require the District Surveyor to report, as in the case of Dangerous Structures. Your Committee, having carefully considered the whole subject, are of opinion that any legislation which may be applied for should have for its object the conferring of compulsory powers upon the Vestries and District Boards, so far as regards the erection of hoardings for the safety of the public; and they accordingly recommend—

That, in the event of any further application being made by the Board to Parliament, compulsory powers be sought for enabling the Vestries and District Boards to require hoardings to be erected to their satisfaction before the demolition of buildings is commenced.

Your Committee have had before them the Letter from the Wandsworth District Board, stating that it had been reported to them that the party-wall of a house in Leathwaite-road, Battersea, had been blown down on the 8th March last, and that a house in Santos-road, West-hill, Wandsworth, had fallen on the 28th January last, and calling attention to the matters with the view of enquiry being made as to the nature of the materials used in the construction of the buildings; referred by the Board on the 7th instant (No. 52). The wall in Leathwaite-road has since been soundly rebuilt in cement, and the house is completed. The fall of the house in Santos-road was caused by the circumstance that a builder had cut a trench for the purpose of laying a drain, at a lower level than the concrete under the footings of the wall. In both cases, the District Surveyor has reported that the building materials were excellent. Your Committee recommend—

That the substance of the Superintending Architect's Report on the subject be communicated to the Wandsworth District Board in reply to their Letter.

Your Committee have considered the application of Mr. T. J. Bailey, on behalf of the School Board for London, for the permission of this Board to retain, for a further period, the temporary wood and iron school building erected at Westow-hill, Upper Norwood, referred by the Board on the 12th March last (No. 83.) The building was first approved in July, 1877, and the License has been renewed from time to time. The District Surveyor reports that the framing of the building appears to be substantially sound. Your Committee recommend—

That the application be granted for a period of two years, from the 21st instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have also considered the Letter from the Whitechapel District Board, relative to the covering in of the yard and the erection of a wooden structure at the rear of No. 5, Fieldgate-street, Whitechapel, referred by the Board on the 9th ultimo (No. 66). Your Committee have had before them a Report by Mr. S. S. Markham, Deputy District Surveyor for Whitechapel, stating that the structure has been entirely removed in consequence of the action taken by him in the matter. Your Committee recommend—

That the Whitechapel District Board be so informed.

Your Committee have also considered the application of Mr. E. Sinnott, on behalf of Mr. Siggins, for the consent of the Board to the erection of cottages on the North-East side of Harrington-hill, Mount-pleasant-hill, Hackney, to the line shown upon the Plan accompanying the application, referred by the Board on the 16th ultimo (No. 58). It appears that two cottages formerly occupied part of the site upon which the applicant is desirous of erecting three cottages, with an advanced frontage of 9 feet. The proposed buildings will, however, be in a line with the adjoining houses. The Hackney District Board offer no objection. Your Committee recommend—

That the application be granted, upon condition that the erection of the buildings therein referred to, be commenced within Six months, and be completed within Eighteen

21 *May*, 1886.

months from the 21st May, 1886, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the Letter from Mr. A. W. Tanner, District Surveyor, relative to the erection of a one-storey shop addition in front of No. 132, New-cross-road (the "Hope Pole" Beer-house), Deptford, to the line shown upon the Plan accompanying the Letter without the consent of the Board, referred by the Board on the 12th March last (No. 71). When the matter was previously before your Committee, they directed that a communication should be addressed to the Greenwich District Board, asking for their opinion with respect to the erection. In the result the District Board requested your Superintending Architect to define the line of frontage, which he has accordingly done, to the effect that the shop in question is in advance of the line. Your Committee are of opinion that the matter should now be left in the hands of the District Board, and they recommend—

That Mr. Tanner be informed of the course taken.

Your Committee have considered the application of Mr. F. Eggar, on behalf of Mr. G. L. P. Eyre, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 79 and 81, Goldhawk-road, Shepherd's-bush, to the line shown upon the Plan accompanying the application, referred by the Board on the 7th instant (No. 70). The proposed shops will project 6 feet in advance of the main wall of the house. It is also intended to remove the forecourt railing, and to throw open the remaining portion of the forecourt not built upon, but it is not clear that the applicant proposes to give up the space to form part of the public way. Your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Mr. W. Eve, on behalf of Mr. R. Clarence, for the consent of the Board to the erection of two houses at the corner of Whistler-street and Drayton-park, Highbury, to the line shown upon the Plan accompanying the application, referred by the Board on the 7th instant (No. 74). Your Committee consider the proposal objectionable, as the houses will be in advance of the general line of buildings on the East side of the Southern entrance to Whistler-street, and also in advance of the two houses, Nos. 54 and 56, Drayton-park. Your Committee accordingly recommend—

That the application be not granted.

Your Committee have considered the application of Mr. W. Harbrow, on behalf of Miss P. Granville, for approval by the Board of a Plan for the construction of a temporary wood and iron Chapel at the rear of Normand House, Normand-lane, Fulham, referred by the Board on the 7th instant (No. 83). It is proposed to erect the Chapel in the grounds at the rear of the house, and within 12 feet of the main building, with which it is proposed to be connected with a corridor. The Chapel varies but little in construction from other buildings of the same class. Your Committee recommend—

That the application be granted, for a period of Two years, from the 21st instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building, and that the whole of the work be executed to the satisfaction of the District Surveyor.

Your Committee have considered the Letter from Mr. T. Blashill, District Surveyor, relative to the erection of stables by Messrs. Scantlebury and Co. at the rear of houses in Fordwych-road, Kilburn, approached by a narrow way 15 feet in width, out of Garlinge-road, Edgware-road, referred by the Board on the 7th instant (No. 88). The stables will have entrances from the gardens of the houses as well as by a private road 15 feet wide, leading out of Garlinge-road. Your Committee recommend—

That no action be taken in the matter, and that Mr. Blashill be so informed.

Your Committee have considered the application of Mr. J. Webster, on behalf of Mr. A. C. Hoile, for the consent of the Board to the erection of bay-windows above the ground-floor level of two shops in Malpas-road and two shops in Brockley-road, Greenwich, to the line shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 63). The Board in March last approved of the erection of two shops at the corner of Shardiloes-road and Brockley-road. The applicant is now desirous of erecting bay-windows, projecting 15 inches beyond the external face of the wall, at the first floor level of two of the shops which front upon Malpas-road, and of two which front upon Brockley-road. Your Committee recommend—

That the application be granted, upon condition that the erection of the buildings therein referred to be commenced within Six months and be completed within Eighteen months from the 21st May, 1886, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

The Board on Friday last (No. 69), referred to your Committee the application of Mr. J. Myring, on behalf of Mr. H. Wharton, for the consent of the Board to the erection of a wood, iron and glass porch in front of No. 10, Blenheim-road, St. John's-wood, to the line shown upon the Plan accompanying the application. The porch will project over the front steps, and is to be constructed of wood, iron and glass. Your Committee consider the proposal objectionable, and recommend—

That the application be not granted.

In accordance with the reference by the Board of Friday last (No. 73), your Committee have considered the application of Mr. E. Gregg, on behalf of Dr. Barnardo, for the permission of the Board to retain, for a further period, the temporary wood and iron building erected at the rear of No. 193, Bow-road, Bow. The building was sanctioned for two years in April, 1884. The District Surveyor states that the building is in good repair. Your Committee recommend—

That the application be granted, for a period of Two years from the 21st instant, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have considered the Letter from the Vestry of Hampstead, relative the formation, by Messrs. Baker and Sons, of roads leading out of Fortune-green-lane, and asking the Board to re-consider their approval on the 5th March last (No. 13), of the formation and names of such roads, referred by the Board on Friday last (No. 75). The Vestry appear to be of opinion that the right-of-way to the gates of the Hampstead Cemetery will be affected by the formation of the new roads, and they also consider that the classical names of the roads are unsuited to a rural district. On the 14th January last, the Vestry informed the Board that they did not object to the application, and as the matter was fully considered at the time, your Committee recommend—

That the attention of the Vestry be directed to their Letter, dated 14th January last, expressing their approval of the amended application, and that they be informed that the Board are unable to depart from the decision arrived at in the matter.

All which your Committee beg to submit.

(Signed)

A. EWIN,
W. R. SELWAY,
W^M. SHEPHERD,
JOHN RUNTZ,

The Report having been read and received,

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That the application of Mr. J. Wall, on behalf of Mr. R. Wallbutton, for approval by the Board of certain alterations and additions proposed to be made to the public Hall at the Deptford Conservative Club, at the rear of No. 411, New-cross-road, Deptford, be granted, upon condition that such alterations and additions be made in accordance with the amended Drawing submitted by the applicant, and presented to the Theatres and Music-halls Sub-Committee on the 11th instant, and that the wall at the Southern end of the Hall, separating such

Hall from the premises in New-cross-road be treated as a party-wall, and that any opening made in such wall be closed by an iron door, and that the District Surveyor be informed of the decision of the Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. G. Buckle, on behalf of Mr. J. N. Maskelyne, for approval by the Board of proposed alterations to the Egyptian Hall, in Piccadilly, as shown on the Plans, and described in the Specification accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the delay in proceeding with the works required to be done at the Foresters' Music-hall, in Cambridge-road, Bethnal-green, under the Award of the Arbitrator, be approved; and that the Solicitor be instructed to address a Letter to the Owner of the Hall, calling his attention to the delay, and informing him that unless such works be proceeded with and completed with the utmost diligence, the Board will take proceedings against him for the recovery of the penalties prescribed by the Act.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the works executed by the Owners of the Hungerford Music-hall, in Villiers-street, Strand, be accepted as a compliance with the Board's sealed Notice for remedying the structural defects of the building; that the Owners be informed accordingly, and that the Justices of Middlesex be apprised of the completion of the works.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the request of Messrs. Indermaur and Brown, that the time for commencing the structural alterations required by the Board's sealed Notice to be made to Neumeyer Hall, Hart-street, Bloomsbury, may be extended to 1st June next, be complied with; and that the Owner of the Hall be informed of the application made by Messrs. Indermaur and Brown, and that the Board have assented thereto.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. F. Swynfin, on behalf of the St. James's Temperance Mission and Lecture Hall Company, Limited, for approval by the Board of certain variations from the Drawings sanctioned by the Board, for the erection of the St. James's Temperance Mission-hall, in Royal-road, Kennington, be granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. Mason, on behalf of Mr. C. Cordingley, for a Certificate by the Board, under the Metropolis Management and Building Acts Amendment Act, 1878, with respect to the construction of a proposed new public Hall, to be called the Lyric Hall, to be erected on the site of Nos. 8 and 10, Broadway, Hammersmith, as shown on the Drawings accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Castle (late Godfrey's) Music Hall, in Castle-street, Camberwell-road, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878 be approved, and that in the opinion of the Board, the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the floor of so much of the Music-hall and of the floor under the stage as extends over the basement storey of the "Castle" Public-house, be constructed of fire-resisting materials to be approved by the Board, and that no opening be formed in the floor of the Hall communicating with such basement storey.

2.—That the door-way on the East side of the Hall communicating with the Public-house be stopped up with brickwork the full thickness of the wall in which such door-way is situate; or, as an alternative, that such door-way be fitted with a wrought-iron door not less than one fourth of an inch thick in the panel, in a wrought-iron frame, hung so as to close of itself without a spring.

3.—That the front of the gallery over the entrance lobby be removed, and the opening in the floor of such gallery stopped up.

4.—That all doors used by the public be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and that the Committee do report further to the Board on the subject.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Co-operative Hall, in Powis-street, Woolwich, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that in the opinion of the Board the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the whole of the floor of the Hall, together with the two cloak-rooms, one on the East and the other on the West of the Hall, and the floor of the stage and of the lobby and water-closet at the rear thereof, be rendered fire-resisting in a manner to be approved by the Board and to the satisfaction of the District Surveyor.

2.—That the present staircase to the Hall be removed and be replaced by a new staircase; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

3.—That an additional staircase be constructed on the East side of the Hall leading directly into Powis-street; that such staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

4.—That the windows next Powis-street be protected by wrought-iron guard bars $\frac{3}{4}$ -inch diameter to a height of six feet from the floor.

5.—That the two fire-places be protected by iron wire guards fixed in front of such fire-places.

6.—That the partition enclosing the dressing-room on the West side of the stage be removed, or that such dressing-room be enclosed with a partition formed of fire-resisting materials, and be lighted and ventilated to the satisfaction of the Board.

7.—That the skylights in the roof be protected by iron wire guards fixed on the outside of such skylights.

8.—That a hydrant be provided in the Hall, in a position to be approved by the Board, and that such hydrant be connected with the Water Company's high pressure main by a 3-inch pipe, and be furnished with one 40-feet length of hose, with fittings of the Metropolitan Fire Brigade pattern.

9.—That the entrance doors next Powis-street be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and that the Committee do report further to the Board on the subject.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Crown Music-hall, No. 44, Clerkenwell-green, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that in the opinion of the Board the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That a brick wall 9 inches thick, without openings, be built on the South side of the entrance passage out of Clerkenwell-close, to separate such passage from the bar of the "Crown" Public-house, and that such wall be carried down to the level of the footings of the walls of the basement-storey of such Public-house.

2.—That the floor of such entrance passage, together with the floor of the lobby on the North side thereof, and the floor of the staircase-hall and lavatory adjoining, be formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

3.—That the present staircase to the Hall be removed, and be replaced by a new staircase; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

4.—That the floor of the Music-hall, and of the lobby to the same, and the floor of the club-room and lavatory, be formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

5.—That the floors of the rooms on the second floor of the Public-house be

formed of fire-resisting materials to be approved by the Board, and to the satisfaction of the District Surveyor.

6.—That all doors used by the public be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and that the Committee do report further to the Board on the subject.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. P. R. Conron, for the permission of the Board to retain, for a further period, the temporary skating rink erected in Finchley-new-road, Hampstead, at the corner of Goldhurst-terrace, be granted for a period of One year from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

The Report of the Building Act Committee of the 18th day of May, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner and the Occupier of the Structure No. 97, Columbia-road, Bethnal-green, had failed to comply with the Orders made by James Lennox Hannay, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Worship-street Police-court, on the 10th day of March last, and the 14th day of April last, respectively, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby *resolved* and *ordered*, on the motion of Mr. Ewin—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the back wall of the Structure No. 97, Columbia-road, Bethnal-green, where the same is bulged and out of the upright, the return back wall, where the same is cracked and decayed, the front and side walls where they are bulged and cracked, and the washhouse wall where it is decayed and loose; and also to take down the ceilings of the Structure where the same are sunk and bulged.

The Report of the Building Act Committee of the 18th day of May, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure No. 15, Short's-gardens, St. Giles-in-the-Fields, had failed to comply with the Order made by James Bridge, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Bow-street Police-court on the 14th day of May instant, for the removal of the dangerous portions of such structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the remaining portions of the house, No. 15, Short's-gardens, St. Giles-in-the-Fields, so far as the same are loose or otherwise defective.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Williams, District Surveyor, as to the erection, by Mr. J. Hutchings, of a wood and iron pent roof in front of No. 97, Drummond-road, Bermondsey, in alleged advance of the general line of frontage in that road, and contrary to the provisions of the Building Act, 1855, be approved, and that the attention of the Vestry of Bermondsey be called to the matter, in order that they may, if necessary, have the line of frontage decided, and take proceedings against the builder.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be at present taken with reference to the Letter from the Wandsworth District Board informing the Board, with a view to such steps being taken in the matter as they may deem expedient, of the recent erection of some posts in Harroway-road and Holman-road, and of two hoardings in Buckton-street, as shown on the Plan enclosed ; and that the substance of the Solicitor's Report on the subject be communicated to the District Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no further action be taken against the builder in respect of a house in West-hill-road, Wandsworth, the flank wall of which abuts upon Southfields-passage, and that the Wandsworth District Board be informed of the facts of the case, in reply to their Letters ; and also that a Cheque for £2 2s. be drawn, being the costs of the Defendant allowed by the Magistrate.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to proceedings taken by him with reference to the construction of a flue at a house in Ravenshaw-street, Hampstead, and asking the opinion of the Board as to the advisability of an appeal against the Magistrate's decision in the case, be approved ; and that Mr. Blashill be informed in reply to his Letter, that the Board deem it inexpedient to appeal against the decision.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Report with reference to the Letter from Mr. V. J. Grose, District Surveyor, as to the erection of a wooden building on the forecourt of No. 99, Euston-road, in alleged advance of the general line of buildings in that road be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Report with reference to the Letter from Mr. A. Moseley, District Surveyor, as to the erection of dwelling-houses, by Messrs. Gibbs and Flew, in a new road leading out of North-end-road, Fulham, the Plan for the formation of such new road not having been sanctioned by the Board, be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with reference to the Letter from Mr. T. W. Willis, District Surveyor, asking the Board to afford him legal assistance in obtaining the removal of a wooden porch at " Wildcroft," Putney-heath, Putney, erected contrary to the Resolution of the Board of the 5th March last (No. 72) ; and that Mr. Willis be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Vestry of Camberwell, requesting the Board to take the necessary proceedings to enforce compliance with the condition as to the surrender to the public of the ground between the shop at No. 835, Old Kent-road, and the public way, in accordance with the Resolution of the Board of the 9th March last (No. 54) be approved, and that the Solicitor be instructed to serve a Penal Notice upon the builder, and to apply for a Summons, if necessary.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. F. Hards, on behalf of Mr. J. Holding, for approval by the Board of a Plan for the erection of buildings at the Stowage, Deptford, in the position and to the line shown thereon, be granted, upon condition that the erection of the buildings referred to be commenced within Six months, and be completed within Eighteen months from this date, and that, previously to the commencement of building operations, the ground, shown by Blue colour on the amended Plan, separating the proposed buildings from the public way, be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan, signed by the Chairman of the Committee, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. E. B. T'Anson, on behalf of the Trustees of the Bowyer Estate, for approval by the Board of an amended Plan for the formation and name of a road to lead out of High-street, Clapham, be granted, upon condition that the road be formed 'as shown on the amended Plan signed by the Chairman of the Committee, and that the applicant do satisfy the Solicitor as to his ownership of all the land required for the formation of Station-road 40 feet in width throughout, and also on condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the new road and Station-road, and that the name "Vernon-road, S.W.," be approved for the new road.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the application of Mr. W. O. Milne, on behalf of Lord Walsingham, for the consent of the Board to the erection of buildings, next the Bath Hotel, and abutting upon Piccadilly and Arlington-street, with the several projections shown upon the Plans accompanying the application, be not granted.

It was **moved** by Mr. Ewin, and seconded—That so much of the Report as relates to the vacancy in the office of District Surveyor for the District of Chelsea, caused by the death of Mr. S. Wood, be approved, and that the District be divided into two portions, to be designated "North Chelsea" and "South Chelsea" respectively; that the former District do consist of that portion of the Parish to the Northward of a line drawn along the centre of King's-road and Sloane-square, and the latter District of that portion of the Parish to the Southward of such line; that the usual course be taken for filling the vacancies in the office of District Surveyors for such Districts; that Advertisements be issued inviting Candidates for the appointments, and that the Board do proceed to the election on Friday, the 4th June next.

An **amendment** thereon was **moved** by Mr. Mossop, and seconded by Mr. Urquhart—That the subject be referred back to the Committee, for further consideration and report.

The **amendment** having been put to the vote, there were for it 20, against it 25; and it was declared by the Chairman to be lost.

The **original motion** was then put to the vote, and declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That so much of the Report as relates to the verdict arrived at by the Coroner's Jury as to the fall of houses in course of demolition in Holloway-road, be approved; and that, in the event of any further application being made to Parliament by the Board, compulsory powers be sought for enabling the Vestries and District Boards to require that hoardings be erected to their satisfaction before the demolition of buildings is commenced.

It was **moved** by Mr. Ewin, seconded, and **resolved**—That the Report with reference to the Letter from the Wandsworth District Board, as to the fall of the party-wall of a house in Leathwaite-road, Battersea, and of a house in Santos-road, West-hill, Wandsworth, be approved, and that the substance of the Superintending Architect's Reports on the subject be communicated to the District Board.

Baker and Sons, of roads leading out of Fortune-green-lane, and asking the Board to re-consider their decision approving of the formation and names of such roads, be approved; that the attention of the Vestry be directed to their Letter of 14th January last, expressing their approval of the amended application, and that they be informed that the Board are unable to depart from the decision at which they have arrived on the subject.

11. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 18th May, 1886.

Your Committee having been for some time engaged in discussing with the Hackney District Board and the Tottenham Local Board of Health the provisions of the Lee River Purification Bill, promoted by the Hackney District Board, and having arrived at what they hope will be considered a satisfactory settlement of the question, now think it desirable to make a Report of their proceedings to the Board. The object of the Hackney District Board in promoting the Bill has been to prevent the pollution of the River Lee in summer by the Sewage of Tottenham, a pollution which, during the very dry summer of last year, when the water in the Lee was unusually low, was productive of great nuisance and discomfort to the inhabitants of Hackney, if not of injury to health. The Board will perhaps remember that last October a Letter was received from the Hackney District Board, suggesting, as a temporary measure for preventing the pollution of the River Lee by the Tottenham Sewage, that the Board should allow a connection to be made between the Tottenham Sewage works and the Board's Hackney-marsh Sewer at Spring-hill, Upper Clapton, and that the Sewage of Tottenham should thus be allowed to pass into the Metropolitan system. The Committee to which this Letter was referred having consulted your Solicitor, came to the conclusion that it was not within the Board's statutory power to allow the Sewage of Tottenham to pass into the Metropolitan Sewers, and it appeared to your Committee at that time that there were reasons which rendered it inexpedient to propose to the legislature such a temporary and imperfect remedy for the evil complained of by the inhabitants of Hackney. The Board, agreeing with the conclusions of your Committee, informed the Hackney District Board to that effect. The District Board, however, feeling strongly that the inhabitants of Hackney ought not to be exposed another year to the chance of the River Lee being in a condition similar to that of last summer, prepared and deposited the Bill which has recently been the subject of discussion. By the Bill it was proposed that a Sewer should be made, and maintained either by the Hackney District Board or the Tottenham Local Board, but at the expense of the latter, under the towing-path of the River Lee, from the Tottenham Sewage works to the Metropolitan Sewer at Spring-hill above referred to, and that the Tottenham Sewage should thus be allowed to pass into the Metropolitan system. The Board upon its first consideration of this Bill was of opinion that it could not consent to the proposal it contained. The Board was then dealing itself with the exceedingly difficult question of the purification of the Sewage of London, and was of opinion that it would not be wise, considering the enormous quantity of Sewage matter to be dealt with, to increase this quantity by adding to it the Sewage of Tottenham. It was, moreover, of opinion that the method of purification which might be adopted for the enormous volume of London Sewage might with greater facility be applied by the Tottenham Local Board to the treatment of the much smaller quantity of Sewage with which that body had to deal. The Board accordingly presented a Petition against the Bill promoted by the Hackney District Board, and proposed to

appear in opposition to it. The Bill was read a second time by the House of Commons, and the Hackney District Board wrote on February 25th to ask that a Deputation might be allowed to attend your Committee to discuss the provisions of the Bill. The Board having authorised your Committee to receive the Deputation, they have since that time been in continual communication, both by personal conference and by Letter, with the Hackney District Board and also with the Tottenham Local Board. Your Committee could not but recognise the great importance to the people of Hackney of preventing the continued pollution of the River which adjoins their District, and admit the reasonableness of the anxiety shown by the District Board to come to some arrangement which would prevent a recurrence of the danger to health to which the inhabitants were subjected last summer. Your Committee accordingly entered into the conference with the fullest desire to assist, as far as possible consistently with the interests of the Metropolis, the attainment of the object which the District Board and the people of Hackney had at heart, feeling sure that such a course would meet with the approval of the Board. They have now the satisfaction of stating that an arrangement has been arrived at acceptable to all the parties, and that the Bill, which was to have been opposed both by the Board and the Tottenham Local Board, is now before the House of Commons as an unopposed measure. The conditions upon which your Committee, acting on behalf of the Board, came to the conclusion that the Bill might be allowed to proceed, are as follows—

That the discharge of crude Sewage matter into the Board's Sewers should be, as far as possible, prevented.

That the effluent water from the Tottenham Sewage works should be allowed to enter the Board's Sewers only during four months of the year in which the warmest weather prevails.

That the standard of purity of the effluent water should be specified in the Bill; that if the effluent water fell at any time below this standard, the Tottenham Local Board should be liable to pay to the Board, in addition to the other payments provided for in the Bill, and mentioned below, the sum of £3 for each day on which the purity of the effluent water should be below the standard, or a sum of £6 a day if the impurity should be so great as to fall below a second standard specified in the Bill.

That, as an alternative to the last mentioned condition, the Board's Officers should be empowered to shut off the effluent water from the Board's Sewers whenever it might appear expedient to the Board's Engineer to do so. This power of shutting off the Tottenham waters was especially to be exercised during times of flood—that is to say, of heavy rain.

That the Tottenham Local Board should execute such works at such places as the Board's Engineer might consider necessary, and that the works should be done to his satisfaction.

That the Board and its Officers should have full power to enter upon the works of the Tottenham Local Board at any time to ascertain the character of the effluent water.

That the duration of the arrangement should be limited to three years, subject, however, to an extension of this period to five years if the Board should consider it expedient.

That the Tottenham Local Board should pay to the Board a sum of £1,000 a year so long as the arrangement might last, being £450 a year in respect of the use of the Board's Sewers and outfalls, and £550 a year in respect of the cost of pumping and dealing with the effluent water from Tottenham.

That any question in dispute should be referred to an Arbitrator to be appointed by the Secretary of State for the Home Department.

Your Committee, in conclusion, venture to express the hope that the arrangement made by them with regard to the Bill will receive the approval of the Board.

The Board, on the 21st April, resolved to present a Petition to the House of Lords against the Hyde-park-corner (new streets) Bill, with a view to obtaining, if possible, a reversal of the decision of the House of Commons Committee, that the Board should pay one-half of the expense to be incurred annually by the Vestry of St. George, Hanover-square, in maintaining the new roads at Hyde-park-corner, which it was decided should be under the control of that Vestry. It appears to your Committee that the question should be fully argued before the Select Committee of the House of Lords, and for that purpose they recommend—

That two Counsel be instructed to appear in support of the Board's Petition.

Your Committee are under the necessity of calling the Board's attention to the Fire Brigade Expenses Bill promoted by the Board, and now before the House of Commons. The Bill provides that the Board may in future, as part of the Consolidated Rate, raise for the working expenses of the Fire Brigade a sum equal to what would be produced by a penny in the pound on the ratable annual value of property, and that the Fire Insurance Companies' shall in future contribute £40 instead of £35 per million of the gross amounts insured by them. Your Committee regret to find that the Bill has, ever since its introduction into the House of Commons, been persistently blocked by Members of the House, who object to the contributions of the Fire Insurance Companies being increased, and that there has been no opportunity, nor is there likely to be one, of the Board obtaining from the House an expression of opinion whether the Bill is one that should be read a second time. Your Committee consider this position of the matter very unsatisfactory. It occurred to them that the only way of removing the dead-lock, and of getting the Bill brought forward for discussion was to ask for the assistance of the Government. With that view your Committee waited upon Mr. Childers, the Secretary of State for the Home Department, and to their regret they found that he was strongly opposed to the Board's proposal to raise more money from the Insurance Companies. This declaration of his opinion shows that it is futile for the Board to expect any assistance from the Government, either in supporting the Bill as it stands or in bringing it forward for discussion. Your Committee think, therefore, that the time has arrived when the Board should re-consider its position with respect to the question. The Board by its previous Resolutions, and by its action in introducing this and a former Bill for the same purpose, has made manifest its opinion that further funds are required for the Fire Brigade, and, indeed, the best evidence of this need is shown by the annual deficit which the Fire Brigade Accounts reveal. It appears to your Committee that, as the Government is opposed to the Board's proposal to raise more money from the Insurance Companies, but quite approves of the proposal to increase the rating power, the Board may come to the conclusion that the provision relating to the Fire Insurance Companies' contributions should be withdrawn, and that the remainder of the Bill should be proceeded with, so that the Board may be relieved this year of the difficulty in which it now is with respect to the Fire Brigade finances. This is the course which commends itself to your Committee under the circumstances, and they recommend—

That the Board do withdraw that part of the Bill by which it is proposed to increase the Fire Insurance Companies' contributions.

In accordance with a Resolution of the Board of 21st April, a Petition was presented to the House of Commons against the Bexley-heath Railway Bill, with a view to obtaining the insertion of a Clause providing that the width and formation of a road proposed in the Bill, and the construction of the Sewer, should be subject to the provisions of the Metropolis Management Act. The Promoters are willing to insert a Clause to the effect, and your Committee recommend—

That, upon the usual undertaking being given, the Board's Petition be withdrawn.

The Southwark and Vauxhall Water Bill, which has been read a third time in the

House of Commons, and which will now go before the House of Lords, contains a Clause empowering the Company to affix apparatus to prevent and detect waste of water, and for that purpose to break up and interfere with roads, sewers and drains. It appears to your Committee that this power should be accompanied by a provision for the protection of the Board's sewers, and, with that view, they recommend—

That a Petition be presented against the Bill.

All which your Committee beg to submit.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Board's Petition against the Bexley-heath Railway Bill be withdrawn, upon the Promoters giving an undertaking to insert the Clause required by the Board.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Petition be presented to the House of Lords against the Southwark and Vauxhall Water Company's Bill, with a view to obtaining the insertion of a Clause for the protection of the Board's Sewers.

12. The Chairman of the Board having vacated the Chair,

It was *moved*, seconded, and *resolved*—That—

FRANCIS HAYMAN FOWLER, ESQ.,

the Deputy-Chairman of the Board, be requested to take the Chair; and he took the Chair accordingly.

13. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 19th May, 1886.

Your Committee have to report that they have considered the applications made to them by the Park Superintendents for additional labour and horse-hire in connection with the Board's Parks, Gardens, and Open Spaces, and they beg to recommend—

That the following labour and horse-hire be sanctioned in connection with the under-mentioned places—

Hackney-downs—6 labourers for 9 days, to make up footpaths and refix hurdles.

Hackney Commons—4 additional labourers for 3 months, to mow the grass and attend to trees, &c.

Western Commons—4 additional labourers for 3 months, to mow the grass and attend to trees, &c.

Clapham-common—3 extra labourers for another 2 weeks, to prepare for sowing.

Blackheath—2 extra labourers for another 2 weeks, to prepare for sowing.

Peckham-rye—3 extra labourers for another 2 weeks, to prepare for sowing.

Hampstead-heath—1 pony when required, at 4s. 6d. per day, to draw the mowing-machine on the cricket-ground, until the 30th September next.

Tooting-common—2 horses and carts for a week to remove soil.

Your Committee have to report that the following articles are required for use in Finsbury-park, six 30 feet lengths of indiarubber hose with unions complete, 3 loads of tar-paving material, £25 worth of timber for repairing plant houses, pits, frames, doors, &c., and 6 drinking cups, 12 links, 6 oil cans, 6 stable brushes, 18 pairs of butt hinges, 7 lbs. of glue, and 24 sheets of glass paper; and they recommend—

That the articles be obtained forthwith at an estimated cost of £46.

The attention of your Committee has been called to the danger to foot passengers crossing Seven Sisters'-road, opposite the Western entrance gate to Finsbury-park, by reason of the steam Trams belonging to the North London Tramways Company which run along the Seven Sisters'-road from Tottenham, and which cross the paved ways for foot passengers. In the summer time, and particularly on Sundays, large numbers of persons enter the Park by that gate; and, inasmuch as the line on which the steam Trams work ends only a few yards beyond the Park gates, your Committee consider that the Company might very well consent to stop their cars before reaching the crossings leading into the Park. Your Committee therefore recommend—

That, in the first instance, a communication stating the above facts be sent to the Company, and that they be asked to comply with the view expressed by your Committee.

Your Committee have to report that six 30-feet lengths of indiarubber hose, with unions complete, are required for use in the Victoria Embankment gardens, and they recommend—

That the hose be obtained at an estimated cost of £12.

Your Committee have received a Letter from Mr. M. Brown, suggesting that the gates of Southwark-park should be left open during the whole of the 24 hours. Your Committee are not prepared to recommend the adoption of the suggestion, and they therefore recommend the Board to concur in that view, and to inform Mr. Brown accordingly.

Your Committee have had before them an application from Mr. W. M. Venning, for permission to form a door-way, to open on to Clapham-common, in the flank wall of his premises, known as Worcester-gardens. As Mr. Venning can gain easy access to the Common from the front of his house, your Committee see no reason why the door-way, which may at any time become a source of nuisance, should be sanctioned. They therefore recommend—

That Mr. Venning's request be not complied with.

Your Committee have had before them an application from the Vestry of Fulham, asking the Board to light Eel-brook-common. The principle adopted by the Board is that an Open Space is intended for the recreation of the public during the day-time, but that if the traffic of the District across it at night necessitates the lighting the duty should be undertaken by the Local Authority. Your Committee therefore recommend—

That the request of the Vestry of Fulham be not complied with for the reason above-named, and that a communication be addressed to them accordingly.

Your Committee have to report that the Keeper's Lodge on Tooting-common, which was built in 1879, and which has not, except the whitening of the ceilings, been done up internally since that date, requires to be re-papered, re-painted, and grained and varnished; and they recommend—

That the work, and also the whitening of the ceilings, be executed at a cost not exceeding £27.

Under the authority conferred on them on the 13th June, 1873 (No. 13), your Committee have authorised expenditure in connection with the following matters—

Southwark-park—Repair of a length of wall near Orange-place, and the purchase of 1 dozen mops, 14 lbs. of raffia, 6 tar brushes, 14 lbs. of tenter hooks, and 15 bundles of flower stakes.

Clapham-common—Repair of the fencing.

Finsbury-park—Repair of the entrance gates.

Wormwood-scrubs—Purchasing furniture for the keeper's watch-box.

Goose-green—Repair of the watch-box and gravelling around the same.

Tooting-common—Formation of a gully.

All which your Committee beg to submit.

(Signed)

J. E. BRADFIELD,
W^m. SHEPHERD,
GEORGE HILL,
GEO. EDWARDS,
G. P. MEADEN,
JOHN RUNTZ.

The Report having been read and received,

It was moved by Mr. Bradfield, seconded, and resolved—That the under-mentioned labour and horse-hire be sanctioned—

Hackney-downs—6 labourers for 9 days, to make up footpaths and refix hurdles.

Hackney Commons—4 additional labourers for 3 months, to mow the grass and attend to trees, &c.

Western Commons—4 additional labourers for 3 months to mow the grass and attend to trees, &c.

Clapham-common—3 extra labourers for another 2 weeks, to prepare for sowing.

Blackheath—2 extra labourers for another 2 weeks, to prepare for sowing.

Peckham-rye—3 extra labourers for another 2 weeks, to prepare for sowing.

Hampstead-heath—1 pony when required, at 4s. 6d. per day, to draw the mowing-machine on the cricket-ground, until the 30th September next.

Tooting-common—2 horses and carts for a week to remove soil.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That six 30-feet lengths of indiarubber hose, with unions complete, 3 loads of tar-paving material, £25 worth of timber, and 6 drinking-cups, 12 links, 6 oil cans, 6 stable brushes, 18 pairs of butt hinges, 7 lbs. of glue, and 24 sheets of glass paper, be obtained for use in Finsbury-park, at a total estimated cost of £46.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the Board do address a communication to the North London Tramways Company, whose steam line terminates near the Western entrance-gate to Finsbury-park, asking them to stop their steam trams to the East of the crossings for foot-passengers opposite the Park entrance gates in the Seven Sisters'-road.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That six 30-feet lengths of indiarubber hose, with unions complete, be obtained for use in the Victoria Embankment gardens, at an estimated cost of £12.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the suggestion of Mr. M. Brown that the gates of Southwark-park should be left open night and day be not complied with, and that Mr. Brown be so informed.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the application of Mr. W. M. Venning, for permission to form a door-way in the flank wall of his premises known as Worcester-gardens, to open on to Clapham-common, be not complied with.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the Vestry of Fulham be informed, in reply to their Letter, that the Board are not prepared to light Eelbrook-common, as they consider that if the traffic of the District necessitates the lighting of the paths, the work should be undertaken by the Local Authority.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the interior of the keeper's lodge on Tooting-common be re-papered, painted, grained and varnished, and the ceilings whitened, at a cost not exceeding £27.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

14. Read a Report by the Engineer, dated 21st May, 1886, on the undermentioned Sewerage works proposed to be executed by the following Vestries—

LOCALITY OF WORK.	WORK APPLIED FOR.			REMARKS.
	Length in feet.	Size.	Material.	
CHELSEA.

CAMBERWELL.				
York-grove, Colls-road ...	320	12 inch	pipe	Recommended as applied for.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the Report be approved, and that the said Vestries be permitted to construct and execute the several works in the manner therein recommended.

15. Read a Report by the Engineer, dated 21st May, 1886, on an application from the Vestry of Paddington, for permission to stop up the undermentioned thoroughfare for the period and purpose therein mentioned, viz.—

Date of Application	Name of Street to be stopped up.	Object.	Time applied for.	Time recommended.	Streets through which traffic will be diverted.
1886. 18th May	St. Petersburg-place, between St. Petersburg-mews and Uxbridge-road.	Sewerage.	3 weeks	3 weeks	Moscow-road, &c.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfare in question by the Vestry of Paddington, for the purpose of executing work therein, for the period recommended by the Engineer, such sanction to date from the commencement of the work.

16. Read a Report by the Engineer, dated 21st May, 1886, stating that Mr. J. M'Dougall, Surveyor, who was suffering from the effects of a cold taken whilst at work in the Board's Sewers, was still unable to attend to his duties; submitting a Medical Certificate, and recommending that a further leave of absence for one month should be granted to him.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That one month's further leave of absence be granted to Mr. M'Dougall.

17. Read a Report by the Engineer, dated 21st May, 1886, stating that it being urgently necessary that a new set of wooden teeth should be fitted and fixed to the pair of bevel wheels for the centrifugal pumps of the "Charon" engine at the Crossness Pumping Station, instructions had been given to Messrs. Easton and Anderson, the makers of the pumps, to execute the requisite work, at an estimated cost of £30, and asking the sanction of the Board thereto.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the sanction of the Board be given to the execution of the said works, the cost thereof being charged to the General Working Account of the Board.

18. Read a Report by the Solicitor, stating that the Board's Various Powers Bill would be considered by an unopposed Committee of the House of Commons, presided over by the Chairman of Ways and Means, this day.

19. Read a Report by the Solicitor, stating that the second reading of the Board's (Fire Brigade Expenses) Bill in the House of Commons, had been adjourned until the 24th instant.

20. Read a Report by the Solicitor, stating that the adjourned debate on the second reading of the Board's (Theatres, &c.) Bill, in the House of Commons, had been appointed for this evening, and that the Vestry of St. Pancras had presented a Petition in favour of the Bill.

21. Read a Report by the Solicitor, stating that the adjourned debate on the second reading of the Theatres, &c. (Metropolis), Bill (Mr. Dixon Hartland) in the House of Commons, had been further adjourned until the 30th June next, and that the Vestry of St. Pancras had presented a Petition against the Bill.

22. Read a Report by the Solicitor, stating that the second reading of the Metropolitan Fire Brigade Expenses Bill (Mr. Kimber) had been appointed for this evening, and that the Vestry of St. Pancras had presented a Petition against the Bill.

35. The Clerk reported that Mr. H. F. Moore, an Assistant in his Department, who had been unable to attend to his duties in consequence of illness, had sent a Medical Certificate that his lung was well, but that he was now suffering from rheumatism in his right thigh and hip; that he was at present unable to walk but would shortly be able to resume his duties.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That a fortnight's further leave of absence be granted to Mr. Moore.

36. The Clerk presented a Letter from Mr. W. Bristow, Clerk to the Vestry of Greenwich, dated 14th May, 1886, requesting the Board, as a temporary measure, to make arrangements with the proprietors of the present Steam-boat Ferry at Greenwich so that passengers might use the same free of toll.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

- 37.** The Clerk presented a Letter from Mr. J. E. Salway, Clerk to the Vestry of Chelsea, dated 13th May, 1886, stating that the suggestion made by the Vestry that the expenses incurred by them in relation to the Wedlake-street Foot-bridge over the Grand Junction Canal, should be borne by the Vestries interested, in the following manner: Chelsea two-thirds, Paddington one-sixth, and Kensington one-sixth, had been agreed to by the Vestry of Paddington, but not by the Vestry of Kensington, and requesting the Board, in accordance with Section 46 of the Metropolitan Street Improvements Act, 1883, to determine the proportion of the expenses to be borne by the respective Vestries.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter referred to the Works and General Purposes Committee, for consideration and report.

- 38.** The Clerk presented a Letter, as follows—

St. Mary Abbots, Kensington, Poor Law Parish.

Marloes-road, Kensington, W.,
14th May, 1886.

MY DEAR SIR,—The Guardians of this Parish having obtained an Order from the Local Government Board, authorising them to raise a Loan of £1,500 for the erection of additional accommodation at their infirmary in the Marloes-road, have directed me to inquire whether the Metropolitan Board of Works will be able and willing to advance them this sum within the next two or three months.

Will you kindly let me know as soon as possible, so that I may apply elsewhere if your Board should be unable: it is proposed to repay by equal annual instalments of principal and interest for thirty years.

I am, &c,
(Signed) JNO. H. RUTHERGLEN,
Clerk.

J. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

- 39.** The Clerk presented a Letter from Sir J. Humphreys, Coroner for Middlesex, dated 15th May, 1886, stating that at an inquest held by him on the body of Sarah Trowbridge, who was burnt to death at a fire in Well-street, Hackney, the Jury made a presentment to the effect that the Fire-alarm pillars were, in their opinion, placed too wide apart in the district of South Hackney, and that greater publicity should be given of their situation.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter be referred to the Fire Brigade Committee for their information.

- 40.** The Clerk presented a Letter from Messrs. Baylis and Pearce, dated 18th May, 1886, referring to the Board's Letter of the 17th instant, and transmitting, on behalf of Mr. E. Robinson, a Notice of his intention to construct two roads on the Highbury-place Estate, as shown on the Plans annexed to the Notice, with the view, when the roads were made, to subsequent Notices for other roads, and alleging that the Board's proposal respecting the footpath leading Northward from Highbury-place would, if carried out, be an infringement of their client's rights to use it as a carriage-road, but that their client was willing to enter into any arrangement with the Board which might be mutually advantageous.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Solicitor and the Superintending Architect do report to the Committee thereon.

41. The Clerk presented a Letter from Mr. J. H. Gough, Assistant Secretary of the Thames Conservators, dated 18th May, 1886, transmitting a copy of a Report by the Harbour Master as to the condition of the water of the River on the 7th instant between London Bridge and Greenwich.

It was moved by Mr. Runtz, seconded, and resolved--That the said Letter be referred to the Works and General Purposes Committee.

42. The Clerk presented a Letter from Sir R. E. Welby, Treasury, dated 17th May, 1886, transmitting, for any observations which the Board might have to offer, the Report of the Auditor upon the Accounts of the Board for the year 1885.

It was moved by Mr. Runtz, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

43. The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 15th May, 1886, referring to the Board's Letters on the subject of the additional Bye-laws to regulate the use of concrete in building, and transmitting three communications, containing objections to the said Bye-laws, received by the Secretary of State, and requesting to be informed whether such objections had been considered by the Board.

It was moved by Mr. Runtz, seconded, and resolved—That the said Letter be referred to the Building Act Committee, for consideration and report.

44. The Clerk presented a Letter from Messrs. C. Ingrey and Co., dated 17th May, 1886, suggesting that, as Mr. Godfrey had declined to undertake the Contract for the new Battersea Bridge, for the amount specified in his Tender, and had applied for an increased amount, the other competitors for the Contract should have an opportunity given them of re-considering their Estimates, and of sending in amended Tenders for the work.

It was moved by Mr. Runtz, seconded, and resolved—That Messrs. Ingrey and Co. be informed of the decision of the Board, this day, with reference to the Tenders for the construction of the Bridge.

45. The Clerk presented a Letter, dated 19th May, 1886, signed by Mr. A. A. Baumann, and three other Members of Parliament, representing the localities interested in the construction of the proposed Bridge across the Grand Surrey Canal, suggesting the desirability of the Board asking the Government to include in the Board's Money Bill a Clause authorising the construction of the Bridge, one moiety of the cost of which scheme had been promised by the Local Authorities and the adjoining owners of property.

It was moved by Mr. Runtz, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

46. The Clerk presented a Letter from Mr. J. Spencer, Clerk to the Greenwich District Board, dated 19th May, 1886, stating, in reply to the Board's circular Letter, that the District Board had no knowledge that any accidents had occurred in their District from the demolition of buildings in or near public thoroughfares, and that they considered that if an amendment of the law should be made, requiring notice to be given in all cases of such demolition of buildings and the erection of hoardings, such notice should be given to the Surveyor of the Vestry or District Board, and not to the District Surveyor; and also stating that the District Board objected to either this Board or the District Surveyors being empowered to regulate the erection of hoardings or other works in such cases.

It was moved by Mr. Runtz, seconded, and resolved—That the Greenwich District Board be informed of the Board's decision this day on the subject.

47. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 19th May, 1886, in reply to the Board's Letter of 17th ultimo, relative to the steps taken by

them for dealing with the Metropolitan Sewage, and expressing the views of the Home Secretary thereon.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

48. The Clerk presented a Letter from Mr. G. Lushington, Home Office, dated 20th May, 1886, transmitting a copy of a Letter from the Treasury, stating that the Lords Commissioners of the Treasury considered that the Board's application for Parliamentary power to expend money in opposing Bills which appeared detrimental to the interests of ratepayers, should be given up for this year, and that the Board would do well to introduce a Bill for the purpose next year, and that the Treasury would endeavour to secure the insertion in the Board's Money Bill of a Clause for sanctioning any expenditure which the Board might this year incur in opposing the Water Bills referred to in their Letter of 19th January last.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

1. The Minutes of the Meeting of the Board, held on the 21st instant, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meeting.
2. A Deputation from inhabitants of Knightsbridge, introduced by Mr. White, and consisting of the following gentlemen, viz.—Mr. Mitchell-Henry, M.P., Mr. W. Burdett-Coutts, M.P., Mr. W. Sharp, Mr. R. Stewart, Mr. I. B. Barnes, Mr. E. Lance, Mr. J. A.

Rolls, Mr. D. Verity, Mr. J. Davis, Mr. J. Burman, Mr. F. Young, and Mr. W. J. Raffety, attended the Board, and presented a Memorial, which was read, as follows—

To the Chairman and Members of the Metropolitan Board of Works.

GENTLEMEN,—We, the undersigned, for ourselves and on behalf of the public generally, most respectfully submit for your consideration the following—

That the entrance into Hyde-park from Knightsbridge through Park-place is a disgrace, not only to the Park and to the neighbourhood, but to the Metropolis, inasmuch as it is narrow, confined, and bounded on either side by buildings of a low class, two being Public-houses of the “Free and Easy” type.

That the Park-place entrance is without exception, the most numerously used foot-way of all the entrances to the Park, the crush of pedestrians at times is so great that numbers have to make a long detour and at great inconvenience use one of the other gates.

That it has been a long-felt want that the Park-place entrance should be superseded by a new one commensurate with the dignity of the Park, and properly meeting the requirements of the public, and one which should be available for carriages as well as pedestrians, inasmuch as at present all carriages used by residents in or visitors to the neighbourhood South of Sloane-street, of the Cadogan Estate, Brompton, and Rutland-gate have, if using the Park, to enter or leave by the Albert-gate entrance, the consequence of which is that continuous blocks occur at Albert-gate, to the danger of the public, causing serious and frequent accidents. Were the Park-place entrance, which is midway between the Prince of Wales-gate and Albert-gate converted into a carriage-way, the glut of vehicular traffic at Albert-gate would be relieved.

That having regard to the deplorable incapacity and state of the Park-place entrance, a new one, such as could be made 54 feet in width for carriages as well as pedestrians, would really be almost as valuable an Improvement as that made at Hyde-park-corner. Besides it would give facilities of access to the Barracks, and would open out a great circulation of air.

That the Improvement prayed for by your Petitioners might at the present juncture be effected for a comparatively small expenditure, inasmuch as the entire portion of the freehold ground forming the West side of Park-place, together with a portion of the ground on the East side can be purchased for the purpose from the Owner for £21,000.

Trusting the foregoing may commend itself to your good judgment, and that you may be pleased to cause steps to be immediately taken to ensure to the public the suggested Improvement—

Your Petitioners will ever pray,

(Signed) WELLINGTON,
Apsley House, Piccadilly.
(„) CADOGAN,
And 95 others.

The Deputation was heard in support of the Memorial, and handed in a Plan showing the proposed Improvement.

It was moved by Mr. White, seconded by Mr. Webster, and resolved—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

3. A Deputation from inhabitants of the neighbourhood of Tooting-beck-common, introduced by Mr. Weir, and consisting of the following gentlemen, viz.—Mr. H. Doulton, Mr. J. Lucas, Mr. T. H. Rollason, Mr. R. D. Holland, Mr. C. E. Hollingsworth, Mr. G. W. Johnson, Mr. J. L. Parker, Dr. G. Ackroyd, Mr. B. F. Dowdeswell, Mr. C. de Sélincourt, Mr. R. Flint, Mr. T. E. Smith, Mr. A. Kennedy, Mr. R. C. Rapiér, Mr. S. Dent, Mr. C. N. King, and Mr. W. H. Lussin, attended the Board, and presented a Memorial, which was read, as follows—

TOOTING-BECK-COMMON.

Petition to the Honourable the Metropolitan Board of Works.

We, the undersigned, inhabitants of the neighbourhood of Tooting-common, beg respectfully to represent to your Honourable Board that the land abutting on the North-West side of Tooting-beck-common, now in the occupation of James Brand, Esq., is advertised for sale for building on the 9th of June.

About $6\frac{1}{2}$ acres of this land, adjoining the Common and forming part of the avenue, consists of a magnificent belt of oak, beech and elm trees, which it would be obviously most important to secure and add to the Common.

We most respectfully urge upon you the importance of taking immediate measures to prevent such an act of vandalism as the destruction of this magnificent piece of woodland scenery for building purposes.

(Signed) W. SALMON,
No. 1, Aylesbury-terrace,
And 609 others.

The Deputation was heard in support of the Memorial, and handed in Photographs of certain portions of the woodland in question.

It was *moved* by Mr. Weir, seconded by Mr. Meaden, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report, and that the Committee be authorised, should they consider it desirable to do so, to enter into negotiation on the subject with the persons interested in the land referred to in the Memorial.

4. A joint Deputation from the Holborn District Board, and from inhabitants of the District, introduced by Mr. Phillips, and consisting of the following gentlemen, viz.—Mr. W. Easy, Mr. T. S. Bennett, Mr. F. Lowe, Mr. J. Reider, Mr. G. Brewster, Mr. J. A. Hooper, Mr. S. Riches, Mr. J. F. Bennett, Mr. R. G. Bubb, Mr. T. Pellett, Mr. R. M. Cartwright, Mr. J. Schaper, Mr. H. W. Burn, Mr. H. C. Wood, Mr. T. Johnson, Mr. W. Kettle, Mr. A. E. Purkis, Mr. J. Hayes and Mr. J. Andrew, attended the Board, and presented a Memorial, which was read, as follows—

In Parliament.—Session, 1886.

NORTH METROPOLITAN TRAMWAYS (No. 1).

To the Metropolitan Board of Works.

The humble Memorial of the undersigned inhabitants and ratepayers of the District of Holborn, and of the Parish of St. James and St. John, Clerkenwell,

SHEWETH—

1.—That a Bill is now pending in the House of Commons for the purpose of empowering the North Metropolitan Tramways Company to construct (among other Tramways) an extension of the existing Clerkenwell-road lines along the Theobalds-road to Bloomsbury, and a further extension along the Grays-inn-road to Holborn.

2.—Your Petitioners as the persons primarily affected by the scheme are confident that the Gray's-inn-road extension is one which while, greatly benefiting the inhabitants of the District is absolutely essential to the proper development of the system of Metropolitan Tramways, the principle of which first received the assent of your Honourable Board in the year, 1869, and your Petitioners have therefore learnt with deep regret that your Honourable Board in giving their assent to the Bill have required an undertaking from the Promoters to abandon the said extension.

3.—Your Petitioners are informed that the Promoters, in view of the scheme proposed by the London Street Tramways Company, entered into an agreement to grant to the said Company the right of carrying passengers over the said lines as far as Holborn, and your Petitioners would therefore respectfully submit your Honourable Board would, by relieving the Promoters of so much of their undertaking as relates to the Gray's-inn-road be conferring a double benefit on the inhabitants of the District.

4.—Your Petitioners would also respectfully point out that the Gray's-inn-road between the Town-hall and Holborn, is eminently suitable for the construction of Tramways with the least possible interference with the general traffic.

Your Petitioners therefore humbly pray, &c.

(Signed) SALAMON JACOBS,
73, Gray's-inn-road,
And 194 others.

It was *moved* by Mr. Phillips, seconded, and *resolved*—That the Memorial be considered at the Special Meeting of the Board to be held this day.

5. A Deputation from the Poplar District Board, introduced by Mr. Lenanton, and consisting of the following gentlemen, viz.—Mr. J. Yabsley, Mr. W. Clark, Mr. J. W.

Morrison, Mr. Annan, Mr. C. J. Langley, Mr. R. W. Sherrard, Mr. J. W. Holland, Mr. W. Hunter, Mr. J. Lamb, Mr. T. Gaisford, Mr. J. S. Turner, Mr. J. Rundell, Mr. J. Dudley, Mr. A. Hichins, Mr. J. B. Wright, accompanied by Mr. W. H. Farnfield, the Clerk, and Mr. Potts, the Assistant Clerk of the District Board, attended, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The humble Memorial of the Board of Works for the Poplar District, in the County of Middlesex,

SHEWETH--

That your Memorialists are greatly concerned at the periodical recurrence of floodings in the Isle of Dogs, a district within the jurisdiction of your Memorialists, and an area of considerable ratable value.

That such floodings occur, without fail, whenever there is a concurrence of high tide and heavy rainfall, and of late years the distress occasioned thereby has greatly intensified.

That in response to former representations of your Memorialists your Honourable Board have taken steps to establish a Pumping Station at the Isle of Dogs, and which it is hoped, when established will considerably abate, if not effectually remove, the present existing evil.

That, pending the establishment of such Pumping Station, the long-suffering inhabitants of the Island continue to experience visitations of floodings, the result being absolute ruin to many of them, and, during the present month, two serious inundations have occurred, the consequences of which cannot fail to be very serious.

Your Memorialists therefore pray your Honourable Board that immediate action may be taken to provide temporary means of relief, pending the institution of the permanent works, that something may be done forthwith to remedy the absolutely shocking state of things at present existing in the Isle of Dogs.

And your Memorialists will ever pray, &c.

The Seal of the Board of Works for the Poplar District was affixed hereto on the 27th day of May, 1886, in the presence of

(Signed) WM. HENRY FARNFIELD,
Clerk to the said Board.

L. S.

The Deputation having been heard in support of the Memorial,

It was ~~moved~~ by Mr. Lenanton, seconded, and ~~resolved~~—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

6. This being the day for receiving Tenders for the supply of from 2,500 to 3,000 tons of Manganate of Soda and 1,000 tons of Sulphuric Acid for deodorising purposes,

The Clerk laid before the Board the several Tenders which he had received pursuant to the Advertisement issued in accordance with the Board's Resolution of 14th instant (No. 13).

It was ~~moved~~, seconded, and ~~resolved~~—That the said Tenders be now opened.

Tenders from the undermentioned persons were then opened—

Tenders for Manganate of Soda.

Messrs. Sadler and Co. (Limited), per T. M. Steel, No. 85, Gracechurch-street.

To deliver 50 tons as per Clause 6 of the Specification, with the option of delivering a further 250 tons, to be delivered on 17th June.

Messrs. C. Christopherson and Co., Agents for Messrs. Jas. Muspratt and Sons, No. 17, Great Tower-street. 50 tons at the price of the lowest Tender, or 250 tons at £10 per ton, and much larger quantities if the Board could increase the time for delivery. The first offer to be void if the second should be accepted.

Mr. E. Tuteur, No. 72, Mark-lane. 5 to 6 tons per week at £30 per ton.

Messrs. Middleton, Kirkpatrick and Barr, No. 4, Cullum-street. 50 tons at the price of the lowest Tender.

Messrs. C. Tennant, Sons and Co., No. 4, Mincing-lane. 2,500 tons at £9 17s. 6d. per ton.

Tenders for Sulphuric Acid.

Messrs. Perks and Co., Fenchurch-avenue. 1,000 tons at £1 13s. 4½d. per ton.

■ ■ Messrs. W. Pearce and Sons, Chemical works, Bow-common. 1,000 tons at £1 16s. per ton.

Messrs. C. Christopherson and Co., No. 17, Great Tower-street. 1,000 tons at £1 16s. per ton.

It was *moved* by Mr. Fowler, seconded by Mr. Freeman, and *resolved*—That the Tenders be referred to the Works and General Purposes Committee, for consideration, with authority to accept those which may appear most advantageous for the Board; that the Committee do report to the Board the course taken, and that the Engineer, the Accountant, and the Chemist do report to the Committee upon the several Tenders.

7. Mr. Runtz handed in a Letter from Mr. R. Ellis, Clerk to the Hackney District Board, dated 27th May, 1886, asking this Board to receive a Deputation from the District Board, on the 4th June, with reference to the formation of a new street from Mare-street, Hackney, to High-street, Homerton.

It was *moved* by Mr. Runtz, seconded, and *resolved*—That the Deputation be received on Friday next, at Twelve o'clock at noon.

8. Colonel Hughes, M.P., handed in a Letter, as follows—

The Board of Works for the Plumstead District.

Offices, Old Charlton, Kent,
27th May, 1886.

SIR,—I am directed to request you to inform the Metropolitan Board of Works that the Main Outfall Sewer was again overflowed during the rains of last week, causing the Marsh ditches in the Parish of Plumstead to be flooded with Sewage, creating a serious nuisance to the prejudice of the public health and damage to property, and the risk of poisoning the cattle grazing on the adjacent land.

I am, &c.,
(Signed) J. HARRIS,
Assistant Clerk.

J. E. Wakefield, Esq.,
Clerk, Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Colonel Hughes, M.P., seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration and report; and that the Engineer do report to the Committee thereon.

9. Mr. Meaden handed in a Letter, as follows—

The Board of Works for the Wandsworth District.

Battersea-rise, S.W.,
27th May, 1886.

COAL, CORN AND WINE DUES.

DEAR SIR,—I am instructed by this Board to inform you that they have had this subject under consideration, and that they are of opinion that these Dues should be continued, and should form a fund for the preservation of Open Spaces, and for carrying out Metropolitan Improvements.

I am, &c.,
(Signed) HEN. GEO. HILLS,
Clerk.

J. E. Wakefield, Esq.,
Spring-gardens, S.W.

It was *moved* by Mr. Meaden, seconded, and *resolved*—That the Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

10. Mr. Bonthron handed in a Letter, as follows—

Parish of St. James, Westminster.

Vestry-hall, Piccadilly, W.

27th May, 1886.

SIR,—I am directed by the Works Committee of the St. James's Vestry to enquire whether they would be permitted to use the Fire Hydrants in that portion of the Parish which is on the constant supply system, for the purpose of loading the carts for street watering, and, if so, whether any conditions would be attached thereto.

It appears to the Committee that the work of street watering would be considerably expedited if the Fire Hydrants were available for the purpose named.

I am, &c.,
(Signed) HARRY WILKINS,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens, S.W.

It was ~~moved~~ by Mr. Bonthron, seconded, and ~~resolved~~—That the Letter be referred to the Fire Brigade Committee, for consideration and report.

11. Mr. Bradfield handed in a Letter, as follows—

Saint Mary, Islington.

Vestry Offices,

Upper-street, N.,

27th May, 1886.

DEAR SIR,—This Vestry have for some time past had under consideration the desirability of effecting an Improvement by continuing Duncombe-road into Manorville-road, which roads are situated in the Upper Holloway District of this Parish, and have recently had a proposal submitted to them for the surrender of the necessary ground to form a connection between these two roads, as shown in Pink in the enclosed Plan for the sum of £300.

The Vestry have resolved to acquire the ground so offered, on condition that the Metropolitan Board of Works will contribute one-half the amount to be paid for the same, and I am accordingly directed to bring the matter under the notice of your Board, and to request that they will be good enough to contribute a moiety of the cost of this proposed Improvement.

I am, &c.,
(Signed) WM. F. DEWEY.
Vestry Clerk.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works.

It was ~~moved~~ by Mr. Bradfield, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee for consideration and report.

12. Read a Report, as follows—

Metropolitan Board of Works,

Spring-gardens, S.W.

28th May, 1886.

LOAN OF 1886.

We have to report to the Board that, in compliance with their Resolution of the 14th instant, and the instructions given by the Works and General Purposes Committee on the 17th instant, under the same Resolution, we have completed a Loan to meet the requirements of the Board during the remainder of this year.

It was decided by the Works and General Purposes Committee that a further issue of Three per cent. Stock should be offered for public tender, that the amount should be £1,250,000 (this amount being based on estimates of expenditure prepared by the Finance Committee), and that the minimum price should be named in the Prospectus. They also sanctioned the Prospectus generally, and empowered us to vary it, if, on conference with the representatives of the Treasury and the Bank of England, it was found expedient.

The dividend this year is made to commence from the 1st of May, as in 1885, and there is power under the Money Act of last Session to enable the Board to pay out of the produce of the Loan such portion of the dividend as may be considered to be unearned.

It was decided to fix the minimum price of tender at £98 per cent.

A notification of the issue was at once sent to the Stock Exchange; advertisements were inserted in the leading papers of the next morning, and other advertisements followed.

Tenders were opened on the 25th instant at the Bank of England. They amounted to £5,682,400, at prices varying from par to the minimum.

The lowest accepted price was £99 10s., at which about 7 per cent. of the whole issue was allotted.

The average price of the accepted tenders was £99 12s. 2d.

We lay before the Board a copy of the official application to the Treasury for sanction to the Loan, the Letter containing their Lordships' sanction, the Memorandum signed at the Bank of England on the 19th instant as to the minimum price, and a copy of the Prospectus.

It will be necessary that the Board should draw a Cheque for £7,812 10s. for stamp-duty, payable to the Receiver General of Inland Revenue, under the Act 43 and 44 Vic., cap. 20, sec. 54; also that the Finance Committee should report as to the appropriation of the money raised by the Loan; and lastly that the Bank of England should be requested to pay over the proceeds of the Loan to the Board's Account at the London and Westminster Bank. We may remind the Board that the Solicitor has advised that the 41st Section of the Loans Act requires the Bank to pay over the money within two days after the same has been received; and the Bank should be informed that it will be convenient to the Board if transfers are made on Mondays, Wednesdays and Fridays.

Authority was given us by the Board, on the 26th March, to raise temporary Loans, if necessary, to the extent of £500 000; and we have raised, under that authority Loans for £300,000 from the London and Westminster Bank, as under—

April 16th.	£100,000 at 2½ per cent., repayable 16th June.

Metropolitan Board of Works,
Spring-gardens, S.W.,
17th May, 1886.

MY LORDS,—In compliance with the Acts of Parliament, 32 and 33 Vic., cap. 102, secs. 4, 39 and 43; 38 and 39 Vic., cap. 65, sec. 8; 47 and 48 Vic., cap. 50, secs. 7 and 12; and 48 and 49 Vic., cap. 50, various sections, I have the honour to request your Lordships' sanction to a further issue by this Board of £1,250,000 Three per Cent. Metropolitan Consolidated Stock, and to the time, terms and conditions of issue as set forth in the draft prospectus accompanying this Letter.

The Loan is required for the purposes, and in the amounts sterling, set out in the Estimate enclosed herewith, the total of which is £1,250,000. It is probable, however, that the amount realised will be rather less than that sum. The result of the issue shall be reported to your Lordships, when your approval will be asked to the appropriation of the exact produce of the Loan, less the amount to be carried to the Consolidated Loans Fund to pay unearned dividend.

Appended to the Estimate is a schedule of memoranda giving an explanation of each item.

Your Lordships will observe that the minimum price of issue is not named in the Prospectus, and I would ask that you would appoint a representative to meet some of my colleagues and myself, at the Bank of England, on Wednesday next, at 1.30 p.m., to settle what that price shall be.

I shall be glad to receive your Lordships' approval before the time of the conference.

I have the honour to be, &c.,

Her Majesty's Treasury. Chairman of the Board.

Treasury Chambers,
19th May, 1886.

SIR,—In reply to your Letter of yesterday's date, requesting their Lordships' sanction to the further issue by your Board of £1,250,000 Three per Cent. Metropolitan Consolidated Stock, I am directed by the Lords Commissioners of Her Majesty's Treasury to inform you that, in accordance with the powers conferred upon them by the 4th Section of the Metropolitan Board of Works Act of 1869 (32 and 33 Vic., cap. 102), and the Acts extending and amending the same, they are pleased to approve the amount of the Loan proposed by your Board, and the terms and conditions upon which it is to be issued, as set forth in the draft Prospectus which accompanied your Letter.

I am to add that Mr. E. W. Hamilton, C.B., has been directed by their Lordships to attend at the Bank of England at 1.30 to-day, to assist in settling the minimum price of issue of the Loan.

The Chairman,
Metropolitan Board of Works.

I am, &c.,

1. The Clerk laid before the Board the Requisition convening the Meeting, as follows—

To the Clerk of the Metropolitan Board of Works.

Spring-gardens,
25th May, 1886.

I hereby require you to convene a Special Meeting of the Metropolitan Board of Works, to be holden at the Office of the Board, Spring-gardens, on Friday next, the 28th day of May, 1886, at a quarter before One o'clock, p.m., for the transaction of the following business, viz.—

TO RECEIVE REPORT FROM WORKS AND GENERAL PURPOSES COMMITTEE—

Recommending—

That the following Resolution of the Board of the 12th February, 1886 (No. 14), viz.—

“That, upon the Promoters of the North Metropolitan Tramways (No 1) Bill,
“giving an undertaking to omit from the Bill the power to form the Tramways
“Nos. 2 and 5, and to provide that Tramway No. 1 along Theobald's-road, shall

“not be carried further West than Devonshire-street, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament,”—be so far varied as to admit of the formation of the Tramway No. 2, in the Bill mentioned.

(Signed) J. MCGAREL-HOGG.

2. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 24th May, 1886.

Your Committee have to report that they have, pursuant to the reference by the Board of the 14th instant (No. 5), further considered the North Metropolitan Tramways (No. 1) Bill, and they beg to submit the following recommendation—

That the following Resolution of the Board of the 12th February, 1886 (No. 14), viz.—“That, upon the Promoters of the North Metropolitan Tramways (No. 1) Bill, giving an undertaking to omit from the Bill the power to form the Tramways Nos. 2 and 5, and to provide that Tramway No. 1 along Theobald’s-road shall not be carried further West than Devonshire-street, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament,”—be so far varied so as to admit of the formation of the Tramway No. 2, in the Bill mentioned.

(Signed) J. MCGAREL-HOGG,
W. ROBSON,
GEORGE PHILLIPS.

The Report having been read and received,

The Memorial on the subject, presented by the Deputation this day, was laid before the Board.

It was *moved* by Mr. Phillips, and seconded by Mr. Robson—That the following Resolution of the Board of the 12th February, 1886 (No. 14), viz.—“That, upon the Promoters of the North Metropolitan Tramways (No. 1) Bill, giving an undertaking to omit from the Bill the power to form the Tramways Nos. 2 and 5, and to provide that Tramway No. 1 along Theobald’s-road shall not be carried further West than Devonshire-street, and further to amend the Bill in the manner required by the Board, the consent of the Board be given to the introduction of the Bill into Parliament,”—be so far varied so as to admit of the formation of the Tramway No. 2 in the Bill mentioned.

After discussion the *motion* was put to the vote, when there were for it 35, against it 11, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

Adjourned.

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £26,540 10s. 7d. be paid.

* Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Your Committee have considered the application of the Vestry of Hampstead, for permission to borrow, and for the advance of a sum of £1,000, referred by the Board on the 2nd ultimo (No. 44). The land at the rear of the Vestry-hall is being laid out for building purposes, and the Vestry have agreed to purchase, for £1,000, a piece of the ground adjoining the Vestry premises, having a frontage of 40 feet to Belsize-avenue, by a depth of about 88 feet, so as to provide adequate light and air to the Vestry Offices, and the necessary land for their probable enlargement. Your Superintending Architect reports that he does not consider the price excessive, and having regard to the difficulty which might hereafter arise in the Vestry obtaining the ground, and the serious effect the erection of any high building would have on the Vestry-hall, your Committee concur in the desirability of the proposed purchase, and they therefore recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Hampstead, for a Loan of a sum of £1,000, to defray the cost of the purchase of a piece of land adjoining the Vestry-hall, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January, within 55 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

Your Committee have considered the Letter from the Vestry of Hampstead, requesting an advance of a sum of £20,000, referred by the Board on the 21st instant. The Loan is required towards defraying the Vestry's share of the cost of the Hampstead Improvements, which are now being effected by the Board, under the Metropolitan Street Improvements Act, 1883, by the 40th Section of which Act the Vestry are required from time to time to contribute towards the Board's expenditure in relation to such Improvements. The Board have already advanced £30,000 to the Vestry in connection with the works, and your Committee consider that the present Loan should be advanced on similar terms; they therefore recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Hampstead, for a Loan of a sum of £20,000, for the purposes of the Hampstead Improvements, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid in 55 years as follows—For the first 8 years one moiety of 1-55th part annually on each 31st January, and after that period 1-47th part of the principal then due, annually on each 31st January for 47 years; that it be referred

to the Solicitor to complete the Loan; and that the amount be advanced by the Board out of the General Capital Account.

Your Committee have considered the application from the Vestry of Kensington, requesting permission to borrow, and also for the advance of a sum of £5,650, to defray the cost of wood-paving works, referred by the Board on the 16th ultimo (No. 47). The Vestry are re-laying 13,108 yards of wood-paving in Brompton-road, between Knights-bridge-green and the Fulham-road, and 1,505 yards, on concrete, 6 inches in thickness, in Kensington-road between the Parish boundary and Russell-road, at a cost of £4,600 and £696 respectively. The Board in December last granted permission to the Vestry to borrow a sum of £2,500 towards defraying the cost of paving Silver-street and Church-street with wood. The work has since been completed, and has cost £354 more than the amount borrowed for its execution. This sum the Vestry now desire to borrow in addition to the before-mentioned sums of £4,600 and £696. Your Engineer has examined the detailed Estimate of the works, and reports it to be fair and reasonable, and your Committee, seeing no objection to the proposed Loan, recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of Kensington, for permission to borrow, and also for a Loan of a sum of £5,650 to defray the cost of wood-paving be granted, to the extent of £5,600, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

Pursuant to the Resolution of the Board of the 21st ultimo (No. 28), your Committee have considered the application of the Westminster District Board, for authority to borrow, and for a Loan of a sum of £2,800, to defray the cost of wood-paving. The District Board propose to have laid down in Caxton, Chapter, Palmer and Moreton Streets in their District, about 5,260 yards of wood-paving on concrete foundations, 9 inches in thickness, and to re-construct gullies and re-lay the kerbs, at an estimated cost of £2,860, which your Engineer reports to be fair and reasonable. Your Committee see no objection to the Board making the advance, and they accordingly recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Westminster District Board, for a Loan of a sum of £2,800, to defray the cost of wood-paving be granted, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year and the principal being re-paid by equal annual instalments on each 30th April, within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

Your Committee have also considered the application of the Westminster District Board for authority to borrow, and for the advance of a sum of £2,400, to defray the cost of asphalte-paving, referred by the Board on the 21st ultimo (No. 28). The District Board propose to pave with asphalte 1½ inches thick, laid on concrete foundations 4 inches in thickness, the eight small streets and places named in their Letter. The total estimated area to be paved is 5,116 yards, and the cost, including the re-construction of gullies and the re-laying of kerbs, is £2,424 10s., which your Engineer reports to be fair and reasonable. As there appears to be no objection to the Loan, your Committee recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Westminster District Board, for a Loan of a sum of £2,400, to defray the cost of asphalte paving, be granted, on condition that the Loan be taken

up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 7 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

Your Committee have considered the Letter from the Vestry of St. James, Westminster, asking for permission to borrow, and for a Loan of a sum £4,000, to defray the cost of asphalte and wood paving, referred by the Board on the 7th instant (No. 49). The Vestry propose to have laid down in the 13 streets and places named in their Letter 6,085 yards of 2-inch compressed asphalte, and in Angel-court, 184 yards of 1-inch compressed asphalte, and 2,115 yards of wood-paving, in Charles-street and Ryder-street, at a cost of £3,651, £59 16s. and £766 13s. 9d. respectively, making a total of £4,477 9s. 9d. Your Engineer has examined the detailed specification for the works, and reports the Estimate to be fair and reasonable, and having regard thereto, and to the necessity for the carrying out of the several works, your Committee recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. James, Westminster, for a Loan of a sum of £4,000, to defray the cost of asphalte and wood-paving works, be granted, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly, on the 31st January, the 30th April, the 31st July and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within 4 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

On the 12th February last (No 10), the Greenwich District Board applied for an advance of a sum of £12,000, to defray the cost of granite paving-works, and £3,000, the cost of wood-paving works, re-payable in 20 years, and the Board, on the 12th March last (No. 7), on the recommendation of your Committee, agreed to make the advance, the sum of £12,000 for granite paving being re-paid in 20 years, and £3,000 for wood-paving in 6 years. The District Board, by a further application presented to the Board on the 7th instant (No. 50), have stated that they now propose to increase the quantity of granite to be laid down from 16,000 to 18,000 yards, at a cost of £13,050, and to reduce the proposed wood-paving from 5,000 to 3,000 yards, at a cost of £2,025, and £230 for new granite kerb, making a total of £15,305. The granite paving is proposed to be laid down in certain unpaved portions of the Greenwich-road, London-street, Romney-road, Trafalgar-road and of Lower Woolwich-road, and the wood-paving in parts of London, Church and Nelson Streets, and in front of Christ Church, and the Wesleyan Chapel in the Lower Woolwich-road. Your Engineer has examined the Estimate for the works, and reports it to be fair and reasonable, and your Committee, having regard thereto, and to the necessity for the work, recommend—

That the Resolution of the Board of the 12th March last (No. 7), agreeing to advance to the Greenwich District Board the sum of £12,000 to defray the cost of granite paving and £3,000 for wood-paving works, be not further acted upon.

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Greenwich District Board, for permission to borrow, and also for the Loan of a sum of £15,000, to defray the cost of paving works, be granted, on condition that the District Board do pay all the costs occasioned by the alteration of the Loan now abandoned, and do take up the present Loan without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July and the 31st October, in each year, and the principal being re-paid by equal annual instalments on each 30th April, as to £13,000 required for granite paving within 20 years, and as to £2,000 for wood paving within 6 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have to report that they have considered the application from the Greenwich District Board for a Loan of a sum of £950, referred by the Board on the 21st ultimo (No. 36). The District Board, in view of the ultimate construction of a road from Blackheath-road, over Deptford-creek to Friendly-street, purchased from this Board, for the sum of £3,000, a portion of the area left as re-coupment after the widening of Deptford Bridge. The District Board have re-sold for £2,050 that portion of the land not likely to be required for the new road, and the balance of £950 may be taken as the value of the land retained and intended to be used in forming the proposed new street, and for which they desire a Loan to enable them to pay the £3,000. Your Superintending Architect has reported to your Committee on the subject, and your Committee, concurring in the object of the proposed Loan, recommend—

That subject to the Board hereafter giving their written consent under their Seal, to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Greenwich District Board for a Loan of a sum of £950 to defray the cost of the purchase of land near Deptford Bridge, for the purposes of a Street Improvement, be granted, on condition that the Loan be taken up at once, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 31st January, within 55 years; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced by the Board out of the General Capital Account.

On the 17th July, 1885 (No. 40), a Letter was submitted to the Board from the Home Office, requesting that a Return might be prepared, in pursuance of a Resolution of the House of Commons, of the expenses incurred by the Board in promoting and opposing private Bills before Parliament in the years 1883, 1884, and 1885. Your Accountant has prepared the Return, and your Committee beg to submit the same for the information of the Board, and to recommend—

That it be approved and forwarded to the Home Secretary for presentation to Parliament.

The Board, on the 6th November, 1885, drew a Cheque on their General Working Account, in favour of Messrs. Aird and Sons, for £3 5s. 2d., which Messrs. Aird and Sons now state has been lost, and they request another in lieu of it, and agree to guarantee the Board against any loss in respect of the missing Cheque. Your Committee see no objection to the Board complying with Messrs. Aird's request on the terms stated, and they recommend accordingly.

Your Solicitor has reported to your Committee that he has received an application from Messrs. Dyson and Co., for an advance on account of their Parliamentary disbursements. It is customary about this time of the year for the Board to pay Messrs. Dyson and Co. a sum to meet the House fees and other expenses incidental to the Parliamentary business transacted for the Board, and your Committee accordingly recommend—

That a Cheque for £600 be drawn in favour of Messrs. Dyson and Co.

Your Committee also recommend—

That the following Cheques, which have been drawn longer than Three months, be cancelled—

Streets (Act of 1877).

No. 8632—1886. 15th February—Phillips, J. and J. ... £19 0 0

Streets (Act of 1883).

„ 785—1886. 8th February—Phillips, J. and J. ... 26 0 0

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
GEORGE JAMES,
DONALD MUNRO.

Your Committee submit, for the information of the Board, a marked Catalogue and Account of sale of old building materials of premises in Tench-street, Lower Green-alley, Knight's-court, Church-gardens, &c. (Tench-street scheme), by Messrs. Horne, Son and Eversfield, on 16th March, 1886—

Your Committee also submit a form, in triplicate, of License to the Trustees of the Will of Mr. H. S. Thornton, deceased, to build over the Putney to Clapham Relief Sewer at Battersea-rise, and they recommend that the Seal of the Board be affixed thereto.

Your Committee have proceeded on the Resolution of the Board of the 16th ultimo (No. 5), instructing them to ascertain and report as to the amount with which the Fire Brigade Capital Account should be charged for the cost of the ground required for the purposes of a new Station to be erected upon ground belonging to the Board in Green-street, Bethnal-green. Your Committee have received a Report from your Superintending Architect on the matter, and they now beg to submit a Plan of the proposed site, and to recommend—

That the Fire Brigade Capital Account be charged with the amount of the Superintending Architect's valuation of the land already acquired, together with the cost of two properties necessary to be taken for the purposes of the Station.

Under the reference made to them of the Letter from Mr. Vulliamy, resigning his office of Superintending Architect, your Committee instructed your Accountant to report to them the amount of Retiring Allowance to be granted to that Officer. Mr. Vulliamy was appointed by the Board on 15th March, 1861, and has consequently completed 25 years' service. The Superannuation Act of 1866 (29 and 30 Vic. c. 31) prescribes that the Board may grant to any Officer in their service, in an established capacity, who shall have served for ten years and upwards, and who shall have become incapable of discharging the duties of his office by reason of permanent infirmity of mind or body, or of old age (exceeding 60 years) an annual allowance equivalent to $\frac{1}{60}$ th of his salary for each year of service. The Act further gives power to increase the allowance by adding a number of years, not exceeding ten, to the number actually served, in cases where the person appointed shall, at the time of his appointment, have been beyond the age of 30 years, and for the efficient discharge of his duties shall possess qualifications not ordinarily to be acquired in the Board's service. Giving Mr. Vulliamy the full benefit of the 5th Clause of the Act to which your Committee consider he is entitled, his Retiring Allowance would be $\frac{33}{100}$ ths of £1,750 or £1,020 16s. 8d. per annum, and your Committee recommend—

That a Retiring Allowance of that amount be granted to Mr. Vulliamy from the date at which his resignation takes effect, namely, the 29th September next.

Your Committee have considered the Memorial, referred to them on the 23rd October last (No. 3), from the Strand Improvement Association, asking the Board to devise measures for improving the Strand between the Churches of St. Clement Danes and St. Mary-le-Strand. Your Committee do not now express any opinion as to the merits of the proposed Improvement, but after careful consideration they recommend—

That the Association be informed, in reply to their Memorial, that the Board are not prepared, at present, to accede to the application.

Your Committee have considered the Letter, referred to them on the 19th March last (No. 43), from the Westminster District Board, requesting this Board to make such provision in their Various Powers Bill of next Session as will authorise the formation by the Board of approaches to the Charing-cross Foot-bridge, on the level from the Strand. Your Committee are not prepared to advise the Board to comply with the request, and they recommend—

That the District Board be informed to that effect.

Your Committee have considered the Memorial, referred to them on the 5th March last (No. 2), from the Vestry of Bermondsey, praying the Board to take immediate steps to complete the Jamaica-road Improvement, and to obtain from Parliament an extension of the time for compulsory purchase, limited by the Street Improvements Act of 1877, or, in the alternative, a re-enactment of that Statute, so far as regards the South side of the Improvement. Your Committee have also considered the Memorials from inhabitants and others on the same subject, referred to them on the 24th July last (Nos. 2 and 39), and 5th March last (No. 2). Upon a consideration of all the circumstances, your

Committee do not think that the Board are in a position, at present, to comply with the request, and they recommend—

That the Vestry and the other Memorialists be so informed.

Your Committee have again considered the Letter, referred to them on the 9th April last (No. 43), from the Vestry of Shoreditch, requesting the approval by the Board of an Improvement they proposed to effect in Nile-street, as shown on the Plan accompanying their Letter, at an estimated cost, including works, of £1,000, and asking the Board to contribute one moiety of the cost. The matter, it will be remembered, was included in your Committee's Report to the Board on Friday last, and was then referred back to them. From the Report of your Superintending Architect, it appears that about 2,133 superficial feet of land will be added to the public way, of which 1,980 feet (coloured Blue on the Plan) are to be given up by the Owners, the joint Trustees of the Parishes of St. Luke and Cripplegate, and will be taken over by the Parish. The remaining 153 feet (coloured Yellow on the Plan) will have to be purchased. Nile-street at this point is only 10 feet wide, and it will be increased to 20 feet. Your Committee have viewed the locality, and concur in your Superintending Architect's opinion that the Improvement is a desirable one, and the cost fair and reasonable. They recommend—

That the Board do contribute one-half of the net cost, (£800,) of the property acquired by the Vestry of Shoreditch for the purposes of the proposed Improvement, such contribution not to exceed the sum of £400, to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have considered the Letter, referred by the Board on the 11th December last (No. 25), from the Vestry of Kensington, stating that they proposed to carry out certain works and improvements in the Parish, and expressing a hope that the Board would contribute towards the cost of effecting the same. The Improvements in question are the following—

	Estimate.
Repair, &c., Tavistock-crescent, Foot-bridge	£1,000
Improvement, Church-street, Kensington	350
Improvement, Treadgold-street, Notting-dale	650
Improvement, opening up a communication between Lexham-gardens and Cornwall-gardens	1,800
Improvement, Silver-street	2,500
St. Ann's-road, widening	1,238

Your Committee have viewed the several localities, and have received Reports from your Engineer and your Superintending Architect with regard to the first four of the above, with which alone they propose to deal in this Report, and they now beg to submit the following recommendations—

That the Board do contribute one-half of the net cost (£1,000) of the re-construction by the Vestry of Kensington of the Foot-bridge at Tavistock-crescent, such contribution not to exceed the sum of £500, and to be paid to the Vestry on a Certificate by the Engineer of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

That the Board do contribute one-half of the net cost (£350) of an Improvement proposed to be carried out by the Vestry of Kensington, in Church-street, such contribution not to exceed the sum of £175, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such condition apply.

That the Board do contribute one-half of the net cost (£650) of an Improvement proposed to be carried out by the Vestry of Kensington, at Treadgold-street, Notting-dale, such contribution not to exceed the sum of £325, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

That the Board do contribute one-half of the net cost (£1,800) of an Improvement proposed to be carried out by the Vestry of Kensington, by the opening up of a communication between Lexham-gardens and Cornwall-gardens, such contribution not to exceed the sum of £900, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee reserve for a future Report the subject of the Improvements in Silver-street and St. Ann's-road.

Your Committee have also considered the Letter, referred by the Board on the 14th instant (No. 10), from the Vestry of Hammersmith, asking the Board to insert a Clause in one of their Bills before Parliament, to enable the Vestries and District Boards to repair roads without prejudice to the subsequent recovery of expenses of paving such roads as new streets. Your Committee are not prepared to advise the Board to accede to the request, and they recommend—

That the Vestry be informed to that effect.

Your Committee have further to report that they have considered the Letter, referred to them on the 2nd ultimo (No. 36), from the Acton Local Board of Health, stating that they were desirous that the Stamford-brook Sewer should be covered over between the points A and B shown on the Plan accompanying their Letter, and also stating that they were willing to contribute one-half of the expense if this Board would provide the other half, the estimate of the total cost being £500. Your Committee have conferred with your Engineer, who has reported fully on the matter, and they have now to recommend—

That the Acton Local Board be informed that the Board are not prepared to agree to their suggestion.

All which your Committee beg to submit.

The marked Catalogue and Account of sales of building materials of premises in Tench-street, Lower Green-alley, Knight's-court, Church-gardens, &c. (Tench-street Scheme), the License to build over the Putney, &c., Sewer, and the Plan of the site for the new Fire Brigade Station in Green-street, Bethnal-green, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Seal of the Board be affixed to the License, in triplicate, now submitted, to the Trustees of the Will of Mr. H. S. Thornton, deceased, to build over the Putney to Clapham Relief Sewer at Battersea-rise; and the Seal was affixed accordingly.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Fire Brigade Capital Account be charged with the amount of the Superintending Architect's valuation of the land already acquired in the line of the Green-street, Bethnal-green, Improvement, and proposed to be appropriated as a site for the new Fire Brigade Station, and also with the cost of the two other properties necessary to be taken for the purposes of the Station.

It was **moved** by Mr. Fowler, seconded by Mr. Selway, and **resolved**—That a Retiring Allowance of £1,020 16s. 8d. per annum be granted to Mr. Vulliamy, Superintending Architect, from the date at which his resignation takes effect, namely, the 29th September next.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Strand Improvement Association be informed, in reply to their Memorial, asking the Board to devise measures for improving the Strand between the Churches of St. Clement Danes and St. Mary-le-Strand, that the Board are not prepared, at present, to accede to the application.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Westminster District Board be informed, in reply to their Letter, requesting the Board to make such provision in their Various Powers Bill of next Session as will authorise the formation by this Board of approaches to the Charing-cross Foot-bridge, on the level from the Strand, that the Board are not prepared to comply with the request.

It was **moved** by Mr. Fowler, and seconded—That the Vestry of Bermondsey, and others who have addressed the Board on the subject of completion and continuation of the Jamaica-road Improvement, be informed that the Board are unable, at present, to comply with the request.

The **motion** having been put to the vote, it was declared by the Chairman to be carried; and it was **resolved** accordingly.

It was **moved** by Mr. Fowler, seconded, and **resolved**—That the Board do contribute one-half of the net cost (£800) of the property acquired by the Vestry of Shoreditch, for the purposes of an Improvement in Nile-street, such contribution not to exceed the sum of £400, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Acton Local Board of Health be informed that the Board are not prepared to agree to their suggestion that the Board should pay one-half of the cost of covering over the Stamford-brook Sewer, between the points A and B, as shown on the Plan accompanying their Letter.

3. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 18th May, 1886.

Your Committee have to report that, in accordance with the reference made to them on the 7th instant (No. 4), they have considered the Letter from the Vestry of Saint Pancras, requesting the Board to revoke their Order of the 12th February last, relating to the incorporation of Ascham-street with Dunollie-road, and to issue one in lieu thereof for the incorporation of Dunollie-road with Ascham-street, and the Memorial from Owners of property and householders in Dunollie-road, requesting that when the Letter from the Vestry of St. Pancras should be under consideration, due regard might be had to the Act regulating such Orders, and that, as the time for carrying out the Order had elapsed, it might not be renewed. The Memorialists state that the houses in both streets are at present properly numbered, and that neither of the names is in use elsewhere. The Order of the 12th February was made at the request of the Vestry, and your Committee see no reason for departing from it. They accordingly recommend—

That no alteration be made in the Order of the Board of the 12th February last, for the incorporation of Ascham-street with Dunollie-road, and that the Vestry of St. Pancras and the Memorialists be so informed.

Your Committee have also had under consideration the Letter from Mr. J. G. Hickson, transmitting a Memorial from the inhabitants of Chalcot-gardens, Hampstead, against the Order of the Board for the incorporation of Chalcot-gardens with England's-lane, referred by the Board on the 7th instant (No. 55). In February last an Order was issued for re-numbering the houses in England's-lane, and for incorporating Chalcot-gardens with that thoroughfare. The Order has been carried into effect, except so far as relates to Chalcot-gardens, and the Memorialists now ask that no further action may be taken in the matter. Your Committee, however, adhere to their opinion arrived at when the subject was first considered, and they recommend—

That no alteration be made in the Order of the Board of the 26th February last, for the

incorporation of Chalcot-gardens, Hampstead, with England's-lane, and that Mr. Hickson be so informed.

Your Committee have also to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATIONS.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
12th January, 1885.	Vestry of St. Pancras, for re-numbering the houses in various streets in the Parish.
2nd January, 1886.	Vestry of Islington, that the subsidiary names in Hornsey-rise may be abolished, and the houses re-numbered.
21st January, 1886.	Mr. E. Bennett, that Upper Barnsbury-street may be incorporated with Barnsbury-street, and the houses re-numbered.
8th April, 1886.	Vestry of Islington, that a name may be assigned to a street between Ashley-road and Warltersville-road, Hornsey-rise.

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the subsidiary names in Bowater-place, Old Dover-road, be abolished, and the houses re-numbered.

That the subsidiary names in Russell-place, Old Dover-road, be abolished, and the houses re-numbered.

That the houses in Bute-street, Kensington, be re-numbered.

That Farm-street, North Kensington, be re-named "Farmer-street, W."

That St. James'-street, North Kensington, be re-named "Jameson-street, W."

That Chapel-street, Great Portland-street, be re-named "Gildea-street, W."

That Charles-street, Portman-square, be re-named "King's-place, W."

That George-street, Langham-street, be re-named "Gosfield-street, W."

That George-yard, Upper George-street, St. Marylebone, be re-named "Allextion-yard, W."

That Market-street, Oxford-street, be re-named "Binstead-street, W."

That Union-yard, Oxford-street, be re-named "Tapnell-yard, W."

That York-street, Foley-street, St. Marylebone, be re-named "Candover-street, W."

That Duke's-terrace, Malden-road, St. Pancras, be incorporated with Rhyl-street, and the houses re-numbered.

That the houses in Howland-street, St. Pancras, be re-numbered.

That the houses in London-street, St. Pancras, be re-numbered.

That the houses in Phoenix-street, St. Pancras, be re-numbered.

That no alteration be made in the numbering of the houses in St. Paul's-road, Camdentown, and that the Vestry of St. Pancras be so informed.

That the subsidiary names in Hornsey-rise be abolished, and the houses re-numbered.

That Upper Barnsbury-street be incorporated with Barnsbury-street, and the houses in Upper Barnsbury-street re-numbered.

That the street by the side of St. Mary's Church, between Ashley-road and Warltersville-road, Hornsey-rise, be named "Highcroft-road, N."

All which your Committee beg to submit.

(Signed)

A. EWIN,
JOHN RUNTZ,
W. R. SELWAY,
WM. SHEPHERD,
FRANCIS H. FOWLER.

The Report having been read and received,

It was **moved** by Mr. Ewin, seconded by Mr. Ingoldby, and **resolved**—That no alteration be made in the Order of the Board of the 12th February last, for the incorporation of Ascham-street with Dunollie-road, and that the Vestry of St. Pancras and the Memorialists be so informed.

It was **moved** by Mr. Ewin, seconded by Mr. Ingoldby, and **resolved**—That no alteration be made in the Order of the Board of the 26th February last, for the incorporation of Chalcot-gardens, Hampstead, with England's-lane, and that Mr. Hickson be so informed.

The Report of the Building Act Committee of the 18th day of May, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

4. Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 25th May, 1886.

Your Committee have to report that they have had under consideration the question of the appointment of an additional Gas Examiner, rendered necessary by the provision of an additional Testing-place, in the District of the Gas Light and Coke Company, at No. 116, Lambeth-road. Your Committee have had before them four candidates whose fitness for the post had been practically tested and, having carefully considered their qualifications, your Committee recommend—

That Dr. Frank Litherland Teed be appointed as Gas Examiner at a salary of £100 per annum.

Your Committee have further to report that they have had under consideration an application from Mrs. Mary Moore, for registration under the Infant Life Protection Act. The necessary Certificate of character has been submitted by the applicant, and the accommodation provided is sufficient for the number of Infants proposed to be kept. Your Committee accordingly recommend—

That the application of Mrs. Mary Moore, for registration under the Infant Life

Protection Act, for the keeping of Infants at No. 37, Alson-road, Seven Sisters'-road, Islington, be granted, and that the Board do make a Bye-law fixing 3 as the number of Infants allowed to be kept.

Your Committee have also had under consideration an application for registration from Mrs. Emily Herring. They are of opinion that the accommodation provided is not such as is required for the health of the Infants, and they therefore recommend—

That the application of Mrs. Emily Herring, for registration for the keeping of 2 Infants at No. 74, Wells-street, Oxford-street, St. Marylebone, be not granted.

Your Committee have further to report that they have had under consideration an application from Messrs. Kingsford, Field and Co., for the renewal of their Petroleum License. The conditions of storage continue satisfactory and your Committee recommend—

That a License be granted to Messrs. Kingsford, Field and Co. for a period of 12 months from the 28th instant, to keep 6,500 gallons of Petroleum at their premises at Lombard-road, Battersea, in accordance with the terms of the draft License submitted.

Your Committee also submit a list of 72 applications for Licenses to keep Petroleum in small quantities, and recommend—

That in 54 cases Licenses be granted to keep quantities not exceeding 10 gallons at the places named, and in accordance with the conditions of License No. 91, that in 4 cases Licenses be granted to keep Petroleum in stores situated and constructed in accordance with License No. 90; and that in 14 cases special Licenses be granted to keep Petroleum, in the manner described in such Licenses.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
 GEORGE PHILLIPS,
 JOHN RUNTZ,
 F. M. WENBORN,
 W. J. WETENHALL.

The list of applications for Licenses to store Petroleum, submitted by the Committee, was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Dr. Frank Litherland Teed be, pursuant to the provisions of the Commercial Gas Act, 1875, of the Gas Light and Coke Company's Act, 1876, and of the South Metropolitan Gas Light and Coke Company's Act, 1876, appointed a Gas Examiner for the several Testing-places within the jurisdiction of the Board, of the Commercial Gas Company, of the Gas Light and Coke Company, and of the South Metropolitan Gas Company; that his salary be £100 per annum; that he be required to discharge personally the duties of his office; that he be subject to such control and supervision as to the Testings to be made, and the duties to be discharged, as the Board may from time to time direct; that his appointment do continue during the pleasure of the Board, and be subject to any alteration which may be made, either by Parliament or otherwise; and that he be not entitled to compensation in the event of the abolition or change of his office.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Mrs. Mary Moore be registered under the Infant Life Protection Act, for the keeping of Infants at No. 37, Alson-road, Seven Sisters'-road, Islington, and that the Board do hereby make a Bye-law fixing three as the number of Infants to be kept at such premises.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the application from Mrs. Emily Herring, for registration for the keeping of two Infants at No. 74, Wells-street, Oxford-street, St. Marylebone, be not granted.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That a License be granted to Messrs. Kingsford, Field and Co., for a period of twelve months from this date, to

keep 6,500 gallons of Petroleum at their premises at Lombard-road, Battersea, in accordance with the terms of the draft License now submitted.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the Seventy-two persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses; and the Seal was affixed accordingly.

5. Mr. Pocock, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE.

Spring-gardens, 25th May, 1886.

Your Committee have to report that they have examined the claims of 9 owners in respect of 34 animals slaughtered in consequence of having been affected with Pleuro-pneumonia, and that they have awarded sums amounting to £416 5s as compensation for such animals. The sum of £164 17s. 3d. has been received for the carcasses, hides, &c., of the animals, leaving the net cost to the Board, £251 7s. 9d.

Your Committee have further to report that they have examined the claims of 3 owners in respect of 37 swine slaughtered in consequence of having been affected with swine (typhoid) fever, and that they have awarded sums amounting to £30 4s. 3d. as compensation for such animals.

Statements of the amounts awarded have been forwarded to the Finance Committee for payment.

All which your Committee beg to submit.

(Signed) ALRED POCOCK,
GEORGE PHILLIPS,
JOHN RUNTZ,
F. M. WENBORN,
W. J. WETENHALL.

The Report having been read,

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Report be received.

6. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 25th May, 1886.

Your Solicitor has reported to your Committee that it is desirable that the Board should have the opportunity of suggesting amendments in the River Lee Purification Bill when it comes before the House of Lords, and your Committee accordingly recommend—

That a Petition be presented to the House of Lords against the Bill.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
GEORGE PHILLIPS,
JOHN RUNTZ,
DONALD MUNRO.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Petition be presented to the House of Lords against the Lee River Purification Bill.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

41. The Clerk presented a Letter from Mr. E. Crowe, Clerk to the Tottenham Local Board of Health, dated 25th May, 1886, stating that he was instructed by the Sanitary Committee of that Board to refer to the provision in the Lee River Purification Bill, which required a standard for the effluent water to be discharged from the Tottenham Sewage works into the Sewers of the Hackney District Board, and to state that, having regard to the requirements of the 105th Section of the Lee Conservancy Act of 1868, as to the treatment of the Tottenham Sewage, the Committee were anxious to adopt the best means for the treatment of the Sewage, so as to fulfil the conditions imposed by the Authorities, and that for that purpose they asked permission to consult with the Chemist of this Board on the subject.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the request be complied with, and that the Chemist be authorised accordingly.

42. The Clerk presented a Letter from Mr. T. W. Ratcliff, Clerk to the Limehouse District Board, dated 25th May, 1886, stating that complaint had been made to the District Board of the flooding of the premises No. 19, Turners-road, Limehouse; calling attention to the same, and reminding the Board that the Storm Relief Sewer was intended to prevent the recurrence of floodings in that road, as well as in other localities, and asking the Board to give their immediate attention to the matter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

43. The Clerk presented a Letter from Mr. J. Spencer, Clerk to the Greenwich District Board, dated 25th May, 1886, again asking the Board to introduce into one of their Bills to be brought into Parliament, a Clause to enable a portion of the Burial-ground of the Parish Church of St. Paul, Deptford, to be added to the adjoining highway of Church-street.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

44. The Clerk presented a Letter from Messrs. Vincent Brooks, Day and Son, dated 18th May, 1886, relative to the proposal of the proprietors of the Royal Music-hall, Holborn, to re-build the Hall, and to the probable risk they would incur, owing to the Hall not being separated from their premises, and asking the Board whether certain modifications in the Plans might not be made before granting a License for the Hall.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

45. The Clerk presented a copy Report of the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the several Metropolitan Water Companies during the month of April last.
46. The Clerk presented a Letter from Mr. W. Bristow, Clerk to the Vestry of Greenwich, dated 24th May, 1886, transmitting a copy of Resolutions passed at meetings of ratepayers in the several Wards of the Parish, urging the necessity for free means of transit between Greenwich and Millwall being provided as soon as possible.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

47. The Clerk presented a Letter from Mr. W. B. Wilmot, Clerk to the Guardians of Lambeth, dated 26th May, 1886, calling attention to flooding of the basement of the Lambeth Infirmary, in Brook-street, Kennington, whenever there was an unusual rainfall, and asking the Board to adopt such measures as would remove the cause of complaint.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

48. The Clerk presented a Letter, as follows—

The Vestry of the Parish of Chelsea.

Vestry-hall, King's-road, S.W.,
26th May, 1888.

DEAR SIR,—I am directed by this Vestry to make application to your Board for sanction to borrow the sum of £3,000 for the purpose of paving with wood the road-way of Oakley-street, in this Parish, and, in the event of your Board granting such permission, I am further to ask them to advance the Vestry a Loan to the amount, and for the purpose named, the Loan to be re-paid by equal annual instalments covering Six years.

I append copy of our Surveyor's Estimate for the work.

I am, &c.,
(Signed) J. EISELL SALWAY,
pp. J. Holland,
Vestry Clerk.

The Clerk,
Metropolitan Board of Works,
Spring-gardens.

- 71. HAMPSTEAD.**—Read a Report by the Superintending Architect, dated 25th May, 1886, on a Letter from Mr. A. Peebles, District Surveyor, relative to the alleged irregular erection of a temporary wooden Theatre, on ground in Cressy-road.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

- 72. KENSINGTON.**—Read a Report by the Superintending Architect, dated 28th May, 1886, submitting a Letter from the Vestry of Kensington, stating in reply to his Letter of 23rd March last, that they were of opinion that it was not advisable for them to take any further action with reference to the erection of a workshop in Allen-street, at the rear of No. 7, Bath-place, High-road.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee.

- 73. GREENWICH.**—Read a Report by the Superintending Architect, dated 25th May, 1886, on the application of Mr. G. T. Wood, for approval by the Board of a Plan for the construction of wood and tile hoods to the front entrances of two houses in Mycenæ-road, Westcombe-park.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, on condition that the whole of the work be executed to the satisfaction of the District Surveyor.

- 74. WANDSWORTH.**—Read a Report by the Superintending Architect, dated 27th May, 1886, on the application of Mr. W. H. Andrews, on behalf of the London Tramways Company (Limited), for approval by the Board of a Plan for the construction of a chimney-shaft at the rear of No. 93, High-street, Clapham.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application be granted, upon condition that the foundation of the proposed shaft be made in accordance with the provisions of the Building Act, 1855, and to the satisfaction of the District Surveyor, according to law, and that the superstructure be also erected to his satisfaction.

- 75. WOOLWICH.**—Read a Report by the Superintending Architect, dated 26th May, 1886, on the application of Mr. A. Conder, District Surveyor, for the appointment by the Board of Fees for special services performed by him in certifying for the removal of two chimney-breasts in the party-wall of the “Pier” Tavern, No. 103, High-street, and a chimney-breast in the party-wall of No. 108, High-street.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the District Surveyor be authorised to demand and receive a Fee of Twenty shillings in respect of the special service at No. 103, High-street, and a Fee of Ten shillings for the service at No. 108, High-street.

1. The Minutes of the Meetings of the Board, held on the 28th May last, were approved, and were signed by the Chairman, and by two other Members of the Board present at such Meetings respectively.
2. The Chairman stated that the new Bridge, built by the Board to connect Putney and Fulham, had been opened on Saturday last, the 29th May, by their Royal Highnesses the Prince and Princess of Wales.

The Chairman laid before the Board a Programme of the arrangements made on the occasion, together with a copy of the Address presented to the Prince and Princess of Wales, and of his Royal Highnesses' reply thereto.

It was *moved* by Mr. Fowler, seconded by Mr. Freeman, and *resolved*—That the Address, and the reply thereto, be entered on the Minutes; and they are entered accordingly—

To their Royal Highnesses the Prince and Princess of Wales.

MAY IT PLEASE YOUR ROYAL HIGHNESSES—

We, the Chairman and Members of the Metropolitan Board of Works, beg leave to offer to your Royal Highnesses a hearty and respectful welcome on the occasion of your second visit to the new Bridge over the Thames at Putney.

The first visit of your Royal Highnesses was in July, 1884, rather less than two years ago, when you were graciously pleased, at the request of the Board, to lay a Memorial stone of the structure that was then in progress, and which is now a completed work. Your Royal Highnesses are asked on the present occasion to declare the new Bridge open for the use of the public.

The old wooden Bridge of Putney, which your Royal Highnesses now see, possibly for the last time, and which is a picturesque relic of an age when Putney was a village comparatively remote from London, had, as may easily be perceived, become inadequate for the needs of the present day, when Putney and Fulham are populous London suburbs. It was, moreover, found, after the Bridge came under the control of the Board, that, owing to the age of the structure, it was in a weak and decaying state, and that the building of a new Bridge was a matter of absolute necessity. The removal of the old Bridge will be proceeded with immediately after the opening of the new one—a structure adapted, we hope, to serve the requirements of the public for centuries to come, and entitled to be regarded not only as a work of public utility and convenience, but as an architectural embellishment of this part of our Metropolitan River.

We thank your Royal Highnesses for your presence on this occasion. We recognise in it a further token of the interest you have so often been pleased to manifest in the Board's undertakings, and of your readiness at all times to give your countenance and support to those who are engaged in the service of their fellow-citizens.

Signed on behalf of the Metropolitan Board of Works,

J. MCGAREL-HOGG,

29th May, 1886.

Chairman of the Board.

SIR JAMES MCGAREL-HOGG AND GENTLEMEN,—The Princess of Wales unites with me in thanking you most sincerely for your Address of Welcome on the occasion of our second visit to this part of the Metropolitan District, and I may add that it gave us much pleasure to be able to fix the date for the performance of this afternoon's ceremony on the day upon which the Queen's Birthday is officially celebrated.

Having laid the Memorial-stone of this important undertaking, we have been greatly interested in its progress, and now rejoice to open a Bridge which may be justly regarded not only as a work of considerable utility, but as an architectural embellishment of our beautiful River.

We trust that the new Bridge may meet the requirements of the public, and that it may adequately supply the want which has long been felt of a proper means of communication between the vast and ever increasing populations of Fulham and Putney.

I desire to express to you, on behalf of the Princess and myself, our warm acknowledgments for the kind terms in which you allude to our presence here to-day, and to assure you that it will ever be our earnest wish to afford every encouragement in our power to the energetic and praiseworthy efforts of the Metropolitan Board of Works to promote the interests and the prosperity of the inhabitants of this great city.

3. The Chairman laid before the Board a copy of the second Report made by the Select Committee of the House of Commons on the ventilation of that House, and stated that, amongst other points, it referred to the ventilation of the Board's Northern Low Level Sewer, and that last evening he had been questioned in the House on the subject, and that he thought it desirable that the Report and the question as to the ventilation of the Low Level Sewer should be referred to the Works and General Purposes Committee, for consideration, and that the Engineer should report to the Committee thereon.

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That the suggestion made by the Chairman be acted upon; that a reference be made to the Works and General Purposes Committee, and the Engineer accordingly, and that the Committee be authorised to act upon any Resolution at which they may arrive with regard to the subject.

4. A Deputation from the Hackney District Board, introduced by Mr. Runtz, and consisting of the following gentlemen, viz.:—Mr. W. Eve, Mr. G. Cable, Mr. W. Askew, Mr. A. Wentzell, Mr. W. Davis, Mr. W. Whiter, Mr. G. Rumney, Mr. C. Geary, Mr. F. Shorter, Mr. T. J. Harris, Mr. C. J. S. Shaw, Mr. J. Hart, Mr. Spenser, Mr. C. Atkinson, Mr. George, Mr. E. Fradd, Mr. Dabbs, Mr. Branscombe, Mr. Tiddeman, Mr. T. Green, and Mr. E. W. Humberstone, accompanied by Mr. R. Ellis, the Clerk, Mr. F. Pursey, the Assistant Clerk, and Mr. Lovegrove, the Surveyor to the District Board, attended, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works, Spring-gardens.

The Memorial of the Board of Works for the Hackney District.

SHEWETH—

That on the 27th July, 1883, your Memorialists forwarded a Letter and Plan to your Honourable Board setting forth a proposed new road between Mare-street, Hackney, and High-street, Homerton, viz.—

Town-hall, Hackney,
27th July, 1883.

DEAR SIR,—The Board of Works for the Hackney District have for some time past been in negotiation with the North Metropolitan Tramways Company, for the purpose of acquiring a piece of land for forming a road leading out of Mare-street, Hackney, to Homerton.

The Tramway Company are erecting car sheds and stables on the field adjoining the Hackney Churchyard, known as Churchfield, forming a portion of the Ryder Estate, and approached by a narrow turning called Bohemia-place, immediately opposite that part of Mare-street recently widened by the Metropolitan Board of Works, such land being coloured Blue on the accompanying Plans.

Upon reference to these Plans it will be seen that the present means of communication between Mare-street and Homerton are very limited and a great desire expressed by the public to have the means of access improved.

The construction of the Bridge for vehicular traffic across the River Lee, at Temple-mills, will form a direct communication between Homerton and the Parishes of Stratford, Bow, West Ham and Leyton, and consequently will import a considerable amount of traffic into Hackney, inasmuch as it will save several miles in travelling from the East to the North and North-Eastern portions of the Metropolis. The West-end of High-street, Homerton, is both narrow and winding, and would tend to create serious obstruction and danger to the public in the event of an increase of vehicular traffic.

The portion of the Plan coloured Pink, commencing at a point marked A at Mare-street and terminating at a point marked B at High-street, Homerton, is the site of the new road proposed by the Board and which would form a direct communication, not only between Mare-street and Homerton, but between the East and North-East parts of London a want which has long been felt by the public.

The Board have already succeeded in securing from the North Metropolitan Tramways Company, the portion of land coloured dark Pink on the Plan, at the same price *pro rata* as the Company paid for the rest of the land, and have entered into a provisional Agreement with the Company to purchase such land in the event of the Metropolitan Board of Works approving the proposed improvement. They are also in negotiation with the Owners of the adjoining property.

You will also see by reference to the Plan that a great portion of the line of the proposed road is through garden-ground which is a great consideration in respect of the cost of carrying out the improvement.

My Board, having regard to the opportunity now offering, beg to place the whole matter before the Metropolitan Board of Works with a view to their taking up the same as a Metropolitan Improvement as they feel sure that if it were carried out it

4 June, 1886.

would become a great boon to the public generally. They therefore beg to request that your Board will include this in this year's general list.

In the meantime, my Board will continue their negotiations, in order that no time shall be lost in obtaining the estimate of the cost thereof.

Clerk,

Metropolitan Board of Works,
Spring-gardens, S.W.

I am, dear Sir, yours faithfully,

RICHARD ELLIS,
Clerk.

That your Honourable Board having considered the application of your Memorialists to carry out this work as a Metropolitan Improvement, replied on the 7th November, 1883, that, having visited the locality, the Board were unable to regard the improvement as one which should be carried out at the expense of the Metropolis at large, but were prepared to consider favourably any application your Memorialists might make upon the basis of a Local Improvement.

That since this application was under the consideration of your Honourable Board, now nearly three years ago, Homerton, and the surrounding neighbourhood have grown to a very considerable extent, and the enormous increase of traffic consequent upon the construction of Temple Mills Bridge, and other improvements has rendered the approaches to Homerton very inconvenient and dangerous.

That, according to a return made by the representatives of the Homerton District of Hackney, it appears that upwards of 1,000 vehicles pass through the narrow entrances to this thoroughfare daily, and accidents are of frequent and common occurrence.

That, with the assistance of your Honourable Board, your Memorialists are now forming a new road across the South Mill-field, which will form a direct line of communication between Homerton and Lee-bridge-road, and upon this road being completed it is fully anticipated that the vehicular traffic passing through Homerton will be at least doubled, and that a more direct and commodious thoroughfare into Hackney is absolutely necessary.

That, referring to the former correspondence of your Memorialists, the circumstances of the negotiations with the Owners for the necessary land are scarcely, if at all, altered; but unless the work is speedily carried out, there is every probability of alterations taking place which will render the acquisition of the land more difficult and expensive.

That in the Homerton District, including the immediate neighbourhood of Clapton-park and Hackney-wick, there are about 9,000 houses, representing a population of about 54,000.

That the proposed new road would form a connecting link between this and the surrounding populous Districts, and establish a direct means of communication between Hackney and the North-East of London and Bow, Stratford, West Ham, &c.

That many representations have been made by the inhabitants of the urgency of the improvements.

Your Memorialists therefore pray your Honourable Board to re-consider the matter, having regard to the increased and increasing growth of the neighbourhood, the improvements which have already been and are now being carried out, the consequent increase of the traffic, and the unanimous desire of the inhabitants, and to take the necessary steps for including this work in the next list of Metropolitan Improvements in accordance with the Plan accompanying this Memorial.

And your Memorialists will ever pray, &c.

(Signed)

GEO. CABLE,

Chairman.

The Deputation having been heard in support of the Memorial,

It was moved by Mr. Runtz, seconded by Mr. Cox, and resolved—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

A Deputation from ratepayers of the Wards of Hackney and Homerton, introduced by Mr. Cox, and consisting of the following gentlemen, viz.—Mr. Heward, Mr. C. Schnepf, Mr. C. Curtis, Mr. H. Neale, Mr. G. Hockett, Mr. W. Archer, Mr. G. Beck,

Mr. M. Mardell, Mr. J. Bond, Mr. J. Thompson, Mr. J. Corder, Mr. E. Fradd, Mr. J. Wright, Mr. E. W. H. Humberstone, Mr. S. M. Brown, Mr. W. Howe, Mr. G. Moore, Mr. W. Silk, Mr. J. Tanner, Mr. J. Corfe, Mr. W. Unstead, Mr. T. Worledge, Mr. J. Capon, Mr. T. Goodman, Mr. W. Sagg, Mr. Brett, and Mr. W. Walters, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of inhabitant ratepayers of the Wards of Hackney and Homerton, in the Parish of Saint John, at Hackney,

SHEWETH—

That your Memorialists, resident in the Parish of Hackney, within the jurisdiction of the Board of Works for the Hackney District, have at all times as Ratepayers contributed their share to the financial operations of the District, which have included payments to your Honourable Board for carrying out your onerous duties in the government of the Metropolis.

That since the passing of the Metropolis Local Management Act, the population, number of houses, and the ratable value of Hackney—particularly the Wards of Hackney and Homerton, have increased enormously, and the condition of things which was suitable thirty years ago is not in any way equal to the requirements of the present time.

That the Ward of Homerton, in the year 1856, was almost a village, used chiefly for private residences, and now it has a population of 22,000, and a ratable value of £90,000. That during the last twelve years there has been a desire for improved means of egress and ingress to other parts of the Parish, as at present there is no convenient route from Homerton to Mare-street, Dalston, &c. This is felt all the more severely in consequence of the traffic from Stratford, Leyton and other Eastern parts of the Metropolis, having increased very considerably, there being upwards of a thousand vehicles passing daily through the High-street.

That the High-street is in many respects dangerous, the North end being only fourteen feet wide, and, consequently with so much traffic, there are frequent obstructions. The only other way of leaving this street is by Bridge-street, in which there is a hill with a steep gradient, that has often been the cause of serious and sometimes fatal accidents. In addition to these inconveniences, the present route to Hackney is most circuitous.

That about two years ago the District Board entertained for a time the proposition to acquire land near the North Metropolitan Tramway Company's stables in Mare-street, for making a more direct road to Homerton, and Plans and Estimates were prepared, and your Memorialists had hoped that the scheme would have been carried out, but circumstances which have recently transpired, point conclusively to the abandonment of the contemplated road.

Your Memorialists therefore humbly and respectfully approach your Honourable Board, and pray, as this is a matter of vital importance to the locality, that it may receive your most favourable consideration; and should it appear in your wisdom that the formation of the desired road could not be undertaken as a Metropolitan Improvement, your Memorialists further pray that your Honourable Board would contribute such proportion of the costs as may be equitable, and otherwise assist the District Board of Works to carry out, under your direction, this much-needed Improvement.

And your Memorialists will ever pray.

(Signed) F. R. BLATCH,

Vicar of Homerton,

And 3 others.

The Deputation having been heard in support of the Memorial,

It was moved by Mr. Cox, seconded by Captain Wenborn, and resolved—That the Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the foregoing reference.

5. A Deputation from the Greenwich District Board, introduced by Mr. Andrews, and consisting of the following gentlemen, viz.—Mr. W. J. Newell, Mr. H. J. Oldman, Mr. J. W. Schweur, Mr. E. J. Brennar, Mr. A. Clifford, Mr. J. Anderson, and Mr. J. A.

Webster, accompanied by Mr. J. Spencer, the Clerk to the District Board, attended the Board, and presented a Memorial, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Board of Works for the Greenwich District,

SHEWETH, AS FOLLOWS—

Blackhorse Bridge, in the District of your Memorialists, carries the Deptford-lower-road across the Grand Surrey Canal.

During recent years the traffic along the Deptford-lower-road and over Blackhorse Bridge has enormously increased, owing partly to the general increase of the traffic of the Metropolis, partly to the increased facilities afforded for conveniently using this line of thoroughfare by the improvements your Honourable Board has made in the Bridge across Deptford-creek, and in the approaches to the Lower-road from London Bridge, and partly to the large business carried on at the Cattle Market at Deptford. Such traffic is mainly through traffic between London Bridge and the City and other parts of the Metropolis.

Blackhorse Bridge is only 25 feet 2 inches in width, out of which more than 6 feet are taken up by foot-ways, and the gradient is as steep as 1 in 15, causing danger to the public, delay and difficulty in traffic, and suffering to horses. The approaches to the Bridge are steep, narrow and inconvenient, and require to be widened and improved.

Your Memorialists have had the traffic over Blackhorse Bridge taken, with this result :— During four days there was an average traffic between 6 a.m. and 6 p.m. of 2,033 vehicles, and between 6 p.m. and 6 a.m. of 713 vehicles, and during the hours of 5 p.m. and 6 p.m. on the 10th of May, 1886, the numbers reached 264 vehicles.

An improvement in Blackhorse Bridge and the approaches to it on both sides is as urgently needed to provide for the wants of the Metropolis as were the improvements in the approaches to the same line of thoroughfare, made by widening Tooley-street, Free-school-street, Thornton-street and Dockhead, Improvements to the cost of which the District of your Memorialists contributed, in common with the rest of the Metropolis. The Lower-road is one of the principal lines of communication between the City and Woolwich and Plumstead, and an improvement in it which would have the effect of increasing the facilities for traffic upon it would be of great advantage to the whole of the Metropolis.

Your Memorialists therefore pray that your Honourable Board will be pleased to widen and improve Blackhorse Bridge, and the approaches thereto, as a Metropolitan Improvement.

Sealed at, and in pursuance of a Resolution of the Board of Works for the Greenwich District, passed at a Meeting of the said Board, held on the 12th day of May, 1886.

(Signed) J. SPENCER,
Clerk of the Board.

L. S.

The Deputation, addressed the Board in support of the Memorial.

A Deputation introduced by Mr. Fowler, in the absence of Mr. Tolhurst, and consisting of the following gentlemen, viz.—Mr. J. Down, Mr. J. Bulmer, Mr. S. Chafen, and Mr. F. J. Bisley, accompanied by Mr. James J. Stokes, the Clerk to the Vestry, attended the Board, and presented a Memorial, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Rotherhithe, in the County of Surrey, under their Common Seal,

SHEWETH,—

That in the month of October, 1885, a Memorial numerously signed by ratepayers of this Parish, was presented to your Memorialists, praying that immediate steps be taken for effecting a much-needed Improvement at the "Royal Oak" corner in the Deptford Lower-road, by setting back the "Royal Oak" Public-house and two or three of the adjoining houses there, and such Memorial was forwarded to your Honourable Board on the 9th of October, 1885.

That your Honourable Board having taken such Memorial into consideration and viewed the *locus in quo*, came to the conclusion that, although the setting back of the buildings referred to would doubtless be an improvement, the advantages of it would be purely local and should be undertaken by the Vestry, and not by your Honourable Board, at the cost of the Metropolis at large.

That your Memorialists desire to call the attention of your Honourable Board especially to the fact that the Deptford Lower-road is the main highway from London to the Metropolitan Meat Market at Deptford, and the Surrey Commercial Docks, and other extensive premises to and from which a vast stream of traffic is constantly flowing, amounting, as appears by a Return your Memorialists have had taken, to upwards of 3,000 vehicles per day, comprising vehicles of all descriptions, but more particularly heavy timber carriages, meat vans, the tram cars.

That owing to the sharp curve and the difficulty the traffic has at times of clearing this corner, serious accidents are occurring there every day through horses falling, &c.

That the above facts in the opinion of your Memorialists are conclusive as to the benefit which will result to the public at large by the suggested alteration being carried out, the traffic along this road-way not being of a local character at all, but forming some of the most important traffic of the whole of London.

That in order to complete the Improvement contemplated by the Streets Improvement Acts of 1877 and 1882, and to render the same perfect, and also to open a direct communication between London Bridge and Woolwich it is necessary that the road-way at the "Royal Oak" as well as at the Blackhorse Bridge, Deptford, should be widened, the latter being a most inconvenient and dangerous place and quite unsuited to the needs of the present day.

Your Memorialists, therefore, humbly pray that your Honourable Board will be pleased to re-consider the determination expressed in the Letter received by your Memorialists on the 2nd December, 1885, and that you will carry out the alterations at the "Royal Oak," Deptford Lower-road, and Blackhorse Bridge, Deptford, as Metropolitan Improvements, at the cost of the Metropolis at large.

And your Memorialists will ever pray, &c.

Sealed by Order of the said Vestry of the Parish of Rotherhithe, this 3rd day of June, 1886.

(Signed) JAMES J. STOKES,
Clerk to the Vestry.

L.S.

The Deputation addressed the Board in support of the Memorial,

It was ~~moved~~ by Mr. Andrews, seconded by Mr. Fowler, and ~~resolved~~—That the foregoing Memorials be referred to the Works and General Purposes Committee, for consideration and report.

6. A Deputation from the Vestry of Chelsea, introduced by Mr. Mossop, and consisting of the following gentlemen, viz.—Mr. G. W. Osborn, Mr. W. Davidge, Mr. W. Lawrence, Mr. Churchwarden Wheeler, and Mr. H. Young, accompanied by Mr. G. R. Strachan, the Surveyor to the Vestry attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Memorial of the Vestry of the Parish of Chelsea,

SHEWETH—

That your Memorialists have assented to the terms of an Order, entitled "The Chelsea Electric Lighting Order, 1886," which is being promoted in the present Session of Parliament, and which is now before the Board of Trade.

That the Order so assented to contained a Clause protecting the works of your Honourable Board from any of the works constructed under the powers of the Order.

That the Board of Trade has struck out this Clause, and has inserted powers in the Order whereby the consent of your Honourable Board is made necessary to the execution of works under the Order in all of the streets of Chelsea, whether the works of your Honourable Board are affected thereby or not.

That the Order is confined to the Parish of Chelsea exclusively.

That the powers sought to be given to your Honourable Board are in opposition to the powers now exercised by your Memorialists under the Metropolis Management Acts, by which they are made the authority for dealing with works in the streets of their District which are, of a local character.

That your Memorialists view with jealousy any attempt to interfere with their local rights and are of opinion that the concurrent powers sought to be given will cause delay, unnecessary expense, and friction, and will thereby materially interfere with the local development of the enterprise of Electric Lighting, and can serve no useful purpose.

That your Memorialists are ready to assist your Honourable Board to obtain the most ample powers under the Order, in cases where Bridges, Footpaths, or any works belonging to your Honourable Board may be affected by works to be executed under the Order.

Your Memorialists therefore pray that your Honourable Board will see fit to inform the Board of Trade that, while requiring powers over works to be executed under the terms of the proposed Order which affect Bridges, Footpaths, or any works belonging to your Honourable Board in the Parish of Chelsea, your Honourable Board does not wish for powers over works in the streets of Chelsea where the works belonging to your Honourable Board are not affected thereby.

And your Memorialists will ever pray.

Dated this 4th day of June, 1886.

(Signed) GEO. WM. OSBORN,
Elected Chairman of the Vestry of the Parish of Chelsea.

The Deputation was heard in support of the Memorial.

It was *moved* by Mr. Mossop, seconded by Mr. Phillips, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

Your Committee have consulted your Engineer, and now beg to recommend—

That a License be granted to Mr. Ellwood to build over the Sewer, and that the form of License submitted herewith be sealed.

Your Committee have further to report that they have considered the application of the Vestry of Kensington, referred by the Board on the 11th December last (No. 25), for a contribution towards the cost, £2,500, of an Improvement proposed to be effected by the acquisition of the premises Nos. 31 and 32, Silver-street, for the purpose of widening that street at its entrance from High-street, Notting-hill. Your Committee have viewed the locality, and are of opinion that the Improvement is a desirable one. They have also ascertained from your Superintending Architect that he considers the cost fair and reasonable, and they recommend—

That the Board do contribute one-half of the net cost of the Improvement, such contribution not to exceed the sum of £1,250, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in

this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have also considered the application of the Vestry of Kensington, referred on the 11th December last (No. 25), for a contribution towards the cost, £1,288, of a proposed Improvement by the widening of St. Ann's-road. Your Committee have taken an opportunity of viewing the locality, and are satisfied that the Improvement is one of a useful character. They recommend—

That the Board do contribute one-half of the net cost, such contribution not to exceed the sum of £644, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have further to report that they have considered the Letter from the New River Company, referred by the Board on the 7th instant (No. 43), stating that they were about to lay pipes for a constant supply of Water on a new building Estate called the Agincourt-park Estate, at Hampstead, as shown on the Plan accompanying the Letter, and asking the Board, as the Fire Hydrants could be more economically fixed during the progress of pipe laying, to indicate the number and position of the requisite Hydrants. Your Committee, having had before them a Report by your Engineer and the Chief Officer of the Fire Brigade, have now to recommend—

That the Company be required to fix 21 Hydrants at the spots marked by Red crosses on the Plan submitted herewith; the Hydrants to be sluice-valve Hydrants, with $2\frac{1}{4}$ inches delivery in the clear, fitted with Mr. W. L. Baker's improved self-acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by $9\frac{1}{2}$ inches wide, attached to the box with $\frac{1}{4}$ -inch chain; the cost of the Hydrants and service box complete, but exclusive of attachment and cost of fixing, not to exceed £2 12s. 6d. each.

Your Committee have also considered the Letter from the New River Company, referred by the Board on the 7th instant (No. 44), stating that they were about to introduce the system of constant Water supply in certain parts of the Parish of St. Pancras, as described in the Notice presented to the Board, and asking the Board, as it would be desirable for the sake of economy to fix the necessary Fire Hydrants at the same time, to inform the Company, at an early date, the number and positions of the Hydrants they desired should be fixed. Your Committee, as in the foregoing case, have received a Report from your Engineer and the Chief Officer of the Fire Brigade, and they recommend—

That the Company be required to fix 360 Hydrants at the places indicated by Red crosses on the Plan submitted herewith; the Hydrants to be sluice-valve Hydrants with $2\frac{1}{4}$ inches delivery in the clear, fitted with Mr. W. L. Baker's improved self-acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by $9\frac{1}{2}$ inches wide, attached to the box with $\frac{1}{4}$ -inch chain; the cost of the Hydrants and service box complete, but exclusive of attachment and cost of fixing, not to exceed £2 12s. 6d. each.

Your Committee also recommend—

That the Company be requested, when the remaining land in the district shall be built upon, to inform the Board when new mains are laid down in order that the Board may give instructions as to the number and position of Hydrants to be supplied.

Your Committee have had before them the Letter, referred by the Board on the 14th May (No. 52) from Mr. F. Wallen, relative to the neglected state of the garden in the Crescent in Euston-street, St. Pancras, and suggesting that it should be dealt with under the provisions of the Gardens in Towns Protection Act, 1863. Your Committee have given careful attention to the suggestion, but under all the circumstances they are not prepared to advise the Board to adopt it, and they recommend—

That Mr. Wallen be informed that the Board, having given due consideration to the suggestion, are not prepared to take action in the matter.

Your Committee, in compliance with the reference by the Board of Friday last (No. 6), have considered the Tenders for the supply of from 2,500 to 3,000 tons of Manganate of Soda and 1,000 tons of Sulphuric Acid for deodorising purposes. Having received a Report, from your Engineer, your Accountant and your Chemist, they have now to report for the information of the Board, that, for Manganate of Soda, they have accepted the offer of Messrs. Tennant and Co., of 2,500 tons in a granulated condition, instead of finely ground, at £9 17s. 6d. per ton; the offer of Messrs. Christopherson of 250 tons according to specification, at £10 per ton; and the offers of Messrs. Sadler and Co. and Messrs. Middleton and Co. of 50 tons each, at the price of the lowest Tender. Your Committee have also accepted, subject to the usual enquiries, the Tender of Messrs. F. W. Berk and Co. for Sulphuric Acid, at £1 13s. 4½d. per ton.

The Board, on the 11th December last (No. 4), upon the recommendation of your Committee, authorised your Chemist to retain, for a further period of Six months, the Clerk whom he was originally authorised, on the 5th June, 1885 (No. 6), to employ. Your Chemist has stated to your Committee that the necessity for the assistance still continues, and your Committee therefore recommend—

That he be authorised to retain the Assistant for a further period of Six months from the 8th June next.

All which your Committee beg to submit.

The Plans and License submitted with the Report were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque be now drawn, as follows—

General Working Account.

Re Cuthbert (Queen Victoria-street)—(1606)—

Meredith, Roberts and Mills—

Costs of application for payment out of Court of moiety of fund ... £29 4 11

And a Cheque was drawn accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Seal of the Board be affixed to the License, in triplicate, now submitted, to Mr. George Ellwood, to build over the Board's Putney to Clapham Relief Sewer, passing through his property at the Plain, Wandsworth; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Board do contribute one-half of the net cost (£2,500) of an Improvement proposed to be effected by the Vestry of Kensington, at Nos. 31 and 32, Silver-street, such contribution not to exceed the sum of £1,250, and to be paid to the Vestry on a Certificate, by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted,

or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Board do contribute one-half of the net cost (£1,288) of an Improvement proposed to be effected by the Vestry of Kensington, by the widening of St. Ann's-road, such contribution not to exceed the sum of £644, and to be paid to the Vestry on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the New River Company be required to fix on the Agincourt Park Estate, at Hampstead, 21 Hydrants at the spots marked by Red crosses on the Plan now submitted; the Hydrants to be sluice-valve Hydrants with 2½ inches delivery in the clear, fitted with Mr. W. L. Baker's improved self-acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by 9½ inches wide, attached to the box with ¼-inch chain; the cost of the Hydrants and service box complete, but exclusive of attachment and cost of fixing, not to exceed £2 12s. 6d. each.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the New River Company be required to fix in certain parts of the Parish of St Pancras, as described in their Letter to the Board, 360 Hydrants at the places indicated by Red crosses on the Plan now submitted; the Hydrants to be sluice-valve Hydrants with 2½ inches delivery in the clear, fitted with Mr. W. L. Baker's improved self-acting frost-cock, and furnished with service box, all in accordance with the pattern adopted by the Board; the Hydrant box cover to be not less than 21 inches long by 9½ inches wide, attached to the box with ¼-inch chain; the cost of the Hydrants and service box complete, but exclusive of attachment and cost of fixing, not to exceed £2 12s. 6d. each; and that the Company be requested, when the remaining land in the district shall be built upon, to inform the Board when new mains are laid down, in order that the Board may give instructions as to the number and position of Hydrants to be supplied.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. F. Wallen be informed, in reply to his Letter, suggesting that the garden in the Crescent in Euston-street, St. Pancras, should be dealt with under the provisions of the Gardens in Towns Protection Act, 1863, that the Board, having given due consideration to his suggestion, are not prepared to take any action with respect thereto.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the course taken by the Committee with reference to the Tenders for Manganate of Soda and Sulphuric Acid be approved and confirmed, and that the Solicitor do prepare the necessary Contracts.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chemist be authorised to retain the Assistant, who has been employed for the past Twelve months in his Department, for a further period of Six months from the 8th instant.

10. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

REPORT OF THE WORKS AND GENERAL PURPOSES COMMITTEE.

Spring-gardens, 4th June, 1886.

Your Committee have to report that they have proceeded upon the Resolution of the Board of the 28th ultimo (No. 3), referring to them the Memorial from inhabitants of the neighbourhood of Tooting-beck-common, praying the Board to purchase a portion of the land adjoining that Common (with the belt of trees) now in the occupation of Mr. Brand, for the use of the public as Common land for ever, with authority

to your Committee, should they consider it desirable to do so, to enter into negotiations on the subject with the persons interested in the land referred to in the Memorial. Your Superintending Architect, by direction of your Committee, has been in communication with the representatives of the owner of the land, and has reported to your Committee that he has been unable to obtain any idea of price. Under these circumstances your Committee beg to recommend—

That the Memorialists be informed that the Board have endeavoured to negotiate with the persons interested in the land, but have been unable to ascertain the terms upon which they are prepared to dispose of it.

All which your Committee beg to submit.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded by Mr. Shepherd, and *resolved*—That the Report be approved, and that a communication in accordance therewith be sent to the Memorialists.

11. Mr. Phillips, in the absence of Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 1st June, 1886.

Your Committee have considered the Letter from the Vestry of St. James, Westminster, referred by the Board on Friday last (No. 10), asking whether the Board would allow the fire Hydrants in the Parish of St. James to be used for filling the carts used for street watering. The Hydrants are provided by the Water Companies at the request and at the expense of the Board, in accordance with the requirements of the Metropolis Water Act, 1871, and it appears to your Committee inexpedient that they should be used for any other purpose than that for which they are intended, namely, the extinction of fire. It is of great importance that the Hydrants should always be in good order, and ready for immediate use when a fire occurs, and there would certainly be some risk of their getting out of order if they were allowed to be used by the men employed by the Local Authorities to water the streets. Your Committee recommend—

That the Vestry be informed that the Board is unable to allow the use of the fire Hydrants for the purpose referred to in the Letter from the Vestry.

Your Committee have to report that Third-Class Fireman A. A. Whitaker, and Fourth-Class Firemen A. M. Houpt and J. G. Edwards, have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Your Committee have to submit the following recommendations—

That the following promotions be made, viz.—First-class Fireman William Butchart to the rank of Engineer; Second-class Fireman James Leach to the First Class; Third-class Fireman John J. Donovan to the Second Class; and Fourth-class Firemen Alfred Salmon, George Read, and John Wickson to the Third Class.

That Frank Whiteman, Lawrence Hamilton, Albert W. Agate, and Charles J. Stanley be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

All which your Committee beg to submit.

GEORGE PHILLIPS,
GEO. EDWARDS,
W. J. WETENHALL.

The Report having been read and received,

It was *moved* by Mr. Phillips, and seconded—That the Vestry of St. James, Westminster, be informed that the Board do not consider it expedient that the fire Hydrants should be used by the workmen employed by the Vestry for the purpose of filling the street water-carts.

After discussion, the *motion* was put to the vote, when there were for it 10, against it 1, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Phillips, seconded, and *resolved*—That the following promotions be made, viz.—First-class Fireman William Butchart to the rank of Engineer; Second-class Fireman James Leach to the First Class; Third-class Fireman John J. Donovan to the Second Class; and Fourth-class Firemen Alfred Salmon, George Read, and John Wickson to the Third Class.

It was *moved* by Mr. Phillips, seconded, and *resolved*—That Frank Whiteman, Lawrence Hamilton, Albert W. Agate, and Charles J. Stanley be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

12. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 1st June, 1886.

On the 5th March last (No. 13), the Board directed that a draft Notice containing Eight Requisitions with respect to the structural defects of the Baring Music-hall, No. 53, Baring-street, New North-road, Shoreditch, should be prepared and transmitted to the Owner; that direction was complied with on the 18th of that month, but the Owner has not availed himself of the opportunity afforded him to submit any observations upon the Board's Requisitions, nor has he attended your Committee to confer with them on the subject. It appears undesirable to permit any further delay in dealing with this place of public entertainment, and your Committee are therefore of opinion that a sealed Notice, containing the following Requisitions, being the same as those contained in the draft Notice, should be served upon the Owner—

1.—That a new staircase be constructed to the Hall at the North-East angle of the premises on the site of the open yard next Baring-street, with a lobby and a door-way at the foot of such staircase, opening directly into the street; that such staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the door-way in the East wall of the Hall leading to the present staircase be stopped up with brick work, 9 inches thick.

3.—That the floor of the Hall be rendered fire-resisting, in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

4.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor described in Requisition No. 3.

5.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the floor.

6.—That the fire-place at the Southern end of the room be protected by a wire guard fixed in front of such fire-place.

7.—That stout handrails be fixed on both sides of the staircase.

8.—That the door-ways to the staircase be made 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

And they recommend—

That a Notice, embodying the above requirements, and specifying two months as the time within which the works are to be commenced, and six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

Your Committee have also to report that the Board, on the 5th February last (No. 10), directed that a draft Notice containing Ten Requisitions with respect to the structural defects of the Britannia (late Bijou) Music-hall, No. 58, Blackfriars-road, Southwark (Christchurch), should be prepared and transmitted to the Owner. That was done on the 24th of the same month, and subsequently the Solicitors of the Owner, Messrs. Walker and Mewburn-Walker, requested that the matter might be allowed to stand over for a short time, as the place did not pay, and the Lessee would probably determine to close it as a Music-hall. In a further Letter, dated 31st March, 1886, they stated that their clients would not go to any expense in altering the premises, and that it was intended to close the Hall as soon as possible. Notwithstanding these assurances, your Committee have ascertained that the Hall is still kept open for the admission of the public, and that performances take place nightly. Under these circumstances your Committee are of opinion that a sealed Notice, containing the following Requisitions, being the same as those contained in the draft Notice, should be served upon the Owner—

1.—That an entrance passage-way, 4 feet 6 inches wide, be formed to the Hall through the bar of the Public-house; that such passage be enclosed upon all sides by brickwork or other fire-resisting materials, to be approved by the Board, and that no openings be formed between such passage and the bar of the Public-house.

2.—That a brick wall, 14 inches thick, be built at the Eastern end of the Hall, on the ground floor, in a line with the back wall of the Public-house, to separate the Hall from the Public-house; that such wall be carried down to the level of the footings of the basement storey, and that not more than one opening, not exceeding 4 feet 6 inches wide, be formed in such wall for access to the Music-hall.

3.—That the floor of the Music-hall be formed of fire-resisting materials be approved by the Board.

4.—That the dressing-rooms under the stage be removed, or be properly lighted and ventilated to the satisfaction of the Board.

5.—That the staircase to the balcony be removed, and that a new staircase be provided to the same; that such new staircase do have solid "square" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 3 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 3 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches,

9 inches thick, in two half-brick rims, or be constructed of other fire-resisting materials to be approved by the Board.

6.—That the window of the kitchen of the Public-house on the first floor, overlooking the balcony of the Hall, be stopped up with brickwork 9 inches thick.

7.—That the floor of the scullery of the Public-house, which extends over a portion of the Hall at the South-East angle, be constructed of fire-resisting materials to be approved by the Board.

8.—That the skylights in the roof be protected by galvanised iron-wire guards fixed on the outside of such skylights.

9.—That handrails be fixed on both sides of the balcony staircase.

10.—That all door-ways used by the public be made not less than 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

And they recommend—

That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

Your Committee have had under consideration the question of the further steps which it is desirable to take with respect to Portland Hall, formerly the Portland Bazaar, in Langham-place, Regent-street. The Board, on the 5th March last (No. 13), directed that the Owners should be informed what alterations were required for remedying the structural defects of the building which was then in daily use for the entertainment known as “India in London,” but with the exception of coating the iron columns with cement concrete, none of the works have been commenced. The Hall was closed to the public on Saturday, the 15th ultimo, but Mr. Rubinstein, the Solicitor to the Owner, has asked for the permission of the Board to keep open the place for other purposes, pending the carrying out of its proposed re-building. In that case, he states that the galleries will be entirely closed to the public, and that the four exits leading from the Hall will remain unaltered. Your Committee are of opinion that it would be undesirable to open the Hall again in its present condition for the use of the public, and they therefore recommend—

That Mr. Rubinstein be informed, in reply to his Letter, that the Board cannot consent to the course proposed, and that if his client opens the Hall he must do so at his own risk, having regard to the Acts of Parliament governing such places of amusement, and that the Justices of Middlesex be informed that, in the opinion of the Board, the building should not be again licensed until the requisite alterations have been made for remedying its structural defects as a place of public amusement.

Your Committee have also considered the application of Messrs. Lander and Bedells, on behalf of Mr. W. T. Purkiss, for approval by the Board of certain alterations and additions proposed to be made to the Royal Music-hall, No. 242, High Holborn, referred by the Board on the 5th March last (No. 80). It is intended to enlarge the Hall by adding to its area some premises on the East side, to widen the entrance out of High Holborn, to build new dressing-rooms, to provide a new exit leading into Whetstone-park, and an exit from the private boxes into Gregory’s-court. The Public-house next High Holborn will be re-built, and be properly separated from the Music-hall. The position of the stage will be altered, the seating of the ground floor re-arranged, and a new balcony erected. The total number of persons for whom sitting accommodation will be provided is about 900, and there will also be considerable space available as standing room. The Drawings accompanying the original Letter of application, dated 4th March, 1886, were returned to the applicants at their request, and a complete set of six Drawings, and an outline specification were submitted for the consideration of the Theatres and Music-halls Sub-Committee on the 11th ultimo. Certain suggestions for the

improvement of the Design were made to the applicants, having relation chiefly to the proper lighting and ventilation of portions of the premises, and to the improvement of the gallery. These suggestions have been adopted in three further Drawings submitted to the Sub-Committee on the 25th ultimo, and, subject to the widening of the stairs leading to the boxes, your Committee are of opinion that the proposed enlargement of the Hall may now receive the sanction of the Board. They therefore recommend—

That the application be granted, upon condition that the stairs to the boxes be increased in width to 4 feet 6 inches, and that, in other respects, the work be executed in accordance with the Drawings presented to the Theatres and Music-halls Sub-Committee on the 11th May, 1886, as modified by the further Drawings presented to the Sub-Committee on the 25th of the same month, and signed by the Chairman of the Building Act Committee.

In connection with the above-mentioned application, your Committee have considered the Letter from Messrs. Vincent Brooks, Day, and Son, relative to the proposal of the proprietors of the Royal Music-hall to re-build their Hall, and to the risk they incur from certain windows belonging to the Music-hall overlooking their premises, referred by the Board on the 28th ultimo (No. 44). The windows complained of are old windows on the West side of the Hall, which serve to light the balcony. No alteration is contemplated to be made to those windows in connection with the proposed enlargement of the Hall. The printing office of Messrs. Vincent Brooks, and Co., was built subsequently to the Music-hall, and your Committee recommend—

That no action be taken with respect to the Letter from Messrs. Vincent Brooks and Co., and that they be informed accordingly.

Your Committee have to report that their attention was recently called by Mr. R. Kerr, District Surveyor, to certain alterations which were in progress at Hengler's Circus, in Argyll-street, Regent-street. Your Committee thereupon instructed your Superintending Architect to survey the building, and it appears from his Report and the accompanying Plan that the object of the alterations is to adapt the Circus for the performance of a Greek play. For that purpose a stage has been erected on the South side of the ring, being separated from the auditorium by a wooden framing covered with canvas. The ring has been floored over and a wooden altar placed in the centre. The staircases at the South-East and South-West angles of the building are not available for the public, but as the number of seats has been reduced, that alteration does not appear to be of any moment. No alteration has been made in the other exits. Your Committee under these circumstances recommend—

That no action be at present taken, with respect to the alterations, and that the District Surveyor be informed accordingly.

Your Committee have had before them a Letter from General De Haviland, asking whether the Board's Certificate, dated 10th July, 1885, in respect of the "Good Duke Humphrey" Coffee Tavern, in Park-row, Greenwich, includes a Dramatic License, which the Company desire to obtain, as well as a Music License, which they already hold. The original application for the Board's Certificate stated that the building was intended to be used for public entertainments, religious services and meetings, but not for stage plays. Your Committee under these circumstances recommend—

That General De Haviland be informed that the Board in granting their Certificate did not contemplate that the premises would be used for dramatic performances, and that certain structural alterations may be necessary in order to adapt them for use as a Theatre.

Your Committee have also considered the Letter from Mr. A. Peebles, District Surveyor of East Hampstead, in reference to the alleged irregular erection of a temporary Theatre on a site adjoining Cressy-road, Fleet-road, Hampstead, referred by the Board on Friday last (No. 71). The building measured 81 feet by 36 feet, being constructed of fir posts placed about 5 feet apart, to which was fastened matched-boardings, put together in large sections by means of bolts, and having a roof composed of weather-boardings. An application for permission to use the Theatre was made to the Board by the Owner, but in consequence of the Drawings being insufficient, he was requested to submit others. The District Surveyor served the Owner with a notice to amend the

building, and afterwards summoned him for neglect to comply with the same, and also for neglect to give notice under the Building Act, and to deposit Drawings under the Board's Bye-laws. The Magistrate at the Marylebone Police-court on the 27th ultimo convicted the Owner for the last two offences, and, at the request of the District Surveyor, he adjourned the Summons for neglecting to amend the building, as the Owner had commenced to demolish it. Its removal has since been completed, and your Committee recommend—

That the matter be now left in the hands of the District Surveyor.

Your Committee beg to submit herewith two Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous or Neglected Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrate to be done at the following premises, viz.—

No. 73, Warwick-street, Woolwich (Dangerous Structure).

No. 43, Winchester-street, St. George, Hanover-square (Neglected Structure).

Your Committee have considered the subject of the requirements contained in a Certificate of Mr. Notley, District Surveyor, in respect of the Dangerous Structure, No. 52, Shipton-street, Bethnal-green. Your Committee have had before them a Report by your Solicitor, who is of opinion that the case is not one in which proceedings should be taken. Your Committee, concurring in that view, recommend—

That the substance of the Solicitor's Report be communicated to the Vestry of Bethnal-green for their information.

Your Committee have also considered the Letter from the Vestry of Camberwell, relative to the widening of East Dulwich-grove, a portion of which, it was alleged, was being formed of a less width than that approved by the Board on the 31st October, 1879 (No. 77), referred by the Board on the 14th ultimo (No. 74). The width sanctioned was 45 feet, but the entrance from Melbourne-grove is being formed less than 40 feet wide. Your Committee recommend—

That the substance of the Solicitor's Report on the subject be communicated to the Vestry in reply to their Letter.

Your Committee have further to report that they have considered the Letter from the Wandsworth District Board, stating that it had been reported to them that Mr. J. Watts, of Merton-road, Wandsworth, was proceeding with the erection of houses abutting on the public footpath which connects Southfields-road with West-hill-road, Wandsworth, without widening the footpath to 20 feet, or setting back the buildings 10 feet from its centre, referred by the Board on the 13th February last (No. 10). The Board on the 6th March, 1885, instructed their Solicitor to serve a Penal Notice, and on the 10th July last a conviction was obtained against the builder in respect of two houses which abutted upon the foot-way. The Defendant not having complied with the Order of the Magistrate, a Summons for continuing penalties was taken out against him, and at the hearing, on the 18th ultimo, the Magistrate refused to convict, and adjourned the Summons for Six months. It was stated that the Defendant held the houses on a building Agreement, which had been forfeited, and that he had now no interest in the property. Your Committee recommend—

That no further action be taken in the matter, and that the District Board be so informed.

Your Committee have considered the Letter from Mr. T. Blashill, District Surveyor for Hampstead, relative to the erection of a two-storey workshop on land abutting upon a narrow foot-way at the rear of No. 178, High-road, Kilburn, referred by the Board on the 26th February last (No. 55). The Board on the 2nd April last instructed their Solicitor to serve a Penal Notice upon the builder, but nothing has been done by him to comply with the Acts as to the width of streets. Your Committee

agree in the opinion expressed by your Solicitor that it is not advisable, under the circumstances of the case, to proceed further, and they recommend—

That no further action be taken in the matter, and that Mr. Blashill be so informed.

Your Committee have further to report that they have had before them the Letter from Mr. T. Blashill, District Surveyor, relative to the erection, by Mr. Dilloway, of a corner house in Mill-lane, abutting on Broomsleigh-street, Hampstead, in alleged advance of the general line of frontage in that street, referred by the Board on the 7th ultimo (No. 73). The builder has erected the house up to the boundary of his land, both in Mill-lane and Broomsleigh-street, and it is considerably in advance of the houses already built in the latter thoroughfare. Your Committee agree in the opinion expressed by your Solicitor, that the attention of the Vestry of Hampstead should be called to the matter, so that if they consider it necessary they can have the line of frontage defined, and summon the builder under the 75th Section of the Act, 25 and 26 Vict., cap. 102, and your Committee accordingly recommend—

That the substance of the Solicitor's Report on the subject be communicated to the Vestry, and that Mr. Blashill be so informed.

Your Committee have considered the Letter from Mr. A. Moseley, District Surveyor, relative to the erection of houses by Mr. A. Cooper, on the South-West side of Bagley's-lane-road, Fulham, within the distance from the centre of the road prescribed by the Amendment Act, 1878, referred by the Board on the 7th ultimo (No. 87). The builder has commenced erecting two houses in an old way, and upon an old site, setting them back to a distance of 20 feet from the centre of the lane, and your Solicitor is of opinion that the Board have no power to interfere in the case. Your Committee recommend—

That no action be taken in the matter, and that Mr. Moseley be so informed.

Your Committee have considered the Letter from Mr. A. Ashbridge, District Surveyor, relative to the construction and erection of a pent-roof in front of No. 18, Finchley-road, St. John's-wood, in alleged advance of the general line of frontage in that road, and contrary to the provisions of the Building Act, 1855, referred by the Board on the 7th ultimo (No. 80). An old shop front with iron ribs and awning for the roof has been erected beyond the general line of houses in lieu of a structure which was objected to by the Vestry. A Letter has been received from the Vestry, enquiring whether the Board's sanction is necessary to the present erection. The Board usually leave it to the Vestry or District Board to take action in cases which are within the 75th Section of the Act of 1862, and your Committee recommend—

That the Vestry of St. Marylebone be reminded, in reply to their communication on the subject, that they can take proceedings in respect of the line of frontage, and that Mr. Ashbridge be informed of the course taken.

Your Committee have had before them the application of Messrs. Ernest George and Peto, on behalf of Mr. De la Rue, for approval by the Board of a Plan for the erection of a house and stabling at No. 26, Cadogan-square, Chelsea, with an open space at the rear thereof, as shown upon the Plan accompanying the application, referred by the Board on the 14th ultimo (No. 77), and the further application for approval of the line of frontage of a proposed building, referred by the Board on the 28th ultimo (No. 54). The house and stables are to be erected upon a plot of ground fronting Cadogan-square, and having a rear frontage upon Clabon-mews. They are practically one building, communicating on nearly every floor, and will be lighted from the square and mews, and also from an area on one side. The applicant asks to be allowed to erect the buildings without an open space at the rear, the frontage of the house being 40 feet, and the area at the side being in excess of the maximum required. The Vestry of Chelsea do not object to the Plans, and your Committee recommend—

That the application for approval of the line of frontage for the erection of the house and stabling at No. 26, Cadogan-square, Chelsea, as shown upon the Plan accompanying the application, be granted, upon condition that the erection of the premises therein referred

to be commenced with Six months, and be completed within Eighteen months from 4th June, 1886, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

That the application for approval of an open space at the rear of the house and stabling at No. 26, Cadogan-square, Chelsea, as shown upon the Plan accompanying the application, be granted.

Your Committee have considered the application of Messrs. Wheeler and Hollands, for the consent of the Board to the erection of houses on the Clock-house Estate, abutting on Balham-high-road, and Cavendish-road, Clapham, to the lines shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 63). The Board, in July last, sanctioned the laying out of the Estate and it is now desired that they should approve of the building lines in Balham-high-road and Cavendish-road, which will be set back 20 feet and 15 feet respectively from the public way. The Wandsworth District Board do not object to the Plan, and your Committee recommend—

That the application be granted, upon condition that the erection of the premises therein referred to be commenced within Six months, and be completed within Eighteen months from the 4th June, 1886, and that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have had before them the application of Messrs. Walker and Runtz, on behalf of Mr. T. Arno, for approval by the Board of an amended Plan for the formation and name of a road between Barrett's-grove and Wordsworth-road, Stoke Newington, referred by the Board on Friday last (No. 66). On the 16th October last the Board declined to sanction the formation of a road in this locality. It is now proposed to lay out the road with the angle near Barrett's-grove rounded off, and to widen Wordsworth-road 10 feet in front of St. Matthias Church, and also to give up a further strip of land in the same road. Your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the new road, and that the name "Cressington-road, N.," be approved for the same.

Your Committee have had under consideration the Letter from the Home Office, referring to the Board's Letters on the subject of the additional Bye-laws to regulate the use of concrete in buildings, and transmitting three communications received by the Secretary of State, containing objections to the Bye-laws, and requesting to be informed whether such objections had been considered by the Board; referred by the Board on the 21st ultimo (No. 43). The communications referred to consist of an article in the *Building and Engineering Times* of the 6th February last, a Letter from Mr. H. Goodwin, and another from Mr. T. Potter, together with an extract from a Letter, without address, from Mr. W. Simmons. These documents have been carefully examined by your Superintending Architect, who reports that they do not contain anything requiring the attention of the Board. Your Committee reported to the Board on the 7th ultimo that the Bye-laws approved on the 22nd January appeared to be adequate, and required no alteration. Your Committee see no reason to depart from the opinion then expressed, and they recommend—

That the Secretary of State be informed, in reply to his Letter, that the Board, having considered the Letters in question, see no reason to make any alteration in the Bye-laws which have been submitted for his approval.

Your Committee have considered the Letter from Mr. J. G. Turner, Deputy District Surveyor, relative to the position of two houses and shops in course of erection on the East side of Highgate-hill, Islington, referred by the Board on the 2nd April last (No. 78). Your Committee have had before them a Report by your Superintending Architect, from which it appears that the premises are not in advance of the general line of buildings on the North-Eastern side of Highgate-hill. The Vestry of Islington

approve of the line of frontage which has been adopted, and your Committee recommend—

That no action be taken in the matter, and that Mr. Turner be so informed.

In accordance with the reference by the Board of the 7th ultimo (No. 89), your Committee have considered the application of Mr. A. Thorn, for approval by the Board of an amended Plan for the formation of a street and mews to lead out of Brompton-road, and for the widening of Yeoman's-row and Michael's-grove in connection therewith. The roads will be 45 feet in width, and the proposed mews 30 feet in width. Your Committee have had before them an amended Plan, showing the land proposed to be given up to the public with a view of improving the foot-ways. Your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the roads, and that the names "Egerton-gardens, S.W." and "Egerton-gardens-mews, S.W.," be approved for the same.

Your Committee have considered the application of Mr. T. S. Archer, on behalf of Mr. T. Watney, for approval by the Board of a Plan for the formation and name of a street at "Water-side," leading out of Jew's-row, York-road, and abutting upon the River Thames, referred by the Board on the 29th January last (No. 67.) In connection with the subject, your Committee have considered so much of the Report of the Bridges Committee as relates to the Plan and Estimates of the Flood-works for the protection of a portion of Water-side, in the Wandsworth District, referred by the Board on the 7th ultimo (No. 9). The old pathway known as "Waterside" abuts upon the foreshore, and it is proposed to reclaim part of the foreshore, and to lay out a road 40 feet wide in place of the pathway at present existing. The new road will form a direct communication between Jew's-row and Dale-place, and will be 5 feet 6 inches above Trinity high water mark. The applicant has submitted an amended Plan, showing that he is prepared to execute the works suggested by your Engineer for the prevention of floodings. The Wandsworth District Board do not object to the Plan, and your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the road.

Your Committee have also considered the Letter from the Plumstead District Board, transmitting a draft of a Clause which they desired to have inserted in this Board's next Various Powers Bill, to enable Vestries and District Boards to repair roads, &c., without prejudice to the subsequent recovery of the cost of paving such roads or new streets, referred by the Board on the 7th ultimo (No. 53). The Board on the 28th ultimo, upon the recommendation of the Works, &c., Committee, informed the Vestry of Hammersmith, in reply to a similar communication, that they were unable to act upon their suggestion. Your Committee recommend—

That the Plumstead District Board be informed, in reply to their Letter, that the Board are not prepared to accede to their request.

Your Committee have considered the application of Mr. A. O. Collard, on behalf of Mr. W. D. Crowhurst, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 140, Rye-lane, Peckham, to the line shown upon the Plan accompanying the application, referred by the Board on the 7th ultimo (No. 68). The proposed extension will project 26 feet 2 inches beyond the front wall of the house, and will be one storey in height. The building will be erected in such a manner as to allow of the widening of Rye-lane to 45 feet, and about 9 feet of land will be given up to form part of the public way. Your Committee recommend—

That the application be granted, upon condition that the erection of the shop therein referred to be commenced within Six months, and be completed within Eighteen months from the 4th June, 1886, and that, previously to the commencement of building operations, the ground separating the proposed shop from the public way be given up and added to such public way, and that in other respects the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. J. L. Brown, on behalf of Mr. J. Russell, for the consent of the Board to the erection of a conservatory on land at the Devonshire Nursery at Haverstock-hill, Hampstead, to the line shown upon the Plan accompanying the application, referred by the Board on the 21st ultimo (No. 52). It is proposed to erect the conservatory to a line within 3 feet of the public way. The houses on this side of the thoroughfare are set back to between 30 and 40 feet from the public way, and your Committee, considering the Plan objectionable, recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. C. Bell, on behalf of Mr. C. R. Wild, for the consent of the Board to the erection of a bay-window in front of No. 69, Fitzjohn's-avenue, Hampstead, as shown upon the Plan accompanying the application, referred by the Board on the 21st ultimo (No. 53). It is proposed to corbel out the bay-window, which will to a great extent be constructed of woodwork, at the level of the first floor, projecting it about 3 feet beyond the external face of the wall. Your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Mr. W. Cook, for the consent of the Board to the erection of shops in front of and upon land adjoining Cainboock Lodge, Stanstead-road, Forest-hill, Lewisham, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 21st ultimo (No. 54). The Board, on the 2nd April, last refused their consent to the erection of the shops to the line then proposed. The present Plan shows the frontage line set back six inches further from the road, but in other respects it is similar to the Plan already refused. Your Committee recommend—

That the application be not granted.

The Board, on the 21st ultimo (No. 56), referred to your Committee the application of Mr. H. Lafone, for the consent of the Board to the construction of two Foot-bridges across Shad Thames, Horselydown, to connect his warehouses, as shown upon the Plan accompanying the application. Your Committee are of opinion that the proposal is objectionable, as the headway under the lowest of the proposed Bridges is only 12 feet, and the Plan shows the applicant's premises brought forward, although permission was recently refused by the Board. The Bridges, appear from the Plan, to be unenclosed at the sides. Your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Mr. W. J. Tue, for the consent of the Board to the erection of a one-storey shop in front of No. 2A, Bertram-street, Chester-road, St. Pancras, to the line shown upon the Plan accompanying the application, referred by the Board on the 21st ultimo (No. 57). The applicant proposes to extend his premises to the line of the forecourt in the street, the projection being one storey in height and 4 feet deep. Your Committee recommend—

That the application be not granted.

Your Committee have considered the application of Mr. H. E. Milner, on behalf of Dr. H. Watney, for approval by the Board of a Plan for the formation and names of roads to lead out of Buckhold-road, Merton-road, Wandsworth, referred by the Board on the 21st ultimo (No. 65). The Board in February last approved of the formation of Buckhold, Mapleton, and other roads. It is now proposed to form additional roads upon the Estate, one of which will lead out of Buckhold-road, and form a junction with Mapleton-road, and another of which will also lead out of Buckhold-road, and connect it with the first described new road. Both of the roads will be of the full width of 45 feet, and their levels will not be less than 20 feet above Ordnance Datum. Your Committee recommend—

That the application be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the roads, and that the names "Birchlands-road, S.W.," and "Lynch-road, S.W.," be approved for the same.

Your Committee have considered the application of Mr. H. J. Hansom, on behalf of Messrs. Knippler and Son, for approval by the Board of a Plan for the formation of an extension of Eltringham-street, York-road, Battersea, referred by the Board on the 21st ultimo (No. 66). The proposed extension will not be of the full width throughout, nor will it have an outlet at its Southern end, being carried up to the London and South-Western Railway line. Your Committee consider the proposal objectionable, and they recommend—

That the application be not granted.

Your Committee have considered the Letter from Mr. H. E. Abery, relative to the construction of the flues and hearths of certain houses erected between the years 1858 and 1865, in De Beauvoir-road, Balmes-road, Benyon-road, Culford-road, Engleford-road, and De Beauvoir-crescent, Kingsland, and Abery-terrace, Darnley-road, Hackney, referred by the Board on the 21st ultimo (No. 71). Mr. Abery writes from New York, to inform the Board that between the years 1858 and 1865 certain houses were erected with flues and hearths of irregular construction. Your Committee, seeing no reason to interfere in the matter, recommend—

That the receipt of the Letter be acknowledged.

Your Committee have considered the application of Mr. A. O. Collard, on behalf of Mr. S. Jobbins, for the consent of the Board to the erection of bay-windows in front of Nos. 143 to 155 (odd numbers only), High-road, Lee, to the line shown upon the Plan accompanying the application, referred by the Board on the 14th ultimo (No. 66). Several applications for the erection of shops in front of the houses having been from time to time refused, the applicant now asks the Board to allow the construction of bay-windows projecting 3 feet 10 inches into the forecourt basement, and at the height of the ground floor, as it is determined to again use the houses as private residences. Your Committee see no reason to object to the construction of the bay-windows, and they recommend—

That the application be granted, upon condition that the erection of the bay-windows therein referred to, be commenced within Six months, and be completed within Eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have considered the application of Mr. J. C. Boys, on behalf of Mr. J. A. Manger, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 290, 292 and 294, Kingsland-road, and to the erection of four houses and shops on the North side of Lee-street, Kingsland-road, to the lines shown upon the Plan accompanying the application, referred by the Board on Friday last (No. 62). The proposed houses in Lee-street will extend 5 feet in advance of those already existing on the same side of the street, and your Committee recommend—

That the application be not granted.

The Board, on Friday last (No. 69), referred to your Committee the application of Mr. C. Gage, for approval by the Board of a Plan showing the construction of an open shed recently erected at the rear of No. 17, Ashchurch-terrace, Shepherd's-bush. The shed stands in the centre of the garden of the house. It is 21 feet long, 13 feet wide, and 12 feet 6 inches high, and is open on all sides, the glass roof being supported upon wooden posts let into concrete. Your Committee recommend—

That the application be not granted.

All which your Committee beg to submit.

The Report having been read and received,

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Baring Music-hall, No. 53, Baring-street, New North-road, Shoreditch, be approved, and that with a view to remedying the structural defects of the building, a Notice, containing the following Requisitions, be served upon the Owner thereof—

1.—That a new staircase be constructed to the Hall at the North-East angle of the premises on the site of the open yard next Baring-street, with a lobby and a door-way at the foot of such staircase opening directly into the street; that such staircase do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 4 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 4 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the door-way in the East wall of the Hall leading to the present staircase be stopped up with brickwork, 9 inches thick.

3.—That the floor of the Hall be rendered fire-resisting, in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

4.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor described in Requisition No. 3.

5.—That the windows of the Hall be protected by wrought-iron guard bars to a height of 6 feet from the floor.

6.—That the fire-place at the Southern end of the room be protected by a wire guard fixed in front of such fire-place.

7.—That stout handrails be fixed on both sides of the staircase.

8.—That the door-ways to the staircase be made 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a Notice, embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon the receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Britannia (late Bijou) Music-hall, No. 58, Blackfriars-road, Southwark (Christchurch), be approved, and that with a view to remedying the structural defects of the building, a Notice, containing the following Requisitions, be served upon the Owner thereof—

1.—That an entrance passage-way, 4 feet 6 inches wide, be formed to the Hall through the bar of the Public-house; that such passage be enclosed upon all sides by brick-work or other fire-resisting materials to be approved by the Board, and that no openings be formed between such passage and the bar of the Public-house.

2.—That a brick wall, 14 inches thick, be built at the Eastern end of the Hall, on the ground floor, in a line with the back wall of the Public-house, to separate the Hall from the Public-house; that such wall be carried down to the level of the footings of the basement storey, and that not more than one opening, not exceeding 4 feet 6 inches wide, be formed in such wall for access to the Music-hall.

3.—That the floor of the Music-hall be formed of fire-resisting materials to be approved by the Board.

4.—That the dressing-rooms under the stage be removed, or be properly lighted and ventilated to the satisfaction of the Board.

5.—That the staircase to the balcony be removed, and that a new staircase be provided to the same; that such new staircase do have solid “square” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 3 feet 6 inches wide in the clear, in flights of not more than 12 steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 3 feet 6 inches wide, and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or be constructed of other fire-resisting materials to be approved by the Board.

6.—That the window of the kitchen of the Public-house on the first floor, overlooking the balcony of the Hall, be stopped up with brickwork 9 inches thick.

7.—That the floor of the scullery of the Public-house, which extends over a portion of the Hall at the South-East angle, be constructed of fire-resisting materials to be approved by the Board.

8.—That the skylights in the roof be protected by galvanised iron-wire guards fixed on the outside of such skylights.

9.—That handrails be fixed on both sides of the balcony staircase.

10.—That all door-ways used by the public be made not less than 4 feet 6 inches wide, and that the doors be hung in two folds, and be made to open outwards.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That a notice embodying the above requirements, and specifying Two months as the time within which the works are to be commenced, and Six months as the time within which they are to be completed, be prepared by the Solicitor; that the Clerk be instructed to apply to the Home Secretary for his consent to the service of the same; and that, upon receipt of such consent, the Notice be sealed, and be served by the Solicitor upon the Owner of the Hall.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to Portland Hall, in Langham-place, Regent-street, in which the Exhibition of India in London was recently held, be approved, and that Mr. Rubinstein be informed, in reply to his Letter asking for the permission of the Board to keep open the place for other purposes, that the Board cannot consent to any such course, and that if his client opens the Hall he must do so at his own risk, having regard to the Acts of Parliament governing such places of amusement; and that the Justices of Middlesex be informed that, in the opinion of the Board, the building should not be again licensed until the requisite alterations have been made for remedying its structural defects as a place of public amusement.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Lander and Bedells, on behalf of Mr. W. T. Purkiss, for approval by the Board of certain alterations and additions proposed to be made to the Royal Music-hall, No. 242, High Holborn, be granted, upon condition that the stairs to the boxes be increased in width to 4 feet 6 inches, and that, in other respects, the work be executed in accordance with the Drawings presented to the Theatres and Music-halls Sub-Committee on the 11th May, 1886, as modified by the further Drawings presented to the Sub-Committee on the 25th May, 1886, and signed by the Chairman of the Building Act Committee.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with respect to the Letter from Messrs. Vincent Brooks, Day and Son, relative to the proposal of the proprietors of the Royal Music-hall, High Holborn, to re-build their Hall, and to the risk they incur from certain windows belonging to the Music-hall overlooking their premises; and that Messrs. Vincent Brooks and Co. be informed accordingly.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be at present taken with respect to the recent alterations made in the internal arrangements of Hengler's Circus in Argyll-street, Regent-street, and that Mr. R. Kerr, the District Surveyor, be informed accordingly.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That General De Haviland be informed, in reply to his enquiry whether the Board's Certificate, dated 10th July, 1885, in respect of the "Good Duke Humphrey" Coffee Tavern, Greenwich, includes a Dramatic License as well as a Music License, that the Board in granting their Certificate did not contemplate that the premises would be used for dramatic performances, and that certain structural alterations may be necessary in order to adopt them for use as a Theatre.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the legal proceedings commenced by Mr. A. Peebles, District Surveyor, with respect to the temporary Theatre recently erected on a site adjoining Cressy-road, Fleet-road, Hampstead, be approved, and that the matter be left in the hands of the District Surveyor.

The Report of the Building Act Committee of the 1st day of June, 1886, appointed by this Board having been read and considered, and it being made to appear to the Board that the Owner of the Structure, No. 73, Warwick-street, Woolwich, had failed to comply with the Order made by Henry Bullock Marsham, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Woolwich Police-court, on the 9th day of April last, for the removal of the dangerous portions of such Structure, this Board do, pursuant to the provisions of the Metropolitan Building Act, 1855, and the Metropolitan Building Act, 1869,

Resolve, and it is hereby *resolved* and *ordered*, on the motion of Mr. Ewin,—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed, and they are hereby authorised to take down the premises, No. 73, Warwick-street, Woolwich, to the level of the street, and also to take down the fence wall of the yard adjoining the same premises.

The Report of the Building Act Committee of the 1st day of June, 1886, appointed by this Board, having been read and considered, and it being made to appear to the Board that the Owner of the Structure No. 43, Winchester-street, St. George, Hanover-square, had failed to comply with the Order made by William Partridge, Esquire, one of the Magistrates of the Police-courts of the Metropolis, sitting at the Westminster Police-court, on the 8th day of April last, for the repair of such Structure, this Board do, pursuant to the provisions of the Metropolis Management and Building Acts Amendment Act, 1882,

Resolve, and it is hereby *resolved* and *ordered*, on the motion of Mr. Ewin,—That the Contractors, Messrs. Brass and Son, of No. 47, Old-street, St. Luke's, be instructed,

and they are hereby authorised to re-instate all window-glass at the premises, No. 43, Winchester-street, St. George, Hanover-square, where the same is broken, to repair the front wall, where the balcony has been pulled down, and also the balustrade on the top of the portico, and the pillars of the same, and generally to make good the whole of the plaster work to the front wall, clear out the area, and make good the steps to the same where they are broken, and also to paint the front of the house and the portico, and the area railings and front door.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the substance of the Solicitor's Report with reference to the premises, No. 52, Shipton-street, Bethnal-green, the same being a Dangerous Structure, be communicated to the Vestry of Bethnal-green for their information.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the substance of the Solicitor's Report with reference to the Letter from the Vestry of Camberwell, as to the widening of East Dulwich-grove, a portion of which, it was alleged, was being formed of a less width than that approved by the Board on the 31st October, 1879 (No. 77), be communicated to the Vestry in reply to their Letter.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no further action be taken against Mr. J. Watts, of Merton-road, Wandsworth, relative to the erection of houses abutting upon the public footpath which connects Southfields-road with West-hill-road, without previously widening the footpath to 20 feet, or setting back the buildings 10 feet from its centre, and that the Wandsworth District Board be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no further action be taken with reference to the Letter from Mr. T. Blashill, District Surveyor, as to the erection of a two-storey workshop on land abutting upon a narrow foot-way at the rear of No. 178, High-road, Kilburn, and that Mr. Blashill be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. T. Blashill, District Surveyor, as to the erection, by Mr. Dilloway, of a corner house in Mill-lane, abutting on Broomsleigh-street, Hampstead, in alleged advance of the general line of frontage in that street be approved, and that the substance of the Solicitor's Report on the subject be communicated to the Vestry of Hampstead for their information, and that Mr. Blashill be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with reference to the Letter from Mr. A. Moseley, District Surveyor, relative to the erection of houses by Mr. A. Cooper, on the South-West side of Bagley's-lane-road, Fulham, and that Mr. Moseley be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from Mr. A. Ashbridge, District Surveyor, as to the construction and erection of a pent roof in front of No. 18, Finchley-road, St. John's-wood, in alleged advance of the general line of frontage in that road, and contrary to the provisions of the Building Act, 1855, be approved, and that the Vestry of St. Marylebone be reminded, in reply to their communication on the subject, that they can take proceedings in respect of the line of frontage, and that Mr. Ashbridge be informed of the course taken.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Messrs. Ernest George and Peto, on behalf of Mr. De la Rue, for approval by the Board of the line of frontage for the erection of a house and stabling at No. 26, Cadogan-square, Chelsea, as shown upon the Plan accompanying the application, be granted, upon condition that the erection of the premises therein referred to be commenced within Six months, and be completed with Eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded and *resolved*—That the application of Messrs.

Ernest George and Peto, on behalf of Mr. de la Rue, for approval by the Board of an open space at the rear of a house and stable at No. 26, Cadogan-square, Chelsea, as shown upon the Plan accompanying the application, be granted.

It was *moved* by Mr. Ewin, and seconded—That the application of Messrs. Wheeler and Hollands, for the consent of the Board to the erection of houses on the Clock-house Estate, abutting upon Balham-high-road and Cavendish-road, Clapham, to the lines shown upon the Plan accompanying the application, be granted, upon condition that the erection of the premises therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

An amendment thereon was *moved* by Mr. Meaden, and seconded—That the Report be referred back to the Committee, for further consideration and report.

The amendment having been put to the vote, it was declared by the Chairman to be carried, and having been put as an *original motion*, it was also carried; and it was *resolved* accordingly.

It was *moved* by Mr. Ewin, seconded and *resolved*—That the application of Messrs. Walker and Runtz, on behalf of Mr. T. Arno, for approval by the Board of an amended Plan for the formation of a road between Barrett's-grove and Wordsworth-road, Stoke Newington, and for the widening of that road, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the new road, and that the name "Cressington-road, N.," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the Letter from the Home Office, referring to the Board's Letters on the subject of the additional Bye-Laws to regulate the use of concrete in buildings, transmitting three communications, containing objections to the said Bye-laws, received by the Secretary of State, and requesting to be informed whether such objections had been considered by the Board be approved; and that the Secretary of State be informed, in reply to his Letter, that the Board, having considered the Letters in question, see no reason to make any alteration in the Bye-laws which have been submitted for his approval.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with reference to the Letter from Mr. J. G. Turner, Deputy District Surveyor, relative to the position of two houses and shops in course of erection on the East side of Highgate-hill, Islington, and that Mr. Turner be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. Thorn, for approval by the Board of an amended Plan for the formation of a street and mews out of Brompton-road, and for the widening of Yeoman's-row and Michael's-grove in connection therewith, be granted upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Egerton-gardens, S.W." and "Egerton-gardens Mews, S.W.," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. T. S. Archer, on behalf of Mr. T. Watney, for approval by the Board of a Plan for the formation and name of a street at "Water-side," leading out of Jew's-row, York-road, Wandsworth, and abutting upon the River Thames, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said road.

It was *moved* by Mr. Shepherd, seconded by Mr. Meaden, and *resolved*—That the Plan showing the works necessary to be executed under the Thames River (Prevention of Floods) Act, in connection with the proposed street referred to in the foregoing

Resolution, which Plans were submitted to the Bridges Committee and approved by them on the 5th May last, be, and the same are hereby, sanctioned, and that the necessary Notices be issued in accordance with the Thames River (Prevention of Floods) Act.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Plumstead District Board be informed, in reply to their Letter, transmitting a draft of a Clause which they desired to have inserted in this Board's next Various Powers Bill, to enable Vestries and District Boards to repair roads and streets without prejudice to the subsequent recovery of the cost of paving such roads or new streets, that the Board are not prepared to accede to their request.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. O. Collard, on behalf of Mr. W. D. Crowhurst, for the consent of the Board to the erection of a one-storey shop on the forecourt of No. 140, Rye-lane, Peckham, to the line shown upon the Plan accompanying the application, be granted, upon condition that the erection of the shop therein referred to be commenced within Six months, and be completed within Eighteen months from this date, and that, previously to the commencement of building operations, the ground separating the proposed shop from the public way be given up and added to such public way, and that in other respects the erection be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. L. Brown, on behalf of Mr. J. Russell, for the consent of the Board to the erection of a conservatory on land at the Devonshire Nursery on Haverstock-hill, Hampstead, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. Bell, on behalf of Mr. C. R. Wild, for the consent of the Board to the erection of a bay-window in front of No. 69, Fitzjohn's-avenue, Hampstead, as shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. Cook, for the consent of the Board to the erection of shops in front of and upon land adjoining Cairnboock Lodge, Stanstead-road, Forest-hill, Lewisham, to the line shown upon the amended Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. Lafone, for the consent of the Board to the construction of two Foot-bridges across Shad Thames, Horselydown, to connect his warehouses, as shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. J. Tue, for the consent of the Board to the erection of a one-storey shop in front of No. 2A, Bertram-street, Chester-road, St. Pancras, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. E. Milner, on behalf of Dr. H. Watney, for approval by the Board of a Plan for the formation of roads to lead out of Buckhold-road, Merton-road, Wandsworth, be granted, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the said roads, and that the names "Birchlands-road, S.W.," and "Lynch-road, S.W.," be approved for the same.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. H. J. Hansom, on behalf of Messrs. Knipler and Son, for approval by the Board of a Plan for the formation of an extension of Eltringham-street, York-road, Battersea, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Report with reference

to the Letter from Mr. H. E. Abery, as to the construction of the flues and hearths of certain houses erected between the years 1858 and 1865 in De Beauvoir-road and certain other Roads at Kingsland, and in Abery-terrace, Darnley-road, Hackney, be approved, and that the receipt of the Letter be acknowledged.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. O. Collard, on behalf of Mr. S. Jobbins, for the consent of the Board to the erection of bay-windows in front of Nos. 143 to 155 (odd numbers only), High-road, Lee, to the line shown upon the Plan accompanying the application, be granted, upon condition that the erection of the bay-windows therein referred to, be commenced within Six months, and be completed within Eighteen months from this date, and that the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. C. Boys, on behalf of Mr. J. A. Manger, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 290, 292 and 294, Kingsland-road, and to the erection of four houses and shops on the North side of Lee-street, Kingsland-road, to the lines shown upon the Plan accompanying the application be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. C. Gage, for approval by the Board of a Plan showing the construction of an open shed recently erected at the rear of No. 17, Ashchurch-terrace, Shepherd's-bush, be not granted.

13. Mr. Selway, the Chairman of the Parliamentary Committee, brought up a Report, as follows—

REPORT OF THE PARLIAMENTARY COMMITTEE.

Spring-gardens, 1st June, 1886.

Your Committee have proceeded on the Resolution of the Board of 5th March last (No. 11), referring it to them to prepare the Board's Money Bill for the year 1886. In connection with the Bill your Committee have considered the Letter from the Home Office, referred by the Board on the 7th May (No. 61), asking that a Clause might be inserted to enable the Board to lend to the Metropolitan Police Receiver the sum of £200,000 in the event of the Metropolitan Police Stations Bill becoming law during the Session. That Bill has within the last few days been passed, and a Clause (No. 9) has been inserted to enable the Board to lend to the Receiver a sum not exceeding £200,000. Your Committee have also considered the Letter from the London School Board, referred on the 12th February (No. 48), asking the Board so to alter the Clause usually inserted in the Bill relating to Loans to the School Board, as to enable money to be lent to it for Industrial Schools. Your Committee have made such an alteration in the School Board Clause as will enable the Board to lend money for that purpose. Your Committee have made provision in the Bill to enable the Board to raise the various amounts specified in the Resolution of 5th March last, and they have also inserted a Clause legalising the Board's expenditure during the year 1885, of the sum of £5,602 15s. 3d. upon the Fire Brigade, in excess of the amounts which the Board was empowered to raise in that year for Fire Brigade purposes. Your Committee submit herewith a copy of the Bill, and they recommend—

That it be approved, and that it be sent to the Treasury, with a request that the Lords Commissioners will be good enough to arrange for its introduction into Parliament as early as convenient.

All which your Committee beg to submit.

(Signed) W. R. SELWAY,
GEORGE PHILLIPS,
JOHN RUNTZ,
DONALD MUNRO,
GEO. EDWARDS.

The Draft Bill submitted with the Report was laid before the Board.

The Report having been read and received,

It was ~~moved~~ by Mr. Selway, seconded by Mr. Fowler, and ~~resolved~~—That the Draft of the Board's Money Bill for the year 1886, now submitted, be approved, and that it be sent to the Treasury, with a request that the Lords Commissioners will be good enough to arrange for its introduction into Parliament as early as convenient.

14. Mr. Bradfield, the Chairman of the Parks, Commons, and Open Spaces Committee, brought up a Report, as follows—

REPORT OF THE PARKS, COMMONS, AND OPEN SPACES COMMITTEE.

Spring-gardens, 2nd June, 1886.

Your Committee have to report that they have considered the applications made to them by the Park Superintendents for additional labour and horse-hire in connection with the Board's Parks, Gardens, and Open Spaces, and they beg to recommend—

That the following labour and horse-hire be sanctioned in connection with the under-mentioned places—

Hackney and Highbury Commons—8 labourers for 4 months for mowing the grass and attending to the trees, &c.

Hampstead heath—2 labourers for 6 weeks to cut down dead furze.

Peckham-rye—2 labourers for 2 weeks for mowing the grass.

Streatham-common—2 labourers for 2 weeks to cut down dead furze.

Tooting-common—2 labourers for 4 weeks to cut down dead furze.

Chelsea Embankment Gardens—Horse and cart for 8½ days,

Hackney and Highbury Commons—Horse and cart for 12 days.

Your Committee have to report that 200 iron hurdles are required for use in protecting the turf at various points on Clapham-common; and they recommend—

That the hurdles be obtained, at an estimated cost of £75.

Your Committee have also to report that 200 iron hurdles are required for use on Peckham-rye and Goose-green, and they recommend—

That an expenditure of £75 be sanctioned for their purchase.

Your Committee have to report that certain additions are required to the Lodge in Southwark-park to suit it for the requirements of the Superintendent and his family. The alterations involve the building of an additional storey to the present outbuildings, by which three rooms will be added to the Lodge. Your Committee consider that it is a necessary work, and that it should be executed. The estimated cost is £250. Your Committee submit a Plan showing the proposed alterations, and they recommend—

That the necessary expenditure as above stated be sanctioned.

The attention of your Committee has been called to the desirability of placing a restriction upon cricket playing on Highbury-fields, owing to the proximity of houses thereto, and the great number of young children who frequent the Fields. The Bye-laws give the Board full power to prohibit entirely, if necessary, the game of cricket on the Fields; but your Committee consider that, as a preliminary step at all events, it will be sufficient if the age of the players be restricted to fourteen years, and that all wickets, &c., erected be kept 40 yards from any high road or building. They therefore recommend—

The Board to pass an Order to the above effect.

In accordance with the authority given to them on the 26th February last (No. 14), your Committee have selected a man to succeed the Assistant-keeper Page, who was discharged from his duty at Hampstead-heath for misconduct, and they recommend—

That W. L. Main, late a Corporal-Major in the 1st Life Guards, be appointed Assistant Heath-keeper at Hampstead, during the pleasure of the Board, at the weekly wages of 25s.,

with the following allowance of uniform—One tunic, one helmet, one pair of leggings, two pairs of boots, two pairs of trousers, three pairs of gloves annually, one overcoat every two years, one cape every three years, and one belt every five years.

Your Committee have further to report that they have selected a successor to the Assistant Common-keeper (Lewis) at Highbury-fields, who was discharged in January last for misconduct, and they beg to recommend—

That Charles Morgan, late Colour-Sergeant in the 55th Regiment, be appointed Assistant Common-keeper at Highbury-fields, during the pleasure of the Board, at the weekly wages of 25s., with a similar allowance of uniform to that stated in the preceding recommendation.

Under the authority conferred on them by the Board on the 13th June, 1873 (No. 13), your Committee have authorised expenditure in connection with the following matters—

Victoria Embankment Gardens—The purchase of a sieve and 6 dozen birch brooms and the payment of 10s. reward for information given leading to the conviction of a person damaging a tree.

Hampstead-heath—The purchase of 1 dozen pairs of hedging gloves.

Brook-green—The alteration of the fencing at certain entrances to the Green.

Open Spaces (Northern)—The purchase of 2 cwt. of sacking and 1 cwt. of tarred cord.

Southwark-park.—The purchase of 4 gallons of carbolic-acid, 1 dozen Dutch hoes, 2 choppers, and 4 bagging hooks.

Tooting-common.—The purchase of two notice boards.

Streatham-common.—The purchase of an oil can.

Goose-green.—The alteration of the fencing at two entrances to the Green.

All which your Committee beg to submit.

(Signed) J. E. BRADFIELD,
W^m. SHEPHERD,
JOHN RUNTZ,
GEORGE HILL,
GEO. EDWARDS.

The Plan submitted with the Report was laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the under-mentioned labour and horse-hire be sanctioned—

Highbury and Hackney Commons—8 labourers for 4 months for mowing the grass and attending to the trees, &c.

Hampstead-heath—2 labourers for 6 weeks to cut down dead furze.

Streatham-common—2 labourers for 2 weeks to cut down dead furze.

Tooting-common—2 labourers for 4 weeks to cut down dead furze.

Chelsea Embankment Gardens—Horse and cart for 8½ days.

Hackney and Highbury Commons—Horse and cart for 12 days.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That 200 iron hurdles be obtained for use on Clapham-common, at an estimated cost of £75.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That 200 iron hurdles be obtained for use on Peckham-rye and Goose-green, at an estimated cost of £75.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That certain additions be made to the Lodge at Southwark-park, as shown on the Plan now submitted, at an estimated cost of £250.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That no person above the age of fourteen years be allowed to play cricket on Highbury-fields, and that all wickets, &c., erected be kept 40 yards from any high road or building.

It was *moved* by Mr. Bradfield, seconded and *resolved*—That Charles Morgan be appointed Assistant Common-keeper at Highbury-fields, during the pleasure of the Board, at the weekly wages of 25s., with the allowance of uniform stated in the Report.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the several other proceedings of the Committee, as mentioned in their Report, be approved.

15. Mr. Shepherd, the Chairman of the Bridges Committee, brought up a Report, as follows—

REPORT OF THE BRIDGES COMMITTEE.

Spring-gardens, 2nd June, 1886.

Your Committee have to report that they have considered the Letter, referred to them by the Board on the 7th ultimo (No. 64), from the Thames Steamboat Company, representing the desirability of placing a temporary Steamboat Pier near to Hammersmith Bridge; enclosing a tracing showing a position on the tow-path on the Surrey side where a Pier might be placed, and asking the Board to assist the Company by making arrangements for the erection of a jetty at the site shown on the tracing, which might take the place of the old Pier. The site suggested by the Company for the construction of the works does not belong to the Board, and is not within the limits of deviation shown upon the deposited Plans referred to in the Metropolitan Board of Works (Bridges, &c.) Act, 1883. Your Committee are advised that under those circumstances the Board have no power to assist the Company in the proposed undertaking, and they therefore recommend—

That the Company be informed, in reply to their Letter, that the Board have no power to undertake, or to spend money upon, the proposed works.

All which your Committee beg to submit.

(Signed) W^M. SHEPHERD,
GEORGE JAMES,
JOHN RUNTZ,
GEO. EDWARDS.

It was *moved* by Mr. Shepherd, seconded, and *resolved*—That the River Thames Steamboat Company, Limited, be informed, in reply to their Letter asking the Board to assist them by making arrangements for the erection of a jetty near to Hammersmith Bridge, that the Board have no power to undertake, or to spend money upon, the proposed works.

16. The Clerk stated that it was necessary that the Board should give directions with the view to obtaining a supply of Coal and Coke for use at their various Pumping Stations, Fire Brigade Stations, and Gas-meter Testing-houses, and at their Offices in Spring-gardens, during the year commencing 1st August next, and that about 27,000 Tons of Coal and 570 tons of Coke would probably be required.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the subject be referred to the Works and General Purposes Committee, for consideration, with authority to issue Advertisements and obtain Tenders for the supply of the Coal and Coke, and to report to the Board thereon.

4 June, 1886.

17. Read a Report by the Engineer, dated 4th June, 1886, on the undermentioned Sewerage works proposed to be executed by the following District Boards—

19. The Engineer presented a Report, as follows—

Engineer's Department, Spring-gardens,
1st June, 1886.

MONTHLY REPORT ON THE PROGRESS OF THE SEVERAL SPECIAL CONTRACT WORKS.

Holloway and Northern High Level Sewers Relief Lines.—Mr. W. Rigby, Contractor.—A length of about 14,600 feet of brick Sewers, varying in diameter from 7 feet to 5 feet 6 inches, has been constructed, at an estimated cost, with other works in connection therewith, of £53,200, of which about £3,200 represent the progress made in the past month. The Clerks of Works employed are Messrs. T. Panter, G. Larkin, T. Wighton, J. Driffield, J. Boyden, J. Pope and J. Fixter, at a weekly cost of £22 1s.

Queen's-road, Dalston, &c., Sewer.—Messrs. Nowell and Robson, Contractors.—A length of about 6,570 feet of brick Sewer, varying in size from 5 feet by 4 feet, to 4 feet by 2 feet 8 inches, egg-shape, is complete, the estimated value of which, with other works in connection therewith, is £16,500, of which about £900 are due to the progress made in the past month. The Clerks of Works employed are Messrs. J. Carter and J. Lake, at a weekly cost of £6 6s.

Clapham to Putney Relief Sewers.—Mr. John Waddell, Contractor.—The main line of Sewer from the "Bedford Arms" Public-house, Clapham, to Roehampton-lane, Putney, has been completed, with the exception of the aqueduct crossing the Wandle-valley, which is still in progress. The six branch Sewers are also complete. The approximate value of the work done is about £135,000. The Clerks of Works employed are Messrs. C. Bedloe and J. Judd, at a weekly cost of £6 6s.

Putney (new) Bridge.—Mr. John Waddell, Contractor.—This Bridge is practically complete and the whole of the Chelsea Water Company's mains, with the exception of a short length

High-street, Putney, are laid and tested. The Bridge was formally open for public traffic on Saturday last, the 29th May.

The Contractor has yet to finish the construction of the river-wall facing Putney Church-yard, also to complete the connections of the Chelsea Water Company's mains and the widening of the High-street, Putney, approach to the Bridge, and to remove the old Bridge, the temporary aqueduct, and the remaining portions of his stagings, &c.

The total approximate value of permanent work executed under this contract is about £217,000, of which about £500 are due to the progress made in the past month. The Clerk of Works employed is Mr. J. Gooding, at a weekly cost of £3 3s.

Hammersmith Bridge.—Messrs. Dixon, Appleby and Thorne, Contractors.—The temporary Bridge has now been completed and opened for traffic for more than a twelvemonth. The whole of the superstructure of the old bridge has been removed. The temporary chains for the erection of the permanent link chains have been raised to their required positions. The coffer-dam for the underpinning of the Southern pier has been completed, and the necessary work for securing the foundations of the bridge is finished. The excavations for the Northern and Southern abutments have been completed, and the concreting for the Southern abutment is practically completed, whilst that for the Northern abutment is well advanced. The abutment anchor-castings, steel anchor forgings, abutment saddles, and the cast-iron base plates for the pier towers have been fixed. The whole of the iron work for the pier towers the pier saddles, the wrought-iron cross-girders and cantilevers, also the steel pins and nuts for the new chains, have been delivered. The wrought-iron towers are now undergoing erection, and about 214 links have been delivered upon the works, but have not yet been passed. The total approximate value of permanent work executed (including ironwork delivered) is about £42,000, of which about £4,000 are due to the progress made in the past month. The Clerk of Works employed is Mr. H. Rice, at a weekly cost of £3 3s.

Albert Bridge.—Messrs. John Mowlem and Company, Contractors.—About one-half of the piling intended for the support of the platform of the bridge during the removal of the wire ropes, has been driven. The Clerk of Works employed upon this work, and upon the general works in connection with the Board's Bridges, is Mr. F. Bastable, at a weekly cost of £3 3s.

Lambeth Bridge.—Messrs. John Mowlem and Company, Contractors.—The re-paving of the carriageway is completed; the whole of the saddles upon the iron cables have been removed and re-packed with marine glue, and the painting of the cables and other ironwork and the tarring of the interiors of the box-girders and the under surfaces of the bridge floor-plates are complete. Thus, with a few minor exceptions, the whole of the works embraced in this contract (which was undertaken for the sum of £2,144) are now complete. The Clerk of Works employed is Mr. H. Beecher, at a weekly cost of £3 3s.

(Signed) J. W. BAZALGETTE,
Engineer.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Report be received, and that it be printed and circulated among the Members of the Board, and be referred to the Works and General Purposes Committee, for consideration.

20. Read a Report by the Engineer, dated 2nd June, 1886, stating that Mr. W. F. Crane, a Draughtsman in his Department, although somewhat improved in health since his last Report, was not sufficiently recovered to return to his duties; submitting a Medical Certificate, and recommending that he should be allowed a further leave of absence for one month, if requisite.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That one month's further leave of absence be granted to Mr. Crane.

21. Read a Report by the Engineer, dated 3rd June, 1886, on Letters from Mr. W. B. Scott, the Chief Surveyor to the St. Pancras Vestry, requesting the Board to instruct the New River Company to shift the hydrant in Euston-road; stating that the Midland Railway Company had applied to the Vestry to put in a crossing in Euston-road, to the Company's new buildings by Ossulston-street, that there was a hydrant about the centre of the proposed crossing, shown in Blue upon the tracing accompanying the second Letter, which it was desired to move about 12 feet into the foot-way, as shown by a Red colour on the same Plan, and recommending that the New River Company should be instructed to shift the hydrant, on the Vestry or the Company undertaking to bear the cost of the alteration.

It was moved by Mr. Fowler, seconded, and ~~resolved~~—That the Report be approved, and that the application be granted on the condition recommended in the Report.

General Goldsworthy—On the second reading of the Bill to move that it be read a second time upon this day six months (Monday, 30th May).

Sir Charles Dilke—After the second reading of the Bill to move that it be referred to a Select Committee.

35. The Solicitor reported that it might become necessary, before the next Meeting of the Board, to affix the Seal to Petitions, on their behalf, against Bills to be promoted in Parliament during the present Session.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Chairman of the Board be requested and authorised to affix the Common Seal of the Board to any Petitions which it may become necessary to present to Parliament on behalf of the Board before their next Meeting.

36. The Solicitor reported that Mr. Buxton, M.P., had given notice in the House of Commons to ask the Chairman of the Board a question as to the use of the Northern Outfall Sewer Embankment as a public promenade.

37. The Solicitor reported that Mr. Norris, M.P., had given notice in the House of Commons to ask the Chairman of the Board a question relative to the provision of additional means of communication across the Thames below London Bridge.

38. The Solicitor reported that the Sanitary Registration of Buildings Bill, which provided for the better sanitation of dwelling-houses, Schools, Hotels, Hospitals, and other buildings within the United Kingdom, had been introduced by Dr. Farquharson, Sir Henry Roscoe, Sir G. Hunter, and Dr. Cameron, and read a first time in the House of Commons yesterday; that the second reading was appointed for the 10th instant, and that he had not yet received a copy of the Bill.

39. The Solicitor reported that the arrangements as to the undermentioned Loans had been duly completed, and that the Cheques had been duly handed over in exchange for the proper securities—

				AMOUNT OF LOAN.
Mile-end Old-town Guardians	...	...	...	£5,000
St. Pancras Guardians	...	...	...	2,000
St. George-in-the-East Guardians	...	...	...	13,800

40. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £1,300 to the Vestry of Hampstead, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

~~Whereas~~ the Vestry of the Parish of St. John, Hampstead, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of One thousand three hundred pounds, for the purpose of defraying the expense incurred, or to be incurred, by the said Vestry, in executing brick Sewerage works in Fortune-green-lane, within the said Parish, the Plan for which was approved by the Metropolitan Board of Works on the seventh May, One thousand eight hundred and eighty-six. ~~And whereas~~ the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand three hundred pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of One thousand three hundred pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be, within a period of Thirty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £1,300 be now drawn in favour of the Vestry of Hampstead; and a Cheque was drawn on the General Capital Account accordingly.

41. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £2,000 to the Wandsworth District Board, and he suggested that this Board should pass an Order authorising the Vestry to borrow the amount.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Board of Works for the Wandsworth District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act, within the said District, of a sum of Two thousand pounds, for the purpose of defraying the expense incurred, or to be incurred, by the said District Board, in executing certain wood-paving works in the High-street, Clapham (between Nos. 2 and 5, and No. 54, High-street), and in Clapham-park-road (between Clapham-cross and Pleasant-place), all within the said District. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Two thousand pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Two thousand pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be, within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £2,000 be now drawn in favour of the Wandsworth District Board; and a Cheque was drawn on the General Capital Account accordingly.

42. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the Loan of £8,000 to the Vestry of St. George-the-Martyr, Southwark, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and a Cheque for £10 for Stamp-duty.

It was thereupon *moved* by Mr. Fowler, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of Saint George-the-Martyr, Southwark, in the County of Surrey, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry under the first-mentioned Act, within the said Parish, of a sum of Eight thousand pounds, for the purpose of defraying part of the expenses incurred, or to be incurred, by the said Vestry in executing certain wood-paving works in part of the Southwark-bridge-road (from Newington-causeway to the Borough-road), and certain granite-paving works in parts of Southwark-bridge-road (from the Borough-road to the boundary of the Parish, Saint George's-road (from Newington-butts to Westminster-road)

Lambeth-road (from St. George's-circus to the boundary of the Parish), and the Borough-road (from St. George's-circus to Southwark-bridge-road), all within the said Parish. And whereas the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Eight thousand pounds should be borrowed by the said Vestry for the purposes aforesaid. Therefore, it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Eight thousand pounds, for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid as to One thousand three hundred pounds (to be expended in wood-paving works), by annual instalments of as nearly equal an amount as may be, within a period of Six years, and as to Six thousand seven hundred pounds (to be expended in granite-paving works), by equal annual instalments, within a period of Twenty years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £8,000 be now drawn in favour of the Vestry of St. George-the-Martyr, Southwark, and a Cheque for £10 for the Stamp-duty on the Mortgage-deed; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

43. The Solicitor suggested that the Board should draw a Cheque to the order of the Bank of England for £4,000, the amount of Mr. Ryde's valuation, under the 85th Section of the Lands Clauses Consolidation Act, 1845, for meeting the claim of Messrs. Meux and Co. in respect of the "Flying Horse" Public-house in Walworth-road, being No. 29, on the Plan of the Walworth-road Improvement, with a view to the amount being paid into the Court of Chancery.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £4,000 be now drawn in favour of the Bank of England for the Court of Chancery; and a Cheque was drawn on the Streets (Act of 1883) Account accordingly.

44. The Solicitor presented a copy of the Contagious Diseases (Animals) Bill which provided for enlarging and making more perfect the scope of the several measures on the subject which had been passed, and stated that the Bill had been read a second time in the House of Lords on the 28th ultimo, and appointed for consideration in Committee of the whole House this evening.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Bill be referred to the Special Purposes and Sanitary Committee and the Parliamentary Committee, for consideration and report.

45. The Solicitor reported that the Treasury had approved of the periods for the repayment of the several portions of the Loan of £27,324 to the Managers of the Metropolitan Asylums District, and he suggested that the Board should draw a Cheque for the amount, in order to enable him to complete the matter.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a Cheque for the sum of £27,324 be now drawn in favour of the Managers of the Metropolitan Asylums District; and a Cheque was drawn on the General Capital Account accordingly.

46. The Solicitor read a Report, as follows—

Solicitor's Department,
4th June, 1886.

NEW BATTERSEA BRIDGE.—TENDER OF MESSRS. J. WILLIAMS, SON AND WALLINGTON.—
£143,000.

I present a Report of the result of the enquiries directed by the Board to be made. The Board will no doubt consider this satisfactory, and wish to confirm the acceptance of Messrs. J. Williams, Son and Wallington's Tender for £143,000, and direct me to prepare the Contract.

4 June, 1886.

Having regard to Section 23 of the Metropolis Local Management Act, 1862, and the amount of this Contract it will, I think, be prudent that the Resolution to be now passed by the Board accepting the Tender, and directing the Contract to be prepared and sealed, should be confirmed at a subsequent Meeting of the Board.

I annex the form of Resolution, which, assuming the Board to desire to confirm the acceptance of the Tender, should, I think, be now passed by the Board, and be submitted to the Board at their next Meeting for confirmation, as before mentioned.

(Signed) R. WARD
Solicitor.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the foregoing Report be approved and acted upon.

The Board considered further the Tender of Messrs. J. Williams, Son and Wallington, for the erection and completion of the new Battersea Bridge, for the sum of £143,000, and a Report by the Solicitor as to the result of the enquiries made by him, as directed by the Board at their last Meeting, and it was thereupon ~~moved~~ by Mr. Francis Hayman Fowler, the Deputy-Chairman of the Board, seconded by Mr. William Robbins Selway, and ~~resolved~~—“That the Tender of Messrs. J. Williams, Son and Wallington, for the erection and completion of the new Battersea Bridge, for the sum of £143,000, be accepted, and that it be referred to the Solicitor to prepare the necessary Contract, and to get the same executed by the Contractors, and that the Seal of the Board be affixed to such Contract, when the same shall have been so executed by the Contractors.”

47. The Solicitor presented the following documents for sealing—

Appointment of Valuer in the matter of claim by Messrs. Murray and Hope (Marquis Camden's Trustees) in respect of freehold premises known as Nos. 66 and 68, Kentish-town-road, St. Pancras (Kentish-town-road to Great College-street, Improvement).

Conveyance to the Board by Mrs. M. A. Cornwell, and her Mortgagee, of leasehold interest in premises known as Nos. 49 and 51, Green-street, and Nos. 1 and 2, Chester-place, Bethnal-green, and a Memorial for the registration of the same (Green-street, Bethnal-green, Improvement).

Conveyance to the Board by Mr. E. J. Ward, and his Mortgagees, of leasehold interest in premises known as Nos. 1 and 2, Helen's-place, St. Matthew, Bethnal-green, and a Memorial for the registration of the same (Green-street, Bethnal-green, Improvement).

Conveyance to the Board by Messrs. Price and Grimsdell (Executors of the Will of J. Frost, deceased) of leasehold interest in No. 288, Upper-street, Islington, and premises at the rear, and a Memorial for the registration of the same (Upper-street, Islington, Improvement).

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

48. The Clerk laid before the Board copies of the Orders of the Board of the 28th instant (No. 3), for the re-naming, &c., of the following thoroughfares, together with copies of the Plans referred to in such Orders, viz.—

Bute-street	...	...	...	...	...	...	Kensington.
Farm-street	...	...	...	...	...	...	Do.

Howland-street	...	...	...	...	...	Do.
London-street ...	...	...	...	...	...	Do.
Phoenix-street ...	...	...	...	...	...	Do.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

49. The Clerk reported that Mr. Moore, one of the Assistants in his Department, was still unable to resume his duties, in consequence of illness, but that he hoped to be able to do so shortly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That one month's further leave of absence be granted to Mr. Moore.

50. The Clerk presented a Letter from Mr. T. Jervis, Secretary of the North Metropolitan Tramways Company, dated 31st May, 1886, stating in reply to the Board's Letter, that the Company were not aware that there was any danger arising from their steam Tram engines passing over the crossing opposite the Western entrance to Finsbury-park, and also stating that the Company could not work their traffic if they were to adopt the Board's suggestion to stop their traffic to the East of the Park entrance gates in the Seven Sisters'-road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons and Open Spaces Committee.

51. The Clerk presented a Letter from Mr. A. J. R. Trendell, Science and Art Department of the Committee of the Privy Council on Education, dated 31st May, 1886, asking permission for a few students of the National Art Training School to make measurement drawings of Buckingham Water-gate on the Victoria Embankment.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the application be acceded to.

52. The Clerk presented a Letter, as follows—

Guardians of the Poor of the Parish of St. Mary, Islington.

Guardians' Offices,

St. John's-road, Upper Holloway, N.

31st May, 1886.

LOAN OF £1,200.

DEAR SIR,—I am directed by the Guardians of this Parish to state that they are authorised by an Order of the Local Government Board of the 25th instant, to borrow the sum of £800 for making certain alterations in the Officers' apartments of the Workhouse School in Hornsey-road, and the sum of £400 for the enlargement of the Labour shed at Shadwell-road Workhouse, making £1,200 in all. The Guardians direct me to ask whether the Metropolitan Board of Works are willing to advance this sum, and at what rate of interest. The Local Government Board will sanction the re-payment of the principal and interest in 30 equal half-yearly instalments.

The Guardians are prepared to take up the money forthwith.

Yours, &c.,

(Signed) EDWIN DAVEY,

Clerk.

The Clerk,

Metropolitan Board of Works,

Spring-gardens, S.W.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

53. The Clerk presented a Letter, as follows—

Chamber of London, Guildhall, E.C.,
June 1st, 1886.

DEAR SIR,—I beg to enclose herewith a statement of the receipt of the Coal Duties (8d. and 1d. per ton) and the duty on Wine, from 1st January, 1886, to the 31st March, 1886, showing the net proceeds of the same, viz., £74,296 17s. 6d., and to inform you that I have this day paid that amount into the Bank of England to the credit of the Account of the “Thames Embankment and Metropolis Improvement Fund”

I am &c.,
(Signed) BENJAMIN SCOTT,
Chamberlain.

To J. E. Wakefield, Esq.,
Clerk to the Metropolitan Board of Works,
Spring-gardens.

The Statement referred to was laid before the Board.

It was moved by Mr. Fowler, seconded, and resolved—That a Cheque for the sum of £74,296 17s. 6d. be now drawn on the Thames Embankment and Metropolis Improvement Fund, for transferring that amount from the Bank of England to the Board's Account at the London and Westminster Bank.

A Cheque was thereupon drawn accordingly.

It was moved by Mr. Fowler, seconded, and resolved—That the Letter and Statement be referred to the Finance Committee.

54. The Clerk presented a Letter from Mr. B. Hills, dated 1st June, 1886, transmitting a copy of Resolutions passed at a meeting of ratepayers of St. Paul, Deptford (East Ward), urging the desirability of a free Subway being established across the River Thames from Deptford, near the Cattle-market, to Millwall.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

55. The Clerk presented a Letter from Mr. W. J. Dibdin, the Chemist to the Board, dated 25th May, 1886, asking the Board to consider the heavy duties devolving upon him in connection with the Chemical and Gas Department, and more especially those relating to the treatment and disposal of the London Sewage, with a view to such alteration in his salary as to the Board might seem fit.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

56. The Clerk presented a Letter from Colonel Sir C. Warren, G.C.M.G., Commissioner of Metropolitan Police, dated 1st June, 1886, calling attention to probable danger from the landing steps leading down to the River from the Victoria Embankment, especially those near the Cleopatra Needle, and suggesting that a substantial rail should be fixed down the middle of every flight of steps from the top to the bottom.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

57. The Clerk presented a Letter from Mr. A. B. C. Bellamy, Clerk of the Vestry of Streatham, dated 2nd June, 1886, enclosing a copy of a Resolution of the Vestry urging the Board to acquire the portion of land adjoining Tooting-beck-common, at present in the occupation of Mr. J. Brand, for the use of the public as Common land for ever.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That a communication founded upon the Report of the Works and General Purposes Committee, on the subject, presented this day, be sent in reply to the said Letter.

58. The Clerk presented a Letter from Mr. G. C. Harding, Clerk to the Vestry of Kensington, dated 2nd June, 1886, transmitting a copy of a Special Report of the Vestry on the Sanitary, Nuisances Removal, and other cognate Acts, and a copy of a Report as to the best means to be adopted for carrying out the recommendations contained in the Special Report.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

59. The Clerk presented a Letter from Mr. R. R. Fairbairn, Hon. Secretary of the South Metropolitan Ratepayers' League, dated 2nd June, 1886, asking for a copy of the Plans of the proposed improvement of Blackhorse Bridge, Deptford, which were submitted to the Board on the 19th June, 1885 (No. 17).

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

60. The Clerk presented a Letter signed by the Rev. G. Godsell, and the Head Master and Head Mistress of St. Andrew's Schools, Plaistow, dated 2nd June, 1886, asking permission for the children from Beckton attending the Schools to use the High Level Sewer bank as a road-way in going to and from the Schools.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

61. The Clerk presented a Letter from Mr. J. Nettlefold, dated 2nd June, 1886, late an employé of the Lambeth Bridge Company, requesting that his Pension of £34 19s. 3d. might be commuted.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

62. The Clerk presented a Letter from Mr. T. Floyd, Engineer of the London Southern Tramways Company, dated 31st May, 1886, stating that it was proposed to begin the construction of the South Lambeth-road section of the Tramway, as authorised by the Company's Act of 1882, on or about the 9th June.

Upon the presentation of the said Letter, Mr. Selway, as a matter of emergency, called attention to the Section in the Company's Act of 1882 relating to a sum of £1,000 to be contributed by the Company towards the cost of widening the South Lambeth-road, and he *moved*—That it be referred to the Works and General Purposes Committee to consider and report whether, as the widening of the part of the South Lambeth-road, referred to, has been, at the instance of the Lambeth Vestry, carried out by the Board at the cost of the Metropolis at large, the Vestry should not be required to pay over to the Board the £1,000 paid or to be paid by the Tramway Company to the Vestry towards the cost of the Improvement.

The motion having been seconded by Mr. Price, it was declared by the Chairman to be carried; and it was *resolved* accordingly.

63. The Clerk presented a circular Letter from Mr. W. H. Farnfield, Clerk to the Poplar District Board, dated 27th May, 1886, enclosing a copy of a Resolution, stating that the District Board were of opinion that the Coal and Wine Dues should, if extended, be applied to provide means of communication North and South of the Thames, East of London Bridge.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

64. The Chemist laid before the Board his Return of the Testings made at the Gas-testing Stations during the week ended on the 1st instant, as follows—

4. A Deputation from the Vestry of Lambeth, introduced by Mr. Funnell, and consisting of the following gentlemen, viz.—Mr. W. Stockbridge, Mr. W. M. Symons, Mr. G. Garlick, Mr. T. Hooper, Mr. J. Bygrave, and Mr. C. Arnold, accompanied by Mr. H. J. Smith, the Clerk to the Vestry, attended the Board, and presented a Memorial, which was read, as follows—

To the Metropolitan Board of Works.

The Petition of the Vestry of the Parish of Lambeth,

SHEWETH—

That the Albert Embankment and High-street, Vauxhall, and part of Nine-elms-lane, are within the Parish of Lambeth, and under the control and management of your Memorialists.

That the construction of the Albert Embankment has created a great increase to the traffic at Vauxhall, which increased traffic has all to pass through the narrow throat of High-street, Vauxhall, the width of the road-way of the Embankment being from 80 to 90 feet wide, and the road-way of High-street being only 45 feet.

That, in addition to the general traffic, a very large and increasing traffic exists to the goods station of the London and South-Western Railway Company in Nine-elms-lane, the road-way of which lane is only 35 feet wide at its commencement.

That the construction of Tramways on the Embankment, Nine-elms-lane and Wandsworth-road has further limited the road-way space available for general wheel traffic.

That a great public Improvement would be effected if the property on the East side of High-street, Vauxhall, could be pulled down, and a sufficient space thrown into the road. The whole of such buildings were included in the property within the limits of deviation of the lands shown on the Plans deposited for the Act under which the Albert Embankment was constructed.

That a further great public Improvement would be effected if the entrance to Nine-elms-lane to the gates of the Goods Station could be widened and the road-way considerably increased.

Your Memorialists therefore pray that your Honourable Board will take the necessary measures to widen High-street, Vauxhall, and the entrance to Nine-elms-lane, such work to be carried out as a Metropolitan Improvement out of the general funds of the Board.

(Signed) HENRY J. SMITH,
Clerk to the Vestry.

L. S.

The Deputation having been heard in support of the Memorial,

It was moved by Mr. Funnell, seconded by Mr. Hill, and resolved—That the Memorial be referred to the Works and General Purposes Committee, for consideration and report.

5. This being the day appointed for receiving Tenders for the laying down of new granite carriage-ways and York stone foot-ways, and constructing certain brick and pipe sewers, in connection with the intended new line of thoroughfare from Southwark-bridge-road to Great Dover-street, Borough,

The Clerk laid before the Board thirteen Tenders which he had received pursuant to the Advertisement.

It was *moved*, seconded, and *resolved*—That the said Tenders be now opened.

The Tenders were opened, as follows—

1. Mr. Shepherd brought up a Report, as follows—

REPORT OF THE COMMITTEE OF THE WHOLE BOARD.

Spring-gardens, 14th June, 1886.

Your Committee have considered the several Tenders for the execution of paving and sewer works, in the intended new line of street, from Southwark-bridge-road to Great Dover-street, Borough, referred to them this day, and beg to recommend—

That the Tender of Messrs. Hindle and Morrish, for the execution of the said works, for the sum of £10,849 be accepted, subject to the usual enquiries.

All which your Committee beg to submit.

(Signed) FRANCIS H. FOWLER,
W^M. SHEPHERD,
SAM^L. PRICE.

The Report having been read and received,

It was ~~moved~~ by Mr. Shepherd, seconded by Mr. Price, and ~~resolved~~—That the Tender of Messrs. Hindle and Morrish for the laying down of new Granite carriage-ways and York stone foot-ways, and the construction of certain brick and pipe sewers,

in connection with the intended new line of thoroughfare from Southwark-bridge-road to Great Dover-street, Borough, for a sum of £10,849, be accepted, subject to the usual enquiries.

Mr. Morrish was then called in and informed by the Chairman (Mr. Fowler), of the foregoing Resolution, and, in reply to a question, he stated that his firm were prepared to execute the works in accordance with the Board's Specification, and for the amount of the Tender.

2. Mr. Runtz handed in a Letter, as follows—

Board of Works for the Hackney District.

Town-hall, Hackney, E.
10th June, 1886.

J. E. Wakefield, Esq.,
Metropolitan Board of Works,
Spring-gardens.

METROPOLITAN IMPROVEMENTS.—MARE-STREET WIDENING.

SIR,—In view of the Metropolitan Board of Works preparing their list of Metropolitan Improvements, to be included in a Bill for the coming Parliamentary Session, I am directed by the Board of Works for the Hackney District to call the attention of your Board to the application of my Board of June 25th, 1885, in respect of the above main thoroughfare.

Since the Metropolitan Board of Works carried out the Improvement Northward of the North London Railway Station in 1878, the growth of the traffic has been enormous, this being the principal route for vehicles from all parts of London to Epping Forest, Chingford, High Beech, &c., and the tramway and general local traffic has increased to such an extent that serious blockages are of continual occurrence, and many accidents (some of them fatal) have occurred in the narrow parts of this street.

In the application made by my Board last year, the whole of this thoroughfare from Dalston-lane to Cambridge-heath was included; but it has since been intimated to the Board that probably the Metropolitan Board of Works would not be prepared to entertain so large a scheme at one time, and inasmuch as the narrow parts of Mare-street are in sections, they should be requested to deal with certain sections in the coming Session.

My Board have considered the matter, and desire to submit for the consideration of the Metropolitan Board of Works the sections, marked AB, CD, and EF, on the accompanying Plan, thus—

A to B.—From the South side of Clapton-square Southward to the Northern end of the part already dealt with by the Metropolitan Board of Works in 1878.

C to D.—From the Southern side of the North London Railway Bridge in continuation Southward to Paragon-road.

E to F.—From the Southern side of St. Thomas' Chapel Southward to Helmsley-street.

The sections in the opinion of my Board are most affected by the pressure of traffic, and in the event of your Board desiring to modify the scheme, they beg to submit them for your first consideration.

Yours, &c.,
(Signed) RICHARD ELLIS.

The Plan referred to was laid before the Board.

It was moved by Mr. Runtz, seconded, and resolved—That the Letter be referred to the Works and General Purposes Committee for consideration, in connection with the references already made to them on the subject to which it relates.

3. Mr. Abbott handed in a Letter, as follows—

Board of Works for the Limehouse District.

Office, White-horse-street,
Commercial-road East, E.,
11th June, 1886.

GENTLEMEN,—I am directed by the Board of Works for the Limehouse District to inform the Metropolitan Board that renewed complaints have been made by inhabitants of houses

in the locality and others of the escape of noxious effluvia from the ventilating grate of the main Sewer at the Triangle, Limehouse.

This Board beg to refer to their Letter to the Metropolitan Board, dated 13th January, 1886, in which it is stated that the attention of this Board had been directed to the improved state of the main Sewers running through the Limehouse District as regards the escape of noxious gases from the ventilating grates thereof, and expressing the great satisfaction of this Board at the beneficial result of the process adopted.

This Board would also refer to the draft Report of the Special Purposes and Sanitary Committee of the Metropolitan Board, sent to this Board, upon the cleansing and ventilation Sewers generally, and more particularly to that part thereof (page 23) which states that, "During hot and dry weather decomposition is rapid, and your Committee are of opinion that "it is then desirable to improve the condition of the sewage, and, as far as possible, prevent the "formation of offensive gases."

This Board begs most respectfully to call the attention of the Metropolitan Board to the matter, in the hope that directions will be given for the deodorisation of the sewage at the place before mentioned, so as to prevent the discharge of offensive and noxious gases therefrom.

I am, &c.,
(Signed) THOS. W. RATCLIFF,
Clerk of the Board.

To the Metropolitan Board of Works.

It was ~~moved~~ by Mr. Abbott, seconded, and ~~resolved~~—That the Letter be referred to the Works and General Purposes Committee and the Special Purposes and Sanitary Committee, and also to the Engineer, for consideration and report.

4. Mr. Fardell, the Chairman of the Finance Committee, brought up a Report, as follows—

Your Committee have also to report that they have examined the Certificates of the various principal Officers for the payment of the sums mentioned in the accompanying Statement, and have found the same correct; and they recommend—

That the sums specified therein, amounting in the whole to £175,253 19s. 7d. be paid.

Your Committee have had before them Statements of certain sums payable to District Surveyors in respect of services in connection with Dangerous Structures, and for expenses of Shoring and Hoarding; and they recommend—

That the necessary Orders be made with respect to the same.

Pursuant to the Order of the Board of the 6th July, 1883 (No. 8), your Committee have had before them a Statement of the Salaries which will become payable to the Board's Officers on the 25th instant, amounting to the sum of £9,312 ls. 5d. which Statement has been approved by your Committee ; and they beg to submit the same, and to recommend—

That the Board do pass an Order authorising the Treasurer to pay the several amounts on or after the 25th instant.

Your Committee have considered the application of the Vestry of Chelsea, for permission to borrow, and for the advance of a sum of £3,000 to defray the cost of wood-paving, referred by the Board on the 28th ultimo (No. 48). The Vestry propose to take up the road-way of Oakley-street, and to re-lay about 6,150 square yards, of 5-inch yellow blocks, on Portland cement concrete 6 inches in thickness, at an estimated cost (10s. per yard), including the raising and fixing of new gullies, of £3,075, which your Engineer considers fair and reasonable. Mr. Mossop, the representative of the Vestry has explained the necessity for the works, and, seeing no objection to the advance, your Committee recommend—

That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Luke, Chelsea, for permission to borrow and also for a Loan of a sum of £3,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April within Six years ; that it be referred to the Solicitor to complete the Loan ; and that the amount be advanced out of the General Capital Account.

Your Committee have considered the Letter from the Guardians of the Poor of the Wandsworth and Clapham Union, requesting a Loan of a sum of £3,500, referred by the Board on the 16th April last (No. 53). The Guardians propose to erect a Dispensary and Relief Station, for which they have obtained the requisite sanction of the Local Government Board. As there appears to be no objection to the Loan, your Committee recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Wandsworth and Clapham Union, for a Loan of a sum of £3,500 to defray the cost of the erection of a Dispensary and Relief Station, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and with the principal being re-paid by such equal half-yearly payments, as reckoning principal and interest together will re-pay the sum borrowed within 30 years ; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

Your Committee have considered the application of the Managers of the Metropolitan Asylum District, for a Loan of a sum of £10,785, referred by the Board on the 15th January last (No. 35). The Managers have obtained authority from the Local Government Board to raise a Loan to carry out certain drainage works at the Northern Hospital, for softening, filtering, and purifying the water supply at Darenth Asylum, and for works at West Wharf, Fulham, estimated to cost respectively, £1,503, £3,075, and £6,207. The Board have the funds to make the advance, and your Committee, seeing no objection thereto, recommend—

That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Managers of the Metropolitan Asylum District, for a Loan of a sum of £10,785 towards defraying the cost of drainage works at the Northern Hospital ; and the cost of works for softening, filtering, and purifying the water supply at the Darenth Asylum, and works at West Wharf, Fulham, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July and the 31st October in each year and the principal by equal annual instalments on each 30th April, as to £7,827 within 30 years,

11 June, 1886.

and as to £2,958 within 10 years ; that it be referred to the Solicitor to complete the Loan, and that the amount be advanced out of the General Capital Account.

In accordance with the Resolution of the Board of the 28th ultimo (No. 12), your Committee have considered the subject of the appropriation of the amount received on account of the Board's Loan for the present year, raised by the issue of £1,250,000 Three per Cent. Metropolitan Stock. By the Board's Money Act of 1885 (Section 17) is provided that the Board may, within 12 months after the issue of Consolidated Stock, carry to the Dividend Account of the Consolidated Loans Fund so much of the moneys arising from the issue of such Stock as the Treasury may approve, in order to cover the payment of Dividend from dates earlier than those fixed for receiving the cash instalments of the Loan. The Stock was issued on the 25th May at the average price of £99 12s. 2d., and it bore an unearned Dividend of nearly 17s. 4½d. per cent. The total sum to be transferred in respect thereof is £10,853 7s. 3d., for which the Treasury sanction must be obtained, and your Committee therefore recommend—

That the necessary application be made to the Treasury.

The gross amount receivable from the Loan is £1,245,146 18s. 6d., and should the Treasury agree to the proposed transfer of £10,853 7s. 3d. to provide the unearned Dividend payable upon the Stock, the net produce will be £1,234,293 11s. 3d. which it is proposed to apply to the respective purposes stated in the Estimate for raising the Loan, presented to the Board on the 28th May last (No. 12), except that it becomes necessary to reduce the total of £1,039,470 mentioned in that Estimate, by deducting £15,706 8s. 9d. from the amount proposed to be raised for minor Improvements, thereby reducing the total of the Board's own requirements to £1,023,763 11s. 3d. and the total amount to be raised to £1,234,293 11s. 3d. As it is necessary that the Treasury should sanction the appropriation, your Committee recommend—

That the requisite application be made to the Treasury.

Your Committee have for some time past had under consideration the subject of the difficulty which the Board sometimes experience in obtaining payment of the expenses incurred in connection with Dangerous Structures, and they have received from your Solicitor a Report as to the Board's power to sell the premises, or to take any other proceedings for obtaining payment. In the majority of cases in which expenses are incurred the money is recovered, in others Orders are obtained charging on the site the amount due but in some cases practical means of enforcing payment appears to be wanting. As the Building Act Committee have charge of the work relating to Dangerous Structures, your Committee think it desirable that your Solicitor's Report should be referred to that Committee for consideration, with a request that they will inform your Committee what course they have thought it desirable to adopt in reference thereto, with a view to facilitate the recovery of such expenses, and your Committee recommend accordingly.

On the 28th May last (No. 1), the Board decided not to proceed further with the Loan of £12,000 and £3,000 to the Greenwich District Board, and it therefore becomes necessary that the Cheques for £15,000, and £18 15s. for stamp-duty, drawn on the 26th March last in respect of the Loan, should be cancelled.

On the 14th ultimo a Cheque was drawn on the Bridges Maintenance Account for £9 6s. 10d., the half-yearly pension due to Mr. J. Irwin. It has been ascertained that Mr. Irwin died on the 26th November last, and the amount due to his representatives, £1 12s., having been paid through the Petty Disbursement Account, it is necessary that the Cheque should be cancelled.

On the 24th ultimo the Works and General Purposes Committee drew a Cheque on the Dwelling House Improvement Fund for £16 3s., in favour of Mr. R. C. Driver, on a second Certificate, issued in error from the Office of Works and Public Buildings,

but the Cheque not being required it should be cancelled. Your Committee accordingly recommend—

That the four Cheques above referred to be cancelled.

All which your Committee beg to submit.

(Signed) T. G. FARDELL,
DONALD MUNRO,
CHAS. MOSSOP,
GEORGE JAMES.

The Statement of Officers' Salaries, submitted with the Report, was laid before the Board.

The Report having been read and received,

It was moved by Mr. Fardell, seconded, and resolved—That the sums specified in the Statement submitted by the Committee, amounting in the whole to £175,253 19s. 7d., be paid.

Cheques were thereupon signed by two Members of the Board present at the Meeting.

It was moved by Mr. Fardell, seconded, and resolved—That the Fees specified in the Three summaries of Accounts now presented to the Board, marked A to D inclusive, and signed by their Clerk, be paid to the respective District Surveyors mentioned in the following Abstract, for services performed by them in connection with Dangerous Structures in the Metropolis, not being within the City of London, such services being the surveying, by direction of the Board, under the second part of the Metropolitan Building Act, 1855, and pursuant to the Metropolitan Building Act, 1869, of Structures reported to be in a dangerous state, and certifying opinions thereon; and also for special services performed by them in cases in which special services have been required.

It was moved by Mr. Fardell, seconded, and resolved—That the Statement, now submitted, showing the Salaries payable to the Officers of the Board on the 25th instant, amounting to the sum of £9,312 1s. 5d., be approved, and that the Treasurer of the Board, the London and Westminster Bank (Limited), be authorised to pay the several sums specified in such Statement, to the persons entitled to receive the same.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to the Board hereafter giving their written consent under their Seal to the borrowing, and subject to all proper consents and evidence being furnished to the satisfaction of the Solicitor, the application of the Vestry of St. Luke, Chelsea, for permission to borrow, and also for the Loan of a sum of £3,000, to defray the cost of wood-paving works, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July, and the 31st October in each year, and the principal being re-paid by equal annual instalments on each 30th April, within a period of Six years; that it be referred to the Solicitor to take the necessary measures for completing the Loan; and that the amount be advanced out of the General Capital Account.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Guardians of the Poor of the Wandsworth and Clapham Union, for a Loan of a sum of £3,500 to defray the cost of the erection of a Dispensary and Relief Station, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, calculated quarterly, and with the principal being re-paid by such equal half-yearly payments, as reckoning principal and interest together will re-pay the sum borrowed within a period of Thirty years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was moved by Mr. Fardell, seconded, and resolved—That, subject to all necessary or proper consents being obtained thereto, to the satisfaction of the Solicitor, the application of the Managers of the Metropolitan Asylum District, for a Loan of a sum of £10,785 towards defraying the cost of drainage works at the Northern Hospital, and works for softening, filtering, and purifying the water supply at the Darenth Asylum, and works at West Wharf, Fulham, be granted, on condition that the Loan be taken up without delay, interest being charged thereon at the rate of £3 10s. per centum per annum, payable quarterly on the 31st January, the 30th April, the 31st July and the 31st October in each year, and the principal by equal annual instalments on each 30th April, as to £7,827 within a period of Thirty years, and as to £2,958 within a period of Ten years; that it be referred to the Solicitor to take the necessary measures for completing the Loan, and that the amount be advanced out of the General Capital Account.

It was moved by Mr. Fardell, seconded, and resolved—That application be made to the Treasury for their approval of the sum of £10,853 7s. 3d. being transferred from the General Capital Account to the Dividend Account of the Consolidated Loans Fund, in respect of unearned Dividend, paid upon the Stock created by the Loan of 1886, as provided by the 17th Section of the Board's Money Act, 1885.

It was moved by Mr. Fardell, seconded, and resolved—That application be made to the Treasury, for approval of the appropriation of the net produce, amounting to £1,234,293 11s. 3d., in respect of the issue of £1,250,000 Three per Cent. Metropolitan Consolidated Stock.

It was moved by Mr. Fardell, seconded, and resolved—That the Report by the Solicitor as to the power of the Board to sell the materials of premises condemned as Dangerous Structures be referred to the Building Act Committee for consideration, with a request that they will inform the Finance Committee what course they have thought it desirable to adopt in reference thereto with a view to facilitate the recovery of expenses incurred by the Board in proceedings with respect to Dangerous Structures.

It was moved by Mr. Fardell, seconded, and resolved—That, inasmuch as the Board have decided not to proceed further with the Loan, the undermentioned Cheques, drawn in respect thereof, be now cancelled—

Amount received by the Board, 25th May, 1886	...			£594	19	9

Your Committee have further to report that they have authorised the Sub-Committee, upon examination of Accounts, in the event of further Cheques being required before the Whitsun Recess, to examine the list of proposed payments, and to submit the same to the Board on the 11th instant, in order that Cheques may be drawn for the several amounts therein stated.

Your Committee have considered the Letter from the Home Department, referred by the Board on the 7th ultimo (No. 42), asking that the Secretary of State may be informed whether there is any probability of the Board being willing to enter into a negotiation with the Prison Commissioners for the purchase of the sites of Cold Bath Fields and Clerkenwell Prisons, or either of them, with a view to their appropriation to the erection of Dwellings for the Working Classes. The Board are aware that a number of sites have been reserved for working people's dwellings in connection with the Gray's-inn-road Improvement, and that others will be reserved in connection with the new street from Gray's-inn-road to St. John-street-road. Having regard to the number of persons (altogether 2,910) for whom improved dwellings may thus be provided within a very short distance of the above-mentioned Prison sites, your Committee do not deem it expedient that the Board should enter into negotiation with the Prison Commissioners for the purchase of either of the sites referred to in the Letter from the Home Office. Your Committee, under the authority given to them by the Board, have sent a reply to the Home Office, expressing that view, and giving the particulars of the various sites reserved, or to be reserved for working class dwellings, and the number of persons who would thus be accommodated.

Your Committee have also considered the Letter from the Vestry of Clerkenwell, which was referred by the Board on the 23rd October last (No. 41), expressing the opinion that, in the event of the removal of the two Prisons above referred to, some portion of the ground upon which they stand should be preserved as an open space. Looking to the dense population in Clerkenwell and the neighbourhood, your Committee are of opinion that it would be a great advantage if the suggestion of the Vestry were adopted, and if a portion of the ground were preserved as an open space. They have accordingly made a suggestion to that effect in the Letter to the Home Office, referred to in the previous paragraph.

Your Committee have had before them a Letter from the Wandsworth District Board, applying for permission to form a footpath on the site of the main Heathwall Sewer, from Queen's-road to Heath-road, as shown upon the Plan accompanying the application. Your Committee, after conference with your Engineer, recommend—

That the application be granted.

Your Committee have also had before them a Letter from Mr. W. W. Tyler, on behalf of Mr. T. Johnson, applying for permission to erect a building over a part of the site of the main Duffield Sewer between Nos. 2 and 4, Farncombe-street, Bermondsey. Part of the proposed building, which Mr. Tyler states will consist of a ground floor, with one storey over the same, will extend at the rear for a length of 12 feet over the Duffield Sewer, which is 5 feet in diameter, 9 inches thick, and its crown 8 feet 3 inches below the surface, all as shown upon the accompanying Plan and Section marked "B." Mr. Tyler would protect the Sewer, by arching it over as also shown by the Section. Your Committee, after consulting your Engineer, recommend—

That the Board do grant the application, upon Mr. Johnson entering into the usual Agreement, to be prepared by the Solicitor, reserving to the Board their right of access to the Sewer at any time for repair, cleansing or re-construction, and without payment of compensation in respect thereof.

Your Committee have considered the Memorial of the Poplar District Board of Works, referred by the Board on the 28th ultimo (No. 5), on the subject of the periodical recurrence of flooding in the Isle of Dogs. The District Board refer to the steps which this Board have taken to establish a Pumping Station in the locality, but they ask that, pending the institution of the permanent works, something may be done to provide temporary means of relief. Your Committee recommend—

That the Engineer be instructed to take measures for the purpose, by the hire or purchase of an engine, pumps, &c., and that the District Board be informed accordingly.

Your Committee have further to report that they have considered the Letter from the Greenwich District Board, referred on the 28th ultimo (No. 43), again asking this Board to introduce into one of their Bills to be brought into Parliament a Clause to enable a portion of the Burial-ground of the Parish Church of St. Paul, Deptford, to be added to the adjoining highway of Church-street. Your Committee, having again given careful consideration to the matter, are unable to advise the Board to depart from the decision arrived at on the 9th November, 1883, declining to take the course suggested, and they recommend—

That the District Board be informed to that effect.

Your Committee beg to submit the Schedule of lands proposed to be taken compulsorily for the purposes of the Tabard-street, Newington, Artizans,' &c., Dwellings Act Improvement Scheme, and to recommend that the same be, together with an application for the appointment of a Standing Arbitrator, sealed and forwarded to the Secretary of State for the Home Department.

All which your Committee beg to submit.

The marked Catalogue and Account of sales of building materials of premises in Cherry-garden-street (Jamaica-road); Blackman-street (Southwark-bridge-road); and Crown-street and Crown-place, Denmark-street, &c. (Charing-cross), and the Schedule of lands to be taken compulsorily for the Tabard-street, Newington, Scheme, under the Artizans', &c., Dwellings Act, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report to be made this day by the Sub-Committee, appointed by the Works and General Purposes Committee to examine certain Accounts, be received by the Board, and that Cheques be drawn for the several amounts required.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the reply sent by the Committee to the Letter from the Secretary of State, with reference to the sites of Coldbath-fields and Clerkenwell Prisons, be approved.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the application of the Wandsworth District Board for permission to form a footpath on the site of the Main Heathwall Sewer, from Queen's-road to Heath-road, Clapham, be granted.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the application of Mr. W. W. Tyler, on behalf of Mr. T. Johnson, for permission to erect a building over a part of the site of the Main Duffield Sewer, between Nos. 2 and 4, Farncombe-street, Bermondsey, be granted, upon condition that Mr. Johnson do enter into the usual Agreement, to be prepared by the Solicitor, reserving to the Board their right of access to the Sewer at any time for repair, cleansing, or re-construction, and without payment of compensation in respect thereof.

It was *moved* by Mr. Selway, seconded, and *resolved*—That so much of the Report as relates to the Memorial from the Poplar District Board on the subject of the periodical recurrence of floodings at the Isle of Dogs be approved, and that, pending the execution of the permanent pumping works, the Engineer be instructed to take measures for affording temporary relief to the locality, by hiring or purchasing an engine, pumps, and other necessary appliances, and that the District Board be informed accordingly.

It was *moved* by Mr. Selway and seconded,—That the Greenwich District Board be informed, in reply to their Letter asking this Board to introduce into some Bill to be brought into Parliament a Clause to enable a portion of the Burial-ground of the Parish Church of St. Paul, Deptford, to be added to the adjoining highway of Church-street, that the Board are unable to depart from their previous decision, declining to take the course suggested.

An amendment thereon was *moved* by Mr. Andrews, and seconded by Mr. Richardson—That the subject be referred back to the Committee, for further consideration and report.

The amendment having been put to the vote, it was declared to be lost.

The original motion was then put to the vote and carried; and it was *resolved* accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Schedule of lands proposed to be taken compulsorily for the purposes of the Metropolis (Tabard-street, Newington) Improvement Scheme, 1885, under the Artizans and Labourers' Dwellings Improvement Acts, 1875 to 1885, together with the Map annexed thereto, now submitted, be received; that the Clerk do forward such Schedule and Map to the Secretary of State for the Home Department; that a second copy thereof be deposited and kept at the Office of this Board, pursuant to the provisions of Clause 3 of the Schedule to the Act of 1875, and that an application be made to the Secretary of State for the Home Department, as the confirming authority under that Act, to appoint an Arbitrator between the Board, and the persons interested in the lands and hereditaments comprised in the said Schedule, or in the lands injuriously affected by the execution of such Scheme.

The Solicitor laid before the Board the form of application to the Home Secretary.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the application to the Home Secretary, and to the Schedule and Map referred to therein, and also to a copy thereof; and the Seal was affixed accordingly.

2. Mr. Fardell brought up a Report, as follows—

REPORT OF THE SUB-COMMITTEE APPOINTED BY THE WORKS AND GENERAL PURPOSES COMMITTEE TO EXAMINE ACCOUNTS IN CONNECTION WITH IMPROVEMENTS.

Spring-gardens, 11th June, 1886.

In pursuance of the Resolution of the Works and General Purposes Committee of the 7th instant, instructing the Sub-Committee, in the event of further Cheques being required before the Whitsun Recess, to examine and submit to the Board the list of proposed payments in connection with the Board's Improvements, for which Cheques are required to be drawn before the Board adjourn for the Recess, the Sub-Committee beg to report that they have this day considered a list of payments, and having examined the Vouchers and Certificates of the various principal Officers for the same, and found the Accounts correct, they beg to present a Statement of the amounts, and to recommend—

That the sums specified therein, amounting in the whole to £5,929 16s. 6d. be paid, and that Cheques be drawn accordingly.

All which the Sub-Committee beg to submit.

3. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 1st June, 1886.

Your Committee have to report that they have, pursuant to the Resolution of the Board of the 22nd November, 1878 (No. 48), considered the following applications for the re-naming and re-numbering of various streets and places in the Metropolis, viz.—

DATE.	APPLICATION.
22nd April, 1884.	Postmaster-General, for re-numbering the houses in various streets in the Metropolis.
14th October, 1885.	Inhabitants of Parsonage-walk, Newington, that the name may be changed.
14th March, 1884.	Messrs. Napoleon Price and Co., that Cumming-street North, Islington, may be re-named.
4th February, 1886.	Hackney District Board, that a certain portion of Clarence-road may be incorporated with Downs-road, and the houses re-numbered accordingly.
31st December, 1885.	Mr. E. Leeds, that the subsidiary names in Bouverie-road, Stoke Newington, may be abolished, and the houses re-numbered.
4th January, 1886.	Mr. F. Crofts, that Shepherd's-lane, Brixton, may be incorporated with Ferndale-road, the subsidiary names abolished, and the houses re-numbered in continuation of those in Ferndale-road.
2nd February, 1886.	Lewisham District Board, for re-numbering the houses in Maple-road, Penge.
26th February, 1886.	Lewisham District Board, that the houses in Waldegrave-road, Penge, may be re-numbered.
6th February, 1886.	Mr. T. James, that the houses in Clifton-road, Maida-vale, may be re-numbered.
4th May, 1886.	Vestry of St. Marylebone, that Milton-street may be re-named "Balcombe-street, N.W."
4th May, 1886.	Mr. G. Hussey, that Burying-ground-passage, St. Marylebone, may be re-named.

Your Committee have received Reports from your Superintending Architect on the above-mentioned applications; they have also inspected Plans, prepared under his

direction, showing the alterations which it is desirable to make in the naming and numbering of the several thoroughfares, and they recommend—

That the subsidiary names in Hindman's-road, East Dulwich, be abolished, and the houses re-numbered.

That Winchester-street and Upper Winchester-street, Pentonville, be incorporated under the name "Winchester-street, N.," and the houses re-numbered.

That no alteration be made in the name of Parsonage-walk, Newington, and that the Petitioners on the subject be so informed.

That no alteration be made in the name of Cumming-street North, Islington, and that Messrs. Napoleon Price and Co. be so informed.

That the houses now numbered 183 and 185, and 182, 184, 186 and 188, Clarence-road, Hackney, be in future numbered and described as 111 and 113, and 26, 28, 30 and 32 Downs-road, E.

That the subsidiary names in Bouverie-road, Stoke Newington, be abolished, and the houses re-numbered.

That the houses in Shepherd's-lane, Brixton, be re-numbered in continuation of those in Ferndale-road, that the name "Shepherd's-lane" be abolished, and that the whole line of thoroughfare be named "Ferndale-road, S.W."

That the subsidiary names in Maple-road, Penge, be abolished, and the houses re-numbered.

That the subsidiary names in Waldegrave-road, Penge, be abolished, and the houses re-numbered.

That the houses in Clifton-road, Maida-vale, be re-numbered, and the name Clifton-terrace abolished.

That Milton-street, Dorset-square, be re-named "Balcombe-street, N.W."

That Burying-ground-passage, St. Marylebone, be re-named "Ashland-place, W."

All which your Committee beg to submit.

The Report of the Building Act Committee of the 1st day of June, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolved, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin, seconded by Mr. Ingoldby—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the name of Hindman's-road, in the Parish of Camberwell, in the County of Surrey, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,712, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 135, being assigned to the houses on the Eastern side, and the even numbers, commencing with 2 and ending with 124, to those on the Western side; that such numbers do commence at the Northern end; that the names Devon-terrace, Minard's-villas, Over Strand, Leamington-villas, Albert-villas, Clarence-villas, Buxton-villas, Smith's-cottages, Lynton-terrace, Garibaldi-villas, Granville-villas, Hope-villas, Hope-cottages, Rose-cottages, Market-place, Frien-terrace, Lydia-villas, Clevedon-villas, Cambell-cottages, Peacock's-cottages, Rose-cottages, Alfred-terrace, and any other name or names now in use in Hindman's-road, and the existing numbers, be abolished; that the whole line of thoroughfare be called "Hindman's-road, S.E.," and that notice of this Order be given to the Vestry of Camberwell, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

The Report of the Building Act Committee of the 1st day of June, 1886, appointed by this Board, having been read and considered, this Board doth, pursuant to the provisions of the Metropolis Management Act, 1855, and Metropolis Management Amendment Act, 1862,

Resolve, and it is hereby **resolved** and **ordered**, on the motion of Mr. Ewin, seconded by Mr. Ingoldby—That, for the purpose of distinguishing the same, the several houses and premises in the line of thoroughfare known by the names of Winchester-street, New Winchester-street and Upper Winchester-street, in the respective Parishes of Clerkenwell and St. Mary, Islington, in the County of Middlesex, be marked with the numbers, as shown by red figures on the Plan now produced, marked 3,713, in lieu of the existing numbers, as shown on the said Plan; the odd numbers, commencing with 1 and ending with 105, being assigned to the houses on the Western side, and the even numbers, commencing with 2, and ending with 96, to those on the Eastern side; that such numbers do commence at the Southern end; that the names New Winchester-street, Upper Winchester-street, Winchester-terrace, and Thornhill-place, and the existing numbers, be abolished; that the whole line of thoroughfare be called “Winchester-street, N.,” and that notice of this Order be given to the Vestries of Clerkenwell and Islington, pursuant to the 87th Section of the said Metropolis Management Amendment Act, 1862.

It was moved by Mr. Ewin, seconded by Mr. Ingoldby, and **resolved**—That no alteration be made in the name of Parsonage-walk, Newington, and that the Petitioners on the subject be so informed.

It was moved by Mr. Ewin, seconded by Mr. Ingoldby, and **resolved**—That no alteration be made in the name of Cumming-street North, Islington, and that Messrs. Napoleon Price and Co. be so informed.

4. Mr. Pocock, the Chairman of the Special Purposes and Sanitary Committee, brought up a Report, as follows—

REPORT OF THE SPECIAL PURPOSES AND SANITARY COMMITTEE.

Spring-gardens, 8th June, 1886.

Your Committee submit an application from Mr. H. J. Cadwell, for assent to the establishment of a Factory for Explosive (toy fireworks), at South-fields, Wandsworth, in accordance with the terms of a draft License from the Home Secretary, and they recommend that Friday, the 16th July next, at One o'clock p.m., be fixed for hearing the application, and that the applicant be requested to issue the necessary Notices of the hearing.

Your Committee submit, for the information of the Board, a copy of the Annual Report of Her Majesty's Inspectors of Explosives for 1885.

Your Committee have to report that they have had under consideration three applications for registration under the Infant Life Protection Act. The necessary Certificates of character have been submitted by the applicants, and the accommodation provided is in each case sufficient for the number of Infants proposed to be kept. Your Committee accordingly recommend—

That the applications from the following persons for registration under the Infant Life Protection Act, for the keeping of Infants at the premises named, be granted, and that the Board do make a Bye-law in each case, fixing the number of Infants allowed to be kept as follows—

Mrs. Emily Herring, No. 74, Wells-street, Oxford-street, St. Marylebone, 2 Infants.

Mrs. Ellen Trapp, No. 7A, Admiral-place, Edinburgh-road, Kensington, 3 Infants.

Mrs. Caroline Smith, No. 10, Portnall-road, Harrow-road, Paddington, 2 Infants.

Your Committee have further to report that they have had under consideration four applications for the renewal of Petroleum Licenses. The conditions of storage in each case continue satisfactory, and your Committee recommend—

That Licenses be granted to the following persons, for a period of twelve months from the 11th instant, to keep Petroleum in the quantities, and at the premises named in accordance with the terms of the draft Licenses submitted

Mr. Henry Barnes, No. 38, Long-acre, 200 gallons.

Messrs. Thomas Eastman and Son, East-row, Kensal New-town, 1,000 gallons.

Messrs. A. Mann and Co., No. 26, Suffolk-grove, St. George-the-Martyr, Southwark, 400 gallons.

Messrs. Gavin, Thomson and Co., No. 38, Croft-street, Deptford, 250 gallons.

Mr. Achille Serre, White Post-lane, Hackney-wick, 500 gallons.

Your Committee also submit a list of 99 applications for Licenses to keep Petroleum in small quantities, and they recommend—

That in 65 cases Licenses be granted to keep quantities not exceeding 10 gallons at the places named, and in accordance with conditions of License No. 91, that in 10 cases Licenses be granted to keep Petroleum in stores situated and constructed in accordance with License No. 90; and that in 24 cases special Licenses be granted to keep Petroleum, in the manner described in such Licenses.

All which your Committee beg to submit.

(Signed) ALFED POCOCK,
J. E. BRADFIELD,
W. J. WETENHALL,
FRED^K. INGOLDBY.

The list of applications for Licenses to store Petroleum, and the Report of Her Majesty's Inspector of Explosives, submitted by the Committee, were laid before the Board.

The Report having been read and received,

It was ~~moved~~ by Mr. Pocock, seconded, and ~~resolved~~—That the application of Mr. H. J. Cadwell, for assent to the establishment of a Factory for Explosive (toy fireworks), at South-fields, Wandsworth, be considered by the Board on Friday, the 16th July next, at One o'clock p.m., and that the applicant be requested to issue the necessary Notices of the hearing.

It was ~~moved~~ by Mr. Pocock, seconded, and ~~resolved~~—That the following persons and premises be registered under the Infant Life Protection Act, and that the Board do hereby make Bye-laws fixing the number of Infants allowed to be kept on such premises, as follows—

Mrs. Emily Herring, No. 74, Wells-street, Oxford-street, St. Marylebone.
2 Infants.

Mrs. Ellen Trapp, No. 7A, Admiral-place, Edinburgh-road, Kensington,
3 Infants.

Mrs. Caroline Smith, No. 10, Portnall-road, Harrow-road, Paddington, 2
Infants.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the following persons, for a period of Twelve months from this date, to keep Petroleum in the quantities, and at the premises named in accordance with the terms of the draft Licenses now submitted—

Mr. Henry Barnes, No. 38, Long-acre, 200 gallons.

Messrs. Thomas Eastman and Son, East-row, Kensal New-town, 1,000
gallons.

Messrs. A. Mann and Co., No. 26, Suffolk-grove, St. George-the-Martyr,
Southwark, 400 gallons.

Messrs. Gavin, Thomson and Co., No. 38, Croft-street, Deptford, 250
gallons.

Mr. Achille Serre, White Post-lane, Hackney-wick, 500 gallons.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That Licenses be granted to the Ninety-nine persons mentioned in the list now submitted, to keep Petroleum in the places, and in the quantities stated in such Licenses, for a period of Twelve months from this date, subject to the conditions mentioned in the several Licenses.

The Licenses referred to in the foregoing Resolutions were laid before the Board.

It was *moved* by Mr. Pocock, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said Licenses ; and the Seal was affixed accordingly.

5. Mr. Pocock, the Chairman of the Contagious Diseases (Animals) Act, 1878, Executive Committee, brought up a Report, as follows—

REPORT OF THE CONTAGIOUS DISEASES (ANIMALS) ACT, 1878, EXECUTIVE COMMITTEE
Spring-gardens, 8th June, 1886.

Your Committee have to report, with reference to the Bill brought into the House of Lords by the Lord President of the Privy Council, to amend the Contagious Diseases (Animals) Act, 1878, referred by the Board on the 4th instant (No. 44), that so far as it affects contagious disease in animals, the Bill is chiefly to enlarge the powers of the Privy Council, and to give them authority to bring within its provisions (Clause 8) any kind of four-footed beasts, in addition to the animals mentioned in the Act. A new provision (Clause 4) is however introduced in reference to pleuro-pneumonia, making it compulsory before an Order is made declaring affected premises free from disease, for the Local Authority to obtain the advice of a Veterinary Inspector. Clause 5, empowers the Privy Council to direct the Local Authority in making enquiry as to an outbreak of Foot and Mouth disease, also to obtain the assistance and advice of a Veterinary Inspector. Clause 6 empowers the Privy Council in any case of disease other than Cattle Plague, to direct the slaughter of animals by Local Authorities, whether the animals are affected, suspected of disease, or have been in contact with diseased stock ; either generally or in particular instances ; and provides for the payment of compensation. This is a considerable enlargement of the existing power. Clause 7 empowers the Privy Council to authorise a Local Authority to make Regulations for any purpose specified in the Order. Clause 9 transfers to the Local Government Board the powers now exercised by the Privy Council under Section 34 of the Contagious Diseases (Animals) Act, 1878, of making Orders for the sanitary regulation of Dairies, Cowsheds and Milkshops, and for protecting milk from infection or contamination. The Clause also (for the purposes of such Orders) changes the Local Authority in the Counties, which is now Quarter Sessions, to the Local Authority under the Public Health Act. No change is made in the Metropolis, beyond giving the Board additional powers of inspection, and

provision is made for continuing in force the present Dairies and Cowsheds Order, and the Regulations made thereunder by the Local Authorities.

Your Committee have further to report that proceedings have been taken against the following persons—

Samuel Taylor, of the Paragon, New Kent-road, who was fined in all £3 4s., for neglecting to give notice of a horse suffering from farcy, and for sending the animal through the public streets.

James La Neave (Senior), who was fined £10 and 2s. costs, for neglecting to properly cleanse the cattle lairs in his occupation at Roman-road, Barnsbury.

Your Committee have also to report that they have examined the claims of Mr. H. Havard, in respect of three animals slaughtered in consequence of having been affected with pleuro-pneumonia, and that they have awarded sums amounting to £29 3s. 5d. as compensation for such animals. The sum of £13 8s. 3d. has been received for the carcasses, hides, &c., of such animals, leaving the net cost to the Board £15 15s. 2d. A statement of the amount awarded has been forwarded to the Finance Committee for payment.

All which your Committee beg to submit.

(Signed) ALFRED POCOCK,
J. E. BRADFIELD,
W. J. WETENHALL,
FREDK. INGOLDBY.

The Report having been read,

It was moved by Mr. Pocock, seconded, and resolved—That the Report be received.

6. Read a Report by the Engineer, dated 11th June, 1886, on the undermentioned Sewerage works proposed to be executed by the following Vestries—

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfares in question by the said Vestries and District Board, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

8. Read a Report by the Engineer, dated 10th June, 1886, on Letters from Mr. W. H. O'Shea, M.P., No. 1, Albert-mansions, and Mr. G. Livingstone, Surveyor to the Vestry of St. George, Hanover-square, relative to flooding of houses in the line of the King's Scholars' Pond Sewer ; stating that the floodings complained of took place at No. 1, Albert-mansions on the 13th and 22nd ultimo, and on the latter day only in the cases referred to in the Letter from the Surveyor to the Vestry ; that the relief Sewer recently completed by the Board for the purpose of taking storm-waters from the King's Scholars' Pond Sewer at Piccadilly, and from the Ranelagh Sewer at Albert-gate was in operation at the time, but that from the violence of the water running through it, the flaps, which at the instance of the District Railway Company had been placed in the top part of it, near Sloane-square, had been broken, and *débris* from higher points had collected against them ; that the accident probably tended to increase the rising of the water in the Sewer behind the broken flaps, but to what extent he (the Engineer) was unable to say.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report be received.

9. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from Mrs. C. Desgratoulet, renewing her complaint of flooding of her houses, Nos. 162 and 170, Tachbrook-street, Pimlico ; stating that the houses were flooded on the 22nd ultimo, and that, upon examination, their drains were found not to be trapped ; that the drains of the three intermediate houses (also the property of Mrs. Desgratoulet) were trapped, and that the premises were, consequently, not flooded, and recommending that the complainant should be so informed, and advised to have the drains of the two houses referred to properly trapped.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Report be approved, and that Mrs. Desgratoulet be informed accordingly.

10. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from Mr. J. Davey, relative to the recent flooding of Grosvenor-cottages, Pimlico ; stating that the storm on the 22nd ultimo took place on a flood-tide, and at about the time of high water ; that the new relief Sewer was in action, but that the wooden flaps, placed in it at the instance of the District Railway Company, had been broken by the force of the water in the Sewer, and had collected *débris* against them from higher points, and that the accident had probably had a material effect upon the height of the flooding.

It was moved by Mr. Selway, seconded, and resolved—That the Report be received.

11. Read a Report by the Engineer, dated 10th June, 1886, on a verbal complaint made by Mr. J. S. Charles, of the flooding of Nos. 302 and 304, Vauxhall-bridge-road; stating that the flooding complained of had occurred on the 22nd and 23rd ultimo, and that upon examining the premises there were found to be two old 6-inch drains which required to be properly blocked up, and recommending that Mr. Charles should be so informed.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that Mr. Charles be informed accordingly.

12. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from Miss Cathcart, complaining of nuisance from carpet beating on the site of the Ranelagh Main Sewer, at the rear of No. 4, Eaton-terrace, Pimlico; stating that from enquiries which had been made it appeared that carpets had been beaten on the site of the Sewer by Mr. J. Rosseter, of No. 15, Sloane-terrace, and that he had been cautioned against the practice, and recommending that a formal Letter should be sent to him, and that Miss Cathcart should be informed of the course taken.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved and acted upon.

13. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from Mr. A. Wilson, relative to the flooding of his premises, No. 13, Richmond-terrace, Shepherd's-bush; stating that the flooding complained of had been caused by a violent downpour of rain in the North-West part of London on the 22nd ultimo; that it had filled all the Sewers, both main and local, in the locality, and that where the basements of houses were specially low, as in the case of Mr. Wilson's premises—viz., 9 feet 3 inches below the surface—they had inevitably been flooded; that a tidal flap on the mouth of the drain might, in most cases, protect the premises; that there were also three other drains within a few feet of Mr. Wilson's premises which needed to be protected, and that all the four drains could be flapped for about £5; and recommending that the work should be done by the Board's General Contractors.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the work recommended therein be executed accordingly, the cost thereof being charged to the General Working Account.

14. Read a Report by the Engineer, dated 11th June, 1886, recommending the execution of the following works under the General Contracts—

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the works be executed accordingly, the cost thereof being charged to the General Working Account.

15. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from the Whitechapel District Board, complaining of the unsightly appearance of the shed recently erected by this Board for deodorising purposes, at the corner of Baker's-row and Whitechapel-road; stating that the shed had been erected for temporary purposes in connection with the deodorising of the Sewage during the hot season, and would be removed at the termination thereof; that he (the Engineer) had given instructions for the shed, and also the other sheds used for the same purpose, to be rendered as little unsightly as was practicable under the circumstances, and recommending that the District Board should be so informed.

It was moved by Mr. Selway, seconded, and resolved—That the Report be approved, and that the Whitechapel District Board be informed accordingly.

16. Read a Report by the Engineer, dated 10th June, 1886, on a Letter from Mr. W. H. Smith, No. 37, Ferntower-road, Highbury-new-park, complaining of nuisance to himself and his neighbours from the Board's sewerage operations in the locality being carried on throughout the night; stating that a copy of the Letter had been sent to the Contractor, with a request that he would do what he could to relieve the complaints; that the shaft particularly referred to had only recently been sunk, and that he (the Contractor) must work night and day at it, as in other similar cases, in order to carry out the works without danger, and to complete them within the shortest possible period; further stating that he (the Engineer) considered that no delay should be interposed to the execution of the works, and that he did not at the present time see how the inconvenience could be mitigated.

It was moved by Mr. Selway, seconded, and resolved—That the Report be received, and that Mr. Smith be informed that the Board regret the temporary inconvenience which he and his neighbours suffer from the execution of the works in question, but that the Board are unable to take any steps at present for mitigating it.

17. Read a Report by the Engineer, dated 10th June, 1886, on Letters from Mr. S. Myers, No. 89, Newington-causeway, and Mr. G. Nichols, No. 79, Falcon-road, Battersea, complaining of the flooding of their respective premises; stating that the basement of Mr. Myers' premises was very deep, being about 7 feet below the surface, and only 3'30 feet above Ordnance datum; that there was a flap on the mouth of the drain of the premises, but that the rainfall on 13th May, the day to which he referred, was nearly 1½ inch, and attained its maximum at the time of high water, and that under those circumstances such low basements were exposed to flooding, which the Board could not prevent; and further stating that Mr. Nichols' house being very low, it was subject to flooding after heavy rain, and that to protect the premises against that he had placed a screw-down valve on them, but that on 22nd May, the occasion to which he referred, the valve was out of order.

It was moved by Mr. Selway, seconded and resolved—That the Report be received.

18. The Solicitor reported that the second reading of the Board's (Various Powers) Bill in the House of Lords had been appointed for the 17th instant.
19. The Solicitor reported that the further consideration of the Hyde-park-corner (new streets) Bill, by the Duke of Richmond's Committee, had been adjourned until after the

Whitsuntide Recess, and that the Vestry of Lambeth had presented a Petition for the amendment of the Bill.

20. It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

35. The Solicitor reported that the Chairman had, since the last Meeting of the Board, affixed the Seal to the Petition to the House of Lords against the Lee River Purification Bill.

36. The Solicitor reported that the Treasury had approved of the periods for the re-payment of the Loan of £15,000 to the Greenwich District Board; and he suggested that this Board should pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for the same; and a Cheque for £18 15s. for Stamp-duty.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved* and *ordered*, as follows—

Whereas the Board of Works for the Greenwich District under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act within the said District, of a sum of Fifteen thousand pounds, for the purpose of defraying the expense incurred or to be incurred by the said District Board in executing at a cost of Thirteen thousand pounds certain granite paving and kerbing works in the unpaved portions of the Greenwich-road, from Wellington-grove to London-street, of London-street from Greenwich-road to Royal-hill, of Romney-road,

of Trafalgar-road, and of the Lower Woolwich-road (except in front of Christ Church and the Wesleyan Chapel) from Trafalgar-road to Marsh-lane, and in executing at a cost of Two thousand pounds certain wood-paving works in the unpaved portions of London-street from Royal-hill to Stockwell-street, of Church-street from Stockwell-street to Nelson-street, of Nelson-street and in front of Christ Church and the Wesleyan Chapel in the Lower Woolwich-road, all within the said District. And whereas the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Fifteen thousand pounds should be borrowed by the said District Board for the purposes aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Fifteen thousand pounds for the purposes aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid, as to Thirteen thousand pounds, by equal annual instalments, within a period of Twenty years, and as to Two thousand pounds by annual instalments of as nearly equal an amount as may be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Cheque for the sum of £15,000 be now drawn in favour of the Greenwich District Board, and a Cheque for £18 15s. for Stamp-duty on the Mortgage-deed; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

37. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £950 to the Greenwich District Board, and he suggested that this Board should pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Board of Works for the Greenwich District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board, under the first-mentioned Act, within the said District, of a sum of Nine hundred and fifty pounds, for the purpose of defraying the expense incurred, or to be incurred, by the said District Board in purchasing the fee-simple of a piece of land near Deptford Bridge, to form part of the site of a new street from Blackheath-road to Friendly-street within the said District. And whereas the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Nine hundred and fifty pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Nine hundred and fifty pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be, within a period of Fifty-five years, from the Thirty-first January, One thousand eight hundred and eighty-six.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Cheque for the sum of

£950 be now drawn in favour of the Greenwich District Board; and a Cheque was drawn on the General Capital Account accordingly.

33. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £1,000 to the Vestry of Hampstead, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Vestry of the Parish of Saint John, Hampstead, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction, in writing, to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry under the first-mentioned Act, within the said Parish, of a sum of One thousand pounds, for the purpose of defraying the expense incurred, or to be incurred, by the said Vestry in purchasing the fee-simple of a piece of land adjoining the Vestry-hall and Offices of the Vestry, and required by the Vestry for the purposes of the Metropolis Management Act, 1855. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of One thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is *ordered* that the sanction, in writing, of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of One thousand pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments, of as nearly equal an amount as may be, within a period of Fifty-five years from the Thirty-first January, One thousand eight hundred and eighty-six.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Cheque for the sum of £1,000 be now drawn in favour of the Vestry of Hampstead; and a Cheque was drawn on the General Capital Account accordingly.

39. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £20,000 to the Vestry of Hampstead, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same, and a Cheque for £25 for Stamp-duty.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved* and *ordered*, as follows—

Whereas the Vestry of the Parish of Saint John, Hampstead, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, and of the Metropolitan Street Improvements Act, 1883, or some or one of them have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said Vestry on the security of all the moneys or rates authorised to be raised by the said Vestry under the first-mentioned Act within the said Parish of a sum of Twenty thousand pounds, for the purpose of enabling the Vestry to contribute that sum towards the expenses incurred by the Metropolitan Board of Works in relation to the Hampstead Improvements authorised by the Metropolitan Street Improvements Act, 1883. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application and it is made to appear to them fit and proper that the said sum of Twenty thousand Pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore, it is *ordered* that

the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given to the borrowing by the said Vestry under the Metropolis Management Act, 1855, and the Metropolitan Street Improvements Act, 1883, of a sum of Twenty thousand Pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments within a period of Fifty-five years from the Thirty-first January One thousand eight hundred and eighty-six.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order ; and the Seal was affixed accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Cheque for the sum of £20,000 be now drawn in favour of the Vestry of Hampstead, and a Cheque for £25 for the Stamp-duty on the Mortgage-deed ; and Cheques were drawn on the General Capital and General Working Accounts accordingly.

40. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £2,800 to the Westminster District Board, and he suggested that this Board should pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Board of Works for the Westminster District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act within the said District of a sum of Two thousand eight hundred Pounds, for the purpose of defraying the expense incurred or to be incurred by the said District Board in executing certain wood-paving works in Caxton-street, Chapter-street, Moreton-street and Palmer-street, all within the said District. *And whereas* the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Two thousand eight hundred Pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is *ordered* that the sanction in writing of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Two thousand eight hundred Pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Six years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Order ; and the Seal was affixed accordingly.

It was *moved* by Mr. Selway, seconded, and *resolved*—That a Cheque for the sum of £2,800 be now drawn in favour of the Westminster District Board ; and a Cheque was drawn on the General Capital Account accordingly.

41. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £2,400 to the Westminster District Board, and he suggested that this Board should pass an Order authorising the District Board to borrow the amount, and also draw a Cheque for the same.

It was thereupon *moved* by Mr. Selway, seconded, and *resolved*, and *ordered*, as follows—

Whereas the Board of Works for the Westminster District, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction in writing to the borrowing by the said District Board, on the security of

all the moneys or rates authorised to be raised by the said District Board under the first-mentioned Act within the said District, of a sum of Two thousand four hundred Pounds, for the purpose of defraying the expense incurred or to be incurred by the said District Board in executing certain Asphalte paving works in Little George-street (James-street), Union-court, Romney-place, Laundry-yard, Hide-place, Delahay-street, St. Ann's-street, and Coburg-row, all within the said District. ~~And whereas~~ the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Two thousand four hundred Pounds should be borrowed by the said District Board for the purpose aforesaid. Therefore it is ~~ordered~~, that the sanction, in writing, of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said District Board, under the Metropolis Management Act, 1855, of a sum of Two thousand four hundred Pounds for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by annual instalments of as nearly equal an amount as may be within a period of Seven years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That a Cheque for the sum of £2,400 be now drawn in favour of the Westminster District Board; and a Cheque was drawn on the General Capital Account accordingly.

42. The Solicitor reported that the Treasury had approved of the period for the re-payment of the Loan of £4,000 to the Vestry of St. James, Westminster, and he suggested that the Board should pass an Order authorising the Vestry to borrow the amount, and also draw a Cheque for the same.

It was thereupon ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~, and ~~ordered~~, as follows—

~~Whereas~~ the Vestry of the Parish of St. James, Westminster, in the County of Middlesex, under and pursuant to the provisions of the Metropolis Management Act, 1855, and the Acts amending the same, or some or one of them, have applied to the Metropolitan Board of Works for their sanction, in writing, to the borrowing by the said Vestry, on the security of all the moneys or rates authorised to be raised by the said Vestry, under the first-mentioned Act, within the said Parish, of a sum of Four thousand pounds, for the purpose of defraying part of the expense incurred, or to be incurred by the said Vestry in executing asphalte paving works in Arundel-street, Rupert-street, Upper Rupert-street, Archer-street, the upper part of Great Windmill-street, Smith's-yard (Great Windmill-street), Lexington-street, Great Vine-street, Regent-place, Norris-street, Market-street, Carlton-street, Cleveland-row, and Angel-court (King-street, St. James-square), and wood-paving works at the East end of Charles-street, and in Ryder-street, all within the said Parish. ~~And whereas~~ the Metropolitan Board of Works have fully considered the matter of the said application, and it is made to appear to them fit and proper that the said sum of Four thousand pounds should be borrowed by the said Vestry for the purpose aforesaid. Therefore it is ~~ordered~~ that the sanction, in writing, of the Metropolitan Board of Works be given, and the same is hereby given, to the borrowing by the said Vestry, under the Metropolis Management Act, 1855, of a sum of Four thousand pounds, for the purpose aforesaid, such Loan to bear interest at the rate of Three pounds ten shillings per centum per annum, and the principal to be re-paid by equal annual instalments, within a period of Four years.

The Solicitor laid before the Board two copies of the foregoing Order.

It was ~~moved~~ by Mr. Selway, seconded, and ~~resolved~~—That the Common Seal of the Board be affixed to the said copies of Order; and the Seal was affixed accordingly.

Memorial from owners and inhabitants of Ascham-street and Dunollie-road, St. Pancras, dated June 1886, expressing their regret at the decision of the Board to incorporate Ascham-street with Dunollie-road, and submitting, for the consideration of the Board, several reasons against such incorporation.

Letter from Mr. T. E. Gibb, M.P., Clerk to the Vestry of St. Pancras, dated 9th June, 1886, referring to the former requests of the Vestry on the above subject, and stating that on further considering the great objections of the inhabitants to the alteration of the name of Ascham-street, the Vestry had resolved to ask the Board to rescind altogether their Order of the 12th February last, thus leaving the names of the two streets as they now stand.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Memorial and Letter be referred to the Building Act Committee, for consideration and report, and that the parties interested be invited to attend the Committee, when the subject shall be considered.

55. The Clerk presented a Letter from Mr. T. Holland, Assistant Clerk to the Vestry of Chelsea, dated 9th June, 1886, transmitting a copy of a Resolution expressing the opinion of the Vestry that when a vacancy occurs in the office of District Surveyor, the Parishes interested should be consulted before the Board divide the District, and that they considered the division in their Parish to be a disadvantage.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be received.

56. The Clerk presented a Letter from Mr. H. G. Hills, Clerk to the Wandsworth District Board, dated 9th June, 1886, asking this Board to receive the Deputation from the District Board on the subject of the widening of Nine-elms-lane, &c., on the 25th instead of the 11th instant.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the Deputation be received on the 25th instant, at Twelve o'clock at noon.

57. The Clerk presented a Letter from Mr. E. L. Pemberton, Home Office, dated 8th June, 1886, stating that the Secretary of State had approved of the additional Bye-laws made by the Board under the Metropolis Management and Building Acts (Amendment) Act, 1878, as they stood, and that he would be prepared to confirm the same on a sealed copy being submitted to him for that purpose.

The Clerk laid before the Board two copies of the said Bye-laws.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said copies of Bye-laws be sealed; and that they be sent to the Home Secretary; and the Seal was affixed accordingly.

58. The Clerk presented a Letter from Mr. J. C. Hurst, dated 9th June, 1886, asking the Board to take such steps as might be necessary to enable them to grant a Certificate, with a view to an application being made to the Magistrates for a Dramatic License, in respect of "The Good Duke Humphrey" Coffee Tavern, in Park-row, Greenwich.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

59. The Clerk presented a Memorial from shopkeepers, and others, in Green-street, Leicester-square, dated 7th June, 1886, with reference to alleged inconvenience and pecuniary loss occasioned by the closing of the thoroughfare from Leicester-square to the Strand, *viâ* Hemmings-row, in connection with the formation of the new street from Charing-cross to Tottenham-court-road.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto, and that in the meantime the Superintending Architect do take such measures as may be practicable for facilitating the removal of the houses and the opening of the thoroughfare.

60. The Clerk presented a Letter from Mr. W. W. Jewell, forwarding a Memorial asking the Board to allow the members of the Crescent Cricket Club, whose ages vary from 14 to 20 years, to play Cricket on Highbury-fields, either the whole of the day, or from 5 to 7.30 a.m.

It was *moved* by Mr. Selway, seconded, and *resolved*—That the said Memorial be referred to the Parks, Commons and Open Spaces Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

61. The Clerk presented a Letter from Mr. W. Bawcombe, dated 10th June, 1886, enclosing a Memorial from ratepayers and residents in the locality, representing the desirability of permanently railing in Nunhead-green.

It was moved by Mr. Selway, seconded, and resolved—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

62. The Clerk presented a Letter from Mr. F. P. Heppel, dated 10th June, 1886, resigning his appointment as a Fourth-class Assistant in the Clerk's Department.

It was moved by Mr. Selway, seconded, and resolved—That the resignation be accepted, and that it be referred to the Works and General Purposes Committee to consider and report as to filling the vacancy.

3. A Deputation from the Wandsworth District Board, introduced by Mr. Meaden, and consisting of the following gentlemen, viz.—Mr. E. Wood, Mr. J. F. Moulton, M.P., Mr. A. Wilson, Mr. W. H. Campbell, Mr. W. H. Poole, Mr. T. Bowley, Mr. C. Laceby, Mr. G. Hunt, Mr. W. Davies, Mr. N. Preedy, Mr. W. Merrifield, Mr. A. Bridge, Mr. W. Murray, Mr. J. W. Norton, Mr. C. M. Clench, Mr. T. Spearing, and Mr. Watkins, accompanied by Mr. H. G. Hills, the Clerk, and Mr. T. P. Pilditch, one of the Surveyors to the District Board, attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Board of Works for the Wandsworth District.

SHREWETH,—

That your Memorialists have frequently had brought under their notice the necessity

which has for some years existed for the widening of the continuous line of thoroughfare known as Nine-elms-lane, Battersea-park-road, and York-road respectively, between the boundary of this district at Nine-elms and the London and South-Western Railway Station at Wandsworth.

That there is a very large and increasing amount of traffic along the thoroughfare in question, and that the laying down of a line of tramways there has rendered the widening of the road more urgently necessary, as the road-way is in many places too narrow to allow of the tram cars passing whilst carts are being unloaded at the premises fronting the road.

That the said thoroughfare is the main artery near the river, between East and West on the South side of the Thames, the heavy traffic being taken along this route to avoid the steep inclines of the Upper Wandsworth-road.

That your Memorialists have as occasion offered acquired by purchase several strips of land and premises abutting on the said thoroughfare for the purpose of widening the road-way, but they are of opinion that the only effectual way of putting an end to the danger and inconvenience arising from the congestion of traffic there is to carry out the widening of the roads throughout as one general scheme, and they respectfully submit that this is urgently needed, and that the circumstances are such as to render the case one in which the expenditure may properly be charged upon the whole Metropolis.

Your Memorialists, therefore, humbly pray that your Honourable Board will carry out the widening of Nine-elms-lane, Battersea-park-road and York-road, as shown by Pink colour on the Plans accompanying this Memorial, as a Metropolitan Improvement.

And your Memorialists will ever pray, &c.

Sealed by Order.

(Signed) G. P. MEADEN,

Chairman,

„ HEN. GEO. HILLS,

Clerk to the Board.

Battersea-rise, S.W.,

23rd June, 1886.

The Deputation was heard in support of the Memorial.

A Deputation from residents in Nine-elms-lane, Battersea-park-road, and York-road, introduced by Mr. Meaden, and consisting of the following gentlemen, viz.—Mr. O. V. Morgan, M.P., Mr. H. Kimber, M.P., Messrs. Thorne Brothers, Mr. E. Williams, Mr. W. J. Richards, Mr. T. B. Heaphy, Messrs. J. Bryan and Co., Mr. A. Moore, Mr. S. Duck, Mr. M. E. Fielding, Mr. J. Collins, Mr. J. Keen, Messrs. Young and Co., Mr. F. Drumman, Messrs. Purdy and Sons, Messrs. W. Bridge and Sons, and Mr. F. Rummins, attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of Owners and Occupiers of property in the localities of Nine-elms-lane, Battersea-park-road and York-road, situated in the Parishes of Battersea and Wandsworth,

SHEWETH,—

That your Memorialists desire to call the serious attention of your Honourable Board to the pressing necessity which exists for the widening of the line of thoroughfare above-mentioned.

That great delay, inconvenience, and danger, and many accidents are caused by the inadequate width of such roads, and that the construction of the tramways has aggravated the evil of which your Memorialists complain.

Your Memorialists submit most respectfully that, having regard to the increased amount of traffic along the highway in question, and to the fact that the traffic is rapidly increasing, the roads in question should be widened by your Honourable Board, as other roads in London, which have become too narrow for the growing traffic, have been widened and improved.

Your Memorialists therefore earnestly pray that your Honourable Board will be pleased to take the subject into consideration, and will adopt such measures as may be considered advisable for the purpose of widening the thoroughfare in question as soon as practicable.

And your Memorialists will ever pray, &c.

(Signed)

O. V. MORGAN, Church-road, Battersea,

For the Morgan Crucible Company,

And 4,039 others.

The Deputation was heard in support of the Memorial.

It was *moved* by Mr. Meaden, seconded by Mr. Selway, and *resolved*—That the foregoing Memorials be referred to the Works and General Purposes Committee, for consideration and report.

4. A Deputation from the Boards of Works for the Districts of Greenwich, Hackney, Lewisham, Limehouse, Poplar and Whitechapel, and the Vestries of Bethnal-green, Mile-end Old-town and Rotherhithe, introduced by Mr. Lenanton, and consisting of the following gentlemen, viz.—Mr. W. Hunter, Mr. T. J. Dixon, Mr. W. B. Hopson, Mr. F. Hallett, Mr. T. S. Watts, Mr. E. Smith, Mr. T. B. Williams, Mr. W. H. Mitchell, Mr. R. W. Sherrard, Mr. J. Collingbourne, Mr. F. H. Bowles, Mr. J. H. Keeble, Mr. J. S. Curtis, Mr. R. Hopwood, Mr. W. Warburton, Mr. J. S. Turner, Mr. D. K. Forbes, Mr. J. Holland, Mr. H. Chambers, Mr. G. Ilsley, Mr. J. Bussey, Mr. H. Cheshire, Mr. J. Yabstey, Mr. C. Lacey, Mr. T. Rusher, Mr. F. W. Shorter, Mr. G. Young, Mr. J. Williams, Mr. W. Clark, Mr. T. Gaisford, Mr. E. Thurgood, Mr. J. Rundell, Mr. G. Loveday, Mr. F. W. Barratt, Mr. J. C. Riddall, and Mr. J. Dudley, accompanied by Mr. W. H. Farnfield, the Clerk, and Mr. L. Potts, the Assistant Clerk to the Poplar District Board, attended the Board, and presented a Memorial, which was read, as follows—

To the Honourable the Metropolitan Board of Works.

The Memorial of the Board of Works for the Poplar District, in the County of Middlesex,

SHEWETH,—That a Conference of Delegates representing the Boards of Works for the Districts of Greenwich, Hackney, Lewisham, Limehouse, Poplar, and Whitechapel, and the Vestries of Saint Matthew, Bethnal-green, Mile-end Old-town, and Rotherhithe, was held, by adjournment, at the Cannon-street Hotel, on Tuesday, the 1st day of June instant, when the following Resolutions were unanimously agreed upon, namely—

“ That this Meeting is of opinion that the necessity of proceeding with the question of
“ communications across the Thames East of the proposed new Corporation
“ Bridge is imperative, and should be taken in hand by the Metropolitan
“ Board of Works without delay.”

“ That this Meeting would respectfully call the attention of the Metropolitan Board of
“ Works to the Report of its Engineer, dated the 19th day of August, 1882,
“ recommending that the points of crossing should be between Shadwell and
“ Rotherhithe, and between Blackwall and Greenwich; and this Meeting is
“ strongly of opinion that such Schemes should be at once undertaken by the
“ Metropolitan Board of Works.”

“ That a Memorial be prepared, embodying the Resolutions passed by the Conference,
“ and that a copy of such Memorial be forwarded to each District Board and
“ Vestry represented, with a request that the same be sealed and presented to the
“ Metropolitan Board of Works on one particular day.”

“ That the Deputation to speak to the Memorials do attend the Metropolitan Board
“ of Works on Friday, the 25th day of June, 1886.”

Your Memorialists therefore humbly pray that your Honourable Board will be pleased to take the necessary steps to obtain Parliamentary powers to proceed with the Schemes above referred to.

And your Memorialists will ever pray, &c.

The Seal of the above-named Board of Works for the Poplar District was affixed hereto at a Meeting of the District Board, held on the 22nd day of June, 1886, by order of the said District Board, in the presence of

(Signed)

WM. HENRY FARNFIELD,
Clerk to the said Board of Works.

L S.

The Deputation having been heard in support of the Memorial,

It was *moved* by Mr. Lenanton, seconded by Mr. Richardson, and *resolved*—That the Memorial be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which it relates.

Similar Memorials were also handed in by Col. Munro, Mr. Ewin, Mr. Wood, Mr. Runtz, and Mr. Abbott, from the Whitechapel District Board, the Vestries of Bethnal-green and Mile-end Old-town, and the Hackney and Limehouse District Boards.

Mr. Tolhurst handed in a Letter from Mr. J. J. Stokes, Clerk to the Vestry of Rotherhithe, dated 23rd June, 1886, stating that the Vestry, whilst concurring in the Memorials presented by certain Vestries and District Boards as to the imperative necessity for proceeding with the question of providing a means of transit across the Thames East of Tower-hill, the Vestry of Rotherhithe were of opinion that it should be by way of a Bridge, either in continuation of the Deptford Lower-road, or at such other point within the Parish of Rotherhithe as might appear more suitable, and referring to their Memorial presented to the Board on the 27th November last, and to a Resolution passed by them on the 20th April last, on the subject.

It was *moved* by Colonel Munro, seconded by Mr. Ewin, and *resolved*—That the said Memorials and Letter be referred to the Works and General Purposes Committee, for consideration, in connection with the references already made to them on the subject to which they relate.

5. Mr. J. Jones handed in a Letter from Mr. T. M. Jenkins, Clerk to the Strand District Board, dated 24th June, 1886, urging upon this Board the desirability of paving the new street from Trafalgar-square with a noiseless paving.

It was *moved* by Mr. J. Jones, seconded, and *resolved*—That the District Board be informed that arrangements in accordance with their suggestion have already been made.

6. Mr. Lenanton handed in a Letter from Mr. W. H. Farnfield, Clerk to the Poplar District Board, dated 24th June, 1886, thanking this Board for adopting temporary means of relief from the floodings in the Isle of Dogs, pending the establishment of the permanent works in progress.

It was *moved* by Mr. Lenanton, seconded, and *resolved*—That the said Letter be received.

7. The Clerk presented a Letter from Mr. G. W. Murnane, Clerk to the Vestry of St. Martin-in-the-Fields, dated 25th June, 1886, urging the re-opening of Hemming's-row at as early a date as practicable.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Vestry be informed that arrangements have been made with a view to the thoroughfare being re-opened on Monday next.

8. Mr. Fowler, the Deputy-Chairman of the Works and General Purposes Committee, brought up a Report, as follows—

Your Committee, in pursuance of the reference by the Board of the 20th January last (No. 3), have considered the Tenders and Drawings received by the Board on that day for a Vessel for conveying Sewage-sludge to sea. They have also had before them a Report, prepared, pursuant to the Resolution of the Board of the above date, by your Engineer and Sir Frederick Bramwell, in which they state that they have examined

the twenty designs which have been sent in, and find that the principles involved admit of their classifying the same under three heads :—

First, those which propose to discharge their contents by the use of centrifugal pumps. Five such designs were submitted, the prices ranging from £15,510 to £17,800.

Second, those which propose to discharge their contents by means of compressed air. Of this class three designs were submitted, ranging in price from £16,000 to £24,000.

And, *Third*, those which propose to discharge their contents by the action of gravity. Of this construction twelve designs were received.

The latter class they divide into two sub-classes, namely, those where it is intended that the sludge-holds should be situated low down and provided with drop doors or other means of discharge; and secondly, those where it is proposed to carry the material at such an elevation as will give it a sufficient head to discharge when the vessel is loaded, the head being maintained by the rising of the lightened vessel as the material flows out. Six designs have been received upon the first of these two systems, the prices ranging from £15,000 to about £30,000, and six upon the latter system, ranging in price from £15,750 up to £28,100. The Engineers express an opinion that the last-mentioned mode of discharge is the one that commends itself from its simplicity and rapidity, and they state that the lowest but two of the 20 Tenders received is for a vessel of that character, and is made by the Barrow Shipbuilding Company. The amount of it is £15,750. The Engineers state that that design is acceptable in other respects as regards size of hull and arrangement of engines, twin screws being employed, and two boilers being provided, and they advise the Board to adopt the Tender of that Company, subject to the Tenderers obtaining Lloyd's 100 A Certificate as to the structure of the ship, and to such modifications in details as may be determined hereafter. With respect to the annual cost of working a Sewage-sludge Fleet, the Engineers estimate that 3,000 tons of sludge per diem could be carried out to sea for an annual cost not exceeding £37,000, or probably from 7d. to 8d. per ton. Since that Report was made, the Company have been requested to obtain the Certificate of Lloyd's, and a Letter has been received from them, stating that they have ascertained from Lloyd's that upon certain additions being made the vessel will be eligible for the 100 A class. These additions the Company express their willingness to make without increasing the amount of their Tender. They also agree to comply with the requirements of the Board of Trade, with whom your Engineer has also been in communication. The Thames Conservators, whose views have also been asked, state that all vessels of this character should be licensed under Clause 39 of the Conservators' Bye-Laws, and that the condition upon which the License will be granted will be that the sludge shall be deposited at a spot not less than 10 miles beyond the Nore Light Vessel. They also suggest that before any final decision is made as to the locality where the sludge is to be discharged, both the Admiralty and the Corporation of the Trinity House should be consulted. The subject of the Tenders has been fully enquired into by a Sub-Committee to whom it was referred, and your Committee having received and considered their Report, have now to state that they fully concur in the opinion expressed by your Engineer and Sir F. Bramwell, that the Design sent in by the Barrow Shipbuilding Company is, with the modifications which the Company have agreed to make, best suited for the Board's requirements. They therefore recommend that one vessel be ordered from the Company in accordance with such Design, and that your Solicitor be instructed to prepare the necessary Contract.

Your Committee have further to report that they have considered the Letter from Mr. J. Casey, referred to them on the 9th April last (No. 49), asking that before the Board come to any conclusion whatever on the subject of the transport of the Sewage of the Metropolis to Mid-channel, the usual course may be adopted, and the Designs

for vessels to be constructed, which have been received in response to the Board's Advertisement, may be thrown open to the public. Your Committee recommend—

That Mr. Casey be informed that the Board are not prepared to adopt his suggestion, and that all the Designs which are not accepted will be returned.

Your Committee have had before them the Letter referred by the Board on the 21st ultimo (No. 47), from the Secretary of State, in reply to the Board's Letter of the 17th April, forwarding copies of the Report presented by your Committee, and adopted on the 26th of March, on the subject of the treatment of the Metropolitan Sewage at the Main Drainage outfalls into the Thames. The Secretary of State refers in his Letter to the recommendations contained in the Report of the Royal Commission on Metropolitan Sewage Discharge, and states that the proposals of the Board differ materially from those recommendations, and he impresses upon the Board that the responsibility of the course proposed rests entirely upon them. Your Committee, after a careful consideration of the Letter, are of opinion that the reply of the Board should be to the effect that, after a searching enquiry, they are satisfied that the proposed measures will be found sufficient, but that should it hereafter prove necessary to supplement or alter them the Board will not be unmindful of their duties and responsibilities in the matter. Your Committee have approved a draft Letter to the above effect, and they recommend—

That it be sent to the Secretary of State.

Your Committee have considered the Letter from Mr. W. H. Denham, referred to them on the 2nd April last (No. 35), asking permission to inspect the Sewage works at Barking, and submitting certain particulars with regard to a saving in the cost of the treatment of the Sewage at the Barking and Crossness Outfalls. The Board, on the 2nd March, 1883, granted permission to Mr. Denham to carry out experiments at Crossness Pumping Station, in connection with his process for the purification of Sewage. Your Engineer, however, reported on the 25th May, 1883, that he had been unable to obtain from Mr. Denham the information necessary to admit of arrangements being made for the commencement of the experiments. On 27th July, 1883, your Committee reported that your Solicitor had been unable to prepare an Agreement with Mr. Denham, as he had failed to furnish the necessary Plans. The Board, therefore, resolved that the reference made to the Solicitor should be discharged, and that no further action should be taken in the matter. Mr. Denham now asks the Board to erect works at Barking and Crossness, and to adopt his system of treating Sewage at both outfalls, but as the information requested three years ago has not yet been provided, your Committee recommend—

That Mr. Denham be informed that the Board are not prepared to accede to his request.

Your Committee have also considered the Letter from Mr. T. Chappell, referred to them on the 2nd April last (No. 39), asking the Board to grant him an interview for the purpose of explaining his system of the treatment of Sewage sludge. Mr. Chappell does not furnish any details of his process, but states that he has started works in Ireland for the purpose of carrying out his system. Under these circumstances your Committee recommend—

That Mr. Chappell be informed that the Board will be prepared to receive a statement from him of the result of his works in Ireland, when a sufficient time has elapsed to enable him to judge of the utility of his process.

Your Committee have further to report that they have considered the Letters, referred to them on the 2nd April last (No. 45), from the Kimmeridge Carbon Sewage Filter and Manure Company, asking permission to erect a filter at the Crossness Pumping Station, and to use and experiment with a portion of the sludge that passes through the Board's presses; and also asking to be permitted to erect a temporary shed for the purpose of treating the sludge, and converting it into a marketable manure. Your Committee, having conferred with your Engineer and your Chemist, recommend—

That the Company be permitted to make the experiment they propose, for a period not

exceeding three months: the experiment to be entirely at the Company's own cost, and subject to such directions as they may receive from the Board's Superintendent on the spot, and subject further to the Company leaving the ground clear at the end of their experiment, and to their not in any way interfering with or impeding the Board's operations at the Station; and also subject to an Agreement to that effect, to be prepared by the Solicitor.

Your Committee have had before them Letters from Mr. A. Morten and Mrs. J. Palmer, offering to sell to the Board certain lands in Erith Marshes, and your Committee recommend—

That the Writers be informed that the Board are not at present in a position to deal with their offers.

Your Committee, in compliance with the reference by the Board of the 26th March last (No. 25), have considered the arrangements to be made consequent upon the resignation of Mr. P. Lambert, a First-class Assistant in your Solicitor's Department. They have ascertained from your Solicitor that Mr. Lambert's principal duties were connected with the Board's operations under the Artizans' and Labourers' Dwellings Improvement Acts, and your Solicitor is of opinion that Mr. H. E. O. Fry, who assisted Mr. Lambert in that work, might be entrusted with it if rather more superintendence were in future given by the Solicitor himself, or by his principal Assistant. If that arrangement be made, your Committee think it would be right to give Mr. Fry some promotion. He is now in the Third Class, and receiving £140 a year, and they recommend—

That he be promoted to the Second Class, at the commencing salary of £150 a year.

It will be requisite that a new Fourth-class Clerk should be appointed, and your Committee recommend—

That Mr. H. T. Strange, the candidate who at the last examination was next in order of merit to those who have already received appointments, be appointed in the Fourth Class at £80 a year.

Your Committee have had before them a Report by your Engineer on the case of William Baker, a boiler-house cleaner and coal trimmer at the Deptford Pumping Station. Baker has been ill for some time, but is now better. The Medical Officer is of opinion, however, that he is not strong enough for the work of a boiler-house cleaner and coal trimmer, and your Engineer states that the Superintendent at the Pumping Station could employ him upon lighter work, without any addition being necessary to the present staff. On that understanding, your Committee are of opinion that Baker may continue to be employed at the Pumping Station, and they recommend accordingly.

Your Committee have considered the question, referred to them by the Board on the 11th instant (No. 62), of filling the vacancy caused by the resignation of Mr. Heppel, a Fourth-class Assistant in your Clerk's Department. They have conferred with your Clerk, who has suggested that Mr. F. L. Grosvenor, the next available Candidate after Mr. Strange, who has been selected for your Solicitor's Department, should be appointed to fill the vacancy. Your Committee concur in the suggestion, and recommend—

That Mr. Grosvenor be appointed, during the pleasure of the Board, a Fourth-class Assistant in your Clerk's Department at the commencing salary of £80 per annum.

Your Committee have considered the Letter, referred to them on the 21st ultimo (No. 37) from the Vestry of Chelsea, stating that their suggestion that the expenses incurred by them in relation to the Wedlake-street Foot-bridge should be borne by the Vestries interested, in the following manner:—Chelsea, two-thirds; Paddington, one-sixth and Kensington, one-sixth, which suggestion had been agreed to by the Vestry of Paddington, but not by the Vestry of Kensington, and requesting the Board, in accordance with the provisions of Section 46 of the Metropolitan Street Improvements Act, 1883, to determine the proportion of the expenses to be borne by the respective Vestries. Since the date of the reference, the Vestry of Kensington have agreed to

the payment of their proposed share of the cost of maintaining the Foot-bridge, and under these circumstances your Committee recommend—

That the Vestry of Chelsea be informed that the Board do not, at the present time, propose to take any further steps in the matter.

Your Committee have considered the Letter, referred to them on the 28th ultimo (No. 42), from the Limehouse District Board, stating that complaint had been made to them of the flooding of the premises No. 19, Turner's-road, Limehouse; calling attention to the same, and reminding the Board that the Storm Relief Sewer was intended to prevent the recurrence of floodings in that road, as well as in other localities, and asking them to give immediate attention to the matter. It appears that, on the occasion referred to, 13th May, there was a very slight flooding of No. 19, Turner's-road, but that the water quickly disappeared from the basement-floor, which is 8 feet 2 inches below the surface of the road-way. Two weirs, for which provision was partly made during the construction of the Limehouse, &c., Relief Sewer, were ordered by the Board, at their last meeting, to be constructed, for the purpose of affording additional relief, and the works will be put in hand forthwith. Your Committee recommend—

That the District Board be so informed.

Your Committee have considered the Letter, referred to them on the 4th instant (No. 56), from the Commissioner of Metropolitan Police, calling attention to probable danger from the landing-steps leading down to the River from the Victoria Embankment, especially those near the Cleopatra Needle, and suggesting that a substantial rail should be fixed down the middle of every flight of steps, from the top to the bottom. At present there are "hit-and-miss" railings on the top of each flight of steps, and hand-rails on each side from top to bottom. The placing of rails down the centre of the flights has hitherto been objected to by the Board, because of the danger to boats landing and embarking passengers at the steps. Your Committee think that the objection still holds good, and they accordingly recommend—

That the Commissioner of Police be informed that, for that reason, the Board regret that they are unable to adopt the suggestion.

Your Committee have had before them a Letter from Mr. G. Hollis, applying for permission to erect stabling over a part of the Counter's-creek Sewer, passing through ground on the St. Quintin Estate, Oxford-gardens, Notting-hill, as shown by the Plan accompanying the application. Your Committee have received a Report from your Engineer, and they beg to recommend—

That the application be granted, upon condition that Mr. Hollis, or his clients, do enter into the usual Agreement, to be prepared by the Solicitor, reserving to the Board their right of access to the Sewer as long as may be necessary.

Your Committee have also considered the Letter, referred to them on the 8th January last (No. 4), from the Fulham District Board, asking for a contribution towards the cost (estimated at £300) of an Improvement by widening a portion of Greyhound-road, and for a Loan of a moiety of such cost. It is proposed to set back the line of frontage for a length of about 250 feet, to a line of 20 feet from the centre of the old road, as shown on the Plan. The Improvement has been viewed by your Committee, and appears to them to be desirable, and your Superintending Architect reports that the cost of the land is not excessive. Your Committee accordingly recommend—

That the Board do contribute one-half of the net cost of the Improvement, such contribution not to exceed the sum of £150, and to be paid to the Vestry of Fulham, on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

Your Committee have further to report that they have considered your Engineer's Report, referred to them on the 13th November last (No. 26), on Letters from the

Fulham District Board, forwarding a copy of a Memorial, signed by 127 persons, and a copy of a Report by the Medical Officer of the District, relative to an alleged nuisance from the discharge of fluids from the Hammersmith Distillery into the Sewer on the South side of Chancellor-road, Fulham-road, and asking whether this Board will take steps to prevent the discharge. Your Committee have consulted your proper Officers, but after full enquiry they do not consider it desirable that the Board should take any action in the matter, and they recommend—

That a Letter be addressed to the Vestry of Hammersmith, informing them to that effect.

All which your Committee beg to submit.

The Account of sale of old building materials at Mint-street, Southwark, and at Upper-street, Islington; and the draft reply to the Treasury on the subject of the treatment of the Metropolitan Sewage, submitted with the Report, were laid before the Board.

The Report having been read and received,

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Cheques be now drawn, as follows—

General Capital Account.

Re Cowie (Dulwich-park)—(1745)—

And Cheques were drawn accordingly.

Previously to Mr. Fowler moving the adoption of that part of the Report which relates to the designs for the Sewage-sludge vessel, Mr. Richardson called attention to a Letter addressed to the Board, by direction of the Home Secretary, on 19th May last, and presented on 21st May (No. 47), relative to the steps taken by the Board for dealing with the Metropolitan Sewage, and expressing the views of the Home Secretary thereon, and *moved*—That the Letter be now read.

The motion was seconded by Mr. Lenanton.

An amendment thereon was *moved* by Mr. Mossop, and seconded by Mr. Williams—

That the Letter in question be printed for the use of the Members of the Board.

After discussion the amendment was by leave of the Board withdrawn.

The motion was then put to the vote, when there were for it 30, against it 2, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

The Letter was thereupon read by the Clerk.

It was *moved* by Mr. Fowler, and seconded by Mr. Selway—That so much of the Report as relates to the several designs, specifications, and tenders for a Sewage-sludge vessel be approved; that the design sent in by the Barrow Shipbuilding Company,

Limited, with certain modifications therein which the Company have agreed to make be accepted; that one vessel be ordered from the Company, in accordance with such modified design, and that the Solicitor be instructed to prepare the necessary Contract.

An amendment thereon was *moved* by Mr. Tolhurst, and seconded by Mr. J. Jones—That the subject be referred back to the Committee, for further consideration and report.

After discussion the amendment was put to the vote, when there were for it 12, against it 32; and it was declared by the Chairman to be lost.

The original motion was then put to the vote, when there were for it 32, against it 5, and it was declared by the Chairman to be carried; and it was *resolved* accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. J. Casey be informed that the Board are not prepared to adopt his suggestion to throw open for public inspection the Designs which have been received for Sludge Vessels, and that all the Designs which are not accepted will be returned to the owners thereof.

It was *moved* by Mr. Fowler, and seconded—That the proposed reply to the Letter from the Home Secretary, dated the 19th May last, on the subject of the treatment of the Metropolitan Sewage, be approved and sent.

An amendment thereon was *moved* by Mr. Middlemass, and seconded by Mr. J. Jones—That the draft Letter be referred back to the Committee for further consideration, and that they be authorised to send such a reply to the Home Secretary's Letter as they may consider desirable.

The amendment having been put to the vote, it was declared by the Chairman to be carried, and having been put as an original motion, it was also carried; and it was *resolved* accordingly.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the request of Mr. W. H. Denham, for permission to inspect the Sewage works at Barking, be not acceded to, and that Mr. Denham be so informed.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. T. Chappell be informed, in reply to his Letter as to his system for treating Sewage-sludge, that the Board will be prepared to receive a statement from him of the result of his works in Ireland, when a sufficient time shall have elapsed to enable him to judge of the utility of his process.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Kimmeridge Carbon Sewage Filter and Manure Company be permitted to make the experiment they propose at the Crossness Pumping Station, for a period not exceeding three months, on condition that the experiment be made entirely at the Company's own cost, and subject to such directions as they may receive from the Board's Superintendent on the spot, and that the Company do leave the ground clear at the end of their experiment, and do not in any way interfere with or impede the Board's operations at the Station, and do also enter into an Agreement to that effect, to be prepared by the Solicitor.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. A. Morten and Mrs. J. Palmer be informed, in reply to their Letters offering to sell to the Board certain lands in Erith-marshes, that the Board are not at present in a position to deal with the offers.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. H. E. O. Fry, Assistant in the Solicitor's Department, be promoted to the Second Class of Officers, at the commencing salary of £150 a year.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. H. T. Strange be appointed, during the pleasure of the Board, as a Fourth-class Assistant in the Solicitor's Department, at the commencing salary of £80 a year.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That William Baker, Boiler-house cleaner and Coal trimmer at the Deptford Pumping Station, be employed on

lighter work at the Pumping Station, upon the understanding that the change shall involve no addition to the present staff.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That Mr. F. L. Grosvenor be appointed, during the pleasure of the Board, a Fourth-class Assistant in the Clerk's Department, at the commencing Salary of £80 a year.

It was *moved* by Mr. Fowler, and seconded—That the Vestry of Chelsea be informed, in reply to their Letter as to the apportionment of the expenses incurred by them in relation to the Wedlake-street Foot-bridge, that the Board, having been informed that their suggestion has been agreed to by the other two Vestries concerned, do not at the present time propose to take any further steps in the matter.

An amendment thereon was *moved* by Mr. Mossop, and seconded—That the subject be referred back to the Committee, for further consideration and report.

It was thereupon *moved* by Mr. Freeman, seconded, and *resolved*—That the Letter on the subject, received from the Vestry of Chelsea, and notice of which appears on the paper of business, be now read.

The Clerk then read the Letter from the Vestry of Chelsea, dated 23rd June, 1886, stating that their suggestion that the expenses incurred by them in relation to the Bridge should be borne by the Vestries in the following manner, viz.—Chelsea, one-half; Kensington, one-third; and Paddington, one-sixth, had been agreed to by the Vestry of Paddington, but not by the Vestry of Kensington, and asking the Board to determine the proportion of the expenses to be borne by each Vestry.

The amendment by Mr. Mossop was then put to the vote, when there were for it 22, against it 4, and it was declared by the Chairman to be carried, and having been put as an original motion it was also carried; and it was *resolved* accordingly.

It was *moved*, seconded, and *resolved*—That the above-mentioned Letter from the Vestry of Chelsea be also referred to the Committee for consideration, in connection with the foregoing reference.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Limehouse District Board be informed, in reply to their Letter stating that complaint had been made to them of the flooding of No. 19, Turner's-road, Limehouse, that two weirs are about to be constructed for the purpose of affording additional relief, and that the works will be put in hand forthwith.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Commissioner of Metropolitan Police be informed, in reply to his suggestion that a substantial rail should be fixed down the middle of every flight of steps leading from the Victoria Embankment to the River, that because of the danger which would be thus occasioned to boats landing and embarking passengers at the steps, the Board regret that they are unable to adopt his suggestion.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the application of Mr. G. Hollis, for permission to erect stabling over a part of the Counter's-creek Sewer passing through ground on the St. Quintin Estate, Oxford-gardens, Notting-hill, be granted, upon condition that Mr. Hollis, or his clients, do enter into the usual Agreement, to be prepared by the Solicitor, reserving to the Board their right of access to the Sewer, as long as may be necessary.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Board do contribute one-half the net cost, estimated at £300, of an Improvement originally proposed by the Fulham District Board, but which is now in the jurisdiction of the Vestry of Fulham, by the widening of a portion of Greyhound-road, such contribution not to exceed the sum of £150, and to be paid to the Vestry of Fulham, on a Certificate by the Superintending Architect of the completion of the work, and by the Accountant of the net cost of the same, and that the contribution be made subject to the conditions contained in this Board's Standing Order of the 3rd August, 1883 (No. 3), with respect to Loans

granted, or to be granted, for the purposes of Local Improvements, so far as such conditions apply.

It was moved by Mr. Fowler, seconded, and resolved—That the Vestry of Hammersmith be informed that the Board, after full enquiry, do not consider it desirable for them to take action with respect to the complaint of alleged nuisance from the discharge of fluids from the Hammersmith Distillery into the Sewer in Chancellor-road, Fulham-road.

9. Mr. Hill, the Chairman of the Fire Brigade Committee, brought up a Report, as follows—

REPORT OF THE FIRE BRIGADE COMMITTEE.

Spring-gardens, 22nd June, 1886.

On 13th June, 1884, William Winn, a Second-class Fireman, was discharged from the Brigade suffering from ulcers in the right leg to such an extent as to incapacitate him for service. As the Medical Officer was of opinion that the ulcers were due to certain injuries which Winn had sustained whilst on duty, the Board in discharging him resolved that an allowance of 15s. a week should be made to him for one year. In June, 1885, Winn was found to be still suffering from his ulcerated leg, and the allowance was continued for another year. The second year having expired, your Committee have caused him to be examined by Mr. Propert, the senior Medical Officer of the Brigade, who finds little, if any, improvement in him. The leg, he says, is still ulcerated, and he sees little chance of his recovering sufficiently to be enabled to support himself by his own exertions. Your Committee think the best course will be to continue Winn's allowance of 15s. a week for another year, and then to re-consider the case. They recommend—

That the allowance be continued accordingly.

The Chief Officer has reported that J. T. Owen, a coachman attached to the Brigade, has recently died after an illness of some weeks' duration. As Owen had been more than 8 years in the Board's pay as coachman, and had previously worked for the Brigade some years whilst in the employment of one of the persons who supplied the horses, and as he has left a widow without resources, the Chief Officer has asked whether the Board could be recommended to make the widow a small grant of money. Your Committee could not advise the Board to recognise anything in the nature of a claim on the part of the widows or children of the Fire Brigade coachmen, who may die while in the Board's employment, but, in this case, your Committee think that an exception may be made, and they recommend—

That a gratuity of £5 be granted to the widow.

Two Fourth-class Firemen, George A. Connor and Harry E. Rogers, have been reported by the Chief Officer for misconduct, and your Committee recommend—

That they be dismissed.

Your Committee have to report that First-class Fireman Walter Davis, Third-class Firemen John W. Sweetland and George H. Gibbs, and Fourth-class Fireman Frederick King have withdrawn from the service, and that their names have accordingly been removed from the list of Firemen.

Your Committee submit the following recommendations—

That the following promotions be made, viz.:—Second-class Fireman Joseph T. Peters, to the First Class; Third-class Fireman Charles J. McCall, to the Second Class; Fourth-class Firemen John Jones, Jun., Thomas Davies, and Thomas Dovey, to the Third Class.

That William D. Blair, John Miller, Alfred D. Waller, Edwin R. Hipsey, George L. Grantham, John H. Landrey, James Peake and John C. Scott be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

All which your Committee beg to submit.

(Signed) GEORGE HILL,
W. J. WETENHALL,
CHAS. MOSSOP,
AND. MIDDLEMASS.

The Report having been read and received,

It was *moved* by Mr. Hill, seconded, and *resolved*—That the allowance of 15s. a week, to William Winn, late a Second-class Fireman, be continued for a further period of One year, and that his case be then re-considered.

It was *moved* by Mr. Hill, seconded, and *resolved*—That a gratuity of £5 be granted to the widow of J. T. Owen, late a Coachman in the Brigade.

A Cheque was thereupon drawn on the Fire Brigade Working Account.

It was *moved* by Mr. Hill, seconded, and *resolved*—That Fourth-class Firemen George A Connor and Harry E. Rogers be dismissed for misconduct.

It was *moved* by Mr. Hill, seconded, and *resolved*—That the following promotions be made, viz.—Second-class Fireman Joseph T. Peters, to the First Class; Third-class Fireman Charles J. McCall, to the Second Class, and Fourth-class Firemen John Jones, Jun., Thomas Davies and Thomas Dovey to the Third Class.

It was *moved* by Mr. Hill, seconded, and *resolved*—That William D. Blair, John Miller, Alfred D. Waller, Edwin R. Hipsey, George L. Grantham, John H. Landrey, James Peake and John C. Scott be appointed, during the pleasure of the Board, in the Fourth Class of Firemen.

10. Mr. Ewin, the Chairman of the Building Act Committee, brought up a Report, as follows—

REPORT OF THE BUILDING ACT COMMITTEE.

Spring-gardens, 22nd June, 1886.

Your Committee have to report that the works required by the Board to be done to the Royal Standard Music-hall, at the rear of the Royal Standard Public-house, No. 32, Stockbridge-terrace, Pimlico, as specified in their Minutes of the 6th March, 1885 (No. 15), have been completed; and your Committee recommend—

That the Justices of Middlesex be informed accordingly.

Your Committee have also to report that they have carefully considered the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Cross Keys Music-hall, No. 80, Theobald's-road, Holborn, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878. This is a small Music-hall on the first floor of a Public-house on the North side of Theobald's-road. It is about 30 feet long from front to back, about 29 feet wide between the walls, and 9 feet 9 inches high, and will accommodate from 80 to 100 persons. It is approached by a wooden staircase 3 feet wide, which serves also for access to the upper rooms of the Public-house. The Music-hall is kept open twice a week for musical performances. Having considered the Report and Drawings prepared by your Superintending Architect, your Committee are of opinion that the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the present staircase to the Music-hall be removed, and that a new staircase be constructed in its place on the site of the yard and a portion of the kitchen at the rear of the house, with a door-way 3 feet 6 inches wide, leading out of Harpur-mews; that such new staircase do have square "solid" (as distinguished from "spandril") steps of York or other approved stone, with 11-inch treads and 6-inch risers, 3 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 3 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon

Plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the floor of the Music-hall be rendered fire-resisting in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

3.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor of the Music-hall.

4.—That the iron columns in the Music-hall be encased in concrete or other fire-resisting materials to be approved by the Board.

5.—That the door-way to the Music-hall on the level of the first floor be increased in width to 4 feet 6 inches.

6.—That all doors used by the public be made to open outwards towards the street.

And they recommend—

That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee, be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and to report further to the Board on the subject.

Your Committee beg to submit herewith eight Reports which they have received from your Superintending Architect, specifying certain works which it is necessary should be carried out under Magistrates' Orders at the premises therein mentioned, the same being Dangerous or Neglected Structures, and they recommend—

That the Contractors, Messrs. Brass and Son, be instructed to execute the works ordered by the Magistrates to be done at the following premises, viz.—

Dangerous Structures.

No. 7,	Clement's-inn-passage,	St. Clement Danes.
„ 7,	Commodore-place,	Poplar.
„ 11,	Do.	do.
„ 12,	Do.	do.
„ 58,	Waterloo-road,	Lambeth.
„ 60,	„	„
„ 62,	„	„

Neglected Structure.

No. 43, Winchester-street, St. George, Hanover-square.

Your Committee have considered the application of Mr. J. G. Jones, on behalf of Captain J. J. P. Fox, for approval by the Board of a Plan for the construction of openings in the party-walls between Nos. 16 and 17, Railway-approach, London Bridge, referred by the Board on the 28th ultimo (No. 70). Your Committee have received a Report by your Solicitor on the application, and, having regard to the opinion expressed by him as to the exceptional circumstances of the case, they have arrived at the conclusion that the subject is one with respect to which it is not desirable to take any action, and they therefore recommend—

That no order be made by the Board in the matter, and that the District Surveyor be informed accordingly.

Your Committee have received from your Solicitor a Report with reference to certain charges made by Mr. A. O. Collard, amounting to Eight guineas, for surveying, making Plans, and attending at the Police-court to give evidence in the cases of “The Board v. Watts,” and “The Board v. Elsdon,” relating to the erection of buildings in Southfields-road and West-hill, Wandsworth. Your Committee recommend—

That a Cheque for £8 8s. be drawn in favour of Mr. A. O. Collard.

Your Committee have considered the application of Mr. W. J. Nichols, for the

consent of the Board to the erection of four houses on the East side of Church-lane, Old Charlton, to the line shown upon the Plan accompanying the application, referred by the Board on the 7th ultimo (No. 78). The applicant has submitted an amended Plan, showing the boundary set back as required, to 20 feet from the centre of the roadway in Church-lane. Your Committee recommend—

That the application be granted, upon condition that, previously to the commencement of building operations the ground separating the fence-wall in front of the houses from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown on the amended Plan, signed by the Chairman of the Committee.

Your Committee have also considered the application of Mr. R. McClymont, on behalf of Mr. Steer, for approval by the Board of a Plan for the erection of Artizans' Dwellings, with paved ways and a yard to lead out of Victory-place, Walworth, referred by the Board on the 7th ultimo (No. 90). The applicant proposes to erect five blocks of dwellings, one of which will front upon Victory-place, and he has submitted an amended Drawing, showing the buildings reduced to the height of four storeys, as suggested by your Committee. The Vestry of Newington do not object to the Plan, and your Committee recommend—

That the application be granted, upon condition that the buildings do not exceed the height shown upon the amended Drawing submitted by the applicant.

Your Committee have considered the application of Messrs. Sutton and Dudley, for the consent of the Board to the erection of buildings on the South-Western side of Penton-place, Walworth, to the line shown upon the Plan accompanying the application, referred by the Board on the 4th instant (No. 73). The applicants propose to pull down the old houses now standing between a building belonging to them in Manor-place, and the corner of Penrose-street, and to build to an advanced line, being an extension of the line of the flank wall of the buildings in Manor-place. They propose to give up to the public a strip of ground, and the Vestry of Newington also intend to give up a piece of land, so as to increase the width of the pathway at this point. Your Committee recommend—

That the application be granted, upon condition that the erection of the buildings therein referred to be commenced within Six months, and be completed within Eighteen months from the 25th June, 1886, and that, previously to the commencement of building operations, the ground coloured Blue, separating the proposed building from the public way be given up and added to such public way, and that in other respects the erections be made in entire conformity with the letter of application, and as shown upon the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board, and also upon condition that the applicant do satisfy the Solicitor of the Board as to the ownership of all the land required to be given up for the use of the public.

Your Committee have considered the application of Captain L. Grant, for approval by the Board of a Plan showing the construction of a summer-house erected at the end of the garden at the rear of No. 34, Comerford-road, Brockley-road, Lewisham, referred by the Board on the 4th instant (No. 80). The summer-house is constructed of wood, and is placed against the boundary wall of the garden, abutting upon the grounds of the adjoining premises. Your Committee recommend—

That the application be granted.

Your Committee have also considered the application of Mr. J. Balcombe, for the consent of the Board to the erection of a Hall and shops in Pembridge-villas, Bayswater, to the line shown upon the amended Plan accompanying the application, referred by the Board on the 11th instant (No. 72). On the 16th October last, the Board sanctioned the erection of offices upon the site, but the Plans were not carried out. It is now proposed to erect a Hall and shops, with the frontage line extended to the pathway of Chepstow-villas and Pembridge-villas. The Vestry of Kensington and the owners of the adjoining houses object to the application, and your Committee recommend—

That it be not granted.

Your Committee have had before them the application of Mr. F. Chancellor, for approval by the Board of a Plan for the construction of hollow walls in the erection of All Saints' Vicarage, Blackheath, referred by the Board on the 11th instant (No. 84). The Vicarage will be a detached house, standing in an exposed position, and the applicant proposes to construct the external walls with a cavity of 2 inches. The walls in the basement will be solid, but above that height there will be brickwork 9 inches thick, and an inner wall $4\frac{1}{2}$ inches thick, the two being held together by strong iron ties. The height of the building, from the top of the footings to the ceiling of the top-most floor, is 40 feet. Your Committee, having received verbal explanations from the applicant, recommend—

That no Order be made by the Board in the matter, and that the District Surveyor be informed accordingly.

Your Committee have re-considered the application of Messrs. Wheeler and Hollands, for the consent of the Board to the erection of houses on the Clock-house Estate, abutting on Balham-high-road, and Cavendish-road, Clapham, to the lines shown upon the Plan accompanying the application, referred by the Board on the 28th ultimo (No. 63), and referred back on the 4th instant (No. 12). The Board in July last, approved of the laying out of the Estate and it is now desired that they should sanction the building lines in Balham-high-road and Cavendish-road, which will be set back 20 feet and 15 feet respectively from the public way. The Wandsworth District Board offer no opposition to the proposal, and your Committee recommend—

That the application be granted, upon condition that the erection of the buildings therein referred to, be commenced within Six months, and be completed within Eighteen months from the 25th June, 1886, and that the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

Your Committee have had under consideration the application of Mr. J. Turner, District Surveyor for the District of East Islington, for the consent of the Board to the appointment by him of his son, Mr. John Goldicutt Turner, as his Deputy, for a further period, referred by the Board on the 4th instant (No. 67). Mr. J. G. Turner has, with the consent of the Board, been acting as Deputy District Surveyor since January, 1876, and your Superintending Architect reports that the business of the District is satisfactorily conducted. Your Committee recommend—

That the application be granted, for a further period of Six months, from the 25th June, 1886.

Your Committee have considered the application of Mr. W. G. Watts, for the consent of the Board to the erection of a pent roof in front of No. 72, Blackheath-road, Greenwich, as shown upon the Plan accompanying the application, referred by the Board on the 4th instant (No. 69). The house has been recently converted into a shop, and the forecourt has been paved and opened to the public. It is proposed to erect over part of the forecourt a pent roof projecting 11 feet 3 inches, covered with zinc, and supported upon wooden posts. Your Committee recommend—

That the application be not granted.

Your Committee have also considered the application of Mr. A. J. Bolton, on behalf of Mr. W. Prout, for the consent of the Board to the erection of houses and shops on the South side of Alexander-road, Holloway-road, Islington, to the line shown upon the Plan accompanying the application, referred by the Board on the 4th instant (No. 72). Two private houses and two shops are to be erected to the line of the existing houses on the South side of the road, and the remainder to a line set back two feet from the public way. Your Committee concur with your Superintending Architect in considering the Plan objectionable, and they recommend—

That the application be not granted.

Your Committee have had before them the application of Mr. J. Murgitroyd, for the

consent of the Board to the erection of a one-storey shop in front of Nos. 69 and 69A, Usher-road, Bow, to the line shown upon the Plan accompanying the application, referred by the Board on the 4th instant (No. 74). The applicant proposes to extend the premises by erecting a one-storey shop upon the forecourt, projecting 5 feet 8 inches beyond the general line of houses. Your Committee recommend—

That the application be not granted.

Your Committee have had under consideration the application of Mr. E. Worssam, on behalf of the Lordship-road Lawn Tennis Club, for the permission of the Board to retain, for a further period, the temporary wood and iron pavilion erected at the rear of houses in Lordship-road, Stoke Newington, referred by the Board on the 4th instant (No. 79). In May, 1883, the Board sanctioned the pavilion, as a temporary structure, for a period of three years, and a renewal of the License is now applied for. The District Surveyor reports that the building is structurally sound, and your Committee recommend—

That the application be granted for a period of Three years, from the 25th June, 1886, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

Your Committee have also considered the application of Mr. F. Eggar, on behalf of Mr. G. L. P. Eyre, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 79 and 81, Goldhawk-road, Shepherd's-bush, to the line shown upon the further amended Plan accompanying the applications, referred by the Board on the 11th instant (No. 70). The Board, on the 21st ultimo, declined to sanction the extension of the premises in the manner then proposed. A Plan similar to that which is now submitted was refused by the Board in February, 1882, and your Superintending Architect is of opinion that the Board's consent should still be withheld. Your Committee, concurring in that view, recommend—

That the application be not granted.

The Board, on the 11th instant (No. 71), referred to your Committee the application of Mr. T. E. Cole, for the consent of the Board to the erection of three houses on the North side of Eden-grove, Holloway-road, to the line shown upon the Plan accompanying the application. It is intended to erect houses on land situated between Nos. 32 and 34 in Eden-grove, to the line of the houses to the West, and about 4 feet in advance of those to the East. The Plan submitted is incorrectly prepared, and your Committee recommend—

That the application be not granted.

Your Committee have considered the Letter from the Plumstead District Board, relative to the erection of a Conservatory in Tranquil-vale, Blackheath, adjoining the Blackheath Railway Station, in alleged advance of the general line of buildings, referred by the Board on the 11th instant (No. 75). The building measures about 17 feet in length by about 12 feet wide, and is intended to be erected upon a wooden platform over part of the Railway cutting. Your Committee are of opinion that, having regard to the line of the existing buildings, there is no necessity for the Board to interfere, and they recommend—

That no action be taken in the matter, and that the District Board be so informed.

Your Committee have considered the Notice from Mr. J. Harverson, of his intention to form an extension of Halidon-street, Urswick-road, Hackney, as shown upon the Plan accompanying such Notice, referred by the Board on the 11th instant (No. 78). The proposed extension is of the full width of 40 feet, and the gradient appears to be satisfactory. Your Committee recommend—

That the Plan be approved, upon condition that no barriers be at any time erected or other obstructions caused to the free use by the public of the new road, and that the name "Halidon-street, E." (in continuation), be approved for the same.

The Board, on the 11th instant (No. 80), referred to your Committee the application of Mr. J. O. Cook, for approval by the Board of the formation and name of a road to lead out of the East side of Cage-lane, Plumstead. The gradient of the proposed road is steep, being for the greater part of its length 1 in 12, and it is not proposed to give the necessary width to Cage-lane along the frontage of the Estate. Your Committee recommend—

That the application be not granted.

Your Committee have considered the Letter from Mr. T. E. Knightley, District Surveyor, relative to the erection of buildings by Messrs. Carter, Paterson, and Co., in Glenthorne-road, Hammersmith, in alleged advance of the general line of buildings in that road, referred by the Board on the 11th instant (No. 69). Glenthorne-road has recently been widened at this point, at the joint expense of the Board and the Vestry of Hammersmith, and Messrs. Carter, Paterson and Co. are erecting an extensive block of buildings on the South side of the road. Your Committee do not think it desirable that the Board should take any proceedings in the case, and they recommend accordingly, and that Mr. Knightley be so informed.

All which your Committee beg to submit.

(Signed) A. EWIN,
FRANCIS H. FOWLER,
SAM^L. PRICE,
JOHN RUNTZ,
DONALD MUNRO,
W. R. SELWAY.

The Report having been read and received,

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Justices of Middlesex be informed that the works required by the Board to be done to the Royal Standard Music-hall, at the rear of the “Royal Standard” Public-house, No. 32, Stockbridge-terrace, Pimlico, have been completed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That so much of the Report as relates to the question of the present arrangements for the egress of the public from, and the prevention of fire in, the Cross Keys Music-hall, No. 80, Theobald’s-road, Holborn, and the improvements which it is desirable to effect in the same, under the provisions of the Act of 1878, be approved, and that in the opinion of the Board the following alterations, of a structural character, are necessary to remedy existing defects in the building—

1.—That the present staircase to the Music-hall be removed, and that a new staircase be constructed in its place on the site of the yard and a portion of the kitchen at the rear of the house, with a door-way 3 feet 6 inches wide leading out of Harpur-mews; that such new staircase do have square “solid” (as distinguished from “spandril”) steps of York or other approved stone, with 11-inch treads and 6-inch risers, 3 feet 6 inches wide in the clear, in flights of not more than twelve steps, with the necessary intermediate landings; that the steps be supported at both ends, and that the several flights be enclosed upon all sides by brick walls not less than 9 inches thick; that the landings of such staircase be formed of similar materials to the steps, and be 3 feet 6 inches wide and 6 inches thick, in one stone, supported and enclosed upon all sides by brick walls not less than 9 inches thick; that such landings be square upon plan, and do have brick arches, 9 inches deep, in two rims, turned under them, in the middle of such landings; and that such staircase do have a roof formed of brick arches, 9 inches thick, in two half-brick rims, or constructed of other fire-resisting materials to be approved by the Board.

2.—That the floor of the Music-hall be rendered fire-resisting in a manner to be approved by the Board, and to the satisfaction of the District Surveyor.

3.—That the floors of the rooms on the second floor of the Public-house be rendered fire-resisting in a similar manner to the floor of the Music-hall.

4.—That the iron columns in the Music-hall be encased in concrete or other fire-resisting materials to be approved by the Board.

5.—That the door-way to the Music-hall on the level of the first floor be increased in width to 4 feet 6 inches.

6.—That all doors used by the public be made to open outwards towards the street.

It was ~~moved~~ by Mr. Ewin, seconded, and ~~resolved~~—That a Draft Notice, embodying the above requirements, be prepared by the Solicitor; that the Clerk be instructed to transmit a copy of such Notice to the Owner, with an intimation that he may submit to the Board any observations thereon; and that the Building Act Committee be authorised to confer, either directly or through their Sub-Committee, with the Owner upon the Board's Requisitions, and that the Committee do report further to the Board on the subject.

Wheeler and Hollands, for the consent of the Board to the erection of houses on the Clock-house Estate, abutting on Balham-high-road, and Cavendish-road, Clapham, to the lines shown upon the Plan accompanying the application, be granted, upon condition that the erection of the buildings therein referred to, be commenced within Six months, and be completed within Eighteen months from this date, and that, in other respects, the erections be made in entire conformity with the letter of application, and as shown on the Plan accompanying it, and be not at any time, in any manner, altered or raised without the consent of this Board.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. Turner, District Surveyor for the District of East Islington, for the consent of the Board to the appointment by him of his son, Mr. John Goldicutt Turner, as his Deputy, for a further period, be granted, and that the Board do consent to the appointment for a period of Six months from this date.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. W. G. Watts, for the consent of the Board to the erection of a pent roof, in front of No. 72, Blackheath-road, Greenwich, as shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. A. J. Bolton, on behalf of Mr. W. Prout, for the consent of the Board to the erection of houses and shops on the South side of Alexander-road, Holloway-road, Islington, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. J. Murgitroyd, for the consent of the Board to the erection of a one-storey shop in front of Nos. 69 and 69A, Usher-road, Bow, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. E. Worssam, on behalf of the Lordship-road Lawn Tennis Club, for the permission of the Board to retain, for a further period, the temporary wood and iron pavilion erected at the rear of houses in Lordship-road, Stoke Newington, be granted for a period of Three years, from this date, upon condition that the Owner do accept the License, prepared under the provisions of the Amendment Act, 1882, to secure the due removal of the building.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. F. Eggar, on behalf of Mr. G. L. P. Eyre, for the consent of the Board to the erection of one-storey shops on the forecourts of Nos. 79 and 81, Goldhawk-road, Shepherd's-bush, to the line shown upon the further amended Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the application of Mr. T. E. Cole, for the consent of the Board to the erection of three houses on the

North side of Eden-grove, Holloway-road, to the line shown upon the Plan accompanying the application, be not granted.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with reference to the Letter from the Plumstead District Board, as to the erection of a projecting conservatory at Tranquil-vale, Plumstead, adjoining the Blackheath Railway Station, and that the District Board be so informed.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That the Plan accompanying the notice from Mr. J. Harverson, of his intention to form an extension of Halidon-street, Urswick-road, Hackney, be approved, upon condition that no barriers be at any time erected, or other obstructions caused to the free use by the public of the new road, and that the name “Halidon-street, E.” (in continuation), be approved for the same.

It was *moved* by Mr. Ewin, and seconded—That the application of Mr. J. O. Cook, on behalf of Mr. H. Lawson, for approval by the Board of the formation and name of a new road to lead out of the East side of Cage-lane, Plumstead, be not granted.

An *amendment* thereon was *moved* by Mr. Jolly, and seconded by Mr. Fowler—That the application be referred back to the Committee, for further consideration and report, and that the parties interested be invited to attend the Committee when the application shall be considered.

The *amendment* having been put to the vote, it was declared by the Chairman to be carried, and, having been put as an *original motion*, it was also carried; and it was *resolved* accordingly.

It was *moved* by Mr. Ewin, seconded, and *resolved*—That no action be taken with reference to the Letter from Mr. T. E. Knightley, District Surveyor, as to the erection of buildings by Messrs. Carter, Paterson and Co., in Glenthorne-road, Hammersmith, in alleged advance of the general line of buildings in that road, and that Mr. Knightley be so informed.

11. The Board considered further the Report of the Parliamentary Committee, presented on the 21st May last (No. 11), recommending the Board to withdraw that part of their Fire Brigade Expenses Bill by which it is proposed to increase the Fire Insurance Companies' contributions.

The Clerk laid before the Board a Letter from the Vestry of Clerkenwell, dated 18th June, 1886, expressing their opinion that any increase of funds necessary for the Fire Brigade should be borne by the Insurance Companies.

It was *moved* by Mr. Selway, seconded by Mr. Richardson, and *resolved*—That the Report of the Committee and the Letter from the Vestry of Clerkenwell be received.

12. Read a Report by the Engineer, dated 25th June, 1886, on the undermentioned Sewerage work proposed to be executed by the Vestry of St. Marylebone—

LOCALITY OF WORK.	WORK APPLIED FOR.			REMARK.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the Vestry of St. Marylebone be permitted to construct and execute the work in the manner therein recommended.

13. Read a Report by the Engineer, dated 25th June, 1886, on an application from the Hackney District Board, for permission to stop up the undermentioned thoroughfare for the periods and purpose therein mentioned, viz.—

Date of Application	Name of Street to be stopped up.	Object.	Time applied for.	Time recommended.	Streets through which traffic will be diverted.
1886. 21st June	Mare - street, from the North side of the Town-hall to Graham-road	Re - constructing Tramways	1 week	1 week	Grove-lane, Casterton-street, &c.
	Mare - street, from Amhurst-road to Dalston-lane	do.	2 weeks	2 weeks	Amhurst - road and Dalston-lane.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the sanction of the Board be given, and the same is hereby given, to the closing of the thoroughfare in question by the Hackney District Board, for the purpose of executing works therein, for the periods recommended by the Engineer, such sanction to date from the commencement of the works respectively.

14. Read a Report by the Engineer, dated 25th June, 1886, submitting, in compliance with the Standing Order of the Board of the 17th April, 1868 (No. 14), Reports with reference to the present condition of the works of the several Bridges in course of construction, or recently completed, by the London and South-Western, the London, Tilbury and Southend, and the Great Northern Railway Companies respectively.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Reports be received.

15. Read a Report by the Engineer, dated 24th June, 1886, on a Letter from the Secretary of the Working Men's Lord's Day Rest Association, relative to a Letter addressed to the "Holloway and Hornsey Press," as to the Board's Sewerage works being carried on during Sunday evenings in the Holloway-road; stating that it appeared that the workmen started working in the tunnel at about eight o'clock on Sunday evenings; and that the Contractor (Mr. Rigby) had been communicated with upon the matter; submitting his reply, to the effect that if the men did not commence on the Sunday evening, the whole of Monday would be lost to them, and that the works would have to stand until the Monday evening, thereby delaying the completion, and entailing a heavy monetary loss on the men; and further stating that Mr. Rigby had been instructed not to commence working before ten o'clock on Sunday night.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the Association be informed accordingly.

16. Read a Report by the Engineer, dated 24th June, 1886, on a Letter from the Vestry of Bermondsey, as to complaints made to them of effluvia arising from the side-entrance, when open, to the Sewer opposite Nos. 39 and 40, Grange-road, and suggesting that the entrance should be removed a few yards Westward; stating that the side-entrance referred to was 25 feet 7 inches distant from the front of the complainants' houses, and that as a rule it was only open for use once a year; that it would cost from £30 to £40 to make a new one at the site suggested by the Vestry, and that it did not appear to him necessary to incur that expense.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved and that a reply in accordance therewith be sent to the Vestry.

17. Read a Report by the Engineer, dated 24th June, 1886, on a Letter from the Churchwardens of St. Saviour's, Aberdeen-park, Highbury, relative to cracks in the walls of the Church, alleged to be due to the execution of the Board's Sewerage works in the vicinity of the building; stating that he had caused an examination to be made in company with the Vicar and the Contractor's Agent; that no new cracks had been

found, and that the old ones were of a very slight nature, and not such as need cause any anxiety, and that the Vicar had also expressed himself of that opinion.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be received.

18. Read a Report by the Engineer, dated 24th June, 1886, stating that Mr. J. McDougall, Surveyor in his Department, was still unable to attend to his duties, in consequence of illness, and recommending that he should be granted further leave of absence for a month, and submitting a Medical Certificate as to his state of health.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That one month's further leave of absence be granted to Mr. McDougall.

19. Read a Report by the Engineer, dated 25th June, 1886, stating that the following quantities of Coal and Stores were required for use at the undermentioned Pumping Stations—

<i>Western Station.</i>				ESTIMATE.
80 Tons of Welsh Coal	...	...	...	£72 6 8
80 Tons of Tanfield-moor Coal...	...	...	...	56 6 8
<i>Abbey Mills Station.</i>				
28 Tons of Wallsend Coal	...	...	...	25 6 4

Total				<u>£330 - -</u>

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Report be approved, and that the works be executed accordingly, the cost thereof being charged to the General Working Account of the Board.

21. Read a Report by the Engineer, dated 24th June, 1886, on a Letter from Messrs. Warburton and De Paula, on behalf of Mr. J. Godden, complaining of obstruction and nuisance caused by the execution of the Board's Sewerage works in front and at the side of his residence, No. 29, Leigh-road, Highbury; stating that a copy of the Letter had been sent to the Contractor (Mr. Rigby), with a request that he would do all he could to get his works completed at that point; submitting his reply, and further stating that the works had been very much delayed owing to the occurrence of gravelly and sandy strata, largely charged with water; that it was to the interest of the Contractor to expedite the works, but that he was obliged to proceed with great caution, as the risk

in such strata was very considerable; and recommending that Messrs. Warburton and De Paula should be informed to the effect of the Report.

It was ~~moved~~ by Mr. Fowler, seconded, and ~~resolved~~—That the Report be approved and acted upon.

22. The Solicitor reported that the undermentioned Bills had been practically dropped—

The Board's Fire Brigade Expenses Bill,
Do. do. Theatres, &c., Bill,
Theatres, &c., Bill (Mr. Dixon-Hartland's),
Fire Brigade Expenses (Mr. Kimber's),
Do. do. (No. 2) (Col. Hughes'),
Fires Prevention (Metropolis) (Mr. Spensley's) Bill,
Sanitary Registration of Buildings Bill,

and that the undermentioned Bills had been withdrawn—

Horse Guards avenue,
West London Electric Lighting.

23. The Solicitor reported that the Board's (Various Powers) Bill and their Money Bill would probably receive the Royal Assent this afternoon.

24. The Solicitor reported that the Contagious Diseases (Animals) Bill was awaiting the Royal Assent.

25. The Solicitor reported that the Electric Lighting Order Confirmation Bill (Chelsea Order) would not be further proceeded with this Session.

26. The Solicitor reported that three weeks since the Select Committee of the House of Lords had decided that Clause 1 of the Hyde-park-corner (new streets) Bill, should be struck out, thus rejecting the decision of the House of Commons that the cost of maintaining the roads should be borne in equal proportions by the Board and the Parish of St. George, Hanover-square; that the consideration of the Bill had been then adjourned for nearly three weeks, while the Committee were considering the Oldham Corporation Bill; that yesterday they had resumed the consideration of the Hyde-park-corner Bill, when Mr. Bidder had, on behalf of the Office of Works, &c., urged that it should be referred to an Arbitrator, to be named in the Bill, to determine whether the expense of repairing and maintaining the roads should be borne by the Board and the Vestry of St. George, Hanover-square, or by one of them, or in what proportions, and that Mr. Pope, the Counsel for the Board, had objected to that arrangement on the ground that the Metropolis generally should not bear any portion of the cost, and moreover that the Office of Works should bring forward some definite proposition, and not ask the Committee to delegate its functions to an Arbitrator; that after clearing the room the Committee had announced that they considered sufficient evidence had not been given by the Promoters to justify the proposed alteration of the Bill, and that the Committee had then adjourned, and that the Bill had become practically dropped.

27. The Solicitor reported that the Electric Lighting Act (1882) Amendment (No. 3) Bill (Lord Houghton) had reached the third reading in the House of Lords, but that Lord Houghton had stated that the Government would not press the third reading.

28. The Solicitor reported that the Lee River Purification Bill had been referred to Viscount Barrington's Committee, on the opposition of a land owner, Mr. Button; that the Board did not appear; that the opposition of Mr. Button had been unsuccessful, and that the Bill had passed through the remaining stages, and would probably receive the Royal Assent this afternoon.

29. The Solicitor presented a copy of the Report from the Select Committee of the House of Commons on the River Lee, and stated that the Report recommended that a Committee should be appointed on the assembling of the next Parliament, to consider their

Report on the evidence already taken, and if desirable to take further evidence, and he also presented a copy of the evidence taken on the 11th June, and of certain papers handed in to the Committee.

30. The Solicitor reported that the Chairman had, in reply to a question asked by Mr. W. H. Smith, in the House of Commons, with respect to the closing of Hemming's-row, stated that on enquiry he found that there was almost a certainty that the thoroughfare would be open on the 28th instant.
31. The Solicitor presented a printed copy of the scheme for the adjustment of the property, &c., of the West Ham Local Board of Health, and the School Boards of West Ham and Wanstead, and for other purposes, as published in the *London Gazette*, in connection with the Charter of Incorporation of West Ham.
32. The Solicitor presented the following documents for sealing—

Contract with Mr. E. H. Bayley for the supply and maintenance of Fire Escapes and Watch Boxes for three years from 1st June, 1886.

Appointment of Mr. Vulliamy as valuer in the matter of a claim by Mr. J. J. Brown in respect of a leasehold interest in No. 25, Green-street, Bethnal-green (Green-street, Bethnal-green, Improvement).

Contract with Mr. C. Christopherson (trading as C. Christopherson and Co.), for the supply and delivery of 250 Tons of Manganate of Soda.

License, in duplicate, to Mr. M. McShehan, to assign to the Kensington Permanent Benefit Building Society, by way of Mortgage, his Agreement for a Lease of Plots Nos. 20 to 28, Kentish-town-road (Kentish-town-road Improvement).

It was moved by Mr. Fowler, seconded, and resolved—That the Common Seal of the Board be affixed to the said documents respectively; and the Seal was affixed accordingly.

33. The Solicitor reported that the Seal of the Board had been affixed at the Meeting of the Works and General Purposes Committee on the 21st instant to the Plans and the Contract with Messrs. Williams, Son and Wallington, for the erection of the new Bridge at Battersea, pursuant to the Resolution of the Board passed on the 4th instant, and duly confirmed on the 11th instant.
34. The Solicitor reported that the arrangement as to the undermentioned Loan had been duly completed, and that the Cheque had been handed over in exchange for the proper security—

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Common Seal of the Board be affixed to the said copies of Orders and Plans respectively; and the Seal was affixed accordingly.

37. It was *moved* by Mr. Selway, seconded, and *resolved*—That the motion by Mr. Fowler, notice of which appears in the paper of business, be now considered.

It was thereupon *moved* by Mr. Fowler, seconded by Mr. Selway, and *resolved*—That it be referred to the Works and General Purposes Committee to consider and report to the Board as to the appointment of the several Committees for the ensuing year, and the Members to serve thereon.

38. The Clerk presented a Letter from Sir R. E. Welby, Treasury, dated 16th June, 1886, containing observations upon the Board's Money Bill for this year, and stating that the Bill had already been introduced into the House of Commons.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

39. The Clerk presented a Letter from Mr. G. W. Preston, Clerk to the Vestry of St. Luke, dated 19th June, 1886, stating that the Vestry concurred in the opinions expressed by the Vestry of Clerkenwell and the Poplar District Board, that in the event of the extension of the Coal and Wine Duties being authorised, they should be applied for the purpose of providing further Open Spaces, as well as for providing further means of transit across the Thames East of London Bridge.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration in connection with the references already made to them on the subject to which it relates.

40. The Clerk presented a Letter from Mr. W. H. Atkins, Clerk to the St. Saviour's District Board, dated 19th June, 1886, transmitting a Plan showing an Improvement proposed to be effected by an exchange, with Messrs. Armstrong and Co., of land in Bear-lane, Southwark-street, and requesting this Board to contribute a moiety of the cost of the Improvement.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report.

41. The Clerk presented a Letter from Mr. H. G. Hills, Clerk to the Wandsworth District Board, dated 11th June, 1886, transmitting a copy of a Report of the Surveyor to the District Board, on the floodings of houses in Battersea during the 12th, 13th, 22nd 23rd and 24th ultimo, and asking the Board to cause the Relief Sewer works to be pressed forward with as little delay as possible.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

42. The Clerk presented a Letter from Mr. W. P. Cockburn, Clerk to the Vestry of Hammersmith, dated 18th June, 1886, relative to the flooding of basements of premises in various parts of the Parish on the 22nd, 23d and 24th ultimo, and expressing the opinion of the Vestry that the Main Sewers were not of sufficient size to relieve the Local Sewers in the event of a very heavy rainfall.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Engineer do report to the Committee thereon.

43. The Clerk presented a Letter from Messrs. J. and J. Blott and Co., dated 9th June, 1886, asking for payment of their Account £13 11s. 6d., for Alum clay, supplied to the Crossness Pumping Station.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee, for consideration and report, and that the Chemist do report to the Committee thereon.

44. The Clerk presented a Letter, as follows—

The Vestry of the Parish of St. Mary Abbots, Kensington.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee and the Accountant.

46. The Clerk presented Letters from Colonel Church, Colonel commanding the 3rd Middlesex Rifle Volunteers, dated 9th and 13th June, 1886, asking permission to drill mounted infantry on Hampstead-heath.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letters be referred to the Parks, Commons, and Open Spaces Committee, for consideration and report.

47. The Clerk presented a Letter signed by Secretaries and Captains of various Cricket Clubs playing on Clapham-common, requesting that the Parks, Commons and Open Spaces Committee might be allowed to receive a Deputation from the Clubs, on the subject of the condition of that portion of the Common where Cricket is played.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons and Open Spaces Committee, for consideration, with authority to receive the proposed Deputation.

48. The Clerk presented a Letter from Mr. A. Brandreth, on behalf of the National Hippodrome Company, dated 11th June, 1886, asking for the sanction of the Board to certain deviations in the Plans, already approved by them, for the proposed National Hippodrome at Dalston Junction, Kingsland-road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report, and that the Superintending Architect do report to the Committee thereon.

49. The Clerk presented a Letter from Mr. J. Harrison, Clerk and Solicitor to the Vestry of Bermondsey, dated 21st June, 1886, expressing the regret of the Vestry at the decision of the Board not to apply to Parliament for an extension of time for the widening of Jamaica-road.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be received.

50. The Clerk presented a Letter from Messrs. Baker and Nairne, dated 21st June, 1886, applying under the provisions of the Bridges, &c. Act, 1883, on behalf of Mr. Harry Hooper, Surveyor, and Mr. Perceval Alleyne Nairne, the Clerk of the Poplar and Greenwich Ferry Company, for grants of compensation for the abolition of their offices.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

51. The Clerk presented a copy Report by the Water Examiner, appointed by the Board of Trade, of the examination made by him of the Water supplied by the several Metropolitan Water Companies during the month of May last.

52. Mr. Deputy Saunders handed in a Letter, as follows—

London, Sewers' Office, Guildhall,
19th May, 1886.

To the Honourable the Metropolitan Board of Works.

GENTLEMEN,—In continuation of the Improvement in Upper Thames-street, which the Commissioners of Sewers, with the assistance of your Honourable Board, have been gradually effecting as opportunities occurred, I am directed to inform you that the Commissioners have arranged that when the premises No. 216, Upper Thames-street are re-built, which is likely to be before long, they shall be set back as shown by the Red tint upon the accompanying Plan.

The cost of this has been settled at £300, independent of any professional expenses, and the Commissioners rely that your Honourable Board will, as in the previous cases of Improvement in this important thoroughfare, contribute towards the said expense.

I have, &c.
(Signed) H^Y. BLAKE,
Principal Clerk.

The Plan referred to was laid before the Board.

It was *moved* by Mr. Deputy Saunders, seconded, and *resolved*—That the Letter and Plan be referred to the Works and General Purposes Committee, for consideration and report.

53. The Clerk presented a Letter from Mr. W. F. Dewey, Clerk to the Vestry of Islington, dated 23rd June, 1886, asking, in connection with certain Improvements which the Vestry were about to effect on the West side of Highbury-grove, abutting upon

Highbury-fields, that the Board would so fix the iron fence, which the Vestry understood was proposed to be erected, as to permit of a foot-way being formed, of a width of 5 feet 6 inches, or thereabouts, without materially interfering with the existing carriage-way.

It was *moved* by Mr. Bradfield, seconded, and *resolved*—That the said Letter be referred to the Parks, Commons, and Open Spaces Committee, for consideration, with authority to act upon any Resolution at which they may arrive with regard thereto.

54. The Clerk presented a Letter from Mr. F. J. Bird, dated 24th June, 1886, complaining of the action taken by Mr. G. Legg, District Surveyor, with reference to a greenhouse erected in the garden at No. 18, Rectory-road, Stoke Newington.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

55. The Clerk presented a Letter from Mr. L. Vickers, dated 24th June, 1886, stating that the London Street Tramways Company were laying their lines in Farringdon-road, and were making preparations to continue them along King's-cross-road, without having completed the Improvements in the road, which they had agreed to do before commencing to lay down their rails.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Works and General Purposes Committee, for consideration, with authority to send a reply thereto.

56. The Clerk presented a Letter from Sir R. E. Welby, Treasury, dated 24th June, 1886, stating that Mr. A. R. Pennefather had been appointed Auditor of the Board's Accounts for the year 1886.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Finance Committee.

57. The Clerk presented a Letter from Mr. T. E. Knightley, District Surveyor, dated 24th June, 1886, reporting the result of a Summons taken out by him against Mr. Harris, a builder, for using, as a damp-course, jute fabric with a thin layer of bitumen on each side, in the erection of a building, and asking the Board to prohibit the use of all damp-courses containing vegetable fibre.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the said Letter be referred to the Building Act Committee, for consideration and report.

58. The Clerk presented a Letter, as follows—

School Board for London,
Victoria Embankment, W.C.
24th June, 1886.

LOAN £35,782.

SIR,—I am directed by the School Board for London to apply to the Metropolitan Board of Works, and to ask that, having regard to Section 58 of the Elementary Education Act, 1870, they will advance to the School Board for London a further sum of £35,782, viz., £34,000 on account of the extension of the Board Offices, and £1,782 on account of the erection of the West Lambeth Divisional Offices, the re-payment to be spread over a period of 50 years.

I beg leave to forward an extract from the Minutes of the Board at which the Resolution to borrow the money was passed.

I also beg leave to forward the consent of the Education Department, authorising the Board to borrow the money.

The Board propose to take up the money at as early a period as possible.

I am, &c.,
(Signed) G. H. CROAD,
Clerk of the Board.

J. E. Wakefield, Esq.,
Clerk of the Metropolitan Board of Works,
Spring-gardens, S.W.

It was *moved* by Mr. Fowler, seconded, and *resolved*—That the Letter be referred to

the Finance Committee, for consideration and report, and that the Solicitor and the Accountant do report to the Committee thereon.

59. The Clerk presented a Letter from Mr. G. W. Lakeman, Secretary of the River Thames Steam Boat Company, dated 24th June, 1886, expressing the regret of the Company that the Board were unable to assist them in the erection of a jetty in substitution for the old pier at Hammersmith, and asking if there was any site suitable for a new pier, within the limits of deviation shown on the Plans, authorised by the Bridges Act of 1883, with respect to Hammersmith Bridge.

It was moved by Mr. Fowler, seconded, and resolved—That the said Letter be referred to the Bridges Committee for consideration, with authority to send a reply thereto.

60. The Chemist laid before the Board his Returns of the Testings made at the Gas testing Stations during the weeks ended on the 15th and 22nd instant, as follows—
